UPS Response to
The State of Utah/NASPO ValuePoint
Solicitation #BC16018
NASPO ValuePoint Master Agreement
for
Small Package Delivery Services
Due: June 24, 2016 2pm MDT

Ref: UPS Response to RFQ NASPO ValuePoint Small Package Delivery Solicitation BC16018

Brad,

It is with great pleasure that we submit our response to the NASPO Value Point solicitation.

Over the past four plus years, UPS, the State of Utah and NASPO ValuePoint (formerly WSCA) along with all participating states and their entities, have worked hard to ensure the success of the NASPO ValuePoint contract. Because of this collaborative effort, the program is highly regarded as one of the most successful cooperatives in place today.

Since receiving our award in 2011, the UPS Sales Team has been actively engaged with all of our participating states including thousands of NASPO ValuePoint participants at the state and local agency level, as well as many colleges and universities, to ensure a beneficial and efficient solution set is deployed.

By leveraging the UPS portfolio, state agencies and other entities have realized cost savings, become more efficient and implemented solutions that aligned with state requirements. For example, the UPS Newborn Screening Program was designed for the state Departments of Health to meet requirements for blood testing within a specific time. This program has been recognized by many states as well as by the 2016 APHL Newborn Screening and Genetic Testing Symposium.

The UPS Sales Team that supports NASPO ValuePoint participants has over 250 combined years of experience in bringing solutions to state government accounts. Our position as a "trusted advisor" has provided UPS with a tremendous understanding of the requirements of state agencies' business and allows us to provide relevant solutions that ultimately save time, effort and money for NASPO ValuePoint participants, while doing so in a sustainably responsible manner.

Our partnership has been mutually beneficial and we look forward to our continued engagement. UPS has met, and in many cases exceeded, the value proposed in the current contract. We estimate that our solutions have provided the state government participants an estimated \$3.12 M in annualized savings - with significant potential to implement additional cost savings measures.

We look forward to your review of our offer and believe it provides the best overall value, combining aggressive rates with industry leading performance, unmatched technology and second to none sustainability metrics.

Sincerely,

Tom Dames

2 - Executive Summary

UPS is uniquely qualified to continue to meet the small package delivery and logistic needs of the State Governments and their entities.

Some highlights of our offer include:

- Dedicated Sales Team with significant experience and knowledge in state government, transportation and logistics
- In-depth Portfolio of Services
- UPS Customer Solutions that align with state requirements
- Single Driver Advantage
- Business Process improvements that are designed to reduce cost and make agencies more efficient
- UPS Technology & Visibility Solutions

The UPS team that supports the NASPO ValuePoint Contract is experienced with serving government related entities and has successfully marketed the previous contract. This past performance and the over 250 combined years of delivering value to UPS customers by our team makes UPS the unrivaled source for state government transportation needs.

We offer an unmatched portfolio of domestic and international services with service to every address (100% of zip codes) in the 50 states and Puerto Rico. Our comprehensive portfolio offers more guaranteed, time-definite delivery options than anyone else. UPS has the capacity and experience to develop customized shipping and logistics solutions for those state government agencies and entities with specialized requirements. UPS has a proven track record in developing customized shipping and logistics solutions for state government agencies and entities.

The Account Management Team has worked closely with state agencies by developing solutions that align with state requirements. The UPS Newborn Screening Program is one example.

This UPS solution customized a new screening sample delivery process. Professionals submitting specimens can now rely upon UPS Next Day Air® service, creating labels quickly and easily through UPS's web-based shipping platform, CampusShip®. Tracking and visibility tools provide real-time status of every sample for both the shipper and receiving lab. This standardized shipping process enabled visibility of every shipment for the lab and also streamlined the user experience. Every package from every hospital and midwife can be located. If there is a delay, a dedicated UPS administrative support professional intervenes to accelerate the recovery process. This program has been well received by many states and healthcare organizations.

UPS owns the world's largest transportation network. And UPS alone offers an integrated Ground and Air network, without the use of sub-contractors anywhere in the domestic US. This operational advantage allows States and their Agencies to take use the single driver advantage. Because one driver picks up all of your ground and air

packages, the shipper can use UPS's shipping system to use the Time in Transit and Cost Comparison tool to determine how much they want to pay to meet their delivery deadlines. Empowering users to make these smart decisions can result in significant savings to the consumer.

We understand the budgetary constraints states are under. UPS will put its industry leading technology and business process solutions expertise to work to help the states overcome these challenges. UPS Account Managers have assisted states and their agencies in implementing industry best practices using UPS's technology solutions. These solutions enable managers to exercise varying degrees of control, oversight and efficiencies to reduce the added charges associated with the over usage of premium air services and surcharges. These value added solutions assist our customers in managing their overall transportation spend. For example, to assist agencies in realizing maximized cost savings, UPS Account Managers work with agencies to select the right service level for every package through the concept of mode optimization. This concept empower users to take advantage of the maximum cost savings by selecting the best and most cost effective service level, UPS ground or Next Day Air, for every package.

UPS has been at the forefront of transportation and logistics breakthroughs for over 100 years; and we are a great American success story. We look forward to continuing our mutually beneficial partnership which provides the best value to NASPO ValuePoint, its member agencies. We believe our proposal will demonstrate not only our capabilities, but also our eagerness to meet and exceed the requirements of NASPO Valuepoint through the service we provide. Throughout our response, you will find that UPS brings value and solutions unmatched within the industry. We welcome and seek opportunities to demonstrate this commitment to you.

3 - Confidential, Protected or Proprietary Information

The information included in this section is exempt from disclosure under the Federal Freedom of Information Act (“FOIA”), Utah’s Government Records Access and Management Act, and similar “open records” statutes, rules, and regulations. This information is not publicly known, and UPS derives significant commercial value from maintaining its confidential status. Public release would cause UPS substantial, competitive harm. UPS respectfully requests confidential treatment of the information included in this section. UPS also requests prompt notification of any third-party request for UPS information, including this proposal and any resulting contract, and advance notice of any intended disclosure.

6.1A - Qualification of Carriers

6. Offeror must provide its **Shipment Claims Ratio** for calendar or fiscal year 2014. The ratio shall be the ratio of claims for shipment loss or damage to total shipments for both express small package air and expedited ground service shipments.

For 2014 the Shipment Claims Ratio for paid claims was X per XXXXXX packages shipped.

6.1 H - PRIOR EXPERIENCE

3. Offeror shall provide documentation of on time delivery performance for express small package air and small parcel ground services for the past twelve (12) months.

UPS is providing the following on time delivery performance data for air and ground small parcel shipments, based on the Participating State that currently have a signed ValuePoint Participating Addendum visible on the ValuePoint website under WSCA Master Agreement, Contract Number UPS MA065. Each on time delivery performance percentage is calculated using the total amount of ground or air packages attempted to be delivered on the guaranteed delivery date. Exclusions from this calculation include but are not limited to any acts of God, Force Majeure, incorrect addresses, weekends (with the exception of Saturday Delivery packages), holidays, Delivery Intercept and shipper / consignee re-routed packages.

section 401 (d) (3) of the
Federal Aviation Act

ORDER ISSUING EFFECTIVE CERTIFICATE

By Order 88-1-20, issued December 24, 1987, the Department granted United Parcel Service Co. (UPS) a certificate of public convenience and necessity to engage in foreign charter air transportation of property and mail. ^{1/} The certificate was to become effective on the sixth day after we had received from the Federal Aviation Administration a copy of the carrier's Air Carrier Operating Certificate and Operations Specifications authorizing such service.

On September 6, 1988, we received the FAA documents which authorize the carrier to engage in foreign air transportation operations. We also received a request from UPS to waive the six day condition and make its authority effective immediately.

After review of these documents, we decided to grant UPS's request and make its authority effective as of September 6, 1988. We orally advised the carrier of this action on that date, which we confirm here.

ACCORDINGLY, acting under authority assigned by the Department in its Regulations, 14 CFR 385.14 (ee):

^{1/} UPS also holds a domestic all-cargo air service certificate (issued by Order 87-12-61) and conducts operations under that authority.

- 2 -

1. The certificate of United Parcel Service Co. is reissued in the attached form to reflect the actual effective date; and
2. We will serve a copy of this order on the persons listed in Attachment A.

Persons entitled to petition the Department for review of this order, under 14 CFR 385.50, may file their petitions within 10 days of the date of service of this order. This order shall be effective immediately and the filing of a petition for review shall not alter its effectiveness.

Between any point in any State of the United States or the District of Columbia or any territory or possession of the United States, and any point outside thereof.

This authority is subject to the following provisions:

- (1) The holder shall at all times conduct its operations in accordance with the regulations prescribed by the Department of Transportation for charter air transportation.
- (2) The holder shall at all times conduct its operations in accordance with all treaties and agreements between the United States and other countries, and the exercise of the privileges granted by this certificate is subject to compliance with such treaties and agreements and with any orders of the Department of Transportation issued under them, or for the purpose of requiring compliance with them.
- (3) The exercise of the authority granted here is subject to the holder's first obtaining from the appropriate foreign governments such operating rights as may be necessary.
- (4) The exercise of the privileges granted by this certificate is subject to any other reasonable terms, conditions, and limitations that the Department of Transportation may prescribe in the public interest.
- (5) The holder shall maintain in effect liability insurance coverage as required by Part 205 of the Department's Regulations. Failure to maintain such insurance coverage as required by Part 205 renders a certificate ineffective and this or other failure to comply with the Federal Aviation Act or the Department's regulations shall be sufficient grounds to revoke this certificate.

2. Offeror shall represent and warrant that it is authorized pursuant to permits issued to transport shipments, as described in this Master Agreement in interstate and foreign commerce from, to, or between all points and places in the United States and international points and to lawfully furnish to the Authorized User all related services provided for herein.

UPS can comply with this requirement.

3. Offeror shall certify that it agrees to immediately notify Authorized User of any threatened or actual suspension or revocation of any such permit or operating authority during the course of any awarded price agreement.

UPS can comply with this requirement.

4. Offeror shall represent and warrant that it has not, and during the term of this Master Agreement, will not request, pursuant to 49 U.S. C. Section 14501 (c) (B) (ii), to be subject to any law, regulation or provision that purports to create any right or obligation that is inconsistent with the provision of this Master Agreement.

UPS can comply with this requirement.

5. Offeror must provide its calendar or fiscal year 2014 Operating Ratio (operating expenses divided by operating revenues multiplied by 100 give the percentage of the operating revenues which are required to pay the operating expenses, this being the operating ratio).

UPS can comply with this requirement.

In 2014 the % of Operating Revenues required to pay Operating Expenses was 91.47%.

| | |
|--|------------------|
| Total Operating Expense | \$53,264,000,000 |
| Total Revenue | \$58,232,000,000 |
| % of Operating Revenues required to pay Operating expenses | 91.47 % |

6. Offeror must provide its Shipment Claims Ratio for calendar or fiscal year 2014. The ratio shall be the ratio of claims for shipment loss or damage to total shipments for both express small package air and expedited ground service shipments.

UPS considers on Shipment Claims Ratio information confidential, protected or proprietary information. Please see section 3 of this technical proposal titled Confidential, Protected or Proprietary Information.

7. Provide the following information specific to your company:

a. Your company's full legal name

United Parcel Service, Inc.

b. Primary business address

55 Glenlake Parkway, Atlanta, GA, 30328

c. Describe your company ownership structure

UPS is a publicly held company with a rich history of employee ownership. We believe that the dedication of our employees results in large part from our distinctive “employee-owner” concept. Our employee stock ownership tradition dates from 1927, when our founders, who believed that employee stock ownership was a vital foundation for successful business, first offered stock to employees. To facilitate employee stock ownership, we maintain several stock-based compensation programs. We are the largest package delivery company in the world, in terms of both revenue and volume. We offer a broad array of services in the package and freight delivery industry and, therefore, compete with many different local, regional, national and international companies. UPS shares are traded on the NYSE as NYSE^UPS.

UPS is governed by our Management Committee and Board of Directors. In addition to our Management Committee and Board of Directors, our organization is supported by our greatest asset: our global workforce. Following are members of our Board of Directors, Management Committee.

David Abney, UPS Chairman and Chief Executive Officer

UPS has set a new business standard called synchronized commerce. With the widest portfolio of services in the industry, we move goods, information and funds precisely so our customers have the solutions they need to compete on the world stage.

B - FIRM RATES

Offeror must certify that firm rates will remain the same for at least one (1) year from the execution of the contract.

UPS agrees that if accepted, our rate proposal will remain the same for at least one year (1) from the execution of the contract. Any future rate change submissions will occur on an annual basis and will be presented to the Lead State - The State of Utah.

Offeror must acknowledge that rate increase submissions may only occur on an annual basis. Offeror must request the increase to the Lead State. The Lead State will review each rate increase submission and the Lead State may, at its discretion, utilize the PPI and CPI to reject, approve, or negotiate rate increases.

UPS can comply with this requirement.

Awarded Offeror will be required to submit firm rate sheets before contracts are finalized.

UPS can comply with this requirement.

C - FUEL SURCHARGE

Offeror shall certify that if a fuel surcharge will be applied, an express (air) and ground cap cannot exceed 7% for the full term of the Master Agreement. Offeror's must further certify that a fuel surcharge, if any, will be published on its website so that all Authorized Users can confirm the accuracy of invoices. Offeror must further certify that its website shall also provide historical fuel surcharge information.

UPS can comply with a fuel surcharge for express and ground not to exceed 7%.

Offeror must list a fuel surcharge in its proposed cost sheet only. Offeror shall not list the fuel surcharge, if any, in this section. This section is only to be used to certify that the Offeror will not exceed the 7% cap for the full term of the Master Agreement that it will publish the fuel surcharge, if any, on its website, and will provide historical fuel surcharge information on its website. If a fuel surcharge is listed in this section of the response, the proposal may be rejected for not being responsive.

UPS can comply with this requirement. UPS agrees that our air and ground surcharges will be capped at 7% annually for the full term of the Master Agreement.). The table will be a fixed table for the life of the agreement. The ups.com website can be used to determine the index value. Fuel surcharge matrixes have been completed and included as part of the UPS pricing response to the NASPO ValuePoint RFP.

D - CARRIER SERVICE GUIDE

Offeror's must have a carrier service guide in effect at time of Master Agreement award will be in effect for the first year of the Master Agreement with no changes in rates or charges during that time without the prior written approval of the NASPO ValuePoint Contract Administrator. Offeror shall certify that it will have a carrier service guide

established and in effect at the time of Master Agreement award. The pricing in this Master Agreement is not tied to the Carrier's published list pricing in the Service Guide.

UPS certifies that it will have its carrier service guide ("UPS Rate and Service Guide") established and in effect at the time of the Master Agreement award. The most current UPS Rate and Service Guide can be located at: www.ups.com/terms . With the exception of pricing, the terms of such USP Rate and Service Guide will apply to the services provided under the Master Agreement and is incorporated herein by reference. In the event of conflict, the terms of the Master Agreement will supersede these terms to the extent of the conflict as set forth in Section 1.b of the Master Agreement.

Pricing in this Master Agreement is not tied to the pricing the UPS Rate and Service Guide; provided that, any rates and fees contained in the UPS Rate and Service Guide for services and offerings not specifically itemized in the UPS Cost Proposal shall apply to such services to the extent that such services are requested. UPS reserves the right to make any changes to its UPS Rate and Service Guide; however, the applicability of any such changes to the rates or charges in the UPS Rate and Service Guide by UPS to the Master Agreement after the execution of the Master Agreement will be subject to prior written approval of the NASPO ValuePoint Contract Administrator.

E - EXCLUSION OF LISTED CHARGES

Offeror must certify the following regarding the exclusion of listed charges:

1. Offeror shall not propose pick-up charges or weekly service charges for air or ground shipments tendered to the Carrier due to aggregate NASPO ValuePoint volume anticipated.

UPS can comply with this requirement. UPS agrees that it will not propose pick-up charges for small package air or ground shipments. UPS will also not assess pick-up fees for state government accounts utilizing a drop box or UPS facility for tender of packages. In order to support NASPO ValuePoint's and the participating States' Green Initiatives, UPS will encourage the use of Smart Pick-up Service were practicable. By utilizing Smart Pick-ups, a shipping location can request a pick-up automatically at point of shipment processing only on those dates when an actual shipment is being tendered. There is also no charge for Smart Pick-up Services.

We will work locally with all State agencies to schedule convenient pick-up times for their locations.

2. Offeror shall not require a minimum number of packages per trip, per day, per week or per month.

UPS can comply with this requirement. UPS will not require a minimum number of packages per trip, per day, per week or per month.

3. Offer shall not apply a pickup charge to be assessed in addition to the contracted rate for the shipment.

UPS can comply with this requirement. UPS will not apply a pickup charge to be assessed in addition to the contracted rate for the shipment. In order to mitigate unnecessary expenses, we encourage the use of UPS Smart Pick Up and UPS On-Call Pickup® service wherever daily pick up service is not the required option. UPS Smart Pick-Up Service will allow NASPO ValuePoint the convenient and efficient on line request for pick up(s) when needed, and avoid the necessary expending of resources to stop by to check for outbound shipments.

F - CARRIER PICK-UP

1. Offeror shall certify that it will pick-up packages directly from all requesting agencies and political subdivisions upon request. Offeror must bill each Authorized User for shipments the Authorized User tenders to the Carrier.

UPS can comply with this requirement. UPS will provide pickup delivery for all state government facilities, commercial addresses, and private residences. Our drivers make daily pickups and deliveries to government mailrooms, suites and loading docks. We consult with our customers at the local level to provide convenient pickup and delivery times that meet their needs. With UPS, a single driver can pick up Ground, Air and International packages at the same time, where practical, making it easier to prepare shipments and reduce congestion and greenhouse gas emissions.

UPS On-Call Pickup® is available to for all ground, and international shipments or services. This service will give you the convenience of having shipments picked up simply by scheduling pickup via ups.com® or by calling 1-800-Pick-UPS®. In most cases, UPS On-Call Pickup supports same-day or next-day pickup requests submitted online, or over the phone. In order to ensure accurate pick-up, we would ask NASPO sites to allow at least one hour between the request and pickup time.

UPS Smart Pickup® combines the predictability of an automatic Daily Pickup with the flexibility of requesting a pickup on demand. Having UPS come to your business only when you have a package to ship saves fuel and can reduce carbon emissions. The UPS Smart Pickup option uses innovative technology to automatically arrange a pickup only when you have packages to ship. When you process a shipment using WorldShip, UPS Internet Shipping or UPS CampusShip®, the system automatically notifies a UPS driver to make a UPS Smart Pickup that same day to pick up all prepared packages. If a package is processed too late in the day to notify the UPS driver to pick up your package the same day, you can schedule a UPS Smart Pickup for the following day, request a UPS On-Call Pickup®, or find a UPS location to drop off your shipment.

SCHEDULED PICKUP OPTIONS

UPS can offer NASPO several convenient automatic scheduled pickup options. We believe the ideal situation for NASPO would be to have one UPS driver will pick up all of your packages including ground, air and international helping to reduce NASPO Authorized User's and UPS's carbon footprint.

- Daily Pickup – Once a day at a scheduled time, Monday through Friday, to pick up ground, air or international shipments. This option is ideal for frequent shipments.
- Daily On-Route Pickup – This would occur once each business day while making deliveries in your area. We could stop and pick up for NASPO even if your location was not receiving deliveries.
- UPS Smart PickupSM – Using this option, all NASPO would do is simply process a shipment before the notify time using UPS WorldShip®, UPS Internet Shipping, or UPS CampusShip®, and a UPS driver would automatically be notified to make a UPS Smart Pickup the same day.
- Day-Specific Pickup – This option allows NASPO to arrange pickups on the days that you determine are the most effective for you (1-4 days)

G - MONEY BACK GUARANTEE

1. Offeror shall certify that it will provide a 100% Money Back Guarantee. Upon request of the Authorized User, the Carrier shall fully refund or credit the Authorized User account for the packages that are not delivered or picked up in accordance with the guaranteed delivery service. Authorized User shall decide between a refund or a credit to their account. Packages that are delivered over 60 seconds after the guaranteed delivery time are considered late. The Authorized User shall request the refund or credit within 30 days of the scheduled delivery time. Carriers are encouraged to offer automatic refunds. If the late package meets one or more of the Carrier's exception criteria, as stated in the Service Guide, the Carrier is not obligated to issue a refund to the Authorized User.

UPS can comply with this requirement. UPS small package delivery services are subject to a money-back guarantee. If UPS fails to attempt delivery within the guaranteed time, we will on request, refund or credit NASPO participating with the shipping charges (or the proportionate part of those where only some of the packages in a shipment fail to meet the applicable time), provided that the conditions identified in our service guide are met (UPS Rate and Service Guide at www.ups.com). The guarantee does not apply when late delivery results from the package not complying with the service restrictions and conditions set out in our terms and conditions of carriage, from events beyond our control (force majeure) or due to any suspension of carriage or the exercise of any lien in accordance with our terms and conditions. The authorized user must request a guaranteed service refund within 15 calendar days from the date of scheduled delivery if we fail to meet the delivery commitment. This is consistent with our standard commercial practice. All service refunds and claims are subject to the terms and conditions of the UPS Tariff in place at the time of shipment.

Please note that our standard commercial limit of liability is 15 days from the date of the scheduled delivery. This solicitation was amended to reflect the 15 days and replace the 30 days in Section 4.1 (G) on June 14, 2016.

2. Carrier must provide clearly marked money back guaranteed zone based price sheets (schedules of rates and charges) for each service showing rates and charges by weight and zone for all contiguous 48 state domestic shipping. Separate rates in pages may be provided and clearly marked for Hawaii and Alaska and Puerto Rico services. Carriers offering pricing for intrastate ground services only must provide separate clearly marked zone based pricing for the designated state. Rates will be in dollars and cents per pound.

UPS can comply with this requirement. As part of our response UPS has provided a complete set of rate charts for all services offered. The rate charts will be designated and marked as MBG (Money Back Guarantee eligible) UPS will only offer MBG rates.

H - PRIOR EXPERIENCE

1. Offeror must submit a list of states where they have done business in the last twelve (12) months along with point of contact information. The State reserves the right to reach out to any state and collect past performance information that can be used to evaluate past performance.

UPS can comply with this requirement. We have provided contact information for 11 customers UPS has done business with in the last 12 months.

- Offeror shall provide documentation of on time delivery performance for express small package air and small parcel ground services for the past twelve (12) months.

UPS considers on time delivery performance information confidential, protected or proprietary information. Please see section 3 of this technical proposal titled Confidential, Protected or Proprietary Information.

I - CARRIER CAPABILITIES

- Offeror must have the capabilities of providing the services required under this Price Agreement. For Offerors providing interstate services under the resulting price agreement, Offeror shall serve every zip code in the United States.

UPS can comply with this requirement. Additional relevant carrier capability detail below in I-2

- Offerors providing intrastate services shall serve every zip code within the boundaries of the Participating State requesting intra-state services as identified in this RFP.

UPS can comply with this requirement. UPS is uniquely qualified to continue to meet the small package delivery service needs of NASPO ValuePoint participants. We offer an unmatched portfolio of domestic and international services with service to every address (100% of zip codes) in the 50 states and Puerto Rico.

Our comprehensive portfolio offers more guaranteed, time-definite delivery options than anyone else.

UPS has the capacity (and experience) to develop customized shipping and logistics solutions for those State Government Agencies and related users who may have specialized requirements, and we provide free technology solutions that assist our customers in managing overall transportation spend. Authorized Users can utilize UPS shipping systems that allow their administrators to limit usage of certain services to specific individuals, and we provide billing analysis tools that help shippers highlight problem areas (such as over usage of air services, accessorials, etc.) and reduce unnecessary expenses.

The UPS network is extremely flexible and convenient for our customers. Packages in our system range from individual letters up to packages weighing 150 lbs. All packages in the UPS system are bar-coded and tracked. The barcodes on the UPS address labels are scanned up to seven times as the packages travel through our system; all of the tracking information from these scans is available to shippers on our website at www.ups.com. Packages can be tracked via a number of methods, and UPS offers free tools that provide our customers with proactive visibility over all of their shipments. UPS also provides pickups to more than 1.2 million shippers per day, and we handle more than 14 million packages daily around the world.

J - DROP BOXES AND SHIPPING SUPPLIES

1. Carrier must agree to place receptacles in convenient locations within Participating States and describe other centralized collection procedures available. Containers must be of sufficient size to contain 8 ½" x 11" sheets of paper, without folding, up to the weight limit for various categories. The Carrier shall provide express pack boxes and express tubes to Participating States at no cost. Carrier shall provide requested materials and supplies within 48 hours of request, except for pre-printed shipping forms. Pre-printed shipping forms are Carrier's shipping forms pre-printed with users address and billing information. Note: Any pre-printed terms and conditions on any Carrier forms, which are inconsistent with the terms and conditions of the Master Agreement and any Participating Addendum are rejected and do not modify, change or replace the terms and conditions of this Master Agreement or subsequent Participating Addenda.

UPS can comply with this requirement.

SUPPLIES

As part of our new account implementation process, individual sites are contacted to determine the supplies needed. UPS offers a variety of labels, boxes, paks and other supplies at no charge for Next Day, Second Day, Three Day and International Service shipments. Users can be order them directly through an authorized shipping solution, via www.ups.com or by calling 1-800-PICK-UPS. Delivery is available only within the United States, and will be sent from the nearest supply location, and takes one to three business days.

2. Offeror shall, at no additional charge, provide Authorized Users with label printers, labels, etc. or the ability to print labels that are required to prepare articles for shipment. Offeror shall describe its program for providing such printers, including its lease terms and conditions or the ability to print labels.

With a package commitment, UPS offers a unique program called the Customer Technology Program. The Customer Technology Program enables our customers to receive computer hardware, software and peripherals (Printers, scales, etc.) All supplied hardware is UPS WorldShip® compatible, and all PCs have UPS WorldShip preinstalled.

3. Carrier shall provide online services ordering capability as well as online printing of shipment documentation and labels. Online ordering and printing services shall be available to Authorized Users via access through the Internet and be capable of being accessed utilizing standard Internet Web Browsers. Offeror shall describe its online ordering and shipment documentation printing services, including a description of the security and privacy protection features that will be applicable to online services. The system shall accommodate a reference field for internal tracking numbers for invoice payment. The reference field shall accommodate up to 20 characters.

UPS can comply with this requirement.

UPS offers several core solutions for facilitating online shipping and label production. Our tools and technologies are built to make life easier for NASPO ValuePoint customers. Our solutions create efficiencies, centralize control, cut costs, and increase productivity. All UPS shipping solutions exceed the 20 character reference field requirement at 35 characters. They let customers ship faster, with more flexibility and better insight. And, most importantly, they give customers more time to spend on their core business. As a part of implementation, the UPS team will guide users to the appropriate UPS solution for shipping.

UPS INTERNET SHIPPING

With your My UPS login, UPS Internet Shipping lets you prepare air, ground and international shipments using a UPS account number or credit card. Not only can you ship individual packages, you can also create bill of lading and air waybills. Determine package and freight rates; schedule pickups; find drop-off locations; track shipments; store recipient contacts; store billing, notification and printing references; view shipping history; and receive email notifications - all online at ups.com®. Features include:

- Online shipping** — With no software to install, quickly process your small package, Less-Than-Truckload (LTL) and Air Freight shipments in one convenient location on ups.com®. Ship up to 20 packages at one time to a single receiver or create batch shipments through Distribution List processing or Import Batch Shipping. Minimal navigation between entry screens saves you valuable time so you can focus on other critical business tasks.

- **Address book convenience** — Speed shipment processing by selecting from the built-in Address Book each time you ship a package. Store up to 2,000 addresses, individually or batch imported in CSV format, and add residential or commercial classifications. Eliminating repeated key entry will reduce the chance for errors resulting in potential delivery problems or costly delays.
- **Flexible shipping options** — Take advantage of a variety of day- and time-definite UPS package and freight services and value-added solutions such as UPS Returns®, Declared Value and Quantum View Notify® e-mail notifications for up to five people. Visit ups.com to learn more about our domestic and international service portfolio serving over 220 countries and territories and tailor shipments to your specific business and customer needs.
- **Full visibility** — Keep you and your customers informed of package progress by tracking a shipment from pickup to delivery on ups.com. With UPS Tracking, you can get instant status on up to 25 package or freight shipments at once, free of charge. Use your UPS tracking number or a reference number of your choice to determine the status of your shipments in the UPS system.
- Fast online shipping at ups.com. Log in and take advantage of all of the shipping options UPS has to offer in a few easy steps.

From any desktop, users within an organization can:

- Use corporate and personal address books to speed processing and reduce errors
- Select from multiple billing options
- Prepare shipping labels
- Download or view shipment history data online
- Allow users to create, manage and ship to a distribution list
- Allow users to import shipment data to process up to 250 shipments at once
- Ship domestic and international packages and freight using one system
- Administrative features allow management to:
 - Customize, require, validate and lock reference fields used for reference information such as client/matter codes, cost codes, purchase order numbers and department codes
 - References can be used for tracking and billing as a solution for cost center allocation.

- Share and update common address information across the organization with a corporate address book, or utilize recipient info from Outlook®
- Restrict or grant access to the corporate address book, recipient addresses and address groups, ship-to countries, UPS service levels, optional UPS services, payment methods or other shipping and administrative features
- Allow users to see no rates, published rates or account-specific negotiated rates
- Use shipping history reporting capabilities or export data into a comma separated value file format to integrate data into your enterprise systems or analysis tools
- Notify up to five recipients of a shipment's status using email notifications
- Allow or grant access for users to charge shipments to credit cards
- Produce detailed reports on usage

UPS CampusShip® offers significant benefits for both employees and management. By putting this fast, easy-to-use shipping system at everyone's fingertips, organizations can:

- Reduce costly shipping errors
- Lower shipping costs by eliminating the need for a centralized mailroom
- Better allocate shipping charges
- Improve customer/client service

NOTE: UPS has provided NASPO ValuePoint \$262,852 in savings through the implementation of UPS CampusShip®.

SECURITY AND PRIVACY PROTECTION

UPS understands the importance of customer confidentiality. UPS manages and secures data, including personally identifiable information (PII), in a manner that complies with applicable laws and regulations.

UPS goes to great lengths to ensure your assets and data are secure throughout the entire transit process. Due to confidentiality, we cannot reveal too much regarding our extensive security practices. The following details briefly illustrate the different safeguards we take to protect our customers' information.

NETWORK SECURITY

As a security measure to prevent the compromise of data, UPS employs network firewalls and intrusion prevention systems. The firewalls block the transmission of certain classes of traffic. We block internal traffic going outbound except for authorized sites. UPS also maintains systems that move data through routine electronic data interchange (EDI) transmissions where the engagement requires this form of protection.

DATA CENTER SECURITY

The UPS datacenters are physically separate from other UPS operations. Security cameras, sprinklers designed for electrical fire retardants, badge identification, and a locked waiting room protect the data center. This area is restricted to authorized personnel.

INTERNET APPLICATION SECURITY

We use current commercial technology to protect customer data from unauthorized access via the Internet. We use Secure Sockets Layer (SSL) or Transport Layer Security (TLS) for encrypted communication and digital certificates for validation and authentication.

CLIENT DATA

Security associated with our customer information is important to UPS. Our Web-based applications available via the Internet require a unique ID and password.

APPLICATION SECURITY

Most UPS applications use a hierarchy of authorization levels to permit access to application programs and screens. We assign each user a security profile, which allows access to various functions and screens.

K - SOFTWARE

Carrier shall, at no additional charge, provide Authorized Users with any software that is required to prepare articles for shipment. Carrier shall provide Authorized Users the most current version of the software and provide upgrades and enhancements free of charge during the term of this Master Agreement. Software shall be compatible with PC operating systems and Macintosh systems. Carrier shall indicate if any such software is required or available.

UPS can comply with this requirement. UPS has many options for automated shipping, tracking, address book utilization, and label creation. As a part of implementation, the UPS team will guide users to the appropriate UPS solution for shipping.

UPS WorldShip Software – is UPS' full-featured, Windows-based shipping solution (either hardware/software or software only options) used primarily by customers with a mail room or warehouse shipping environment.

Key features include:

- Access to full portfolio of UPS shipping services (including link to freight shipping)
- Ability to print “smart” shipping labels with two printed reference numbers and one bar-coded reference number or a company logo.

- Import and export of shipping data to/from other business applications with Online Connect functionality including a “hands-off” shipping option.
- Shipping profiles to customize preferences and defaults.
- Full export documentation support.
- Street-level address validation.
- Reference field capability of over 20 characters
- Shipping history with tracking and signature proof of delivery through UPS.com.
- Ability to process shipments with a future pickup date.
- Configurable shipment detail report.
- Display of UPS published rates or custom rates.
- Ability to print shipment/package documentation labels.
- Ability to order supplies
- Distribution list processing.
- Local Area Network installation to support multiple workstations
- Users can easily track UPS packages through their UPS WorldShip shipping software or hardware.

NOTE: UPS has provided NASPO ValuePoint \$1,518,929 in labor savings and \$1,303,900 in equipment cost savings through the implementation of WorldShip.

While UPS’s core technology offerings are filled with features that meet most shipping needs, occasionally a more robust solution is needed. For more specialized needs the following solutions are available for a fee:

iShip®

When your organization spans a number of different locations, managing shipping activities across the enterprise can seem particularly challenging.

iShip can eliminate these challenges with shipping solutions that can be used at any location, yet have centralized data. iShip is a software as a service model with several different corporate shipping solutions that support UPS shipping. All rates, business rules, route data and fuel surcharges are updated automatically and coincide with carriers’ effective dates.

No matter where users are located, iShip provides managers and administrators complete control and visibility into their shipping activity and allows you to define shipping procedures, approve carriers and rates and set shipping rules. iShip becomes the centralized “mailroom” that serves everyone in your multi-location organization.

iShip's highly configurable solutions are an important advantage for any industry. It will help reduce shipping costs by:

- Limiting specific services and options available for selection
- Reducing delays and charges due to incorrect addresses
- Accurately determining shipping costs that can be later billed to customers
- Ensuring discounts and special rates are used

iShip provides you shipping insight. You see your shipping costs upfront before printing a shipping label. You can track shipments to delivery. Integrated reports and data extracts across the entire enterprise help you audit and manage shipping practices.

ConnectShip®

Businesses with locations across the country and around the globe find managing enterprise wide shipping activities increasingly complex and challenging.

ConnectShip, a UPS subsidiary, offers customers a way to integrate and centrally manage their organization's shipping decisions. Products within ConnectShip are designed to meet the specific needs of companies in a range of shipping environments.

ConnectShip® Toolkit is a set of Application Programming Interface (API)-based tools that delivers total order visibility for companies with complex, growing, multi-carrier shipping environments. This centrally administered and server-based global solution for international origin and destination support provides visibility from order entry to carrier pickup. ConnectShip Toolkit also generates and prints documents and labels required by users and integrated carriers.

ConnectShip® Warehouse is a client-server shipping management application that delivers reliable and efficient package and less-than-truckload (LTL) shipment manifesting for companies with mid- to high-volume multi-carrier shipping needs. This tool offers simple point andclick configuration of application settings and straightforward integration of carrier compliance into existing systems.

ConnectShip® Chainlink is a suite of browser-based applications that automate functions to support shipping requests, customer service inquiries and shipment manifesting via package and LTL carriers. For companies with complex, multi-carrier shipping environments, Chainlink can be used throughout the enterprise to deliver seamless integration of all shipping activities with carriers including UPS, BAX Global, Canada Post, Canpar, DHL, LTL, Purolator, TNT and USPS.

ConnectShip® Advisor is a shipment rating application that simplifies carrier and service selection by providing a comprehensive view of rate, fee and time-in-transit information for UPS package, freight and LTL shipments.

ConnectShip® Merchant is an electronic routing guide for e-commerce order management systems. This application delivers customer-customizable rating solutions for front-end order entry applications in both stand-alone and

integrated enterprise systems. With ConnectShip Merchant, online retailers can generate carrier tracking numbers that allow shoppers to track orders, determine actual shipping charges for immediate and accurate billing and choose both carrier and speed of shipment based on associated costs.

The ConnectShip suite of applications gives customers the range of tools they need to manage a multi-carrier environment efficiently. ConnectShip makes it possible for companies to take full advantage of the shipping options available to them by making it easier for users to:

- Make informed choices about carriers
- Integrate individual carrier compliance into existing systems
- Improve shipping system functionality across an organization

Backed by the UPS global network, ConnectShip helps companies make sense of a complex, challenging shipping environment.

L – POINT OF CONTACT

1. General Point of Contact: Carrier must provide the name of the person who will work with the NASPO ValuePoint Contract Administrator during the term of the Master Agreement. This person must be authorized to coordinate with other Carrier representatives in each Participating State to ensure an efficient implementation of the Master Price Agreement. These representatives will be able to quickly assign agency account numbers and insure the NASPO ValuePoint contract rates are attached accordingly. Carrier must describe the process required to obtain agency account numbers and Carrier personnel assigned must have full knowledge of the NASPO ValuePoint Master Agreement. Carrier shall designate one person responsible for Carrier's work under this Master Agreement. Carrier shall provide to each Participating State the name, address and telephone number of such person and shall keep this information current at all times. Should contact with such person require long distance calls, Carrier will provide a toll free number to be used during normal business hours.

UPS can comply with this requirement.

UPS Director of Enterprise Accounts Tom Dames (202-675-4228, tdames@ups.com) will be the NASPO ValuePoint Contract Administrator. Tom has been with UPS for 29 years. He is authorized to coordinate with all the UPS Directors aligned to each Participating State to ensure an efficient implementation of the Master Price Agreement. These directors will assign new account numbers when required and ensure that these account numbers are attached to the correct contracted rates.

Tom will work in conjunction with a Managing Director and be supported by 7 Directors of Enterprise Accounts. The sales team is geographically aligned to each state. Each state will be provided the name, address and telephone of their aligned director and we will keep this information current at all times. In turn, these 7 Directors will coordinate activities with over 500 Field Account Managers

who will provide local support to NASPO ValuePoint participating sites and Authorized Users.

The account set up process will begin when the State Participating Addendum (PA) is executed and the states begin the identification of required shipping locations. The Directors of Enterprise Accounts will work directly with each state devise an implementation plan. Within this plan they will address the areas of: shipping processes, shipping solutions, pick-up and delivery needs, visibility tools, invoice validation processes. These implementation plans will include timelines and task lists and assignments, and usually include weekly conference calls and trackers to ensure timely completion of required activities.

2. Problem Resolution Contact: Problem Resolution. Carrier shall be available for problem resolution on-site at the Authorized User's location. In addition, Carrier shall be available to Authorized Users via local or toll free phone number for normal problem resolution including but not limited to problems of shipment pickup, delivery, claims handling or incorrect billing. Requests for on-site problem resolution shall be on an as needed basis per request by the Authorized User. Carrier shall respond to the on-site problem resolution within 24 hours of Authorized User's request. Offeror shall provide their problem escalation process.

UPS can comply with this requirement.

UPS deploys over 500 sales and support representatives throughout the US that will support local issues. UPS has a dedicated toll free number where we will have a dedicated customer support team that will assist with any issues that may arise. This customer support team will provides full coverage so that NASPO ValuePoint users will not realize any gaps in coverage that may occur due to for vacations, illness, etc. This has proven to be a better option than having one dedicated person. We will have a dedicated email address that will also be routed to NASPO ValuePoint support team members.

3. Offeror shall have trained personnel that can research and maintain a quality assurance program through tracking and monitoring deliveries. Offeror must describe its ongoing quality control program. Carrier shall have uniformed personnel who will adhere to all security procedures required by Authorized Users.

To ensure the quality of our service, UPS has assigned an operational excellence manager to every UPS region and district throughout the U.S., as well as internationally. These individuals are responsible for monitoring performance indices such as time-in-transit, shipment integrity, tracking data accuracy, as well as damage and claim occurrences. Operational excellence managers are responsible for identifying problem areas and then working with our operational groups to resolve and eliminate problems. We hold them accountable for generating improvements in all of the indices that they track. Customer-focused service results have improved year-to-year in part due to the involvement of the Operational Excellence staff.

Total Quality Management

We have instilled the UPS approach to total quality management within all levels of management and non-management through a program called “Think like a Customer.” This philosophy applies to both internal and external customers. Every UPS employee is the customer of the preceding operation, so every employee’s goal is to “Think like a Customer” and to ensure that the quality of his or her work meets the expectations of the next operation. By generating this behavior throughout the distribution chain, we assure the satisfaction of the ultimate customer.

Balanced Scorecard

UPS uses a variety of internal indices that measure the quality of our work. The main internal control is the balanced scorecard. This is a comprehensive measurement system used to monitor overall company performance in four perspectives: customer, people, financial and internal business. We select specific, measured elements for all organizational levels and functions.

The following is a list of some of UPS’s measured indices on the scorecard:

- Delivery claim frequency
- Origin damages
- On-time delivery (index)
- Origin scan frequency (scans in UPS facility after we have made the pickup)
- Delivery scan frequency (service provider scan)
- Total time-in-transit
- Next Day Air time-in-transit

- End to end service
- International time-in-transit
- Part time employee turnover
- Volume plan versus actual
- Expense plan versus actual
- Profitability
- Operation productivity

Based on the results of these metrics and assessments, UPS operational excellence managers work with our operations group to isolate and correct any recognized issues in our system.

Consolidated Service Center Quality Control Group

The Consolidated Service Center Quality Control Group works with our phone center operations and is the control element for phone center service levels. Their responsibilities include:

Call Monitoring – This group has an active schedule of call monitoring to help evaluate the overall effectiveness of our customer service representatives.

Transaction Assessment – This procedure provides constant feedback about documented customer transactions. We return documentation with errors to the Consolidated Service Center sites to allow management an opportunity to follow up on inaccurate information.

Data Integrity Reports – These reports provide a monthly assessment on the quality of information captured and released in our operations.

Service Recovery Program

Our Service Recovery Program is a quarterly sampling that uses the UPS Customer Concerns Resolution Survey (CCRS). We use the results to provide a top-down comparison from corporate to region to individual district level. This is vital for making quality gains in customer satisfaction.

Customer Satisfaction Program

The UPS Customer Satisfaction Index (CSI) facilitates the continuous monitoring and measurement of customer satisfaction, relationship, loyalty, and value. The CSI measures customer satisfaction for UPS and two major domestic competitors – FedEx and the U.S. Postal Service (USPS).

We use CSI results to define specific actions to improve our service to our customers. More than 45 key elements are grouped into 13 major categories, all defined by the “voice of the customer.” Our customers decide which key attributes make up the elements that best determine customer satisfaction.

Each year, an independent service collects more than 2,000 customer interviews upon which we base our CSI results. We closely track and monitor these results and can further categorize the thirteen major categories into three key areas of customer perception. These areas are:

- *Core Services* – delivery and pick up reliability, visibility of shipments and technology solutions
- *Personnel* – account representatives, drivers and customer service representatives
- *Price and Value* – competitive rates, quality services at reasonable prices and flexibility

Measured Performance

Besides the traditional on-time performance measure of delivery by service level and customer, we measure customer satisfaction and our “Think like a Customer” effectiveness through the Customer Satisfaction Index (CSI). The CSI asks shippers to rate UPS and competitors on service attributes such as:

- Meeting their scheduled delivery day and time
- Consistently delivering packages in good condition
- Providing quality services at reasonable prices
- Accepting responsibility and ownership for issues or problems
- Providing real-time detailed visibility information from pickup through delivery

We track employee satisfaction using the UPS Employee Relations Index (ERI). The ERI contains the opinions of all workgroups. Each supervisory group can review their performance as related to their individual employees.

Production Quality Check Points

Quality checkpoints are determined through goals set forth by point of arrival (POA) metrics. POA metrics allow for strategic corporate-wide goals, which we align with overall vision and competitive position so individual employee actions are focused on attaining or exceeding those targets. We developed POA metrics so we can accomplish corporate goals by taking bite-sized challenges, realizing that we cannot reach our targets overnight.

M – SHIPMENT OF MATERIALS

1. **Dangerous, Hazardous or Otherwise Restricted Materials:** Carrier shall be capable of shipping a variety of hazardous, dangers or other restricted types of materials. Offeror shall provide its policy for dangerous, hazardous, and restricted materials.

UPS currently transports hazardous materials within and between the U.S. and Puerto Rico for Government Agencies. UPS provides many tools that can assist NASPO ValuePoint authorized users in determining if a package contains a hazardous material, and if it needs to be classified, labeled, marked, and packaged in accordance with government regulations. We also provide training workshops where Government employees can be properly trained, tested, and certified on hazardous materials procedures and regulations (as defined in 49 CFR).

UPS maintains a Hazardous Materials Support Center at 800-554-9964 that is available to answer any questions about shipping hazardous materials with UPS. The UPS Hazardous Materials Support Center is staffed and open continuously from 8am Monday until 6am Saturday.

UPS will handle all shipments containing hazardous material or dangerous goods in accordance with the requirements as outlined in the applicable governing regulations, including but not limited to Title 49 of the Code of Federal Regulations (49 CFR) and all applicable state and local regulations for the interstate and intrastate surface movement of shipments containing hazardous material or dangerous goods under this service. We are able to carry hazardous materials for our customers as a contract service under the provisions set forth in the UPS standard form Agreement for Transportation of Hazardous Materials (Agreement). To receive hazardous materials service, NASPO ValuePoint Authorized Users must either sign an Agreement or incorporate the provisions of the Agreement into a customized contract for shipping service with UPS.

In the event that some agencies hold exemptions and approvals from the U.S. Department of Transportation (DOT) or have a rider on existing exemptions and expect to receive other exemptions or approvals as needed to transport hazardous material evidence, UPS will provide pickup, special handling and timely delivery of exempted and approved hazardous material within the provisions of the stated exemption or approval as is consistent with our standard commercial practices.

Complete Hazardous Materials shipping guidance is available at:
<https://www.ups.com/content/us/en/resources/ship/hazardous/index.html>

2. **Evidentiary Materials:** Offeror must be able to provide services for shipments of evidentiary materials in compliance with any participating state laws, policies or procedures. A copy of these Participating State or Participating Entity policies and procedures is available upon request.

UPS is generally able to provide services for shipments of evidentiary materials pursuant to its “UPS Express Critical®” services as described in Section 6.1.I of this Technical Proposal. Such services will be subject to the terms established at: http://ups-scs.com/tools/terms/ups_expresscritical_tc.pdf, and such terms are incorporated herein by reference and in the event of conflict, the terms of the Master Agreement will supersede these terms to the extent of the conflict as set forth in Section 1.b of the Master Agreement. State laws, policies or procedures related to the handling of shipments of evidentiary materials have not been previously provided. Upon their presentation by any Participating State or Participating Entity, UPS will review relevant state laws, policies or procedures regarding the handling of shipments of evidentiary materials to ensure compliance. Such additional compliance requirements will be established in the Participating Addendum and/or Purchase Orders issued by the Participating State and/or Participating Entity and accepted by UPS.

N - DELIVER AS ADDRESSED

1. When requested, Offeror must return undeliverable package to sender, rather than performing an address correction and forwarding the package to an address. Offeror shall work with the Authorized User to adequately identify these items as “deliver as addressed” or in a mutually agreed language rather than forwarding them to a correct address. Authorized Users shall notify Offerors of such packages. Offerors shall not charge an additional fee for returned items that are appropriately identified as “deliver as addressed.”

UPS can comply with this requirement. Please note that this requirement will be met using a fee based service. With UPS, a single driver can deliver Ground, Air and International small package shipments at the same time. As is our standard commercial practice, UPS tenders packages for delivery to the mailroom, suite, loading dock, or residential address as labeled.

Deliveries to commercial locations occur during normal business hours. If an unforeseen event prevents our driver from making a delivery during normal business hours, packages will be returned to the local UPS facility and secured. An additional delivery attempt will be made the following business day. As more federal employees’ telework, we forecast an increase in agency residential pickup and delivery requirements. UPS offers shippers the option to request Signature Required or Adult Signature Required to prevent packages from being released at

residential locations. Residential consignees can sign up for UPS My Choice®, which will provide visibility into expected deliveries. This visibility offers consignees the ability to manage their deliveries with minimal disruptions.

O – MARKETING PLAN

Offeror shall provide a marketing plan explaining how it will market its relationship with NASPO ValuePoint, Lead State, and Participating Entities in future marketing material and campaigns. The NASPO ValuePoint Master Agreement Terms and Conditions include program provisions governing participation in the cooperative, reporting and payment of administrative fees, and marketing/education relating to the NASPO ValuePoint cooperative procurement program.

1. Briefly describe how you intend to promote the use of the Master Agreement.

UPS comprehends that effective services and value-rich solutions must be supported by a well thought out Marketing Plan which contains effective awareness and communications, dedicated individuals to support members, and competitive prices.

UPS SERVICES AND SOLUTIONS

UPS services and solutions can be tailored to meet the needs of each state and agency. UPS possesses a vast, highly trained network of local solution experts in each community, who offer flexible pick-up, delivery and logistic services tailored for each client. The large presence within each State or Commonwealth allows shipments to be picked up and delivered with short transit times. UPS has an integrated network; therefore, the same UPS driver can pick-up and deliver ground, air, and international shipments. The network is vast and enables connectivity within the same city and throughout the U.S. or the world.

UPS understands that government agencies are always looking for ways to improve efficiencies for its residents. Agencies and CPOs desire vendors who share best practices from both industry and government. UPS has developed solutions to support:

- Integration of technology to provide outbound and inbound visibility, ease of shipping, and simplified accounting reconciliation.
- Disaster relief and planning
 - Preposition inventory vs. vendor staging
- Responsiveness to the needs of the Department of Health
 - Newborn Screening
 - Water testing
 - Zika testing
 - Biologic testing
- Distribution of high-value and sensitive shipments
 - Evidence

- Electronic tapes
- Inbound optimization
- Warehouse planning and optimization
- Hazardous materials transportation
- International shipping
- Cost management

While States and Commonwealths have logistics challenges, UPS is there to offer support and expertise across all modes of the supply chain: international, truckload, security, brokerage, hazardous materials, mail, air freight, next flight out, and technology solutions. UPS has experts across all of these areas to augment the capabilities of the UPS Enterprise Account Director, CPOs, and their staff as logistic challenges arise.

AWARENESS AND COMMUNICATIONS

Awareness and communications, throughout any business facet, are essential in operating with a high level of efficiency and effectiveness. Good ideas often fall short due to ineffective communication. UPS's marketing plan focus both on internal and customer communications.

UPS Internal Communication

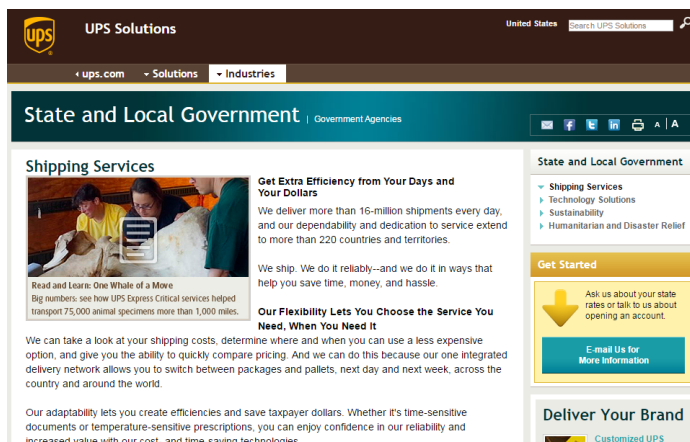

- Training of over 350 customer facing UPS solution experts on the value of the NASPO ValuePoint agreement.
- Upon announcement of an award, UPS will conduct a series of internal kick-off events and training sessions to fully explain the agreement and the value desired by NASPO ValuePoint. NASPO ValuePoint representatives are welcomed and encouraged to participate in these meetings.

UPS External Communication

- UPS Enterprise Account Directors will schedule reviews with CPOs or their designee within 15 days of the award.
- UPS will send written communication to member states detailing the award and desire to support their unique needs.

- UPS will promote the agreement on the State Government industry solutions page of www.ups.com. This site also contains links that enables a member to begin using UPS services. Link:

- Tradeshow and events are also another powerful communication vehicle to interact with members. UPS will attend the annual NASPO ValuePoint event “*How to Market to State Governments Meeting*” during the time frame of this agreement. UPS also plans to attend at least two other trade events that support NASPO ValuePoint members each year.
- UPS develops informative case studies of best practices that will be shared with CPO’s and agencies. These case studies support the desire for CPOs to be kept current on industry innovations and trends.

DEDICATED PEOPLE

UPS will ensure that NASPO ValuePoint members benefit from customer facing solution experts that are trained to support state government and dependent agencies; this is a strength of UPS. We value the opportunity to support NASPO ValuePoint members and recognize that training and equipping our solutions experts with industry specific knowledge and tools to support the agreement is essential in UPS’s success.

- Each State or Commonwealth will be assigned an Enterprise Account Director. Not only are they adept in optimizing logistics, each one is trained on essential government procurement and compliance guidelines.
- The Enterprise Account Directors are supported by an account team of over 350 Enterprise Account Managers trained to position the value of the NASPO ValuePoint agreement. UPS connects its sales representatives via a “Contract Implementation” technology tool that provides the appropriate UPS solution experts with information and direction regarding the implementation of the NASPO ValuePoint award or the specific instructions of the CPO.

- UPS Enterprise Account Directors and Enterprise Account Managers will evaluate participation in selected annual statewide leadership events or annual expositions of state procurement. This will contribute to the development of a professional relationship over the course of the agreement.
 - UPS will establish a toll free number that can respond to requests from NASPO ValuePoint members.
 - UPS will establish a dedicated NASPO ValuePoint email account for member inquiries. Members will have the option of utilizing this email address or emailing the UPS NASPO ValuePoint contract manager directly.
2. Knowing that state procurement officials (CPO) must permit use of the Master Agreement in their state, how will you integrate the CPO's permission into your plan for promoting the agreement?
- UPS assigns a transportation and logistics industry professional, UPS Enterprise Account Director to each state. The primary role of the UPS Enterprise Account Director is to support the CPOs in their aim to support the functional agencies. They do this by meeting with CPOs, CPO's direct reports, and function areas of the state in order to offer insight into new solutions and changes in the industry and government. Agreements will be reviewed with the CPO or their designee.
- The UPS Enterprise Account Director will review with the CPO the quantified value of the relationship, communicate activities regarding state agencies, and provide industry insight and best practices for the CPO to consider.
3. Public entities are sensitive to "scope" issues, that is, whether performance is within the intended scope of the solicitation as awarded. In the context of your method of promoting agreements of this nature, how would you clarify any questions regarding the scope the agreement with respect to any potential order?
- UPS Enterprise Account Directors are familiar with the scope of the agreement and can respond to questions. Additionally, UPS has a corporate manager that is responsible for the NASPO ValuePoint agreement and is a published contact for both internal and external questions. Additionally, the appropriate contract manager from NASPO ValuePoint would be contacted as needed.
4. How will your company manage due dates for administrative fee payments and usage reports?
- Tom Dames, UPS Director of Enterprise Accounts NASPO ValuePoint Contract Administrator, is the primary contact for the NASPO ValuePoint agreement and will ensure that payments and reporting as per the agreement are maintained and are on time. Tom will work with various functions within UPS to maintain this schedule.
5. Through its Cooperative Development Coordinators and Education & Outreach team, NASPO ValuePoint assists Lead States by engaging vendors in strategies

aimed at promoting master agreements. What opportunities and/or challenges do you see in working with NASPO ValuePoint staff in this way?

The NASPO ValuePoint staff are crucial to the success of providing services which benefit NASPO members. The NASPO ValuePoint staff ensures that members maximize the benefits of vendor agreements. UPS sees this as an opportunity to work with designated staff to gain insight to best support members. By fostering this relationship, NASPO staff will help to ensure that communications for CPOs, States, and agencies are appropriate and effective. Therefore, working with the NASPO staff on a regular basis is a priority and will in turn ensure the best services be offered to its members. UPS will formally meet with the appropriate NASPO staff members at least twice a year for a quantified business review.

NASPO ValuePoint staff will be able to provide insight as for the best way to communicate and implement solutions which benefit the states. NASPO ValuePoint staff will be able to provide introductions to key people responsible for solving particular problems at the state level.

P – GREEN TRANSPORTATION PLAN

Offeror shall outline its green transportation plan.

UPS maintains our leadership in sustainability initiatives and reporting and we have been consistently recognized for our global efforts. Notably, we earned a perfect score of 100 in the CDP Climate Disclosure Leadership Index's Global 500. This is the fourth consecutive year in which we have scored among the highest marks for voluntary carbon disclosure.

UPS was selected as a constituent of the Dow Jones Sustainability World Index for the second consecutive year and was included on the North America Index for the 10th consecutive year.

During 2014, we logged 154 million more miles in our alternative fuel and advanced technology vehicles, surpassing the 500 million mile mark in our journey to drive 1 billion miles in this fleet by the end of 2017. These efforts enabled us to avoid 25 million gallons, or 5.4 percent, of our total conventional gasoline and diesel use in 2014.

We have accelerated our investments in this alternative fuel and advanced technology fleet; we increased the total number of vehicles by 61 percent over 2013, including more than 1,100 natural gas vehicles. Although these vehicles require a greater initial capital outlay, they cost less to operate than conventional trucks and they give us more fuel flexibility overall. Through the end of 2014, we have invested in 23 LNG and CNG fueling operations across 10 states.

The use of telematics throughout our domestic small package, freight forwarding, and ground freight fleets enabled us to avoid 281 million minutes of idling time in 2014, equivalent to 2 million gallons of fuel and 19,000 metric tonnes of CO₂.

By the end of 2014, we deployed ORION to 23,000 U.S. drivers and expect to reach full deployment in the U.S. by the end of 2016. In 2014, drivers with ORION deployed

realized a reduction of six to eight miles per route, resulting in lower fuel use and related vehicle emissions. When fully deployed, ORION is expected to reduce the annual distance driven by our drivers by 100 million miles, saving 10 million gallons of fuel, which translates into 100,000 metric tonnes in CO₂ emission avoided each year.

We are providing additional details of our sustainability initiatives in Section F – Green Initiative of our RFP response. Our topics covered include:

- UPS Sustainable Global Transportation Network
- UPS Alternative Fuel/Technology Fleet
- UPS's Unmatched flexible Ground Network
- UPS Airline Sustainable Practices
- UPS Sustainable Services for Our Customers

UPS'S ALTERNATIVE FUEL/TECHNOLOGY FLEET

UPS has the nation's largest private fleet of alternative fuel/technology vehicles in the sector, gaining operational experience with every imaginable type of alternative fuel technology, including the novel hydraulic hybrid. UPS was the first in our industry to use:

- Electric vehicles (1935)
- Propane vehicles (1970s)
- Compressed Natural Gas (CNG) vehicles (1985)
- Hybrid Electric Vehicles (HEV) (2001)
- Liquefied Natural Gas (LNG) tractors (2002)
- Successfully tested hydrogen vehicle (2003)
- Hydraulic hybrid vehicle (2005); first in the industry to purchase and deploy (2008)

As fuel prices begin to reflect carbon emissions and new technology and economies of scale emerge, UPS will further expand its use of alternative fuel vehicles.

UPS'S UNMATCHED FLEXIBLE GROUND NETWORK

Our ability to shift to the most energy efficient mode of transport in segments of our expedited premium/air services (air is 6 to 8 times more energy intensive than truck) in US small package alone allows us to save the equivalent emissions of every UPS owned package car in the world (including the US domestic fleet) and is beyond what we already save with the use of the rail. Our extensive use of rail in the US and the extraordinary network & intermodal-shift capabilities are complemented by the most efficient & noise compliant airline in the sector; the only customized fleet; an operating model that gives us the ability to deliver and pickup all premium and ground packages with one vehicle and one driver; state of the art Package Flow Technology that gives us unprecedented sortation, loading, and routing capabilities

(no left hand turns); and precision in delivery through the use of seasoned teamster service providers to deliver our services throughout the US. It is hard to match UPS's flexible ground network necessary to effectively make such intermodal shifts while achieving timely delivery.

UPS FUEL-EFFICIENT AND NOISE COMPLIANT AIRLINE

UPS is one of the most fuel-efficient airline in the sector. Since becoming an airline in 1988, UPS has led the sector in the fundamentals that minimize CO₂ lbs. per available-ton-miles. UPS Airline currently operates at 1.42 lbs. of CO₂ per available ton mile (ATM – calculated in nautical miles). Our goal is to operate a global UPS air fleet with a 20% improvement in CO₂ lbs. per ATM from 2005 levels by 2020 (ATM calculated in nautical miles).

UPS's early actions started over 20 years ago. In 1987 we were the first in the sector to begin to upgrade from a 727 fleet to a 30+% more fuel efficient 757 fleet. As a result of this initiative we have saved over a billion gallons of fuel and 11 million tons of CO₂ between 1995 & 2008 alone. Additional significant airline improvements include:

- In 1995, UPS was the only airline in the sector that re-engined 727-100 aircraft (20% improvement in fuel efficiency / 50 million gallons of fuel savings). UPS retired the last 727-100 aircraft in 2008
- All 727-200 aircraft in the UPS fleet have been replaced by more fuel efficient aircraft, the last 727-200 was retired in 2004
- In 2008 we retired our last of the 747- 200's with upgraded 747- 400's which are 20% more efficient

UPS is committed to protecting our environment through sustainable business practices. We integrate sustainability across the board, with management leadership, comprehensive strategies, and practical action. We will continue to seek innovative ways UPS can make a positive impact on our environment through sustainability. We also hope to partner with our customers in achieving their sustainability goals for their operations.

UPS SUSTAINABLE SERVICES

Carbon Impact Analysis

We are part of our customers' supply chain. As they try to measure and manage the impact of that supply chain, it's useful for them to understand the greenhouse gas (GHG) emissions associated with it. Using our Carbon Impact Analysis, we calculate GHG emissions from shipping activities for our corporate customers. We then use the findings to offer supply chain optimization techniques that help reduce their GHG impact and improve logistics efficiency.

Validated Carbon Neutral Shipping

We provide customers with an easy, low-cost way to offset the GHG emissions associated with shipping a document, package, or freight. Customers can contract with us for automatic GHG neutral shipping, or select a carbon neutral option each time they set up a shipment. Our carbon calculation methodology and processes are certified by The CarbonNeutral Company and verified by SGS.

