**FreezGard**<sup>®</sup>

**Vendor ID 70826**

StateWide Contract

**SW605-B**

**Contract ID# 3936**

**Item ID 1000009765**

MAG CHLORIDE LIQUID DE-ICER™	FreezGard® CI+
30% Magnesium Chloride	YES
Corrosion Inhibitor	YES
Percentage less corrosive than Sodium Chloride	87.20%
Freeze Point	-29.2°F
Pacific Northwest Snowfighter Approved Material	YES

**The most widely used liquid de-icer by  
State DOT's and Snowfighters nationwide**

**Can be applied directly to road & bridge surfaces  
prior to winter storms to prevent ice from  
bonding to the pavements**

**The least corrosive magnesium chloride solution available**

**Reduces "bounce & scatter" of granular de-icers when applied,  
keeping your de-icing material ON the road surface**

**If you're not purchasing liquid de-icer from Scotwood Industries,  
You may be paying too much per winter storm! Call today!**
