Electronic responses must be submitted in the identical format contained in the solicitation (for example Microsoft Word, Microsoft Excel, but not Adobe PDF). In the event the hard copy of the price worksheets and electronic copy of the price worksheets do not agree, the electronic copy will prevail.
- A.2.5. All bids submitted shall be subject to the Oklahoma Central Purchasing Act, Central Purchasing Rules, and other statutory regulations as applicable, these General Provisions, any Special Provisions, solicitation specifications, required certification statement, and all other terms and conditions listed or attached herein—all of which are made part of this solicitation.

A.3. Solicitation Amendments

- A.3.1. If an "Amendment of Solicitation", OMES-FORM-CP-011, is issued, the bidder shall acknowledge receipt of any/all amendment(s) to solicitations by signing and returning the solicitation amendment(s). Amendment acknowledgement(s) may be submitted with the bid or may be forwarded separately. If forwarded separately, amendment acknowledgement(s) must contain the solicitation number and response due date and time on the front of the envelope. The Central Purchasing Division must receive the amendment acknowledgement(s) by the response due date and time specified for receipt of bids for the bid to be deemed responsive. Failure to acknowledge solicitation amendments may be grounds for rejection.
- A.3.2. No oral statement of any person shall modify or otherwise affect the terms, conditions, or specifications stated in the solicitation. All amendments to the solicitation shall be made in writing by the Central Purchasing Division.
- A.3.3. It is the Bidder's responsibility to check the OMES/Central Purchasing Division website frequently for any possible amendments that may be issued. The Central Purchasing Division is not responsible for a bidder's failure to download any amendment documents required to complete a solicitation.

A.4. Bid Change

If the bidder needs to change a bid prior to the solicitation response due date, a new bid shall be submitted to the Central Purchasing Division with the following statement "This bid supersedes the bid previously submitted" in a single envelope, package, or container and shall be sealed, unless otherwise detailed in the solicitation. SOLICITATION NUMBER AND SOLICITATION RESPONSE DUE DATE AND TIME MUST APPEAR ON THE FACE OF THE SINGLE ENVELOPE, PACKAGE, OR CONTAINER.

A.5. Certification Regarding Debarment, Suspension, and Other Responsibility Matters

By submitting a response to this solicitation:

- A.5.1. The prospective primary participant and any subcontractor certifies to the best of their knowledge and belief, that they and their principals or participants:
 - A.5.1.1. Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded by any Federal, State or local department or agency;
 - A.5.1.2. Have not within a three-year period preceding this proposal been convicted of or pled guilty or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) contract; or for violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
 - A.5.1.3. Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State, or local) with commission of any of the offenses enumerated in paragraph A.5.1.2. of this certification; and
 - A.5.1.4. Have not within a three-year period preceding this application/proposal had one or more public (Federal, State, or local) contracts terminated for cause or default.
- A.5.2. Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to its solicitation response.

A.6. Bid Opening

Sealed bids shall be opened by the Central Purchasing Division at 5005 N. Lincoln Blvd. Suite 300, Oklahoma City, Oklahoma, 73105 at the time and date specified in the solicitation as Response Due Date and Time.

A.7. Open Bid / Open Record

Pursuant to the Oklahoma Public Open Records Act, a public bid opening does not make the bid(s) immediately accessible to the public. The procurement or contracting agency shall keep the bid(s) confidential, and provide prompt and reasonable access to the records only after a contract is awarded or the solicitation is cancelled. This practice protects the integrity of the competitive bid process and prevents excessive disruption to the procurement process. The interest of achieving the best value for the State of Oklahoma outweighs the interest of vendors immediately knowing the contents of competitor's bids. [51 O.S. § 24A.5(5)]

Additionally, financial or proprietary information submitted by a bidder may be designated by the Purchasing Director as confidential and the procurement entity may reject all requests to disclose information designated as confidential pursuant to 62 O.S. (2012) § 34.11.1(H)(2) and 74 O.S. (2011) § 85.10. Bidders claiming any portion of their bid as proprietary or confidential must specifically identify what documents or portions of documents they consider confidential and identify applicable law supporting their claim of confidentiality. The State Purchasing Director shall make the final decision as to whether the documentation or information is confidential pursuant to 74 O.S. § 85.10. Otherwise, documents and information a bidder submits as part of or in connection with a bid are public records and subject to disclosure after contract award or the solicitation is cancelled.

A.8. Late Bids

Bids received by the Central Purchasing Division after the response due date and time shall be deemed non-responsive and shall NOT be considered for any resultant award.

A.9. Legal Contract

- A.9.1. Submitted bids are rendered as a legal offer and any bid, when accepted by the Central Purchasing Division, shall constitute a contract.
- A.9.2. The Contract resulting from this solicitation may consist of the following documents in order of preference:
 - A.9.2.1. Purchase order, as amended by Change Order (if applicable);
 - A.9.2.2. Solicitation, as amended (if applicable); and

A.9.2.3. Successful bid (including required certifications), to the extent the bid does not conflict with the requirements of the solicitation or applicable law.