Sustainable Packaging Solutions

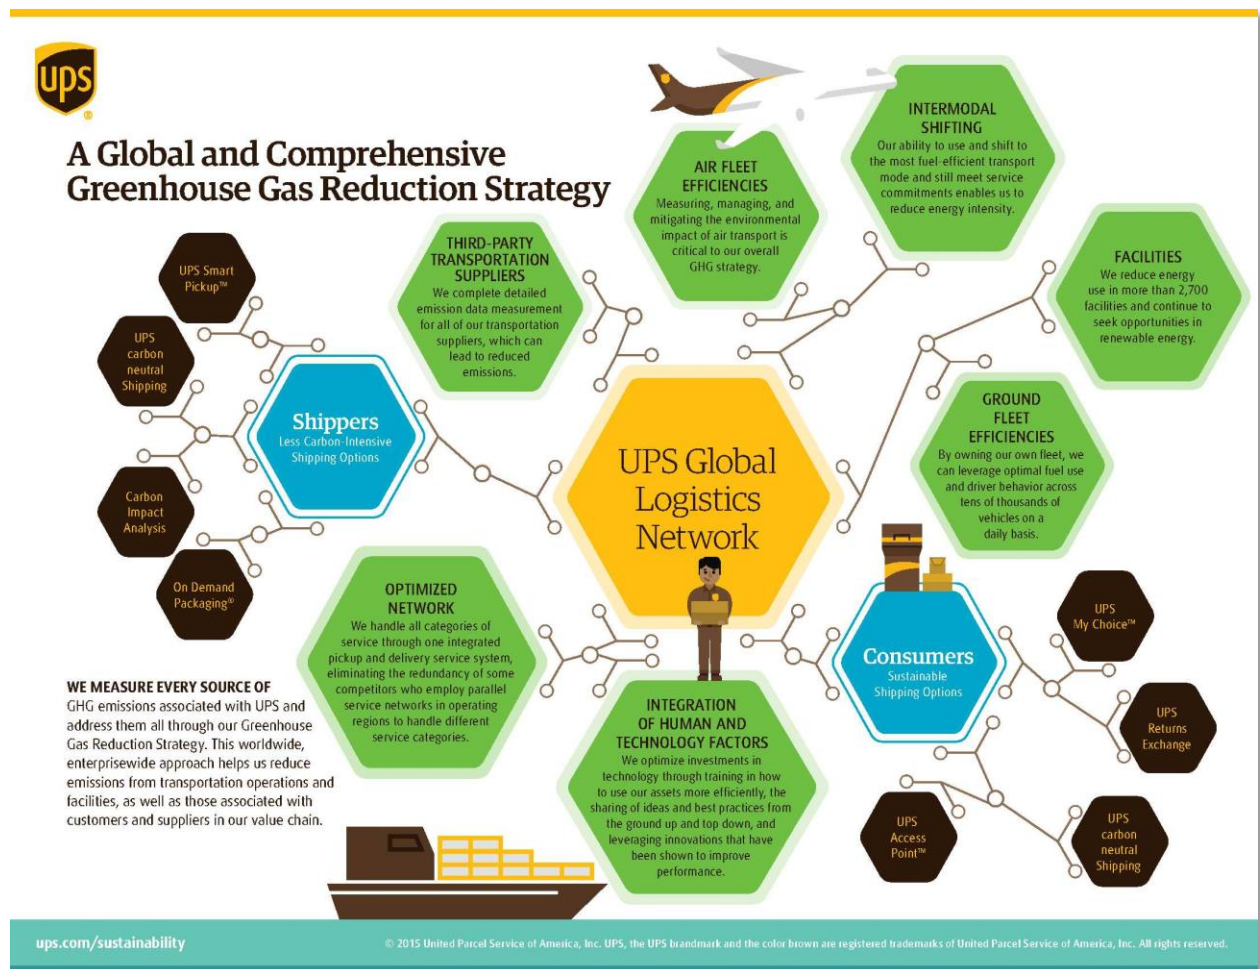

- **UPS Package Design and Test Lab** – The UPS Package Design and Test Lab offers UPS customers advice on minimizing the environmental impact of their own packaging. Because UPS works with all modes of transport and virtually all types of shipments, the lab has abundant experience to offer on everything from choosing environmentally friendly materials for packages, packing material and closures to shipping practices that minimize damage that lead to re-shipping.
- **Eco Responsible Packaging Program** – UPS established the Eco Responsible Packaging Program for our customers who are committed to sustainable packaging. If you're already effectively addressing packaging sustainability, you will benefit from having a venue for communicating those efforts to your customers. Companies participating in this program allow UPS to conduct an evaluation of packaging processes. These companies must meet criteria in three areas—damage prevention, right sizing, and materials content—to participate in our program. Once you qualify, you can be licensed to affix the UPS Eco Responsible Packaging Program logo on your packages. Customers will recognize your efforts at making your shipping more sustainable before they even open your package. The Eco Responsible Packaging Program has been verified by Société Générale de Surveillance (SGS), an inspection, testing and verification company, and our program is praised by the Sustainable Packaging Coalition and BSR, a global business network and consultancy focused on sustainability.
- **Reusable UPS Express Envelopes** – In 1998, we were the first in our industry to introduce a reusable express envelope. This came as we accepted a challenge from the Environmental Defense Fund to lead the industry by improving the environmental profile of our express packaging. As a result, we redesigned our express packaging to eliminate bleached paper and increase the use of post-consumer recycled content—changes that not only reduced

paper usage, but also reduced the amount of energy used in the manufacturing process by 12 percent. When customers use the envelope a second time, waste is reduced by half.

In addition to the infographic which describes UPS's Greenhouse Gas Reduction Strategy, we are also providing our 2014 Corporate Sustainability Highlights which can be shared with any NASPO participating members.

6.2 - NASPO ValuePoint Master Agreement Statement of Compliance

NASPO ValuePoint Master Agreement(s) resulting from this RFP will constitute the final agreement except for negotiated terms and conditions specific to a Participating Entity's Participating Addendum.

The Master Agreement will include, but not be limited to, the NASPO ValuePoint Standard Terms and Conditions in Attachment A and Lead State specific terms and conditions required to execute a master agreement, the scope of work and selected portions of the Offeror's Proposal.

This section highlights particular terms and conditions of NASPO ValuePoint Master Agreement Terms and Conditions, although Offerors will be bound to all the terms and conditions when executing a Master Agreement as shown in Attachment A. Offerors must include a statement in their Proposal that they have read and understand all of the terms and conditions as shown in the Master Agreement (Attachment A).

UPS has read and understands all of the terms and conditions as shown in the Master Agreement (Attachment A).

A. Insurance

To be eligible for award, the Offeror agrees to acquire insurance from an insurance carrier or carriers licensed to conduct business in each Participating Entity's state at the prescribed levels set forth in Section 21 of the NASPO ValuePoint Master Agreement Terms and Conditions. Describe your insurance or plans to obtain insurance satisfying the requirements in Section 21.

UPS can comply with is requirement. UPS can provide proof of insurance to NASPO for all drivers, employees, agents and vehicles. UPS does not bond our employees, but we have a strict crime policy that covers employee theft. Performance bonding is available under special circumstances. The following coverage detail has been provided for demonstration purposes only as a part of our proposal submission. Upon the execution of a contract, we would work with our Risk Management department to send copies of our insurance certificates as they pertain to the operation/services performed for NASPO.

Severability Liability Notice - The subscribing insurers' obligations under contracts of insurance, to which they subscribe, are several and not joint, and are limited solely to the extent of their individual subscriptions. The subscribing insurers are not responsible for the subscription of any co-subscribing insurer who, for any reason, does not satisfy all or part of its obligation.

G - DATA SECURITY

Offeror shall describe in detail what measures are taken to protect sensitive customer

UPS understands the importance of customer confidentiality. UPS manages and secures data, including personally identifiable information (PII), in a manner that complies with applicable laws and regulations.

UPS goes to great lengths to ensure your assets and data are secure throughout the entire transit process. Due to confidentiality, we cannot reveal too much regarding our extensive security practices. The following details briefly illustrate the different safeguards we take to protect our customers' information.

NETWORK SECURITY

As a security measure to prevent the compromise of data, UPS employs network firewalls and intrusion prevention systems. The firewalls block the transmission of certain classes of traffic. We block internal traffic going outbound except for authorized sites. UPS also maintains systems that move data through routine electronic data interchange (EDI) transmissions where the engagement requires this form of protection.

DATA CENTER SECURITY

The UPS datacenters are physically separate from other UPS operations. Security cameras, sprinklers designed for electrical fire retardants, badge identification, and a locked waiting room protect the data center. This area is restricted to authorized personnel.

INTERNET APPLICATION SECURITY

We use current commercial technology to protect customer data from unauthorized access via the Internet. We use Secure Sockets Layer (SSL) or Transport Layer Security (TLS) for encrypted communication and digital certificates for validation and authentication.

CLIENT DATA

Security associated with our customer information is important to UPS. Our Web-based applications available via the Internet require a unique ID and password.

APPLICATION SECURITY

Most UPS applications use a hierarchy of authorization levels to permit access to application programs and screens. We assign each user a security profile, which allows access to various functions and screens.

ANTI-VIRUS SECURITY

We install commercial anti-virus protection software on workstations and file servers. This software is frequently updated.

ACCOUNT SECURITY

- **Administrator Approval** - UPS has procedures in place to ensure all new account requests for NASPO will be submitted to a designated contact for approval. The process requires new account requests for your organization to be routed automatically to the dedicated NASPO UPS enterprise account team. The team member will contact the NASPO program administrator immediately to confirm acceptance or denial of all new account requests, prior to the account being established.
- **Process To Ensure Accounts Are Not Used Fraudulently** - UPS employs proactive techniques to safeguard NASPO's customer shipping accounts at various stages of the shipping process and through a variety of technology tools and best practices. For example, at login and account creation, UPS uses 128-bit secure sockets layer (SSL) encryption and digital certificates to protect information provided to UPS. A unique account ID and password are required to access the UPS system. UPS also uses an account invoice authentication procedure to activate our shipping systems, such as WorldShip. UPS also employs various tools allowing NASPO customers to manage account information and limit access to shipping accounts, restricting access to shipping documents, and control who has account access.
- **Account Updates** - Account information can be updated by contacting your enterprise account team by email or phone. If by phone, NASPO can call their designated 1-800 number and provide their six-digit account number. This will ensure the call is routed to your dedicated account team for support. If by email, NASPO would send the request to your custom email address (i.e., naspo@ups.com) for support. All account information is updated in the UPS system within 48 hours of the request.
- **Account Procedures That Address An Employee Leaving** - When a person leaves a NASPO customer site, your UPS enterprise account team will

work with the contract administrator to cancel the account number to prevent any future activity on the account. UPS can update information in our technology solutions. For example, if CampusShip® is implemented, your CampusShip® corporate administrator can remove the individual from the system, preventing them from gaining access to the shipping account. UPS will work with the administrators to ensure NASPO customers have complete control of adding and removing users without any intervention from UPS. This process will be addressed/finalized during implementation.

- **Use Of GL Codes**

GL codes can be assigned in the NASPO user profile and passed in the reference field of the EDI billing feed. The GL codes can be locked down so the user does not have the ability to change it during the shipping process. You can also require the user to enter a GL code in reference field one during the shipping process. If needed, the GL code can be required and validated against a list provided by NASPO or your customers. The user can use reference fields two and three in the system to enter other information to help with the bill reconciliation. The reference fields have a maximum length of thirty-five characters and can be alpha-numeric.

H - Scope of Work

“UPS has the capacity and experience to provide US domestic and international door-to-door express small package air services covering interstate, intrastate and international service. We will develop and implement customized shipping (and logistics) solutions for each State Government, their departments, agencies, and subsidiary political subdivisions. Our approach also includes providing technology solutions that assist each customer in managing their overall transportation process and spend. UPS understands the performance expectations, deliverables, and outcomes of this RFP. We’re ready to meet and exceed these requirements with our comprehensive portfolio which offers more guaranteed, time-definite delivery options than any other service provider. Our account management approach leverages best practices to ensure the timely implementation and on-going support of our services. EXPERIENCE

UPS is uniquely qualified to continue to meet the small package delivery service needs of the state governments and their entities. The UPS team that supports the NASPO ValuePoint Contract is experienced with serving government related entities and has successfully marketed the previous contract. This past performance and the over 250 combined years of delivering value to UPS customers by our team makes UPS the unrivaled source for shipping small packages.

Our experienced sales professionals have implemented the current NASPO ValuePoint contract for thousands of state agencies, political subdivisions and educational institutions across the country. Many of the same team members will be in place to successfully market and implement the new award. This continuity and experience sets UPS apart.

UPS has the capability and experience to develop customized shipping and logistics solutions for state government agencies and entities with specialized requirements, and we provide value added technology solutions that assist our customers in managing their overall transportation spend.

For example, UPS Customer Solutions has completed mode optimization studies that have provided roadmaps for saving 10-20% on small package shipping. Shippers tend to use premium level services unnecessarily when ground service can meet their delivery day requirements. UPS's One Driver Advantage makes it easy to ship ground or air with the same driver, making it possible to implement a mode optimization program.

Additionally, agencies can utilize UPS shipping systems that allow their administrators to limit usage of certain services to specific individuals, and we provide a billing analysis tool that helps shippers highlight problem areas (such as over usage of air services, accessorials, etc.) and reduce unnecessary expenses.

Select UPS provided services and solutions that have provided labor and cost savings.

UPS has been at the forefront of transportation and logistics breakthroughs for over 100 years, and we are a great American success story. We look forward to continuing our mutually beneficial partnership which truly provides the best value to NASPO ValuePoint, its member agencies and to the taxpayers. Our experienced Enterprise Account Team is dedicated to marketing the NASPO ValuePoint contract and leveraging our supply chain expertise to maximize the value to participating members. Our mission will continue the legacy of ensuring that our services are easy and convenient for State Government affiliated shippers to use. UPS is ready to meet NASPO objectives and make certain your customers receive best-in-class service.

State agencies that have tapped into the UPS State Government team and their “can do” attitude have made progress in many areas that are vitally important. For example, state newborn screening programs throughout the US have been working to reduce the time it takes to get testing results completed. Newborn screening works best with an organized, consistent process. Many state labs received samples from hospitals, clinics and midwives through the mail, by internal courier systems and carriers. The inconsistent shipping proved a challenge.

The solution was to customize a new screening sample delivery process. Professionals submitting specimens can now rely on UPS Next Day Air® service, with labels printed quickly and easily through the UPS CampusShip® system. Tracking and visibility tools provide real-time status of every sample. The process improved shipment visibility and streamlined the user experience. Every package from every hospital and midwife can be located and if there’s a delay, response time can be accelerated.

Newborn babies in Minnesota benefit from a whole new kind of delivery

Minnesota Department of Health

Overview

The Minnesota Department of Health (MDH), working with UPS, reinvented its process for delivering newborn screening samples from all over the state to its St. Paul testing lab.

Challenge

Minnesota faced challenges with the delivery practices of hospitals, clinics and midwives independently sending screening samples. Improved consistency and visibility could help to reduce the risk of errors in a process important to the health of newborns.

Solution

UPS customized a new screening sample delivery process. Professionals submitting specimens now rely on UPS Next Day Air® service, with labels printed quickly and easily through the UPS CampusShip® system. Tracking and visibility tools provide real-time status of every sample.

Result

MDH reports improvements in key areas:

- Faster time in transit for specimen shipments
- Better visibility for specimen shipments through 24/7 tracking solutions
- Online integration and dedicated sample pickups for newborn screening affiliate accounts
- Supplies and materials quickly provided to newborn screening affiliates
- No cost to the shipper

A passion for processes that help keep babies safe

Every newborn baby deserves a great start.

That begins with the safety net that supports a baby's health and security.

When media reported in late 2013 on a flawed newborn screening process in a neighboring state, the Minnesota Department of Health (MDH) took a close look at its own ... and decided to raise the bar for newborns.

Minnesota requires testing in hospitals at birth to detect certain health conditions, like sickle cell anemia. Early diagnosis is extremely important, so newborns must be screened within 72 hours. This means sample specimens everywhere in Minnesota must be collected, shipped and tested in the MDH lab in St. Paul in less than three days.

Newborn screening works best with an organized, consistent process. The lab in St. Paul received samples from hospitals, clinics and midwives through the mail, by internal courier systems and carriers. The inconsistent shipping proved a challenge.

"Services weren't always reliable, and we had no way to track when specimens were received or if they even got to the lab," says Jill Simonetti, Newborn Screening Operations Supervisor, MDH. "Timeliness is always an issue. Our goal is to catch any conditions before they can affect a baby's health."

In March 2015, Simonetti and her team met with UPS. The discussion led to a consistent shipping process for newborn screening samples that saves time and costs ... and protects newborns better.

UPS CampusShip technology gives MDH shipping oversight for newborn screening professionals anywhere in Minnesota. A preconfigured online shipping platform allows users to create a shipping label and send samples in three clicks to the testing lab overnight via UPS Next Day Air service. MDH and the sender monitor shipments with tracking tools that give real-time updates.

"We wanted to eliminate any chance of error with the shipping label," says Brad Moser, UPS Solutions Engagement Manager. "Standardizing the process was important because of all the people touching it."

The process improved shipment visibility and streamlined the user experience. Every package from every hospital and midwife can be located. If there's a delay, response time can be accelerated.

"We have successfully implemented and integrated more than 60 hospital-based accounts in Minnesota and are adding more daily," says Simonetti. "This experience includes a successful implementation with out-of-hospital births for 22 midwives. We have reduced costly errors and avoided mistakes that led to service charges or undeliverable specimens."

"Newborns tug at the heart," says Cindy Chace, UPS Director of Sales for the State of Minnesota. "This shipping process is a tailored, end-to-end solution that addresses an important health need and helps save lives."

UPS support is not limited to state agencies. We are very active with colleges and universities as well. UPS understands the art and science of colleges and universities, from the big picture to the small details. We provide educational institutions with access to one of the world's largest integrated delivery networks, as well as our proven technology and best practices. Our objective is to help campus operations run smoothly.

CASE STUDY

UNIVERSITY OF CENTRAL FLORIDA
THE SECOND-LARGEST UNIVERSITY IN THE U.S.
ORLANDO, FLORIDA

SITUATION

University of Central Florida football season tickets were being lost in the mail or returned undeliverable. Fans were unhappy. Reprocessing costs soared. And school spirit was down.

LOGISTICS SOLUTIONS

UPS Express® services, along with Quantum View Notify® and UPS My Choice®, gave UCF total visibility into their shipping, improved communications with season ticket holders and virtually eliminated shipping hassles.

ADDED VALUE

UPS also collaborated with the UCF Athletic Department to offer co-branded UPS Next Day Air® envelopes and campus drop boxes that amplified the athletics brand for alumni and students alike.

AND MORE

UPS Freight® teamed up with UCF for Operation Blacktop, delivering the university's new basketball court to the CFE Arena in true Knights style, amidst a fanfare of local and national media.

UPS TECHNOLOGY

UPS has many advanced technology offerings for automating shipping, tracking, web development tools and access point locating tools, to name a few. What is important to NASPO ValuePoint users is that as a part of implementation, the experienced UPS team has guided current users to the appropriate UPS solutions for the task at hand. New contract users will also be guided in the same professional manner.

Below is a select list of UPS Technology Solutions.

| UPS TECHNOLOGY SOLUTIONS | |
|----------------------------------|--|
| UPS Internet Shipping on ups.com | Our global, Internet-based shipping application enables customers to prepare and send international and domestic small package and freight shipments using a UPS account number or credit card. SUSTAINABILITY

UPS strives not only to be a leader in global logistics, but also a leader in sustainability. We constantly review our processes to make sure we are reducing our environmental impact, which includes examining how we drive, fly and conduct business worldwide. UPS does more every year to be sustainable and demonstrate leadership in ways that matter to our stakeholders and the world at large. Our complete **Sustainability Report** can be accessed via the following link:

<https://sustainability.ups.com/media/UPS-2014-Corporate-Sustainability-Report.pdf>

A key part of UPS sustainability is reducing the impact of our global transportation network. We strive to reduce the miles we travel to meet shipping requirements; reduce the fuel required for transport; and shifting shipments to vehicles that use low-emission alternative fuels. UPS has one of largest Alternative Fuel/Technology Package Car Fleet in the industry with over 2,700 vehicles.

- **Intermodal Shifting** – UPS focuses on the most fuel-efficient modes of transportation to meet service requirements. Our expertise in this area enabled UPS to eliminate tons of carbon emissions through mode optimization — switching delivery volume from air to ground services — and shifting ground to rail.
- **Optimized Network** – UPS's global network provides all categories of service (express, ground, domestic, international, commercial, and residential) through one single integrated pick-up and delivery service system that is enhanced by UPS's single driver advantage.
- **Air Fleet Efficiencies** – UPS realizes that air transport is more energy intensive than other transportation modes. UPS implements practices to measure, manage, and mitigate the environmental impact of our air freight services and operation.

- **Ground Fleet Efficiencies** – UPS invests in alternative fuel vehicles for our delivery services and by owning our fleet UPS is able to grow fuel efficiency throughout our global network.

Environmental Responsibility - Our optimized network is a single integrated system that handles all our services, creating powerful connections between our company, our partners and the planet. We pursue efficiency at every turn and invest in alternative fuel and advanced technology vehicles to pioneer more sustainable solutions with lower environmental impacts.

Fuels & Fleets - We test and deploy a variety of vehicle types, matched to the terrain and delivery conditions at each location. This approach helps UPS continuously integrate new technologies and operational efficiencies in our large, global delivery fleet. While monitoring each vehicle's performance, we work with manufacturers, government agencies and non-profit organizations to advance new technologies. Because the more we discover together, the more sustainable we become and the more we help others move forward, too.

Optimized Network - Our optimized global logistics network meets customer needs with a single, integrated pickup and delivery system. Through the network's use of innovative technologies and our intermodal shifting strategy, we are able to reduce inefficiencies and their associated environmental impacts, such as greenhouse gas emissions.

Sustainable Solutions - At UPS, our ability to help customers evaluate their supply chains and build solutions for efficiencies is a competitive advantage – for us and our customers. Our portfolio of sustainability solutions helps customers – big or small – measure, manage and mitigate the impact of their trade, whether it's around the world or just around the corner.

Goals & Progress G42

Beginning with our 2013 Report, we presented data for the 13 key performance indicators (KPIs) listed below that correspond to our material aspects. Read more on page 20 about how we established these KPIs and goals.

● Economic ● Environmental ● Workplace

Full-Time Employee Retention Rate

Global Operations
Percent of all full-time employees that stay with our company annually.

↑ Retention rates remain well above our goal, though we anticipate a possible decline due to a large base of employees approaching retirement age.

Employer of Choice Index

Global Operations
A subset of 20 items from the Employee Engagement Survey that assess employees' opinions of how UPS attracts, retains, and motivates employees.

↑ We regained momentum in 2014 after a change in the index in 2013 led to below-goal results.

Lost Time Injury Frequency

Global Operations
Injury cases involving days away from work. This number represents the number of occurrences per 200,000 hours worked.

↓ Factors affecting a slight increase include international expansion and severe weather events.

Auto Accident Frequency

Global Operations
Total number of vehicular accidents (regardless of severity) per 100,000 driver hours.

↓ Similar to Lost-Time Injury Frequency, international expansion and severe weather events account for the increase in auto accidents.

Total Charitable Contributions

Global Operations
Includes charitable contributions and sponsorships, corporate grants, in-kind services, international scholarship programs, local grants, and employee (both active and retired) contributions to United Way.

(in millions of U.S. dollars)

↑ Our 2016 goal was surpassed thanks in part to increased United Way contributions from employees and corporate match, as well as increased grants by The UPS Foundation.

Transportation Intensity Index

All U.S. Operations & Global Airlines
The Transportation Intensity Index sums our transportation-related Scope 1 and 2 emissions from U.S. Domestic Package, the U.S. operations of Supply Chain & Freight, and global UPS Airlines.

↑ Progress toward a new goal established in 2013 was driven by emission intensity reductions across all of our business segments. Baseline year and value is 2007 at 0%.

Energy Consumption – Normalized

U.S. Domestic Package
Energy consumption includes stationary sources (electricity, natural gas, propane, and heating oil) and mobile sources (gasoline, diesel, Jet-A, natural gas, and propane.)
■ Cj/1,000 Packages
■ Cj/US \$100,000 of Revenue

↑ The deployment of technology innovations throughout our optimized network deployment is driving continued decreases in energy intensity.

CO2 Emissions – Normalized

U.S. Domestic Package
Scope 1 and 2 CO2e emissions include stationary sources (electricity, natural gas, propane, and heating oil) and mobile sources (gasoline, diesel, Jet-A, natural gas, and propane.)
■ mt/1,000 packages
■ mt/US \$100,000 of Revenue

↑ Closely tracking energy intensity, reductions in carbon intensity reflect ongoing technology innovation throughout our optimized network.

Alternative Fuel & Advanced Technology Miles Driven

Global Operations
Alternative fuel and advanced technology vehicles include: compressed natural gas (CNG), propane, liquefied natural gas (LNG), hybrid electric, hybrid hydraulic, biomethane, ethanol, and full electric vehicles.

↑ The growing scale of our alternative fuel and advanced technology fleet is accelerating progress toward our 2017 goal. Baseline year and value are 2000 and zero miles, respectively.

Aircraft Emissions per Payload Capacity

UPS Airlines – Global Operations
Total emissions of HC, CO, and NOx in kgs from aircraft takeoffs and landings below 3,000 feet of altitude divided by the sum of maximum structural payload capacity (in thousands of kgs) weighted by annual aircraft cycles.

↑ Our aggressive approach to reduce the emissions generated by the miles we fly for our customers has enabled us to achieve this goal early.

Aviation Gallons Burned per 100 Available Ton Miles

UPS Airlines – Global Operations
Gallons of jet fuel consumed for every 100 tons of capacity transported one nautical mile.

↑ Continued reduction in fuel intensity is putting us on track to meet our 2020 goal.

CO2 Pounds per Available Ton Mile

UPS Airlines – Global Operations
Pounds of CO2 emitted for every ton of capacity transported one nautical mile.

↑ Reductions in fuel intensity are leading to a similar trend in emission intensity for UPS Airlines. Baseline year and value is 2005 and 1.54 pounds of CO2 per ATM.

SINGLE DRIVER ADVANTAGE

With UPS, a single driver can pick up Ground, Air and International packages at the same time, where practical, making it easier to prepare shipments and reduce congestion and greenhouse gas emissions.

Some of the benefits of partnering with UPS as the primary provider include:

- A single UPS driver handles all your package pickups and deliveries
- Easier for you to prepare pickups, creating efficiency
- Fewer trips reduce fuel consumption and is good for the environment. “UPS is leader among transportation companies in sustainable business practices and operations.”
- Pick up time flexibility based on shippers’ needs
- Increased safety and security due to less congestion from truck traffic
- Eliminates the need to maintain multiple carrier shipping systems
- Providing a single source for reporting and bill reconciliation simplifies the processes that can often lead to inefficiencies and added costs
- Less space needed for storage of shipping supplies

UPS One Driver Advantage

3 times the reduction of:

- *Truck traffic*
- *Dock interruptions*
- *Environmental impact*
- *Pickup coordination*

CUSTOMER SOLUTIONS

UPS Customer Solutions is responsible for understanding NASPO ValuePoint participants supply chain strategies and leveraging UPS's strengths to help meet their goals in the areas of:

| | |
|----------------------------------|-----------------------|
| <i>Supply Chain Optimization</i> | <i>Technology</i> |
| <i>Warehouse Optimization</i> | <i>Engineering</i> |
| <i>Business Process Redesign</i> | <i>Sustainability</i> |

UPS can assist in bringing quantified value & meeting strategic goals, objectives and initiatives.

| UPS CUSTOMER SOLUTIONS | |
|------------------------|--|
| Carbon Impact Analysis | As NASPO ValuePoint members try to measure and manage the carbon impact of their supply chain, it's useful for them to understand the greenhouse gas (GHG) emissions associated with it. Using our Carbon Impact Analysis, we calculate GHG emissions from shipping activities. We then use the findings to offer supply chain optimization techniques that help reduce their GHG impact and improve logistics efficiency. |
| Mode Optimization | Numerous states and universities have benefitted from a thorough analysis of shipping decisions being made by agencies and departments. Aside from reducing carbon impact, savings identified have consistently ranged from 10 – 20% and have been as high as \$1.2M for one university. |
| Warehouse Optimization | State Lottery operations have improved throughput by 33% by leveraging UPS strengths in analyzing processes and creating advanced warehouse layouts. |
| UPS Trackpad® | Monitor received packages from the dock to the desk. When NASPO Value Point members integrate a Trackpad solution into their central receiving operations they expand the UPS technology footprint all the way to employees' desks where final delivery takes place. |
| UPS ConnectShip® | ConnectShip, a UPS subsidiary, offers users a way to integrate and centrally manage their organization's shipping decisions. Products within ConnectShip are designed to meet the specific needs of organizations in a range of shipping environments. |

UPS CUSTOMER SOLUTIONS

UPS i-Ship®

iShip is a software as a service model with several different shipping solutions that support UPS shipping. Universities leverage its capabilities of managing access through Single Sign On (SSO) and validating cost codes for department bill back. Customer solutions can assist NASPO ValuePoint members with determining if this shipping solution is a good fit.

Exhibit 1
Oklahoma Specific Terms and Conditions

I. Definitions: The parties agree that, when used in the Participating Addendum, the following terms are defined as set forth below:

A. Acquisition

The term (“Acquisition”) means items, products, materials, supplies, services, and equipment a state agency acquires by purchase, lease, purchase, lease with option to purchase, or rental pursuant to the Oklahoma Central Purchasing Act.

B. Contract Document

The term (“Contract Document”) means this Participating Addendum, any statement of work order, or similar ordering document related hereto and executed by the Contractor and the State of Oklahoma, as applicable; any purchase order related hereto; other mutually agreed documents; and any Addendum to any of the foregoing.

C. Purchasing Entity

The term (“Purchasing Entity”) shall include the State of Oklahoma (the “State”) and

(a) any board, commission, committee, department or other instrumentality or entity designated to act on behalf of the State of Oklahoma or political subdivision thereof;

(b) any governmental entity specified as a political subdivision of the State of Oklahoma pursuant to the Governmental Tort Claims Act, including, without limitation, (i) any associated institution, instrumentality, board, commission, committee department, or other entity designated to act on behalf of the political subdivision; and (ii) a county or local governmental entity; and

(c) entities authorized to utilize contracts awarded by the State of Oklahoma via multistate or multi-governmental contract.

D. Destination

The term (“Destination”) means delivered to the receiving dock or other point specified in the applicable Contract Document.

E. Indemnified Parties

The term (“indemnified Parties”) means the State of Oklahoma any Oklahoma Purchasing Entity and/or their officers, agents, employees, representatives, contractors, assignees and/or designees.

II. Limitation of Authority

Contractor shall have no authority to act for or on behalf of Purchasing Entities or the State of Oklahoma, except as expressly provided for in this Participating Addendum; no other authority, power or use is granted or implied. Contractor may not incur any debts,

obligations, expenses or liabilities of any kind on behalf of Purchasing Entities or the State of Oklahoma.

III. Administrative Fees and Contract Usage Report

For Oklahoma-based Purchasing Entities, Contractor agrees to submit a Contract Usage Report to the State of Oklahoma on a quarterly basis. "Contract Usage Report" shall include the following: (A) the applicable state contract number; (B) report amount(s); (C) reporting period covered; and (D) the applicable state agency name(s). Contract Usage Reports shall also include usage of the Participating Addendum by any other governmental entities (i.e. county, city, etc.). Continuous failure to submit Contract Usage Reports as required herein may result in termination of the Participating Addendum.

All Contract Usage Reports shall meet the following criteria:

- A. Must be submitted electronically in Microsoft Excel format.
- B. Reports shall be submitted quarterly regardless whether this Addendum has been used during the applicable quarterly reporting period.
- C. Quarterly reporting periods are as follows:
 - i. January 01 through March 31, due May 15th
 - ii. April 01 through June 30, due August 15th
 - iii. July 01 through September 30, due November 15th
 - iv. October 01 through December 31, due February 15th

All Contract Usage Reports shall be delivered to: [E-mail: strategic.sourcing@omes.ok.gov](mailto:strategic.sourcing@omes.ok.gov)

For Oklahoma-based Purchasing Entities, the State of Oklahoma assesses an administrative fee in the sum of one percent (1%) on all net sales transacted by any Purchasing Entity under the Participating Addendum (the "Oklahoma Admin Fee").

Contractor shall submit the Oklahoma Admin Fee on a quarterly basis. Failure to remit the Oklahoma Admin Fee quarterly may result in cancellation of the Participating Addendum. Oklahoma Admin Fee shall not be reflected as a separate line item in Contractor's billing to participating state agencies and authorized users.

Payment of the Oklahoma Admin Fee shall be made via company check payable to OMES within forty-five (45) calendar days from the completion of the applicable quarterly reporting period set forth above.

Contractor agrees to notify OMES-Central Purchasing Procurement via the email address set forth below twenty-four (24) hours in advance of Contractor's submitting payment of the Oklahoma Admin Fee.

To ensure payment is properly accounted for, Contractor shall identify payment in the applicable Contract Usage Report as an "Administrative Fee" and shall include the following information: (i) the applicable state contract number, (ii) Oklahoma Admin Fee amount(s) paid, and (ii) the applicable quarterly reporting period.

Oklahoma Admin Fee shall be mailed to:

Office of Management and Enterprise Services Attention: Accounts Receivable
5005 North Lincoln Boulevard, Suite 200 Oklahoma City, OK 73105

IV. Pricing

Pursuant to 68 O.S. § 1404, 68 O.S. § 1352, and 68 O.S. § 1356, Purchasing Entities under the Contract that are Oklahoma state agencies are exempt from the assessment of State sales, use, and excise taxes. Further, such Purchasing Entities and Purchasing Entities that are political subdivisions of the State of Oklahoma are exempt from Federal Excise Taxes pursuant to Title 26 of the United States Code. Purchasing Entities will provide Contractor with a tax exemption certificate upon request. Any taxes of any nature whatsoever payable by the Contractor shall not be reimbursed by the Purchasing Entity.

V. Invoices and Payment

Payment terms will be Net 45.

VI. Termination for Non-appropriation

With respect to all Oklahoma-based transactions and all Oklahoma-based Purchasing Entities, Participating State and/or Purchasing Entity may terminate any order if funds sufficient to pay its obligations under the Participating Addendum are not appropriated by the applicable state legislature, federal government or other appropriate government entity or received from an intended third party funding source. In the event of such insufficiency, Participating State or Purchasing Entity shall provide ten (10) calendar days' written notice of intent to terminate. Notwithstanding the foregoing, if a Purchasing Entity issues an order and has accepted the products and/or services under such order, the Purchasing Entity shall be obligated to pay for such products and/or services. In the event of termination of an order as provided in the foregoing, Participating State and/or Purchasing Entity shall not be considered to be in default or breach under the Participating Addendum nor under the Master Agreement, nor shall it be liable for any further payments ordinarily due under, with respect to, related to, or

arising out of such order, nor shall it be liable for any damages or any other amounts which are caused by or associated with such termination; provided that the Participating State and/or Purchasing Entity shall remain liable for all orders submitted prior to the effective date of termination under this section.

VII. Termination for Cause

Contractor may terminate this Participating Addendum in the event (A.) it has provided the State with written notice of material breach and (B.) the State fails to cure such material breach within thirty (30) days of receipt of written notice. The State may terminate the Contract in whole or in part in the event (A.) it has provided Contractor with written notice of material breach, and (B.) Contractor fails to cure such material breach within thirty (30) days of receipt of written notice. Similarly, a Purchasing Entity may terminate its obligations, in whole or in part, to Contractor if it has provided Contractor with written notice of material breach and Contractor fails to cure such material breach within thirty (30) days of receipt of written notice. Contractor may terminate an order submitted by a Purchasing Entity if (A) it has provided Purchasing Entity with written notice of a material breach and (B) the Purchasing Entity fails to cure such material breach within thirty (30) days of receipt of written notice.

The State may terminate this Participating Addendum in whole or in part immediately without a thirty (30) day written notice to Contractor, only if Contractor's material breach is reasonably determined (A.) to be an impediment to the function of the State and detrimental to the State, (B.) when conditions preclude the thirty (30) day notice, or (C.) or when the State determines that an administrative error occurred prior to Contract performance.

If the Contract or certain obligations under the Contract are terminated, the Purchasing Entity shall be liable only for payment for Products or Services delivered and accepted prior to the date of such termination. Such termination shall not be an exclusive remedy but shall be in addition to any other rights and remedies provided for by law. In no event shall a Purchasing Entity be liable to the Contractor for compensation for any Products neither requested nor accepted by the Purchasing Entity or for any Services neither requested by the Purchasing Entity nor satisfactorily performed by the Contractor. In no event shall the State's exercise of its right to terminate the Contract for cause relieve the Contractor of any liability to the State or a Purchasing Entity for claims arising under the Contract.

VIII. Maintenance of Insurance, Payment of Taxes, and Worker's Compensation

A. As a condition of this Contract with the State, Contractor shall procure at its own expense, and provide proof of, insurance coverage with the applicable liability limits set forth below. Such proof of coverage shall be provided to the State. Contractor may not commence performance hereunder until such proof has been provided. Contractor shall provide notice to State within five (5) business days after Contractor is first aware of expiration, cancellation or nonrenewal of such policy or is first aware that cancellation is threatened or expiration, nonrenewal or expiration may occur. Contractor's obligation to maintain insurance coverage under the Contract is a continuing obligation through the term of the Contract and each purchase order issued to Contractor in connection with the Contract. The minimum acceptable insurance limits of liability are as follows:

1. Workers' Compensation and Employer's Liability Insurance in accordance with and to the extent required by applicable law;
2. Commercial General Liability Insurance covering the risks of personal injury, bodily injury (including death) and property damage, including coverage for contractual liability, with a limit of liability of not less than \$1,000,000 per occurrence and \$2,000,000 in the aggregate;
3. Automobile Liability Insurance with limits of liability of not less than \$1,000,000 per occurrence and in the aggregate, with coverage, if applicable, for all owned vehicles, all non-owned vehicles, and all hired vehicles;
4. Professional Errors and Omissions Insurance which shall include Consultant's Computer Errors and Omissions Coverage with limits not less than \$1,000,000 per claim and in the aggregate; and
5. Additional coverage required by the State in writing in connection with a particular acquisition.

B. Contractor shall be entirely responsible during the existence of the Contract for the liability and payment of taxes payable by or assessed to Contractor or its employees, agents and subcontractors of whatever kind, in connection with the Contract. Contractor further agrees to comply with all state and federal laws applicable to any such persons, including laws regarding wages, taxes, insurance, and Workers' Compensation. Neither a Purchasing Entity nor the State shall be liable to the Contractor, its employees, agents, or others for the payment of taxes or the provision of unemployment insurance and/or Workers' Compensation or any benefit available to a State or Purchasing Entity employee.

C. Contractor agrees to indemnify and hold harmless Purchasing Entities, the State, and its employees, agents, representatives, contractors, and/or assignees from any and all liability, actions, claims, demands, or suits, and all related costs and expenses and attorneys' fees relating to tax liability, unemployment insurance and/or Workers' Compensation in connection with its performance under the Contract. In connection with indemnification of Purchasing Entity, when a State agency is a named defendant in any lawsuit, the defense of the State agency shall be coordinated by the Attorney General of Oklahoma, or the Attorney General of Oklahoma may authorize the Contractor to control the defense and any related settlement negotiations; provided, however, Contractor shall not agree to any settlement or claims against the State without advance written concurrence from the State Attorney General. If the Attorney General of Oklahoma does not authorize sole control of the defense and settlement negotiations to Contractor, Contractor shall be granted authorization to equally participate in any proceeding related to this section but Contractor shall remain responsible to indemnify the State.

IX. Notices

If a party is to give notice under the Participating Addendum, all notices to the State of Oklahoma shall be addressed as follows:

If sent to the State of Oklahoma: Ferris J. Barger

State Purchasing Director

5005 North Lincoln Boulevard Oklahoma City, Oklahoma 73105

With a copy to:

OMES-Central Purchasing Deputy General Counsel 5005 North Lincoln Boulevard

Oklahoma City, Oklahoma 73105

X. Choice of Law

Any claim, dispute, or litigation relating to the execution, interpretation, performance, or enforcement of this Participating Addendum or any Contract Document shall be governed by the laws of the State of Oklahoma without regard to application of choice of law principles.

XI. Choice of Venue

Venue for any action, claim, dispute, or litigation relating in any way to the execution, interpretation, performance, or enforcement of this Participating Addendum, or any of the Contract Documents, shall be in Oklahoma County, Oklahoma. If a claim is brought in a federal forum, it must be brought and adjudicated solely and exclusively in the United States District Court for the Western District of Oklahoma. Further, notwithstanding any provision in the Master Agreement or this Participating Addendum, the State does not waive the doctrine of sovereign immunity and immunity from suit to the extent authorized by the Constitution and laws of the State of Oklahoma nor any other right or defense available to the State.

XII. Conflict of Interest

In addition to any requirement of law or through a professional code of ethics or conduct, the Contractor, its employees, agents and subcontractors are required to disclose any outside activity or interest that conflicts or may conflict with the best interest of the State. Further, as long as the Contractor has an obligation under this Participating Addendum, any plan, preparation or engagement in any such activity or interest shall not occur without prior written approval of the State.

XIII. Force Majeure

Either party shall be temporarily excused from performance to the extent delayed as a result of unforeseen causes beyond its reasonable control including fire or other casualty, act of God, strike or labor dispute, war or other violence, or any law, order or requirement of any

governmental agency or authority provided the party experiencing the force majeure event has taken reasonable steps within the party's control to ensure continued performance and to shorten duration of the force majeure event. In the event that a party's performance of its obligations is materially hindered as a result of a force majeure event, such party shall promptly notify the other party of its reasonable assessment of the nature and duration of the force majeure event and steps it is taking, and plans to take, to mitigate the effects of the force majeure event. The party shall use commercially reasonable efforts to continue performance to the extent possible during such force majeure event and resume full performance as soon as reasonably practicable. Subject to the conditions set forth above, such non-performance shall not be deemed a default. However, a Purchasing Entity may terminate a purchase order if Contractor cannot cause delivery of Products or Services in a timely manner to meet the business needs of the Purchasing Entity.

XIV. Invalid Term or Conditions.

To the extent of any term or condition in the Participating Addendum conflicts with an applicable Oklahoma and/or United States law or regulation, such Contract term or condition is void and unenforceable. By executing any Contract Document which contains a conflicting term or condition, Purchasing Entity makes no representation or warranty regarding the enforceability of such term or condition and Purchasing Entity does not waive the applicable Oklahoma and/or United States law or regulation which conflicts with the Contract term or condition.

XV. Audits and Records Clause

A. As used in this clause, "records" includes books, documents, accounting procedures and practices, and other data, regardless of type and regardless of whether such items are in written form, in the form of computer data, or in any other form. Contractor agrees any pertinent federal or State agency or governing entity of a Purchasing Entity shall have the right to examine and audit all records relevant to the execution and performance of the Contract except costs of Contractor that comprise pricing under the Contract, unless otherwise agreed.

B. The Contractor is required to retain records relative to the Contract for the duration of the Contract and for a period of seven (7) years following completion or termination of an Acquisition. If a claim, audit, litigation or other action involving such records is started before the end of the seven-year period, the records are required to be maintained for two (2) years from the date that all issues arising out of the action are resolved, or until the end of the seven (7) year retention period, whichever is later.

XVI. Compliance with Applicable Laws

A. As long as Contractor has an obligation under the terms of the Contract and in connection with performance of its obligations, the Contractor shall comply with all applicable federal, State, and local laws, rules, regulations, ordinances, and orders, as amended, including but not limited to the following:

1. Drug-Free Workplace Act of 1988 set forth at 41 U.S.C. § 81.
2. Section 306 of the Clean Air Act, Section 508 of the Clean Water Act, Executive Order 11738, and Environmental Protection Agency Regulations which prohibit the use of facilities included on the EPA List of Violating Facilities under nonexempt federal contracts, grants or loans;
3. Prospective participant requirements set at 45 C.F.R. part 76 in connection with debarment, suspension and other responsibility matters;
4. 1964 Civil Rights Act, Title IX of the Education Amendment of 1972, Section 504 of the Rehabilitation Act of 1973, Americans with Disabilities Act of 1990, and Executive Orders 11246 and 11375;
5. Anti-Lobbying Law set forth at 31 U.S.C. § 1325 and as implemented at 45 C.F.R. part 93;
6. Obtaining certified independent audits conducted in accordance with Government Auditing Standards and Office of Management and Budget Circular A-133 with approval and work paper examination rights of the applicable procuring entity;
7. Be compliant with the Oklahoma Taxpayer and Citizen Protection Act of 2007, 25 O.S. § 1312, and be registered and participate in the Status Verification System. The Status Verification System is defined at 25 O.S. § 1312, includes but is not limited to the free Employment Verification Program (E-Verify) through the Department of Homeland Security, and is available at www.dhs.gov/E-Verify; and
8. Be registered as a business entity licensed to do business in the State, be registered as a supplier as required by OAC 260:115-3-3, have obtained a sales tax permit, and be current on franchise tax payments to the State, as applicable.

B. The Contractor shall maintain all applicable licenses and permits required in association with its obligations under the Contract.

C. As applicable, Contractor agrees to comply with Governor's Executive Order 2012-01, effective August 06, 2012, which prohibits the use of any tobacco product on any and all properties owned, leased, or contracted for use by the State, including but not limited to all buildings, land and vehicles owned, leased, or contracted for use by agencies or instrumentalities of the State.

XVII. Employment Relationship

This Participating Addendum does not create an employment relationship. Individuals performing Services required by this Participating Addendum are not employees of the Purchasing Entity. The Contractor's employees shall not be considered

employees of the Purchasing Entity for any purpose, and accordingly shall not be eligible for rights or benefits accruing to such employees.

XVIII. Publicity

XIV. Contractor acknowledges and agrees that the existence of this Participating Addendum or any Acquisition thereunder is not in any way an endorsement by the Purchasing Entity, the products or services and shall not be so construed by Contractor in any advertising or publicity materials. Contractor agrees to submit to the State all advertising, sales, promotion, and other publicity matters relating to the Participating Addendum wherein the name of the Purchasing Entity is mentioned or language used from which the connection of the Purchasing Entity therewith may, in the State's judgment, be inferred or implied as an endorsement. Contractor further agrees not to publish or use such advertising, sales promotion, or publicity matter or release any informational pamphlets, notices, press releases, research reports, or similar public notices without obtaining the prior written approval of the State.

XIX. Open Records Act.

Contractor acknowledges that Purchasing Entities are subject to the Oklahoma Open Records Act. Contractor also acknowledges that such Purchasing Entity will comply with the Oklahoma Open Records Act and with all opinions of the Oklahoma Attorney General concerning this Act. Except for a provision of the Contract specifically designated as confidential in writing executed by both parties or a provision protected from disclosure in the Open Records Act, no Contract provision is confidential information and, therefore, any provision is subject to disclosure under the Open Records Act.

XX. Confidentiality.

A. The Contractor shall maintain strict security of all State data and records entrusted to it or to which the Contractor gains access, in accordance with and subject to applicable federal and State laws, rules, regulations, and policies and shall use any such data and records only as needed by Contractor for performance of its obligations under the Contract. The Contractor further agrees to evidence such confidentiality obligation in a separate writing if required under such applicable federal or State laws, rules and regulations. If Contractor utilizes a subcontractor, Contractor shall obtain specific written assurance, and provide a copy to the State, that the subcontractor shall maintain this same level of security of all data and records entrusted to or accessed by the subcontractor and agree to the same obligations as Contractor, to the extent applicable. Such written assurance may be set forth in the required subcontractor agreement referenced herein.

B. No State data or records shall be provided or the contents thereof disclosed to a third party unless specifically authorized in advance to do so in writing by the State Purchasing Director, the individual with administrative control over a Purchasing Entity or in compliance with a valid court order. The Contractor shall immediately forward to

the State and the State Purchasing Director any request by a third party for data or records in the possession of the Contractor or any subcontractor or to which the Contractor or subcontractor has access and Contractor shall fully cooperate with all efforts to protect the security and confidentiality of such data or records in response to a third party request.

XXI. Assignment and Permitted Subcontractors

A. Contractor's obligations under this Participating Addendum may not be assigned or transferred to any other person or entity without the prior written consent of the State which be withheld at the State's sole discretion. Should Contractor assign its rights to payment, in whole or in part, under this Participating Addendum, Contractor shall provide the State of Oklahoma with written notice of the assignment. Such written notice shall contain details sufficient for the Participating Entity to perform its payment obligations without any delay caused by the assignment.

B. If the Contractor is permitted to utilize subcontracts in support of this Participating Addendum, the Contractor shall remain solely responsible for its obligations under the terms of this Participating Addendum and for its actions and omissions and those of its agents, employees and subcontractors to the extent set forth in the Master Agreement.

C. All payments under this Participating Addendum shall be made directly to the Contractor, except as provided in Section A above regarding the Contractor's assignment of payment and.

XXII. Mutual Responsibilities of the Parties

A. Neither the State nor the Contractor grants the other the right to use any trademarks, trade names, other designations in any promotion or publication without the express written consent by the other party.

B. This Participating Addendum is a non-exclusive contract, and each party is free to enter into similar agreements with others.

C. The Purchasing Entity and Contractor each grant the other only the licenses and rights specified in this Participating Addendum and all other rights and interests are expressly reserved.

D. The State and Contractor shall reasonably cooperate with each other and any contractor to which Products and/or Services under the Contract may be transitioned after termination or expiration of this Participating Addendum.

E. Except as otherwise set forth herein, where approval, acceptance, consent, or similar action by either Purchasing Entity, the State or the Contractor is required under

this Participating Addendum, such action shall not be unreasonably delayed or withheld.

XXIII. Indemnification

A. Scope

Contractor shall indemnify and hold harmless the Indemnified Parties, as applicable, in accordance with and to the extent set forth in Section 33(a) of the NASPO ValuePoint Master Agreement Terms and Conditions, attached to the Master Agreement as Attachment A.

B. Coordination of Defense

IN CONNECTION WITH INDEMNIFICATION OF A PURCHASING ENTITY WHEN AN OKLAHOMA STATE AGENCY IS NAMED DEFENDANT IN ANY LAWSUIT, THE DEFENSE OF THE OKLAHOMA STATE AGENCY SHALL BE COORDINATED BY THE ATTORNEY GENERAL OF OKLAHOMA. THE ATTORNEY GENERAL OF OKLAHOMA MAY, BUT HAS NO OBLIGATION TO, AUTHORIZE CONTRACTOR TO CONTROL THE DEFENSE AND ANY RELATED SETTLEMENT NEGOTIATIONS; PROVIDED, HOWEVER, THAT,

IN SUCH EVENT, CONTRACTOR SHALL NOT AGREE TO ANY SETTLEMENT OF CLAIMS AGAINST THE STATE OF OKLAHOMA WITHOUT FIRST OBTAINING A CONCURRENCE FROM THE ATTORNEY GENERAL OF OKLAHOMA IF THE ATTORNEY GENERAL OF OKLAHOMA DOES NOT AUTHORIZE SOLE CONTROL OF THE DEFENSE AND SETTLEMENT NEGOTIATIONS TO CONTRACTOR, CONTRACTOR SHALL BE GRANTED AUTHORIZATION TO EQUALLY PARTICIPATE IN ANY PROCEEDING RELATED TO THIS SECTION; PROVIDED, HOWEVER, NOTWITHSTANDING ANYTHING TO THE CONTRARY HEREIN, CONTRACTOR SHALL CONTINUE TO BE OBLIGATED TO INDEMNIFY THE STATE AND, TO THE EXTENT APPLICABLE, ANY AND ALL PURCHASING ENTITIES, IN ACCORDANCE WITH AND TO THE EXTENT CONTRACTOR PROVIDES SUCH INDEMNITY UNDER THE MASTER AGREEMENT AND THIS PARTICIPATING ADDENDUM.

XXIV. Certification Regarding Debarment, Suspension, and Other Responsibility Matters

The Contractor certifies that the Contractor and its principals:

A. Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded by any federal, state or local department or agency;

B. Have not within a three-year period preceding the Contract been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state or local) contract; for violation of federal or state antitrust statutes;

commission of embezzlement, theft, forgery, bribery, falsification or destruction of records; making false statements or receiving stolen property;

C. Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (federal, state or local) with commission of any of the foregoing offenses enumerated in this certification; and

D. Have not within a three-year period preceding this Contract had one or more public (federal, state or local) contracts terminated for cause or default.

If the Contractor cannot certify this statement, attach a written explanation for review by the Lead State.

XXV. Miscellaneous

A. Severability

If any provision of a Contract Document, or the application of any term or condition to any party or circumstances, is held invalid or unenforceable for any reason, the remaining provisions shall continue to be valid and enforceable and the application of such provision to other parties or circumstances shall remain valid and in full force and effect.

B. Section Headings

The headings used in this Participating Addendum or Contract Document are intended for convenience only and do not constitute terms of the contract.

C. Sovereign Immunity

Notwithstanding any provision of this Participating Addendum or a Contract Document, the State does not waive its sovereign immunity or immunity from suit.

D. Survival

As applicable, performance under all license, subscription, service agreements and other similar Contract Documents entered into between Contractor and any Purchasing Entity under the terms of the Contract shall survive expiration or termination of the contract. Additionally, rights and obligations under this Participating Addendum which by their nature should survive including, but not limited to, payment obligations invoiced prior to expiration or termination; confidentiality obligations and indemnification remain in effect after expiration or termination of the contract.

E. Entire Agreement

The Contract Documents taken together as a whole constitute the entire agreement between a Purchasing Entity and Contractor. No statement, promise, condition, understanding, inducement or representation, oral or written, expressed or implied, which is not contained in a Contract Document shall be binding or valid.

Reference: Solicitation # BC16018

Dear Mr. Cummings:

FedEx understands the value NASPO ValuePoint provides participating states. As an existing carrier for NASPO ValuePoint, we understand this business and are eager to continue to offer the best-in-class service that you have come to trust and rely on during the last five years.

During this economy, we have worked with NASPO ValuePoint states and gained an understanding of the need to evaluate budgets and seek cost-efficient business solutions that help streamline spending and add value to the dollars spent for transportation.

FedEx is committed to continuing to provide exceptional value through:

- **Global reach, size and scope** – The unmatched FedEx worldwide network can connect NASPO ValuePoint States with markets and suppliers in more than 220 countries and territories. FedEx Ground provides low-cost, small-package shipping in the U.S. and Canada and provides delivery to every business address throughout all 50 states.
- **Dedicated government team** – Each NASPO ValuePoint participating state will have a dedicated FedEx Worldwide Account Manager serving as the single point of contact for FedEx. In addition, FedEx provides dedicated Government Customer Service resources through our toll-free Government Hotline 1.800.645.9424 or via email at govt@fedex.com.
- **Technological capabilities to streamline processes** – Each NASPO ValuePoint participating state has specific shipment-processing requirements, depending on its shipping profile and current systems. FedEx IT professionals can work with each state to ensure each has the shipping solution that meets their individual needs.

The enclosed RFP helps demonstrate why NASPO ValuePoint should continue your relationship with FedEx. As leaders in our respective industries, this relationship is a win-win for both companies.

I look forward to meeting with you to discuss this proposal and how FedEx can provide the solutions and value that NASPO ValuePoint requires. Thank you for your consideration.

Best regards,

EXECUTIVE SUMMARY

In fiscal year 2015, total state spending increased at its fastest rate since 1992, primarily due to growth in federal Medicaid funds resulting from the Affordable Care Act (ACA). Some analysts call for similar growth for the current fiscal year, but without doubt, continued growth depends on each state being vigilant in controlling costs.

With this as a goal, it's not surprising that more states have opted to participate in the NASPO ValuePoint Cooperative Purchasing Program. The program enables the 39 state governments participating to leverage combined volumes to achieve higher discounts on shipping volumes. FedEx has the network and experience to confidently deliver your small-package shipments.

Depend on FedEx for reliable delivery

FedEx has reviewed your organizations' needs and identified the following factors that make a strong case of why NASPO ValuePoint should continue its business with FedEx:

- A dedicated Government team who understands the requirements of the states.
- Automation and technology solutions to streamline processes and improve operational efficiencies.
- Cost competitive, value-driven shipping solutions.
- Commitment to environmentally sustainable business operations.

Manage your account with assistance from a dedicated government team

FedEx provides a specialized team of sales professionals, customer service representatives, IT experts, supply-chain consultants, marketing specialists, packaging engineers and inbound shipment specialists who understand government shipping needs and can provide proactive solutions designed for today's dynamic environment.

- **Dedicated sales support** – Because of the number of states participating in this agreement, it's important that you have both national and local support. Each participating state will have a dedicated

FedEx worldwide account manager who will meet with various agencies to review shipping activity and help bring the greatest value possible through creative solutions and proactive problem resolution. Additionally, you will have aligned local account contacts, including sales, operations, IT and other professionals.

- **Dedicated customer service** – FedEx has a dedicated Government Customer Service hotline available to assist with inquiries. Reach a customer service agent to assist with your small-package shipments by calling 1.800.645.9424. These representatives understand our government contracts and can assist you with product and service questions as well as set up new accounts and assist with billing and invoice questions.

Use FedEx technology to get in-depth information about your shipping

FedEx has worked diligently with the participating states to identify and implement automation solutions that help streamline processes and reduce the man-hours needed to ship, track, invoice and report on FedEx packages. Our innovative IT options enhance a range of customer-related activities helping NASPO ValuePoint save time, increase visibility, improve customer service, enhance reporting capabilities and decrease costs. We are committed to continuing to leverage technology to help you improve processes, drive out wasted time and improve compliance.

Maximize your shipping dollars by matching shipping needs with the most effective mode and transit time

FedEx has the networks and services to cost-effectively move NASPO ValuePoint's shipments on time, intact and with the visibility that you and your users require.

- **FedEx Express** is the world's largest express transportation company, offering time-definite delivery to more than 220 countries and territories, connecting markets that comprise more than 90 percent of the world's gross domestic product.
- **FedEx Ground** is a leading North American provider of small-package ground delivery services. FedEx Ground provides low-cost, day-certain service to any business address in the U.S., as well as residential delivery to

nearly 100 percent of U.S. residences through its **FedEx Home Delivery** service.

Doing our part to preserve the environment

With networks that span billions of people across six continents, delivering is our business. It's also our responsibility to deliver the resources that improve the lives of those we serve.

When we help businesses access new markets, they grow and create jobs that boost standards of living in their communities. Investments in safer and more sustainable transportation improve our own footprint and make our communities more livable. A more connected world sparks innovation when shared ideas, goods and technologies interact to transform how we live and work.

Continue relying on FedEx

For 10 years, the State of Utah and other participating state government have depended on FedEx to deliver small packages throughout the U.S. We look forward to working together another 5 years, learning more about participants and their individual needs.

In the following sections, we provide detailed information about the services and resources FedEx offers. Contact me via email elaine.heath@fedex.com or call 1.858.450.9869 if you have any questions or want to discuss this response further.

Part 1

State of Utah General Provisions

Part I

Per your request, we have reviewed the text of the following General Provisions, State of Utah, and have no comments to note or redline.

GENERAL PROVISIONS

- 1. GOVERNING LAWS:** All purchases made under this Request for Proposals (RFP) are subject to the Utah Procurement Code and the applicable State of Utah Administrative Code. These are available at www.purchasing.utah.gov. By submitting a proposal, the Offeror warrants that it and the procurement item(s) purchased under this RFP comply fully with all applicable Federal and State laws and regulations, including applicable licensure and certification requirements.
- 2. SUBMITTING A PROPOSAL:** By submitting a proposal in response to this RFP, the Offeror acknowledges that the minimum requirements, technical specifications, scope of work, and the evaluation process, outlined in this RFP are fair, equitable, not unduly restrictive, and understood. Any exceptions to the content of this RFP, including the specifications and minimum requirements, must be addressed during the Question and Answer period or protested in writing to the Division of Purchasing before the closing date and time.
- 3. EVALUATION:** The evaluation of the Offeror's proposal shall be conducted in accordance with Part 7 of the Utah Procurement Code. An evaluation committee may ask questions of Offerors to clarify proposals provided the questions are submitted and answered in writing. The record of questions and answers shall be maintained in the file.
- 4. BEST AND FINAL OFFERS:** At any time during the evaluation process, the evaluation committee, with the approval of the director or head of the issuing procurement unit, may request best and final offers from responsible and responsive offerors in accordance with Part 7 of the Utah Procurement Code and applicable administrative rules, and evaluate those offers. If an offeror chooses not to participate in discussion or does not make a timely best and final offer, its immediately previous proposal will be treated as the offeror best and final offer.
- 5. BRAND NAME OR EQUAL SPECIFICATION:** Wherever in this RFP an item is defined by using a trade name, brand name, or a manufacturer and/or model number, it is intended that the words, "or equivalent " apply; and invites the submission of equivalent products by the Offerors.
- 6. SAMPLES:** Samples of item(s) specified in this offer, brochures, etc., when required by this RFP, must be furnished free of expense to the State of Utah. Any item not destroyed by tests may, upon request made at the time the sample is furnished, be returned at the Offeror's expense.
- 7. DEBRIEFING OF UNSUCCESSFUL OFFERORS:** The Utah Division of Purchasing does not conduct debriefings nor collect detailed explanations of evaluator' s scores.
- 8. DEBARMENT:** By submitting a proposal, the Offeror certifies that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from participation in this transaction (contract) by any governmental department or agency. If the Offeror cannot certify this statement, attach a written explanation for review by the State.
- 9. ENERGY CONSERVATION AND RECYCLED PRODUCTS:** The Offeror is encouraged to offer Energy Star certified products or products that meet Federal Energy Management Program (FEMP) standards for energy consumption. The State also encourages contractors to offer products that are produced with recycled materials, where appropriate, unless otherwise requested in this RFP.
- 10. SALES TAX ID NUMBER:** Utah Code Annotated (UCA) 59- 12 -106 requires anyone filing a proposal with the state for the sale of tangible personal property or any other taxable transaction under UCA 59- 12- 103(1) to include their Utah sales tax license number with their proposal. For information regarding a Utah sales tax license see the Utah State Tax Commission' s website at www.tax.utah.gov/sales. The Tax Commission is located at 210 North 1950 West, Salt Lake City, UT 84134, and can be reached by phone at (801) 297 -2200.
- 11. PROTESTS:** Pursuant to Utah Code §63G - 6a- 1602, an Offeror may: (1) protest the rejection of their proposal; (2) protest an alleged grievance in connection with the procurement process; or (3) protest an alleged grievance in connection with the award of a contract. Protests must be made to the State of Utah Chief Procurement Officer. A notice of protest must be submitted either: (1) before the closing of date of the proposals, as provided on Bidsync; or (2) if the person filing the protest did not know and should not have known of the facts giving rise to the protest before the closing date for proposals, within seven days after the day on which the person knows or should have known of the facts giving rise to the protest. All protests must be submitted in accordance with Part 16 of Utah Procurement Code and applicable administrative rules.

