**THEME:** Posters must be an ORIGINAL concept. Posters should be artistic, "POSITIVE" in approach and **WORDING**, and focus on the "Beyond the Clouds" in aviation theme.

**NASAO** "BEYOND THE CLOUDS" Art Contest Begins December 2, 2016 

We live beneath the clouds. We look up and see them stand stationary or speed across the sky. We see them reflect the bright colors of the sunrise or sunset. They turn dark and purple, letting us know a storm is coming. We see almost every aspect of clouds, except what they look like from above.

Above the clouds is a space known only to those who dare to break the bounds of earth. Some soar in hot air balloons, gliders and hang gliders, floating across the sky with the clouds. Others fly in planes, as pilots or passengers, watching the clouds and earth race by below. Specially trained pilots in rugged aircraft fly into storm clouds, taking measurements that help those on the ground predict where the storm will go. Those in helicopters can stand still, like clouds on a still day, or can fly across the sky high and low. Aerobatic pilots love clear skies, so those below can watch their amazing feats of flight. Intrepid aviators on the ground send up weather balloons almost to space, both for science and for the amazing pictures that can be taken only when you get above the clouds.

The world of aviation is always changing as each new generation of pilots and designers bring their vision of flight to the world. Now it's your time to grab your favorite art supplies and turn your imagination loose. Create a work of art that celebrates the adventures and excitement only available in that special place beyond the clouds.