A.9.3. Any contract(s) awarded pursuant to the solicitation shall be legibly written or typed.

A.10. Pricing

A.10.1. Bids shall remain firm for a minimum of sixty (60) days from the solicitation closing date.

A.10.2. Bidders guarantee unit prices to be correct.

A.10.3. In accordance with 74 O.S. §85.40, ALL travel expenses to be incurred by the supplier in performance of the Contract shall be included in the total bid price/contract amount.

A.11. Manufacturers' Name and Approved Equivalents

Unless otherwise specified in the solicitation, manufacturers' names, brand names, information and/or catalog numbers listed in a specification are for information and not intended to limit competition. Bidder may offer any brand for which they are an authorized representative, and which meets or exceeds the specification for any item(s). However, if bids are based on equivalent products, indicate on the bid form the manufacturer's name and number. Bidder shall submit sketches, descriptive literature, and/or complete specifications with their bid. Reference to literature submitted with a previous bid will not satisfy this provision. The bidder shall also explain in detail the reason(s) why the proposed equivalent will meet the specifications and not be considered an exception thereto. Bids that do not comply with these requirements are subject to rejection.

A.12. Clarification of Solicitation

A.12.1. Clarification pertaining to the contents of this solicitation shall be directed in writing to the Central Purchasing Contracting Officer specified in the solicitation, and must be prior to the closing date of the solicitation.

A.12.2. If a bidder fails to notify the State of an error, ambiguity, conflict, discrepancy, omission or other error in the SOLICITATION, known to the bidder, or that reasonably should have been known by the bidder, the bidder shall submit a bid at its own risk; and if awarded the contract, the bidder shall not be entitled to additional compensation, relief, or time, by reason of the error or its later correction. If a bidder takes exception to any requirement or specification contained in the SOLICITATION, these exceptions must be clearly and prominently stated in their response.

A.12.3. Bidders who believe proposal requirements or specifications are unnecessarily restrictive or limit competition may submit a written request for administrative review to the contracting officer listed on the solicitation. This request must be made prior to the closing date of the solicitation.

A.13 Negotiations

A.13.1. In accordance with Title 74 §85.5, the State of Oklahoma reserves the right to negotiate with one, selected, all or none of the vendors responding to this solicitation to obtain the best value for the State. Negotiations could entail discussions on products, services, pricing, contract terminology or any other issue that may mitigate the State's risks. The State shall consider all issues negotiable and not artificially constrained by internal corporate policies. Negotiation may be with one or more vendors, for any and all items in the vendor's offer.

A.13.2. Firms that contend that they lack flexibility because of their corporate policy on a particular negotiation item shall face a significant disadvantage and may not be considered. If such negotiations are conducted, the following conditions shall apply:

A.13.3. Negotiations may be conducted in person, in writing, or by telephone.

A.13.4. Negotiations shall only be conducted with potentially acceptable offers. The State reserves the right to limit negotiations to those offers that received the highest rankings during the initial evaluation phase.

A.13.5. Terms, conditions, prices, methodology, or other features of the bidders offer may be subject to negotiations and subsequent revision. As part of the negotiations, the bidder may be required to submit supporting financial, pricing, and other data in order to allow a detailed evaluation of the feasibility, reasonableness, and acceptability of the offer.

A.13.6. The requirements of the Request for Proposal shall not be negotiable and shall remain unchanged unless the State determines that a change in such requirements is in the best interest of the State Of Oklahoma.

A.14. Rejection of Bid

The State reserves the right to reject any bids that do not comply with the requirements and specifications of the solicitation. A bid may be rejected when the bidder imposes terms or conditions that would modify requirements of the solicitation or limit the bidder's liability to the State. Other possible reasons for rejection of bids are listed in OAC 260:115-7-32.

A.15. Award of Contract

- A.15.1. The State Purchasing Director may award the Contract to more than one bidder by awarding the Contract(s) by item or groups of items, or may award the Contract on an ALL OR NONE basis, whichever is deemed by the State Purchasing Director to be in the best interest of the State of Oklahoma.
- A.15.2. Contract awards will be made to the lowest and best bidder(s) unless the solicitation specifies that best value criteria is being used.
- A.15.3. In order to receive an award or payments from the State of Oklahoma, suppliers must be registered. The vendor registration process can be completed electronically through the OMES website at the following link: <https://www.ok.gov/dcs/vendors/index.php>.

A.16. Contract Modification

- A.16.1. The Contract is issued under the authority of the State Purchasing Director who signs the Contract. The Contract may be modified only through a written Contract Modification, signed by the State Purchasing Director.
- A.16.2. Any change to the Contract, including but not limited to the addition of work or materials, the revision of payment terms, or the substitution of work or materials, directed by a person who is not specifically authorized by the Central Purchasing Division in writing, or made unilaterally by the supplier, is a breach of the Contract. Unless otherwise specified by applicable law or rules, such changes, including unauthorized written Contract Modifications, shall be void and without effect, and the supplier shall not be entitled to any claim under this Contract based on those changes. No oral statement of any person shall modify or otherwise affect the terms, conditions, or specifications stated in the resultant Contract.