In accordance with the requirements set forth in Section 63G - 6a- 1602(2)(b), a person filing a protest must include a concise statement of the grounds upon which the protest is made. A concise statement of the grounds for a protest should include the relevant facts leading a protestor to contend that a grievance has occurred, including but not limited to specifically referencing: (i) an alleged violation of Utah Procurement Code 63G- 6a; (ii) an alleged violation of

Administrative Rule R33 or other applicable rule; (iii) a provision of the request for proposals, invitation for bids, or other solicitation allegedly not being followed; (iv) a provision of the solicitation alleged to be: ambiguous, confusing, contradictory, unduly restrictive, erroneous, anticompetitive, or unlawful; (v) an alleged error made by the evaluation committee or conducting procurement unit; (vi) an allegation of bias by the committee or an individual committee member; or (vii) a scoring criteria allegedly not being correctly applied or calculated.

None of the following qualify as a concise statement of the grounds for a protest:

- (i) claims made after the opening of bids or closing date of proposals that the specifications, terms and conditions, or other elements of a solicitation are ambiguous, confusing, contradictory, unduly restrictive, erroneous, or anticompetitive;
- (ii) vague or unsubstantiated allegations that do not reference relevant or specific facts including, but not limited to, vague or unsubstantiated allegations by a bidder, offeror, or prospective contractor that: (A) a bidder, offeror, or prospective contractor should have received a higher score or that another bidder, offeror, or prospective contractor should have received a lower score, (B) a service or product provided by a bidder, offeror, or prospective contractor is better than another bidder's, offeror or prospective contractor's service or product, (C) another bidder, offeror, or prospective contractor cannot provide the procurement item for the price bid or perform the services described in the solicitation, or (D) any other item that is not relevant or specific; or
- (iii) filing a protest requesting: (A) a detailed explanation of the thinking and scoring of evaluation committee members, beyond the official justification statement described in Section 63G-6a-708, (B) protected information beyond what is provided under the disclosure provisions of the Utah Procurement Code; or (C) other information, documents, or explanations reasonably deemed to be not in compliance with the Utah Code or Administrative Rule R33 by the protest officer.

In accordance with Section 63G-6a-1603(3)(a), a protest officer may dismiss a protest if the concise statement of the grounds for filing a protest does not provide an adequate basis for the protest.

12. AUDIT: Pursuant to Administrative Rule R33-12-605, the State may, at reasonable times and places, audit or cause to be audited by an independent third party firm, by another procurement unit, or by an agent of the procurement unit, the book, records, and performance of the Offeror, if awarded a contract under this RFP.

13. INSPECTIONS: Pursuant to Utah Administrative Rule R33-12-701, R33-12-702, R33-12-703, and R33-12-704, the State may, at its discretion, perform an inspection of the Offeror's manufacturing/production facility or place of business, or any location where the work is performed.

14. MODIFICATION OR WITHDRAWAL OF PROPOSAL: A proposal may be modified or withdrawn prior to the established closing date and time.

15. REJECTING A PROPOSAL: At any time during this RFP, the State may reject a proposal if the State determines that: (a) the person submitting the proposal is not responsible; or (b) the proposal is not responsive or does not meet the mandatory minimum requirements stated in this RFP.

16. TECHNOLOGY MODIFICATIONS: The awarded contract(s) may be modified as a result from technological upgrades for the procurement item(s). Any modification for upgraded technology must be substantially within the scope of the original procurement or contract, and if both parties agree to the modification, then the contract may be modified, but not extended beyond the term of the original awarded contract except as provided in the Utah Procurement Code. The awarded contract(s) may be modified for new technology related to the procurement item(s). Any modification for new technology shall not be exercised without: (1) the approval required under Section 63F-1-205 of the Utah Code, (2) the new technology modification has been subject to the review as described in Administrative Rule R33-6-114, and (3) the contracting parties agree to the modification.

17. PUBLICIZING AWARDS: The following shall be disclosed after receipt of a proper GRAMA request: (a) the contract(s) entered into as a result of the selection and the successful proposal(s), except for those portions that may not be disclosed under Rule R33-7-105; (b) the unsuccessful proposals, except for those portions that are Protected and the Offeror has submitted a proper Business Confidentiality Claim; (c) the rankings of the proposals; (d) the names of the members of any selection committee (reviewing authority); (e) the final scores used by the selection committee to make the selection, except that the names of the individual scorers shall not be associated with their individual scores or rankings; and (f) the written justification statement supporting the selection, except for those portions that may not be disclosed under Rule R33-7-105.

After due consideration and public input, the following has been determined by the Procurement Policy Board to impair governmental procurement proceedings or give an unfair advantage to any person proposing to enter into a contract or agreement with a governmental entity, and will not be disclosed by the governmental entity at any time to the public, including under any GRAMA request: (a) the names of individual scorers/evaluators in relation to their individual scores or rankings; (b) any individual scorer's/evaluator's notes, drafts, and working documents; (c) non-public financial statements; and (d) past performance and reference information which is not provided by the offeror and which is obtained as a result of

the efforts of the governmental entity. To the extent such past performance or reference information is included in the written justification statement, it is subject to public disclosure.

18. PERFORMANCE AND COST ANALYSIS: The State reserves the right to review the awarded contract(s) on a regular basis regarding performance and cost, and may negotiate price and service elements during the term of the contract.

19. AWARDED CONTRACT(S): Contract(s) awarded from this RFP will include the following documents: the scope of work, the appropriate State of Utah Standard Terms and Conditions, and any other documents listed in this RFP.

Part 2

Attachment A NASPO ValuePoint Master Agreement Terms and Conditions

Part 2

Per your request, we are providing a red-lined version of Attachment A, NASPO ValuePoint Master Agreement Terms and Conditions.

Attachment A: NASPO ValuePoint Master Agreement Terms and Conditions

1. Master Agreement Order of Precedence

a. Any Order placed under this Master Agreement shall consist of the following documents:

- (1) A Participating Entity's Participating Addendum ("PA");
- (2) NASPO ValuePoint Master Agreement Terms & Conditions;
- (3) A Purchase Order issued against the Master Agreement;
- (4) The Scope of Work;
- (5) The Contractor's Service Guide in effect on the date of service;
- ~~(5) The Solicitation; and~~
- ~~(6) Contractor's response to the Solicitation, as revised (if permitted) and accepted by the Lead State.~~

b. These documents shall be read to be consistent and complementary. Any conflict among these documents shall be resolved by giving priority to these documents in the order listed above. Contractor terms and conditions that apply to this Master Agreement are only those that are expressly accepted by the Lead State and must be in writing and attached to this Master Agreement as an Exhibit or Attachment.

2. Definitions

Acceptance means a written notice from a Purchasing Entity to Contractor advising Contractor that the Product has passed its Acceptance Testing. Acceptance of a Product for which acceptance testing is not required shall occur following the completion of delivery, installation, if required, and a reasonable time for inspection of the Product, unless the Purchasing Entity provides a written notice of rejection to Contractor.

Acceptance Testing means the process for ascertaining that the Product meets the standards set forth in the section titled Standard of Performance and Acceptance, prior to Acceptance by the Purchasing Entity.

Contractor means the person or entity delivering Products or performing services under the terms and conditions set forth in this Master Agreement.

Embedded Software means one or more software applications which permanently reside on a computing device.

Intellectual Property means any and all patents, copyrights, service marks, trademarks, trade secrets, trade names, patentable inventions, or other similar proprietary rights, in tangible or intangible form, and all rights, title, and interest therein.

Lead State means the State centrally administering any resulting Master Agreement(s).

Master Agreement means the underlying agreement executed by and between the Lead State, acting on behalf of the NASPO ValuePoint program, and the Contractor, as now or hereafter amended.

NASPO ValuePoint is the NASPO Cooperative Purchasing Organization LLC, doing business as NASPO ValuePoint, a 501(c)(3) limited liability company that is a subsidiary organization of the National Association of State Procurement Officials (NASPO), the sole member of NASPO ValuePoint. NASPO ValuePoint facilitates administration of the NASPO cooperative group contracting consortium of state chief procurement officials for the benefit of state departments, institutions, agencies, and political subdivisions and other eligible entities (i.e., colleges, school districts, counties, cities, some nonprofit organizations, etc.) for all states and the District of Columbia. NASPO ValuePoint is identified in the Master Agreement as the recipient of reports and may perform contract administration functions relating to collecting and receiving reports as well as other contract administration functions as assigned by the Lead State.

Order or Purchase Order means any purchase order, sales order, contract or other document used by a Purchasing Entity to order the Products.

Participating Addendum means a bilateral agreement executed by a Contractor and a Participating Entity incorporating this Master Agreement and any other additional Participating Entity specific language or other requirements, e.g. ordering procedures specific to the Participating Entity, other terms and conditions.

Participating Entity means a state, or other legal entity, properly authorized to enter into a Participating Addendum.

Participating State means a state, the District of Columbia, or one of the territories of the United States that is listed in the Request for Proposal as intending to participate. Upon execution of the Participating Addendum, a Participating State becomes a Participating Entity; however, a Participating State listed in the Request for Proposals is not required to later participate in the Master Agreement

Product means any equipment, software (including embedded software), documentation, service or other deliverable supplied or created by the Contractor pursuant to this Master Agreement. The term Products, supplies and services, and products and services are used interchangeably in these terms and conditions.

Purchasing Entity means a state, city, county, district, other political subdivision of a State, and a nonprofit organization under the laws of some states if authorized by a

Participating Addendum, who issues a Purchase Order against the Master Agreement and becomes financially committed to the purchase.

NASPO ValuePoint Program Provisions

3. Term of the Master Agreement

The initial term of this Master Agreement is for 5 years. This Master Agreement may be extended as permitted by the Lead States laws.

4. Amendments

The terms of this Master Agreement shall not be waived, altered, modified, supplemented or amended in any manner whatsoever without prior written approval of the Lead State.

5. Participants and Scope

- a. Contractor may not deliver Products under this Master Agreement until a Participating Addendum acceptable to the Participating Entity and Contractor is executed. The NASPO ValuePoint Master Agreement Terms and Conditions are applicable to any Order by a Participating Entity (and other Purchasing Entities covered by their Participating Addendum), except to the extent altered, modified, supplemented or amended by a Participating Addendum. By way of illustration and not limitation, this authority may apply to unique delivery and invoicing requirements, confidentiality requirements, defaults on Orders, governing law and venue relating to Orders by a Participating Entity, indemnification, and insurance requirements. Statutory or constitutional requirements relating to availability of funds may require specific language in some Participating Addenda in order to comply with applicable law. The expectation is that these alterations, modifications, supplements, or amendments will be addressed in the Participating Addendum or, with the consent of the Purchasing Entity and Contractor, may be included in the ordering document (e.g. purchase order or contract) used by the Purchasing Entity to place the Order.
- b. Use of specific NASPO ValuePoint cooperative Master Agreements by state agencies, political subdivisions and other Participating Entities (including cooperatives) authorized by individual state's statutes to use state contracts are subject to the approval of the respective State Chief Procurement Official. Issues of interpretation and eligibility for participation are solely within the authority of the respective State Chief Procurement Official.
- c. Obligations under this Master Agreement are limited to those Participating Entities who have signed a Participating Addendum and Purchasing Entities within the scope of those Participating Addenda. Financial obligations of Participating Entities who are states are limited to the orders placed by the departments or other state agencies and institutions having available funds. Participating Entities who are states incur no financial obligations on behalf of other Purchasing Entities. Contractor shall email a fully executed PDF copy of each Participating Addendum to

PA@naspovaluepoint.org to support documentation of participation and posting in appropriate data bases.

- d. NASPO Cooperative Purchasing Organization LLC, doing business as NASPO ValuePoint, is not a party to the Master Agreement. It is a nonprofit cooperative purchasing organization assisting states in administering the NASPO cooperative purchasing program for state government departments, institutions, agencies and political subdivisions (e.g., colleges, school districts, counties, cities, etc.) for all 50 states, the District of Columbia and the territories of the United States.
- e. Participating Addenda shall not be construed to amend the following provisions in this Master Agreement between the Lead State and Contractor that prescribe NASPO ValuePoint Program requirements: Term of the Master Agreement; Amendments; Participants and Scope; Administrative Fee; NASPO ValuePoint Summary and Detailed Usage Reports; NASPO ValuePoint Cooperative Program Marketing and Performance Review; NASPO ValuePoint eMarket Center; Right to Publish; Price and Rate Guarantee Period; and Individual Customers. Any such language shall be void and of no effect.
- f. Participating Entities who are not states may under some circumstances sign their own Participating Addendum, subject to the approval of participation by the Chief Procurement Official of the state where the Participating Entity is located. Coordinate requests for such participation through NASPO ValuePoint. Any permission to participate through execution of a Participating Addendum is not a determination that procurement authority exists in the Participating Entity; they must ensure that they have the requisite procurement authority to execute a Participating Addendum.
- g. Resale. "Resale" means any payment in exchange for transfer of tangible goods, software, or assignment of the right to services. Subject to any specific conditions included in the solicitation or Contractor's proposal as accepted by the Lead State, or as explicitly permitted in a Participating Addendum, Purchasing Entities may not resell Products (the definition of which includes services that are deliverables). Absent any such condition or explicit permission, this limitation does not prohibit: payments by employees of a Purchasing Entity for Products; sales of Products to the general public as surplus property; and fees associated with inventory transactions with other governmental or nonprofit entities and consistent with a Purchasing Entity's laws and regulations. Any sale or transfer permitted by this subsection must be consistent with license rights granted for use of intellectual property.

6. Administrative Fees

- a. The Contractor shall pay to NASPO ValuePoint, or its assignee, a NASPO ValuePoint Administrative Fee of one percent (1.0%) no later than sixty (60) days following the end of each calendar quarter. The NASPO ValuePoint Administrative Fee shall be submitted quarterly and is based on all sales of products and services under the Master Agreement (less any charges for taxes or shipping). The NASPO

ValuePoint Administrative Fee is not negotiable. This fee is to be included as part of the pricing submitted with proposal.

- b. Additionally, some states may require an additional fee be paid directly to the state only on purchases made by Purchasing Entities within that state. For all such requests, the fee level, payment method and schedule for such reports and payments will be incorporated into the Participating Addendum that is made a part of the Master Agreement. The Contractor may adjust the Master Agreement pricing accordingly for purchases made by Purchasing Entities within the jurisdiction of the state. All such agreements shall not affect the NASPO ValuePoint Administrative Fee percentage or the prices paid by the Purchasing Entities outside the jurisdiction of the state requesting the additional fee. The NASPO ValuePoint Administrative Fee in subsection 6a shall be based on the gross amount of all sales (less any charges for taxes or shipping) at the adjusted prices (if any) in Participating Addenda.

7. NASPO ValuePoint Summary and Detailed Usage Reports

In addition to other reports that may be required by this solicitation, the Contractor shall provide the following NASPO ValuePoint reports.

- a. Summary Sales Data. The Contractor shall submit quarterly sales reports directly to NASPO ValuePoint using the NASPO ValuePoint Quarterly Sales/Administrative Fee Reporting Tool found at <http://www.naspo.org/WNCPO/Calculator.aspx>. Any/all sales made under this Master Agreement shall be reported as cumulative totals by state. Even if Contractor experiences zero sales during a calendar quarter, a report is still required. Reports shall be due no later than thirty (30) days following the end of the calendar quarter (as specified in the reporting tool).
- b. Detailed Sales Data. Contractor shall also report detailed sales data by: (1) state; (2) entity/customer type, e.g. local government, higher education, K12, non-profit; (3) Purchasing Entity name; (4) Purchasing Entity bill-to and ship-to locations; (5) Purchasing Entity and Contractor Purchase Order identifier/number(s); (6) Purchase Order Type (e.g. sales order, credit, return, upgrade, determined by industry practices); (7) Purchase Order date; (8) Ship Date; (9) and line item description, including product number if used. The report shall be submitted in any form required by the solicitation. Reports are due on a quarterly basis and must be received by the Lead State and NASPO ValuePoint Cooperative Development Team no later than thirty (30) days after the end of the reporting period. Reports shall be delivered to the Lead State and to the NASPO ValuePoint Cooperative Development Team electronically through a designated portal, email, CD-ROM, flash drive or other method as determined by the Lead State and NASPO ValuePoint. Detailed sales data reports shall include sales information for all sales under Participating Addenda executed under this Master Agreement. The format for the detailed sales data report is shown in Attachment G.

- c. Reportable sales for the summary sales data report and detailed sales data report includes sales to employees for personal use where authorized by the solicitation and the Participating Addendum. Report data for employees should be limited to ONLY the state and entity they are participating under the authority of (state and agency, city, county, school district, etc.) and the amount of sales. No personal identification numbers, e.g. names, addresses, social security numbers or any other numerical identifier, may be submitted with any report.
- d. Contractor shall provide the NASPO ValuePoint Cooperative Development Coordinator with an executive summary each quarter that includes, at a minimum, a list of states with an active Participating Addendum, states that Contractor is in negotiations with and any Participating Addendum roll out or implementation activities and issues. NASPO ValuePoint Cooperative Development Coordinator and Contractor will determine the format and content of the executive summary. The executive summary is due thirty (30) days after the conclusion of each calendar quarter.
- e. Timely submission of these reports is a material requirement of the Master Agreement. The recipient of the reports shall have exclusive ownership of the media containing the reports. The Lead State and NASPO ValuePoint shall have a perpetual, irrevocable, non-exclusive, royalty free, transferable right to display, modify, copy, and otherwise use reports, data and information provided under this section.

8. NASPO ValuePoint Cooperative Program Marketing and Performance Review

- a. Contractor agrees to work cooperatively with NASPO ValuePoint personnel. Contractor agrees to present plans to NASPO ValuePoint for the education of Contractor's contract administrator(s) and sales/marketing workforce regarding the Master Agreement contract, including the competitive nature of NASPO ValuePoint procurements, the Master agreement and participating addendum process, and the manner in which qualifying entities can participate in the Master Agreement.
- b. Contractor agrees to participate in an annual contract performance review at a location selected by the Lead State and NASPO ValuePoint, which may include a discussion of marketing action plans, target strategies, marketing materials, as well as Contractor reporting and timeliness of payment of administration fees.

9. NASPO ValuePoint eMarket Center

- a. In July 2011, NASPO ValuePoint entered into a multi-year agreement with SciQuest, Inc. whereby SciQuest will provide certain electronic catalog hosting and management services to enable eligible NASPO ValuePoint's customers to access a central online website to view and/or shop the goods and services available from existing NASPO ValuePoint Cooperative Contracts. The central online website is referred to as the NASPO ValuePoint eMarket Center.

- b. The Contractor will have visibility in the eMarket Center through Ordering Instructions. These Ordering Instructions are available at no cost to the Contractor and provide customers information regarding the Contractors website and ordering information. The Contractor is required at a minimum to participate in the eMarket Center through Ordering Instructions.
- c. At a minimum, the Contractor agrees to the following timeline: NASPO ValuePoint eMarket Center Site Admin shall provide a written request to the Contractor to begin Ordering Instruction process. The Contractor shall have thirty (30) days from receipt of written request to work with NASPO ValuePoint to provide any unique information and ordering instructions that the Contractor would like the customer to have.
- d. The eMarketCenter has the capability to host a catalog or integrate with a punchout site. While not required, if Contractor later desires to explore the functionality, contact NASPO ValuePoint for the system requirements and implementation terms and conditions.

10. Right to Publish

Throughout the duration of this Master Agreement, neither Contractor nor NASPO shall must secure from the Lead State prior approval for the release of information that pertains to the potential work or activities covered by the Master Agreement. ~~This limitation does not preclude publication about the award of the Master Agreement or marketing activities consistent with any proposed and accepted marketing plan. The Contractor shall not make any representations of NASPO ValuePoint's opinion or position as to the quality or effectiveness of the services that are the subject of this Master Agreement without prior written consent.~~ Failure to adhere to this requirement may result in termination of the Master Agreement for cause.

11. Price and Rate Guarantee Period

All prices and rates must be guaranteed for the initial term of the Master Agreement. Following the initial Master Agreement period, any request for price or rate adjustment must be for an equal guarantee period, and must be made at least one year prior to the effective date. Requests for price or rate adjustment must include sufficient documentation supporting the request. Any adjustment or amendment to the Master Agreement shall not be effective unless approved by the Lead State. No retroactive adjustments to prices or rates will be allowed.

12. Individual Customers

Except to the extent modified by a Participating Addendum, each Purchasing Entity shall follow the terms and conditions of the Master Agreement and applicable Participating Addendum and will have the same rights and responsibilities for their purchases as the Lead State has in the Master Agreement, including but not limited to, any indemnity or right to recover any costs as such right is defined in the Master Agreement and applicable Participating Addendum for their purchases. Each

Purchasing Entity will be responsible for its own charges, fees, and liabilities. The Contractor will apply the charges and invoice each Purchasing Entity individually.
Administration of Orders

13. Ordering

- a. Master Agreement order and purchase order numbers shall be clearly shown on all acknowledgments, shipping labels, packing slips, invoices, and on all correspondence.
- b. Purchasing Entities may define project-specific requirements and informally compete the requirement among companies having a Master Agreement on an “as needed” basis. This procedure may also be used when requirements are aggregated or other firm commitments may be made to achieve reductions in pricing. This procedure may be modified in Participating Addenda and adapted to the Purchasing Entity’s rules and policies. The Purchasing Entity may in its sole discretion determine which Master Agreement Contractors should be solicited for a quote. The Purchasing Entity may select the quote that it considers most advantageous, cost and other factors considered.
- c. Each Purchasing Entity will identify and utilize its own appropriate purchasing procedure and documentation. Contractor is expected to become familiar with the Purchasing Entities’ rules, policies, and procedures regarding the ordering of supplies and/or services contemplated by this Master Agreement.
- d. Contractor shall not begin work without a valid Purchase Order or other appropriate commitment document under the law of the Purchasing Entity.
- e. Orders may be placed consistent with the terms of this Master Agreement during the term of the Master Agreement.
- f. All Orders pursuant to this Master Agreement, at a minimum, shall include:
 - (1) The services or supplies being delivered;
 - (2) The place and requested time of delivery;
 - (3) A billing address;
 - (4) The name, phone number, and address of the Purchasing Entity representative;
 - (5) The price per hour or other pricing elements consistent with this Master Agreement and the contractor’s proposal;
 - (6) A ceiling amount of the order for services being ordered; and
 - (7) The Master Agreement identifier.
- g. All communications concerning administration of Orders placed shall be furnished solely to the authorized purchasing agent within the Purchasing Entity’s purchasing office, or to such other individual identified in writing in the Order.

- h. Orders must be placed pursuant to this Master Agreement prior to the termination date thereof, but may have a delivery date or performance period up to 120 days past the then-current termination date of this Master Agreement. Contractor is reminded that financial obligations of Purchasing Entities payable after the current applicable fiscal year are contingent upon agency funds for that purpose being appropriated, budgeted, and otherwise made available.
- i. Notwithstanding the expiration, cancellation or termination of this Master Agreement, Contractor agrees to perform in accordance with the terms of any Orders then outstanding at the time of such expiration or termination. Contractor shall not honor any Orders placed after the expiration, cancellation or termination of this Master Agreement, or otherwise inconsistent with its terms. Orders from any separate indefinite quantity, task orders, or other form of indefinite delivery order arrangement priced against this Master Agreement may not be placed after the expiration or termination of this Master Agreement, notwithstanding the term of any such indefinite delivery order agreement.

14. Shipping and Delivery. **Not applicable**

~~a. The prices are the delivered price to any Purchasing Entity. All deliveries shall be~~

~~F.O.B. destination, freight pre-paid, with all transportation and handling charges paid by the Contractor. Responsibility and liability for loss or damage shall remain the Contractor's until final inspection and acceptance when responsibility shall pass to the Purchasing Entity except as to latent defects, fraud and Contractor's warranty obligations. The minimum shipment amount, if any, will be found in the special terms and conditions. Any order for less than the specified amount is to be shipped with the freight prepaid and added as a separate item on the invoice. Any portion of an Order to be shipped without transportation charges that is back ordered shall be shipped without charge.~~

~~b. All deliveries will be "Inside Deliveries" as designated by a representative of the Purchasing Entity placing the Order. Inside Delivery refers to a delivery to other than a loading dock, front lobby, or reception area. Specific delivery instructions will be noted on the order form or Purchase Order. Any damage to the building interior, scratched walls, damage to the freight elevator, etc., will be the responsibility of the Contractor. If damage does occur, it is the responsibility of the Contractor to immediately notify the Purchasing Entity placing the Order.~~

~~c. All products must be delivered in the manufacturer's standard package. Costs shall include all packing and/or crating charges. Cases shall be of durable construction, good condition, properly labeled and suitable in every respect for storage and handling of contents. Each shipping carton shall be marked with the commodity, brand, quantity, item code number and the Purchasing Entity's Purchase Order number.~~

15. Laws and Regulations

Any and all Products and/or services offered and furnished shall comply fully with all applicable Federal and State laws and regulations.

16. Inspection and Acceptance. Not applicable

- ~~a. Where the Master Agreement or an Order does not otherwise specify a process for inspection and Acceptance, this section governs. This section is not intended to limit rights and remedies under the applicable commercial code.~~
- ~~b. All Products are subject to inspection at reasonable times and places before Acceptance. Contractor shall provide right of access to the Lead State or to any other authorized agent or official of the Lead State or other Participating or Purchasing Entity, at reasonable times, in order to monitor and evaluate performance, compliance, and/or quality assurance requirements under this Master Agreement. Products that do not meet specifications may be rejected. Failure to reject upon receipt, however, does not relieve the contractor of liability for material (nonconformity that substantial impairs value) latent or hidden defects subsequently revealed when goods are put to use. Acceptance of such goods may be revoked in accordance with the provisions of the applicable commercial code, and the Contractor is liable for any resulting expense incurred by the Purchasing Entity related to the preparation and shipping of Product rejected and returned, or for which Acceptance is revoked.~~
- ~~c. If any services do not conform to contract requirements, the Purchasing Entity may require the Contractor to perform the services again in conformity with contract requirements, at no increase in Order amount. When defects cannot be corrected by re-performance, the Purchasing Entity may require the Contractor to take necessary action to ensure that future performance conforms to contract requirements; and reduce the contract price to reflect the reduced value of services performed.~~
- ~~d. The warranty period shall begin upon Acceptance.~~
- ~~e. Acceptance Testing may be explicitly set out in a Master Agreement to ensure conformance to an explicit standard of performance. Acceptance Testing means the process set forth in the Master Agreement for ascertaining that the Product meets the standard of performance prior to Acceptance by the Purchasing Entity. If Acceptance Testing is prescribed, this subsection applies to applicable Products purchased under this Master Agreement, including any additional, replacement, or substitute Product(s) and any Product(s) which are modified by or with the written approval of Contractor after Acceptance by the Purchasing Entity. The Acceptance Testing period shall be thirty (30) calendar days or other time period identified in this Master Agreement or the Participating Addendum, starting from the day after the Product is delivered or, if installed, the day after the Product is installed and~~

~~Contractor certifies that the Product is ready for Acceptance Testing. If the Product does not meet the standard of performance during the initial period of Acceptance Testing, Purchasing Entity may, at its discretion, continue Acceptance Testing on a day-to-day basis until the standard of performance is met. Upon rejection, the Contractor will have fifteen (15) calendar days to cure the standard of performance issue(s). If after the cure period, the Product still has not met the standard of performance, the Purchasing Entity may, at its option: (a) declare Contractor to be in breach and terminate the Order; (b) demand replacement Product from Contractor at no additional cost to Purchasing Entity; or, (c) continue the cure period for an additional time period agreed upon by the Purchasing Entity and the Contractor. Contractor shall pay all costs related to the preparation and shipping of Product returned pursuant to the section. No Product shall be deemed Accepted and no charges shall be paid until the standard of performance is met. The warranty period shall begin upon Acceptance.~~

17. Payment

Payment after Acceptance is normally made within 30 days following the date the entire order is delivered or the date of a correct invoice is received, whichever is later. After 45 days the Contractor may assess overdue account charges up to a maximum rate of one percent per month on the outstanding balance, unless a different late payment amount is specified in a Participating Addendum, Order, or otherwise prescribed by applicable law. Payments will be remitted by mail. Payments may be made via a State or political subdivision "Purchasing Card" with no additional charge.

18. Warranty Not applicable

~~Warranty provisions govern where specified elsewhere in the documents that constitute the Master Agreement; otherwise this section governs. The Contractor warrants for a period of one year from the date of Acceptance that: (a) the Product performs according to all specific claims that the Contractor made in its response to the solicitation, (b) the Product is suitable for the ordinary purposes for which such Product is used, (c) the Product is suitable for any special purposes identified in the solicitation or for which the Purchasing Entity has relied on the Contractor's skill or judgment, (d) the Product is designed and manufactured in a commercially reasonable manner, and (e) the Product is free of defects. Upon breach of the warranty, the Contractor will repair or replace (at no charge to the Purchasing Entity) the Product whose nonconformance is discovered and made known to the Contractor. If the repaired and/or replaced Product proves to be inadequate, or fails of its essential purpose, the Contractor will refund the full amount of any payments that have been made. The rights and remedies of the parties under this warranty are in addition to any other rights and remedies of the parties provided by law or equity, including, without limitation, actual damages, and, as applicable and awarded under the law, to a prevailing party, reasonable attorneys' fees and costs.~~

19. Title of Product Not applicable

~~Upon Acceptance by the Purchasing Entity, Contractor shall convey to Purchasing Entity title to the Product free and clear of all liens, encumbrances, or other security interests. Transfer of title to the Product shall include an irrevocable and perpetual license to use any Embedded Software in the Product. If Purchasing Entity subsequently transfers title of the Product to another entity, Purchasing Entity shall have the right to transfer the license to use the Embedded Software with the transfer of Product title. A subsequent transfer of this software license shall be at no additional cost or charge to either Purchasing Entity or Purchasing Entity's transferee.~~

20. License of Pre-Existing Intellectual Property Not applicable

~~Contractor grants to the Purchasing Entity a nonexclusive, perpetual, royalty-free, irrevocable, license to use, publish, translate, reproduce, transfer with any sale of tangible media or Product, perform, display, and dispose of the Intellectual Property, and its derivatives, used or delivered under this Master Agreement, but not created under it ("Pre-existing Intellectual Property"). The Contractor shall be responsible for ensuring that this license is consistent with any third party rights in the Pre-existing Intellectual Property.~~

General Provisions

21. Insurance

a. Unless otherwise agreed in a Participating Addendum, Contractor shall, during the term of this Master Agreement, maintain in full force and effect, the insurance described in this section. Contractor shall acquire such insurance from an insurance carrier or carriers licensed to conduct business in each Participating Entity's state and having a rating of A-, Class VII or better, in the most recently published edition of A.M. Best's Insurance Reports. Failure to buy and maintain the required insurance may result in this Master Agreement's termination or, at a Participating Entity's option, result in termination of its Participating Addendum.

b. Coverage shall be written on an occurrence basis. The minimum acceptable limits shall be as indicated below:

- (1) Commercial General Liability covering premises operations, independent contractors, products and completed operations, blanket contractual liability, personal injury (including death), advertising liability, and property damage, with a limit of not less than \$1 million per occurrence/\$3 million general aggregate;
- (2) Contractor must comply with any applicable State Workers Compensation or Employers Liability Insurance requirements.

c. Contractor shall pay premiums on all insurance policies. Contractor shall endeavor to provide notice to a Participating Entity who is a state within five (5)

business days after Contractor is first aware of expiration, cancellation or nonrenewal of such policy or is first aware that cancellation is threatened or expiration, nonrenewal or expiration otherwise may occur.

d. Prior to commencement of performance, Contractor shall provide to the Lead State a written endorsement to the Contractor's general liability insurance policy or other documentary evidence acceptable to the Lead State that (1) names the Participating States identified in the Request for Proposal as additional insureds, (2) provides for written notice of cancellation shall be delivered in accordance with the policy provisions, and (3) provides that the Contractor's liability insurance policy shall be primary, with any liability insurance of any Participating State as secondary and noncontributory. Unless otherwise agreed in any Participating Addendum, other state Participating Entities' rights and Contractor's obligations are the same as those specified in the first sentence of this subsection except the endorsement is provided to the applicable state.

e. Contractor shall furnish to the Lead State copies of certificates of all required insurance in a form sufficient to show required coverage within thirty (30) calendar days of the execution of this Master Agreement and prior to performing any work. Copies of renewal certificates of all required insurance shall be furnished within thirty (30) days after any renewal date to the applicable state Participating Entity. Failure to provide evidence of coverage may, at the sole option of the Lead State, or any Participating Entity, result in this Master Agreement's termination or the termination of any Participating Addendum.

f. Coverage and limits shall not limit Contractor's liability and obligations under this Master Agreement, any Participating Addendum, or any Purchase Order.

22. Records Administration and Audit.

a. The Contractor shall maintain books, records, documents, and other evidence pertaining to this Master Agreement and Orders placed by Purchasing Entities under it to the extent and in such detail as shall adequately reflect performance and administration of payments and fees. Contractor shall permit the Lead State, a Participating Entity, a Purchasing Entity, the federal government (including its grant awarding entities and the U.S. Comptroller General), and any other duly authorized agent of a governmental agency, to audit, inspect, examine, copy and/or transcribe Contractor's books, documents, papers and records directly pertinent to this Master Agreement or orders placed by a Purchasing Entity under it for the purpose of making audits, examinations, excerpts, and transcriptions. This right shall survive for a period of six (6) years following termination of this Agreement or final payment for any order placed by a Purchasing Entity against this Agreement, whichever is later, or such longer period as is required by the Purchasing Entity's state statutes, to assure compliance with the terms hereof or to evaluate performance hereunder.

b. Without limiting any other remedy available to any governmental entity, the Contractor shall reimburse the applicable Lead State, Participating Entity, or

Purchasing Entity for any overpayments inconsistent with the terms of the Master Agreement or Orders or underpayment of fees found as a result of the examination of the Contractor's records.

- c. The rights and obligations herein exist in addition to any quality assurance obligation in the Master Agreement requiring the Contractor to self-audit contract obligations and that permits the Lead State to review compliance with those obligations.

23. Confidentiality, Non-Disclosure, and Injunctive Relief

a. Confidentiality. Contractor acknowledges that it and its employees or agents may, in the course of providing a Product under this Master Agreement, be exposed to or acquire information that is confidential to Purchasing Entity or Purchasing Entity's clients. Any and all information of any form that is marked as confidential or would by its nature be deemed confidential obtained by Contractor or its employees or agents in the performance of this Master Agreement, including, but not necessarily limited to (1) any Purchasing Entity's records, (2) personnel records, and (3) information concerning individuals, is confidential information of Purchasing Entity ("Confidential Information"). Any reports or other documents or items (including software) that result from the use of the Confidential Information by Contractor shall be treated in the same manner as the Confidential Information. Confidential Information does not include information that (1) is or becomes (other than by disclosure by Contractor) publicly known; (2) is furnished by Purchasing Entity to others without restrictions similar to those imposed by this Master Agreement; (3) is rightfully in Contractor's possession without the obligation of nondisclosure prior to the time of its disclosure under this Master Agreement; (4) is obtained from a source other than Purchasing Entity without the obligation of confidentiality, (5) is disclosed with the written consent of Purchasing Entity or; (6) is independently developed by employees, agents or subcontractors of Contractor who can be shown to have had no access to the Confidential Information.

b. Non-Disclosure. Contractor shall hold Confidential Information in confidence, using at least the industry standard of confidentiality, and shall not copy, reproduce, sell, assign, license, market, transfer or otherwise dispose of, give, or disclose Confidential Information to third parties or use Confidential Information for any purposes whatsoever other than what is necessary to the performance of Orders placed under this Master Agreement. Contractor shall advise each of its employees and agents of their obligations to keep Confidential Information confidential. Contractor shall use commercially reasonable efforts to assist Purchasing Entity in identifying and preventing any unauthorized use or disclosure of any Confidential Information. Without limiting the generality of the foregoing, Contractor shall advise Purchasing Entity, applicable Participating Entity, and the Lead State immediately if Contractor learns or has reason to believe that any person who has had access to Confidential Information has violated or intends to violate the terms of this Master Agreement, and Contractor shall at its expense cooperate with Purchasing Entity in seeking injunctive or other equitable relief in the name of Purchasing Entity or Contractor against any such person. Except as directed by Purchasing Entity, Contractor will not at any time during or after the term of this Master Agreement disclose, directly or indirectly, any Confidential Information to

any person, except in accordance with this Master Agreement, and that upon termination of this Master Agreement or at Purchasing Entity's request, Contractor shall turn over to Purchasing Entity all documents, papers, and other matter in Contractor's possession that embody Confidential Information. Notwithstanding the foregoing, Contractor may keep one copy of such Confidential Information necessary for quality assurance, audits and evidence of the performance of this Master Agreement.

c. Injunctive Relief. Contractor acknowledges that breach of this section, including disclosure of any Confidential Information, will cause irreparable injury to Purchasing Entity that is inadequately compensable in damages. Accordingly, Purchasing Entity may seek and obtain injunctive relief against the breach or threatened breach of the foregoing undertakings, in addition to any other legal remedies that may be available. Contractor acknowledges and agrees that the covenants contained herein are necessary for the protection of the legitimate business interests of Purchasing Entity and are reasonable in scope and content.

d. Purchasing Entity Law. These provisions shall be applicable only to extent they are not in conflict with the applicable public disclosure laws of any Purchasing Entity.

24. Public Information.

This Master Agreement and all related documents are subject to disclosure pursuant to the Purchasing Entity's public information laws.

25. Assignment/Subcontracts

a. Contractor shall not assign, sell, transfer, subcontract or sublet rights, or delegate responsibilities under this Master Agreement, in whole or in part, without the prior written approval of the Lead State.

b. The Lead State reserves the right to assign any rights or duties, including written assignment of contract administration duties to NASPO Cooperative Purchasing Organization LLC, doing business as NASPO ValuePoint.

26. Changes in Contractor Representation

The Contractor ~~will endeavor to~~ **must** notify the Lead State of changes in the Contractor's key administrative personnel managing the Master Agreement in writing within 10 calendar days of the change. ~~The Lead State reserves the right to approve changes in key personnel, as identified in the Contractor's proposal. The Contractor agrees to propose replacement key personnel having substantially equal or better education, training, and experience as was possessed by the key person proposed and evaluated in the Contractor's proposal.~~

27. Independent Contractor

The Contractor shall be an independent contractor. Contractor shall have no authorization, express or implied, to bind the Lead State, Participating States, other Participating Entities, or Purchasing Entities to any agreements, settlements, liability or

understanding whatsoever, and agrees not to hold itself out as agent except as expressly set forth herein or as expressly agreed in any Participating Addendum.

28. Cancellation

Unless otherwise stated, this Master Agreement may be canceled by either party upon 60 days written notice prior to the effective date of the cancellation. Further, any Participating Entity may cancel its participation upon 30 days written notice, unless otherwise limited or stated in the Participating Addendum. Cancellation may be in whole or in part. Any cancellation under this provision shall not affect the rights and obligations attending orders outstanding at the time of cancellation, including any right of a Purchasing Entity to indemnification by the Contractor, rights of payment for Products delivered and accepted, rights attending any warranty or default in performance in association with any Order, and requirements for records administration and audit. Cancellation of the Master Agreement due to Contractor default may be immediate.

29. Force Majeure

Neither party to this Master Agreement shall be held responsible for delay or default caused by fire, riot, unusually severe weather, other acts of God, or war which are beyond that party's reasonable control. The Lead State may terminate this Master Agreement after determining such delay or default will reasonably prevent successful performance of the Master Agreement.

30. Defaults and Remedies

a. The occurrence of any of the following events shall be an event of default under this Master Agreement:

- (1) Nonperformance of contractual requirements; or
- (2) A material breach of any term or condition of this Master Agreement; or
- (3) Any certification, representation or warranty by Contractor in response to the solicitation or in this Master Agreement that proves to be untrue or materially misleading; or
- (4) Institution of proceedings under any bankruptcy, insolvency, reorganization or similar law, by or against Contractor, or the appointment of a receiver or similar officer for Contractor or any of its property, which is not vacated or fully stayed within thirty (30) calendar days after the institution or occurrence thereof; or
- (5) Any default specified in another section of this Master Agreement.

b. Upon the occurrence of an event of default, the Lead State shall issue a written notice of default, identifying the nature of the default, and providing a period of 15 calendar days in which Contractor shall have an opportunity to cure the default. The Lead State shall not be required to provide advance written notice or a cure period and may immediately terminate this Master Agreement in whole or in part if the Lead State, in its sole discretion, determines that it is reasonably necessary to preserve public safety or prevent immediate public crisis. Time allowed for cure shall not diminish or

eliminate Contractor's liability for damages, including liquidated damages to the extent provided for under this Master Agreement.

c. If Contractor is afforded an opportunity to cure and fails to cure the default within the period specified in the written notice of default, Contractor shall be in breach of its obligations under this Master Agreement and the Lead State shall have the right to exercise any or all of the following remedies:

- (1) Exercise any remedy provided by law; and
- (2) Terminate this Master Agreement and any related Contracts or portions thereof; and
- (3) ~~Impose liquidated damages as provided in this Master Agreement;~~ and
- (4) Suspend Contractor from being able to respond to future bid solicitations; and
- (5) Suspend Contractor's performance; and
- (6) Withhold payment until the default is remedied.

d. Unless other specified in the Participating Addendum, in the event of a default under a Participating Addendum, a Participating Entity shall provide a written notice of default as described in this section and have all of the rights and remedies under this paragraph regarding its participation in the Master Agreement, in addition to those set forth in its Participating Addendum. Unless otherwise specified in a Purchase Order, a Purchasing Entity shall provide written notice of default as described in this section and have all of the rights and remedies under this paragraph and any applicable Participating Addendum with respect to an Order placed by the Purchasing Entity. Nothing in these Master Agreement Terms and Conditions shall be construed to limit the rights and remedies available to a Purchasing Entity under the applicable commercial code.

31. Waiver of Breach

Failure of the Lead State, Participating Entity, or Purchasing Entity to declare a default or enforce any rights and remedies shall not operate as a waiver under this Master Agreement or Participating Addendum. Any waiver by the Lead State, Participating Entity, or Purchasing Entity must be in writing. Waiver by the Lead State or Participating Entity of any default, right or remedy under this Master Agreement or Participating Addendum, or by Purchasing Entity with respect to any Purchase Order, or breach of any terms or requirements of this Master Agreement, a Participating Addendum, or Purchase Order shall not be construed or operate as a waiver of any subsequent default or breach of such term or requirement, or of any other term or requirement under this Master Agreement, Participating Addendum, or Purchase Order.

32. Debarment

The Contractor certifies that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction (contract) by any governmental department or agency. This certification represents a recurring certification made at the time any Order is

placed under this Master Agreement. If the Contractor cannot certify this statement, attach a written explanation for review by the Lead State.

33. Indemnification

Section 8, ATTACHMENT B: STANDARD TERMS AND CONDITIONS FOR SERVICES STATE OF UTAH (COOPERATIVE CONTRACT) governs indemnification of the State of Utah on its Eligible Users by the Contractor. This section governs indemnification of other entities.

a. The Contractor shall defend, indemnify and hold harmless NASPO, NASPO Cooperative Purchasing Organization LLC (doing business as NASPO ValuePoint), Participating Entities, and Purchasing Entities, along with their officers, agents, and employees as well as any person or entity for which they may be liable, from and against third-party claims, damages or causes of action including reasonable attorneys' fees and related costs for any death, injury, or damage to tangible property arising from act(s), error(s), or omission(s) of the Contractor, its employees or subcontractors or volunteers, at any tier, relating to the performance under the Master Agreement.

b. Indemnification – Intellectual Property. The Contractor shall defend, indemnify and hold harmless NASPO, NASPO Cooperative Purchasing Organization LLC (doing business as NASPO ValuePoint), Participating Entities, Purchasing Entities, along with their officers, agents, and employees as well as any person or entity for which they may be liable ("Indemnified Party"), from and against claims, damages or causes of action including reasonable attorneys' fees and related costs arising out of the claim that the Product or its use, infringes Intellectual Property rights ("Intellectual Property Claim") of another person or entity.

(1) The Contractor's obligations under this section shall not extend to any combination of the Product with any other product, system or method, unless the Product, system or method is:

- (a) provided by the Contractor or the Contractor's subsidiaries or affiliates;
- (b) specified by the Contractor to work with the Product; or
- (c) reasonably required, in order to use the Product in its intended manner, and the infringement could not have been avoided by substituting another reasonably available product, system or method capable of performing the same function; or
- (d) It would be reasonably expected to use the Product in combination with such product, system or method.

(2) The Indemnified Party shall notify the Contractor within a reasonable time after receiving notice of an Intellectual Property Claim. Even if the Indemnified Party fails to provide reasonable notice, the Contractor shall not be relieved from its obligations unless the Contractor can demonstrate that it was prejudiced in defending the Intellectual Property Claim resulting in increased expenses or loss to the Contractor. If

the Contractor promptly and reasonably investigates and defends any Intellectual Property Claim, it shall have control over the defense and settlement of it. However, the Indemnified Party must consent in writing for any money damages or obligations for which it may be responsible. The Indemnified Party shall furnish, at the Contractor's reasonable request and expense, information and assistance necessary for such defense. If the Contractor fails to vigorously pursue the defense or settlement of the Intellectual Property Claim, the Indemnified Party may assume the defense or settlement of it and the Contractor shall be liable for all costs and expenses, including reasonable attorneys' fees and related costs, incurred by the Indemnified Party in the pursuit of the Intellectual Property Claim. Unless otherwise agreed in writing, this section is not subject to any limitations of liability in this Master Agreement or in any other document executed in conjunction with this Master Agreement.

34. No Waiver of Sovereign Immunity

In no event shall this Master Agreement, any Participating Addendum or any contract or any Purchase Order issued thereunder, or any act of the Lead State, a Participating Entity, or a Purchasing Entity be a waiver of any form of defense or immunity, whether sovereign immunity, governmental immunity, immunity based on the Eleventh Amendment to the Constitution of the United States or otherwise, from any claim or from the jurisdiction of any court.

This section applies to a claim brought against the Participating Entities who are states only to the extent Congress has appropriately abrogated the state's sovereign immunity and is not consent by the state to be sued in federal court. This section is also not a waiver by the state of any form of immunity, including but not limited to sovereign immunity and immunity based on the Eleventh Amendment to the Constitution of the United States.

35. Governing Law and Venue

a. The procurement, evaluation, and award of the Master Agreement shall be governed by and construed in accordance with the laws of the Lead State sponsoring and administering the procurement. The construction and effect of the Master Agreement after award shall be governed by the law of the state serving as Lead State. The construction and effect of any Participating Addendum or Order against the Master Agreement shall be governed by and construed in accordance with the laws of the Participating Entity's or Purchasing Entity's State.

b. Unless otherwise specified in the RFP, the venue for any protest, claim, dispute or action relating to the procurement, evaluation, and award is in the Lead State. Venue for any claim, dispute or action concerning the terms of the Master Agreement shall be in the state serving as Lead State. Venue for any claim, dispute, or action concerning any Order placed against the Master Agreement or the effect of a Participating Addendum shall be in the Purchasing Entity's State.

c. If a claim is brought in a federal forum, then it must be brought and adjudicated solely and exclusively within the United States District Court for (in decreasing order of priority): the Lead State for claims relating to the procurement, evaluation, award, or contract performance or administration if the Lead State is a party; a Participating State if a named party; the state where the Participating Entity or Purchasing Entity is located if either is a named party.

37. Contract Provisions for Orders Utilizing Federal Funds.

Pursuant to Appendix II to 2 Code of Federal Regulations (CFR) Part 200, Contract Provisions for Non-Federal Entity Contracts Under Federal Awards, Orders funded with federal funds may have additional contractual requirements or certifications that must be satisfied at the time the Order is placed or upon delivery. These federal requirements may be proposed by Participating Entities in Participating Addenda and Purchasing Entities for incorporation in Orders placed under this Master Agreement.

38. Leasing or Alternative Financing Methods. Not applicable

~~The procurement and other applicable laws of some Purchasing Entities may permit the use of leasing or alternative financing methods for the acquisition of Products under this Master Agreement. Where the terms and conditions are not otherwise prescribed in an applicable Participating Addendum, the terms and conditions for leasing or alternative financing methods are subject to negotiation between the Contractor and Purchasing Entity.~~

Part 3

Attachment B:
Standard Terms and
Conditions for Services
State of Utah
Cooperative Contract

Part 3

Per your request, we are providing a red-lined version of Attachment B, Standard Terms and Conditions for the Services State of Utah Cooperative Contract.

ATTACHMENT B: STANDARD TERMS AND CONDITIONS FOR SERVICES STATE OF UTAH COOPERATIVE CONTRACT

This is a State of Utah Cooperative Contract ("State Cooperative Contract") for services (including professional services), meaning the furnishing of labor, time, or effort by a contractor. This State Cooperative Contract is the result of a cooperative procurement for the benefit of Eligible Users and may be used by Eligible Users without the Eligible Users signing a participating addendum.

1. **1. DEFINITIONS:** The following terms shall have the meanings set forth below:
 - a) **"Confidential Information"** means information that is deemed as confidential under applicable state and federal laws, including personal information. The Eligible Users shall have the right to identify, during and after this Contract, additional types of categories of information that must be kept confidential under federal and state laws by Contractor.
 - b) **"Contract"** means either: (i) the Contract Signature Page(s), including all referenced attachments and documents incorporated by reference, or (ii) the Solicitation and the Proposal when accepted and signed by the Division. The format of the Contract, as described in the prior sentence, will be at the sole option of the Division. Additionally, the term "Contract" may include any purchase orders issued by the Division that result from this Contract.
 - c) **"Contract Signature Page(s)"** means the State of Utah cover page(s) that the Division and Contractor sign.
 - d) **"Contractor"** means the individual or entity delivering the Services identified in this Contract. The term "Contractor" shall include Contractor's agents, officers, employees, and partners.
 - e) **"Division"** means the State of Utah Division of Purchasing.
 - f) **"Eligible User(s)"** means those authorized to use State Cooperative Contracts and includes the State of Utah's government departments, institutions, agencies, political subdivisions (e.g., colleges, school districts, counties, cities, etc.), and, as applicable, nonprofit organizations, agencies of the federal government, or any other entity authorized by the laws of the State of Utah to participate in State Cooperative Contracts.
 - g) **"End User Agreement"** means any agreement that Eligible Users are required to sign in order to participate in this Contract including an end user agreement, customer agreement, memorandum of understanding, statement of work, lease agreement, service level agreement, or any other named separate agreement.
 - h) **"Services"** means the furnishing of labor, time, or effort by Contractor pursuant to this Contract. Services shall include, but are not limited to, all of the deliverable(s) that result from Contractor performing the Services pursuant to this Contract. Services include those professional services identified in Section 63G-6a-103 of the Utah Procurement Code.
 - i) **"Proposal"** means Contractor's response to the Division's Solicitation.
 - j) **"Solicitation"** means the documents used by the Division to obtain Contractor's Proposal.
 - k) **"State of Utah"** means the State of Utah, in its entirety, including its institutions, agencies, departments, divisions, authorities, instrumentalities, boards, commissions, elected or appointed officers, employees, agents, and authorized volunteers.
 - l) **"Subcontractors"** means subcontractors or subconsultants at any tier that are under the direct or indirect control or responsibility of the Contractor, and includes all independent contractors, agents, employees, authorized resellers, or anyone else for whom the Contractor may be liable at any tier, including a person or entity that is, or will be, providing or performing an essential aspect of this Contract, including Contractor's manufacturers, distributors, and suppliers.

2. **GOVERNING LAW AND VENUE:** This Contract shall be governed by the laws, rules, and regulations of the State of Utah. Any action or proceeding arising from this Contract shall be brought in a court of competent jurisdiction in the State of Utah. Venue shall be in Salt Lake City, in the Third Judicial District Court for Salt Lake County.
3. **LAWS AND REGULATIONS:** At all times during this Contract, Contractor and all Services performed under this Contract will comply with all applicable federal and state constitutions, laws, rules, codes, orders, and regulations, including applicable licensure and certification requirements. If this Contract is funded by federal funds, either in whole or in part, then any federal regulation related to the federal funding will supersede this Attachment A.
4. **RECORDS ADMINISTRATION:** Contractor shall maintain or supervise the maintenance of all records necessary to properly account for Contractor's performance and the payments made by Eligible Users to Contractor under this Contract. These records shall be retained by Contractor for at least six (6) years after final payment, or until all audits initiated within the six (6) years have been completed, whichever is later. Contractor agrees to allow, at no additional cost, State of Utah, federal auditors, and Eligible Users, access to all such records.
5. **CERTIFY REGISTRATION AND USE OF EMPLOYMENT "STATUS VERIFICATION SYSTEM":** This "Status Verification System" requirement, also referred to as "E-Verify", only applies to contracts issued through a Request for Proposal process and to sole sources that are included within a Request for Proposal.
 1. Contractor certifies as to its own entity, under penalty of perjury, that Contractor has registered and is participating in the Status Verification System to verify the work eligibility status of Contractor's new employees that are employed in the State of Utah in accordance with applicable immigration laws.
 2. Contractor shall require that each of its Subcontractors certify by affidavit, as to their own entity, under penalty of perjury, that each Subcontractor has registered and is participating in the Status Verification System to verify the work eligibility status of Subcontractor's new employees that are employed in the State of Utah in accordance with applicable immigration laws.
 3. Contractor's failure to comply with this section will be considered a material breach of this Contract.
6. **CONFLICT OF INTEREST:** Contractor represents that none of its officers or employees are officers or employees of the Division or of the State of Utah, unless disclosure has been made to the Division.
7. **INDEPENDENT CONTRACTOR:** Contractor and Subcontractors, in the performance of this Contract, shall act in an independent capacity and not as officers, employees, or agents of the State Entity or the State of Utah.
8. **INDEMNITY:** Contractor shall be fully liable for the actions of its agents, employees, officers, partners, and Subcontractors, and shall fully indemnify, defend, and save harmless the Division, Eligible Users, and the State of Utah from all claims, losses, suits, actions, damages, and costs of every name and description arising out of Contractor's performance of this Contract caused by any intentional act or negligence of Contractor, its agents, employees, officers, partners, or Subcontractors, without limitation; provided, however, that the Contractor shall not indemnify for that portion of any claim, loss, or damage arising hereunder due to the sole fault of the Division, Eligible Users, or the State of Utah. ~~However, in no case shall either party be liable for incidental, special or consequential damages. The parties agree that if there are any limitations of the Contractor's liability, including a limitation of liability clause for anyone for whom the Contractor is responsible, such limitations of liability will not apply to injuries to persons, including death, or to damages to property.~~
9. **EMPLOYMENT PRACTICES:** Contractor agrees to abide by the following employment laws: (i) Title VI and VII of the Civil Rights Act of 1964 (42 U.S.C. 2000e), which prohibits discrimination against any employee or applicant for employment or any applicant or recipient of services, on the basis of race, religion, color, or national origin; (ii) Executive Order No. 11246, as amended, which prohibits discrimination on the basis of sex; (iii) 45 CFR 90, which prohibits discrimination on the basis of age; (iv) Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act of 1990, which prohibits discrimination on the basis of disabilities; and (v) Utah's Executive Order, dated December 13, 2006, which prohibits unlawful harassment in the workplace. Contractor further agrees to abide by any other laws, regulations, or orders that prohibit the discrimination of any kind by any of Contractor's employees.
10. **AMENDMENTS:** This Contract may only be amended by the mutual written agreement of the Division and Contractor, which amendment will be attached to this Contract. Automatic renewals will not apply to this Contract.
11. **DEBARMENT:** Contractor certifies that it is not presently nor has ever been debarred, suspended, or proposed for debarment by any governmental department or agency, whether international, national, state, or local.

Contractor must notify the State Entity within thirty (30) days if debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in any contract by any governmental entity during this Contract.

- 12. TERMINATION:** Unless otherwise stated in this Contract, this Contract may be terminated with cause by either party in advance of the specified expiration date, upon written notice given by the other party. The party in violation will be given ten (10) days after written notification to correct and cease the violations, after which this Contract may be terminated for cause immediately and is subject to the remedies listed below. This Contract may also be terminated without cause (for convenience) in advance of the specified expiration date by either party upon sixty (60) days written termination notice being given to the other party. The Division and the Contractor may terminate this Contract, in whole or in part, at any time, by mutual agreement in writing. On termination of this Contract, all accounts and payments will be processed according to the financial arrangements set forth herein for Services properly performed prior to date of termination.

Contractor shall be compensated for the Services properly performed under this Contract up to the effective date of the notice of termination. Contractor agrees that in the event of such termination for cause or without cause, Contractor's sole remedy and monetary recovery from the State Entity or the State of Utah is limited to full payment for all Services properly performed as authorized under this Contract up to the date of termination as well as any reasonable monies owed as a result of Contractor having to terminate other contracts necessarily and appropriately entered into by Contractor pursuant to this Contract. In no event shall the State Entity be liable to the Contractor for compensation for any services neither requested by the State nor satisfactorily performed by the Contractor. In no event shall the State Entity's exercise of its right to terminate this Contract for convenience relieve the Contractor of any liability to the State Entity for any damages or claims arising under this Contract.

- 13. NONAPPROPRIATION OF FUNDS, REDUCTION OF FUNDS, OR CHANGES IN LAW:** Upon thirty (30) days written notice delivered to the Contractor, this Contract may be terminated in whole or in part at the sole discretion of the Division, if the Division reasonably determines that: (i) a change in Federal or State legislation or applicable laws materially affects the ability of either party to perform under the terms of this Contract; or (ii) that a change in available funds affects the Divisions or the Eligible User's ability to pay Contractor. A change of available funds as used in this paragraph includes, but is not limited to, a change in Federal or State funding, whether as a result of a legislative act or by order of the President or the Governor.

If a written notice is delivered, the Eligible User will reimburse Contractor for the Services properly performed until the effective date of said notice. The Division, the Eligible User, and the State of Utah will not be liable for any performance, commitments, penalties, or liquidated damages that accrue after the effective date of said written notice.

- 14. SALES TAX EXEMPTION:** The Services under this Contract will be paid for from the Eligible User's funds and may be used in the exercise of the Eligible User's essential functions. Upon request, the Eligible User will provide Contractor with its sales tax exemption number. It is Contractor's responsibility to request the Eligible User's sales tax exemption number. It also is Contractor's sole responsibility to ascertain whether any tax deduction or benefits apply to any aspect of this Contract.
- 15. INSURANCE:** Contractor shall at all times during the term of this Contract, without interruption, carry and maintain commercial general liability insurance from an insurance company authorized to do business in the State of Utah. The limits of this insurance will be no less than one million dollars (\$1,000,000.00) per occurrence and three million dollars (\$3,000,000.00) aggregate. Contractor also agrees to maintain any other insurance policies required in the Solicitation. Contractor shall provide proof of the required insurance policies to the Division within thirty (30) days of contract award. Contractor must add the State of Utah as an additional insured with notice of cancellation. Failure to provide proof of insurance, as required, will be deemed a material breach of this Contract. Contractor shall not cancel or allow the insurance policy to expire unless written notice has been given to the Division at least thirty (30) days prior to the cancellation or expiration. Contractor's failure to maintain this insurance requirement for the term of this Contract will be grounds for immediate termination of this Contract.
- 16. WORKERS' COMPENSATION INSURANCE:** Contractor shall maintain during the term of this Contract, workers' compensation insurance for all its employees as well as any Subcontractor employees related to this Contract. Workers' compensation insurance shall cover full liability under the workers' compensation laws of the jurisdiction in which the service is performed at the statutory limits required by said jurisdiction. Contractor acknowledges that within thirty (30) days of contract award, Contractor must submit proof of certificate of insurance that meets the above requirements.

- 17. END USER AGREEMENT:** If Eligible Users are required by Contractor to sign an End User Agreement before participating in this Contract, then a copy of the End User Agreement must be attached to this Contract. The term of the End User Agreement shall not exceed the term of this Contract, and the End User Agreement will automatically terminate upon the completion or termination of this Contract. An End User Agreement must reference this Contract, and may not be amended or changed unless approved in writing by the Division. Eligible Users will not be responsible or obligated for any early termination fees if the End User Agreement terminates as a result of completion or termination of this Contract.
- 18. LARGE VOLUME DISCOUNT PRICING:** Eligible Users may seek to obtain additional volume discount pricing for large orders provided Contractor is willing to offer additional discounts for large volume orders. No amendment to this Contract is necessary for Contractor to offer discount pricing to an Eligible User for large volume purchases.
- 19. ELIGIBLE USER PARTICIPATION:** Participation under this Contract by Eligible Users is voluntarily determined by each Eligible User. Contractor agrees to supply each Eligible User with Services based upon the same terms, conditions and prices of this Contract.
- 20. INDIVIDUAL CUSTOMERS:** Each Eligible User that purchases Services from this Contract will be treated as if they were individual customers. Each Eligible User will be responsible to follow the terms and conditions of this Contract. Contractor agrees that each Eligible User will be responsible for their own charges, fees, and liabilities. Contractor shall apply the charges to each Eligible User individually. The Division is not responsible for any unpaid invoice.
- 21. QUANTITY ESTIMATES:** The Division does not guarantee any purchase amount under this Contract. Estimated quantities are for Solicitation purposes only and are not to be construed as a guarantee.
- 22. PUBLIC INFORMATION:** Contractor agrees that this Contract, related purchase orders, related pricing documents, and invoices will be public documents, and may be available for public and private distribution in accordance with the State of Utah's Government Records Access and Management Act (GRAMA). Contractor gives the Division, the Eligible Users, and the State of Utah express permission to make copies of this Contract, related purchase orders, related pricing documents, and invoices in accordance with GRAMA. Except for sections identified in writing and expressly approved by the Division, Contractor also agrees that the Contractor's Proposal to the Solicitation will be a public document, and copies may be given to the public as permitted under GRAMA. The Division, Eligible Users, and the State of Utah are not obligated to inform Contractor of any GRAMA requests for disclosure of this Contract, related purchase orders, related pricing documents, and invoices.
- 23. DELIVERY:** Time is of the essence for all deliveries made under this Contract. All deliveries under this Contract will be F.O.B. destination with all transportation and handling charges paid for by Contractor. Responsibility and liability for loss or damage will remain with Contractor until final inspection and acceptance, when responsibility will pass to the Eligible User, except as to latent defects or fraud. Contractor's failure to provide the Services by the required delivery date is deemed a material breach of this Contract. Contractor shall be responsible for the customary industry standard in packing and shipping any goods relating to these Services.
- 24. REPORTS AND FEES:**
- 1. Administrative Fee:** Contractor agrees to provide a quarterly administrative fee to the State in the form of a Check or EFT payment. The fee will be payable to the "State of Utah Division of Purchasing" and will be sent to State of Utah, Division of Purchasing, 3150 State Office Building, Capitol Hill, PO Box 141061, Salt Lake City, UT 84114. The Administrative Fee will be the amount listed in the solicitation and will apply to all purchases (net of any returns, credits, or adjustments) made under this Contract.
 - 2. Quarterly Reports:** Contractor agrees to provide a quarterly utilization report, reflecting net sales to the State during the associated fee period. The report will show the quantities and dollar volume of purchases by each agency and political subdivision. The quarterly report will be provided in secure electronic format and/or submitted electronically to the Utah reports email address: salesreports@utah.gov.
 - 3. Report Schedule:** Quarterly utilization reports shall be made in accordance with the following schedule:

| <u>Period End</u> | <u>Reports Due</u> |
|-------------------|--------------------|
| March 31 | April 30 |
| June 30 | July 31 |
| September 30 | October 31 |
| December 31 | January 31 |

4. **Fee Payment:** After the Division receives the quarterly utilization report, it will send Contractor an invoice for the total quarterly administrative fee owed to the Division. Contractor shall pay the quarterly administrative fee within thirty (30) days from receipt of invoice.
5. **Timely Reports and Fees:** If the quarterly administrative fee is not paid by thirty (30) days of receipt of invoice or quarterly utilization reports are not received by the report due date, then Contractor will be in material breach of this Contract.
25. **ORDERING:** Orders will be placed by the Eligible User directly with Contractor. All orders will be shipped promptly in accordance with the terms of this Contract.
26. **ACCEPTANCE AND REJECTION:** The Eligible User shall have thirty (30) days after delivery of the Services to perform an inspection of the Services to determine whether the Services conform to the standards specified in the Solicitation and this Contract prior to acceptance of the Services by the Eligible User.
- If Contractor delivers nonconforming Services, the State Entity may, at its option and at Contractor's expense: (i) return the any deliverable related to the Services for a full refund; (ii) require Contractor to promptly correct or reperform the nonconforming Services subject to the terms of this Contract; or (iii) obtain replacement Services from another source, subject to Contractor being responsible for any cover costs.
27. **INVOICING:** Contractor will submit invoices within thirty (30) days after the delivery date of the Services to the Eligible User. The contract number shall be listed on all invoices, freight tickets, and correspondence relating to this Contract. The prices paid by the Eligible User will be those prices listed in this Contract, unless Contractor offers a prompt payment discount within its Proposal or on its invoice. The Eligible User has the right to adjust or return any invoice reflecting incorrect pricing.
28. **PAYMENT:** Payments are to be made within thirty (30) days after a correct invoice is received. All payments to Contractor will be remitted by mail, electronic funds transfer, or by a Purchasing Card (major credit card). If payment has not been made after sixty (60) days from the date a correct invoice is received by the Eligible User, then interest may be added by Contractor as prescribed in the Utah Prompt Payment Act. The acceptance by Contractor of final payment, without a written protest filed with the Eligible User within ten (10) business days of receipt of final payment, shall release the Division, the Eligible User, and the State of Utah from all claims and all liability to the Contractor. The Eligible User's payment for the Services shall not be deemed an acceptance of the Services and is without prejudice to any and all claims that the Division, Eligible User, or the State of Utah may have against Contractor. The State of Utah, the Division, and the Eligible User will not allow the Contractor to charge end users electronic payment fees of any kind.
29. **TIME IS OF THE ESSENCE:** Services shall be completed by any applicable deadline stated in this Contract. For all Services, time is of the essence. Contractor shall be liable for all reasonable damages to the Eligible User and the State of Utah, and anyone for whom the State of Utah may be liable, as a result of Contractor's failure to timely perform the Services required under this Contract.
30. **CHANGES IN SCOPE:** Any changes in the scope of the Services to be performed under this Contract shall be in the form of a written amendment to this Contract, mutually agreed to and signed by both parties, specifying any such changes, fee adjustments, any adjustment in time of performance, or any other significant factors arising from the changes in the scope of Services.
31. **PERFORMANCE EVALUATION:** The Eligible User may conduct a performance evaluation of Contractor's Services, including Contractor's Subcontractors, if any. Results of any evaluation may be made available to the Contractor upon Contractor's request.
32. **STANDARD OF CARE:** The Services of Contractor and its Subcontractors shall be performed in accordance with the standard of care exercised by licensed members of their respective professions having substantial experience providing similar services which similarities include the type, magnitude, and complexity of the Services that are the subject of this Contract. Contractor shall be liable to the Eligible User and the State of Utah for claims, liabilities, additional burdens, penalties, damages, or third party claims (e.g., another Contractor's claim against the State of Utah), to the extent caused by wrongful acts, errors, or omissions that do not meet this standard of care.
33. **REVIEWS:** The Division and Eligible Users reserve the right to perform plan checks, plan reviews, other reviews, and/or comment upon the Services of Contractor. Such reviews do not waive the requirement of Contractor to meet all of the terms and conditions of this Contract.
34. **INDEMNIFICATION RELATING TO INTELLECTUAL PROPERTY:** Contractor will indemnify and hold the Division, the Eligible User, and the State of Utah harmless from and against any and all damages, expenses

(including reasonable attorneys' fees), claims, judgments, liabilities, and costs in any action or claim brought against the Division, the Eligible User, or the State of Utah for infringement of a third party's copyright, trademark, trade secret, or other proprietary right. The parties agree that if there are any limitations of Contractor's liability, such limitations of liability will not apply to this section.

- 35. OWNERSHIP IN INTELLECTUAL PROPERTY:** The Division, the Eligible User, and Contractor agree that each has no right, title, or interest, proprietary or otherwise, in the intellectual property owned or licensed by the other, unless otherwise agreed upon by the parties in writing. All Services, documents, records, programs, data, articles, memoranda, and other materials not developed or licensed by Contractor prior to the execution of this Contract, but specifically manufactured under this Contract, shall be considered work made for hire, and Contractor shall transfer any ownership claim to the Eligible User.
- 36. ASSIGNMENT:** Contractor may not assign, sell, transfer, subcontract or sublet rights, or delegate any right or obligation under this Contract, in whole or in part, without the prior written approval of the Division.
- 37. DEFAULT AND REMEDIES:** Any of the following events will constitute cause for the Division to declare Contractor in default of this Contract: (i) Contractor's non-performance of its contractual requirements and obligations under this Contract; or (ii) Contractor's material breach of any term or condition of this Contract. The Division may issue a written notice of default providing a ten (10) day period in which Contractor will have an opportunity to cure. Time allowed for cure will not diminish or eliminate Contractor's liability for damages. If the default remains after Contractor has been provided the opportunity to cure, the Division may do one or more of the following: (i) exercise any remedy provided by law or equity; (ii) terminate this Contract; (iii) impose liquidated damages, if liquidated damages are listed in this Contract; (iv) debar/suspend Contractor from receiving future contracts from the Division or the State of Utah; or (v) demand a full refund of any payment that an Eligible User has made to Contractor under this Contract for Services that do not conform to this Contract.
- 38. FORCE MAJEURE:** Neither party to this Contract will be held responsible for delay or default caused by fire, riot, act of God, and/or war which is beyond that party's reasonable control. The Division may terminate this Contract after determining such delay will prevent successful performance of this Contract.
- 39. CONFIDENTIALITY:** If Confidential Information is disclosed to Contractor, Contractor shall: (i) advise its agents, officers, employees, partners, and Subcontractors of the obligations set forth in this Contract; (ii) keep all Confidential Information strictly confidential; and (iii) not disclose any Confidential Information received by it to any third parties. Contractor will promptly notify the Division and the relevant Eligible User of any potential or actual misuse or misappropriation of Confidential Information.

Contractor shall be responsible for any breach of this duty of confidentiality, including any required remedies and/or notifications under applicable law. ~~Contractor shall indemnify, hold harmless, and defend the Division, the Eligible User, and the State of Utah, including anyone for whom the Division, the Eligible User, or the State of Utah is liable, from claims related to a breach of this duty of confidentiality, including any notification requirements, by Contractor or anyone for whom the Contractor is liable.~~

Upon termination or expiration of this Contract, Contractor will return all copies of Confidential Information to the Eligible User or certify in writing, that the Confidential Information has been destroyed. This duty of confidentiality shall be ongoing and survive the termination or expiration of this Contract.

- 40. PUBLICITY:** ~~Each party Contractor~~ shall submit to the ~~other party Eligible User~~ for written approval all advertising and publicity matters relating to this Contract. ~~It is within the Eligible User's sole discretion whether to provide approval, which must be done in writing.~~
- 41. CONTRACT INFORMATION:** During the duration of this Contract, the State of Utah Division of Purchasing is required to make available contact information of Contractor to the State of Utah Department of Workforce Services. The State of Utah Department of Workforce Services may contact Contractor during the duration of this Contract to inquire about Contractor's job vacancies.
- 42. PROCUREMENT ETHICS:** Contractor understands that a person who is interested in any way in the sale of any supplies, services, construction, or insurance to the State of Utah is violating the law if the person gives or offers to give any compensation, gratuity, contribution, loan, reward, or any promise thereof to any person acting as a procurement officer on behalf of the State of Utah, or to any person in any official capacity who participates in the procurement of such supplies, services, construction, or insurance, whether it is given for their own use or for the use or benefit of any other person or organization.

43. **WAIVER:** A waiver of any right, power, or privilege shall not be construed as a waiver of any subsequent right, power, or privilege.
44. **ATTORNEY'S FEES:** In the event of any judicial action to enforce rights under this Contract, the prevailing party shall be entitled its costs and expenses, including reasonable attorney's fees, incurred in connection with such action.
45. **DISPUTE RESOLUTION:** Prior to either party filing a judicial proceeding, the parties agree to participate in the mediation of any dispute. The Division, after consultation with the Eligible User and Contractor, may appoint an expert or panel of experts to assist in the resolution of a dispute. If the Division appoints such an expert or panel, the Eligible User and Contractor agree to cooperate in good faith in providing information and documents to the expert or panel in an effort to resolve the dispute.
46. **ORDER OF PRECEDENCE:** In the event of any conflict in the terms and conditions in this Contract, the order of precedence shall be: (i) this Attachment A; (ii) Contract Signature Page(s); (iii) the State of Utah's additional terms and conditions, if any; (iv) any other attachment listed on the Contract Signature Page(s); (v) Contractor's Service Guide terms and conditions that are incorporated into ~~attached to~~ this Contract by reference, if any; and (vi) Contractor's attachments, if any. Any provision attempting to limit the liability of Contractor or limit the rights of the Division, Eligible Users, or the State of Utah must be in writing and attached to this Contract or it is rendered null and void. Contractor's terms and conditions on its Sales Orders, Invoices, website, etc., will not apply to this Contract.
47. **SURVIVAL OF TERMS:** Termination or expiration of this Contract shall not extinguish or prejudice the Division's or the Eligible User's right to enforce this Contract with respect to any default of this Contract or defect in the Services that has not been cured.
48. **SEVERABILITY:** The invalidity or unenforceability of any provision, term, or condition of this Contract shall not affect the validity or enforceability of any other provision, term, or condition of this Contract, which shall remain in full force and effect.
49. **ENTIRE AGREEMENT:** This Contract constitutes the entire agreement between the parties and supersedes any and all other prior and contemporaneous agreements and understandings between the parties, whether oral or written.

Part 4

Section 2.11: Required Format

Part 4

2.11 Required Format

All Proposals must be submitted in the following format. Detailed information on submitting each of these sections is contained later sections of this RFP.

1. RFP Form. The Lead State's Request for Proposal form completed and signed.

The RFP Form has been submitted electronically.

2. Executive Summary. The one or two page executive summary is to briefly describe the Offeror's Proposal. This summary should highlight the major features of the Proposal. It must indicate any requirements that cannot be met by the Offeror. The Lead State should be able to determine the essence of the Proposal by reading the executive summary.

The Executive Summary can be found at the beginning of this RFP response. Disclaimers and further explanations are provided throughout the body of this RFP response.

3. Confidential, Protected or Proprietary Information. All protected/proprietary information must be identified in this section of the proposal by completing the Claim of Business Confidentiality referenced in Section 2.13.

If the Offeror's proposal contains protected/proprietary information (refer back to the Protected Information section of this RFP for additional information), then Offeror must submit a redacted copy of the proposal at the same time Offeror submits its proposal. The redacted copy of the Offeror's proposal must be submitted in compliance with other sections of this RFP.

If there is no protected information, write "None" in this section.

None.

Failure to comply with this Section and Section 2.13 of this RFP releases the State from any obligation or liability arising from the inadvertent release of Offeror information.

4. Potential Conflicts of Interest. Offeror must identify any conflict, or potential conflict of interest, that might arise during the contract. If no conflicts are identified or expected, write "None" in this section.

None.

5. Exceptions and/or Additions to the Standard Terms and Conditions. Proposed exceptions and/or additions to the Standard Terms and Conditions must be submitted in this section. Offeror must provide all proposed exceptions and/or

additions, including an Offeror's terms and conditions in Microsoft Word format for redline editing.

We are providing FedEx Legal comments regarding the following:

- State of Utah General Provisions
- Attachment A, NASPO ValuePoint Master Agreement Terms and Conditions
- Attachment B, Standard Terms and Conditions for Services State of Utah Cooperative Contract

Offeror must also provide the name, contact information, and access to the person(s) that will be directly involved in terms and conditions negotiations.

Your contact is FedEx Worldwide Account Manager Elaine Heath. She can be reached at elaine.heath@fedex.com or 1.858.450.9869.

If there are no exceptions or additions to the Standard Terms and Conditions, write "None" in this section.

6. **Mandatory Requirements.** As described in Section 4.1, Offeror must provide the required narratives that demonstrate compliance with the stated Mandatory Minimum Requirements/Qualifications. Offeror's failure to meet any one of the mandatory requirements will result in the proposal being classified as non-responsive and will be rejected under the provisions of the Utah Procurement Code.

Please refer to our response to Section 4.

7. **Technical Response.** As described in Section 4.5, this section should constitute the major portion of the proposal and must be a concise overview of the Offeror's assessment of the work to be performed, the Offeror's ability and approach, and the resources necessary to fulfill the requirements. This section should demonstrate the Offeror's understanding of the desired overall performance expectations, deliverables, if any, and outcomes. Clearly indicate any options or alternatives proposed. In any case wherein the Offeror cannot comply with an evaluation criterion outlined in Section 4.5, such inability must be stated in response to the applicable requirement. Offerors should reference the Scope of Work in Section 4.5 in their response.

Acknowledged.

For ease of evaluation, the Detailed Technical Proposal Section must be a point-by-point response, addressing in detail each area of the evaluation criteria.

We are providing a point-by-point response.

Proposals will be evaluated against the proposal evaluation criteria described in Section 4.5 of this evaluation. Section 4.5 provides the relative weight that will be given to each score for the criteria, and the minimum scoring thresholds associated with the technical evaluation criteria.

Acknowledged.

8. Cost Proposal. Cost will be evaluated independently from the technical proposal. Please enumerate all costs on the attached Cost Proposal Form.

Cost will be evaluated independently from the Detailed Technical Proposal and must be submitted separately from the Detailed Technical Proposal. Inclusion of any cost or pricing data within the Detailed Technical Proposal will result in the proposal being judged as non-responsive for violation of UCA § 63G-6a-707(5).

Acknowledged.

Part 5

Section 4: Administrative and Technical Response Requirements

Part 5

Section 4: Administrative and Technical Response Requirements

4.1. Mandatory Minimum Administrative Proposal Requirements

This section contains the minimum requirements that must be met in order to be considered for the evaluation phase. All of the items described in this section are non-negotiable. All Offerors must state willingness and demonstrate ability to satisfy these requirements in the proposal submitted for consideration. Offeror shall provide a point by point response or certification for each requirement.

Acknowledged.

A. QUALIFICATIONS OF CARRIERS

1. Offeror must attach a true, correct and complete copy of its operating permit to their Proposal. The Authorized User and Carrier agree that each and every shipment tendered to Carrier under the Contract is a tender to the Carrier.

Please see FedEx Attachment A for copies of the most relevant operating permits.

2. Offeror shall represent and warrant that it is authorized pursuant to permits issued to transport shipments, as described in this Master Agreement in interstate and foreign commerce from, to, or between all points and places in the United States and international points and to lawfully furnish to the Authorized User all related services provided for herein.

FedEx represents that it is duly authorized and licensed by the appropriate regulatory agencies to operate and provide services as set forth in the FedEx Service Guide.

3. Offeror shall certify that it agrees to immediately notify Authorized User of any threatened or actual suspension or revocation of any such permit or operating authority during the course of any awarded price agreement.

FedEx agrees to this requirement.

4. Offeror shall represent and warrant that it has not, and during the term of this Master Agreement, will not request, pursuant to 49 U.S. C. Section 14501 (c) (B) (ii), to be subject to any law, regulation or provision that purports to create any right or obligation that is inconsistent with the provision of this Master Agreement.

FedEx agrees to this requirement.

5. Offeror must provide its calendar or fiscal year 2014 Operating Ratio (operating expenses divided by operating revenues multiplied by 100 give the percentage of the operating revenues which are required to pay the operating expenses, this being the operating ratio).

The 2014 Operating Ratio for FedEx Corporation was 91.63 percent.

6. Offeror must provide its Shipment Claims Ratio for calendar or fiscal year 2014. The ratio shall be the ratio of claims for shipment loss or damage to total shipments for both express small package air and expedited ground service shipments.

We are providing claims data for FedEx shipments for the State of Utah for calendar year 2015. Claims data includes number of claims filed as a percentage of total package volume for FedEx Express and FedEx Ground shipments for the State of Utah = 0.02% or 33 claims filed out of 144,280 packages shipped.

7. Provide the following information specific to your company:

- a. Your company's full legal name

Fax: 1.901.471.5901

B. FIRM RATES

Offeror must certify that firm rates will remain the same for at least one (1) year from the execution of the contract.

Offeror must acknowledge that rate increase submissions may only occur on an annual basis. Offeror must request the increase to the Lead State. The Lead State will review each rate increase submission and the Lead State may, at its discretion, utilize the PPI and CPI to reject, approve, or negotiate rate increases.

Awarded Offeror will be required to submit firm rate sheets before contracts are finalized.

FedEx agrees to these requirements.

C. FUEL SURCHARGE

Offeror shall certify that if a fuel surcharge will be applied, an express (air) and ground cap cannot exceed 7% for the full term of the Master Agreement. Offeror's must further certify that a fuel surcharge, if any, will be published on its website so that all Authorized Users can confirm the accuracy of invoices. Offeror must further certify that its website shall also provide historical fuel surcharge information.

Offeror must list a fuel surcharge in its proposed cost sheet only. Offeror shall not list the fuel surcharge, if any, in this section. This section is only to be used to certify that the Offeror will not exceed the 7% cap for the full term of the Master Agreement that it will publish the fuel surcharge, if any, on its website, and will provide historical fuel surcharge information on its website. If a fuel surcharge is listed in this section of the response, the proposal may be rejected for not being responsive.

FedEx agrees to these requirements. Current fuel surcharges as well as historical fuel surcharge information can be found on our website at the following link: fedex.com/us/services/fuelsurcharge.html

D. CARRIER SERVICE GUIDE

Offeror's must have a carrier service guide in effect at time of Master Agreement award will be in effect for the first year of the Master Agreement with no changes in rates or

charges during that time without the prior written approval of the NASPO ValuePoint Contract Administrator. Offeror shall certify that it will have a carrier service guide established and in effect at the time of Master Agreement award. The pricing in this Master Agreement is not tied to the Carrier's published list pricing in the Service Guide.

FedEx agrees to these requirements. An electronic version of the 2016 FedEx Service Guide has been uploaded to the BidSync system. It also can be found at the following link: fedex.com/us/service-guide/index.html

E. EXCLUSION OF LISTED CHARGES

Offeror must certify the following regarding the exclusion of listed charges:

1. Offeror shall not propose pick-up charges or weekly service charges for air or ground shipments tendered to the Carrier due to aggregate NASPO ValuePoint volume anticipated.

FedEx agrees to this requirement.

2. Offeror shall not require a minimum number of packages per trip, per day, per week or per month.

FedEx agrees to this requirement.

3. Offer shall not apply a pickup charge to be assessed in addition to the contracted rate for the shipment.

FedEx agrees to this requirement.

F. CARRIER PICK-UP

Offeror shall certify that it will pick-up packages directly from all requesting agencies and political subdivisions upon request. Offeror must bill each Authorized User for shipments the Authorized User tenders to the Carrier.

FedEx agrees to these requirements.

G. MONEY BACK GUARANTEE

1. Offeror shall certify that it will provide a 100% Money Back Guarantee. Upon request of the Authorized User, the Carrier shall fully refund or credit the Authorized User account for the packages that are not delivered or picked up in accordance with the guaranteed delivery service. Authorized User shall decide between a refund or a credit to their account. Packages that are delivered over 60 seconds after the guaranteed delivery time are considered late. The Authorized User shall request the refund or credit within 30 days of the scheduled delivery time. Carriers are encouraged to offer automatic refunds. If the late package meets one or more of the

Carrier's exception criteria, as stated in the Service Guide, the Carrier is not obligated to issue a refund to the Authorized User.

FedEx agrees to these requirements. We are providing two scenarios in the Cost Proposal — one includes the FedEx Money-Back Guarantee and the second option does not include a money-back guarantee. Please refer to the FedEx Cost Proposal for more detail.

2. Carrier must provide clearly marked money back guaranteed zone based price sheets (schedules of rates and charges) for each service showing rates and charges by weight and zone for all contiguous 48 state domestic shipping. Separate rates in pages may be provided and clearly marked for Hawaii and Alaska and Puerto Rico services. Carriers offering pricing for intrastate ground services only must provide separate clearly marked zone based pricing for the designated state. Rates will be in dollars and cents per pound.

FedEx agrees to these requirements.

3. Non-Money Back Guarantee: An offeror must propose a money back guarantee, if it opts to additionally propose a non-money back guarantee option, it must clearly delineate between the money back guarantee cost and the non-money back guarantee cost.

FedEx agrees to this requirement.

H. PRIOR EXPERIENCE

1. Offeror must submit a list of states where they have done business in the last twelve (12) months along with point of contact information. The State reserves the right to reach out to any state and collect past performance information that can be used to evaluate past performance.

Please find below our list of states with whom we have done business in the last twelve (12) months including point of contact phone number.

2. Offeror shall demonstrate an established, successful track record of past performance in duties and responsibilities related to domestic and international transportation services specified herein. This can be established by providing a copy of reports such as a Carrier annual report, report to Surface Transportation Board, or balance sheets and income and expense statements.

Since our beginning more than 40 years ago, FedEx has grown into a \$49 billion corporation with 340,000 team members worldwide. We have generated more than \$4.5 billion of operating cash flow over the last 10 years — an indication of good liquidity and profitability. Because of our financial strength, FedEx has been able to modernize our vehicle and aircraft fleet to continue providing reliable service.

An electronic version of the 2015 FedEx Annual Report has been uploaded to the BidSync system. It also can be found at the following link:

http://s1.q4cdn.com/714383399/files/doc_financials/annual/FedEx_2015_Annual_Report.pdf

Additional financial information can also be found on our website at the following link:

<http://investors.fedex.com/investor-home/default.aspx>.

3. Offeror shall provide documentation of on time delivery performance for express small package air and small parcel ground services for the past twelve (12) months.

From April 2015 through March 2016, on-time delivery performance for the State of Utah was as follows:

- FedEx Express: 96.9 percent
- FedEx Ground: 98.6 percent

I. CARRIER CAPABILITIES

1. Offeror must have the capabilities of providing the services required under this Price Agreement. For Offerors providing interstate services under the resulting price agreement, Offeror shall serve every zip code in the United States. Offeror's providing interstate services must certify that it can serve every zip code in the United States.

FedEx agrees to these requirements.

2. Offerors providing intrastate services shall serve every zip code within the boundaries of the Participating State requesting intra-state services as identified in this RFP.

FedEx agrees to this requirement.

J. DROP BOXES AND SHIPPING SUPPLIES

1. Carrier must agree to place receptacles in convenient locations within Participating States and describe other centralized collection procedures available. Containers must be of sufficient size to contain 8 ½" x 11" sheets of paper, without folding, up to the weight limit for various categories.

FedEx agrees to these requirements.

FedEx convenience network

FedEx offers you thousands of shipping locations to drop off your FedEx shipments and pick up supplies. Choose from more than 50,000 staffed locations and self-service drop boxes to handle your shipments and shipping needs.

- **FedEx World Service Center® locations** – The shipping specialists at these locations can help you choose a delivery service, complete documentation and process your packages. Many locations are open late and on Saturdays.
- **FedEx Authorized ShipCenter locations** – Stop by these independently owned locations for packaging and shipping services. Most also offer faxing, copying and other business services. You can ship both FedEx Express® and FedEx Ground® packages at most locations.

- **FedEx ShipSite® at OfficeMax® locations** – FedEx services are available at all OfficeMax locations. These locations offer FedEx Express and FedEx Ground U.S. and international shipping services, so you can drop off packages or process them at the counter, purchase packaging supplies and handle other business needs, all at one convenient place. OfficeMax is a registered trademark of OfficeMax Incorporated.
- **FedEx Office® Print and Ship Centers** – FedEx Office offers a broad range of services for businesses, on-the-road professionals and other busy people, in one convenient location. Some locations are open 24 hours a day, 7 days a week, so you can work, ship and handle last-minute business needs on evenings and weekends. We have a wide range of FedEx Express and FedEx Ground delivery services for your shipment. Let our pros pack it for you, or you can purchase boxes, tape and other supplies. Services and hours may vary by location.
- **FedEx Express® Drop Boxes** – There are approximately 40,000 drop boxes in office buildings, shopping malls, airports, FedEx Office locations, grocery stores and other convenient locations. Ship FedEx Express packages up to 20" x 12" x 6" in dimension. Most locations have a limited quantity of airbills and express packaging. Some offer Saturday pickup.

The Carrier shall provide express pack boxes and express tubes to Participating States at no cost. Carrier shall provide requested materials and supplies within 48 hours of request, except for pre-printed shipping forms. Pre-printed shipping forms are Carrier's shipping forms pre-printed with users address and billing information.

FedEx agrees to these requirements. We provide packaging for FedEx Express shipments at no additional cost.

Order FedEx Express supplies

FedEx Express offers a range of packaging options for all your time-sensitive shipments. You can obtain packaging and supplies at FedEx Office locations, order it online at fedex.com/us/fcl/pckgenvlp/ordersupplies/index.html, or call 1.800.GoFedEx (1.800.463.3339) and say "order shipping supplies." These packaging options are for FedEx Express shipments only.

Note: Any pre-printed terms and conditions on any Carrier forms, which are inconsistent with the terms and conditions of the Master Agreement and any Participating Addendum are rejected and do not modify, change or replace the terms and conditions of this Master Agreement or subsequent Participating Addenda.

Please refer to Order of Precedence within Attachment A, NASPO ValuePoint Master Agreement Terms and Conditions.

2. Offeror shall, at no additional charge, provide Authorized Users with label printers, labels, etc. or the ability to print labels that are required to prepare articles for shipment. Offeror shall describe its program for providing such printers, including its lease terms and conditions or the ability to print labels.

FedEx agrees to this requirement. Current NASPO ValuePoint participants use fedex.com from their desktop to print labels on their designated office printers. Please refer to the following response to J.3. for more detail. Please note that based on volume shipped, FedEx offers label printers at no additional charge with no lease terms.

3. Carrier shall provide online services ordering capability as well as online printing of shipment documentation and labels. Online ordering and printing services shall be available to Authorized Users via access through the Internet and be capable of being accessed utilizing standard Internet Web Browsers. Offeror shall describe its online ordering and shipment documentation printing services, including a description of the security and privacy protection features that will be applicable to online services. The system shall accommodate a reference field for internal tracking numbers for invoice payment. The reference field shall accommodate up to 20 characters.

FedEx agrees to these requirements.

FedEx Global Trade Manager

FedEx Global Trade Manager is an online solution at fedex.com that has comprehensive tools and services to help you streamline international shipping preparation and management — 24 hours a day, 7 days a week.

Whether you're an experienced international shipper or new to global trade, the peace of mind that comes with having comprehensive features at your fingertips is priceless. FedEx Global Trade Manager assists you with everything you need such as:

- Determining the proper documents required for international shipping.
- Calculating preshipment duty and tax cost estimates.

- Viewing advisories concerning your shipment.
- Researching country profiles.
- Searching an up-to-date international denied-party-screening database.
- Using product profiles to manage your commodity information.
- Completing online and saving the documents you use most.

All of these features can be accessed from the FedEx Global Trade Manager home page — individually or in combination — and the results of your search are organized into one section with a tab at the top for each feature you selected.

Find international documents

The most common reason for shipments delayed in customs is insufficient, improper or incorrect paperwork. The Find International Documents tool helps identify the documents needed to accompany your shipment.

Prepare customs documents online

Once you've found the customs documents you need, you can also prepare, store and reuse them online with the FedEx Document Preparation Center.

- Save document profiles to edit and reuse a set of documents when you repeat similar international shipments. Also initiate a similar shipment with your document profiles. Each document profile relates to an international label you have already created. Search and sort to access your profiles efficiently and also customize your view.
- Save partially completed documents to come back and finish at a more convenient time. Select a pending document profile to resume preparation and complete or to delete as needed.
- Prepared customs documents are stored in the Document Archive for complete visibility. View and modify each document or create a document profile to reuse the document for future shipments.
- Upload your company letterhead to be used with your Commercial Invoice, and also upload a signature image for customized and professional documents.

FedEx Ship Manager at fedex.com

Once you've accessed the information you need from FedEx Global Trade Manager, you can click on the Ship button at the bottom of the results page to go directly to FedEx Ship Manager at fedex.com to create your international shipping label. All the data you entered into the FedEx Global Trade Manager tools will prepopulate in the respective fields on the FedEx Ship Manager at fedex.com shipping screen, ensuring fast and easy label completion.

Security and privacy protection

At FedEx, we are committed to delivering your packages and documents reliably, and we are equally committed to securing the information about your shipments and protecting your privacy using one of the most powerful and integrated information networks in the world. FedEx helps protect your shipping experience and its entire network by means of:

Application security. FedEx conducts application assessments to address the ever increasing threats against enterprise software systems. The software development cycle is subjected to rigorous security

policies and standards so that all FedEx software systems and the data the software operates on, whether proprietary or customer related, are secure.

Physical security. The servers with which your shipping solution communicates are hosted in highly secured data centers at FedEx. Physical access to the data centers and servers is extremely restricted with access monitored and logged.

Host security. The servers communicating with your shipping solution have been “hardened” and verified prior to service placement. This “hardening” process addresses the remediation of major known vulnerabilities on the host system. Systems are re-tested for vulnerabilities on a regularly scheduled basis. Activity is logged and audited for suspicious activity.

Network and perimeter security. FedEx deploys a defense-in-depth strategy to help protect the corporate network and our internet-facing perimeter. A series of firewalls, managed by our Information Security team, helps protect the internet-facing systems. Additionally, we monitor a string of network probes and sensors to identify abnormal behavior.

Encryption. We use 128-bit SSL (Secure Socket Layer) encryption to protect the transmission of your shipping data into, and out of, the FedEx network.

Client security. FedEx equipment at customer locations is secured by “hardening” the operating system to minimize services available. Anti-virus software and anti-spyware software are provided for an additional layer of protection.

To find out more about how FedEx protects the information about your shipments, you can view and download the document, “FedEx Information Security: Steering a Safe Course in Online Shipping,” online at: images.fedex.com/us/security/FedEx_Security_White_Paper_May_2012.pdf.

What FedEx does

The internet is a vital part of business today and is an important link between FedEx and our customers. Here are a few ways FedEx helps protect you.

Secure website

To log in to fedex.com, you are required the use of a browser that supports 128-bit encryption, which protects your personal and business data. This means that when you are on our secure website, the sensitive data transferred between you and FedEx is encrypted. All current-generation browsers support 128-bit encryption. Simply look for the closed padlock symbol in your browser and the “https” prefix in the URL address. If you are not seeing the padlock symbol, that might mean you are using older technology and you would need to upgrade your browser.

VeriSign Extended Validation (EV) certificates

FedEx uses Extended Validation certificates from VeriSign to provide additional peace of mind to our customers. Browsers that support EV certificates provide a visual confirmation that indicates the site has undergone additional validation. Browsers without EV support will continue to function on fedex.com but will not present the extended validation indicator.

Customer login protection

You can only access fedex.com account services and features with a user ID and password. These credentials are securely stored and are known only to you, the customer. Handle your ID and password with care, and never share them with others.

Protecting your account number

Shipping Administration is the primary means of managing and protecting your FedEx account. As a shipping administrator, you decide who gets access to your account, and can manage their shipping activities at fedex.com. FedEx recommends that all account owners register online for Shipping Administration.

Automatic time-outs

For your safety, we automatically log you out after 60 minutes of inactivity and require you to log in again to re-access your account on fedex.com.

In the Billing Details section of FedEx Ship Manager, you can enter up to 30 characters or select reference information, such as customer reference and P.O. number, to print on the shipping label. This information can also be used to track packages and for invoicing and reporting purposes.

K. SOFTWARE

Carrier shall, at no additional charge, provide Authorized Users with any software that is required to prepare articles for shipment. Carrier shall provide Authorized Users the most current version of the software and provide upgrades and enhancements free of charge during the term of this Master Agreement. Software shall be compatible with PC operating systems and Macintosh systems. Carrier shall indicate if any such software is required or available.

FedEx agrees to this requirement. Current NASPO ValuePoint participants use web-based fedex.com from their desktop to prepare labels for shipping. FedEx Ship Manager Software is also available but not required.

L. POINT OF CONTACT

1. General Point of Contact: Carrier must provide the name of the person who will work with the NASPO ValuePoint Contract Administrator during the term of the Master Agreement. This person must be authorized to coordinate with other Carrier representatives in each Participating State to ensure an efficient implementation of the Master Price Agreement. These representatives will be able to quickly assign agency account numbers and insure the NASPO ValuePoint contract rates are attached accordingly. Carrier must describe the process required to obtain agency account numbers and Carrier personnel assigned must have full knowledge of the NASPO ValuePoint Master Agreement.

Carrier shall designate one person responsible for Carrier's work under this Master Agreement. Carrier shall provide to each Participating State the name, address and

telephone number of such person and shall keep this information current at all times. Should contact with such person require long distance calls, Carrier will provide a toll free number to be used during normal business hours.

FedEx agrees to these requirements.

General point of contact

We are committed to serving all NASPO ValuePoint states and locations under the direction of FedEx Worldwide Account Manager Elaine Heath. She is responsible for the strategic management of the NASPO ValuePoint relationship and works cooperatively with FedEx Government Sales representatives in NASPO ValuePoint participating states. Elaine can be reached at:

10585 Heater Court
San Diego, CA 92121
Email: elaine.heath@fedex.com
Phone: 1.858.450.9869
Fax: 1.901.471.5901

Adding and deleting accounts

The FedEx National Account Master report will be used to verify all current locations and account numbers tied to NASPO ValuePoint. To add or delete a location to this program, the customer must call 1.800.645.9424. It is the customer's responsibility to verify proper rates are activated before using account numbers.

3. Offeror shall have trained personnel that can research and maintain a quality assurance program through tracking and monitoring deliveries. Offeror must describe its ongoing quality control program.

FedEx provides NASPO ValuePoint a dedicated government sales team along with general customer service resources to support your tracking and shipment monitoring needs, as well as extensive reporting options and quality programs. For tracking and monitoring deliveries, our customers use FedEx InSight as described below.

FedEx InSight

FedEx InSight allows you to proactively monitor all of your inbound, outbound and third-party shipments, all without a tracking number. You can also receive automatic notifications of shipment status.

FedEx InSight gives you:

Shipment information

- Learn the whereabouts of your U.S. and international FedEx Express, FedEx Ground, FedEx Home Delivery, FedEx SmartPost, FedEx Trade Networks and FedEx Freight shipments, including inbound, outbound and third-party payer shipments.
- Use a tracking number or other data — account number(s), customer data (company name, address) — or both, to identify your shipments.
- View this information online, receive it via email or download it as an ASCII comma delimited file (.csv).
- Access this information for five days after delivery or, if delivery doesn't occur, 15 days after the ship date. International shipment information becomes available when packages are manifested for clearance. U.S. and Canada domestic shipment information that is captured is available when FedEx scans the receipt of the shipment.

Delivery status

- Get shipment-status information before pickup by FedEx and an estimated delivery date.
- See the location of each shipment — state and country for a U.S. shipment and country for an international shipment.

Proactive notification

- Learn about critical shipping events — such as clearance delays, delivery attempts, consolidated proof of delivery and delivery exceptions — with automatic notification by email, internet or wireless device so you can take appropriate action.

Problem resolution

- Learn about shipment and delivery exceptions, such as incomplete paperwork and incorrect addresses, and recommended actions to speed delivery.

Customizable options

- Use the My Options screen to link to and customize various FedEx InSight features. For example, you can select as many notification recipients as you wish, invite an unlimited number of people to view your shipment information and add, delete or edit accounts and addresses in your shipment profile.

A summary table

- See top-line consolidated information about all your shipments along with how many clearance delays and attempted deliveries, if any, are currently affecting your shipments.

Quality principles, processes and practices — ensuring customer needs are met

For every one of our more than 340,000 team members worldwide, our purpose is to deliver outstanding customer service. We empower our employees through the application of our quality principles, processes, practices and tools. The FedEx quality principles are:

- Customers define quality
- Be scientific
- Measure, measure, measure
- Optimize business performance
- Quality involves teamwork
- View failures as opportunities

Our quality improvement process is outlined in four simple, but critically important steps, and they are applied to all types of problem-solving situations. The steps are:

1. **Assess the opportunity**
2. **Build the solution**
3. **Launch the solution**
4. **Evaluate the implementation and results**

To empower our employees in the application of quality practices that improve the customer experience, we promote the use of quality tools at all levels of the organization. A large network of quality professionals and coaches are trained in the application of a broad range of quality tools and processes. This network is an available resource across the company to support quality improvement teams. Additionally, analysts have access to a set of statistical software tools that enable effective root-cause analysis of data related to quality issues. Using facts and data to understand our performance, in combination with customer research to understand our customer expectations, enables employees to develop effective quality solutions. This approach drives improvements that meet both customer experience and business performances requirements. Achieving this balance is how we ensure sustainable performance that builds customer loyalty.

ISO 9001 certification and the Service Quality Index program

Two additional quality programs critical to FedEx quality initiatives are ISO 9001 certification and the Service Quality Index or SQI program. FedEx Express was the first global express transportation company to receive ISO 9001 certification for its worldwide operations. ISO 9001 is the most rigorous international standard for quality management systems. Our superior technology and central control systems enabled us to be the first company in the industry to accomplish this. FedEx Express has been certified to the ISO 9001 quality standard since 1994. Our certificate was granted by one of the largest and most respected registrars in the world, Lloyd's Register Quality Assurance (LRQA). Our certification applies to our entire worldwide network. No other competitor comes close to having such an all-encompassing scope of global registration. As such, FedEx internal processes are meticulously detailed and reviewed to ensure we are compliant with ISO standards at all times.

On a daily basis, FedEx measures overall performance through our Service Quality Index (SQI). SQI is an internal tool for measuring quality to evaluate our service performance. SQI monitors the key areas of FedEx service in all areas of the company via specific performance elements. This full transactional (not sample) data is analyzed to identify trends and improvement opportunities. A quality assurance team ensures that any necessary corrective action is taken to improve service performance. Rather than simply address the consequence of failures, we focus on discovering the root causes of any performance deficiencies or unsatisfactory trends and implementing preventative solutions. Operational groups within the company use area-specific metrics to evaluate their processes as sub-sets of overall SQI indices.

Carrier shall have uniformed personnel who will adhere to all security procedures required by Authorized Users.

FedEx agrees to this requirement.

M. SHIPMENT OF MATERIALS

- 1. Dangerous, Hazardous or Otherwise Restricted Materials:** Carrier shall be capable of shipping a variety of hazardous, dangers or other restricted types of materials. Offeror shall provide its policy for dangerous, hazardous, and restricted materials.

FedEx Express: Industry leadership in transportation of dangerous goods.

FedEx Express is a world leader in the transport of dangerous goods, and we provide the reliable delivery and support you need.

And, we also offer dangerous goods training.

Our dangerous goods program includes spill prevention, agency notification, appropriate handling and emergency response to hazardous materials incidents. Our program complies with all applicable U.S. and state permit requirements, and we have all required registration numbers for the hazardous materials that we accept for transport.

With FedEx Express delivering your accessible and inaccessible dangerous goods to all U.S. and many international destinations, your shipments get there fast — even overnight. In fact, you can ship dangerous goods to more international destinations with FedEx than with any other express carrier.

Shipments containing dangerous goods must be tendered to FedEx Express in accordance with current International Air Transport Association (IATA) regulations for air transport and the FedEx Express Terms and Conditions. This is required regardless of the routing and whether the shipment ends up physically moving by air transportation, ground transportation or a combination of the two.

Dangerous goods we accept

The following dangerous goods may be shipped within the U.S. and Puerto Rico in accordance with the current edition of Title 49 Code of Federal Regulations (49 CFR), which applies to transportation:

- Magnetized material
- Toxics in exemption packaging
- Environmentally Hazardous Substance, Liquid, n.o.s. or Environmentally Hazardous Substance, Solid, n.o.s. for nonbulk packages
- Shipments containing ethyl alcohol in small amounts as defined by 49 CFR 173.150 (g). Note: Shipments that must be marked “Contains Ethyl Alcohol” under 49 CFR cannot be shipped by air and are not accepted by FedEx Express.
- Some U.S. Department of Transportation (DOT) exemptions that have been approved for air transportation

Dangerous goods hotline

We offer a toll-free hotline staffed by knowledgeable specialists. For both U.S. and international shipments, call 1.800.GoFedEx (1.800.463.3339) and say “dangerous goods” to reach the FedEx Dangerous Goods/Hazardous Materials Hotline.

Identification of dangerous goods

Sometimes you may not recognize that the item you are shipping qualifies as dangerous goods and requires proper identification, classification, packaging, markings, labeling and documentation. However, it is your responsibility to correctly identify and classify these shipments.

The first step is for you to identify whether your shipment contains dangerous goods. This category includes aerosol sprays, airbags, ammunition, butane, car batteries, cologne, dry ice, fireworks, gasoline, jet fuel, lighters, lithium batteries, matches, nail polish, nail polish remover, nitrogen-refrigerated liquid, paint, perfume, solvents, some chemicals, and more.

If you're unsure whether your commodity meets the criteria for dangerous goods, or which dangerous goods identification and classification applies to your shipment, contact the U.S. Department of Transportation at 1.800.467.4922. IATA regulations Section 2.2 also offers extensive information on the topic of hidden dangerous goods. If you have further questions on shipment preparation, call the FedEx Dangerous Goods/Hazardous Materials Hotline at 1.800.GoFedEx (1.800.463.3339) (say “dangerous goods”).

Ground vs. air regulations

Some items may not be regulated as dangerous goods if they travel by ground, but are regulated by IATA if they are offered for transportation via FedEx Express® services. One common example is dry ice (carbon dioxide solid), UN 1845.

If you receive a package with an ORM-D marking but it has no dangerous goods paperwork, it may be that it was shipped via a ground carrier. If you then tender that ORM-D shipment to FedEx Express, you must offer it under IATA/ICAO regulations, not 49CFR. This includes providing the correct identification, classification, packaging, labeling, marking and documentation (a Shipper's Declaration for Dangerous Goods form) for the shipment. Refer to all applicable FedEx Express IATA Variations as well.

Dangerous goods training

The federal government requires that every shipper have job-specific dangerous goods training before tendering a dangerous goods shipment to FedEx or any air carrier.

You can register at fedex.com for government-mandated training. We offer a full three-day course, a one-day refresher course for experienced shippers and special training on shipping radioactive materials. We also offer private seminars at your location.

Packaging, marking and documentation

As the shipper, you are responsible for identifying, classifying, packaging, marking, labeling and completing documentation for dangerous goods according to all national and international governmental regulations. Failure to do so could create dangerous conditions on the aircraft and result in the shipper being subject to governmental fines and penalties under applicable laws.

Dangerous goods resources

We have job aids, checklists and more to help you prepare dangerous goods shipments. To view these resources, visit fedex.com/us/service-guide/ship-dg-hazmat/dangerous-goods/resources.html. These forms and job aids are updated on a regular basis, so keep checking back for the most current information.

Packaging

Dangerous goods (including dry ice) cannot be shipped in FedEx Express packaging, except UN 3373, Biological Substance, Category B, which may be shipped in the FedEx UN 3373 Pak, the FedEx Medium Clinical Box and the FedEx Large Clinical Box, and IATA Section II lithium batteries, which may be shipped in FedEx boxes and tubes.

Package labels

For faster, more accurate shipment preparation, use our FedEx dangerous goods package labels. Simply apply the labels, which are designed for the type of dangerous goods you're shipping, to your packages rather than marking and labeling them by hand. We have specialized labels for undeveloped film and dry ice. To order packaging or labels, call 1.800.GoFedEx (1.800.463.3339).

Package markings

Package markings must be permanently affixed to the package by the shipper. The markings can be handwritten on the package or applied in the form of a self-adhesive label. Attaching a pouch containing shipment information to the package does not meet this requirement.

IATA regulations, for example, require the shipper to mark the name and address of both the shipper and recipient on the package.

Applying a peel-and-stick airbill or self-adhesive automation label meets this requirement; a paper airbill or paper automation bar code in a pouch does not.

Dry Shippers/Dry Dewars meeting the note in IATA Packing Instruction 202 should have an indication on the outer package that the shipment is a Dry Shipper or Dry Dewar.

Shipper's declaration for dangerous goods

- FedEx can accept Shipper's Declarations for Dangerous Goods only in typed or computer-generated formats, not hand-written (see FedEx Express variations FX-12 and FX-18 in the current IATA Dangerous Goods Manual for certain exceptions that apply, and other details).
- Most shipments to, from or transiting through the U.S. that require a Shipper's Declaration for Dangerous Goods also require a 24-hour emergency-response telephone number. For exceptions to this rule, refer to current IATA regulations.
- FedEx electronic shipping solutions can accept different designations of dangerous goods for individual packages within a multiple-package shipment in the U.S. You must label each package appropriately and provide dangerous goods documentation for the entire shipment.
- If a mistake is made on the Shipper's Declaration for Dangerous Goods form, the shipper may correct the form then handwrite their full signature next to the alteration or amendment. This must be the same signature used to sign the document. The most common reason for a rejected shipment is neglecting to sign the alteration or amendment with the same signature used on the document. See IATA 8.1.2.6 for information on alterations and amendments.

Special handling fees apply. Please refer to the FedEx Service Guide in effect at the time of shipment for complete details.

Hazardous materials for FedEx Ground

FedEx Ground provides reliable, cost-effective shipping for certain hazardous materials within the contiguous U.S. Because of the potentially dangerous nature of these materials, special care must be taken with each shipment.

Before you start

You must complete the appropriate government training requirements to generate the documentation your shipments require.

Prior to tendering your shipments to us, please be familiar with the information in the FedEx Ground Hazardous Materials Shipping Guide. You can download a copy of the guide at fedex.com/us/service-guide/our-services/hazardous-materials/index.html#tab2.

In addition, be sure your shipments are labeled, marked, classified and packaged according to the rules in the Code of Federal Regulations (49 CFR) published by the DOT, and the rules in the FedEx Ground Hazardous Materials Shipping Guide. Failure to comply with these rules may result in criminal or civil penalties.

FedEx Ground restrictions

The following restrictions and requirements apply when shipping hazardous materials via FedEx Ground:

- You must obtain approval prior to shipping hazardous materials via FedEx Ground. Contact your FedEx account executive or call FedEx Customer Service at 1.800.GoFedEx (1.800.463.3339) (say "hazardous materials") for more information.
- We ship hazardous materials, including ORM-D and Limited Quantity materials, via FedEx Ground® service within the contiguous U.S. Hazardous materials, including ORM-D, Limited Quantity materials and combustible liquids, cannot be shipped to, from or within Alaska or Hawaii. Consumer-commodity ORM-Ds and Limited Quantity can be shipped to Canada. You cannot, however, ship ammunition, cartridge small arms and cartridge power devices to Canada.
- FedEx Ground® Call Tag service is not available for hazardous materials shipments.
- Our money-back guarantee may not apply to shipments that are not properly prepared in accordance with DOT regulations and FedEx Ground requirements.
- Hazardous materials, including ORM-Ds, Limited Quantity materials and dry ice, are not accepted at FedEx Office® Print and Ship Centers, FedEx World Service Center® locations, FedEx Office® Ship Centers, FedEx Authorized ShipCenter® locations, FedEx Express® Drop Boxes or unstaffed FedEx locations. Shipments containing hazardous materials, including ORM-Ds, Limited Quantity materials and dry ice, must be tendered to FedEx Ground via a scheduled pickup at the customer location. FedEx Office Print and Ship Centers will accept shipments containing lithium batteries shipped according to Special Provision 188 or 189 of the 49 CFR.
- Packages containing hazardous materials cannot exceed 70 lbs. Liquid volumes may not exceed 8 gallons.

Packaging

All hazardous materials must be packaged in United Nations Performance Oriented Packaging (UN POP) except when non-specification packaging is authorized by Title 49 Code of Federal Regulations (49 CFR). All packaging must meet the requirements set out in 49 CFR 173.24 and 49 CFR 173.24a. Packaging that is not in new or "like new" condition will not be accepted. In addition, the following requirements apply:

- Fiberboard non-specification packaging and outer packaging must meet the following requirements:
 - For packages weighing up to 20 lbs., the minimum requirements are a 200-lb. bursting test or 32-edge crush test package.
 - For packages weighing 21-50 lbs., the minimum requirements are a 250-lb. bursting test or 44-edge crush test package.
 - For packages weighing 51-70 lbs., the minimum requirements are a 275-lb. bursting test or 55-edge crush test package.
- All containers with friction-fitted lids must have a retaining ring around the lid, or:
 - Six lid clips (for gallon containers)
 - Five lid clips (for quart containers)
 - Four lid clips (for pint containers)

Labeling and documentation

All packages must be properly marked in accordance with Title 49 Code of Federal Regulations (49 CFR) requirements. We require all packages to have a minimum of four package markings:

- Shipper's address
- Recipient's address
- Proper shipping name as designated by the U.S. Department of Transportation (DOT)
- The UN/NA Identification Number

Depending on the contents of your shipment, additional markings may be required.

Packages containing hazardous materials must be properly labeled. The diamond-shaped hazard label, which indicates the hazard class and division of the material you're shipping, is the most commonly used label. It must be displayed on packaging of contrasting color.

Some hazardous materials present more than one hazard. When shipping these materials, the subsidiary hazard label must be displayed within 6 inches of the primary hazard label on your packaging.

Exceptions to labeling:

- Packages shipped as a Limited Quantity may be exempt from the labeling requirements.
- Packages shipped under a DOT special permit may also be exempt from labeling requirements.
- Packages prepared under 49 CFR 173.13 do not require a diamond-shaped hazard label.

Please refer to fedex.com and the FedEx Service Guide for complete details on shipping Hazardous Materials with FedEx Ground.

2. **Evidentiary Materials:** Offeror must be able to provide services for shipments of evidentiary materials in compliance with any participating state laws, policies or procedures. A copy of these Participating State or Participating Entity policies and procedures is available upon request.

Compliance will be addressed through the participating addendum of each state as we work to understand each state's specific requirements.

N. DELIVER AS ADDRESSED

When requested, Offeror must return undeliverable package to sender, rather than performing an address correction and forwarding the package to an address. Offeror shall work with the Authorized User to adequately identify these items as "deliver as addressed" or in a mutually agreed language rather than forwarding them to a correct address. Authorized Users shall notify Offerors of such packages. Offerors shall not charge an additional fee for returned items that are appropriately identified as "deliver as addressed."

FedEx agrees to these requirements.

O. MARKETING PLAN

Offeror shall provide a marketing plan explaining how it will market its relationship with NASPO ValuePoint, Lead State, and Participating Entities in future marketing material and campaigns. The NASPO ValuePoint Master Agreement Terms and Conditions include program provisions governing participation in the cooperative, reporting and payment of administrative fees, and marketing/education relating to the NASPO ValuePoint cooperative procurement program. In this regard,

1. Briefly describe how you intend to promote the use of the Master Agreement.

FedEx has a three-tier approach to managing a large relationship such as NASPO ValuePoint. Each state is directly supported by our top level sales team FedEx Worldwide Sales. We have six dedicated Worldwide Account Managers (WWAM) that are geographically dispersed across the US who are in charge of working with state governments in all 50 states. In addition to the Worldwide Sales organization, we have a FedEx Field Account Executive (AE) Sales organization comprised of several thousand team members that manage small geographic territories within a state. Lastly, we have an Inside Sales team of 16 individuals dedicated to the states to ensure we have complete coverage from the largest facilities to the smaller locations.

This gives FedEx unprecedented coverage for the 39 states already under the NASPO ValuePoint agreement with FedEx and the ability to convert additional states to the agreement. Each WWAM and AE have mandatory call requirements used to promote the small parcel agreement. For

FedEx
State of Oregon

Custom marketing collateral used when on boarding new states to the NASPO Valuepoint agreement.

new states we have strict on-boarding requirements that include “call to actions,” where communication blasts and specific marketing material are sent to account representatives across the state to distribute to potential customers. In addition, we have the attached Marketing leave behind customized to onboard new states. Lastly, we work directly with the CPO’s to make sure all updated contract information is accurate and available on the online marketplace.

2. Knowing that state procurement officials (CPO) must permit use of the Master Agreement in their state, how will you integrate the CPO’s permission into your plan for promoting the agreement?

Our first objective is always to gain permission of the CPO. The CPO’s must sign a jointly agreed upon participating addendum prior to their state onboarding. In addition, the WWAM is responsible for developing a regular schedule for business reviews with the CPO’s to discuss the small parcel agreement.

3. Public entities are sensitive to “scope” issues, that is, whether performance is within the intended scope of the solicitation as awarded. In the context of your method of promoting agreements of this nature, how would you clarify any questions regarding the scope the agreement with respect to any potential order?

We are sensitive to scope issues. If there are any service requests for anything outside the scope of the agreement, the customer is informed that the service they are requesting is not part of the agreement and are referred to our purchasing contact at the individual states.

4. How will your company manage due dates for administrative fee payments and usage reports?

FedEx has been a carrier for the small parcel agreement for 10 years with no issues. We have dedicated reporting staff for this contract and therefore will continue to meet the due dates for reporting and/or administrative fees.

5. Through its Cooperative Development Coordinators and Education & Outreach team, NASPO ValuePoint assists Lead States by engaging vendors in strategies aimed at promoting master agreements. What opportunities and/or challenges do you see in working with NASPO ValuePoint staff in this way?

FedEx values our relationship with NASPO ValuePoint, and as a member of the NASPO ValuePoint Advisory Committee, FedEx is committed to continuing to work with NASPO ValuePoint staff on a variety of outreach programs including attending the NASPO ValuePoint conference, participating in NASPO ValuePoint videos, and strategizing on how to increase participation in the small parcel agreement.

P. GREEN TRANSPORTATION PLAN

Offeror shall outline its green transportation plan.

FedEx and the environment: Moving forward sustainably and efficiently

At FedEx, we believe that we can decrease our environmental footprint while simultaneously expanding our business. We have continued to reduce our emissions even as our revenue and the number of items we deliver has gone up.

We focus our environmental efforts on reducing aviation and vehicle fuel-use impacts through efficiency measures and fleet modernization, and by conserving energy use at our facilities through on-site solar generation and lighting retrofits.

At the same time, we look for innovative technologies that can benefit our business and the environment in the longer term. For example, the FedEx® Fuel Sense program is spurred by the belief that every drop of fuel counts to continually increase efficiencies in every phase of our aircraft operations.

Environmental Management System

Each FedEx operating company manages its environmental performance. They do so by taking into account our corporate policy and the four building blocks of Practical Environmentalism — performance, transparency, innovation and leadership.

FedEx Express has had an Environmental Management System (EMS) in place since 1999, with 51 facilities in Europe certified to ISO 14001. In FY13, we launched a FedEx-wide EMS based on the key elements of ISO 14001. This requires that each FedEx operating company identify relevant environmental impacts and maintain management programs that minimize or eliminate those impacts.

The vice president of Environmental Affairs and Sustainability oversees and reviews the EMS annually. Our companies share synergies, ideas and innovations through Sustainability Impact Teams (SITs) for global Vehicles, Facilities, Air Operations, IT, EarthSmart, Data/Reporting and Supply Chain. The SITs and operating companies' sustainability leaders report to our chief sustainability officer, the Vice President of Environmental Affairs and Sustainability, who also chairs the FedEx Enterprise Sustainability Council (FESC), our executive member sustainability oversight council.

earthsmart
FedEx solutions for a more sustainable world

EarthSmart® is our way of recognizing and encouraging innovative initiatives to improve environmental performance, engage our team members and customers and inspire others to follow our lead.

A prime example of an EarthSmart Innovation is our carbon neutral envelope shipping. For every FedEx Express® branded envelope shipped anywhere in the world, we offset the carbon emissions related to its transport through BP Target Neutral, a not-for-profit carbon offset provider, at no cost to our customers. Since the program launched in April 2012, we have offset more than 150,000 metric tons of CO₂e.

Here are just a few things we're doing around the globe to operate more efficiently, while being good stewards of the environment.

Exploring future technologies

New products have to be extensively tested in the field, refined and tested again before they can be widely adopted. At FedEx, we're proud to be a leader in developing and testing alternative fuel and energy technologies. For example:

- FedEx Freight is testing the long-term performance and longevity of tractors fueled with liquefied natural gas (LNG) and compressed natural gas (CNG).
- FedEx Express has been developing a fuel station to test hydrogen-fuel-cell cargo tow tractors at the Memphis airport.
- FedEx Office is exploring the suitability of CNG for local pickup and delivery fleet operations.

Alternative fuel vehicles

At FedEx, we're proud to be a leader in developing, testing and adopting alternative fuel and energy technologies. We had 1,048 owned and contracted alternative fuel vehicles in our global fleet in 2014, including electric, hybrid, natural gas and hydrogen vehicles.

| | | | | | |
|---------|-------------------|---------|--|---------|---------------------------|
| + 397 ▶ | HYBRID VEHICLES | + 69 ▶ | LIQUEFIED PETROLEUM GAS VEHICLES (PROPANE) | + 404 ▶ | ELECTRIC VEHICLES |
| + 40 ▶ | HYDROGEN VEHICLES | + 132 ▶ | LIQUEFIED NATURAL GAS VEHICLES | + 6 ▶ | HYBRID HYDRAULIC VEHICLES |

Jet fuel reduction

We search for efficiencies across FedEx aviation operations through our FedEx® Fuel Sense programs. Thanks to 46 of these programs, as well as our aircraft modernization program, we saved more than 100 million gallons of jet fuel that would have otherwise been used and avoided more than 976,000 metric tons of CO₂e in 2014.

Team effort: Procurement, purchasing and supply chain

In addition to our EarthSmart initiatives, our operating companies have taken the lead in creating a more sustainable future.

The FedEx Freight GREEN site program implements initiatives to conserve energy, reduce waste and improve internal supply chain efficiencies across our facilities in the U.S. and Canada. Facilities that take additional actions in these areas can become certified on one of two levels. During FY14, the total

number of GREEN sites almost doubled: 101 facilities gained a new designation over the year, either as a new Level 1 Site or by advancing to Level 2.

Our efforts also extend to our purchasing practices, as well as whom we chose to do business with.

- Our FedEx Office procurement policy for forest-based products specifies vendor requirements for responsible forest management practices, as well as recycled content standards.
- Fifty-eight percent of our packaging is made from some recycled content.
- The FedEx Freight Supply Exchange Program connects locations that have surplus office supplies with other locations where they can be used, reducing waste sent to landfill, as well as conserving natural resources. In addition, 79 percent of the tires purchased by FedEx Freight, 66 percent of tires purchased by FedEx Ground and 68 percent of tires purchased by FedEx Express in FY14 were retreaded.

FedEx also works with external resources. For example, as a founding partner of the Sustainable Purchasing Leadership Council, a U.S. non-profit organization that supports and recognizes purchasing leadership towards a sustainable future, FedEx is helping to create a standard set of principles around sustainable purchasing and procurement processes.

Recycling and reusing materials

This year we increased the amount of waste diverted from landfill by reusing materials and recycling.

Some of our FY14 recycling gains included:

- FedEx Ground began a tire casing reuse program, selling old tires to vendors that repurposed them for off-road and farm use. This diverted around 5,500 tire casings from landfill.
- More than 12,000 tons of materials, including plastic film, cardboard, paper, plastic bottles and scrap metal, were recycled at FedEx Ground as a result of its Ground Green program —47 percent more than in FY13. Ground Green integrates waste reduction and recycling techniques into everyday work activities by increasing team member awareness and encouraging involvement.
- FedEx Freight increased paper recycling through a document shred program.
- More than 314,000 lbs. of aluminum was recycled as a result of the lightweight aircraft container modification program at FedEx Express, which also reduced aircraft fuel consumption.
- At FedEx Office, 7,476,802 lbs. of paper were recycled through the customer-facing Paper Recycling program.

Additional environment and efficiency metrics

Our trucks, planes and facilities span more than 220 countries and territories. We move the global economy, and we are always looking for ways to do it while reducing our own environmental footprint and those of our customers.

CO₂e emissions

Moving packages and freight via aircraft and ground vehicles for customers around the world — our main operating activity — unavoidably results in fuel use and greenhouse gas emissions. The principal source of our emissions is jet fuel, followed by diesel fuel in company-owned vehicles at FedEx Express and FedEx Freight. We are committed to cutting these emissions year over year. We continue to set and meet ambitious goals to reduce our carbon footprint and decouple economic growth from our direct and indirect emissions.

Aircraft emissions intensity

In 2014, year-over-year aircraft emissions at FedEx continued to drop as absolute jet fuel use was cut by more than 34.4 million gallons. Two powerful initiatives contributed to us achieving these important reductions: FedEx® Fuel Sense and modernizing our aircraft fleet.

GOAL: Reduce aircraft emissions intensity 30% from a 2005 baseline by 2020

PROGRESS: In 2014, we reduced aircraft CO₂ emissions intensity by a further 1.5%, bringing our total reduction in CO₂ emissions intensity to 21.4% from 2005 levels.**

* ATM, or available ton mile, is defined as one ton of capacity (cargo) transported one mile.

** In last year's report, we reported that we had reduced our aircraft CO₂ emissions intensity in FY13 to a total reduction of 22.3 percent from 2005 levels. This result occurred from a comparison against our original 2005 Calendar Year benchmark. However, in comparison against our 2005 Fiscal Year benchmark, which differs from Calendar Year, the total reduction in emissions intensity was 20.2 percent from 2005.

Vehicle fuel efficiency

At FedEx Express, we describe our approach to improving vehicle efficiency as Reduce, Replace and Revolutionize.