A.17. Delivery, Inspection and Acceptance

- A.17.1. Unless otherwise specified in the solicitation or awarding documents, all deliveries shall be F.O.B. Destination. The bidder(s) awarded the Contract shall prepay all packaging, handling, shipping and delivery charges and firm prices quoted in the bid shall include all such charges. All products and/or services to be delivered pursuant to the Contract shall be subject to final inspection and acceptance by the State at destination. "Destination" shall mean delivered to the receiving dock or other point specified in the purchase order. The State assumes no responsibility for goods until accepted by the State at the receiving point in good condition. Title and risk of loss or damage to all items shall be the responsibility of the supplier until accepted by the receiving agency. The supplier(s) awarded the Contract shall be responsible for filing, processing, and collecting any and all damage claims accruing prior to acceptance.
- A.17.2. Supplier(s) awarded the Contract shall be required to deliver products and services as bid on or before the required date. Deviations, substitutions or changes in products and services shall not be made unless expressly authorized in writing by the Central Purchasing Division.

A.18. Invoicing and Payment

- A.18.1. Pursuant to 74 O.S. §85.44(B), invoices will be paid in arrears after products have been delivered or services provided.
- A.18.2. Interest on late payments made by the State of Oklahoma is governed by 62 O.S. §34.71 and 62 O.S. §34.72.

A.19. Tax Exemption

State agency acquisitions are exempt from sales taxes and federal excise taxes. Bidders shall not include these taxes in price quotes.

A.20. Audit and Records Clause

- A.20.1. As used in this clause, "records" includes books, documents, accounting procedures and practices, and other data, regardless of type and regardless of whether such items are in written form, in the form of computer data, or in any other form. In accepting any Contract with the State, the successful bidder(s) agree any pertinent State or Federal agency will have the right to examine and audit all records relevant to execution and performance of the resultant Contract.
- A.20.2. The successful bidder(s) awarded the Contract(s) is required to retain records relative to the Contract for the duration of the Contract and for a period of seven (7) years following completion and/or termination of the Contract. If an audit, litigation, or other action involving such records is started before the end of the seven (7) year period, the records are required to be maintained for two (2) years from the date that all issues arising out of the action are resolved, or until the end of the seven (7) year retention period, whichever is later.

A.21. Non-Appropriation Clause

The terms of any Contract resulting from the solicitation and any Purchase Order issued for multiple years under the Contract are contingent upon sufficient appropriations being made by the Legislature or other appropriate government entity. Notwithstanding any

language to the contrary in the solicitation, purchase order, or any other Contract document, the procuring agency may terminate its obligations under the Contract if sufficient appropriations are not made by the Legislature or other appropriate governing entity to pay amounts due for multiple year agreements. The Requesting (procuring) Agency's decisions as to whether sufficient appropriations are available shall be accepted by the supplier and shall be final and binding.

A.22. Choice of Law

Any claims, disputes, or litigation relating to the solicitation, or the execution, interpretation, performance, or enforcement of the Contract shall be governed by the laws of the State of Oklahoma.

A.23. Choice of Venue

Venue for any action, claim, dispute or litigation relating in any way to the Contract shall be in Oklahoma County, Oklahoma.

A.24. Termination for Cause

- A.24.1. The supplier may terminate the Contract for default or other just cause with a 30-day written request and upon written approval from the Central Purchasing Division. The State may terminate the Contract for default or any other just cause upon a 30-day written notification to the supplier.
- A.24.2. The State may terminate the Contract immediately, without a 30-day written notice to the supplier, when violations are found to be an impediment to the function of an agency and detrimental to its cause, when conditions preclude the 30-day notice, or when the State Purchasing Director determines that an administrative error occurred prior to Contract performance.
- A.24.3. If the Contract is terminated, the State shall be liable only for payment for products and/or services delivered and accepted.

A.25. Termination for Convenience

- A.25.1. The State may terminate the Contract, in whole or in part, for convenience if the State Purchasing Director determines that termination is in the State's best interest. The State Purchasing Director shall terminate the Contract by delivering to the supplier a Notice of Termination for Convenience specifying the terms and effective date of Contract termination. The Contract termination date shall be a minimum of 60 days from the date the Notice of Termination for Convenience is issued by the State Purchasing Director.
- A.25.2. If the Contract is terminated, the State shall be liable only for products and/or services delivered and accepted, and for costs and expenses (exclusive of profit) reasonably incurred prior to the date upon which the Notice of Termination for Convenience was received by the supplier.

A.26. Insurance

The successful bidder(s) awarded the Contract shall obtain and retain insurance, including workers' compensation, automobile insurance, medical malpractice, and general liability, as applicable, or as required by State or Federal law, prior to commencement of any work in connection with the Contract. The supplier awarded the Contract shall timely renew the policies to be carried pursuant to this section throughout the term of the Contract and shall provide the Central Purchasing Division and the procuring agency with evidence of such insurance and renewals.