GOAL: Increase FedEx Express vehicle fuel efficiency 30% from a 2005 baseline by 2020

PROGRESS: In 2014, FedEx Express further improved fuel efficiency by 2.5%, bringing their cumulative improvement from 2005 levels to 29.5%. In FY15, we plan to revisit this goal in light of the progress to date.

Global alternative fuel fleet

An important way to reduce our vehicle emissions is to upgrade to cleaner, more efficient vehicles with engines that are optimally sized for the weight and power needed. We invest and participate in projects that advance the development of electric vehicles and their supporting infrastructure, which we strongly believe can make a significant positive contribution toward lessening the transportation sector's environmental impact. And we're proud to be a leader in developing and testing alternative fuel and energy technologies.

Alternative jet fuels

 GOAL: Obtain 30% of our jet fuel from alternative fuels by the year 2030

PROGRESS: FedEx is actively engaged with the Commercial Aviation Alternative Fuels Initiative (CAAFI), ASTM International, The Nature Conservancy, the U.S. Departments of Energy and Agriculture and other stakeholders in developing viable sustainable alternatives to petroleum-based jet fuel. Developing a sustainable jet fuel product that can be produced at scale and transported to where it's needed at a competitive price is a challenge that can only be solved by working together with our industry peers, academia, governmental agencies and companies in the alternative fuel supply chain, including refineries and distributors.

Our goal is to obtain 30% of our jet fuel from alternative fuels by the year 2030

Energy consumption

Our planes and vehicles are responsible for the majority of our Scope 1 energy consumption. Electricity use at approximately 5,000 facilities worldwide accounts for all our Scope 2 consumption.

| DIRECT ENERGY CONSUMPTION (SCOPE 1, TERAJOULES) | | INDIRECT ENERGY CONSUMPTION (SCOPE 2, TERAJOULES) | |

Energy saving initiatives

With 673 airplanes and more than 100,000 owned and contracted vehicles in our fleet, as well as around 5,000 facilities globally, it makes economic as well as environmental sense for us to reduce our fuel, energy and materials use. We look for solutions that make a difference today, like upgrading to more fuel-efficient aircraft and vehicles, and installing more solar panels to generate clean power for our facilities where practical.

Renewable energy generation

GOAL: Expand on-site generation and continue to procure renewable energy for our facilities

PROGRESS: Two new sites opened in FY14 include on-site solar energy generation: the FedEx Trade Networks Riverview Solar Technology Park in Tonawanda, NY, and the FedEx Express North Pacific Regional Hub at Kansai Airport, Japan.

Later in 2014, FedEx Ground completed installation of two more solar-energy generation systems that together will generate more than 3.5 million kWh of electricity each year. FedEx Ground also started producing electricity from a solid oxide fuel cell at their facility in Rialto, Calif.

LEED certified facilities

FedEx is seeking Leadership in Energy & Environmental Design (LEED) certification on all new U.S. FedEx Express buildings. By FY14, FedEx had 10 LEED-certified buildings.

GOAL: Seek LEED (Leadership in Energy and Environmental Design) certification on all new U.S. FedEx Express buildings

PROGRESS: No new FedEx Express buildings were LEED-certified in FY14, although six are in the process of being reviewed for certification. We currently have 10 LEED-certified buildings, including the FedEx Express world headquarters in Memphis—also a FY14 Energy Star Award winner.

In addition, in FY14, FedEx Ground achieved LEED certification for two facilities—in Burbank, CA, and North Seattle, WA—and is pursuing LEED certification at three more facilities. The new FedEx Office headquarters in Plano, TX, scheduled to open in September 2015, will also be LEED-certified.

Waste

Our largest waste materials vary by operating company. They include scrap metal, wooden pallets, plastic, cardboard and paper, as well as team members' aluminum cans and plastic and glass bottles.

FY14 WASTE STREAMS (U.S. TONS)*

| WASTE TYPE | FY14 |
|---------------------------------|---------|
| ● Solid Waste | 213,886 |
| ● Regulated non-hazardous waste | 8,770 |
| ● Hazardous waste | 1,032 |
| ● Universal waste** | 89 |
| ● Electronic waste | 1,354 |

* Refers to data collected in North America, Colombia and Brazil.

** Universal Waste encompasses certain hazardous waste items, including batteries and lightbulbs, as defined by U.S. EPA regulations.

Recycling

We aim to recycle, repurpose or reuse as much waste as possible. In FY14, we increased the amount of waste diverted from landfill through our recycling and reuse programs.

Packaging with recycled content

Cardboard is the largest single component of our reported packaging materials volume, comprising around 80 percent. The majority of our cardboard consumption is for the FedEx-branded packaging provided to customers for shipping at FedEx Express and FedEx Ground. This branded packaging is made from approximately 60 percent recycled content. Corrugated cardboard used by FedEx Ground for re-packing customer packages during shipping is made from 45 percent recycled content.

| PACKAGING WITH RECYCLED CONTENT* (U.S. TONS) | | % PACKAGING WITH RECYCLED CONTENT | | |

| FY13 | 31,494 | FY12 | FY13 | FY14 |
| FY14 | 31,685 | | | |

* Cardboard is the largest component of our packaging materials. We also use materials such as bubble wrap, plastic air pillows, chipboard, and Tyvek envelopes.

FSC certified paper at FedEx Office

Our FedEx Office procurement policy for forest-based products specifies vendor requirements for responsible forest management practices, as well as recycled content standards. They seek out sustainable options for customers by conducting assessments of paper sources and supply chains, which include robust audits of suppliers' operations and harvest lands. They encourage customers to choose sustainable options by identifying these choices clearly. In customer-facing materials like the FedEx Office Paper and Binding Book, logos help to distinguish stock that is certified as responsibly sourced, contains recycled materials or is made from non-wood pulp sources. They reinforce and remind sourcing and supply chain team members of the policy and the sustainable choices available to customers.

84%

In FY14 98% of paper purchased for use by FedEx Office was third-party-certified as responsibly sourced, with 84% of it certified by the FSC.

Certified by the Forest

4.2. NASPO ValuePoint Master Agreement Statement of Compliance

NASPO ValuePoint Master Agreement(s) resulting from this RFP will constitute the final agreement except for negotiated terms and conditions specific to a Participating Entity's Participating Addendum.

The Master Agreement will include, but not be limited to, the NASPO ValuePoint Standard Terms and Conditions in Attachment A and Lead State specific terms and conditions required to execute a master agreement, the scope of work and selected portions of the Offeror's Proposal.

This section highlights particular terms and conditions of NASPO ValuePoint Master Agreement Terms and Conditions, although Offerors will be bound to all the terms and conditions when executing a Master Agreement as shown in Attachment A. Offerors must include a statement in their Proposal that they have read and understand all of the terms and conditions as shown in the Master Agreement (Attachment A).

We have read and understand all of the terms and conditions as shown in the Master Agreement (Attachment A.) Please refer to Attachment A within this RFP response for redlined comments.

A. Insurance

To be eligible for award, the Offeror agrees to acquire insurance from an insurance carrier or carriers licensed to conduct business in each Participating Entity's state at the prescribed levels set forth in Section 21 of the NASPO ValuePoint Master Agreement Terms and Conditions. Describe your insurance or plans to obtain insurance satisfying the requirements in Section 21.

FedEx agrees to these requirements. To obtain insurance satisfying your requirements, please contact the FedEx Worldwide Account Manager aligned to your state as illustrated in response to Section L.1.

B. NASPO ValuePoint Administrative Fee and Reporting Requirements

To be eligible for award, the Offeror agrees to pay a NASPO ValuePoint administrative fee as specified in Section 6 of the NASPO ValuePoint Master Agreement Terms and Conditions. Moreover, specific summary and detailed usage reporting requirements are prescribed by Section 7 of NASPO ValuePoint Master Agreement Terms and Conditions.

FedEx agrees to these requirements. FedEx offers a customized rate to NASPO ValuePoint and administrative fees are paid based on the provided rate chart. In addition, FedEx agrees to provide the level of detail currently given to NASPO ValuePoint. All other reporting elements will need to be

discussed based on (1) existence/availability of data element, (2) HIPPA requirements and other privacy concerns.

Offerors shall identify the person responsible for providing the mandatory usage reports. This information must be kept current during the contract period. Contractor will be required to provide reporting contact within 15 days of Master Agreement execution.

FedEx agrees to these requirements. FedEx Senior Strategic Sales Analyst Rose Booker is responsible for providing mandatory usage reports. Rose can be reached at rmbooker@fedex.com or 1.817.606.4231.

4.3 Intentionally deleted.

Acknowledged.

4.4 Participating State Terms and Conditions. As a courtesy to Offerors, some Participating State specific Terms and Conditions are provided in Attachments to this solicitation. These are for informational purposes only and will be negotiated with individual Participating States after award of the Master Agreement. Each State reserves the right to negotiate additional terms and conditions in its Participating Addendums. Offerors shall submit a statement that they understand they may be required to negotiate these additional terms and conditions when executing a Participating Addendum.

We understand that we may be required to negotiate additional terms and conditions when executing a Participating Addendum.

4.5. Technical Requirements

This section contains technical requirements pertaining to solicitation BC16018 Small Package Delivery. Other sections of this RFP contain additional requirements that must be met in order to be considered responsive. Offerors must identify in their Proposal how their company meets (or exceeds) all requirements listed in Section 4 of this RFP solicitation. This section contains evaluation criteria for scoring proposals.

For Technical Requirements A through F below, we have provided detailed responses within the appropriate sub-sections of Section 4.

A. QUALIFICATIONS OF CARRIERS (100 points)

Offeror will be evaluated based on its response to Section 4.1(A). Offeror is not limited to its response to Section 4.1(A) and may expand as needed.

B. PRIOR EXPERIENCE (100 points)

Offeror will be evaluated based on its response to Section 4.1(H). Offeror is not limited to its response to Section 4.1(H) and may expand as needed.

C. DROP BOXES (50 points)

Offeror will be evaluated based on its response to Section 4.1(J). Offeror is not limited to its response to Section 4.1(J) and may expand as needed.

D. POINT OF CONTACT (50 points)

Offeror will be evaluated based on its response to Section 4.1(L). Offeror is not limited to its response to Section 4.1(L) and may expand as needed.

E. MARKETING PLAN (50 Points)

Offeror will be evaluated based on its response to Section 4.1(O). Offeror is not limited to its response to Section 4.2(O) and may expand as needed.

F. GREEN INITIATIVE (25 points)

Offeror will be evaluated based on its response to Section 4.1(P). Offeror is not limited to its response to Section 4.2(P) and may expand as needed.

G. DATA SECURITY (25 points)

Offeror shall describe in detail what measures are taken to protect sensitive customer information.

Security and privacy protection

At FedEx, we are committed to delivering your packages and documents reliably, and we are equally committed to securing the information about your shipments and protecting your privacy using one of the most powerful and integrated information networks in the world. FedEx helps protect your shipping experience and its entire network by means of:

- **Application security** – FedEx conducts application assessments to address the ever increasing threats against enterprise software systems. The software development cycle is subjected to rigorous security policies and standards so that all FedEx software systems and the data the software operates on, whether proprietary or customer related, are secure.
- **Physical security** – The servers with which your shipping solution communicates are hosted in highly secured data centers at FedEx. Physical access to the data centers and servers is extremely restricted with access monitored and logged.
- **Host security** – The servers communicating with your shipping solution have been “hardened” and verified prior to service placement. This “hardening” process addresses the remediation of major known vulnerabilities on the host system. Systems are re-tested for vulnerabilities on a regularly scheduled basis. Activity is logged and audited for suspicious activity.
- **Network and perimeter security** – FedEx deploys a defense-in-depth strategy to help protect the corporate network and our internet-facing perimeter. A series of firewalls, managed by our Information Security team, helps protect the internet-facing systems. Additionally, we monitor a string of network probes and sensors to identify abnormal behavior.
- **Encryption** – We use 128-bit SSL (Secure Socket Layer) encryption to protect the transmission of your shipping data into, and out of, the FedEx network.

- **Client security** – FedEx equipment at customer locations is secured by “hardening” the operating system to minimize services available. Anti-virus software and anti-spyware software are provided for an additional layer of protection.

To find out more about how FedEx protects the information about your shipments, you can view and download the document, “FedEx Information Security: Steering a Safe Course in Online Shipping,” online at images.fedex.com/us/security/FedEx_Security_White_Paper_May_2012.pdf.

What FedEx does

The internet is a vital part of business today and is an important link between FedEx and our customers. Here are a few ways FedEx helps protect you.

Secure website

To log in to fedex.com, you are required the use of a browser that supports 128-bit encryption, which protects your personal and business data. This means that when you are on our secure website, the sensitive data transferred between you and FedEx is encrypted. All current-generation browsers support 128-bit encryption. Simply look for the closed padlock symbol in your browser and the “https” prefix in the URL address. If you are not seeing the padlock symbol, that might mean you are using older technology and you would need to upgrade your browser.

VeriSign Extended Validation (EV) Certificates

FedEx uses Extended Validation certificates from VeriSign to provide additional peace of mind to our customers. Browsers that support EV certificates provide a visual confirmation that indicates the site has undergone additional validation. Browsers without EV support will continue to function on fedex.com but will not present the extended validation indicator.

Customer login protection

You can only access fedex.com account services and features with a user ID and password. These credentials are securely stored and are known only to you, the customer. Handle your ID and password with care, and never share them with others.

Protecting your account number

Shipping Administration is the primary means of managing and protecting your FedEx account. As a shipping administrator, you decide who gets access to your account, and can manage their shipping activities at fedex.com. FedEx recommends that all account owners register online for Shipping Administration.

Automatic time-outs

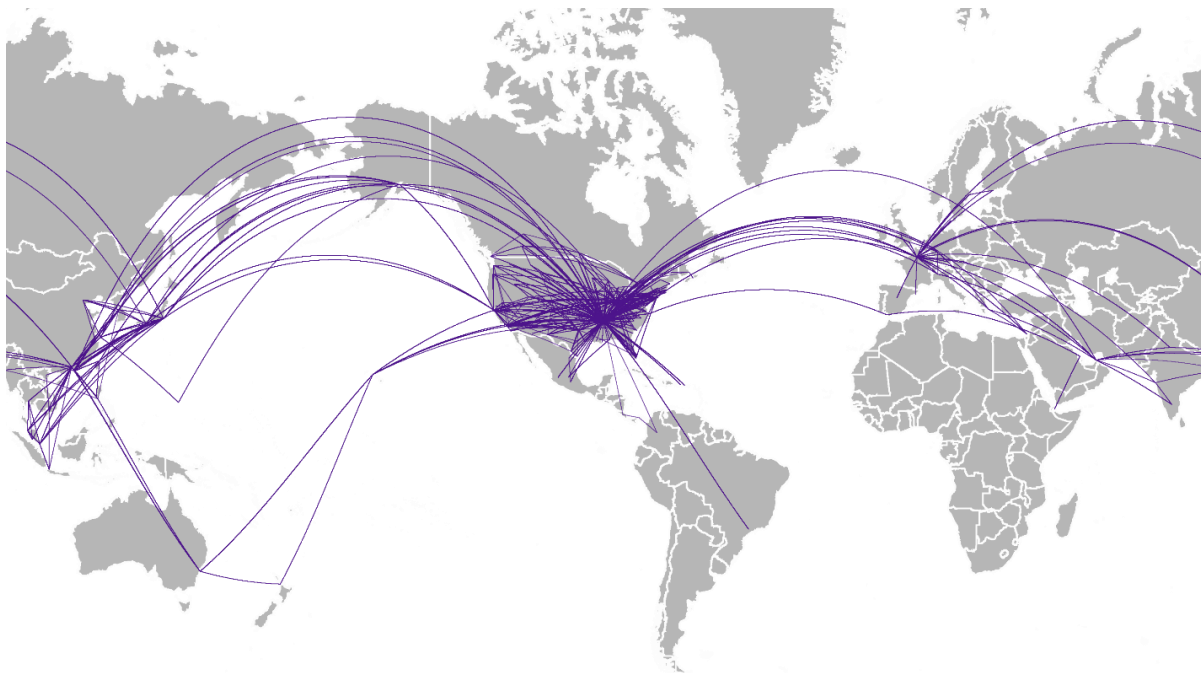

For your safety, we automatically log you out after 60 minutes of inactivity and require you to log in again to re-access your account on fedex.com.

H. SCOPE OF WORK (300 points)

Offeror shall describe in detail how it will meet the scope of work provided below:

The scope of this RFP includes US domestic and international door-to-door express small package air services covering interstate, intrastate and international service. This RFP will cover both inbound and outbound shipments. Outbound shipments will move prepaid and inbound shipments will ship collect for each Participating State. Domestic expedited ground parcel shipments will also ship outbound prepaid and inbound collect by each participating state. Domestic shipment service includes the contiguous 48 states, Alaska, Hawaii, American Virgin Islands, and Puerto Rico, for both commercial and residential shipments.

FedEx Express provides worldwide connectivity

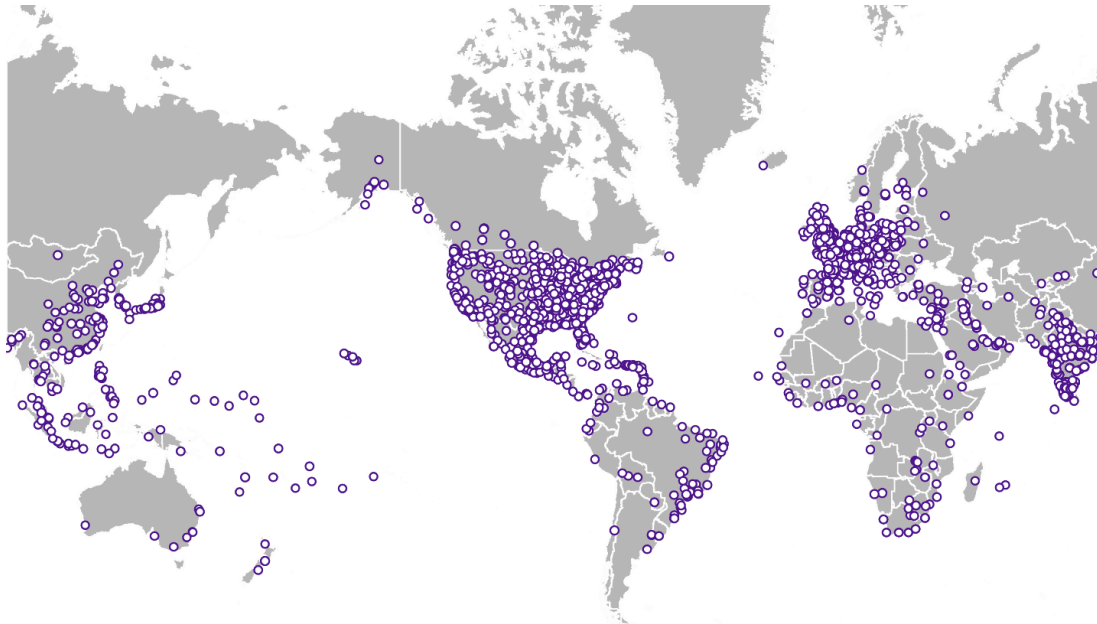

August 2015. Information is subject to change without notice.

As a global company certified to ISO 9001 worldwide standards of excellence, FedEx Express provides expedited and deferred air services for small packages with complete coverage within the U.S. and to/from more than 220 countries and territories. For U.S. shipments, FedEx Express offers several overnight services — as well as two- and three- day service — for door-to-door delivery of NASPO ValuePoint letters and small packages. An infrastructure of more than 165,000 employees worldwide, greater than 48,500 motorized vehicles, 640+ aircraft, and 1,240 operating facilities allows us to deliver as promised to our customers. These domestic and international services are backed by a money-back guarantee and come with real-time tracking and advanced customs clearance.

For an overview of where FedEx Express facilities are located, please refer to the map on the following page.

Following is additional information about our aircraft:

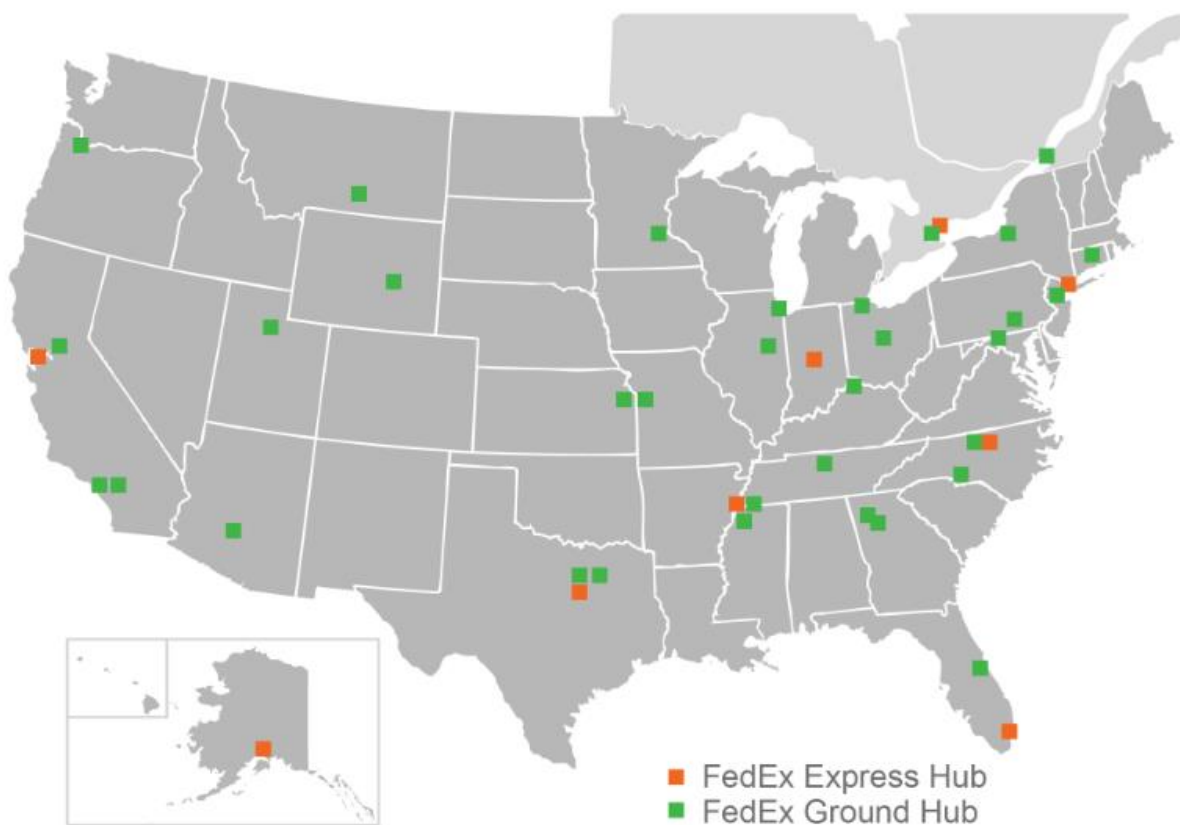

- The B777Fs are two-engine, wide-bodied cargo aircraft that have a longer range and larger capacity than any other aircraft we operate.
- The MD11s are three-engine, wide-bodied aircraft that have a longer range and larger capacity than MD10s.
- The MD10s are three-engine, wide-bodied aircraft that have received an Advanced Common Flightdeck (ACF) modification, which includes a conversion to a two-pilot cockpit, as well as upgrades of electrical and other systems.
- The B767Fs are two-engine, long-range, wide-bodied cargo aircraft.
- The A300s and A310s are two-engine, wide-bodied aircraft that have a longer range and more capacity than B757s.
- The B757s are two-engine, narrow-bodied aircraft configured for cargo service.
- The ATR and Cessna 208 turbo-prop aircraft are leased to independent operators to support FedEx Express operations in areas where demand does not justify use of a larger aircraft.

An inventory of spare engines and parts is maintained for each aircraft type.

In addition, FedEx Express leases smaller aircraft to operators, and these operators use the aircraft to move FedEx packages to and from airports served by FedEx Express larger jet aircraft. The lease agreements generally call for the lessee to provide the flight crews, maintenance, fuel and other supplies required to operate the aircraft, and FedEx Express reimburses the lessee for these items. The lease agreements are for terms not exceeding one year and are generally cancelable upon 30 days' notice.

FedEx Express and FedEx Ground hubs in U.S. and Canada

To support the FedEx Express and FedEx Ground infrastructure, we have a network of major hubs which are key sorting facilities. As a partial illustration of the global hub network, we are providing a map of FedEx Express and FedEx Ground major hubs in the U.S. and Canada. Please note these are major hubs only; connectivity – whether via air or ground – is illustrated within this RFP response.

FedEx Ground

Also an ISO 9001 certified company, FedEx Ground offers cost-effective, reliable shipping services to business and residential addresses via a network 33 ground hubs and more than 500 pickup/delivery terminals along with 27 FedEx SmartPost distribution centers. This network is strengthened by a fleet of more than 45,000 motorized vehicles and the expertise of more than 90,000 team members. Services are backed by a money-back guarantee and real-time tracking.

For an overview of the network of FedEx Ground for business delivery and FedEx Home Delivery for residential delivery, please refer to the following map.

Offerors desiring to offer intrastate ground or pouch services or both for a specific state only must clearly designate each rate table and schedule of rates and charges accordingly. Those rates and service must apply to all points and places within the designated state and Offeror must document its ability to provide statewide pick-up and delivery service in its Proposal.

FedEx is not bidding on pouch services; however, we provide ground services through FedEx Ground.

The scope of work for this RFP only includes small package delivery and does not include courier services, LTL freight or freight.

Acknowledged.

Refer to the FedEx Service Guide in effect at the time of shipment for terms and conditions, including package dimension and weight restrictions.

Source: fedex.com, Jan 2016

The foregoing shipping services for both commercial and residential deliveries will be provided per Carrier's Service Guides in effect at award date of the Master Price Agreement. The Service Guide in effect at that time will remain in effect for the first year of the Master Agreement with no changes allowed that affect pricing or service without prior written approval of the NASPO ValuePoint Contract Administrator and Lead State.

FedEx does not agree to a frozen version of the FedEx Service Guide for any customer, nor do we agree to give our customers approval rights over the FedEx Service Guide changes. Occasionally, FedEx offers new services; so therefore, we strive to offer those changes available to our customers.

If awarded the contract, FedEx would provide services subject to the completion of a definitive written agreement. Each shipment made under the agreement would be subject to the terms and conditions of the origin country's FedEx Service Guide or Conditions of Carriage in effect at the time of shipment, whose terms are incorporated by reference. FedEx reserves the right to modify the FedEx Service Guide at any time. FedEx will endeavor to notify NASPO ValuePoint of any service changes contained in the FedEx Service Guide, and FedEx will work with NASPO ValuePoint to incorporate such changes into a contract amendment as mutually agreed upon by the parties.

This Master Agreement is subject to Federal Regulations 39 CFR Part 310 and 39 CFR Part 320 Private Express Statutes (PES).

Acknowledged.

This Master Agreement is a full service money back guarantee agreement. For the purpose of this RFP, "full service" means the Carrier's pricing offer must include all charges, i.e. all administrative, reporting or other requirements; all overhead costs and profit, and all travel costs, parking fees, and any other ancillary fees and costs including permits, licenses, insurance, etc.; and services not explicitly stated in these specifications, but necessarily attendant thereto. Carriers may also include additional pricing offers in addition to the required guaranteed rates.

FedEx agrees to these requirements; please refer to the Cost Proposal for proposed FedEx pricing.

**DEPARTMENT OF TRANSPORTATION
FEDERAL MOTOR CARRIER SAFETY ADMINISTRATION**

DECISION

No. MC-66562
**FEDERAL EXPRESS CORPORATION
D/B/A FEDERAL EXPRESS
MEMPHIS, TN**

REENTITLED

**FEDERAL EXPRESS CORPORATION
D/B/A FEDEX EXPRESS**

On Jan 05, 2001, applicant filed a request to have the FEDERAL MOTOR CARRIER SAFETY ADMINISTRATION's records changed to reflect a name change.

It is ordered:

The FEDERAL MOTOR CARRIER SAFETY ADMINISTRATION's records are amended to reflect the carrier's name as **FEDERAL EXPRESS CORPORATION D/B/A FEDEX EXPRESS**.

Within 30 days after this decision is served, the applicant must establish that it is in full compliance with the statute and the insurance regulations by having amended filings on prescribed FMCSA forms (BMC91 or 91X or 82 for bodily injury and property damage liability, BMC 34 or 83 for cargo liability, or a BMC 84 or 85 for property broker security and BOC-3 for designation of agents upon whom process may be served) submitted on its behalf. Copies of Form MCS-90 or other "certificates of insurance" are not acceptable evidence of insurance compliance. Insurance and BOC-3 filings should be sent to **FEDERAL MOTOR CARRIER SAFETY ADMINISTRATION, 400 Virginia Ave., SW, Suite 600, Washington, DC 20024**.

The applicant is notified that failure to comply with the terms of this decision shall result in revocation of its operating rights registration, effective 30 days from the service date of this decision.

To verify that the applicant is in full compliance, call (202) 358-7000 or visit our web site at: <http://fhwa-li.volpe.dot.gov/>. Any other questions regarding the action taken should be directed to (202) 358-7028/7029.

Decided: Jan 11, 2001

By the **FEDERAL MOTOR CARRIER SAFETY ADMINISTRATION**.

TIPS TO PACK LIKE A PRO

| FedEx Express and FedEx Ground shipments | FedEx Freight shipments |
|--|--|
| <p>A new box is recommended. If you're reusing one, make sure there are no holes, tears or corner dents, and that flaps are intact. Remove or mark through old labels</p> <p>Place 3 inches of cushioning — packing peanuts, air cellular cushioning, corrugated fiberboard, foam pads or molded plastic — on the bottom, top and sides</p> <p>Secure your label on the package's largest surface away from folds or seams. Include an address for yourself and the recipient, and put a copy of the label inside the package</p> <p>Apply at least three strips of packing tape 2 inches or wider (no duct or masking tape) evenly across all flaps and seams, top and bottom</p> | <p>Skids may be palletized or non-palletized, weigh up to 20,000 lbs., and measure up to 21 feet in length</p> <p>Use proper cushioning, blocking, bracing, banding, stretchwrapping, and standard wood or plastic pallets</p> <p>Use descriptive labels (see p. 15 for details on our label library). Complete the Bill of Lading with an accurate piece count and description</p> <p>Go to fedex.com/packagingfreight and select Freight Packaging Tips for more information on how to pack items such as bags, cartons, crates, drums, engines and pipes</p> |

How to Calculate Your Rate

FedEx SameDay and FedEx® International Next Flight have special rate instructions; see [pp. 58–61](#) and [99–102](#). For information on FedEx One Rate® pricing, see [pp. 62–63](#). You can also view rates by service or delivery zone online, plus get FedEx® Retail Rates; go to [fedex.com/ratefinder](https://www.fedex.com/ratefinder) and select the Rate Tools tab.

| Package Services | Express Freight Services |
|---|---|
| <p>1. Find the zone for your destination. For U.S. shipments, go to fedex.com/ratefinder and select the Rate Tools tab, then enter your origin ZIP code in the Get FedEx Zone Locators area to see which zone your destination ZIP code corresponds to. Or request zone location information by calling 1.800.GoFedEx 1.800.463.3339.</p> <p>Zone tables for international shipments are on pp. 24–26 and p. 28 (Canada shipments).</p> <p>2. Determine the chargeable weight. Determine the weight of the package (for FedEx Express international shipments, determine the weight of the total shipment). Round up to the next-higher pound. Then see Dimensional Weight on p. 120. Your chargeable weight is the greater of the actual weight or the dimensional weight.</p> <p>A minimum billable weight may apply for shipments in FedEx Express packaging. See p. 125.</p> <p>3. Find your rate.¹ Turn to the appropriate rate table on pp. 29–57 (FedEx Express® U.S. shipments), pp. 65–98 (FedEx Express international shipments) or pp. 106–112 (FedEx Ground® and FedEx Home Delivery® shipments). Next, choose a FedEx service. Then find your chargeable weight from step 2 above to determine your rate.</p> <p>A \$3.25 residential surcharge per package will be added to FedEx Home Delivery shipments. FedEx Home Delivery is for packages up to 70 lbs.</p> <p>For FedEx Express multiple-piece shipments, multiweight pricing may apply. See pp. 56–57 (U.S. shipments), p. 82 (Puerto Rico shipments), or pp. 82 and 98 (international shipments) for details.</p> <p>4. Determine fees. See pp. 113–128 for fees and other non-transportation charges that may apply. For FedEx Express U.S. import shipments, call 1.800.GoFedEx 1.800.463.3339 and say “international services” for service fees applicable from your origin country.</p> | <p>1. Find the zone for your destination. For U.S. shipments, go to fedex.com/ratefinder and select the Rate Tools tab, then enter your origin ZIP code in the Get FedEx Zone Locators area to see which zone your destination ZIP code corresponds to. Or request zone location information by calling FedEx Express Freight Customer Service at 1.800.332.0807.</p> <p>Zone tables for international shipments are on p. 28 (Canada shipments) and pp. 27 and 105 (other international shipments).</p> <p>2. Determine the chargeable weight. Determine the weight of the total shipment. Round up to the next-higher pound. Then see Dimensional Weight on p. 120. Your chargeable weight is the greater of the actual weight or the dimensional weight.</p> <p>Individual pallets typically weigh 151 lbs. or more. Pallets exceeding 2,200 lbs. require prior approval.</p> <p>3. Find your rate. Turn to the appropriate rate table on p. 64 (U.S. shipments) or pp. 103–105 (international shipments). Next, choose a FedEx service. For international shipments, determine your service option (door-to-door, dropoff, hold-at-location, or dropoff and hold-at-location). Then find your chargeable weight from step 2 above and multiply it by the per-pound rate.</p> <p>4. Determine fees. See pp. 113–128 for fees and other non-transportation charges that may apply. For FedEx Express® Freight U.S. import shipments, call 1.800.332.0807 for service fees applicable from your origin country.</p> |

¹If a federal value-added, consumption or similar tax is applicable to your shipment, we reserve the right to add that amount to your shipping charges without notice. We pay any applicable federal excise tax on the air transportation portion of our service.

Determine International Express Freight Rates

- Find the zone for your destination or origin country in the table at right. For FedEx International Priority Freight and FedEx International Economy Freight shipments to Canada, refer to the postal code table on p. 28.
- Determine your total shipment weight (round up to the next-higher pound) and service option (door-to-door, dropoff, hold-at-location, or dropoff and hold-at-location).
- Choose the service you wish to use.
- For U.S. export shipments, go to p. 103 and multiply the per-pound rate by total shipment weight. U.S. import rates are on p. 104.

U.S. Package Rates: FedEx Express Multiweight®

FedEx Express multiple-piece shipments may receive a rate on a total-shipment-weight basis if the total shipment weighs 100 lbs. or more (200 lbs. or more for FedEx Express Saver® shipments). A 15-lb. average minimum package weight for the shipment applies. Multiply the per-pound rate by total shipment weight. You are billed the lower of the FedEx Express Multiweight shipment rate or the sum of the individual price per package.

FedEx® 10kg Box and FedEx® 25kg Box Rates

These boxes can only be used with FedEx International Priority service.

| | Base rate | Additional per-pound rate (if applicable) ¹ |
|---------------------------|-----------|--|
| FedEx® 10kg Box 1–22 lbs. | \$ 122.18 | \$ 5.55 |
| FedEx® 25kg Box 1–56 lbs. | 185.22 | 3.31 |

For shipments to markets in Canada such as:

- Calgary
- Hull
- Kitchener
- Montreal
- Niagara
- Oshawa
- Ottawa
- Toronto
- Vancouver
- Windsor
- Winnipeg

¹For shipments that exceed the 22-lb. or 56-lb. weight limits, multiply the per-pound rate by the number of pounds (1–5) greater than the limit and add it to the base rate. *Note:* For shipments that exceed the weight limit by more than 5 pounds, the corresponding FedEx International Priority standard list rate applies.

*Based on the package weight, the corresponding rate applies.

**One-pound rate applies.

Any fraction of a pound is rounded up to the next-higher pound. Ancillary clearance service fees may apply for various clearance services, depending on commodity and country; see pp. 116–117 for details.

FedEx 10kg Box and FedEx 25kg Box Rates

These boxes can only be used with FedEx International Priority service.

| | Base rate | Additional per-pound rate (if applicable) ¹ |
|---------------------------|-----------|--|
| FedEx® 10kg Box 1–22 lbs. | \$ 163.62 | \$ 7.44 |
| FedEx® 25kg Box 1–56 lbs. | 227.11 | 4.06 |

For shipments to:

- Mexico

¹For shipments that exceed the 22-lb. or 56-lb. weight limits, multiply the per-pound rate by the number of pounds (1–5) greater than the limit and add it to the base rate. *Note:* For shipments that exceed the weight limit by more than 5 pounds, the corresponding FedEx International Priority standard list rate applies.

*Based on the package weight, the corresponding rate applies.

**One-pound rate applies.

Any fraction of a pound is rounded up to the next-higher pound. Ancillary clearance service fees may apply for various clearance services, depending on commodity and country; see pp. 116–117 for details.

FedEx 10kg Box and FedEx 25kg Box Rates

These boxes can only be used with FedEx International Priority service.

| | Base rate | Additional per-pound rate (if applicable) ¹ |
|---------------------------|-----------|--|
| FedEx® 10kg Box 1–22 lbs. | \$ 192.30 | \$ 8.74 |
| FedEx® 25kg Box 1–56 lbs. | 286.42 | 5.11 |

For shipments to:

- Hong Kong
- Singapore
- Taiwan

Not all services are available to all countries. See [pp. 24–26](#) for the services available to your destination country.

¹For shipments that exceed the 22-lb. or 56-lb. weight limits, multiply the per-pound rate by the number of pounds (1–5) greater than the limit and add it to the base rate. *Note:* For shipments that exceed the weight limit by more than 5 pounds, the corresponding FedEx International Priority standard list rate applies.

*Based on the package weight, the corresponding rate applies.

**One-pound rate applies.

Any fraction of a pound is rounded up to the next-higher pound. Ancillary clearance service fees may apply for various clearance services, depending on commodity and country; see [pp. 116–117](#) for details.

FedEx 10kg Box and FedEx 25kg Box Rates

These boxes can only be used with FedEx International Priority service.

| | Base rate | Additional per-pound rate (if applicable) ¹ |
|---------------------------|-----------|--|
| FedEx® 10kg Box 1–22 lbs. | \$ 235.10 | \$ 10.69 |
| FedEx® 25kg Box 1–56 lbs. | 383.92 | 6.86 |

For shipments to:

- Australia
- Guam
- Indonesia
- Macau
- Malaysia
- New Zealand
- Philippines
- Thailand
- Vietnam

Not all services are available to all countries. See [pp. 24–26](#) for the services available to your destination country.

¹For shipments that exceed the 22-lb. or 56-lb. weight limits, multiply the per-pound rate by the number of pounds (1–5) greater than the limit and add it to the base rate. *Note:* For shipments that exceed the weight limit by more than 5 pounds, the corresponding FedEx International Priority standard list rate applies.

*Based on the package weight, the corresponding rate applies.

**One-pound rate applies.

Any fraction of a pound is rounded up to the next-higher pound. Ancillary clearance service fees may apply for various clearance services, depending on commodity and country; see [pp. 116–117](#) for details.

FedEx 10kg Box and FedEx 25kg Box Rates

These boxes can only be used with FedEx International Priority service.

| | Base rate | Additional per-pound rate (if applicable) ¹ |
|---------------------------|-----------|--|
| FedEx® 10kg Box 1–22 lbs. | \$ 242.80 | \$ 11.04 |
| FedEx® 25kg Box 1–56 lbs. | 393.75 | 7.03 |

For shipments to:

- Bangladesh
- Bhutan
- India
- Maldives, Republic of
- Nepal
- Pakistan
- Sri Lanka

Not all services are available to all countries. See [pp. 24–26](#) for the services available to your destination country.

¹For shipments that exceed the 22-lb. or 56-lb. weight limits, multiply the per-pound rate by the number of pounds (1–5) greater than the limit and add it to the base rate. *Note:* For shipments that exceed the weight limit by more than 5 pounds, the corresponding FedEx International Priority standard list rate applies.

*Based on the package weight, the corresponding rate applies.

**One-pound rate applies.

Any fraction of a pound is rounded up to the next-higher pound. Ancillary clearance service fees may apply for various clearance services, depending on commodity and country; see [pp. 116–117](#) for details.

FedEx Express Multiweight Rates: U.S. Export

Use these rates when shipping outbound from the U.S. These per-pound rates may apply if the total shipment weighs 100 lbs. or more. Multiply the rate by total shipment weight. When multiweight rates apply, fees may be assessed one time per shipment.

Puerto Rico

FedEx Express multiple-piece shipments may receive a rate on a total-shipment-weight basis if the total shipment weighs 100 lbs. or more. A 15-lb. average minimum package weight for the shipment applies. Multiply the per-pound rate by total shipment weight. You are billed the lower of the FedEx Express Multiweight shipment rate or the sum of the individual price per package.

FedEx 10kg Box and FedEx 25kg Box Rates

These boxes can only be used with FedEx International Priority service.

| | Base rate | Additional per-pound rate (if applicable) ² |
|---------------------------|-----------|--|
| FedEx® 10kg Box 1–22 lbs. | \$ 193.71 | \$ 8.81 |
| FedEx® 25kg Box 1–56 lbs. | 282.02 | 5.04 |

For shipments from:

- Canada

¹ Note: Unless otherwise provided herein, the terms and conditions of the country of origin apply to U.S. import shipments.

² For shipments that exceed the 22-lb. or 56-lb. weight limits, multiply the per-pound rate by the number of pounds (1–5) greater than the limit and add it to the base rate. Note: For shipments that exceed the weight limit by more than 5 pounds, the corresponding FedEx International Priority standard list rate applies.

* Based on the package weight, the corresponding rate applies.

** One-pound rate applies.

Any fraction of a pound is rounded up to the next-higher pound. Ancillary clearance service fees may apply for various clearance services, depending on commodity and country; see pp. 116–117 for details.

Not all services are available from all countries. See [pp. 24–26](#) for the services available from your origin country.

¹ Note: Unless otherwise provided herein, the terms and conditions of the country of origin apply to U.S. import shipments.

² For shipments that exceed the 22-lb. or 56-lb. weight limits, multiply the per-pound rate by the number of pounds (1–5) greater than the limit and add it to the base rate. Note: For shipments that exceed the weight limit by more than 5 pounds, the corresponding FedEx International Priority standard list rate applies.

* Based on the package weight, the corresponding rate applies.

** One-pound rate applies.

Any fraction of a pound is rounded up to the next-higher pound. Ancillary clearance service fees may apply for various clearance services, depending on commodity and country; see [pp. 116–117](#) for details.

¹ Note: Unless otherwise provided herein, the terms and conditions of the country of origin apply to U.S. import shipments.

² For shipments that exceed the 22-lb. or 56-lb. weight limits, multiply the per-pound rate by the number of pounds (1–5) greater than the limit and add it to the base rate. Note: For shipments that exceed the weight limit by more than 5 pounds, the corresponding FedEx International Priority standard list rate applies.

* Based on the package weight, the corresponding rate applies.

** One-pound rate applies.

Any fraction of a pound is rounded up to the next-higher pound. Ancillary clearance service fees may apply for various clearance services, depending on commodity and country; see pp. 116–117 for details.

Not all services are available from all countries. See [pp. 24–26](#) for the services available from your origin country.

¹ Note: Unless otherwise provided herein, the terms and conditions of the country of origin apply to U.S. import shipments.

² Service suspended as of publication date. For updates call 1.800.GoFedEx 1.800.463.3339 and say “international services.”

³ For shipments that exceed the 22-lb. or 56-lb. weight limits, multiply the per-pound rate by the number of pounds (1–5) greater than the limit and add it to the base rate. Note: For shipments that exceed the weight limit by more than 5 pounds, the corresponding FedEx International Priority standard list rate applies.

* Based on the package weight, the corresponding rate applies.

** One-pound rate applies.

Any fraction of a pound is rounded up to the next-higher pound. Ancillary clearance service fees may apply for various clearance services, depending on commodity and country; see [pp. 116–117](#) for details.

Not all services are available from all countries. See [pp. 24–26](#) for the services available from your origin country.

¹ Note: Unless otherwise provided herein, the terms and conditions of the country of origin apply to U.S. import shipments.

² Service suspended as of publication date. For updates call 1.800.GoFedEx 1.800.463.3339 and say “international services.”

³ For shipments that exceed the 22-lb. or 56-lb. weight limits, multiply the per-pound rate by the number of pounds (1–5) greater than the limit and add it to the base rate. Note: For shipments that exceed the weight limit by more than 5 pounds, the corresponding FedEx International Priority standard list rate applies.

* Based on the package weight, the corresponding rate applies.

** One-pound rate applies.

Any fraction of a pound is rounded up to the next-higher pound. Ancillary clearance service fees may apply for various clearance services, depending on commodity and country; see [pp. 116–117](#) for details.

Fees and Other Shipping Information¹

Your shipment may incur fees in addition to its base rate. The following are descriptions of those fees plus other shipping information. See the FedEx Express Terms and Conditions and FedEx Ground Tariff for more information. See [pp. 62–63](#) for information on the fees that may apply to FedEx One Rate[®] shipments. Separate fees apply for FedEx SameDay[®] and FedEx[®] International Next Flight. FedEx Express[®] shipments from the U.S. to Puerto Rico are assessed the same fees that apply to FedEx Express shipments within the U.S., unless otherwise specified.

For FedEx Express U.S. import shipments, fees vary depending on origin country; however, each fee works the same as for U.S. export. Call 1.800.GoFedEx 1.800.463.3339 and say “international services” for package service fees applicable from your origin country, or 1.800.332.0807 for freight service fees.

For FedEx Freight fee information, refer to the [FXF 100 Series Rules Tariff](#).

| Additional Handling Surcharge Express Packages. A surcharge applies to any package that: 1) measures greater than 60 inches along its longest side; 2) measures greater than 30 inches along its second-longest side; 3) has an actual weight of greater than 70 lbs.; 4) is not fully encased in an outer shipping container; 5) is encased in an outer shipping container made of metal or wood; 6) is cylindrical, including (without limitation) cans, buckets, barrels, drums or pails that are not fully encased in a shipping container made of corrugated cardboard; 7) is cylindrical, whether or not encased in corrugated cardboard, and exceeds 18 inches in length or 3 inches in diameter or has a diameter greater than its height; 8) is bound with metal, plastic or cloth banding (including packages where the outer surface area is loosely wrapped or creased, or where the contents protrude outside the surface area); or 9) would become entangled in or cause damage to other packages or the FedEx conveyance system. For U.S. express services, this surcharge applies per piece even if multiple pieces are bundled in a shipment. We reserve the right to assess additional handling charges for packages that require special handling or that require FedEx to apply additional packaging during transit. The additional handling surcharge does not apply to U.S. express packages that measure greater than 108 inches along their longest side. Such packages are subject to the FedEx oversize charge (see p. 126 for more information). Express Freight. A surcharge applies to any piece, skid or pallet of freight that measures greater than 70 inches along its longest side. For U.S. express freight services, this surcharge applies per piece, per skid or per pallet even if multiple pieces of freight are bundled in a shipment. We reserve the right to assess additional handling charges for freight that requires special handling during transit. Ground. A surcharge applies to any package that: 1) measures greater than 60 inches but equal to or less than 108 inches along its longest side; 2) measures greater than 30 inches along its second-longest side; 3) has an actual weight of greater than 70 lbs.; 4) is not fully encased in an outer shipping container; 5) is encased in an outer shipping container made of metal or wood; 6) is cylindrical, including (without limitation) cans, buckets, barrels, drums or pails that are not fully encased in an outer shipping container made of corrugated cardboard; 7) is bound with metal, plastic or cloth banding (including packages where the outer surface area is loosely wrapped or creased, or where the contents protrude outside the surface area); or 8) would become entangled in or cause damage to other packages or the FedEx conveyance system. This surcharge applies per piece even if multiple pieces are bundled in a shipment. We reserve the right to assess additional handling charges for packages that require special handling or that require FedEx to apply additional packaging during transit. | | |

| Address Correction Express. If the shipper provides an incomplete or incorrect recipient address, we may attempt to find the correct address and complete delivery. We may use the address included in the shipper's electronic shipment information to determine whether an address correction is necessary. We will assess a shipping fee. For shipments receiving FedEx Express Multiweight® pricing, the fee is \$13 per package up to a maximum of \$91 per shipment. Address correction is also required if the recipient phone number is omitted for a Rural Delivery (RD) address or a Star Route Assignment (SRA) address in Alaska. If we are unable to complete delivery, we are not liable for failing to meet our delivery commitment. Within the U.S., we also will assess this fee if the address is a P.O. box number or P.O. box ZIP code. For international shipments destined to a P.O. box address, we may assess the fee if a valid telephone, fax or telex number is not provided for the recipient. For FedEx International Broker Select®, the address correction fee will apply if the broker's address is incomplete or incorrect on the air waybill or other shipping documentation. If we cannot determine the correct address or cannot reach the broker, we may attempt to contact the sender for address clarification or instructions to return the shipment. If we are unable to complete delivery under these circumstances, we will not be liable for failing to meet our delivery commitment. Ground. If the shipper provides an incomplete, incorrect or P.O. box recipient address, we may attempt to determine the correct address, complete delivery and notify the shipper of the address correction. We may use the address included in the shipper's electronic shipment information to determine whether an address correction is necessary. We assess an additional charge for delivery or attempted delivery to the corrected address. For shipments receiving FedEx Ground Multiweight® pricing, the fee is \$13 per package up to a maximum of \$41.40 per shipment. The money-back guarantee does not apply to these shipments, and we are not liable for failing to complete delivery or meet our scheduled delivery time. | | |

| Ancillary Clearance Service Fees FedEx provides import clearance processing for international express package and international express freight shipments, and international ground shipments. FedEx may charge an ancillary clearance service fee, where applicable, on international shipments for clearance processing; for services requested by the shipper, recipient or importer of record; or to recover the costs passed to FedEx by the regulatory agency for regulatory filing. Ancillary clearance service fees that are invoiced are described on a separate line item on the duty-and-tax invoice. We may apply these service fees, which are subject to change, to either a U.S.- or non-U.S.-based shipper, recipient or designated third party. When possible, we will honor the shipper's request to bill these service fees to the payer as designated on the Bill Duties and Taxes section of the air waybill or shipping label. When we are unable to honor that request, the recipient may be invoiced for applicable ancillary clearance services. When the Bill Shipper or Bill Third Party option is selected to pay duty-and-tax charges, the payer will be invoiced for all applicable ancillary service fees that are assessed for clearance in the destination country, including all fees resulting from ancillary services that may have been requested by the recipient. For more information about the ancillary clearance service fees that may apply to your shipment, select your destination country from the list provided at fedex.com/ancillary/go/service . <ul style="list-style-type: none"> For more information about FedEx Express U.S. import service fees, select "United States — FedEx Express." Clearance Entry Fee. When a shipment is processed as a brokerage-inclusive shipment and FedEx Ground arranges for clearance services, a clearance entry fee is charged to cover processes required to check the Commercial Invoice submitted with the shipment and complete entry preparation procedures required by either U.S. Customs and Border Protection or the Canada Border Services Agency, including calculation of applicable duties and taxes for each type of commodity included in the shipment. The clearance entry fee is subject to all applicable Canadian taxes.

Prior to Feb. 27, 2016, the payer of transportation charges is billed for the clearance entry fee, which is added as a surcharge to the transportation invoice. Effective Feb. 27, 2016, however, the payer of duties and taxes will be billed for the clearance entry fee, which will be added as an ancillary clearance service fee to the duty-and-tax invoice.

| <p>Dimensional Weight</p> <p>Dimensional weight is calculated by multiplying the length by width by height of each package in inches and dividing the total by 166 (for all shipments within the U.S. and FedEx Express shipments between the U.S. and Puerto Rico) or 139 (for all U.S. export and U.S. import-rated international shipments). If the dimensional weight exceeds the actual weight, charges may be assessed based on the dimensional weight. If the chargeable weight of a FedEx Ground package exceeds 150 lbs., a prorated per-pound rate will be used.</p> <p>Dimensions of one-half inch or greater are rounded up to the next whole number; dimensions less than one-half inch are rounded down. The final calculation is rounded up to the next whole pound.</p> <p>Dimensional weight applies per package or per shipment to all FedEx Express U.S. shipments in customer packaging, and per shipment to all FedEx Express international shipments and U.S.-to-Puerto Rico shipments in customer packaging. Shipments in FedEx packaging may be subject to dimensional-weight pricing. FedEx Ground applies dimensional weight to all shipments.</p> | Express Services, Ground Services | If the dimensional weight exceeds the actual weight, charges may be assessed based on the dimensional weight. See the definition at left for details. |
| <p>Duties and Taxes</p> <p>Duties and taxes, including goods and services tax (GST) and value-added tax (VAT), may be assessed on the contents of the shipment. Any such charges will be billed to the recipient, unless you instruct us otherwise. In the event we advance duties and taxes on any given shipment, the payer will be assessed an ancillary clearance service fee based on a flat rate or on a percentage of the total amount advanced (see the Advancement Fee [FedEx Express] or the Disbursement Fee [FedEx Ground] listed under Ancillary Clearance Service Fees on pp. 116–117).</p> | International Express Package Services, International Express Freight Services, International Ground Service | See the definition at left, the Duties and Taxes section in the FedEx Express International Terms and Conditions, and the International Service Conditions section in the FedEx Ground Tariff for details. |

| Fuel Surcharge We reserve the right to assess fuel and other surcharges on shipments, without notice. We will determine the amount and duration of any such surcharges at our sole discretion. By tendering your shipment to FedEx, you agree to pay the surcharges, as determined by FedEx. For FedEx Express, the fuel surcharge percentage will be subject to adjustment monthly using a rounded average of the U.S. Gulf Coast (USGC) spot price for a gallon of kerosene-type jet fuel, as published monthly by the U.S. Department of Energy. The surcharge now in effect applies to all FedEx Express U.S., U.S. export and U.S. import shipments, except for FedEx International Express Freight and FedEx International Airport-to-Airport SM shipments. For FedEx Ground, the fuel surcharge percentage will be subject to adjustment monthly using a rounded average of the National U.S. On-Highway Average price for a gallon of diesel fuel, as published monthly by the U.S. Department of Energy. Changes to the fuel surcharge will be applied effective the first Monday of each month. The surcharge percentage will be reflected on your FedEx invoice. The percentage for each month is available at fedex.com/us/services/fuelsurcharge.html approximately two weeks before the surcharge is applicable. | Express Services, Ground Services | Go to fedex.com/us/services/fuelsurcharge.html for updates to the fuel surcharge. |

| Multiple-Piece Shipments For FedEx Express and FedEx Ground package services, you can ship multiple pieces as a multiple-piece shipment if the pieces: 1) use the same service, bill-to instructions, packaging type and delivery instructions (including FedEx Delivery Signature Options, collect on delivery, FedEx Express Saturday pickup or delivery, Hold at FedEx Location, or FedEx Home Delivery convenient delivery options); 2) move together on the same day from one sender to one recipient; and 3) meet all size, weight and acceptance guidelines for the selected service. Individual packages in a multiple-piece shipment may have different weights, dimensions and declared value. Within the U.S. only, individual packages in a multiple-piece shipment processed using FedEx electronic shipping solutions may contain different designations of dangerous goods (for FedEx Express) or hazardous materials (for FedEx Ground). All labeling requirements, guidelines and restrictions apply. Each individual piece or single handling unit must have an address label showing complete sender and recipient addresses. Multiple-piece shipments tendered as express freight must be palletized, stackable, forkliftable, banded and shrinkwrapped to form single handling units. Once a multiple-piece shipment tendered via a U.S. package service reaches a total shipment weight of 100 lbs. for FedEx Express (200 lbs. for FedEx Express Saver) or 200 lbs. for FedEx Ground (with contract-only FedEx Ground Multiweight rates), it is rated based on price per package and price per total shipment weight. You are billed the lower of the two rates. For FedEx Express, a 15-lb. average minimum package weight for the shipment applies. For FedEx Ground, an average minimum package weight for the shipment applies and varies by contract. FedEx Express international multiple-piece shipments are billed based on total shipment weight. FedEx One Rate multiple-piece shipments are not eligible for FedEx Express Multiweight pricing. All FedEx electronic shipping solutions can create shipping labels for FedEx Express and FedEx Ground multiple-piece shipments within the U.S., and will place a master tracking number and package-count sequence and total on each label. A FedEx Express Package US Airbill or FedEx Express Freight US Airbill can accept up to 999 pieces as a multiple-piece shipment (except for shipments in FedEx® Envelope or FedEx 10kg Box and FedEx 25kg Box packaging). | U.S. Express Services, International Express Services Ground Services | FedEx Express Multiweight rates may apply. See pp. 56–57 (U.S.) and p. 82 (Puerto Rico and international) for more details. FedEx Ground Multiweight rates are available by contract only. |

| Oversize Charge Express. The maximum limits for FedEx Express U.S. packages are 150 lbs., and 119 inches in length and 165 inches in length and girth. Packages that weigh 150 lbs. or less and exceed 108 inches in length or 130 inches in length and girth are considered “oversize” packages. Oversize packages are rated based on the greater of the package’s actual rounded weight or dimensional weight. In addition, a charge of \$67.50 per oversize package applies. We may refuse packages that exceed 119 inches in length or 165 inches in length and girth, or if we find them in our network, we may consider them for shipping at our sole discretion. These packages also are rated based on the greater of the package’s actual rounded weight or dimensional weight, and a \$67.50 charge per oversize package applies. <i>Note:</i> We may accept FedEx Express packages weighing less than 151 lbs. that exceed 165 inches in length and girth and rate them as FedEx Express Freight U.S. shipments. See the Extra-Large Packages section in the FedEx Express U.S. Terms and Conditions for details. Ground. A package weighing 150 lbs. or less and measuring greater than 130 inches in length and girth is classified as an “oversize” package. The shipping charges for an oversize package are based on the greater of the package’s actual rounded weight and its dimensional weight. A charge of \$67.50 per oversize package also applies to any package measuring greater than 130 inches in length and girth. For FedEx Home Delivery, the shipping charges for any package with a dimensional weight of greater than 70 lbs. are the same as a FedEx Ground package of corresponding dimensional weight being shipped under the same circumstances, plus FedEx Home Delivery fees and other charges. FedEx Express Terms and Conditions

U.S. Shipments

These FedEx Express Terms and Conditions, contained in the FedEx Service Guide, supersede all previous terms and conditions, amendments, supplements, and other prior statements concerning the rates and conditions of FedEx Express service to which these terms and conditions apply. The contract of carriage as expressed in these terms and conditions constitutes the entire agreement between the parties and supersedes all previous agreements and understandings, whether oral or written, between the parties or any agents, affiliates or subcontractors thereof (including FedEx Office and Print Services, Inc. and its agents, affiliates and employees ["FedEx Office"]) with respect to the subject matter hereof, and each party warrants that it has not relied and will not be relying upon any evaluation, representation or advice from the other party, its agents, affiliates or subcontractors (including any agents, affiliates or employees of FedEx Office) except representations expressly made in writing in these terms and conditions. The downloadable version (PDF) of the FedEx Express Terms and Conditions at fedex.com on the date of shipment is controlling.

The FedEx Service Guide consists of the service information at fedex.com/serviceguide and the overview of services in the downloadable FedEx Service Guide (U.S. and U.S. export); U.S., U.S. export, U.S. import and U.S. retail rates; these FedEx Express Terms and Conditions; and the FedEx Ground Tariff. The service information at fedex.com/serviceguide (excluding rates, the FedEx Express Terms and Conditions, and the FedEx Ground Tariff) and the overview of services in the downloadable FedEx Service Guide are not part of the contract of carriage. FedEx reserves the right to unilaterally modify, amend, change or supplement the FedEx Service Guide, including, but not limited to, the rates, services, features of service, and these terms and conditions, without notice. Only an officer in the Legal Department of FedEx Corporation or successor positions may authorize a supplement to, or modification, change or amendment of, the FedEx Service Guide. No other agent or employee of FedEx, its affiliates or subsidiaries, nor any other person or party, is authorized to do so. This restriction in modification does not apply to a modification applicable to a single customer and included in a FedEx Sales or FedEx Customer Automation agreement. To the extent a conflict exists between a FedEx Sales or FedEx Customer Automation agreement and these FedEx Express Terms and Conditions, the FedEx Sales or FedEx Customer Automation agreement controls.

Any failure to enforce or apply a term, condition, or provision of the FedEx Service Guide shall not constitute a waiver of that term, condition or provision or otherwise impair our right to enforce or apply such a term, condition or provision in the future.

U.S. Shipments

The following pages contain the FedEx Express Terms and Conditions applicable to the transportation of any package, document, envelope, skid, container or other item by FedEx Express U.S. Services (including FedEx SameDay, FedEx SameDay City, FedEx First Overnight, FedEx Priority Overnight, FedEx Standard Overnight, FedEx 2Day A.M., FedEx 2Day, FedEx Express Saver, FedEx SameDay Freight, FedEx First Overnight Freight, FedEx 1Day Freight, FedEx 2Day Freight and FedEx 3Day Freight), including, but not limited to, any such items tendered by customers utilizing FedEx electronic shipping systems, manifests, airbills, labels, shipping software and stamps when shipping between points within the U.S., including Hawaii and Alaska. See the International Shipments section when shipping to or from international points, including points between Puerto Rico and the U.S. See the FedEx Ground Tariff when shipping by FedEx Ground.

If there is a conflict between these terms and conditions and the terms and conditions on any FedEx airbill, manifest, stamp, shipping label or other transit documentation, the terms and conditions in the FedEx Service Guide, as amended, modified, changed or supplemented, will control.

Rates and service quotations by our employees and agents are based upon information you provide, but final rates and service may vary based upon the shipment actually tendered and the application of these terms and conditions. Rates quoted will vary depending on whether (1) the shipper is a FedEx account holder and (2) the shipper has discounts applied to his or her account.

- Shippers will be quoted FedEx Standard List Rates if they have a valid FedEx account, do not have discounts applied to their account and if they charge their shipping to their account.
- Shippers will be quoted Account-Specific Rates if they have a valid FedEx account, have discounts applied to their account and if they charge their shipping to their account.
- Shippers will be quoted FedEx Retail Rates for shipments originating in the U.S. that are paid for by cash, check, debit or credit card instead of being charged to a valid FedEx account.

- Shippers may request FedEx One Rate pricing for qualifying FedEx Express shipments as an alternative to FedEx Standard List Rates, Account-Specific Rates or FedEx Retail Rates. See the FedEx One Rate information in the Find Your Rate section of this Service Guide for details.

For the most current information regarding areas served and delivery commitments, contact FedEx Customer Service at 1.800.GoFedEx 1.800.463.3339.