A.27. Employment Relationship

The Contract does not create an employment relationship. Individuals performing services required by this Contract are not employees of the State of Oklahoma or the procuring agency. The supplier's employees shall not be considered employees of the State of Oklahoma nor of the procuring agency for any purpose, and accordingly shall not be eligible for rights or benefits accruing to state employees.

D.2. Best Value Criteria

- D.2.1.** The State intends to award to one Supplier as a result of this Request for Proposal (RFP). Said contract will be awarded to the responsible Supplier(s) whose response, conforming to the RFP, is deemed best value.
- D.2.2.** Upon receipt of all responses, each response will be evaluated to determine which Suppliers meet all minimum mandatory pre-requisites as set forth in Section C.5.1. Mandatory Supplier Qualifications. Those proposals which met the minimum mandatory pre-requisites will enter the technical phase of evaluation. Proposals which do not meet the minimum mandatory pre-requisites will be deemed non-responsive at this point and will receive no further consideration.

Negotiations could entail discussions on products, services, pricing, contract terminology or any other issue that mitigate the State's risks. The State will consider all issues negotiable and not artificially constrained by internal corporate policies. Negotiation may be with one or more Bidders, for any and all items in the Bidder's proposal.

Firms that contend that they lack flexibility because of their corporate policy on a particular negotiation item will face a significant disadvantage and may not be considered. If such negotiations are conducted, the following conditions shall apply:

- D.3.1.** Negotiations may be conducted in person, in writing, or by telephone.
- D.3.2.** Negotiations will only be conducted with potentially acceptable proposals. The State reserves the right to limit negotiations to those proposals that received the highest rankings during the initial evaluation phase.
- D.3.3.** Terms, conditions, prices, methodology, or other features of the Bidder's proposal may be subject to negotiations and subsequent revision. As part of the negotiations, the Bidder may be required to submit supporting financial, pricing, and other data in order to allow a detailed evaluation of the feasibility, reasonableness, and acceptability of the proposal.
- D.3.4.** The mandatory requirements of the Request for Proposal shall not be negotiable and shall remain unchanged unless the State determines that a change in such requirements is in the best interest of the State Of Oklahoma.
- D.3.5.** BEST and FINAL – The state may request best and final offers if deemed necessary, and will determine the scope and subject of any best and final request. However, the Bidder should not expect that the state will ask for best and finals to give the Bidder an opportunity to strengthen your proposal. Therefore, the Bidder must submit your best offer based on the terms and condition set forth in this solicitation.

C.5.2.8 Payment Options

For your convenience, we accept a wide variety of payment options to make ordering a breeze, including check, money order/cashier's check, ACH and EDI.

C.5.2.9. Freight Policy & C.5.2.10. Rush Delivery

FOB Destination

Rush delivery is available and varies based on location, and specific request, please contact us at (800) 421-5354, Monday-Friday, 6:00 AM to 6:00 PM, and Saturday, 7:00 AM to 3:30 PM, PST for further information.

C.5.2.11. Shipping

We ship orders within two business days of receipt and most of your programs will receive their Lakeshore materials in 7 to 10 working days (applicable to the 48 contiguous states). If an order happens to contain a backordered item, we won't send an invoice until the entire order has shipped complete.

Once an order is received, it is manually entered, verified, and reviewed, checking the order for accuracy, and making sure we are adhering to our contractual agreement before being released.

The order is then sent electronically to our Warehouse Management System, where a "workflow specialist" sends the order into the automated lines of our distribution center. This maximizes efficiency for the thousands of orders we process each day. We package with recycled paper, using our best efforts to be conscious of the environment when packaging our materials. Not only do we want you to receive your materials safely and in working condition, we also don't want to leave you with any unwanted and useless packing materials. No one wants to throw away, or chase Styrofoam packing materials around their classroom!

Orders typically ship within 2 business days of receipt. Depending on physical size/weight of an order, it will ship via UPS or common carrier. During this time, our Accounting department prepares your invoice to be mailed when your order ships complete. Our customer service department will also personally track your orders and keep you apprised of the status.

Every order that leaves Lakeshore has a detailed master packing list included. The packing list contains the item number, quantity, description, and box number. The box number is unique for each box on every order. This is particularly useful on large shipments when you need to find a specific item.

We also include a “Carton Contents Label” on early box that clearly identifies the stock numbers, descriptions and quantities of everything in that box. The Carton Content Label is designed to make Receiving and Inventorying of received materials extremely easy, easily taking hours off the unpacking process for large, classroom sized orders.

In addition to our Master Packing Lists and Carton Content Labels, our Shipper Labels also contain vital information to ease the receipt of shipments. Every shipper label is uniform in size, content and layout, and is easy to read. They also include all the vital information regarding your order: Purchase Order Number/Contract Number, Classroom Name, Teacher Name, Location Name and Complete Shipping Address, along with Lakeshore’s Order Number.

Of course, before our products are used in the classroom, they have to get there! That’s why we use recycled cardboard for our boxes and recycled air pouches for packaging. We fulfill tens of thousands of orders every year—so these types of choices make a huge difference to our customers and to the environment!

Lakeshore typically ships over a million boxes via UPS each year, with four to eight UPS semi-truckloads leaving our warehouses every day. We are contracted with two trucking companies that deliver 45,000 truckloads of materials each year to different regions across the country, and that number is growing.

Our state of the art warehouse also receives over 1500 containers of exclusively manufactured goods, filling three million cubic feet of space, and 200-400 truckloads of additional goods are received each year. With this kind of volume, you can imagine that our warehouse is designed to receive, store, assemble and ship materials in the most efficient and cost effective methods available. Our warehouse is located at 1500 West Dominguez Street, Carson, CA.

C.5.2.12. Return of Product & C.5.2.13. Returns Due to User Error

Not only are our products distinguished by their quality, educational merit and safety—they’re also backed by our ironclad guarantee. If you are unhappy with any item for any reason, you may return it for a full refund or exchange...no questions asked! If you need assistance with an order, simply contact our Customer Service department at (800) 428-4414.

Damaged items: Please call us as soon as you notice that an item is damaged.

- If the item is being delivered by a trucking company, you can refuse the damaged item and they will send it back to us. Just make sure to note that on the freight bill before signing.
- If you don’t notice the damages until the driver has left, or if your items were delivered another way, that’s fine. Simply call our Customer Service Dept. and we’ll ship a replacement item right away, and arrange to have the damaged item picked up for you.

Unsatisfactory items: If you are unhappy with any item, you may return it to us for a full refund. On the back of your packing slip is a “Returns Form,” with our return address. On this form you can indicate the reason for your return, and whether you’d like a refund or another item in exchange. You may send the

item back to us, and once we receive it, we'll either refund your purchase or send your exchange item to you. If the item is too large for you to return on your own, we'll help! Just call us and we can arrange for a pick-up of the boxed item, and we'll simply deduct the return freight from your credit.

C.5.2.17. Quality Assurance and Warranty Guarantee

At Lakeshore, children's safety is our highest priority—and we know it's the top concern of our customers, too. That's why we want to provide you with detailed information about Lakeshore's testing and certification process...and share with you the rigorous steps we take to ensure our products are safe.

In the 62 years that we've been in business, Lakeshore has always been a huge step ahead when it comes to safety. Not only are we in full compliance with all the current U.S. safety regulations, we also have our own in-house Quality Assurance Team that tests and inspects every item we carry with even more rigorous standards than those required by law. Every item we sell must meet or exceed all the government safety requirements, or we don't carry it—period.

For us, safety begins at the moment a product idea is conceived and put into development. First, we ensure that all the materials that go into each new product are safe. The materials must be phthalate-compliant (phthalates are sometimes found in PVC and other plastics), as well as BPA-compliant (BPA, or bisphenol A, is sometimes found in clear, hard plastics). The materials must also pass strict standards for lead content.

Once we confirm that the materials we're using are safe, we conduct exhaustive "use and abuse" testing to make sure each product will remain safe through years of everyday use. And, after a product passes our rigorous testing, it is then tested and certified by a third-party testing laboratory. Finally, we continue to monitor the safety of our products through periodic testing, both internally and by third-party labs, to ensure that our suppliers maintain the high level of integrity we demand of our materials.

For Lakeshore, children's safety always comes first. You can rest assured that the products we sell are safe and that we are doing everything we can to provide our customers with superior-quality products that they can trust with their children.

Lakeshore maintains the same strict standards that first made us great! Every product we make is distinguished by its quality, safety, educational merit, and play value. And naturally, every Lakeshore product is backed by our ironclad guarantee: If you are unhappy with any item for any reason, you may return it for a full refund or exchange...no questions asked! Unconditional lifetime warranty on all furniture lines and cots!

C.5.2.18. Notification of Back Orders

We work very hard to keep 99% of our items stocked in our warehouse and available for immediate delivery. If, by some chance, there is a backorder we won't bill or invoice you until every item is delivered. Upon receipt of PO, customer will be notified of all, if any, out of stock items.

C.5.2.19 Receiving Procedures and Order Inspection

Every order that leaves Lakeshore has a detailed master packing list included. The packing list contains the item number, quantity, description, and box number. The box number is unique for each box on every order. This is particularly useful on large shipments when you need to find a specific item.

C.5.2.20. Invoice Requirements

Organizational Capacity

Our Mission

Lakeshore is dedicated to creating innovative educational materials that spark young imaginations, instill a sense of wonder and foster a lifelong love of learning. With resources for infants and toddlers through the 6th grade, we help children reach developmental milestones and achieve educational goals—while still having fun!

Our Story

In 1954, Ethelyn Kaplan, a single mother from Omaha, defied the conventions of 1950s America, packing up her family and heading west to California to open a toy store. When educators started requesting her products, she discovered a higher calling: service to teachers. Soon, Ethelyn sold the toy store and started Lakeshore Learning Materials. Eventually, Ethelyn's sons, Charles and Michael, joined the business—expanding operations and turning Lakeshore into a million-dollar company within just a few years. When Mrs. Kaplan retired, Michael assumed the duties of president and CEO, while Charles became vice president in charge of merchandise and buying. Today, Michael's sons, Bo and Josh, are an integral part of the business—having worked their way up from summer jobs in the warehouse. Bo is now president and CEO, and Josh is executive vice president. While Charles is now officially retired, Michael still serves as Chairman of the Board.