Definitions

"Account-Specific Rates" are the rates paid by FedEx account holders who have discounts applied to their account and who charge their shipping to their FedEx account.

"Airbill" means any shipping document, manifest, label, stamp, electronic entry or similar item used to tender shipments to FedEx Express for transportation. Originals must be used (photocopies are not accepted).

"Business day" means Monday through Friday except for the following holidays:

| | |
|------------------|-------------------------------------|
| Memorial Day | New Year's Day |
| Independence Day | Constitution Day (Puerto Rico only) |
| Labor Day | Good Friday (Puerto Rico only) |
| Thanksgiving Day | Three Kings Day (Puerto Rico only) |
| Christmas Day | |

"Business delivery" means any delivery that is not a residential delivery.

"Chargeable weight" means the greater of actual or dimensional weight. For all rating purposes, "length" is the longest side of any package or object. Any fraction of a pound is rounded up to the next-higher pound.

"Commercial delivery" means any delivery that is not a residential delivery.

"Consolidator" means any person, corporation, partnership or other entity that is independent from FedEx and derives income from the consolidation of the packages of others for tender to us, including all FedEx Authorized ShipCenter locations and entities who have executed a Packaging and Pricing Agreement, Package Consolidator Agreement or Packaging Agreement with FedEx.

"Customer," "sender" or "shipper" means the person whose name is listed on the airbill as the sender.

"FedEx," "FedEx Express," "our," "us" and "we" refer to Federal Express Corporation and its officers, employees and agents (but does not include cartage agents).

"FedEx Express Freight" means FedEx First Overnight Freight, FedEx 1Day Freight, FedEx 2Day Freight and FedEx 3Day Freight unless the context requires otherwise.

"FedEx One Rate" is a pricing option for FedEx Express shipments that includes any applicable residential surcharges, delivery area surcharges and fuel surcharge. FedEx One Rate is subject to other charges including, but not limited to, on-call pickup, Saturday delivery, FedEx Delivery Signature Options, additional declared value, and address or account corrections. Shippers are required to use FedEx Express packaging and FedEx Express U.S. shipping services (FedEx First Overnight, FedEx Priority Overnight, FedEx Standard Overnight, FedEx 2Day A.M., FedEx 2Day and FedEx Express Saver). To qualify for FedEx One Rate pricing, FedEx envelopes must weigh 10 lbs. or less, and FedEx paks, boxes and tubes must weigh 50 lbs. or less.

"Freight" means any single piece or skid with a chargeable weight greater than 150 lbs. Any fraction of a pound is rounded up to the next-higher pound.

"Guide" or "Service Guide" means the FedEx Service Guide, as modified, amended or supplemented.

"In good credit standing" means: (1) that payment on the FedEx account is current; (2) the account is not in "cash-only" status; and, (3) for commercial or business accounts, the balance does not exceed the credit limit established by FedEx.

"Overcharge" means a charge based on an incorrect rate; an incorrect special handling fee; billing a service other than the service selected for the package; billing based on incorrect package or shipment weight; billing to the wrong account number; or any other billing, unrelated to a service failure, that results in an incorrect charge.

"Package" means any single parcel or piece with a chargeable weight of 150 lbs. or less. Any fraction of a pound is rounded up to the next-higher pound.

"Proof of delivery" means electronically captured delivery information, which may include date, time, location and signature information.

"Recipient" means the person whose name is listed on the airbill as the recipient.

FedEx Express Terms and Conditions

U.S. Shipments

(Definitions, cont.)

“Reroute” means to deliver a shipment to an address different from that specified on the airbill, and includes a change: (1) from one street address to another in the same city and state; (2) from directions to Hold at FedEx Location to a request for delivery to another location; (3) from the delivery instructions on the airbill to a request to Hold at FedEx Location; or, (4) from one Hold at FedEx Location address to another in the same city and state. Any requested change to an address that is not a reroute or an address correction is a new shipment, and new shipping charges will apply. *Note:* Reroute does not apply to requests made by the recipient using FedEx Delivery Manager to request delivery to another address. See FedEx Delivery Manager Terms in the [fedex.com Terms of Use](#).

“Residential delivery” means a delivery made to a home or private residence, including locations where a business is operated from the home, and/or a delivery in which the shipper has designated the delivery address as residential.

“Residential pickup” means a pickup from a home or private residence, including locations where a business is operated from the home.

“Retail Rates” apply to shipments originating in the U.S. that are paid for by cash, check, debit or credit card instead of being charged to a valid FedEx account.

“Return option” means FedEx Print Return Label, FedEx Email Return Label, FedEx Express Billable Stamp, FedEx Express Prepaid Stamp and FedEx ExpressTag.

“Service failure” means delivery of your package 60 seconds or more after our published delivery commitment for the FedEx service for that package, except as otherwise described in these terms and conditions.

“Ship date” or **“shipment date”** is the date the shipment is tendered to FedEx. For shipments tendered at a FedEx location after the last pickup time, the ship date is the next business day.

“Shipment” means one or more pieces, either packages or freight, moving on a single airbill.

“Standard List Rates” are the rates paid by FedEx account holders who do not have discounts applied to their account and who charge their shipping to their FedEx account.

“Transportation charges” mean amounts assessed for movement of a shipment and does not include any other fees or charges that may be assessed under the FedEx Service Guide, such as (but not limited to) declared-value charges, special handling fees, customs duties and taxes, C.O.D. charges, and surcharges.

“Valid” as it relates to account numbers means a FedEx account number that has been issued by FedEx and that is in good credit standing.

“You” or **“your”** means the shipper/sender, recipient and their agents, servants, employees, and any other person or entity having or claiming an interest in a shipment.

Non-Waiver

Any failure by us to enforce or apply a term, condition or provision of the FedEx Service Guide does not constitute a waiver of that term, condition or provision and does not otherwise impair our right to enforce such term, condition or provision.

Account Numbers

For transactions other than “Bill Sender,” “Bill Recipient” or “Bill Third Party,” you must pay by cash (not accepted at all FedEx locations), check, money order or credit card. Payment is required when you give us your package. For “Bill Sender” and “Bill Third Party” transactions, packages will not be accepted unless you provide a valid FedEx account number. For “Bill Recipient” transactions, packages can be tendered without payment, but in order for the package to be delivered, the recipient must provide a valid FedEx account number or pay with cash, check or money order at time of delivery. If the recipient refuses to pay, the package will be treated as undeliverable and the sender will be responsible for all transportation charges and other fees, including all special handling fees.

For customers utilizing our electronic systems, a valid FedEx account number is required for “Bill Sender,” “Bill Recipient” or “Bill Third Party” transactions.

FedEx account holders who pay for shipments originating in the U.S. with cash, check, debit or credit card instead of charging to a valid FedEx account will be charged FedEx Retail Rates instead of FedEx Standard List Rates or Account-Specific Rates.

Account numbers are issued by FedEx according to shipping location and are nontransferable. Account numbers are issued and used solely at the discretion of FedEx. FedEx may discontinue the use of accounts, in whole or in part, and terminate all or particular accounts and account numbers at any time, for any reason, at its sole discretion. Improper, illegal or any other misuse of your FedEx account may also, at

the sole discretion of FedEx, result in loss of discounts or termination of the account.

Improper, illegal or other misuse includes, but is not limited to, ordering supplies for any purpose other than shipping with FedEx, unauthorized consolidation of shipments owned by different parties, or violations of the terms and conditions in this FedEx Service Guide. If your account has been compromised or stolen, the account may be closed and you may be issued a new account. However, you will be responsible for all valid charges on the closed account. Any supplies, materials, rights or privileges that you acquire by holding a FedEx account number may not be used for any purpose other than shipping with FedEx, and FedEx may seek damages against you for any improper, illegal or other misuse of your account. If your account is terminated, we reserve the right, at our sole discretion, to deny your application for new or additional FedEx account numbers at any time in the future. Except for Canada- and Puerto Rico-based accounts, international account numbers may not be used for shipments between two points within the U.S. All charges will be billed and must be remitted in U.S. funds.

All requests for account numbers are subject to credit investigation and verification by our Credit Department and Customer Account Confirmation Department. FedEx utilizes business credit reporting agencies, audited financial statements, Standard & Poor’s and Moody’s bond ratings, and other sources as necessary, to determine eligibility for open credit terms. FedEx does not offer consumer credit privileges. Any individual shipping for personal use must prepay the shipment charges or establish a FedEx account for billing directly to a major credit card. Stored-value cards or gift cards cannot be used to open an account; however, such cards may be used for payment when tendering a package at staffed FedEx shipping locations, and in conjunction with our credit card acceptance policy. If your FedEx account is billed directly to a credit card, you agree to the following terms: (1) you authorize FedEx to initiate variable charges to the credit card to settle charges payable to FedEx; (2) you authorize FedEx to charge your card for any unpaid amounts on your account; (3) you authorize the card issuer to pay any amounts associated with your account without requiring a signed receipt; (4) you agree to keep your card information current (FedEx may receive updates on your card information from participating issuing banks and may update your account profile to avoid service disruptions); (5) you agree that FedEx shall have no liability for any insufficient funds or other charges incurred from attempts to charge and/or place holds on your card; and (6) your agreement to these terms and conditions is to be accepted as authorization to the card issuer to pay all amounts associated with your account.

The party to whom a FedEx account number is issued is liable for all charges to the account, including those resulting from unauthorized use. The account holder is responsible for the safekeeping of the account number. The account number should be released only to those authorized to ship on the account.

Failure to keep your FedEx account current may result in your account being placed on a cash-only status. Use of an account on cash-only status may result in your package being delayed, rejected or returned until arrangements for payment are completed. If the account number to be billed is not valid, the shipment may be delayed until an alternative form of payment is secured. If a package is held or delivery is otherwise delayed because the account is not in good credit standing, you will not be entitled to a refund or credit of your transportation charges under the Service Failure Money-Back Guarantee Policy.

You must use your FedEx account number to obtain any discount applicable to your account. Use of your account number constitutes your agreement that all packages shipped by us shall be subject to these terms and conditions, as modified, amended or supplemented.

FedEx may provide trade credit information on its account holders to credit bureaus.

Alcoholic Beverages

Only licensed entities holding a state and federal license or retailers holding a state license may ship alcohol with FedEx. Consumers may not ship alcohol. Shippers must enter into an approved FedEx Alcohol Shipping Agreement before shipping any alcohol with FedEx. For more information, go to [fedex.com/us/wine](#) or contact your FedEx account executive.

A. Licensee to Licensee. FedEx will accept alcohol shipments (beer, wine and spirits) when both the shipper and recipient are either licensed wholesalers, licensed dealers, licensed distributors, licensed manufacturers, licensed retailers or licensed importers, subject to additional requirements and all applicable laws and regulations. Contact your FedEx account executive for complete details.

B. Licensee to Consumer. FedEx will accept wine shipments from licensed entities directly to consumers, subject to additional requirements and all applicable laws and regulations. Contact your FedEx account executive for complete details. Shipments of beer or spirits to consumers are prohibited.

FedEx Express Terms and Conditions

U.S. Shipments

Billing

A. "Bill Sender" means charges will be billed to the sender. The sender's FedEx account number must appear on the airbill, and the account must be in good credit standing. The sender may request an initial rebilling to another party, but all subsequent rebills will be only to the sender. (See section H, Billing and Special Handling Fees.)

B. "Bill Recipient" means charges will be billed to the recipient. (This is not C.O.D. service.) The recipient's FedEx account number must be provided on the airbill at the time of shipment, or by the recipient at the time of delivery, and must be in good credit standing. If an account number in good credit standing is not provided, the recipient must pay for the shipment at the time of delivery.

C. "Bill Third Party" means charges will be billed to someone other than the sender or recipient. Charges for shipments within the U.S. may be billed only to a third party in the U.S. In order to choose this billing option, the FedEx account number of the third party must appear on the airbill at the time it is tendered and the account must be in good credit standing.

D. We reserve the right to verify the method of payment for any shipment and to refuse any shipment for which the method of payment cannot be verified.

E. FedEx may consider payment type in determining pricing and discounts, and reserves the right to adjust discounts based on payment type.

F. For packages tendered for transportation with a FedEx Express Prepaid Stamp, FedEx reserves the right to bill the customer for packages that are overweight or require special handling. FedEx Express Prepaid Stamps are nonrefundable and nontransferable.

G. NOTWITHSTANDING ANY PAYMENT INSTRUCTIONS THAT ARE GIVEN TO FEDEX, THE SENDER IS ULTIMATELY LIABLE FOR, WILL BE BILLED FOR AND AGREES TO PAY ALL CHARGES AND FEES, INCLUDING ANY SPECIAL HANDLING FEES, IF THE RECIPIENT OR THIRD PARTY FAILS OR REFUSES TO PAY. For FedEx returns shipments, please see Return Options.

H. Billing and Special Handling Fees:

1. A special handling fee will be charged when no account number appears on the airbill or when an incomplete, inaccurate or invalid account number appears on the airbill in "Bill Sender," "Bill Recipient" or "Bill Third Party" transactions. If a "Bill Sender," "Bill Recipient" or "Bill Third Party" package is received without a FedEx account number, we will attempt to determine the correct account from our records and bill the account for all charges and fees, plus the special handling fee. Any applicable discount will apply. If, however, we cannot determine the correct account, the transportation charges plus the special handling fee will be billed directly to the sender, and no discount will be allowed. See Rates in the FedEx Service Guide for details.
2. Payer Rebilling. A special handling fee will be charged to the sender for each request for a change to billing instructions for a package. We will accept requests for change to billing instructions up to 90 days from the invoice date. Such requests will be accepted only for unpaid shipments.

Requests for rebilling of transportation charges must be received via one of the approved channels:

- a. Submit your request through the Non-Pay option with Electronic Data Interchange (EDI) if you are a registered user; or
- b. Use our internet application FedEx Billing Online at fedex.com if you are a registered user; or
- c. Submit your request via email using the formatted spreadsheet and email address provided at fedex.com/us/account/inhome/other/eremit.html. Your request for a rebill of transportation charges must include the current invoice number, the FedEx tracking number, amount and the new FedEx account number that you want to rebill; or
- d. Submit the request via our automated interactive voice response system at 1.800.GoFedEx 1.800.463.3339 (say "billing"). Your request for a rebill of transportation charges must include your FedEx account number, if any, the current invoice number, the FedEx tracking number and the new FedEx account number that you want to rebill.

3. A \$20 special handling fee will be charged to you for any check or electronic funds transfer that is dishonored for any reason.

I. Electronically captured data will be used for billing purposes in the event a billing copy of the airbill is not available at the time of billing.

J. You must furnish with your payment the invoice numbers to which your payment applies. Payment should be sent using your remittance advice to one of the following:

(By FedEx Envelope)

FedEx Lockbox 360353
Room 154-0455
500 Ross Street
Pittsburgh, PA 15262

(By U.S. Postal Service)

Any customer not using electronic data interchange (EDI) or FedEx Billing Online whose billing address is in CT, DC, DE, KY, MA, MD, ME, MI, NC, NH, NJ, NY, OH, PA, PR, RI, SC, VA, VT or WV should mail payment and remittance detail to:

Customers who receive their invoices via FedEx Billing Online should mail their payment and remittance detail to:

FedEx Billing Online
P.O. Box 371599
Pittsburgh, PA 15250-7599

K. Customers using an EDI format for invoicing are required to submit remittance data electronically. Some invoice adjustment requests may also be transmitted electronically.

L. If you are interested in or have questions regarding any of our invoicing or payment methods, contact your FedEx account executive or call Revenue Services at 1.800.GoFedEx 1.800.463.3339 (say "billing"), or access our internet application Manage My Account at fedex.com.

M. Invoice Adjustments/Overcharges:

1. We reserve the right to audit airbills and shipments made via any means, including, but not limited to, an electronic shipping device to verify service selection and shipment weight. If the service selected or weight entered is incorrect, we may make appropriate adjustments to the shipment charges at any time.
2. Default Billing. Senders are solely responsible for accurately completing all sections of the airbill and for the entry of accurate shipment information into any electronic shipping device. If you fail to provide or correctly enter this information, you will be billed and agree to pay based on our estimate of the number of packages transported and either the dimensional weight at the time of billing or a standard default weight-per-package estimate, both of which will be determined by us at our sole discretion. If no service is marked, we will send your shipment via FedEx Priority Overnight or FedEx 1Day Freight, whichever is applicable.
3. Our money-back guarantee policy governs and is the exclusive remedy for requests for refunds or credits related to service failures. (See the Money-Back Guarantee Policy section for applicable notice provisions and other conditions.) If the money-back guarantee is suspended or revoked, there is no remedy.

FedEx Express Terms and Conditions

U.S. Shipments

(Billing, cont.)

4. Requests for invoice adjustments due to an overcharge must be received within 60 days after the original invoice date (or ship date if prepaid by cash, check, money order or credit card).
5. FedEx is not obligated to refund any overcharge or pay any other obligation owed when your FedEx account is, or has been in the past, more than 60 days past due.
6. If your account is more than 60 days past due, FedEx may, at its sole discretion, apply any overcharge amounts or other overpayments it agrees are owed to you against the oldest invoices.
7. You may request an invoice adjustment for reasons not related to a service failure in the following ways:
 - a. Use our internet application FedEx Billing Online at fedex.com if you are a registered user; or
 - b. Submit your request through the invoice adjustment feature at fedex.com; or
 - c. Submit the request in writing using the invoice adjustment form on the back of your invoice. If your request exceeds the space available on the form, you may submit your request via email using the formatted spreadsheet and email address provided at fedex.com/us/account/inhome/other/eremit.html; or
 - d. Submit the request via our telephone invoice adjustment system at 1.800.GoFedEx 1.800.463.3339 (say "billing"). If you choose to submit your request via the telephone invoice adjustment system, the request must state the reason you believe an adjustment or refund is warranted and must provide the following: the FedEx account number (if any); the FedEx tracking number; and the date of shipment.

A partial payment against an invoice is not considered a request for invoice adjustment or notice of a refund request.

8. If you choose to send your request for an invoice adjustment for non-service-related failure via FedEx or the U.S. Postal Service, please send it to:

FedEx
Revenue Services
3965 Airways Boulevard
Module G
Memphis, TN 38116

You may also send your request via fax to the FedEx toll-free fax service: 1.800.548.3020.

9. We will not be liable for any invoice adjustment unless you comply with the notice requirements described above. The filing of a lawsuit against us does not constitute compliance with these notice provisions.

For additional information or assistance regarding billing issues, contact Revenue Services at 1.800.GoFedEx 1.800.463.3339 (say "billing"), 7 a.m. to 6 p.m. (CST), Monday through Friday.

N. Additional Taxes. If a federal value-added, consumption or similar tax is applicable to your shipment, we reserve the right to add that amount to your shipping charges without notice. We pay any applicable federal excise tax on the air transportation portion of our service.

O. The shipper and any other party who is liable for payment are responsible for all reasonable costs incurred by FedEx in obtaining or attempting to obtain payment for services rendered by us. Such costs include, but are not limited to, attorneys' fees, collection agency fees, interest and court costs.

P. At our sole discretion, FedEx may transfer and assign ownership of, and any rights to collect, any and all charges due and payable to us.

Q. FedEx will charge for the category of service selected by the shipper, notwithstanding any requests for a different delivery time or date, including but not limited to, requests made by the recipient using FedEx Delivery Manager.

Cartage Agents

We provide pickup and delivery service to points within our primary service areas. Service outside our primary service areas may be provided through cartage agents. For more information, please call Customer Service at 1.800.GoFedEx 1.800.463.3339 or Express Freight Customer Service at 1.800.332.0807.

A. Our delivery commitment time and money-back guarantee policy apply only to the portion of the transportation handled directly by us (see the Money-Back Guarantee Policy section). The delivery commitment time begins when the cartage agent tenders the shipment to us and ends when a shipment is available for pickup by you or a cartage agent. Our tender of a shipment to a cartage agent constitutes delivery of the shipment by us for all purposes. Except as stated below for FedEx Express Freight shipments, we

are not responsible for service failures as a result of cartage agent pickups or deliveries.

B. For FedEx Express Freight shipments destined to extended service areas (H4, H5, H6) and when FedEx arranges delivery by a cartage agent, our delivery commitment time and money-back guarantee policy apply to both the portion of the transportation handled directly by us and to the portion of the transportation handled by the cartage agent. (See the Money-Back Guarantee Policy section.) For FedEx Express Freight shipments originating in extended service areas (H4, H5, H6, H7) the delivery commitment time begins when the cartage agent tenders the shipment to FedEx.

C. For FedEx Express Freight shipments destined to H7 extended service areas, our delivery commitment time and money-back guarantee policy apply only to the portion of the transportation handled directly by us. The delivery commitment time ends when a shipment is available at the FedEx location for pickup by you or a cartage agent. We are not responsible for service failures as a result of cartage agent pickups from, or deliveries to, H7 extended service areas.

D. If you elect to make arrangements for pickup or delivery directly with a cartage agent, you are responsible for all charges and fees assessed by the cartage agent. The invoice you receive from us will reflect only our charges and fees.

E. A special handling fee applies; see Rates in the FedEx Service Guide.

F. Cartage agents are independent contractors. They are neither employees nor agents of FedEx Express, and we are not responsible for any of their acts or omissions.

Claims

A. We must receive notice of a claim due to failure to properly collect or deliver a C.O.D. payment within 21 calendar days after delivery of the shipment. We must receive notice of a claim due to damage (visible or concealed), delay (including spoilage claims) or shortage within 60 calendar days after delivery of the shipment. (See the Money-Back Guarantee Policy section for the time period to request a refund or credit of transportation charges due to a service failure.) We must receive notice of all other claims, including, but not limited to, claims for nondelivery or misdelivery, within nine months after the package was tendered to FedEx Express for shipment.

B. Notice of claims for which you are seeking more than US\$100 must be in writing. All claims must be made within the time limits set forth previously.

C. Your notice of claim must include complete shipper and recipient information, as well as the FedEx tracking number, date of shipment, number of pieces, and shipment weight. Failure to provide us with notice in the manner and within the time limits set forth in paragraphs (A) through (B) will result in denial of your claim, and we will have no liability or obligation to pay your claim. The filing of a lawsuit does not constitute compliance with these notice provisions.

D. Written documentation supporting the amount of your claim must be delivered to us within nine months after the package was tendered to FedEx Express for shipment. Such documentation may include original purchase invoices, estimates or invoices for repair, expense statements, appraisals, final confirmation screen if online order with proof of payment, or other records. These documents must be verifiable to our satisfaction.

E. We are not obligated to act on any claim until all transportation charges have been paid. The claim amount may not be deducted from these charges or from any outstanding balance owed to us.

F. FedEx reserves the right to inspect a damaged shipment on the recipient's premises as well as the right to retrieve the damaged package for inspection at a FedEx facility. The terms and conditions applicable to the original shipment (including any declared value) will govern the disposition of all claims in connection with the shipment, including any claim relative to the retrieval, inspection or return of the package. When a package is picked up for inspection, a receipt for the damaged package will be provided if requested by the recipient. All of the original shipping cartons, packing and contents must be made available for our inspection and retained until the claim is concluded.

G. Except in the case of concealed damage, receipt of the shipment by the recipient without written notice of damage on the airbill is *prima facie* evidence that the shipment was delivered in good condition.

H. We do not accept claims from customers whose packages were tendered to FedEx through a package consolidator. (See the Package Consolidators [Including FedEx Authorized ShipCenters] section.)

I. Shipment-status information is not intended or permitted to be used as the basis to file a claim.

J. Only one claim can be filed in connection with a shipment. Acceptance of payment of a claim shall extinguish any right to recover in connection with that shipment.

FedEx Express Terms and Conditions

U.S. Shipments

(Claims, cont.)

K. When we resolve a claim by paying full value for a shipment, we reserve the right to pick up the package for salvage, and all rights, title to, and interest in the package shall vest with us.

L. You can file a claim in the following ways:

1. Submit claims online at fedex.com/us/claimsonline.
2. Send written claims, including the completed claim form and supporting documentation, via the U.S. Postal Service or fax to:
FedEx Cargo Claims Department
P.O. Box 256
Pittsburgh, PA 15230
Fax: 1.877.229.4766

If you fax your completed claim form and supporting documentation, FedEx will send you a confirmation letter by return fax.

3. Call customer service at 1.800.GoFedEx 1.800.463.3339 (say "claims") to obtain a case number for your claim, then complete a print copy of the claim form. You may have to submit supporting documentation using FedEx Claims Online or the mailing address or fax number listed above.

M. FAILURE TO COMPLY WITH ANY OF THE ABOVE CONDITIONS WILL RESULT IN THE DENIAL OF YOUR CLAIM.

Collect on Delivery (C.O.D.) Service

A. We offer a collect-on-delivery service consisting of transportation of packages, collection of a payment instrument issued by or on behalf of the recipient and delivery of a payment instrument to the shipper. The shipper is responsible for specifying on the C.O.D. airbill, or in the appropriate field of the FedEx electronic shipping system or third-party electronic shipping system, the amount (the C.O.D. amount) and the form of payment to be collected. We do not offer a cash-on-delivery service.

B. If the shipper marks SECURED PAYMENT on the C.O.D. airbill, we will collect a cashier's check, official check or money order. If the shipper marks UNSECURED PAYMENT, we will collect a personal check, certified check, cashier's check, official check, money order or company check. CASH, TRAVELER'S CHECKS, "COM" CHECKS, CREDIT CARDS AND COUNTER CHECKS WILL NOT BE ACCEPTED IN PAYMENT OF ANY C.O.D. AMOUNT. If no payment type is selected, an unsecured payment type will be collected at the time of delivery.

C. Performance of the C.O.D. service does not make us the agent of the shipper for any purpose whatsoever, including, but not limited to, completion of the sale of the goods by the shipper to the recipient. If the recipient cannot be located or fails or refuses to pay the C.O.D. amount via the requested instrument, the shipment will be returned to the shipper, and no refund or credit of either the transportation charges or the C.O.D. charge will be given.

D. Checks (including cashier's, official, certified, business and personal checks) and money orders for the C.O.D. amount will be collected at the shipper's sole risk, including, but not limited to, all risk of nonpayment, fraud and forgery. FedEx has no liability with respect to any such instrument.

E. The maximum C.O.D. amount is US\$50,000 per shipment. THE C.O.D. AMOUNT IS NOT THE SAME AS, AND SHOULD NOT BE CONFUSED WITH, DECLARED VALUE. (See the Declared Value and Limits of Liability section.)

F. The original transportation of packages, collection of the payment instrument and delivery of the payment instrument are considered a single shipment. The terms and conditions in the Declared Value and Limits of Liability section are applicable to all C.O.D. shipments. If no value is declared, our maximum liability will be the lesser of the C.O.D. amount or US\$100. With respect to the C.O.D. shipment sent by a FedEx Express Freight service, if no value is declared, our maximum liability is the greater of US\$100 or US\$1 per pound.

G. Our liability for loss, damage, delay, misdelivery, misinformation, nondelivery, failure to collect the C.O.D. amount, failure to collect the specified form of payment, collection of an instrument in the wrong amount, or failure or delay in delivering the payment instrument is limited to the total value declared subject in every event to the maximum declared-value limits and other limitations referenced above and in the Declared Value and Limits of Liability section.

H. If the shipper sends more than one package on a single C.O.D. airbill, the total declared value for all of the packages must be written in the appropriate airbill section. Our maximum liability will be limited to the total value declared subject in every event to the maximum declared-value limits and other limitations referenced above and in the Declared Value and Limits of Liability section.

I. The payment instrument will be forwarded to the shipper via FedEx Standard Overnight where available, and otherwise via FedEx 2Day, and will be directed to the shipper's address for the account number on which the C.O.D. shipment was shipped. Return C.O.D. service from Hawaii may be delayed one day due to transit time.

J. Our money-back guarantee policy applies to transportation charges as well as to the additional charge for C.O.D. service and is the exclusive remedy for refund or credit of these charges in the event of a service failure. See the Money-Back Guarantee Policy section for complete conditions and limitations. When the money-back guarantee is suspended or revoked, there is no remedy.

K. If 20 percent or more of a sender's C.O.D. shipments are refused, or a sender requests changes to the C.O.D. amount for 10 percent or more of its C.O.D. shipments, FedEx has the option to revoke any discounts applicable to the sender's account without notice (including discounts for non-C.O.D. shipments) and to impose a special handling fee of US\$30 per shipment.

L. C.O.D. transportation charges must be charged to the sender's FedEx account number.

M. C.O.D. is not available for shipments rated with FedEx One Rate pricing.

Credit Terms

A. We do not provide individual consumer credit privileges.

B. As a condition of extending credit privileges, FedEx reserves the right to require business customers to provide current financial information, agree to bank draft arrangements for payment on account, provide a security deposit or provide a bank letter of credit.

C. When credit privileges are extended, FedEx reserves the right to establish and enforce a credit limit on your account. At our sole discretion, we may review and amend a credit limit on your account.

D. The invoice date begins the credit term cycle, and payment is due within 15 days from the invoice date. Failure to keep your FedEx account current will result in your account being placed on cash-only status. This status may impair your ability to use our services, delay your shipments, and may result in the loss of any applicable discounts.

E. IF THE ACCOUNT NUMBER TO BE BILLED IS NOT IN GOOD CREDIT STANDING, THE PACKAGE MAY BE HELD OR STOPPED IN TRANSIT UNTIL YOU MAKE ALTERNATIVE PAYMENT ARRANGEMENTS. THE MONEY-BACK GUARANTEE POLICY WILL NOT APPLY IN SUCH CIRCUMSTANCES.

F. The shipper, and any other party who is liable for payment, is responsible for all reasonable costs incurred by FedEx in obtaining or attempting to obtain payment for services rendered by us. Such costs include, but are not limited to, attorneys' fees, collection agency fees, interest and court costs.

G. Credit privileges will not be restored until you have paid all past-due balances in full and all costs, fees and expenses incurred by FedEx in collecting or attempting to collect such balances. FedEx may require establishment of electronic funds transfer as a prerequisite to credit restoration. FedEx may decline to restore credit privileges even if all costs, fees and expenses are paid.

H. Customers requesting removal from cash-only status must contact the Recovery Collections department at 1.800.506.7580.

I. At our sole discretion, we may apply payments made on your account to any unpaid invoice issued on your account.

J. Requests for research or refunds of payment must be received within 60 days from the date of payment.

Dangerous Goods

A. All packages containing dangerous goods must comply with the International Civil Aviation Organization (ICAO) Technical Instructions for the Safe Transport of Dangerous Goods by Air, the International Air Transport Association (IATA) Dangerous Goods Regulations and, where applicable, Title 49 of the Code of Federal Regulations. Shippers of dangerous goods, whether prepared under ICAO/IATA or 49CFR, must comply with all FedEx Express variations listed in the current edition of the IATA Dangerous Goods Regulations. The shipper is responsible for complying with all packing requirements and appropriate marking and labeling of the package, documentation, as well as compliance with applicable local, state, and federal laws, regulations, ordinances and rules. The shipper is also responsible for ensuring the recipient complies with all applicable local, state and federal laws, regulations, ordinances and rules for applicable hazard classes.

B. Shippers must comply with all applicable local, state and federal laws governing packing, marking and labeling of shipments of blood and blood products, regardless of whether they are infectious.

FedEx Express Terms and Conditions

U.S. Shipments

(Dangerous Goods, cont.)

C. FedEx packaging may not be used to ship dangerous goods (including dry ice), with the following exceptions: IATA Section II lithium batteries, which may be shipped in FedEx boxes and tubes; and Biological Substance, Category B (UN 3373) shipments, which may be shipped in the FedEx UN 3373 Pak, the FedEx Medium Clinical Box or the FedEx Large Clinical Box. Blood, urine and other specimens containing infectious substances are considered dangerous goods and must not be shipped in the FedEx Clinical Pak. The shipper assumes sole responsibility for compliance with all applicable governmental regulations. For more information on FedEx guidelines, go to fedex.com/ packaging and read our brochures on packaging clinical samples and Biological Substance, UN 3373 specimens.

D. Shipments containing dangerous goods are not eligible for FedEx Express return options, except dry ice, which may be shipped using the FedEx Print Return Label and the FedEx Email Return Label. FedEx Express dangerous goods surcharges are not assessed on certain types of dangerous goods, and these may be shipped via FedEx Stamps. See the Dangerous Goods section at fedex.com for a list of dangerous goods that are not assessed a surcharge.

E. FedEx Express does not accept dangerous goods shipments prepared exclusively for ground shipment.

F. FedEx is not required to add dry ice to packages in its system, nor to provide re-icing services.

G. Common Fireworks (Division 1.4 explosives) will be accepted only with prior approval from FedEx.

H. Lithium batteries (UN 3090) that are Primary Non-Rechargeable require pre-approval to ship. This applies to IATA Section IA, Section IB and Section II lithium batteries. For details, go to fedex.com and enter keyword "lithium batteries." FedEx Express does not accept waste batteries or batteries being shipped for recycling or disposal, including damaged or defective batteries (see IATA variation FX-16).

I. FedEx may require shippers to hire a trained pack-and-ship vendor to resolve a problem with an undeliverable dangerous goods shipment. If the recipient refuses a package containing dangerous goods, or the package leaks or is damaged, it will be returned to the shipper, if possible. If the shipper refuses to accept the returned shipment, or it cannot be returned because of leakage or damage due to faulty packaging, the shipper is responsible for and agrees to reimburse and otherwise indemnify FedEx for all costs, fees and expenses it incurs in connection with the cleanup and disposal of the package. The shipper agrees to indemnify FedEx for any and all costs, fees and expenses FedEx incurs as a result of the shipper's failure to comply with FedEx Dangerous Goods shipping requirements.

J. We have the right to refuse any package with an odor or any package that is wet or leaking. If a dangerous goods shipment damages or contaminates any property, the shipper is solely responsible for and will reimburse and indemnify FedEx for any and all costs, fees, and expenses it incurs in connection with the cleanup of such damage or contamination.

K. Not all FedEx locations accept dangerous goods, and we reserve the right to refuse dangerous goods at any location where they cannot be accepted in accordance with applicable law. Dangerous goods shipments, including dry ice, are not accepted at FedEx Express Drop Box locations, FedEx Office Print and Ship Center locations, FedEx Authorized ShipCenter locations, or FedEx ShipSite locations (such as OfficeMax), except as noted below. Biological Substance, Category B (UN 3373) shipments are not accepted at FedEx Office Print and Ship Center locations, FedEx Authorized ShipCenter locations, or FedEx ShipSite locations. Biological Substance, Category B (UN 3373) shipments may be placed in FedEx Express Drop Boxes, including drop boxes located at FedEx Office Print and Ship Center locations; they are not, however, accepted at drop boxes located at FedEx ShipSite locations. FedEx Express shipments containing IATA Section II lithium batteries are accepted at FedEx Office Print and Ship Center locations and may be placed in FedEx Express Drop Boxes.

L. The shipper must provide all required information and complete all boxes pertaining to dangerous goods on the FedEx airbill. Shippers utilizing electronic systems to ship dangerous goods must select, as appropriate to the electronic system, the special services, handling or flag to indicate that their shipment contains dangerous goods.

M. *Note:* We are required by law to report improperly declared or undeclared shipments of dangerous goods to the U.S. Department of Transportation (DOT). The shipper may be subject to fines and penalties under applicable law. The DOT/Federal Aviation Administration (FAA) requires every shipper to have job-specific dangerous goods training prior to tendering a dangerous goods shipment to FedEx or another air carrier. When individuals tender a shipment containing dangerous goods it must be properly classified, packaged, marked, labeled and identified as dangerous goods, and include the correct dangerous goods documentation.

N. Dangerous goods may not be rerouted to an address other than the original intended-recipient's address provided by the shipper. (*Note:* Shipments may be made available as hold for pickup at permissible locations or be returned to the sender.)

O. We are required to maintain proper segregation of incompatible dangerous goods on all vehicles and aircraft. This necessity may cause the shipment to move on the next available truck route or flight on which proper segregation can be maintained.

P. Accessible dangerous goods can be shipped via FedEx First Overnight Freight and FedEx 1Day Freight to and from primary service areas only. Inaccessible dangerous goods can be shipped via FedEx First Overnight Freight, FedEx 1Day Freight, FedEx 2Day Freight and FedEx 3Day Freight to and from primary and extended service areas.

Q. For more information, see Shipping Dangerous Goods via FedEx Express at fedex.com/dangerousgoods. If you have questions regarding shipments of dangerous goods, you may call 1.800.GoFedEx 1.800.463.3339 and say "dangerous goods" to connect to our Dangerous Goods/Hazardous Materials Hotline for assistance.

Declared Value and Limits of Liability (Not Insurance Coverage)

A. The declared value of any package represents our maximum liability in connection with a shipment of that package, including, but not limited to, any loss, damage, delay, misdelivery, nondelivery, misinformation, any failure to provide information, or misdelivery of information relating to the shipment. It is the shipper's responsibility to prove actual damages. Exposure to and risk of any loss in excess of the declared value is assumed by the shipper. You may transfer this risk to an insurance carrier of your choice through the purchase of an insurance policy. Contact an insurance agent or broker if you desire insurance coverage. **WE DO NOT PROVIDE INSURANCE COVERAGE OF ANY KIND.**

B. With respect to U.S. express package services, unless a higher value is declared and paid for, our liability for each package is limited to US\$100. For each package exceeding US\$100 in declared value, an additional amount will be charged for each US\$100 in value or fraction thereof. See Rates in the FedEx Service Guide for details.

C. With respect to FedEx Express Freight services, unless a higher value is declared and paid for, our liability for each piece (single handling unit) is limited to US\$100 or US\$1 per pound, whichever is greater. When the declared value exceeds the greater of US\$100 or US\$1 per pound per shipment, an additional amount will be charged for each US\$100 (or fraction thereof) of additional declared value. See Rates in the FedEx Service Guide for details.

D. Except as limited below, the maximum declared value per package in any FedEx First Overnight, FedEx Priority Overnight, FedEx Standard Overnight, FedEx 2Day A.M., FedEx 2Day or FedEx Express Saver shipment is US\$50,000. The maximum declared value per shipment for FedEx SameDay is US\$2,000.

E. Except as limited below, the maximum declared value per piece (single handling unit) in any FedEx First Overnight Freight, FedEx 1Day Freight, FedEx 2Day Freight or FedEx 3Day Freight shipment is US\$50,000.

F. Shipments (packages or freight) containing all or part of the following items are limited to a maximum declared value of US\$1,000:

1. Artwork, including any work created or developed by the application of skill, taste or creative talent for sale, display or collection. This includes, but is not limited to, items (and their parts) such as paintings, drawings, vases, tapestries, limited-edition prints, fine art, statuary, sculpture and collector's items.
2. Film, photographic images (including photographic negatives), photographic chromes and photographic slides.
3. Any commodity that by its inherent nature is particularly susceptible to damage or the market value of which is particularly variable or difficult to ascertain.
4. Antiques, or any commodity that exhibits the style or fashion of a past era and whose history, age or rarity contributes to its value. These items include, but are not limited to, furniture, tableware and glassware.
5. Glassware, including, but not limited to, signs, mirrors, ceramics, porcelains, china, crystal, glass, framed glass, and any other commodity with similarly fragile qualities.
6. Plasma screens.
7. Jewelry, including, but not limited to, costume jewelry, watches and their parts, mount gems or stones (precious or semiprecious), industrial diamonds, and jewelry made of precious metal.
8. Furs, including, but not limited to, fur clothing, fur-trimmed clothing and fur pelts.
9. Precious metals, including, but not limited to, gold and silver bullion or dust, precipitates, or platinum (except as an integral part of electronic machinery).

FedEx Express Terms and Conditions

U.S. Shipments

(Declared Value and Limits of Liability [Not Insurance Coverage], cont.)

10. Stocks, bonds, cash letters or cash equivalents, including, but not limited to, food stamps, postage stamps (not collectible), traveler's checks, lottery tickets, money orders, gift cards and gift certificates, prepaid calling cards (excluding those that require a code for activation), bond coupons, and bearer bonds.
 11. Collector's items such as coins, stamps, sports cards, souvenirs and memorabilia.
 12. Guitars and other musical instruments that are more than 20 years old, and customized or personalized musical instruments.
 13. Scale models (including, but not limited to, architectural models and dollhouses) and prototypes.
- G.** The maximum declared value for the contents of any FedEx Envelope or FedEx Pak is US\$500. Goods with a value (actual or declared) exceeding US\$500 should *not* be shipped in a FedEx Envelope or FedEx Pak. (This limitation does not apply to items shipped in the FedEx Clinical Pak or FedEx UN 3373 Pak.)
- H.** When the shipper sends more than one package on an airbill, the total declared value for all the packages moving on the airbill must be written in the appropriate section of the airbill. Our liability will be limited to the total declared value (not to exceed the per-package limit of US\$500 or US\$50,000 or the per-shipment limit of US\$2,000, as described in this section). The declared value for each package will be determined by dividing the total declared value by the number of packages on the airbill unless you provide verifiable evidence supporting a different allocation.
- I.** If a multiple-piece shipment is tendered to FedEx skidded and shrinkwrapped as one single handling unit, the maximum declared value for that single unit is US\$50,000 and not US\$50,000 per package contained within that multiple-piece shipment.
- J.** The maximum declared value we offer for shipments tendered to FedEx using FedEx Stamps purchased from anyone other than FedEx is US\$100.
- K.** The maximum declared value for FedEx Print Return Label and FedEx Email Return Label shipments is US\$1,000 for FedEx First Overnight, FedEx Priority Overnight, FedEx Standard Overnight, FedEx 2Day A.M. and FedEx 2Day, and US\$50,000 for FedEx 2Day Freight and FedEx 3Day Freight. The maximum declared value for FedEx ExpressTag shipments is US\$50,000. We are not liable for any damage to a shipment or any claim arising out of the use of a return option unless the shipment was lost during delivery or there was visible damage noted by the FedEx courier at the time of delivery. We are not liable for any concealed damage to items returned using FedEx Print Return Label, FedEx Email Return Label, FedEx ExpressTag or FedEx Stamps. Receipt of the shipment by the recipient without notice of damage on delivery is *prima facie* evidence that the shipment was delivered in good condition. Our liability for any loss or damage will not exceed the actual amount of the damage or the declared-value amount, whichever is lower. All other terms and conditions related to FedEx Express claims regulations apply for shipments sent via a FedEx return option.
- L.** ANY EFFORT TO DECLARE A VALUE IN EXCESS OF THE MAXIMUMS ALLOWED IN THE FEDEX SERVICE GUIDE IS NULL AND VOID. OUR ACCEPTANCE FOR CARRIAGE OF ANY SHIPMENT BEARING A DECLARED VALUE IN EXCESS OF THE ALLOWED MAXIMUMS DOES NOT CONSTITUTE A WAIVER OF ANY PROVISION OF THE FEDEX SERVICE GUIDE AS TO SUCH SHIPMENT.
- M.** REGARDLESS OF THE DECLARED VALUE OF A PACKAGE, OUR LIABILITY FOR LOSS, DAMAGE, DELAY, MISDELIVERY, NONDELIVERY, MISINFORMATION, ANY FAILURE TO PROVIDE INFORMATION, OR MISDELIVERY OF INFORMATION, WILL NOT EXCEED A SHIPMENT'S REPAIR COST, ITS DEPRECIATED VALUE OR ITS REPLACEMENT COST, WHICHEVER IS LESS.
- N.** The shipper is responsible for accurately completing the airbill or other shipping documents, including completion of the declared-value section. We cannot honor requests to change the declared-value information on the airbill.
- O.** See the Liabilities Not Assumed section for other limitations and exclusions on our liability.
- P.** Additional restrictions may apply to a shipment if sent pursuant to an airline interline agreement.
- Q.** In the event that FedEx Office procures, accepts tender of, performs, or otherwise undertakes the transportation, delivery or release of a package by FedEx Express, whether directly or indirectly, FedEx Office shall have the benefit of every right, defense, limitation and liberty of whatsoever nature contained in these terms and conditions or otherwise available to FedEx Express as if such provision were expressly for its benefit.

Delivery Signature Options

FedEx offers three Delivery Signature Options for shippers:

- A. Indirect Signature Required.** FedEx will obtain a signature in one of three ways:
1. From someone at the delivery address; or
 2. From a neighbor, building manager or other person at a neighboring address; or

3. The recipient can sign a FedEx door tag or utilize FedEx Delivery Manager to authorize release of the package without anyone present.
- B. Direct Signature Required.** FedEx will obtain a signature from someone at the delivery address. If no one is at the address, FedEx may attempt delivery.
- C. Adult Signature Required.** FedEx will obtain a signature from someone at least 21 years old (government-issued photo identification required) at the delivery address. If there is no eligible recipient at the delivery address, FedEx may attempt delivery.
- D.** Shipments to residential addresses may be released without obtaining a signature. If you require a signature for a residential shipment, select one of the Delivery Signature Options.
- E.** Indirect Signature Required is not available for shipments to nonresidential addresses.
- F.** Choosing a delivery signature option overrides a signature release. (See the Signature Release section.)
- G.** FedEx will assess the delivery signature charge if the shipper requests the Delivery Signature Option, even if a signature is not obtained, the option requested is not available or FedEx is unable to provide a copy of the signature obtained at delivery.
- H.** Also see the Liabilities Not Assumed, Pickup and Delivery, and Routing and Rerouting sections.

Dimensional Weight (Volumetric Weight)

Transportation charges may be assessed based on dimensional weight, which is a volumetric standard. Dimensional-weight pricing is applicable on a per-package or per-shipment basis to all shipments in customer packaging. FedEx packaging may also be subject to dimensional-weight pricing. If the dimensional weight exceeds the actual weight, charges based on the dimensional weight will be assessed. Customers who fail to apply the dimensional-weight calculation to a package may be assessed dimensional-weight charges from FedEx. See the Dimensional Weight description in the Fees and Other Shipping Information section of the FedEx Service Guide for additional details.

Extra-Large Packages

Pieces weighing less than 151 lbs. that exceed 165 inches in length and girth combined ("extra-large" packages) may be accepted as FedEx Express Freight U.S. shipments. These pieces do not have to be palletized (skidded), stackable or forkliftable. Minimum billable weight is 151 lbs. regardless of actual weight.

The length and girth of a package is length plus (2 times the height) plus (2 times the width). If the dimension includes a fraction, a fraction of one-half or greater will be rounded up to the next whole number; less than one-half will be rounded down to the next whole number.

Firearms

- A.** FedEx Express will transport and deliver firearms as defined by the United States Gun Control Act of 1968, between areas served in the U.S., but only between:
1. Licensed importers; licensed manufacturers; licensed dealers; licensed collectors; law enforcement agencies of the U.S. or any department or agency thereof; and law enforcement agencies of any state or any department, agency or political subdivisions thereof; or
 2. Where not prohibited by local, state and federal law, from individuals to licensed importers, licensed manufacturers or licensed dealers (and return of same).
- B.** If your shipment contains firearms, select the Direct Signature Required or Adult Signature Required Delivery Signature Option, depending on the requirements of your shipment. See the Delivery Signature Options section for details. Firearms shipments are not eligible for signature release or indirect delivery.
- C.** Firearms must be shipped via FedEx Priority Overnight service. FedEx Express cannot ship or deliver firearms C.O.D. Firearms shipments cannot be placed in a FedEx Express Drop Box.
- D.** Upon presenting the package for shipment, the person tendering the shipment to FedEx Express is required to notify FedEx Express that the package contains a firearm. The outside of the package must not be marked, labeled or otherwise identify that the package contains a firearm.
- E.** The shipper and recipient must be of legal age as identified by applicable law.
- F.** The shipper and recipient are required to comply with all applicable government regulations and laws, including those pertaining to labeling. The Bureau of Alcohol, Tobacco, Firearms and Explosives can provide assistance.
- G.** FedEx Express will transport ammunition when packed and labeled in compliance with local, state and federal law, and the Dangerous Goods section of this Service Guide. Ammunition is an explosive and must be shipped separately as dangerous goods. You agree not to ship loaded firearms or firearms with ammunition in the same package.

FedEx Express Terms and Conditions

U.S. Shipments

Fuel Surcharge

We reserve the right to assess fuel and other surcharges on shipments without notice. The duration and amount of any surcharge will be determined at our sole discretion. By tendering your shipment to FedEx, you agree to pay the surcharges, as determined by FedEx. The fuel surcharge rate, if applicable, is available on fedex.com.

Inspection of Shipments

We may, at our sole discretion, open and inspect any shipment without notice.

Liabilities Not Assumed

FEDEX EXPRESS WILL NOT BE LIABLE FOR ANY DAMAGES IN EXCESS OF THE DECLARED VALUE OF A SHIPMENT, WHETHER OR NOT FEDEX EXPRESS KNEW OR SHOULD HAVE KNOWN THAT SUCH DAMAGES MIGHT BE INCURRED.

In no event shall FedEx Express, including, without limitation, agents, contractors, employees and affiliates, be liable for any special, incidental or consequential damages, including, without limitation, loss of profits or income, whether or not FedEx Express had knowledge that such damages might be incurred.

We will not be liable for, nor will any adjustment, refund or credit of any kind be given as a result of, any loss, damage, delay, misdelivery, nondelivery, misinformation or any failure to provide information, except such as may result from our sole negligence. We will not be liable for, nor will any adjustment, refund or credit of any kind be given as a result of, any loss, damage, delay, misdelivery, nondelivery, misinformation or failure to provide information caused by or resulting in whole or in part from:

- A. The act, default or omission of any person or entity, other than FedEx, including those of any local, state or federal government agencies.
- B. The nature of the shipment, including any defect, characteristic or inherent vice of the shipment.
- C. Your violation of any of the terms and conditions contained in the FedEx Express Terms and Conditions, as amended or supplemented, or on an airbill, including, but not limited to, the improper or insufficient packing, securing, marking and addressing of shipments, or use of an account number not in good credit standing, or failure to give notices in the manner and time prescribed.
- D. Perils of the air, public enemies, criminal acts of any person(s) or entities, including, but not limited to, acts of terrorism, public authorities acting with actual or apparent authority, authority of law, local disputes, civil commotion, hazards incident to a state of war, local or national weather conditions, national or local disruptions in air or ground transportation networks (as determined solely by us), strikes or anticipated strikes (of any entity, including, but not limited to, other carriers, vendors or suppliers), labor disruptions or shortages caused by pandemic conditions or other public health event or circumstances, natural disasters (earthquakes, floods and hurricanes are examples of natural disasters), conditions that present a danger to our personnel, and disruption or failure of communication and information systems (including, but not limited to, our systems).
- E. Our compliance or noncompliance with verbal or written delivery instructions from the sender, recipient or persons claiming to represent the shipper or recipient, including requests made by the recipient for delivery options using FedEx Delivery Manager.
- F. Our compliance or noncompliance with any request to intercept a shipment in transit, or to prevent delivery.
- G. Damage or loss of articles packaged and sealed by the sender or by person(s) acting at the sender's direction, provided the seal is unbroken at the time of delivery, the package retains its basic integrity, and the recipient accepts the shipment without noting the damage on the delivery record.
- H. Erasure of data from or the loss or irretrievability of data stored on magnetic tapes, files or other storage media, or erasure or damage of photographic images or soundtracks from exposed film.
- I. The loss of any personal or financial information including, but not limited to, social security numbers, dates of birth, driver's license numbers, credit card numbers and financial account information.
- J. Our inability to provide a copy of the delivery record or a copy of the signature obtained at delivery.
- K. Our failure to honor package-orientation graphics (e.g., "up" arrows, "this end up" markings), "fragile" labels or other special directions concerning packages.
- L. Your failure to ship goods in packaging approved by us prior to shipment where such prior approval is recommended or required.
- M. The shipment of fluorescent tubes, neon lighting, neon signs, X-ray tubes, laser tubes, light bulbs, quartz crystal, quartz lamps, glass tubes such as those used for specimens, and glass containers such as those used in laboratory test environments.

- N. Your use of an incomplete, inaccurate or invalid FedEx account number or your failure to provide a valid FedEx account number in good credit standing in the billing instructions on shipping documentation.
- O. Our failure to notify you of any delay, loss or damage in connection with your shipment or any inaccuracy in such notice.
- P. Performance of any services will not constitute FedEx as the shipper's or anyone's agent for any purpose.
- Q. Damage to briefcases, luggage, garment bags, aluminum cases, plastic cases or other items when not enclosed in outer packaging, or other general shipping containers caused by adhesive labels, soiling or marking incidental to transportation.
- R. The shipment of perishables, unless shipped in accordance with the Perishables section of these terms and conditions.
- S. The shipper's failure to provide accurate delivery address information.
- T. Shipments of any plants and plant materials, ostrich or emu eggs, or live fish.
- U. The shipment of any alcoholic beverages or firearms if you fail to comply with the applicable terms and conditions.
- V. Damage to computers, or any components thereof, or any electronic equipment when shipped in any packaging other than:
 1. The manufacturer's original packaging, which is undamaged and has retained a good, rigid condition.
 2. Packaging that is in accordance with the FedEx packaging guidelines available online at fedex.com/packaging.
 3. FedEx laptop packaging, for shipments of laptop computers.
 4. FedEx small electronic device packaging, for shipments of cell phones, handheld computers, MP3 players and similar items.
 5. FedEx tablet packaging, for shipments of tablet computers.
- W. Any shipment containing a prohibited item. (See the Prohibited Items section.)
- X. Our provision of packaging, advice, assistance or guidance on the appropriate packaging of shipments unless such advice, assistance or guidance has been approved in writing by FedEx Packaging Design and Development and the writing expressly accepts liability in the event of a damaged shipment.
- Y. Failing to meet our delivery commitment for any shipments with an incomplete or incorrect address. (See the Undeliverable Shipments section.)
- Z. Failing to deliver or not attempting to deliver a package within the delivery commitment time, if the shipper or recipient requested a later delivery or informed FedEx that the recipient location is closed during the originally scheduled delivery time.
- AA. The failure to properly designate a delivery address as a Residential Delivery or Commercial Delivery, including delivery addresses that were processed through any address verification function or program.
- BB. Failing to obtain the signature option requested for shipments using FedEx Delivery Signature Options.
- CC. Any package where FedEx records do not reflect that the package was tendered to FedEx by the shipper.
- DD. The shipper's failure to delete all shipments entered into a FedEx self-invoicing system, internet shipping device or any other electronic shipping method used to ship a package, when the shipment is not tendered to FedEx. If you fail to do so and seek a refund, credit or invoice adjustment, you must comply with the notice provisions in Invoice Adjustments/Overcharges in the Billing section. FedEx is not liable for any refund, credit or adjustment unless you comply with those notice provisions.
- EE. Damages indicated by any shockwatch, tiltmeter or temperature instruments.
- FF. Shipments released without obtaining a signature at residential addresses. (See the Delivery Signature Options and Signature Releases sections.)
- GG. Shipments released without obtaining a signature at nonresidential addresses when release has been authorized by the shipper or recipient. (See the Delivery Signature Options section.)
- HH. Loss or damage to alcohol shipments unless an approved packaging type is used or FedEx Packaging Design and Development has preapproved your packaging prior to shipment. See the Alcoholic Beverages section for further information.
- II. Dangerous-goods shipments that the shipper did not properly declare, including proper documentation, markings, labels and packaging. FedEx Express will not pay a claim on undeclared or hidden dangerous goods and the FedEx Money-Back Guarantee does not apply.
- JJ. FedEx will not be liable for the failure to provide any services or service options where our records do not reflect that the services or service options were selected by the shipper.

Limitations on Legal Actions

Any right you might have to damages, refunds, credits, recovery of reliance interests, disgorgement, restitution, injunctive relief, declaratory relief or any other legal or equitable relief whatsoever against us under any cause of action arising from the transportation of any package pursuant to the FedEx Service Guide shall be extinguished unless you file an action within one year from the date of delivery of the shipment or from the date on which the shipment should have been delivered.

Any right that you might have to damages, refunds, credits, recovery of reliance interests, disgorgement, restitution, injunctive relief, declaratory relief or any other legal or equitable relief whatsoever against us under any cause of action arising from the transportation of any package pursuant to the FedEx Service Guide shall be extinguished unless you first comply with all applicable notice periods and requirements in these terms and conditions including, but not limited to, the periods and requirements for providing notice under the Billing, Claims and Money-Back Guarantee Policy sections. You and we understand that timely and complete compliance with such notice periods and requirements is a contractual condition precedent to your right to any relief whatsoever, and you must plead compliance with those conditions precedent on the face of any complaint that you file against us. You and we agree that FedEx cannot be considered to have breached any obligation to you unless or until we wrongfully deny a claim submitted to us pursuant to the notice periods and requirements contained in these terms and conditions. Finally, you and we agree that you will comply with applicable notice periods and requirements even if you believe that such compliance will not result in relief from us or if you lack knowledge regarding whether such compliance will result in relief from us.

You agree that you will not sue us as a class plaintiff or class representative, join as a class member, or participate as an adverse party in any way in a class-action lawsuit against us. Nothing in this paragraph, however, limits your rights to bring a lawsuit as an individual plaintiff.

To the extent that any court finds that state rather than federal law applies to any provision of this contract, the controlling law is the substantive law of the state in which you tendered your shipment to us.

The performance of any services does not make us an agent of the shipper or any third party for any purpose.

Live Animals and Ornamental Marine Life (Including Live Fish)

FedEx Express does not accept live-animal shipments as part of its regular-scheduled service and does not transport household pets such as dogs, cats, birds and hamsters. FedEx Express may accept certain shipments of live animals such as horses, livestock and zoo animals (to and from zoo locations only) on an exception basis if approved and coordinated by the FedEx Live Animal Desk (call 1.800.405.9052).

If approved by FedEx, we may accept non-venomous reptiles, amphibians, live/tropical fish and beneficial insects on an exception basis under the following conditions:

1. Shipments must be from a business to a business (from a breeder to a pet store, for example).
2. The shipper must have its packaging tested and pre-approved by FedEx Packaging Design and Development for the type of animal being shipped. Call 1.800.633.7019 for assistance. It is the responsibility of the shipper to adequately package shipments for all temperature extremes and handling conditions.

Contact your FedEx account executive for details and additional requirements.

Money-Back Guarantee Policy

We offer a money-back guarantee for our services. This guarantee can be suspended, modified or revoked at our sole discretion without prior notice to you.

A. Money-Back Guarantee. At our option, we will, upon request, either refund or credit your transportation charges in the event of a service failure (which means delivery of your package 60 seconds or more after the published delivery commitment time for the selected service and destination, except as otherwise described in these terms and conditions). This money-back guarantee is your exclusive remedy in the event of a service failure for the recovery of all or any portion of the FedEx charges for a shipment. If the money-back guarantee is suspended, there is no remedy or recovery of charges for a service failure. There are no delivery commitments for shipments on which the money-back guarantee is suspended.

B. Limitations. The following limitations apply:

1. Credits for transportation charges will be applied to the payer's account only, and refunds will be made payable to the payer only.

2. Only one refund or credit is permitted per package. In the case of multiple-piece shipments, the money-back guarantee applies to each package in the shipment. If a service failure occurs for any package within the shipment, a refund or credit will be given only for the portion of the transportation charges applicable to that package.
3. The money-back guarantee for package services destined for areas outside our primary service areas applies only to the portion of the transportation provided directly by us. The money-back guarantee for FedEx Express Freight services destined for areas outside our primary service areas applies to the portion of the transportation provided directly by us and may also apply to the portion of the transportation provided by the cartage agent (see the Cartage Agent section for details).
4. Shipments scheduled for delivery on a holiday will be delivered the next business day. Observance of local holidays (e.g., Mardi Gras, St. Patrick's Day) may cause delivery delays. In both circumstances, the delivery commitment for application of the money-back guarantee policy will be extended for a period equal to the length of the holiday.
5. If a delivery later than the original delivery commitment time is requested by the shipper or recipient before the first delivery attempt is made, the delivery commitment time for application of the money-back guarantee policy will be adjusted to account for the requested delivery date and/or time.
6. If the shipper or recipient informed FedEx that the recipient location is closed on a certain day or at a certain time, the delivery commitment time for application of the money-back guarantee policy will be the next business day at the delivery commitment time for the service originally selected.

C. Exceptions. FedEx will not be obligated to refund or credit your transportation charges if:

1. We provide you with proof of timely delivery, consisting of the date and time of delivery and, if applicable, the name of the person who signed for the shipment, or service-exception information reflecting that the failure to deliver timely resulted from circumstances described under the Liabilities Not Assumed section.
2. The service failure resulted, in whole or in part, from any of the circumstances described under the Liabilities Not Assumed section.
3. The payer's FedEx account number was not in good credit standing, or payment instructions were invalid, and delivery was delayed until payment arrangements were secured.
4. The shipment was scheduled for delivery on the Wednesday immediately prior to Thanksgiving or during the seven calendar days before Christmas Day via any FedEx Express U.S. or FedEx Express Freight U.S. service, and was delivered within 90 minutes of the published delivery commitment time for the selected service and destination.
5. The shipment was rerouted from the delivery address to a Hold at FedEx Location address.
6. The shipment was undeliverable or returned.
7. The shipment contained dangerous goods or dry ice.
8. The shipment was delayed due to an incorrect address or ZIP code or the unavailability or refusal of an appropriate or eligible person to accept delivery or sign for the package, including signatures obtained via FedEx Delivery Signature Options.
9. The shipment was delayed due to security or other regulatory delays, including permanent, regular, or daily security procedures at the recipient location.

D. Refund or Credit Requests. To qualify for a refund or credit due to a service failure, you must notify us of the service failure and request a refund or credit of your transportation charges in compliance with the conditions listed below. If you do not comply with these conditions, you are not entitled to receive a refund or credit and cannot recover compensation for a service failure in any lawsuit.

1. You may request a refund or credit of transportation charges due to a service failure in the following ways:
 - a. Use our internet application FedEx Billing Online at fedex.com if you are a registered user; or
 - b. Submit your request through the invoice adjustment feature at fedex.com; or
 - c. Submit the request via our telephone invoice adjustment system at 1.800.GoFedEx 1.800.463.3339 (say "billing").
 - d. For FedEx SameDay, FedEx SameDay City or FedEx SameDay Freight requests, submit your request via our telephone billing option at 1.800.399.5999.

Note: Requests for a refund of FedEx Delivery Manager delivery-option fees must be made by the recipient online at fedex.com/billingadjustment. See FedEx Delivery Manager Terms in the fedex.com Terms of Use.

FedEx Express Terms and Conditions

U.S. Shipments

(Money-Back Guarantee Policy, cont.)

2. Your notification of a service failure must include your FedEx account number, if any; the FedEx tracking number; and the date of the shipment.
3. All requests for refund or credit of transportation charges must be received via one of the approved channels within 15 calendar days of the invoice date or within 15 calendar days from the ship date if you are paying by credit card or in advance by cash, check or money order.
4. A partial payment against an invoice is not considered a request for invoice adjustment or notice of a refund request. A notification of the reason for an unpaid charge with your payment is not considered a request for an invoice adjustment or notice of a refund request if the reason relates to a service failure.