Sixty years after Ethelyn Kaplan founded Lakeshore, we remain focused on the principles that have guided our success from the beginning: listening closely to customers and serving their needs. And today, we're a leading developer and retailer of materials for early childhood education programs, elementary schools and homes nationwide. Each year, we produce hundreds of new products for infants & toddlers, preschoolers and elementary-age children—covering all subject areas, from math and language to science, music and arts & crafts. To ensure products remain relevant and up-to-date, our product developers (all former teachers) continually visit classrooms around the country to learn the best ways to help children succeed in today's rapidly changing world.

Clients

Lakeshore has extensive experience working with thousands of school districts, early childhood programs (both public and private), and government agencies. Below are a few examples of the types of large orders that we skillfully and conscientiously handle on a regular basis.

- For the past two years, we have been providing the Cleveland Metropolitan School District with 4th-, 5th- and 6th-grade activity kits that are aligned to state and national standards in social studies and English language arts. The kits include customized, hands-on materials, as well as extensive teacher guides. Additionally, we offer professional development for the coaches and teachers involved in the project.
- In August 2014, District of Columbia Public Schools submitted more than \$1.7 million in full classroom orders. The district gave us 400 class-list inventories, which we closely examined in order to determine the schools' specific needs. Finally, we shipped orders to approximately 70 different locations—and then completed classroom setup in just two weeks!
- In September 2014, we provided an array of developmentally appropriate STEM kits for infant/toddler, preschool/Pre-K and school-age programs in the city of San Antonio. Innovative and engaging, the kits were designed to give children a fun, hands-on introduction to STEM.

Products

We know that each child is unique, and we strive to develop materials that appeal to children of all interests, backgrounds and abilities. And, of course, all of the products we carry must meet stringent quality & safety standards—so they're strong enough for daily use in the classroom and safe enough for use by babies and children. Our classroom furniture and materials are caregiver-tested, meet the highest standards of safety, and are specifically designed to support ITERS & NAEYC standards.

The type of products we carry includes:

Classroom Furniture, Preschool and Elementary Teaching Aids, Infant and Toddler Equipment, Arts and Crafts Supplies, Infant & Toddler Equipment, Classroom, Math and Science, Materials, Teaching Aids and Supplies, Teacher's Resources, Educational Software, Technology, Instructional Aids and Materials, AV Equipment, Special Education Materials, ESL Aids and Materials, Library Supplies, Physical Education.

INDEPENDENT AUDITOR'S REPORT

To the Owners
Lakeshore Equipment Company

We have audited the accompanying financial statements of Lakeshore Equipment Company, which comprise the balance sheets as of December 31, 2015 and 2014, and the related statements of income and retained earnings and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Lakeshore Equipment Company as of December 31, 2015 and 2014, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS

December 31, 2015 and 2014

1. GENERAL

Lakeshore Equipment Company (LEC) produces and markets educational materials and toys through mail order catalogs, an Internet web site, a sales force, and retail stores. At December 31, 2015, LEC operated 60 stores. LEC's distribution facilities are located in Carson, California, and the retail stores are located throughout 29 states in the United States of America.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Cash and Cash Equivalents - LEC considers all highly liquid investments purchased with an initial maturity of three months or less to be cash equivalents. Throughout the year, LEC has had amounts on deposit at high-credit quality financial institutions that exceed federally insured limits. LEC has not experienced any loss as a result of these deposits and does not expect to incur any losses in the future.

Cash equivalents are carried at cost, which approximates their fair market value. LEC had cash equivalents of \$17,074,000 and \$7,765,000 principally invested in money market accounts as of December 31, 2015 and 2014, respectively.

Short-Term Investments - LEC's short-term investments are classified as trading securities because they are bought and held for short periods of time. Trading investments are recorded at fair value with any changes in fair value recorded in net income. For the years ended December 31, 2015 and 2014, such changes in fair value were not significant. Purchase premiums and discounts are recognized in interest income and amortized over the estimated lives of the securities.

Notes Receivable - LEC has notes receivable from various related parties that are secured by real property and are due on various dates through 2019. The short-term portions of the notes receivable are \$26,000 and \$94,000, which are included in accounts and notes receivable in the accompanying balance sheets at December 31, 2015 and 2014, respectively. The long-term portions of the notes receivable are \$37,000 and \$63,000, which are included in other assets in the accompanying balance sheets at December 31, 2015 and 2014, respectively. These notes receivable bear interest at fixed rates. Interest income related to these notes receivable of \$2,000 and \$4,000 for the years ended December 31, 2015 and 2014, respectively, is included in interest income in the accompanying statements of income and retained earnings.

Inventories - Inventories consist of finished goods and are stated at the lower of cost or market with cost determined using the first-in, first-out method. Market is determined based on estimated net realizable value, which generally is the merchandise selling price, less costs to sell. LEC recorded reserves for excess and obsolete inventory of \$1,008,000 and \$638,000 for the years ended December 31, 2015 and 2014, respectively, based upon analysis of balances on-hand and projected future sales trends.

Deferred Catalog Costs - Costs incurred in connection with the production and distribution of catalogs are deferred and amortized using the straight-line method over the expected sales life of the catalogs, which approximates the expected revenue stream following the mailing of the catalogs and ranges from six months to one year. These direct-response advertising expenses of \$10,715,000 and \$11,610,000 for the years ended December 31, 2015 and 2014, respectively, are included in sales and marketing expenses in the accompanying statements of income and retained earnings.

Lakeshore Equipment Company

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2015 and 2014

Property, Plant, and Equipment - Property, plant, and equipment are recorded at cost. Depreciation is generally determined using the straight-line method based upon the estimated useful lives of the assets, which are typically 5 years for computer software and hardware, 5 years for furniture and fixtures, and 5 years for machinery and equipment. Leasehold improvements are amortized over the lesser of 10 years, which approximates the estimated average lease life, or the life of the asset.

Net Cash Surrender Value of Insurance Contracts - LEC maintains split-dollar life insurance contracts for certain executives. The policies are assigned to LEC to reimburse LEC for the amount of premiums paid. In accordance with applicable accounting guidance, LEC records an asset equal to the net cash surrender value of the life insurance contracts based on the contractual agreement between these executives and LEC.

Impairment of Long-Lived Assets - LEC reviews long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying value of an asset may not be recoverable. LEC deems long-lived assets to be impaired if the expected future cash flows on an undiscounted basis are less than the carrying amount. Estimates of expected future cash flows are based on LEC's best estimates of anticipated operating results over the remaining useful life of the assets. If long-lived assets are impaired, an impairment loss is recognized and measured as the amount by which the carrying value exceeds the fair value of those assets. No impairment was recognized for the years ended December 31, 2015 or 2014.

Deferred Rent - LEC records rent expense related to its noncancelable operating leases on a straight-line basis over the term of the related leases. The cumulative difference between rent expense as recognized by LEC and actual rental payments to date is recorded in deferred rent in the accompanying balance sheets. In certain lease agreements, LEC receives landlord incentives to reimburse them for leasehold improvements. These incentives are recorded as a deferred rent credit and recognized as a reduction to rent expense on a straight-line basis over the lease term.

Revenue Recognition and Allowance for Doubtful Accounts - LEC records revenue at the point of sale for retail stores and at the time of shipment for catalog and Internet sales. Taxes collected from LEC's customers are recorded on a net basis. An allowance for estimated returns is recorded in the period of sale based on prior experience. LEC estimates an allowance for doubtful accounts on credit sales based on an analysis of specific customers, taking into consideration the age of past due accounts and an assessment of the customer's ability to pay. No allowance for doubtful accounts has been recorded as of December 31, 2015 and 2014.

Gift Cards - LEC recognizes the sales from gift cards, gift certificates, and store credits as they are redeemed for merchandise. Prior to redemption, LEC maintains an unearned revenue liability for gift cards, gift certificates, and store credits until LEC is released from such liability, which includes consideration of potential obligations arising from state escheatment laws. LEC's gift cards, gift certificates, and store credits do not have expiration dates; however, over time, a percentage of gift cards, gift certificates, and store credits are not redeemed or recovered (breakage). LEC recognizes breakage income when the likelihood of redemption, based on historical experience, is deemed to be remote. LEC recorded breakage income of \$260,000 and \$315,000 for the years ended December 31, 2015 and 2014, respectively, which is included in miscellaneous income on the statements of income and retained earnings.

Advertising Costs - Except for catalog costs, advertising costs are expensed as incurred and totaled \$2,245,000 and \$2,234,000 for the years ended December 31, 2015 and 2014, respectively. The advertising costs are included in sales and marketing expenses in the accompanying statements of income and retained earnings.

December 31, 2015 and 2014

Income Taxes - LEC has elected S corporation status for federal and state income tax purposes. Accordingly, earnings are taxed at the individual shareholder level and LEC incurs no federal income tax liability. LEC is, however, subject to various state S corporation franchise and income taxes where applicable.

LEC evaluates the potential financial statement impact resulting from uncertain tax positions when the likelihood of recognizing the benefit does not meet the more likely than not threshold. If the recognized benefit of an uncertain tax position is not more likely than not, LEC records offsetting liabilities for all or a portion of the benefit. LEC's policy is to record any interest and penalties related to unrecognized tax benefits within its provision for income taxes in the accompanying statements of income and retained earnings. As of December 31, 2015 and 2014, LEC did not record a liability for uncertain tax positions and did not recognize any interest and penalties related to unrecognized tax benefits.

LEC's tax returns are subject to examination by the Internal Revenue Service for a period of three years from the filing date of the tax returns. While no income tax returns are currently being examined by the Internal Revenue Service, tax years since 2012 remain open for examination. LEC is also subject to state tax examination for the 2011 through the 2015 tax years.