Oversize Packages

The maximum limits for FedEx Express U.S. packages are 150 lbs. and 119 inches in length and 165 inches in length and girth. Packages that weigh 150 lbs. or less and exceed 108 inches in length or 130 inches in length and girth will be considered "oversize" packages. Oversize packages will be rated based on the greater of the package's actual rounded weight or dimensional weight. In addition, an oversize charge will apply; see Rates in the FedEx Service Guide.

Packages that exceed 119 inches in length and 165 inches in length and girth may be refused or, if found in the express package network, may be considered for transportation at our sole discretion. These packages also will be rated based on the greater of the package's actual rounded weight or dimensional weight, and an oversize charge will apply.

The length and girth of a package is length plus (two times the height) plus (two times the width). If the dimension includes a fraction, a fraction of one-half or greater will be rounded up to the next whole number; less than one-half will be rounded down to the next whole number.

Overweight Packages

If a package weighing more than 150 lbs. is incorrectly marked on the airbill or entered into any electronic shipping device as either FedEx First Overnight, FedEx Priority Overnight, FedEx Standard Overnight, FedEx 2Day A.M., FedEx 2Day or FedEx Express Saver, then we may audit and correct the service to an available FedEx Express Freight service. Terms and conditions of the applicable FedEx Express Freight service will apply. If a package weighing more than 150 lbs. is inadvertently tendered for FedEx First Overnight, FedEx Priority Overnight, FedEx Standard Overnight, FedEx 2Day A.M., FedEx 2Day or FedEx Express Saver, an additional charge of US\$2 per pound will be assessed for each pound in excess of 150 lbs. If a package weighing more than 150 lbs. is inadvertently tendered for FedEx Priority Overnight or FedEx 2Day to or from Puerto Rico, an additional charge of US\$2.25 per pound will be assessed for each pound in excess of 150 lbs.

Package Consolidators (Including FedEx Authorized ShipCenters)

Consolidators are responsible for complying with all applicable requirements including, but not limited to, requirements for shipping dangerous goods and complying with customs and other legal requirements applicable to packages tendered for international transportation.

If you tender packages to a consolidator instead of to us directly, the following limitations apply:

- A. Consolidators are not agents of FedEx, and we are not responsible for any errors or omissions made by them.
- B. Inquiries or claims regarding shipments tendered to a consolidator must be directed to the consolidator. We cannot assist the shipper, recipient or third party in these situations, nor do we have any liability for lost, damaged or delayed shipments. The consolidator is the shipper in such cases.
- C. Consolidators may submit claims for refunds or credits for shipping charges under the money-back guarantee policy. Neither the customer who tendered the package to the consolidator nor the recipient is eligible for refunds or credits under the money-back guarantee policy.
- D. In order for a consolidator to receive packaging from FedEx, the consolidator must first enter into a Packaging and Pricing Agreement or a FedEx Authorized ShipCenter Agreement with FedEx.
- E. Consolidators set their own rates for FedEx shipping. They may charge FedEx Retail Rates for FedEx shipping services.
- F. Inquiries regarding shipments paid for at a FedEx Authorized ShipCenter (FASC) must be directed to the FASC.

G. FedEx assumes no liability, other than to the FASC, for lost, damaged or delayed shipments paid for at an FASC, as the FASC is the shipper of these packages. FASCs are independently owned and operated businesses. See the FASC representative for information regarding rates and services and the terms and conditions of carriage. FASCs are not agents of FedEx.

Packaging and Marking

A. You must comply with all applicable local, state and federal laws, including those governing packing, marking and labeling for all shipments.

B. All packages must be prepared and packed by the shipper for safe transportation with ordinary care in handling in an express-transportation environment. Any articles susceptible to damage as a result of conditions that may be encountered in transportation, such as changes in temperature or atmospheric pressure, must be adequately protected by proper packaging. Each shipment must be legibly and durably marked with the name, address and ZIP code of both the shipper and the recipient. Packages cannot be wrapped in kraft paper.

C. You must use FedEx packaging or new corrugated boxes in good, rigid condition large enough to allow cushioning of contents on the top, bottom and sides. For guidelines on packaging specific commodities go to fedex.com/packaging. Items that cannot be packed into cartons (such as auto tail pipes, mufflers, tires and rims) must have all sharp edges and protrusions wrapped, and the address label must be secured using the tie-on tag or the tire/crate label provided by FedEx (or you may secure it by wrapping pressure-sensitive tape completely around the object). Briefcases, luggage, garment bags, aluminum cases, plastic cases, computer cartons or similar types of items whose outer finish might be damaged by adhesive labels, soiling, marking or other types of surface damage that is normal with ordinary care in handling should be placed in a protective container for shipment. Casters, wheels and rollers must be removed or packaged.

D. FedEx Express Saver shipments cannot use the FedEx Small Box, FedEx Medium Box, FedEx Large Box, FedEx Extra Large Box or FedEx Tube, unless rated with FedEx One Rate pricing.

E. Expanded polystyrene foam coolers must be shipped inside a sturdy outer container unless tested and approved for acceptance by FedEx Packaging Design and Development. Information on how to submit your packaging for testing is available at fedex.com/packaging. Expanded polystyrene foam coolers containing blood, urine and other non-infectious liquid clinical specimens must be shipped inside a sturdy outer packaging.

F. If a shipment is refused by the recipient, leaks or is damaged, the shipment will be returned to the sender if possible. If the sender refuses to accept the returned shipment or it cannot be returned because of leakage, or damage due to faulty packaging, the shipper is responsible for and will reimburse FedEx for all costs and fees of any type connected with the legal disposal of the shipment, and all costs and fees of any type connected with cleanup of any spill or leakage.

G. FedEx does not recommend the use of wet ice (frozen water) as a refrigerant. Packages containing wet ice must be prepared to prevent the leakage of any liquid, regardless of package orientation. For additional wet-ice packaging requirements, refer to the packaging guide Packaging Perishable Shipments at fedex.com/packaging.

H. FedEx reserves the right to request a shipper to submit a representative sampling of the packaging for inspection and testing. If the shipper fails to comply with our request to inspect and test the packaging, or the sampling fails FedEx testing, FedEx will not be liable for any damages due to improper packaging.

I. FedEx may issue written notice to you if you repeatedly fail to adhere to FedEx's packaging requirements due to your pattern or practice of insufficient packaging. Claims for damage or loss associated with an identified pattern or practice of insufficient packaging will be denied. Any such claim filed related to your shipments will not be paid, regardless of which party files the claim, unless the claimant can establish that the loss or damage did not result from a failure to use proper packaging. FedEx will continue to deny such claims until we determine that you have ceased the pattern or practice of failing to adhere to the packaging requirements. Nothing in this paragraph is intended to limit FedEx's right to deny a claim where the shipment in dispute is found to have improper packaging.

J. Information on how to submit your packaging for testing or evaluation, and tips on packaging specific commodities (including automotive and mechanical parts, computers and perishables), are available at fedex.com/packaging.

K. For FedEx Express Freight shipments, freight must be on a skid, pallet or other forkliftable base. Boxes should be stacked squarely on the skid without hanging over the edge, and the weight should be distributed evenly on the skid to avoid excess weight

being placed on materials inside the cartons. Use 70-gauge stretch wrap and pass a minimum of two bands (tightly secured) through the skid voids and around all cartons.

L. FedEx account holders may order supplies via fedex.com or by calling 1.800.GoFedEx 1.800.463.3339 (say "order shipping supplies").

Perishables

We are not liable for perishable articles unless packaged for a minimum transit time of at least 12 hours greater than our delivery commitment time for the shipment. Perishables coming from Hawaii to the continental U.S. must be packaged for additional transit time. Shipping perishable articles over a weekend or holiday is discouraged, and packaging such shipments for longer transit times is required. We recommend that you ship perishable items via FedEx First Overnight, FedEx Priority Overnight, FedEx First Overnight Freight or FedEx 1Day Freight, and have your proposed packaging evaluated by FedEx Packaging Design and Development. Information on how to submit your packaging for evaluation is available at fedex.com/packaging. Your failure to use proper packaging releases us from any liability for spoiled perishables that we would otherwise assume (see the Liabilities Not Assumed section).

Pharmaceuticals

You are responsible for complying with all applicable local, state and federal laws, regulations, ordinances and rules governing the shipment of pharmaceuticals. Packages containing pharmaceuticals must not have labels, markings or other written notice that a pharmaceutical is contained within. Select the Direct Signature Required Delivery Signature Option if you require FedEx to obtain a signature from someone at the delivery address, or the Adult Signature Required Delivery Signature Option if you require an adult signature for delivery. See the Delivery Signature Options section for details.

Pickup and Delivery

A. We do not offer a restricted-delivery service and may deliver to someone other than the person or entity named as the recipient. We also may make an indirect delivery. Indirect delivery is a completed delivery to an address or location other than the address on the airbill and includes shipments delivered via Indirect Signature Required service. Packages cannot be delivered to P.O. boxes or P.O. box ZIP codes. Package addresses must include the complete street address and ZIP code of the recipient.

B. If our first delivery attempt of a shipment to a non-residential address is unsuccessful, we may make two additional attempts on the following two consecutive business days. If a package still cannot be delivered, we may hold it for two additional business days and may research its status with the sender, recipient, or both, and receive further instruction. After that time, we will return it to the sender as undeliverable.

C. Shipments to hotels, hospitals, government offices or installations, university campuses, or other facilities that utilize a mailroom or other central receiving area will be delivered to the central receiving area, unless otherwise authorized and approved by FedEx.

D. Any person scheduling a pickup other than the sender must provide a FedEx account number in good credit standing; otherwise, the pickup must be scheduled by the sender. We require a minimum of two hours from the time the shipment(s) will be ready to make the pickup. (Contact FedEx Customer Service for the specific lead times required.) Repeated pickup attempts without packages being ready may result in the cancellation of pickup privileges.

E. Proof of pickup is available upon request. You must provide the pickup number or FedEx tracking number (also known as the airbill number). We will not provide proof of pickup unless you provide this information.

F. At our sole discretion, we may refuse to pick up or deliver a shipment (package or freight), or use alternative pickup or delivery arrangements, to maintain the safety of our employees and in cases in which we believe that our services may be used in violation of local, state or federal laws.

G. Additional charges may apply for late-hours, weekend or holiday pickup and delivery.

H. Pickup and delivery may not be available in all areas.

I. A return pickup surcharge applies for FedEx Print Return Label, FedEx Email Return Label and FedEx Express Billable Stamp shipments.

J. In order to facilitate delivery or release of a shipment, FedEx may, at its sole discretion, contact the recipient to obtain delivery instructions, or to notify them that a delivery is scheduled, that a delivery has been completed or that a shipment is available for pickup at a Hold at FedEx Location facility. FedEx may also accept requests for delivery options from a recipient using FedEx Delivery Manager.

K. At its discretion, FedEx may not deliver or attempt delivery within the delivery commitment time of the service requested, if the shipper or recipient requested a later delivery or informed FedEx that the recipient is closed during the delivery commitment time. In this situation, charges will be assessed based on the service initially selected by the shipper. The shipper or payor is responsible for communicating with the recipient regarding requested later delivery times and is responsible for knowing the days and times that the recipient location can accept FedEx deliveries.

L. If a shipper tenders packages that substantially exceed the number, type, size and/or weight of packages tendered on average for the location by the shipper throughout the year, FedEx may accept such packages but, at its sole discretion, suspend the FedEx Money-Back Guarantee, if applicable, or adjust commitment times.

M. We reserve the right to assess a Residential Delivery surcharge on any shipment delivered to a home or private residence, including locations where a business is operated from a home, or on any shipment in which the shipper has designated the delivery address as a residence, including shipments where the delivery location has been designated as Residential Delivery in error.

N. FedEx SameDay City multiple-piece shipments are limited to 25 pieces per shipment.

Plants and Plant Materials

You must ship plants and plant materials, including seedlings, plant plugs and cut flowers, in accordance with applicable local, state and federal laws. Packages containing these items may be inspected by government agencies, which may result in a delay in delivery or seizure by government inspectors. FedEx Express is not liable or responsible for damage, refunds or credits resulting from such delays or seizures. (See the Liabilities Not Assumed and Money-Back Guarantee Policy sections.) See guidelines on packaging specific commodities at fedex.com/packaging.

Prohibited Items

You are prohibited from tendering the following items for shipment, and you agree not to do so:

- a. Cash and currency.
- b. Live animals, except as provided in the Live Animals and Ornamental Marine Life (Including Live Fish) section. (Edible seafood, such as live lobsters, crabs or other types of fish and shellfish for human consumption, is acceptable, provided the shipper is in compliance with all local, state and federal laws.)
- c. Animal carcasses. (Animal heads and other parts for taxidermy may be accepted but must be properly packaged. This restriction does not apply to properly packaged meat or poultry products intended for human consumption.)
- d. Human corpses, human body parts, human embryos, or cremated or disinterred human remains.
- e. Shipments that require us to obtain a local, state or federal license for their transportation.
- f. Shipments that may cause damage or delay to equipment, personnel or other shipments.
- g. Items resembling a bomb, hand grenade or other explosive device, except as provided in the Dangerous Goods section. This includes, but is not limited to, inert products such as novelty items, training aids and works of art.
- h. Lottery tickets and gambling devices where prohibited by law.
- i. Hazardous waste. This includes, but is not limited to, used hypodermic needles or syringes transported for sterilization, recycling, disposal or for any other purpose, or other medical waste.
- j. Packages that are wet, leaking or emit an odor of any kind.
- k. Live insects.
- l. Shipments or commodities that are prohibited by applicable local, state or federal law.
- m. Tobacco and tobacco products, including but not limited to cigarettes, cigars, loose tobacco, smokeless tobacco, hookah or shisha.
- n. Marijuana, as defined by U.S. federal law, 21 U.S.C. 802(16), including marijuana intended for recreational or medicinal use, and synthetic cannabinoids.
- o. Waste or garbage for disposal.

Notwithstanding any other provision of the FedEx Service Guide, we are not liable for delay of, loss of or damage to a shipment of any prohibited item. The shipper agrees to indemnify FedEx for any and all costs, fees and expenses FedEx incurs as a result of the shipper's violation of any local, state or federal laws or regulations or from tendering any prohibited item for shipment.

FedEx Express Terms and Conditions

U.S. Shipments

Proof of Delivery

A. We will, when available, provide proof-of-delivery information for packages delivered within our primary service areas when requested by the sender, recipient or third-party payer within 18 months of the shipping date. We assume no liability for our inability to provide a record of the proof of delivery. We assume no liability for our inability to provide documentation of the proof-of-delivery phone call for FedEx SameDay service.

B. When available, we may also provide an image of the signature proof of delivery online at fedex.com. We will, when available and when requested by the sender, recipient or third-party payer, provide an image of the recipient's signature along with other delivery information that is available in electronic form. The signature proof of delivery is available online at fedex.com or via FedEx Ship Manager software or electronic data interchange (EDI). If requested, we will send to the shipper, recipient or third party a copy of the signature proof of delivery via fax, or via FedEx Standard Overnight Envelope for a special handling fee (see Rates in the FedEx Service Guide for details).

C. For FedEx SameDay service, we will, if requested, phone the shipper to provide the time of delivery and name of the person who received the delivery. Two attempts are made to contact the shipper within two hours of delivery. If unsuccessful, FedEx has no further obligation to the customer with respect to proof of performance.

Rate Quotations

Rates and service quotations by our employees and agents are estimates and will be based upon information provided by you, but final rates and service charges may vary from the quotes based upon the characteristics of the shipment actually tendered to us. Any conflict or inconsistency between the FedEx Service Guide and other written or oral statements or quotes (except those found in a FedEx Sales or FedEx Express Customer Automation agreement) concerning the rates, features of service, and terms and conditions applicable to FedEx Express service will be controlled by the FedEx Service Guide, as modified, amended, changed or supplemented. We are not liable for, nor will any adjustment, refund or credit of any kind be made, as a result of any discrepancy in any rate or service quotation made prior to tender of the shipment and the rates, and other charges that we invoice to you. Rates quoted will vary depending on whether (1) the shipper is a FedEx account holder and (2) the shipper has discounts applied to his or her account.

- Shippers will be quoted FedEx Standard List Rates if they have a valid FedEx account, do not have discounts applied to their account and if they charge their shipping to their account.
- Shippers will be quoted Account-Specific Rates if they have a valid FedEx account, have discounts applied to their account and if they charge their shipping to their account.
- Shippers will be quoted FedEx Retail Rates for shipments originating in the U.S. that are paid for by cash, check, debit or credit card instead of being charged to a valid FedEx account.
- Shippers may request FedEx One Rate pricing for qualifying FedEx Express shipments as an alternative to FedEx Standard List Rates, Account-Specific Rates or FedEx Retail Rates. See the FedEx One Rate information in the Find Your Rate section of this Service Guide for details.

Refusal or Rejection of Shipments

We reserve the right to refuse, hold or return any shipment and may do so at our sole discretion and without liability to us. We will execute that right when (but not limited to cases in which): (1) the shipment may cause damage or delay to other shipments, property or personnel; (2) the shipment is likely to sustain damage or loss in transit because of improper packaging or otherwise; (3) the shipment contains any prohibited items; (4) the account of the person or entity responsible for payment is not in good credit standing; or (5) when acceptance of the shipment may jeopardize our ability to provide service to other customers. We have no liability whatsoever for refusal or rejection of shipments.

Return Options

FedEx Express return options are subject to all other terms and conditions provided in the FedEx Express claims regulations, and as a whole, these terms and conditions. The contents of a return shipment are subject to the same restrictions and prohibited-item limitations as the original shipment.

FOR FEDEX RETURNS, NOTWITHSTANDING ANY PAYMENT INSTRUCTIONS THAT ARE GIVEN TO FEDEX, THE PARTY THAT INITIATES A RETURN SHIPMENT

TRANSACTION WITH FEDEX IS ULTIMATELY LIABLE FOR, WILL BE BILLED FOR, AND AGREES TO PAY, ALL CHARGES AND PICKUP FEES, INCLUDING ANY SPECIAL HANDLING FEES, REGARDLESS OF ANY PAYMENT INSTRUCTIONS TO THE CONTRARY, IF THE SENDER OR THIRD PARTY FAILS OR REFUSES TO PAY.

Routing and Rerouting

FedEx may accept a request to reroute a shipment subject to the following conditions:

1. A special handling charge will be billed to the account number specified on the FedEx airbill for each rerouted package, and it will appear as an address correction on the invoice. This charge will not be applied when a package is changed to Hold at FedEx Location and the FedEx location is in the same city as the city on the airbill. Otherwise, the special handling charges will apply. See Rates in the FedEx Service Guide for details.
2. To reroute a shipment, the sender must call 1.800.GoFedEx 1.800.463.3339 and provide us with a FedEx account number, the FedEx tracking number, the new destination and a valid contact telephone number for the recipient. A reroute to Hold at FedEx Location can also be requested through fedex.com.
3. We may not honor a reroute request from the recipient other than to Hold at FedEx Location within the original destination city.
4. Our money-back guarantee policy does not apply to shipments that are rerouted. We have no liability or any remedy for service failure for these shipments.
5. Only one reroute will be allowed per package.
6. We may require photo identification of the person authorized to pick up the package.
7. FedEx may not reroute shipments when Adult Signature Required has been selected as a delivery signature option.
8. Dangerous goods may not be rerouted to an address other than the original intended-recipient's address provided by the shipper. (*Note:* Shipments may be made available as hold for pickup or be returned to the sender.)
9. Any requested change to an address that is not a reroute or an address correction is a new shipment, and new shipping charges will apply.

We will determine the routing of all shipments, including the mode of transportation used, and may use air transportation, ground transportation or any combination thereof in providing our services. We reserve the right to divert any shipment (including use of other carriers) in order to facilitate its delivery.

Note: This section does not apply to requests made by the recipient using FedEx Delivery Manager to request delivery to another address. See FedEx Delivery Manager Terms in the fedex.com Terms of Use.

Service Areas

Service areas are subject to change without notice. For current service area information on selected ZIP codes, please call 1.800.GoFedEx 1.800.463.3339.

Signature Releases

A. Shipments with a declared value of less than US\$500 may be delivered and released without obtaining a signature when the sender has authorized a release or, at our sole option, upon oral or written instruction from the sender or recipient. A shipment may also be released without a signature if the recipient has provided authorization by signing the Release Delivery Authorization and Indemnification Agreement for Recipients (obtained through your local FedEx World Service Center or your FedEx account executive) or online using FedEx Delivery Manager. We may authorize shipments released without signature to those with accounts in good credit standing and to those who otherwise have established a satisfactory payment history. We also reserve the right to release packages at residential delivery locations without obtaining a signature, provided that none of the restrictions below apply.

B. At our sole discretion, some shipments may not be released without a delivery signature even when release is authorized, including, but not limited to:

1. Bill-recipient shipments when the recipient's FedEx account is not in good credit standing or is not indicated on the airbill.
2. Damaged shipments.
3. Dangerous goods shipments, except those with dry ice as the only dangerous goods in the shipment.
4. Firearms.
5. C.O.D. shipments.
6. Indirect deliveries.
7. Shipments billed to an invalid or missing credit card number.
8. Alcohol shipments.

FedEx Express Terms and Conditions

U.S. Shipments

(Signature Releases, cont.)

9. One or more packages in a multiple-piece shipment if all packages cannot be safely released.
 10. The delivery location or circumstances are unsuitable for release without signature as determined at our sole discretion.
- C. At our sole discretion, shipments having a declared value of US\$500 or greater may not be released without a signature even where the release is otherwise authorized.

Tobacco and Tobacco Products

Tobacco and tobacco products are prohibited. Please see the Prohibited Items section.

Undeliverable Shipments

An undeliverable shipment is one that cannot be delivered for reasons that include, but are not limited to, any of the following:

- The recipient refuses to pay for a bill-recipient shipment.
- The recipient of a Hold at FedEx Location shipment cannot be located.
- The recipient refuses to accept the shipment.
- The recipient's delivery address cannot be located.
- The shipment was addressed to an area not served by FedEx.
- The shipment's contents or packaging are damaged to the point that rewrapping is not possible.
- The shipment would likely cause damage or delay to other shipments or property or injury to personnel.
- The shipment contains prohibited items.
- The recipient's place of business is closed.
- No appropriate person was available to accept the shipment at a delivery location on the initial delivery attempt or reattempts.
- The shipment was improperly packaged.

When practicable, we will contact the sender for instructions on returning or otherwise disposing of the shipment. If the sender requests return, it will travel by FedEx 2Day, FedEx Express Saver or FedEx Priority Overnight (shipping will be charged to the sender).

A. If a package shipment is undeliverable for any reason, we will attempt to notify the shipper to arrange for the shipment's return. The charges associated with the original shipment remain due and payable within 15 days from the invoice date. If a package is marked "Bill Recipient" and is refused or returned to the sender, the billing is automatically changed to "Bill Sender."

B. Package shipments will be returned via FedEx Express Saver service at the shipper's expense unless contrary instructions are received from the shipper after five business days from the initial delivery attempt. However, nonfreight package shipments will be returned via FedEx Priority Overnight service at no additional charge if the shipment is undeliverable because of a service failure or damage to the shipment caused by FedEx. If the shipment is undeliverable for any other reason, all return charges and fees will be assessed to the original shipper, along with the original transportation charges and fees.

C. If a FedEx Express Freight shipment is marked "Bill Recipient" and is refused or returned to the sender, the billing is automatically changed to "Bill Sender."

All FedEx Express Freight shipments will be returned via FedEx 3Day Freight. The freight shipment will be returned at no additional charge if the freight shipment is undeliverable because of a service failure. If the shipper requests return via another service, our regular rates will apply. If the freight shipment is undeliverable because of a non-service-failure reason, all return charges and fees will be assessed to the original shipper, along with the original transportation charges and fees.

Our money-back guarantee policy does not apply to undeliverable or returned shipments.

D. Dangerous goods shipments will only be returned via FedEx Dangerous Goods Service or other appropriate means. A dangerous goods special handling fee applies. The shipper must supply a completed return airbill and all other required documentation.

E. If a shipment cannot be delivered or returned or if the shipper or recipient cannot be contacted, the shipment may be transferred or disposed of by FedEx at its sole discretion, with or without notice, and the shipper, if known, agrees to pay any costs incurred in the disposal.

Warranties

WE MAKE NO WARRANTIES, EXPRESS OR IMPLIED.

If you have questions or concerns regarding FedEx services, please send your correspondence to: FedEx Customer Relations Department, 3875 Airways Blvd., Module H, Memphis, TN 38116.

These FedEx Express Terms and Conditions, which are a part of the FedEx Service Guide, are published periodically by FedEx Corporate Services, Inc., on behalf of Federal Express Corporation and its subsidiaries and affiliates for the exclusive use of their customers and employees. FedEx Express Terms and Conditions

International Shipments (U.S. Edition)

These FedEx Express Terms and Conditions, contained in the FedEx Service Guide, supersede all previous terms and conditions, amendments, supplements, and other prior statements concerning the rates and conditions of FedEx Express service to which these terms and conditions apply. The contract of carriage as expressed in these terms and conditions constitutes the entire agreement between the parties and supersedes all previous agreements and understandings, whether oral or written, between the parties or any agents, affiliates or subcontractors thereof (including FedEx Office and Print Services, Inc. and its agents, affiliates and employees ["FedEx Office"]) with respect to the subject matter hereof, and each party warrants that it has not relied and will not be relying upon any evaluation, representation or advice from the other party, its agents, affiliates or subcontractors (including any agents, affiliates or employees of FedEx Office) except representations expressly made in writing in these terms and conditions. The downloadable version (PDF) of the FedEx Express Terms and Conditions at fedex.com on the date of shipment is controlling.

The FedEx Service Guide consists of the service information at fedex.com/serviceguide and the overview of services in the downloadable FedEx Service Guide (U.S. and U.S. export); U.S., U.S. export, U.S. import and U.S. retail rates; these FedEx Express Terms and Conditions; and the FedEx Ground Tariff. The service information at fedex.com/serviceguide (excluding rates, the FedEx Express Terms and Conditions, and the FedEx Ground Tariff) and the overview of services in the downloadable FedEx Service Guide are not part of the contract of carriage. FedEx reserves the right to unilaterally modify, amend, change or supplement the FedEx Service Guide, including, but not limited to, the rates, services, features of service, and these terms and conditions, without notice. Only an officer in the Legal Department of FedEx Corporation or successor positions may authorize a supplement to, or modification, change or amendment of, the FedEx Service Guide. No other agent or employee of FedEx, its affiliates or subsidiaries, nor any other person or party, is authorized to do so. This restriction in modification does not apply to a modification applicable to a single customer and included in a FedEx Sales or FedEx Customer Automation agreement. To the extent a conflict exists between a FedEx Sales or FedEx Customer Automation agreement and these FedEx Express Terms and Conditions, the FedEx Sales or FedEx Customer Automation agreement controls.

Any failure to enforce or apply a term, condition, or provision of the FedEx Service Guide shall not constitute a waiver of that term, condition or provision or otherwise impair our right to enforce or apply such a term, condition or provision in the future.

International Shipments (U.S. Edition)

The following pages contain the FedEx Express Terms and Conditions applicable to FedEx Express international services and service options (including FedEx International Next Flight, FedEx International First, FedEx International Priority, FedEx International Priority Freight, FedEx International Broker Select, FedEx International Priority DirectDistribution, FedEx International Priority DirectDistribution Freight, FedEx International Controlled Export, FedEx 10kg Box, FedEx 25kg Box, FedEx International MailService, FedEx International Economy and FedEx International Economy Freight) from the U.S. to selected international destinations and between Puerto Rico and the U.S., including, but not limited to, any such items tendered by customers utilizing FedEx electronic shipping systems, air waybills, labels and shipping software. For international shipments tendered for FedEx International Premium, FedEx International Express Freight or FedEx International Airport-to-Airport, please see the applicable Service Guide, terms and conditions, and/or tariffs for these services. Refer to fedex.com/us/terms/other-services. (Note: fedex.com URLs are subject to change.) See the U.S. Shipments section when shipping to and from points within the U.S., including Alaska and Hawaii. Shipments originating outside the U.S. for U.S. or other international destinations are subject to local tariffs and the terms and conditions of the FedEx subsidiary, branch or the independent contractor that accepted the shipment. These terms and conditions include terms regarding the importation and customs clearance of shipments into the U.S. See the FedEx Ground Tariff when shipping by FedEx Ground.

If there is a conflict between these terms and conditions and the terms and conditions on any FedEx air waybill, shipping label or other transit documentation, the terms and conditions in the FedEx Service Guide, as amended, modified, changed or supplemented, will control to the extent they are not in conflict with the rules relating to liability for international carriage established by the Warsaw Convention, as amended, or Montreal Convention, other applicable treaties or any applicable tariff.

Rates and service quotations by our employees and agents are based upon information you provide, but final rates and service may vary based upon the shipment actually tendered and the application of these terms and conditions. Rates quoted will vary depending on whether (1) the shipper is a FedEx account holder and (2) the shipper has discounts applied to his or her account.

- Shippers will be quoted FedEx Standard List Rates if they have a valid FedEx account, do not have discounts applied to their account and if they charge their shipping to their account.
- Shippers will be quoted Account-Specific Rates if they have a valid FedEx account, have discounts applied to their account and if they charge their shipping to their account.
- Shippers will be quoted FedEx Retail Rates for shipments originating in the U.S. that are paid for by cash, check, debit or credit card instead of being charged to a valid FedEx account.

Any conflict or inconsistency between the FedEx Service Guide and other written or oral statements concerning the rates, features of service, and terms and conditions applicable to FedEx Express international services from the U.S. to international locations and many terms regarding importation and inbound clearance of shipments into the U.S. will be controlled by the FedEx Service Guide, as modified, amended or supplemented.

For the most current information regarding areas served and delivery commitments, contact Customer Service at 1.800.GoFedEx 1.800.463.3339 (say "international services" for international information).

The term "FedEx Express international services" means these services and service options: FedEx International Next Flight, FedEx International First, FedEx International Priority, FedEx International Priority Freight, FedEx International Broker Select, FedEx International Priority DirectDistribution, FedEx International Priority DirectDistribution Freight, FedEx International Controlled Export, FedEx 10kg Box, FedEx 25kg Box, FedEx International Economy, FedEx International Economy Freight and FedEx International MailService.

Definitions

"Account-Specific Rates" are the rates paid by FedEx account holders who have discounts applied to their account and who charge their shipping to their FedEx account.

"Air waybill" means any shipping document, label, electronic entry or similar item used in the FedEx system for the services described in these terms and conditions. Originals must be used (photocopies are not accepted).

"Ancillary clearance service" means value-added services that FedEx may provide to accommodate the requirements of regulatory agencies, or that customers may request FedEx (or our assigned broker) to perform on the customer's behalf. Such services are provided in addition to the normal customs-clearance process. Ancillary clearance services may incur a service fee that will be invoiced to the designated payer of the duty-and-tax invoice.

"Business day" means Monday through Friday except for the following U.S. holidays:

| | |
|------------------|-------------------------------------|
| Memorial Day | New Year's Day |
| Independence Day | Constitution Day (Puerto Rico only) |
| Labor Day | Good Friday (Puerto Rico only) |
| Thanksgiving Day | Three Kings Day (Puerto Rico only) |
| Christmas Day | |

The business day may differ in some international locations due to local customs.

"Chargeable weight" means the greater of actual or dimensional weight. For all rating purposes, "length" is the longest side of any package or object. Any fraction of a pound is rounded up to the next-higher pound.

"Consolidator" means any person, corporation, partnership or other entity that is independent from FedEx and derives income from the consolidation of the packages of others for tender to us, including all FedEx Authorized ShipCenter locations and entities who have executed a Packaging and Pricing Agreement, Package Consolidator Agreement or Packaging Agreement with FedEx.

"Customer," "sender" or "shipper" means the person whose name is listed on the air waybill as the sender.

"FedEx," "FedEx Express," "our," "us" and "we" refer to Federal Express Corporation and its officers, employees and agents (but does not include cartage agents).

"Freight" means any single piece or skid with a chargeable weight greater than 150 lbs. Any fraction of a pound is rounded up to the next-higher pound.

"Guide" or "Service Guide" means the FedEx Service Guide, as modified, amended or supplemented.

"In good credit standing" means: (1) that payment on the FedEx account is current; (2) the account is not in "cash only" status; and, (3) for commercial or business accounts, the balance does not exceed the credit limit established by FedEx.

FedEx Express Terms and Conditions

International Shipments (U.S. Edition)

(Definitions, cont.)

“Overcharge” means a charge based on an incorrect rate; an incorrect special handling fee; billing a service other than the service selected for the package; billing based on incorrect package or shipment weight; billing to the wrong account number; or any other billing, unrelated to a service failure, that results in an incorrect charge.

“Package” means any single parcel or piece with a chargeable weight of 150 lbs. or less. Any fraction of a pound is rounded up to the next-higher pound.

“Recipient” or **“consignee”** means the person whose name is listed on the air waybill as the recipient.

“Reroute” means to deliver a shipment to an address different from that specified on the air waybill, and includes a change: (1) from one street address to another in the same city and state, (2) from directions to Hold at FedEx Location to a request for delivery to another location, (3) from the delivery instructions on the air waybill to a request to Hold at FedEx Location, or (4) from one Hold at FedEx Location address to another in the same city and state. Any requested change to an address that is not a reroute or an address correction is a new shipment, and new shipping charges will apply. *Note:* Reroute does not apply to requests for delivery to another address made by the recipient through methods approved by FedEx.

“Residential delivery” means a delivery made to a home or private residence, including locations where a business is operated from the home, and/or a delivery in which the shipper has designated the delivery address as residential.

“Residential pickup” means a pickup from a home or private residence, including locations where a business is operated from the home.

“Retail Rates” apply to shipments originating in the U.S. that are paid for by cash, check, debit or credit card instead of being charged to a valid FedEx account.

“Service failure” means delivery of your package 60 seconds or more after our published delivery commitment for the FedEx service for that package, except as otherwise described in these terms and conditions.

“Ship date” or **“shipment date”** is the date the shipment is tendered to FedEx. For shipments tendered at a FedEx location after the last pickup time, the ship date is the next business day.

“Shipment” means one or more pieces, either packages or freight, moving on a single air waybill.

“Standard List Rates” are the rates paid by FedEx account holders who do not have discounts applied to their account and who charge their shipping to their FedEx account.

“Transportation charges” mean amounts assessed for movement of a shipment and do not include any other fees or charges that may be assessed under the FedEx Service Guide, such as (but not limited to) declared-value charges, special handling fees, customs duties and taxes, and surcharges.

“Valid” as it relates to account numbers means a FedEx account number that has been issued by FedEx and that is in good credit standing.

“You” or **“your”** means the shipper/sender, recipient and their agents, servants, employees, and any other person or entity having or claiming an interest in a shipment.

Non-Waiver

Any failure by us to enforce or apply a term, condition or provision of the FedEx Service Guide does not constitute a waiver of that term, condition or provision and does not otherwise impair our right to enforce such term, condition or provision.

Account Numbers

For transactions other than “Bill Sender,” “Bill Recipient” or “Bill Third Party,” you must pay by cash (not accepted at all FedEx locations), check, money order or credit card. Payment is required when you give us your package. For “Bill Sender” and “Bill Third Party” transactions, packages will not be accepted unless you provide a valid FedEx account number.

For “Bill Recipient” transactions, packages can be tendered without payment, but in order for the package to be delivered, the recipient must provide a valid FedEx account number or pay with cash, check, money order or credit card (if accepted as a form of payment in the destination country) at time of delivery. If the recipient or third party refuses to pay any transportation charges and other fees, including, but not limited to, duties and taxes, the package will be treated as undeliverable and the sender will be responsible for all transportation charges and other fees, including all special handling fees and duties and taxes.

For customers utilizing our electronic shipping systems, a valid FedEx account number is required for “Bill Sender,” “Bill Recipient” or “Bill Third Party” transactions.

FedEx account holders who pay for shipments originating in the U.S. with cash, check, debit or credit card instead of charging to a valid FedEx account will be charged FedEx Retail Rates instead of FedEx Standard List Rates or Account-Specific Rates.

Account numbers are issued by FedEx according to shipping location and are nontransferable. Account numbers are issued and used solely at the discretion of FedEx. FedEx may discontinue the use of accounts, in whole or in part, and terminate all or particular accounts and account numbers at any time, for any reason, at its sole discretion. Improper, illegal or any other misuse of your FedEx account may also, at the sole discretion of FedEx, result in loss of discounts or termination of the account. Improper, illegal or other misuse includes, but is not limited to, ordering supplies for any purpose other than shipping with FedEx, unauthorized consolidation of shipments owned by different parties, or violations of the terms and conditions in this FedEx Service Guide. If your account has been compromised or stolen, the account may be closed and you may be issued a new account. However, you will be responsible for all valid charges on the closed account. Any supplies, materials, rights or privileges that you acquire by holding a FedEx account number may not be used for any purpose other than shipping with FedEx, and FedEx may seek damages against you for any improper, illegal or other misuse of your account. If your account is terminated, we reserve the right, at our sole discretion, to deny your application for new or additional FedEx account numbers at any time in the future. Except for Canada- and Puerto Rico-based accounts, international account numbers may not be used for shipments between two points within the U.S. All charges will be billed and must be remitted in U.S. funds.

All requests for account numbers are subject to credit investigation and verification by our Credit Department and Customer Account Confirmation Department. FedEx utilizes business credit reporting agencies, audited financial statements, Standard & Poor’s and Moody’s bond ratings, and other sources as necessary, to determine eligibility for open credit terms. FedEx does not offer consumer credit privileges. Any individual shipping for personal use must prepay the shipment charges or establish a FedEx account for billing directly to a major credit card. Stored-value cards or gift cards cannot be used to open an account; however, such cards may be used for payment when tendering a package at staffed FedEx shipping locations, and in conjunction with our credit card acceptance policy. If your FedEx account is billed directly to a credit card, you agree to the following terms: (1) you authorize FedEx to initiate variable charges to the credit card to settle charges payable to FedEx; (2) you authorize FedEx to charge your card for any unpaid amounts on your account; (3) you authorize the card issuer to pay any amounts associated with your account without requiring a signed receipt; (4) you agree to keep your card information current (FedEx may receive updates on your card information from participating issuing banks and may update your account profile to avoid service disruptions); (5) you agree that FedEx shall have no liability for any insufficient funds or other charges incurred from attempts to charge and/or place holds on your card; and (6) your agreement to these terms and conditions is to be accepted as authorization to the card issuer to pay all amounts associated with your account.

The party to whom a FedEx account number is issued is liable for all charges to the account, including those resulting from unauthorized use. The account holder is responsible for the safekeeping of the account number. The account number should be released only to those authorized to ship on the account.

Failure to keep your FedEx account current may result in your account being placed on a cash-only status. Use of an account on cash-only status may result in your package being delayed, rejected or returned until arrangements for payment are completed. If the account number to be billed is not valid, the shipment may be refused, delayed or returned until an alternative form of payment is secured. If a package is held, returned, or delivery is otherwise delayed because the account is not in good credit standing, you will not be entitled to a refund or credit of your transportation charges under the Service Failure Money-Back Guarantee Policy.

You must use your FedEx account number to obtain any discount applicable to your account. Use of your account number constitutes your agreement that all packages and freight shipped via FedEx Express international services shall be subject to these terms and conditions, as modified, amended or supplemented.

FedEx may provide trade credit information on its account holders to credit bureaus.

Alcoholic Beverages

Only licensed entities holding a state and federal license or retailers holding a state license may ship alcohol with FedEx. Consumers may not ship alcohol. Shippers must enter into an approved FedEx Alcohol Shipping Agreement before shipping any alcohol

FedEx Express Terms and Conditions

International Shipments (U.S. Edition)

(Alcoholic Beverages, cont.)

with FedEx. For more information, go to fedex.com/us/wine or contact your FedEx account executive. An ancillary clearance service fee may apply if your shipment requires special import clearance processing; see fedex.com for more information.

For U.S. Import: FedEx will not accept shipments of alcohol (beer, wine or spirits) to nonlicensed parties located in the U.S. from an international location. FedEx will accept shipments of alcohol (beer, wine and spirits) inbound to the U.S. when both the shipper and recipient are licensed entities. For more information, go to fedex.com/us/wine. The shipper must hold a license from the country of origin issued in accordance with that country's law and regulations. The recipient, located in the U.S., is required to hold: (1) a basic permit for importer and/or wholesaler issued from the U.S. Department of Treasury, Alcohol and Tobacco Tax and Trade Bureau (TTB), and (2) if applicable, a wholesaler, dealer, distributor or manufacturer license issued from the state in which the recipient is located.

For U.S. Export: FedEx will accept alcohol shipments for export from the U.S. when both the shipper and recipient are licensed entities, and wine shipments from licensed entities directly to consumers in a limited number of countries, subject to additional requirements and all applicable laws and regulations. For more information, go to fedex.com/us/wine. Shippers located in the U.S. must hold: (1) a basic permit for importer and/or wholesaler issued from the TTB, and (2) if applicable, a wholesaler, dealer, distributor, retailer or manufacturer license issued from the state in which the shipper is located.

Contact your FedEx account executive for complete details.

Billing

A. "Bill Sender" means the specified charges will be billed to the sender. The sender's FedEx account number must appear in the appropriate section of the air waybill, and the account should be current. FedEx International Next Flight and FedEx International MailService shipments may only be shipped "Bill Sender" and "Bill Third Party," but all charges must be verified (for U.S. accounts only). For duty-and-tax charges, "Bill Sender" means the sender will be invoiced for applicable duties and taxes and additional ancillary clearance fees incurred.

B. "Bill Recipient" means the specified charges will be billed to the recipient. In order to choose this billing option, the recipient's valid FedEx account number must appear on the air waybill before it is delivered and payment on the account must be current, or the recipient must pay for the package at time of delivery. If the recipient is billed initially and refuses to make payment for the shipment, the charges may be rebilled to a third party. If not paid by the third party, any additional rebilling must be to the sender's account. The sender is liable for, and will be billed for, all charges and fees in the event the recipient or any third party does not pay.

C. "Bill Third Party" means the specified charges will be billed to someone other than the sender or recipient. In order to choose this billing option, the third party's valid FedEx account number must be entered in the appropriate section of the air waybill and must be in good credit standing. The sender is liable for, and will be billed for, all charges and fees in the event the recipient or any third party does not pay. If the third party refuses to pay, the transportation charges will automatically be billed to the sender and duties and taxes to the recipient. If the third party does not have credit arrangements with FedEx, the sender will automatically be billed.

D. Invoices for transportation charges are payable within 15 days of the invoice date. Invoices for duties and taxes are payable upon receipt.

E. We reserve the right to verify the method of payment for any shipment and to refuse any shipment for which the method of payment cannot be verified.

F. FedEx may consider payment type in determining pricing and discounts, and reserves the right to adjust discounts based on payment type.

G. Payer Rebilling. At our sole discretion, we may accept requests to change billing instructions from the shipper or current bill-to party up to 90 days from the current invoice date. Such requests will be accepted only for unpaid shipments. FedEx must receive prior approval from the new bill-to party for:

- Transportation charges being rebilled to a consignee or third party when not due to a FedEx billing error.
- Duty-and-tax charges being rebilled to the shipper if originally billed to the consignee and not due to a FedEx billing error.
- Duty-and-tax charges being rebilled to the consignee or third party when not due to a FedEx billing error.

Requests for rebilling of transportation charges must be received via one of the approved channels:

1. Submit your request through the Non-Pay option with Electronic Data Interchange (EDI) if you are a registered user; or
2. Use our internet application FedEx Billing Online at fedex.com if you are a registered user; or
3. Submit your request via email using the formatted spreadsheet and email address provided at fedex.com/us/account/inhome/other/eremit.html. Your request for a rebill of transportation charges must include the current invoice number, the FedEx tracking number, amount and the new FedEx account number that you want to rebill; or
4. Submit the request via our automated interactive voice response system at 1.800.GoFedEx 1.800.463.3339 (say "billing"). Your request for a rebill of transportation charges must include your FedEx account number, if any, the current invoice number, the FedEx tracking number and the new FedEx account number that you want to rebill.

H. Billing and Special Handling Fees:

1. A special handling fee will be charged where no account number appears on the air waybill or where an incomplete, inaccurate or invalid account number appears on the air waybill in "Bill Sender," "Bill Recipient" or "Bill Third Party" transactions. If a "Bill Sender," "Bill Recipient" or "Bill Third Party" package is received without a FedEx account number, we will attempt to determine the correct account from our records and bill the account for all charges and fees, plus the special handling fee. Any applicable discount will apply. If, however, we cannot determine the correct account, the transportation charges plus the special handling fee will be billed directly to the sender and no discount will be allowed. See Rates in the FedEx Service Guide for details.
2. A US\$20 special handling fee will be charged to you for any check or electronic funds transfer that is dishonored for any reason.

I. Duties and taxes may be assessed on the contents of shipments destined for international locations. If we advance duties and taxes on behalf of the payer, the payer may be assessed an ancillary clearance service fee based on a flat rate or a percentage of the total amount advanced (whichever is greater). See the Duties and Taxes section for details.

J. Electronically captured data will be used for billing purposes in the event a billing copy of the air waybill is not available at the time of billing.

K. Charges in freely convertible currencies other than U.S. dollars are billed to the payer's account. Charges requiring conversion to a currency other than U.S. dollars will be calculated daily using the median bid price obtained from OANDA, an internet exchange-rate service, except for those currencies where the customary practice is to use local bank rates to convert currency for payers in that country. The median bid price is the average price at which buyers offer to buy currencies from sellers during the given period. These currency conversion rates can be accessed at www.oanda.com.

The currency-conversion rate in effect one day prior to the ship date will be used for conversions to non-hyper-inflationary currencies. However, we reserve the right to use the exchange rate at invoice date, as opposed to shipment date, in countries where the currency is volatile.

There is an additional exchange fee of 1.75 percent for conversion from any non-U.S. currency to U.S. dollars, 2.3 percent for U.S. dollars to any currency, and 2.0 percent between all non-U.S. currency conversions. The currencies of participating European Union countries will have stationary conversion rates to the euro. There is no exchange fee between currencies related to the euro. Charges in currencies other than the U.S. dollars that are not freely convertible will be converted to U.S. dollars and billed to the payer's account either at the free-market rate or at the official rate at which FedEx was permitted to purchase U.S. dollars in the relevant currency, at our sole option.

L. NOTWITHSTANDING ANY PAYMENT INSTRUCTIONS THAT ARE GIVEN TO FEDEX, THE SENDER IS ULTIMATELY LIABLE FOR, WILL BE BILLED FOR, AND AGREES TO PAY, ALL CHARGES AND FEES, INCLUDING ANY SPECIAL HANDLING FEES AND ANY DUTIES OR TAXES WHICH WE HAVE ADVANCED, REGARDLESS OF ANY PAYMENT INSTRUCTIONS TO THE CONTRARY, IF THE RECIPIENT OR THIRD PARTY FAILS OR REFUSES TO PAY. For FedEx Global Returns shipments, please see Return and Import Shipping Options.

M. You must furnish with your payment the invoice numbers to which your payment applies. Payment should be sent using your remittance advice to one of the following: (By FedEx Envelope)

Customers who receive their invoices via FedEx Billing Online should mail their payment and remittance detail to:

FedEx Billing Online
P.O. Box 371599
Pittsburgh, PA 15250-7599

N. Customers using an EDI format for invoicing are required to submit remittance data electronically. Some invoice adjustment requests may also be transmitted electronically.
O. If you are interested in or have questions regarding any of our invoicing or payment methods, contact your FedEx account executive or call Revenue Services at 1.800.GoFedEx 1.800.463.3339 (say "billing"), or access our internet application Manage My Account at fedex.com.

P. Invoice Adjustments/Overcharges:

1. We reserve the right to audit air waybills and shipments made via any means, including, but not limited to, an electronic shipping device, to verify service selection and shipment weight. If the service selected or weight entered is incorrect, we may make appropriate adjustments to the shipment charges at any time.
2. Default Billing. Senders are solely responsible for accurately completing all sections of the air waybill and for the entry of accurate shipment information into any electronic shipping device. If you fail to provide or correctly enter this information, you will be billed and agree to pay based on our estimate of the number of packages transported and either the dimensional weight at the time of billing or a standard default weight-per-package estimate, both of which will be determined by us at our sole discretion. If no service is marked, we will send your shipment via FedEx International Priority, FedEx International Economy, FedEx International Priority Freight or FedEx International Economy Freight service as selected by us at our sole discretion.

For FedEx International Priority and FedEx International Economy services, the recipient's postal code is critical to correct invoicing (to those countries that are in multiple rate scales). Any omission or incorrect entry will result in a billing based on a default postal code.

3. Our money-back guarantee policy governs and is the exclusive remedy for requests for refunds or credits related to service failures. (See the Money-Back

Guarantee Policy section for applicable notice provisions and other conditions.) If the money-back guarantee is suspended or revoked, there is no remedy.

4. Requests for invoice adjustments due to an overcharge must be received within 60 days after the original invoice date (or ship date if prepaid by cash, check, money order or credit card).
5. FedEx is not obligated to refund any overcharge or pay any other obligation owed when your FedEx account is, or has been in the past, more than 60 days past due.
6. If your account is more than 60 days past due, FedEx may, at its sole discretion, apply any overcharge amounts or other overpayments it agrees are owed to you against the oldest invoices.
7. You may request an invoice adjustment for reasons not related to a service failure in the following ways:
 - a. Use our internet application FedEx Billing Online at fedex.com if you are a registered user; or
 - b. Submit your request through the invoice adjustment feature at fedex.com; or
 - c. Submit the request in writing using the invoice adjustment form on the back of your invoice. If your request exceeds the space available on the form, you may submit your request via email using the formatted spreadsheet and email address provided at fedex.com/us/account/inhome/other/eremit.html; or
 - d. Submit the request via our telephone invoice adjustment system at 1.800.GoFedEx 1.800.463.3339 (say "billing"). If you choose to submit your request via the telephone invoice adjustment system, the request must state the reason you believe an adjustment or refund is warranted and must provide the following: the FedEx account number (if any); the FedEx tracking number; and the date of shipment.

A partial payment against an invoice is not considered a request for invoice adjustment or notice of a refund request.

8. If you choose to send your request for an invoice adjustment for non-service-related failure via FedEx or U.S. Postal Service, please send it to:
FedEx
Revenue Services
3965 Airways Blvd.
Module G
Memphis, TN 38116

You may also send your request via fax to the FedEx toll-free fax service: 1.800.548.3020.

9. We will not be liable for any invoice adjustment unless you comply with the notice requirements described above. The filing of a lawsuit against us does not constitute compliance with these notice provisions.

For additional information or assistance regarding billing issues, contact FedEx Revenue Services at 1.800.GoFedEx 1.800.463.3339 (say "billing"), 7 a.m. to 6 p.m. (CST), Monday through Friday.

Q. Additional Taxes. If a value-added, consumption or similar tax is applicable to your shipment, we reserve the right to add that amount to your shipping charges without notice. We pay any applicable excise tax on the air transportation portion of our service.

R. The shipper and any other party who is liable for payment are responsible for all reasonable costs incurred by FedEx in obtaining or attempting to obtain payment for services rendered by us. Such costs include, but are not limited to, attorneys' fees, collection agency fees, interest and court costs.

S. At our sole discretion, FedEx may transfer and assign ownership of, and any rights to collect, any and all charges due and payable to us.

Carriage Under International Conventions

A. As used in the FedEx Express terms and conditions, "Warsaw Convention" means the Convention for the Unification of Certain Rules relating to International Carriage by Air, signed at Warsaw, Oct. 12, 1929, or that convention as amended, including the Montreal Protocol No. 4. "Montreal Convention" means the Convention for the Unification of Certain Rules relating to International Carriage by Air, signed at Montreal, May 28, 1999. "Carrier" includes the air carrier issuing the air waybill and all air carriers that carry the goods or perform any other services related to the carriage.

B. When the carriage involves an ultimate destination or stop in a country other than the country of departure, the Warsaw Convention or Montreal Convention may be applicable. The convention governs and, in most cases, limits our liability for loss of, damage to or delay of cargo.

FedEx Express Terms and Conditions

International Shipments (U.S. Edition)

(Carriage Under International Conventions, cont.)

C. The Warsaw Convention and the Montreal Convention limit our liability for loss or delay of or damage to your shipment, unless you declare a higher value for carriage and pay the required fee as described below. The interpretation of the relevant Convention's liability limit may vary depending on the destination country. If the Warsaw Convention as amended by Montreal Protocol No. 4 applies to your shipment, our liability is limited to 17 Special Drawing Rights (SDRs) per kilo, unless you declare a higher value for carriage and pay the required fee. If the Montreal Convention applies to your shipment, our liability is limited to 19 SDRs per kilo, unless you declare a higher value for carriage and pay the required fee. Otherwise, our liability is limited to US\$9.07 per pound (US\$20.00 per kilo) unless you declare a higher value for carriage and pay the required fee.

D. To the extent not in conflict with the rules relating to liability for international carriage as established by the Warsaw Convention or the Montreal Convention, carriage and other services performed by us are subject to the provisions of the FedEx Service Guide and applicable tariffs as amended from time to time, which are incorporated in the FedEx Service Guide by reference. The tariffs, if any, may be inspected at our corporate headquarters in Memphis, Tenn.

E. FedEx assumes no obligation to carry the goods by any specified aircraft or over any particular route or to make connections at any point according to any schedules. You agree FedEx may, without notice, substitute alternative carrier or aircraft, deviate from the route or routes, or cause the goods to be transported by motor vehicle.

THERE ARE NO STOPPING PLACES THAT ARE AGREED TO AT THE TIME OF TENDER OF THE SHIPMENT, AND WE RESERVE THE RIGHT TO ROUTE THE SHIPMENT IN ANY WAY WE DEEM APPROPRIATE.

Cartage Agents

We provide pickup and delivery to many international locations.

A. If you elect to make arrangements for pickup or delivery directly with a cartage agent, you are responsible for all charges and fees assessed by the cartage agent. The invoice you receive from us will reflect only our charges and fees.

B. Our delivery commitment time and money-back guarantee policy apply only to the portion of the transportation handled directly by us. (See the Money-Back Guarantee Policy section.) The delivery commitment time begins when the cartage agent tenders the shipment to us and ends when a shipment is available for pickup by you or a cartage agent. Our tender of a shipment to a cartage agent constitutes delivery of the shipment by us for all purposes. We are not responsible for service failures as a result of cartage agent pickups or deliveries.

C. A special handling fee applies; see Rates in the FedEx Service Guide.

D. Cartage agents are independent contractors. They are neither employees nor agents of FedEx Express, and we are not responsible for any of their acts or omissions.

Claims

A. We must receive notice of a claim due to damage (visible or concealed), delay (including spoilage claims) or shortage within 21 calendar days after delivery of the shipment. (See the Money-Back Guarantee Policy section for the time period to request a refund or credit of transportation charges due to a service failure.) We must receive notice of all other claims, including, but not limited to, claims for nondelivery or misdelivery, within nine months after the package was tendered to FedEx Express for shipment.

B. Notice of claims for which you are seeking more than US\$100 must be in writing. All claims must be made within the time limits set forth above.

C. Your notice of claim must include complete shipper and recipient information, as well as the FedEx tracking number, date of shipment, number of pieces, and shipment weight. Failure to provide us with notice in the manner and within the time limits set forth in paragraphs (A) through (B) will result in denial of your claim, and we will have no liability or obligation to pay your claim. The filing of a lawsuit does not constitute compliance with these notice provisions.

D. Written documentation supporting the amount of your claim must be delivered to us within nine months after the package was tendered to FedEx Express for shipment. Such documentation may include original purchase invoices, estimates or invoices for repair, expense statements, appraisals, final confirmation screen if online order with proof of purchase, or other records. These documents must be verifiable to our satisfaction.

E. We are not obligated to act on any claim until all transportation charges have been paid. The claim amount may not be deducted from these charges or from any outstanding balance owed to us.

F. FedEx reserves the right to inspect a damaged shipment on the recipient's premises as well as the right to retrieve the damaged package for inspection at a FedEx facility.

The terms and conditions applicable to the original shipment (including any declared value) will govern the disposition of all claims in connection with the shipment, including any claim relative to the retrieval, inspection or return of the package. When a package is picked up for inspection, a receipt for the damaged package will be provided if requested by the recipient. All of the original shipping cartons, packing and contents must be made available for our inspection and retained until the claim is concluded.

G. Except in the case of concealed damage, receipt of the shipment by the recipient without written notice of damage on the air waybill is *prima facie* evidence that the shipment was delivered in good condition.

H. We do not accept claims from customers whose packages were sent through a package consolidator. (See the Package Consolidators section.)

I. Shipment-status information is not intended or permitted to be used as the basis to file a claim.

J. Only one claim can be filed in connection with a shipment. Acceptance of payment of a claim shall extinguish any right to recover in connection with that shipment.

K. When we resolve a claim by paying full value for a shipment, we reserve the right to pick up the package for salvage, and all rights, title to, and interest in the package shall vest with us.

L. You can file a claim in the following ways:

1. Submit claims online at fedex.com/us/claimsonline for U.S. export shipments to all countries served by FedEx Express and U.S.-inbound shipments from Canada.
2. Send written claims, including the completed claim form and supporting documentation, via the U.S. Postal Service or fax to:

FedEx Cargo Claims Department
P.O. Box 256
Pittsburgh, PA 15230
Fax: 1.877.229.4766

If you fax your completed claim form and supporting documentation, FedEx will send you a confirmation letter by return fax.

3. Call customer service at 1.800.GoFedEx 1.800.463.3339 (say "claims") to obtain a case number for your claim, then complete a print copy of the claim form. You may have to submit supporting documentation using FedEx Claims Online or the mailing address or fax number listed above.

M. FAILURE TO COMPLY WITH ANY OF THE ABOVE CONDITIONS WILL RESULT IN THE DENIAL OF YOUR CLAIM.

Collect on Delivery (C.O.D.) Service

We do not offer C.O.D. service to international destinations. A shipment marked "C.O.D." will be returned and all related charges will be billed to the sender.

Credit Terms

A. We do not provide individual consumer credit privileges.

B. As a condition of extending credit privileges, FedEx reserves the right to require business customers to provide current financial information, agree to bank draft arrangements for payment on account, provide a security deposit or provide a bank letter of credit.

C. When credit privileges are extended, FedEx reserves the right to establish and enforce a credit limit on your account. At our sole discretion, we may review and amend a credit limit on your account.

D. The invoice date begins the credit term cycle, and payment for transportation charges is due within 15 days from the invoice date. Failure to keep your FedEx account current will result in your account being placed on cash-only status. This status may impair your ability to use our services, delay your shipments and may result in the loss of any applicable discounts.

Duties, taxes and other fees are payable immediately upon receipt of our invoice. If transportation charges and duties and taxes are on the same invoice, all charges are due upon receipt of invoice.

E. IF THE ACCOUNT NUMBER TO BE BILLED IS NOT IN GOOD CREDIT STANDING, THE PACKAGE MAY BE REFUSED, HELD OR STOPPED IN TRANSIT UNTIL YOU MAKE ALTERNATIVE PAYMENT ARRANGEMENTS. THE MONEY-BACK GUARANTEE POLICY WILL NOT APPLY IN SUCH CIRCUMSTANCES.

F. The shipper, and any other party who is liable for payment, is responsible for all reasonable costs incurred by FedEx in obtaining or attempting to obtain payment for services rendered by us. Such costs include, but are not limited to, attorneys' fees, collection agency fees, interest and court costs.

FedEx Express Terms and Conditions

International Shipments (U.S. Edition)

(Credit Terms, cont.)

- G.** Credit privileges will not be restored until you have paid all past-due balances in full and all costs, fees and expenses incurred by FedEx in collecting or attempting to collect such balances. FedEx may require establishment of electronic funds transfer as a prerequisite to credit restoration. FedEx may decline to restore credit privileges even if all costs, fees and expenses are paid.
- H.** Customers requesting removal from cash-only status must contact the FedEx Recovery Collections department at 1.800.506.7580.
- I.** We may apply payments made on your account to any unpaid invoice issued on your account, at our sole discretion.
- J.** Requests for research or refunds of payment must be received within 60 days from the date of payment.

Customs Clearance

- A.** All shipments that cross international borders must be cleared through customs, and you may also be required to provide additional information to obtain clearance from other regulatory agencies in the destination country prior to delivery to the recipient.
- B.** Except as provided under the FedEx International Broker Select section at fedex.com, we (or a broker selected by us) will submit shipments to customs and other regulatory agencies for clearance. Duties and taxes or fees that may be assessed by any regulatory agency may be advanced on behalf of the sender and recipient provided appropriate credit arrangements have been made in advance. (See the Billing and Duties and Taxes sections.) FedEx may charge an ancillary clearance service fee, where applicable, on international shipments for clearance processing, for services requested by the shipper, recipient or importer of record, or to recover the costs passed to FedEx by the regulatory agency for regulatory filing. The types and amounts of fees vary by country. (See fedex.com/ancillary/go/service for a list of ancillary clearance service fees in your destination country.)
- C.** In some instances, at our option, we accept instructions from recipients to use a designated customs broker other than FedEx (or the broker selected by FedEx) or the broker designated by the shipper. In any event, FedEx (or the broker selected by FedEx) reserves the right to clear the shipment if the broker cannot be determined or will not perform clearance or if complete broker information is not provided (including name, address, phone number and postal code).
- D.** When shipments are held by customs or other agencies due to incorrect or missing documentation, we may attempt first to notify the recipient. If local law requires the correct information or documentation to be submitted by the recipient and the recipient fails to do so within a reasonable time as we may determine, the shipment may be considered undeliverable. (See the Undeliverable Shipments section.) If the recipient fails to supply the required information or documentation, and local law allows the sender to provide the same, we may attempt to notify the sender. If the sender also fails to provide the information or documentation within a reasonable time as we may determine, the shipment will be considered undeliverable. We assume no responsibility for our inability to complete a delivery due to incorrect or missing documentation, whether or not we attempt to notify the recipient or sender. (See the Undeliverable Shipments section.)
- E.** Shipments requiring documentation in addition to the FedEx International Air Waybill, the FedEx International Next Flight Air Waybill or the FedEx International MailService Air Waybill (e.g., a Commercial Invoice) may require additional transit time. Proper completion of necessary documentation, with complete and accurate shipment information, including the appropriate Harmonized Tariff Schedule Code, is the shipper's responsibility.
- F.** Shipments that contain goods or products that are regulated by multiple government agencies within the destination country (such as the Department of Agriculture, the Food and Drug Administration, the Fish and Wildlife Service and the Federal Communications Commission in the U.S. and comparable agencies in the destination country) may require additional time for clearance.
- G.** The sender is responsible for making sure goods shipped internationally are acceptable for entry into the destination country. All charges for shipment to and return from countries where entry is not permitted are the sender's responsibility.
- H.** We assume no responsibility for shipments abandoned in customs, and such shipments may be considered undeliverable.
- I.** If acceptable wildlife products are shipped via the FedEx International Broker Select service option for U.S. import, they must be addressed to a broker at one of the 18 designated U.S. Fish and Wildlife ports.
- J.** U.S. import shipments that contain products that originate from wildlife or contain wildlife may require original permits/certificates (CITES) for U.S. Fish and Wildlife

Service clearance. U.S. importers of wildlife products must obtain an import license from the U.S. Fish and Wildlife Service for commercial shipments.