Concentration of Credit Risk - Financial instruments that potentially subject LEC to concentrations of credit risk consist principally of cash equivalents and trade receivables. LEC's cash equivalents are in high-quality securities placed with major banks. Concentration of credit risk with respect to trade receivables is limited due to the large number of customers comprising LEC's customer base and their dispersion across geographic areas.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

3. SHORT-TERM INVESTMENTS

As of December 31, 2015 and 2014, LEC held short-term municipal bonds of \$40,179,000 and \$42,559,000, respectively, and mutual funds of \$4,448,000 and \$4,420,000, respectively. LEC also held \$350,000 and \$7,938,000, respectively, in corporate bonds at December 31, 2015 and 2014. Amortization of purchase premiums and discounts recognized in interest income in the accompanying statements of income and retained earnings for the years ended December 31, 2015 and 2014 was \$1,429,000 and \$1,389,000, respectively.

5. CREDIT AGREEMENT

At December 31, 2015 and 2014, LEC maintains a borrowing arrangement with a national bank that provides for an unsecured revolving line of credit, subject to a promissory note, which is not to exceed a principal amount of \$4,000,000, including standby letters of credit not to exceed \$3,000,000. The agreement and promissory note require repayment of any outstanding principal and interest on July 1, 2016.

As of December 31, 2015, borrowings outstanding under the line of credit bear interest at the bank's base rate, as defined in the agreement, or at the London InterBank Offered Rate (LIBOR), plus 2%. As of December 31, 2014, borrowings outstanding under the line of credit bear interest at the bank's base rate, as defined in the agreement, plus 1.25% or at LIBOR, plus 3.50%.

As of December 31, 2015 and 2014, no amounts are outstanding under the revolving line of credit. Standby letters of credit issued under the agreement totaled \$1,335,000 and \$1,085,000, respectively, as required by LEC's insurance providers to support potential insurance claims.

The credit agreement contains certain restrictive financial covenants that require LEC to maintain tangible net worth and financial ratios above specified minimums. The agreement also requires LEC to maintain profitable operations. LEC was in compliance with all financial covenants at December 31, 2015 and 2014.

6. COMMITMENTS AND CONTINGENCIES

LEC leases its facilities in Carson, California, from entities whose principals are related to LEC's principal shareholders. The leases provide for payment of insurance, repairs, maintenance, and real estate taxes and expire at various dates. These leases represent all of the significant related party transactions of LEC. LEC also has various other leases with unrelated parties with expiration dates through May 31, 2026, including operating leases of facilities and capital leases of equipment and computer hardware. Minimum annual payments under all noncancelable leases as of December 31, 2015 are as follows:

LEC is involved in various lawsuits arising out of the ordinary conduct of its business. While the ultimate results of these lawsuits cannot be predicted with certainty, management does not expect that these matters will have a material adverse effect on the financial position or results of operations of LEC.

7. EMPLOYEE BENEFITS

LEC has a defined contribution plan under the provision of Section 401(k) of the Internal Revenue Code (the Code) covering all full-time employees with at least one year of service. Eligible employees can contribute up to 100% of their pretax salary not to exceed the limit set by the Code. Employee contributions are matched at a rate of 100% of the first 3% of salaries contributed and 50% on the next 2% of salaries contributed. LEC contributed \$1,527,000 and \$1,395,000 to the plan during 2015 and 2014, respectively, which is included in general and administrative expenses in the accompanying statements of income and retained earnings.

8. SHAREHOLDERS' EQUITY

Pursuant to a repurchase agreement, the shareholders of LEC have a right of first refusal to purchase the shares of any selling shareholder and have a right of first refusal to purchase any shares not purchased by shareholders. The repurchase agreement defines the price to be paid per share.

9. FAIR VALUE OF CERTAIN FINANCIAL ASSETS AND LIABILITIES

Current accounting guidance provides a framework for measuring fair value, requires expanded disclosures regarding fair value measurements, and establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs, where available. The following summarizes the three levels of inputs required to measure fair value:

Level 1 - Quoted market prices in active markets for identical assets or liabilities.

Level 2 - Observable market-based inputs or unobservable inputs that are corroborated by market data.

Level 3 - Unobservable inputs reflecting the reporting entities' own assumptions.

Current accounting guidance requires use of observable market inputs (quoted market prices) when measuring fair value and requires a Level 1 quoted price to be used to measure fair value whenever possible.

LEC's cash equivalents and short-term investments are measured and recorded at fair value on a recurring basis. LEC's other financial assets, including accounts and notes receivable and the net cash surrender value of insurance contracts, as well as its financial liabilities, including accounts payable, have fair values that approximate their carrying value.

Government bonds, consisting of municipal bonds and corporate bonds, are valued based on information received from a third-party pricing service. For assets traded in inactive markets, the service's pricing methodology uses observable inputs (such as bid/ask quotes) for identical or similar assets. Assets considered to be similar will have similar characteristics, such as duration, volatility, prepayment speed, interest rates, yield curves, and/or risk profile and other market-corroborated input (Level 2 inputs). The mutual funds and money market funds are valued based on quoted prices in an active market (Level 1 inputs).