K. The U.S. Food and Drug Administration (FDA) requires completion of FDA Prior Notice for certain shipments containing food or food articles for human or animal consumption prior to their arrival in the U.S. A copy of the FDA Prior Notice confirmation record must be included with the shipping documentation for all foods and food products that require Prior Notice.

L. For shipments that must be cleared through customs by the recipient, FedEx will deliver the customs paperwork to the recipient, and delivery of paperwork constitutes timely delivery.

Dangerous Goods

A. All packages containing dangerous goods must comply with the International Civil Aviation Organization (ICAO) Technical Instructions for the Safe Transport of Dangerous Goods by Air, the International Air Transport Association (IATA) Dangerous Goods Regulations and, where applicable, Title 49 of the Code of Federal Regulations. Shippers of dangerous goods, whether prepared under ICAO/IATA or 49CFR, must comply with all FedEx Express variations listed in the current edition of the IATA Dangerous Goods Regulations. All packages containing dangerous goods must comply with the IATA dangerous-goods regulations. The only exception is for a U.S. territory or commonwealth such as Puerto Rico. Shippers may use 49CFR when prepared by air as limited by the commodities FedEx Express accepts prepared under these regulations. The shipper is responsible for complying with all packing requirements and appropriate marking and labeling of the package, documentation, as well as compliance with all applicable local, state and federal laws, regulations, ordinances and rules. The shipper is also responsible for ensuring the recipient complies with all applicable local, state and federal laws, regulations, ordinances and rules for applicable hazard classes.

Dangerous goods can only be shipped using the FedEx Expanded Service International Air Waybill when using a paper air waybill for express service.

B. Shippers must comply with all applicable local, state and federal laws governing packing, marking and labeling of shipments of blood and blood products, regardless of whether they are infectious.

C. FedEx packaging may not be used to ship dangerous goods (including dry ice), with the following exceptions: IATA Section II lithium batteries, which may be shipped in FedEx boxes and tubes; and Biological Substance, Category B (UN 3373) shipments, which may be shipped in the FedEx UN 3373 Pak, the FedEx Medium Clinical Box or the FedEx Large Clinical Box. Blood, urine and other specimens containing infectious substances are considered dangerous goods and must not be shipped in the FedEx Clinical Pak. The shipper assumes sole responsibility for compliance with all applicable governmental regulations. For more information on FedEx guidelines, go to fedex.com/packaging and read our brochures on packaging clinical samples and Biological Substance, UN 3373 specimens.

D. FedEx Express does not accept dangerous goods shipments prepared exclusively for ground shipment.

E. FedEx is not required to add dry ice to packages in its system or to provide re-icing services.

F. Each shipment must be accompanied by the 8-1/2" Shipper's Declaration for Dangerous Goods form when required.

Title 49CFR paperwork cannot be used for international dangerous goods shipments (except for a U.S. territory or commonwealth such as Puerto Rico), and such shipments will be refused or returned to the sender.

G. Lithium batteries (UN 3090) that are Primary Non-Rechargeable require pre-approval to ship. This applies to IATA Section IA, Section IB and Section II lithium batteries. For details, go to fedex.com and enter keyword "lithium batteries." FedEx Express does not accept waste batteries or batteries being shipped for recycling or disposal, including damaged or defective batteries (see IATA variation FX-16).

H. FedEx may require shippers to hire a trained pack-and-ship vendor to resolve a problem with an undeliverable dangerous goods shipment. If the recipient refuses a package or freight piece containing dangerous goods, or the package leaks or is damaged, it will be returned to the shipper if possible. If the shipper refuses to accept the returned shipment or it cannot be returned because of leakage or damage due to faulty packaging, the shipper is responsible for and agrees to reimburse and otherwise indemnify FedEx for all costs, fees, and expenses it incurs in connection with the cleanup and disposal of the package or freight piece. The shipper agrees to indemnify FedEx for any and all costs, fees and expenses FedEx incurs as a result of the shipper's failure to comply with FedEx Dangerous Goods shipping requirements.

FedEx Express Terms and Conditions

International Shipments (U.S. Edition)

(Dangerous Goods, cont.)

I. We have the right to refuse any package or freight piece with an odor or any package that is wet or leaking. If a dangerous goods shipment damages or contaminates any property, the shipper is solely responsible for and will reimburse and indemnify FedEx for any and all costs, fees and expenses it incurs in connection with the cleanup of such damage or contamination.

J. Not all FedEx locations accept dangerous goods, and we reserve the right to refuse dangerous goods at any location where they cannot be accepted in accordance with applicable law. Dangerous goods shipments, including dry ice, are not accepted at FedEx Express Drop Box locations, FedEx Office Print and Ship Center locations, FedEx Authorized ShipCenter locations, or FedEx ShipSite locations (such as OfficeMax), except as noted below. Biological Substance, Category B (UN 3373) shipments are not accepted at FedEx Office Print and Ship Center locations, FedEx Authorized ShipCenter locations, or FedEx ShipSite locations. Biological Substance, Category B (UN 3373) shipments may be placed in FedEx Express Drop Boxes, including drop boxes located at FedEx Office Print and Ship Center locations in the U.S. and Puerto Rico; they are not, however, accepted at drop boxes located at FedEx ShipSite locations. FedEx Express shipments containing IATA Section II lithium batteries are accepted at FedEx Office Print and Ship Center locations and may be placed in FedEx Express Drop Boxes.

K. The shipper must provide all required information and complete all boxes pertaining to dangerous goods on the FedEx air waybill. Shippers utilizing electronic systems to ship dangerous goods must select, as appropriate to the electronic system, the special services, handling or flag to indicate that their shipment contains dangerous goods.

L. *Note:* We are required by law to report improperly declared or undeclared shipments of dangerous goods to the U.S. Department of Transportation (DOT). The shipper may be subject to fines and penalties under applicable law. The DOT/Federal Aviation Administration (FAA) requires every shipper to have job-specific dangerous goods training prior to tendering a dangerous goods shipment to FedEx or another air carrier. When individuals tender a shipment containing dangerous goods it must be properly classified, packaged, marked, labeled and identified as dangerous goods, and include the correct dangerous goods documentation.

M. Dangerous goods may not be rerouted to an address other than the original intended-recipient's address provided by the shipper. (*Note:* Shipments may be made available as hold for pickup at permissible locations or be returned to the sender.)

N. We are required to maintain proper segregation of incompatible dangerous goods on all vehicles and aircraft. This necessity may cause the shipment to move on the next available truck route or flight on which proper segregation can be maintained.

O. For more information, see Shipping Dangerous Goods via FedEx Express at [fedex.com/dangerousgoods](https://www.fedex.com/dangerousgoods). If you have questions regarding shipments of dangerous goods, you may call 1.800.GoFedEx 1.800.463.3339 and say "dangerous goods" to connect to our Dangerous Goods/Hazardous Materials Hotline for assistance. If you have questions regarding countries served, commodity restrictions by country or service availability, call 1.800.GoFedEx 1.800.463.3339 and say "international services" for FedEx International Customer Service.

Declared Value for Carriage and Limits of Liability (Not Insurance Coverage)

The declared value for carriage of any package represents our maximum liability in connection with a shipment of that package, including, but not limited to, any loss, damage, delay, misdelivery, nondelivery, misinformation, any failure to provide information, or misdelivery of information relating to the shipment. It is the shipper's responsibility to prove actual damages. Exposure to and risk of any loss in excess of the declared value is assumed by the shipper. You may transfer this risk to an insurance carrier of your choice through the purchase of an insurance policy. Contact an insurance agent or broker if you desire insurance coverage. WE DO NOT PROVIDE INSURANCE COVERAGE OF ANY KIND.

A. If for any reason the Warsaw Convention or the Montreal Convention (see the Carriage Under International Conventions section) does not govern our liability, our maximum liability for loss, damage or delay, or any claim with regard to any shipment moving to or from the U.S. is limited to US\$100, US\$9.07 per pound or US\$20.00 per kilo, whichever is greater, unless you declare a higher value for carriage and pay a greater charge. The interpretation of the relevant Convention's liability limit may vary depending on the destination country. If the Warsaw Convention as amended by Montreal Protocol No. 4 applies to your shipment, our liability is limited to 17 Special Drawing Rights (SDRs) per kilo, unless you declare a higher value for carriage and pay the required fee. If the Montreal Convention applies to your shipment, our liability is limited to 19 SDRs per kilo,

unless you declare a higher value for carriage and pay the required fee. Otherwise, our liability is limited to US\$9.07 per pound (US\$20.00 per kilo) unless you declare a higher value for carriage and pay the required fee.

FedEx International Priority Freight and FedEx International Economy Freight shipments have a maximum declared-value limit of US\$100,000 to most destinations. FedEx International Broker Select shipments to many countries are allowed to exceed the country declared-value-for-carriage limit (but not the FedEx International Priority and FedEx International Economy maximum of US\$50,000 per shipment).

Except as limited below, unless a higher value is declared and paid for, our liability for each package shipped between Puerto Rico and the U.S. is limited to US\$100. For each package exceeding US\$100 in declared value, an additional amount will be charged. See Rates in the FedEx Service Guide for details.

Except as limited below, the declared-value limit for shipments between Puerto Rico and the U.S. is US\$50,000 per shipment, rather than US\$50,000 per package.

For packages shipped between Puerto Rico and the U.S., or sent to any international location, the declared value for carriage cannot be greater than the declared value for customs. A FedEx Envelope and FedEx Pak to and from Puerto Rico is limited to a declared value for customs and carriage of US\$100.

B. If you declare a higher value for carriage, an additional amount will be assessed for each US\$100 (or fraction thereof) by which the declared value for carriage exceeds the US\$100 or US\$9.07 per-pound liability limitation, whichever is applicable. See Rates in the FedEx Service Guide for details. EVEN IF A HIGHER VALUE IS DECLARED, OUR LIABILITY FOR LOSS, DAMAGE OR DELAY OF A SHIPMENT WILL NOT EXCEED ITS REPAIR COSTS, ITS DEPRECIATED VALUE OR ITS REPLACEMENT COST, WHICHEVER IS LESS.

C. The maximum declared value for customs and carriage for the contents of a FedEx Envelope or a FedEx Pak, regardless of destination, is US\$100 or US\$9.07 per pound, whichever is greater. Goods with a value (actual or declared) exceeding US\$100 should *not* be shipped in a FedEx Envelope or FedEx Pak.

D. The maximum declared value for customs and carriage for a FedEx international shipment, if other than a FedEx Envelope or FedEx Pak, can be found at [fedex.com](https://www.fedex.com) under the individual country listing.

Except as limited below, the maximum declared value per shipment for FedEx International Next Flight is US\$50,000. If a FedEx International Next Flight shipment is tendered to FedEx palletized or shrinkwrapped as one single unit, the maximum declared value is US\$50,000. If more than one FedEx International Next Flight package is shipped on one air waybill, the declared value for carriage of each package will be determined by dividing the total declared value for carriage by the number of packages in the shipment; the liability of FedEx for loss or damage will be limited to the actual value of the package(s) lost or damaged, not to exceed the per-package declared value.

E. Shipments (packages or freight) containing all or part of the following items are limited to a maximum declared value for carriage of US\$1,000 per shipment or US\$9.07 per pound, whichever is greater. Import of any of the following items may be prohibited by individual countries, and a lower declared-value limitation for a country will control this stated limitation for such items:

1. Artwork, including any work created or developed by the application of skill, taste or creative talent for sale, display or collection. This includes, but is not limited to, items (and their parts) such as paintings, drawings, vases, tapestries, limited-edition prints, fine art, statuary, sculpture and collector's items.
2. Film, photographic images (including photographic negatives), photographic chromes and photographic slides.
3. Any commodity that by its inherent nature is particularly susceptible to damage or the market value of which is particularly variable or difficult to ascertain.
4. Antiques, or any commodity that exhibits the style or fashion of a past era and whose history, age or rarity contributes to its value. These items include, but are not limited to, furniture, tableware and glassware.
5. Glassware, including, but not limited to, signs, mirrors, ceramics, porcelains, china, crystal, glass, framed glass, and any other commodity with similarly fragile qualities.
6. Plasma screens.
7. Jewelry, including, but not limited to, costume jewelry, watches and their parts, mount gems or stones (precious or semiprecious), industrial diamonds, and jewelry made of precious metal.
8. Furs, including, but not limited to, fur clothing, fur-trimmed clothing and fur pelts.
9. Precious metals, including, but not limited to, gold and silver bullion or dust, precipitates, or platinum (except as an integral part of electronic machinery).

(Declared Value for Carriage and Limits of Liability [Not Insurance Coverage], cont.)

10. Stocks, bonds, cash letters or cash equivalents, including, but not limited to, food stamps, postage stamps (not collectible), traveler's checks, lottery tickets, money orders, gift cards and gift certificates, prepaid calling cards (excluding those that require a code for activation), bond coupons, and bearer bonds.
 11. Liquor stamps and tax stamps.
 12. Collector's items such as coins, stamps, sports cards, souvenirs and memorabilia.
 13. Guitars and other musical instruments that are more than 20 years old, and customized or personalized musical instruments.
 14. Scale models (including, but not limited to, architectural models and dollhouses) and prototypes.
- F.** The declared value for carriage cannot be greater than the declared value for customs.
- G.** When the sender has not specified the declared value for carriage of each package on an air waybill, but has specified a total declared value for all packages, the declared value for each package will be determined by dividing the total declared value by the number of packages on the air waybill unless you provide verifiable evidence supporting a different allocation. The declared value of any package in a shipment cannot exceed the declared value of the total shipment.
- H.** Notwithstanding anything else in the FedEx Service Guide, we are not liable for any loss of, damage to or delay, misdelivery or nondelivery of unacceptable shipments, including, but not limited to, cash or currency, nor misdelivery of information.
- I.** Notwithstanding anything else in the FedEx Service Guide, we are not liable for any loss, damage or delay to any package that is not adequately packaged by the shipper.
- J.** ANY EFFORT TO DECLARE A VALUE IN EXCESS OF THE MAXIMUMS ALLOWED IN THE FEDEX SERVICE GUIDE IS NULL AND VOID. OUR ACCEPTANCE FOR CARRIAGE OF ANY SHIPMENT BEARING A DECLARED VALUE IN EXCESS OF THE ALLOWED MAXIMUMS DOES NOT CONSTITUTE A WAIVER OF ANY PROVISION OF THE FEDEX SERVICE GUIDE AS TO SUCH SHIPMENT.
- K.** REGARDLESS OF THE DECLARED VALUE OF A PACKAGE, OUR LIABILITY FOR LOSS, DAMAGE, DELAY, MISDELIVERY, NONDELIVERY, MISINFORMATION, ANY FAILURE TO PROVIDE INFORMATION, OR MISDELIVERY OF INFORMATION, WILL NOT EXCEED A SHIPMENT'S REPAIR COST, ITS DEPRECIATED VALUE OR ITS REPLACEMENT COST, WHICHEVER IS LESS.
- L.** The shipper is responsible for accurately completing the air waybill or other shipping documents, including completion of the declared-value section. We cannot honor requests to change the declared-value information on the air waybill after tender to FedEx.
- M.** See the Liabilities Not Assumed section for other limitations and exclusions on our liability.
- N.** Additional restrictions may apply to a shipment if sent pursuant to an airline interline agreement.
- O.** In the event that FedEx Office procures, accepts tender of, performs, or otherwise undertakes the transportation, delivery or release of a package by FedEx Express, whether directly or indirectly, FedEx Office shall have the benefit of every right, defense, limitation and liberty of whatsoever nature contained in these terms and conditions or otherwise available to FedEx Express as if such provision were expressly for its benefit.

Dimensional Weight (Volumetric Weight)

Dimensional-weight pricing is applicable on a per-shipment basis to all shipments in customer packaging. FedEx packaging may also be subject to dimensional-weight pricing. If the dimensional weight exceeds the actual weight, charges based on the dimensional weight will be assessed. Customers who fail to apply the dimensional-weight calculation to a package may be assessed dimensional-weight charges by FedEx. See the Dimensional Weight description in the Fees and Other Shipping Information section of the FedEx Service Guide for additional details.

Duties and Taxes

- A.** In order to complete clearance of certain items through customs, we may be required to advance on your behalf certain duties and taxes as assessed by customs officials. For all shipments we may contact the payer before clearance is complete to confirm the arrangements for reimbursing us. At our sole discretion, we may require confirmation of reimbursement arrangements as a condition to completion of clearance and delivery including, but not limited to, cases of deliveries to recipients that we believe are not creditworthy and of shipments with high declared values.
- B.** Duties and taxes may generally be billed to the sender, the recipient or a third party. If the sender fails to designate a payer on the air waybill, duties and taxes will

automatically be billed to the recipient where allowed. Bill Sender Duties and Taxes and Bill Third Party Duties and Taxes are options available only for deliveries to specified locations (call FedEx Express International Customer Service at 1.800.GoFedEx 1.800.463.3339 and say "international services"). REGARDLESS OF ANY PAYMENT INSTRUCTIONS TO THE CONTRARY, THE SENDER IS ULTIMATELY RESPONSIBLE FOR PAYMENT OF DUTIES AND TAXES IF PAYMENT IS NOT RECEIVED. If transportation charges for a shipment are billed to a credit card, FedEx reserves the right to also settle uncollected duties and taxes charges associated with that shipment to the credit card account.

- C.** In the event we advance duties, taxes or other fees, including the U.S. Merchandise Processing Fee, on behalf of the payer, the payer will be assessed an ancillary clearance service fee based on a flat rate or a percentage of the total amount advanced. This ancillary clearance service fee will vary depending upon the destination country. See the Advancement Fee listed under Ancillary Clearance Service Fees in the FedEx Service Guide for the surcharge that applies to U.S. import shipments.
- D.** Shipments marked Bill Recipient Duties and Taxes may be delayed if we are not able to reach the recipient to confirm that we will be reimbursed for any amounts advanced, and the money-back guarantee will not apply in these cases. (See the Liabilities Not Assumed and Money-Back Guarantee Policy sections.)
- E.** If a recipient refuses to pay the duties and taxes, we may contact the sender. If the sender refuses to make satisfactory arrangements to reimburse us, the shipment may be returned to the sender or placed into a general order warehouse or a customs-bonded warehouse. The sender must then pay both the original transportation charges and the return charges. If we advanced any amounts as duties and taxes at either the original destination or upon return, the sender shall also be liable for such amounts.
- F.** Payment for duties and taxes will be made by one of the following means at the sole discretion of FedEx: cash, check (personal or business, provided valid identification is offered), money order, traveler's check, or debit or deferment account. FedEx does not accept prepayment of duties and taxes at the time of shipment. Payment of duties and taxes may not be made by credit card.
- G.** In the event that we require confirmation of duties and taxes reimbursement arrangements from the recipient, we will attempt to contact the recipient no later than 12 p.m. on the day the shipment is available for customs clearance in the destination country and inform the recipient of the estimated duties and taxes amount. If an arrangement satisfactory to us is made, the shipment will then be cleared through customs and delivered. If the shipment clears customs by 5 p.m. on the day arrangements are confirmed, delivery will be scheduled for the next business day by 5 p.m. or the end of the local business day. In the event we have cleared packages on your behalf and you do not have credit arrangements with FedEx, payment may be required prior to the release of your shipment.
- H.** In the event the accuracy or propriety of duties and taxes assessed on a shipment is disputed, FedEx or its designated broker may review the shipping documents tendered with the shipment. If FedEx determines that the duties and taxes were properly assessed, the shipper agrees to pay the duties and taxes.

Export Control Laws

You are responsible for and warrant your compliance with all applicable laws, rules and regulations, including, but not limited to, the export laws and government regulations of any country to, from, through or over which your shipment may be carried. Any FedEx Returns service shipments that are forwarded to a third country must also comply with the export control requirements of the country of first departure. You agree to furnish such information and complete and attach to the air waybill such documents as necessary to comply with such laws, rules and regulations.

In addition, you specifically warrant that you will not tender any shipments to us if you are listed on the Denied Persons List maintained by the U.S. Department of Commerce. You also warrant that you will not attempt to ship to persons or entities listed as Specially Designated Nationals or Blocked Persons by the U.S. Treasury Department and that you will ship items requiring a State Department license using our FedEx International Premium, FedEx International Express Freight or FedEx International Airport-to-Airport services or FedEx International Priority using the FedEx International Controlled Export service option. FedEx will not carry shipments that violate any U.S. export laws. We assume no liability to you or any other person for any loss or expense — including, but not limited to, fines and penalties — if you fail to comply with any export laws, rules or regulations.

FedEx Express Terms and Conditions

International Shipments (U.S. Edition)

Extra-Large Packages

Extra-large packages are pieces weighing less than 151 lbs. (or destination country limit) that exceed 130 inches (or destination country limit) in length and girth combined. These pieces may be refused, or at our sole discretion may be considered as FedEx International Priority Freight or FedEx International Economy Freight shipments once accepted by us, and a minimum chargeable weight of 151 lbs. may be applied regardless of actual weight.

Fuel Surcharge

We reserve the right to assess fuel and other surcharges on shipments without notice. The duration and amount of any surcharge will be determined at our sole discretion. By tendering your shipment to FedEx, you agree to pay the surcharges, as determined by FedEx. The fuel surcharge rate, if applicable, is available on fedex.com.

Inspection of Shipments

We may, at our sole discretion, open and inspect any shipment without notice. Governmental authorities may also open and inspect any shipment at any time.

Liabilities Not Assumed

FEDEX EXPRESS WILL NOT BE LIABLE FOR ANY DAMAGES IN EXCESS OF THE DECLARED VALUE OR US\$100 OR THE AMOUNT SET BY THE MONTREAL OR WARSAW CONVENTIONS (AS AMENDED), WHICHEVER IS GREATER, FOR CARRIAGE OF A SHIPMENT ARISING FROM TRANSPORTATION SUBJECT TO THE TERMS AND CONDITIONS CONTAINED IN THE FEDEX SERVICE GUIDE, WHETHER OR NOT FEDEX EXPRESS KNEW OR SHOULD HAVE KNOWN THAT SUCH DAMAGES MIGHT BE INCURRED.

In no event shall FedEx Express, including, without limitation, agents, contractors, employees and affiliates, be liable for any special, incidental or consequential damages, including, without limitation, loss of profits or income, whether or not FedEx Express had knowledge that such damages might be incurred.

If we inadvertently accept a shipment with a destination city or cities that we do not serve in a country to which FedEx Express international services are provided, we may attempt to complete the delivery. However, we will not be liable and we will not provide any proof of delivery. The delivery commitment listed for such country will not apply, and the applicable rate will be the highest for that country plus the maximum extended service area surcharge. In these cases, the money-back guarantee applies only to the portion of the transportation provided directly by us.

We will not be liable or responsible for loss, damage or delay caused by events we cannot control.

We will not be liable for, nor will any adjustment, refund or credit of any kind be given as a result of any loss, damage, delay, misdelivery, nondelivery, misinformation or any failure to provide information, except such as may result from our sole negligence.

We will not be liable for, nor will any adjustment, refund or credit of any kind be given as a result of, any loss, damage, delay, misdelivery, nondelivery, misinformation or failure to provide information caused by or resulting in whole or in part from:

- A. The act, default or omission of any person or entity, other than FedEx, including those of any local, state or federal government agencies.
- B. The nature of the shipment, including any defect, characteristic or inherent vice of the shipment.
- C. Your violation of any of the terms and conditions contained in the FedEx Express Terms and Conditions, as amended or supplemented, or on an air waybill, standard conditions of carriage, tariff or other terms and conditions applicable to your shipment, including, but not limited to, the improper or insufficient packing, securing, marking and addressing of shipments, or use of an account number not in good credit standing, or failure to give notices in the manner and time prescribed.
- D. Perils of the air, public enemies, criminal acts of any person(s) or entities including, but not limited to, acts of terrorism, public authorities acting with actual or apparent authority, authority of law, local disputes, civil commotion, hazards incident to a state of war, local, national or international weather conditions (as determined solely by us), local, national or international disruptions in air or ground transportation networks (as determined solely by us), strikes or anticipated strikes (of any entity, including, but not limited to, other carriers, vendors or suppliers), labor disruptions or shortages caused by pandemic conditions or other public health event or circumstances, natural disasters (earthquakes, floods and hurricanes are examples of natural disasters), conditions that present a danger to our personnel, and disruption or failure of communication and information systems (including, but not limited to, our systems).

- E. Our compliance or noncompliance with verbal or written delivery instructions from the sender, recipient or persons claiming to represent the shipper or recipient.
- F. Our compliance or noncompliance with any request to intercept a shipment in transit, or to prevent delivery.
- G. Damage or loss of articles packaged and sealed by the sender or by person(s) acting at the sender's direction, provided the seal is unbroken at the time of delivery, the package retains its basic integrity, and the recipient accepts the shipment without noting the damage on the delivery record.
- H. Our inability or failure to complete a delivery, or a delay to any delivery, due to acts or omissions of customs or other regulatory agencies.
- I. Delays in delivery caused by adherence to FedEx policies regarding the payment of duties and taxes or other charges.
- J. Our inability to provide a copy of the delivery record or a copy of the signature obtained at delivery.
- K. Erasure of data from or the loss or irretrievability of data stored on magnetic tapes, files or other storage media, or erasure or damage of photographic images or soundtracks from exposed film.
- L. The loss of any personal or financial information including, but not limited to, social security numbers, dates of birth, driver's license numbers, credit card numbers and financial account information.
- M. Our failure to honor package-orientation graphics (e.g., "up" arrows, "this end up" markings), "fragile" labels or other special directions concerning packages.
- N. Your failure to ship goods in packaging approved by us prior to shipment where such prior approval is recommended or required.
- O. The shipment of fluorescent tubes, neon lighting, neon signs, X-ray tubes, laser tubes, light bulbs, quartz crystal, quartz lamps, glass tubes such as those used for specimens and glass containers such as those used in laboratory test environments.
- P. Our failure to notify you of any delay, loss or damage in connection with your shipment or any inaccuracy in such notice.
- Q. Shipments released without obtaining a signature if a signature release is on file.
- R. Our failure or inability to attempt to contact the sender or recipient concerning an incomplete or inaccurate address or other recipient information; incorrect, incomplete, inaccurate or missing documentation; payment of duties and taxes necessary to release a shipment; or an incomplete or incorrect customs broker's address.
- S. The failure to properly designate a delivery address as a Residential Delivery or Commercial Delivery, including delivery addresses that were processed through any address verification function or program.
- T. Any package where FedEx records do not reflect that the package was tendered to FedEx by the shipper.
- U. The shipper's failure to delete all shipments entered into a FedEx self-invoicing system, internet shipping device or any other electronic shipping method used to ship a package, when the shipment is not tendered to FedEx. If you fail to do so and seek a refund, credit or invoice adjustment, you must comply with the notice provisions in Invoice Adjustments/Overcharges in the Billing section. FedEx is not liable for any refund, credit or adjustment unless you comply with those notice provisions.
- V. Your use of an incomplete, inaccurate, or invalid FedEx account number or your failure to provide a valid FedEx account number in good credit standing in the billing instructions on shipping documentation.
- W. Damage to briefcases, luggage, garment bags, aluminum cases, plastic cases, or other items when not enclosed in outer packaging, or other general shipping containers caused by adhesive labels, soiling or marking incidental to transportation.
- X. The shipment of perishables or commodities that could be damaged by exposure to heat or cold, including, but not limited to, the shipment of any alcoholic beverages, plants and plant materials, tobacco products, ostrich or emu eggs, or live aquaculture.
- Y. The shipper's failure to provide accurate delivery address information.
- Z. Damage to computers, or any components thereof, or any electronic equipment when shipped in any packaging other than:
 1. The manufacturer's original packaging, which is undamaged and has retained a good, rigid condition.
 2. Packaging that is in accordance with the FedEx packaging guidelines available online at fedex.com/packaging.
 3. FedEx laptop packaging, for shipments of laptop computers.
 4. FedEx small electronic device packaging, for shipments of cell phones, handheld computers, MP3 players and similar items.
 5. FedEx tablet packaging, for shipments of tablet computers.

FedEx Express Terms and Conditions

International Shipments (U.S. Edition)

(Liabilities Not Assumed, cont.)

AA. Any shipment containing a prohibited item. (See the Prohibited Items section.)

BB. Our provision of packaging, advice, assistance or guidance on the appropriate packaging of shipments does not constitute acceptance of liability by FedEx unless such advice, assistance or guidance has been approved in writing by FedEx Packaging Design and Development and the writing expressly accepts liability in the event of a damaged shipment.

CC. Failing to meet our delivery commitment for any shipments with an incomplete or incorrect address. (See the Undeliverable Shipments section.)

DD. Failing to deliver or not attempting to deliver a package within the delivery commitment time, if the shipper or recipient requested a later delivery or informed FedEx that the recipient location is closed during the originally scheduled delivery time.

EE. Damages indicated by any shockwatch, tiltmeter or temperature instruments.

FF. Loss or damage to alcohol shipments unless an approved packaging type is used or FedEx Packaging Design and Development has preapproved your packaging prior to shipment. See the Alcoholic Beverages section for further information.

GG. Dangerous goods shipments that the shipper did not properly declare, including proper documentation, markings, labels and packaging. FedEx Express will not pay a claim on undeclared or hidden dangerous goods and the FedEx Money-Back Guarantee does not apply.

HH. FedEx will not be liable for the failure to provide any services or service options where our records do not reflect that the services or service options were selected by the shipper.

Limitations on Legal Actions

In the event that the Warsaw Convention, as amended, or Montreal Convention does not prescribe limitations on legal actions, the following will apply.

Any right you might have to damages, refunds, credits, recovery of reliance interests, disgorgement, restitution, injunctive relief, declaratory relief or any other legal or equitable relief whatsoever against us under any cause of action arising from the transportation of any package pursuant to the FedEx Service Guide shall be extinguished unless you file an action within one year from the date of delivery of the shipment or from the date on which the shipment should have been delivered.

Any right that you might have to damages, refunds, credits, recovery of reliance interests, disgorgement, restitution, injunctive relief, declaratory relief or any other legal or equitable relief whatsoever against us under any cause of action arising from the transportation of any package pursuant to the FedEx Service Guide shall be extinguished unless you first comply with all applicable notice periods and requirements in these terms and conditions including, but not limited to, the periods and requirements for providing notice under the Billing, Claims and Money-Back Guarantee Policy sections. You and we understand that timely and complete compliance with such notice periods and requirements is a contractual condition precedent to your right to any relief whatsoever, and you must plead compliance with those conditions precedent on the face of any complaint that you file against us. You and we agree that FedEx cannot be considered to have breached any obligation to you unless or until we wrongfully deny a claim submitted to us pursuant to the notice periods and requirements contained in these terms and conditions. Finally, you and we agree that you will comply with applicable notice periods and requirements even if you believe that such compliance will not result in relief from us or if you lack knowledge regarding whether such compliance will result in relief from us.

You agree that you will not sue us as a class plaintiff or class representative, join as a class member, or participate as an adverse party in any way in a class-action lawsuit against us. Nothing in this paragraph, however, limits your rights to bring a lawsuit as an individual plaintiff.

To the extent that any court finds that state rather than federal law applies to any provision of this contract, the controlling law is the substantive law of the state in which you tendered your shipment to us.

The performance of any services does not make us an agent of the shipper or any third party for any purpose.

Live Animals

FedEx Express does not accept live-animal shipments as part of its regular-scheduled service and does not transport household pets such as dogs, cats, birds and hamsters. FedEx Express may accept certain shipments of live animals such as horses, livestock and zoo animals (to and from zoo locations only) on an exception basis if approved and coordinated by the FedEx Live Animal Desk (call 1.800.405.9052).

Money-Back Guarantee Policy

We offer a money-back guarantee for our services.¹ This guarantee can be suspended, modified or revoked at our sole discretion without prior notice to you.

A. Money-Back Guarantee. For U.S.-based payers, we will, at our option, and upon request, either refund or credit to the applicable invoice only your transportation charges if we deliver a shipment 60 seconds or more after the applicable delivery commitment time. The money-back guarantee applies to shipments tendered using the following services: FedEx International First, FedEx International Next Flight, FedEx International Priority, FedEx International Priority Freight, FedEx International Economy, FedEx International Economy Freight, FedEx International Priority DirectDistribution, FedEx International Priority DirectDistribution Freight and FedEx International Premium. It does not apply to FedEx International MailService. This money-back guarantee is your exclusive remedy in the event of a service failure for the recovery of all or any portion of the FedEx charges for a shipment. If the money-back guarantee is suspended, there is no remedy or recovery of charges for a service failure. There are no delivery commitments for shipments on which the money-back guarantee is suspended.

B. Limitations. The following limitations apply:

1. Credits for transportation charges will be applied to the payer's account only, and refunds will be made payable to the payer only.
2. Only one refund or credit is permitted per package. In the case of multiple-piece shipments, this money-back guarantee applies to each package in the shipment. If a service failure occurs for any package within the shipment, a refund or credit will be given only for the portion of the transportation charges applicable to that package. For FedEx International Priority DirectDistribution and FedEx International Priority DirectDistribution Freight, the money-back guarantee is prorated based on the number and weight of packages within the shipment where delivery is not completed by the service commitment.
3. A credit or refund under our money-back guarantee policy will be applied only against charges for the shipment giving rise to the credit.
4. An exact delivery commitment time can be obtained only by telephoning International Customer Service and supplying us with all of the following:
 1. Commodity being shipped
 2. Date of the shipment
 3. Exact destination
 4. Weight of the shipment
 5. Value of the shipment

Any transit time published in the FedEx Service Guide or elsewhere, or quoted by Customer Service without the above five required facts, is only an estimate and is not a stated delivery commitment time. You agree that our records regarding quoted delivery times will constitute conclusive proof of any such quotes.

5. If a delivery later than the original delivery commitment time is requested by the shipper or recipient before the first delivery attempt is made, the delivery commitment time for application of the money-back guarantee policy will be adjusted to account for the requested delivery date and/or time. However, the money-back guarantee may not apply to certain shipments for which the recipient has requested to modify or customize delivery through methods approved by FedEx.
6. If the shipper or recipient informed FedEx that the recipient location is closed on a certain day or at a certain time, the delivery commitment time for application of the money-back guarantee policy will be the next business day at the delivery commitment time for the service originally selected.
7. This money-back guarantee does not apply to requests for invoice adjustment based on overcharges (see the Billing section) or shipments to P.O. box addresses acceptable for delivery (see the Post Office Box Addresses section).
8. The money-back guarantee for shipments destined for our extended service areas applies only to the portion of the transportation provided directly by us.
9. This money-back guarantee applies only to transportation charges paid by U.S.-based payers and does not apply to duties, taxes or other charges, including ancillary clearance service fees.
10. Holidays in international locations will affect our transit times. Contact International Customer Service for information on delivery commitments that may be affected due to the observance of these holidays. Deliveries normally scheduled to be made on the day of holiday observance will be rescheduled for delivery on the next business day. The delivery commitment for application of the money-back guarantee policy will be extended for a period equal to the length of the holiday.

FedEx Express Terms and Conditions

International Shipments (U.S. Edition)

(Money-Back Guarantee Policy, cont.)

11. If the sender or recipient specifies a customs broker other than FedEx or the broker selected by FedEx (where this service is available), notification may be given to the broker by 12 p.m. on the first business day the shipment is available for customs clearance in the destination country, and such notification constitutes timely delivery.
12. For FedEx International Next Flight service, the quoted delivery time may be changed for many reasons, including, but not limited to, the following: flight delays or cancellations due to air traffic control, weather or mechanical problems. If the delivery commitment is changed, the money-back guarantee will only be applicable to the latest quoted delivery time.

C. Exceptions. FedEx will not be obligated to refund or credit your transportation charges if:

1. We provide you with proof of timely delivery, consisting of the date and time of delivery and, if applicable, the name of the person who signed for the shipment, or service-exception information reflecting that the failure to deliver timely resulted from circumstances described under the Liabilities Not Assumed section.
2. The service failure resulted, in whole or in part, from any of the circumstances described under the Liabilities Not Assumed section.
3. The payer's FedEx account number was not in good credit standing, or payment instructions were invalid, and delivery was delayed until payment arrangements were secured.
4. The shipment was scheduled for delivery on the Wednesday immediately prior to Thanksgiving or during the seven calendar days before Christmas Day via any FedEx Express international or FedEx Express Freight international service, and was delivered within 90 minutes of the published delivery commitment time for the selected service and destination.
5. The shipment was undeliverable or returned.
6. The shipment contained dangerous goods or dry ice.
7. The shipment was delayed due to an incorrect address or to the unavailability or refusal of an appropriate or eligible person to accept delivery or sign for the package.
8. The shipment was delayed due to customs or regulatory delays, including, but not limited to, any delays resulting from compliance with advance notice or prior notice requirements.
9. The delay in delivery was caused by adherence to FedEx policies regarding the payment of duties and taxes prior to customs clearance or at delivery.
10. Incorrect FedEx tracking numbers were applied to the subject package or shipment by customers using FedEx electronic shipping devices.
11. Complete recipient information was not provided at the time of tender to FedEx. Complete recipient information must be provided on either the air waybill or through any FedEx electronic shipping device.
12. You did not book an international freight shipment as required.

D. Refund or Credit Requests. To qualify for a refund or credit due to a service failure, you must notify us of the service failure and request a refund or credit of your transportation charges in compliance with the conditions listed below. If you do not comply with these conditions, you are not entitled to receive a refund or credit and cannot recover compensation for a service failure in any lawsuit.

1. You may request a refund or credit of transportation charges due to a service failure in the following ways:
 - a. Use our internet application FedEx Billing Online at fedex.com if you are a registered user; or
 - b. Submit your request through the invoice adjustment feature at fedex.com; or
 - c. Submit the request via our telephone invoice adjustment system at 1.800.GoFedEx 1.800.463.3339 (say "billing").
2. Your notification of a service failure must include your FedEx account number, if any; the FedEx tracking number; and the date of the shipment.
3. All requests for refund or credit of transportation charges must be received via one of the approved channels within 15 calendar days of the invoice date or within 15 calendar days from the ship date if you are paying by credit card or in advance by cash, check or money order.
4. A partial payment against an invoice is not considered a request for invoice adjustment or notice of a refund request. A notification of the reason for an unpaid charge with your payment is not considered a request for an invoice adjustment or notice of a refund request if the reason relates to a service failure.

¹Offer void where prohibited by law.

Package Consolidators

FedEx cannot accept a consolidation under FedEx Express international services or FedEx International Broker Select from a forwarder, unless the shipper:

- a. Is a FedEx Authorized ShipCenter, or
- b. Ships using FedEx International Airport-to-Airport, or
- c. Ships using FedEx International Express Freight, or
- d. Ships using FedEx International Premium.

In addition, consolidators are responsible for complying with all applicable requirements including, but not limited to, requirements for shipping dangerous goods and complying with customs and other legal requirements applicable to packages tendered for international transportation.

If you tender packages to a consolidator instead of to us directly, the following limitations apply:

- A. Consolidators are not agents of FedEx, and we are not responsible for any errors or omissions made by them.
- B. Inquiries or claims regarding shipments tendered to a consolidator must be directed to the consolidator. We cannot assist the shipper, recipient or third party in these situations, nor do we have any liability for lost, damaged or delayed shipments. The consolidator is the shipper in such cases.
- C. Consolidators may submit claims for refunds or credits for shipping charges under the money-back guarantee policy. Neither the customer who tendered the package to the consolidator nor the recipient is eligible for refunds or credits under the money-back guarantee policy.
- D. In order for a consolidator to receive packaging from FedEx, the consolidator must first enter into a Packaging and Pricing Agreement or a FedEx Authorized ShipCenter Agreement with FedEx.
- E. Consolidators set their own rates for FedEx shipping. They may charge FedEx Retail Rates for FedEx shipping services.
- F. Inquiries regarding shipments paid for at a FedEx Authorized ShipCenter (FASC) must be directed to the FASC.
- G. FASCs are independently owned and operated businesses. See the FASC representative for information regarding rates and services and the terms and conditions of carriage. FASCs are not agents of FedEx.

Package Tracking/Tracing

Tracing of international packages is available upon request. Call FedEx International Customer Service at 1.800.GoFedEx 1.800.463.3339 (say "international services") and a tracing specialist will assist you. To trace your package, you must have all of the following information when you call us:

- A. Air waybill number.
- B. Date of shipment.
- C. Recipient's name and address.
- D. Number of packages and total weight of shipment.
- E. Contents and value of shipment.
- F. Your name and phone number, so we can call you back.

Packaging and Marking

- A. You must comply with all applicable laws (including, but not limited to, local, state, federal and international laws), including those governing packing, marking and labeling for all shipments.
- B. It is the responsibility of the sender to properly complete the air waybill. The sender's address on an air waybill or electronic shipping device must show the country in which the shipment is tendered to FedEx.
- C. All packages must be prepared and packed by the shipper for safe transportation with ordinary care in handling in an express-transportation environment. Any articles susceptible to damage as a result of conditions that may be encountered in transportation, such as changes in temperature or atmospheric pressure, must be adequately protected by proper packaging. FedEx assumes no liability for perishables or commodities that could be damaged by exposure to heat or cold. Each shipment must be legibly and durably marked with the name, address and ZIP code/postal code of both the shipper and recipient. Packages cannot be wrapped in kraft paper.

FedEx Express Terms and Conditions

International Shipments (U.S. Edition)

(Packaging and Marking, cont.)

- D. You must use FedEx packaging or new corrugated boxes in good, rigid condition large enough to allow cushioning of contents on the top, bottom and sides. For guidelines on packaging specific commodities go to fedex.com/packaging. Items that cannot be packed into cartons (such as auto tail pipes, mufflers, tires and rims) must have all sharp edges and protrusions wrapped, and the address label must be secured using the tie-on tag or the tire/crate label provided by FedEx (or you may secure it by wrapping pressure-sensitive tape completely around the object). Briefcases, luggage, garment bags, aluminum cases, plastic cases, computer cartons or similar types of items whose outer finish might be damaged by adhesive labels, soiling, marking or other types of surface damage that is normal with ordinary care in handling should be placed in a protective container for shipment. Casters, wheels and rollers must be removed or packaged.
- E. Expanded polystyrene foam coolers must be shipped inside a sturdy outer container unless tested and approved for acceptance by FedEx Packaging Design and Development. Information on how to submit your packaging for testing is available at fedex.com/packaging. Expanded polystyrene foam coolers containing blood, urine and other noninfectious liquid clinical specimens must be shipped inside a sturdy outer packaging.
- F. FedEx does not recommend the use of wet ice (frozen water) as a refrigerant. Packages containing wet ice must be prepared to prevent the leakage of any liquid, regardless of package orientation. For additional wet-ice packaging requirements, refer to the packaging guide *Packaging Perishable Shipments* at fedex.com/packaging.
- G. If a shipment is refused by the recipient, leaks or is damaged, the shipment will be returned to the sender if possible. If the sender refuses to accept the returned shipment or it cannot be returned because of leakage, or damage due to faulty packaging, the shipper is responsible for and will reimburse FedEx for all costs and fees of any type connected with the legal disposal of the shipment, and all costs and fees of any type connected with cleanup of any spill or leakage.
- H. FedEx reserves the right to request a shipper to submit a representative sampling of the packaging for inspection and testing. If the shipper fails to comply with our request to inspect and test the packaging, or the sampling fails FedEx testing, FedEx will not be liable for any damages due to improper packaging.
- I. FedEx may issue written notice to you if you repeatedly fail to adhere to FedEx's packaging requirements due to your pattern or practice of insufficient packaging. Claims for damage or loss associated with an identified pattern or practice of insufficient packaging will be denied. Any such claim filed related to your shipments will not be paid, regardless of which party files the claim, unless the claimant can establish that the loss or damage did not result from a failure to use proper packaging. FedEx will continue to deny such claims until we determine that you have ceased the pattern or practice of failing to adhere to the packaging requirements. Nothing in this paragraph is intended to limit FedEx's right to deny a claim where the shipment in dispute is found to have improper packaging.
- J. Information on how to submit your packaging for testing or evaluation, and tips on packaging specific commodities (including automotive and mechanical parts, computers and perishables), are available at fedex.com/packaging.
- K. For international freight shipments, freight must be on a skid, pallet or other forkliftable base. Boxes should be stacked squarely on the skid without hanging over the edge, and the weight should be distributed evenly on the skid to avoid excess weight being placed on materials inside the cartons. Use 70-gauge stretchwrap and pass a minimum of two bands (tightly secured) through the skid voids and around all cartons.
- L. FedEx account holders may order supplies via fedex.com or by calling 1.800.GoFedEx 1.800.463.3339 (say "order shipping supplies").

Perishables

We are not liable for perishable articles unless packaged for a minimum transit time of at least 24 hours greater than our delivery commitment time for the shipment. Shipping perishable articles over a weekend or holiday is discouraged, and packaging such shipments for longer transit times is required. We recommend that you ship perishable items via FedEx International First, FedEx International Priority or FedEx International Priority Freight and have your proposed packaging evaluated by FedEx Packaging Design and Development. Information on how to submit your packaging for evaluation is available at fedex.com/packaging. Some perishables are prohibited from shipment (see the Prohibited Items section). For non-prohibited perishable shipments, your failure to use proper packaging releases us from any liability for spoiled perishables that we would otherwise assume (see the Liabilities Not Assumed section).

Pharmaceuticals

Shipments of pharmaceuticals will only be accepted when tendered in accordance with applicable local, state, federal and international laws. The shipper is responsible for compliance with all applicable laws. Controlled shipments moving under U.S. Drug Enforcement permits must be shipped using the FedEx International Controlled Export service option or FedEx air cargo services.

Pickup and Delivery

- A. We provide delivery service at no additional charge to international destinations within primary service areas.
- B. Agents are utilized for deliveries to points in extended service areas (ESAs). Depending on the final destination, an ESA surcharge per shipment may be applied for U.S. export shipments; see Rates in the FedEx Service Guide for details. Please call FedEx International Customer Service to determine if your shipment will be subject to an ESA surcharge.
- C. We do not offer a restricted-delivery service and may deliver to someone other than the person or entity named as the recipient. We also may make an indirect delivery. Indirect delivery is a completed delivery to an address or location other than the address on the air waybill. Package addresses must include the complete street address and telephone or telex number of the recipient.
- D. Shipments to hotels, hospitals, government offices or installations, university campuses, or other facilities that utilize a mailroom or other central receiving area will be delivered to the central receiving area, unless otherwise authorized and approved by FedEx.
- E. Any person scheduling a pickup other than the sender must provide a FedEx account number in good credit standing, otherwise the pickup must be scheduled by the sender. We require a minimum of two hours from the time the shipment(s) will be ready to make the pickup. (Contact FedEx International Customer Service for the specific lead times required.) Repeated pickup attempts without packages being ready may result in the cancellation of pickup privileges.
- F. If we inadvertently accept a shipment with a destination city not served in a country to which FedEx International Priority is provided, we may attempt to complete the delivery. However, certain limitations will apply. (See the Liabilities Not Assumed section.)
- G. FedEx International Priority Freight or FedEx International Economy Freight shipments picked up or delivered to H3 areas will be picked up or delivered via cartage agents and a special handling fee will apply; see Rates in the FedEx Service Guide. Freight pickup and delivery is not available on weekends (except in offshore locations where standard business days vary) for FedEx International Priority Freight and FedEx International Economy Freight.
- H. Proof of pickup is available upon request. You must provide the pickup number or FedEx tracking number (also known as the air waybill number). We will not provide proof of pickup unless you provide this information.
- I. At our sole discretion, we may refuse to pick up or deliver a shipment (package or freight), or use alternative pickup or delivery arrangements, to maintain the safety of our employees and in cases in which we believe that our services may be used in violation of local, state, federal or international laws.
- J. Additional charges may apply for late-hours, weekend or holiday pickup and delivery.
- K. The delivery commitment for FedEx International Next Flight service will be the delivery time quoted to each customer. The quoted delivery time will vary for each shipment and will depend on the availability of suitable commercial airline flights. A quoted delivery time may be changed for a variety of reasons, including, but not limited to, flight delays or cancellations due to air traffic control, weather or mechanical problems. In the event of the occurrence of any of the foregoing, the FedEx International Next Flight Service Desk shall quote a new delivery time to the shipper and recipient (if requested by the shipper) by telephone or by customer-reasonably-requested method; this new delivery time shall then become the quoted delivery time. Two attempts will be made to reach the shipper and two attempts to reach the recipient (if requested by the shipper). Any such change in the quoted delivery time will be logged in to the tracking system.
- L. In order to facilitate delivery or release of a shipment, FedEx may, at its sole discretion, contact the recipient to obtain delivery instructions, or to notify them that a delivery is scheduled, that a delivery has been completed or that a shipment is available for pickup at a Hold at FedEx Location facility. Where available, FedEx may also permit recipients to request modification or customization of delivery through methods approved by FedEx.

FedEx Express Terms and Conditions

International Shipments (U.S. Edition)

(Pickup and Delivery, cont.)

M. At its discretion, FedEx may not deliver or attempt delivery within the delivery commitment time of the service requested, if the shipper or recipient requested a later delivery or informed FedEx that the recipient is closed during the delivery commitment time. In this situation, charges will be assessed based on the service initially selected by the shipper. The shipper or payor is responsible for communicating with the recipient regarding requested later delivery times and is responsible for knowing the days and times that the recipient location can accept FedEx deliveries.

N. If a shipper tenders packages that substantially exceed the number, type, size and/or weight of packages tendered on average for the location by the shipper throughout the year, FedEx may accept such packages but, at its sole discretion, suspend the FedEx Money-Back Guarantee, if applicable, or adjust commitment times.

O. We reserve the right to assess a Residential Delivery surcharge on any shipment delivered to a home or private residence, including locations where a business is operated from a home, or on any shipment in which the shipper has designated the delivery address as a residence, including shipments where the delivery location has been designated as Residential Delivery in error.

Post Office Box Addresses

You may use post office box addresses for certain international locations, including shipments to Puerto Rico, but you must include a valid telephone, fax or telex number on the air waybill. FedEx cannot deliver to U.S. military post office box addresses such as APO, FPO and DPO.

Prohibited Items

You are prohibited from tendering the following items for shipment to any international destinations unless otherwise indicated, and you agree not to do so. (Additional restrictions may apply depending on destination. Various regulatory clearances in addition to customs clearance may be required for certain commodities, thereby extending the transit time.)

1. APO/FPO/DPO addresses.
2. C.O.D. shipments.
3. Human corpses, human organs or body parts, human and animal embryos, or cremated or disinterred human remains.
4. Explosives. (Class 1.4 explosives are acceptable for carriage to Canada, Germany, France, Japan, United Arab Emirates and United Kingdom. *Note:* United Arab Emirates only allows Class 1.4 explosives to be shipped hold-for-pickup to the FedEx Express facility in Dubai.)
5. Items resembling a bomb, hand grenade or other explosive device, except as provided in the Dangerous Goods section. This includes, but is not limited to, inert products such as novelty items, training aids and works of art.
6. Firearms, weaponry and their parts (acceptable between the U.S. and Puerto Rico).
7. Perishable foodstuffs and foods and beverages requiring refrigeration or other environmental control. An exception is available by contract only. Contact your FedEx account executive for information.
8. Live animals including insects, except as provided in the Live Animals section in the FedEx Service Guide. (Call the FedEx Live Animal Desk at 1.800.405.9052.)
9. Plants and plant material, including cut flowers (cut flowers are acceptable from the U.S. to selected points in Canada and from Colombia, Ecuador and the Netherlands to the U.S.).
10. Lottery tickets and gambling devices where prohibited by law.
11. Money (coins, cash, currency, paper money and negotiable instruments equivalent to cash such as endorsed stocks, bonds and cash letters).
12. Pornographic and/or obscene material.
13. Shipments¹ being processed under:
 - a. Duty drawback claims unless advance arrangements are made.
 - b. Temporary Import Bonds — acceptable under the FedEx International Broker Select option, for initial import only.
 - c. U.S. State Department licenses.
 - d. Carnets.
 - e. U.S. Drug Enforcement Administration export permit.

- f. Letters of Credit. Shipments subject to Letters of Credit are generally prohibited, with the exception of shipments subject to Letters of Credit calling for a "courier receipt," as defined by Article 25 of UCP 600, shipped using the FedEx Expanded Service International Air Waybill.
- g. Certificate of Registration shipments (CF4455).
14. Hazardous waste. This includes, but is not limited to, used hypodermic needles or syringes transported for sterilization, recycling, disposal or for any other purpose, or other medical waste.
15. Shipments that may cause damage to, or delay of, equipment, personnel or other shipments.
16. Shipments that require us to obtain any special license or permit for transportation, importation or exportation.
17. Shipments or commodities whose carriage, importation or exportation is prohibited by any law, statute or regulation.
18. Marijuana, as defined by U.S. federal law, 21 U.S.C. 802(16), including marijuana intended for recreational or medicinal use, and synthetic cannabinoids.
19. Shipments with a declared value for customs in excess of that permitted for a specific destination. (See the Declared Value for Carriage and Limits of Liability section in the FedEx Service Guide.)
20. Dangerous goods except as permitted under the Dangerous Goods section of these terms and conditions.
21. Processed or unprocessed dead animals, including insects and pets. Taxidermy-finished hunting trophies or completely processed (dried) specimens of whole animals or parts of animals are acceptable for shipment into the U.S.
22. Packages that are wet, leaking or emit an odor of any kind.
23. Wildlife products that require U.S. Fish and Wildlife Service export clearance by FedEx prior to exportation from the U.S.
24. In-bond shipments destined to or being withdrawn from a Foreign Trade Zone or bonded warehouse, unless the FedEx International Broker Select option is selected for U.S. import shipments, or the FedEx International Controlled Export service option is selected for U.S. export shipments.

Notwithstanding any other provision of the FedEx Service Guide, we are not liable for delay of, loss of or damage to a shipment of any prohibited item. The shipper agrees to indemnify FedEx for any and all costs, fees and expenses FedEx incurs as a result of the shipper's violation of any local, state or federal laws or regulations or from tendering any prohibited item for shipment.

¹You may be able to ship these items via FedEx International Controlled Export, FedEx International Premium, FedEx International Express Freight or FedEx International Airport-to-Airport. For information on FedEx International Controlled Export, call International Customer Service at 1.800.GoFedEx 1.800.463.3339 (say "international services"). For information on the other services listed call FedEx Express Freight Customer Service at 1.800.332.0807.

Proof of Performance (Verbal)

When requested by the sender or recipient, verbal confirmation of delivery (date, time and name of person who signed for the shipment) is available. For shipments to many countries that we serve, this information is usually available by 12 a.m. local time in the country of delivery on the day of scheduled delivery.

For FedEx International Next Flight service, a proof-of-delivery phone call to the shipper stating the date and time of delivery, and the name of the person who signed for the shipment will be performed for every shipment. Two attempts will be made to reach the shipper by telephone. A faxed proof of delivery will also be provided upon request by the shipper or the recipient.

Proof of Performance (Written)

When requested by the sender or recipient within one year of the shipping date, we will, at our option, furnish a photostatic copy of the destination delivery record or electronically captured delivery information for deliveries made to most points served. We assume no liability for our inability to provide a copy of the delivery record.

Signature proof of delivery showing an image of the recipient's signature may be available online at fedex.com for express deliveries made within the U.S., Canada and Puerto Rico.

FedEx Express Terms and Conditions

International Shipments (U.S. Edition)

Rate Quotations

Rates and service quotations by our employees and agents are estimates and will be based upon information provided by you, but final rates and service charges may vary from the quotes based upon the characteristics of the shipment actually tendered to us. We are not liable for, nor will any adjustment, refund or credit of any kind be made, as a result of any discrepancy in any rate or service quotation made prior to tender of the shipment and the rates, and other charges that we invoice to you. Any conflict or inconsistency between the FedEx Service Guide and other written or oral statements or quotes (except those found in a FedEx Sales or FedEx Express Customer Automation agreement) concerning the rates, features of service, and terms and conditions applicable to FedEx Express service will be controlled by the FedEx Service Guide, as modified, amended, changed or supplemented. FedEx only provides estimates of customs duties and taxes through the Estimate Duties and Taxes feature on FedEx Global Trade Manager at fedex.com.

Rates quoted will vary depending on whether (1) the shipper is a FedEx account holder and (2) the shipper has discounts applied to his or her account.

- Shippers will be quoted FedEx Standard List Rates if they have a valid FedEx account, do not have discounts applied to their account and if they charge their shipping to their account.
- Shippers will be quoted Account-Specific Rates if they have a valid FedEx account, have discounts applied to their account and if they charge their shipping to their account.
- Shippers will be quoted FedEx Retail Rates for shipments originating in the U.S. that are paid for by cash, check, debit or credit card instead of being charged to a valid FedEx account.

Refusal or Rejection of Shipments

We reserve the right to refuse, hold or return any shipment and may do so at our sole discretion and without liability to us. We will execute that right when (but not limited to) cases in which: (1) the shipment may cause damage or delay to other shipments, property or personnel; (2) the shipment is likely to sustain damage or loss in transit because of improper packaging or otherwise; (3) the shipment contains any prohibited items; (4) the account of the person or entity responsible for payment is not in good credit standing; or (5) when acceptance of the shipment may jeopardize our ability to provide service to other customers. We have no liability whatsoever for refusal or rejection of shipments.

Restrictions

- Size restrictions vary by country.
- Per-package weight limits may vary by country.
- There is no limit on the aggregate weight of a multiple-piece shipment (except to Argentina), provided each individual package does not exceed the per-package weight limit for the destination country. Shipments exceeding 500 lbs. require advance arrangements with us. You must call us to arrange for pickup commitments and delivery commitments. The money-back guarantee will apply only once a delivery commitment has been established by FedEx after pickup of your shipment.
- No more than one type of service may be indicated on a single air waybill and no more than one FedEx Envelope, FedEx 10kg Box or FedEx 25kg Box may be shipped on a single air waybill.
- You may ship up to 10 different commodities on a single air waybill.
- The declared value for carriage cannot exceed the declared value for customs as indicated on the air waybill.

Return and Import Shipping Options

Shipments returned to the United States using the FedEx Global Returns service option are governed by the terms and conditions applicable to the country from which the shipment is returned. Those terms and conditions of service may vary from country to country. Consult fedex.com/globalreturns or our local office in the origin country for details.

Returns customers may use a currency other than U.S. dollars. Note that currency conversion rates may fluctuate. If a currency other than U.S. dollars is used, the U.S. returns party must check the current conversion rate to determine if an Electronic Export

Information (EEI) is required to be filed. If a returns label is sent to the U.S., the U.S. returns party should always ensure that the Automated Export System (AES) proof of filing citation or Foreign Trade Regulations (FTR) exemption statement is correctly printed on the label before exporting.

FOR FEDEX GLOBAL RETURNS, NOTWITHSTANDING ANY PAYMENT INSTRUCTIONS THAT ARE GIVEN TO FEDEX, THE PARTY THAT INITIATES A RETURN SHIPMENT TRANSACTION WITH FEDEX IS ULTIMATELY LIABLE FOR, WILL BE BILLED FOR, AND AGREES TO PAY, ALL CHARGES AND FEES, INCLUDING ANY SPECIAL HANDLING FEES AND ANY DUTIES OR TAXES WHICH WE HAVE ADVANCED, REGARDLESS OF ANY PAYMENT INSTRUCTIONS TO THE CONTRARY, IF THE SENDER OR THIRD PARTY FAILS OR REFUSES TO PAY.

Shipments initiated via the Create Import Shipment feature on fedex.com are governed by the terms and conditions applicable to the country from which the shipment originates. Those terms and conditions of service may vary from country to country. Consult our local office in the origin country for details.

FOR SHIPMENTS INITIATED VIA THE CREATE IMPORT SHIPMENT FEATURE ON FEDEX.COM, NOTWITHSTANDING ANY PAYMENT INSTRUCTIONS THAT ARE GIVEN TO FEDEX, THE PARTY THAT INITIATES THE IMPORT SHIPMENT TRANSACTION WITH FEDEX IS ULTIMATELY LIABLE FOR, WILL BE BILLED FOR, AND AGREES TO PAY, ALL CHARGES AND FEES, INCLUDING ANY SPECIAL HANDLING FEES AND ANY DUTIES OR TAXES WHICH WE HAVE ADVANCED, REGARDLESS OF ANY PAYMENT INSTRUCTIONS TO THE CONTRARY, IF THE SENDER OR THIRD PARTY FAILS OR REFUSES TO PAY.

Routing and Rerouting

We will determine the routing of all shipments. Some shipments may be consolidated or forwarded by FedEx for transportation on foreign air carriers, or on either a charter or an interline basis as FedEx may determine. We reserve the right to divert any shipment (including use of other carriers) in order to facilitate its delivery.

FedEx assumes no obligation to reroute any shipment to a third country, to carry the goods by any specified aircraft or over any particular route or to make connection at any point according to any schedules. You agree that FedEx may, without notice, substitute alternative carrier or aircraft, deviate from the route or routes, or cause the goods to be transported by motor vehicle.

Dangerous goods may not be rerouted to an address other than the original intended-recipient's address provided by the shipper. (*Note:* Shipments may be made available as hold for pickup or be returned to the sender.)

Any requested change to an address that is not a reroute or an address correction is a new shipment, and new shipping charges will apply.

THERE ARE NO STOPPING PLACES THAT ARE AGREED TO AT THE TIME OF THE TENDER OF THE SHIPMENT, AND WE RESERVE THE RIGHT TO ROUTE THE SHIPMENT IN ANY WAY WE DEEM APPROPRIATE.

Note: This section does not apply to requests for delivery to another address made by the recipient through methods approved by FedEx.

Undeliverable Shipments

An undeliverable shipment is one that cannot be delivered for reasons that include, but are not limited to, any of the following:

- The recipient refuses to pay for a bill-recipient shipment.
- The recipient refuses to accept the shipment.
- The recipient's delivery address cannot be located.
- The shipment was addressed to an area not served by FedEx.
- The shipment's contents or packaging are damaged to the point that rewrapping is not possible.
- The shipment is unable to clear customs.
- The shipment would likely cause damage or delay to other shipments or property or injury to personnel.
- The shipment contains prohibited items.
- The recipient's place of business is closed.
- No appropriate person was available to accept the shipment at a delivery location on the initial delivery attempt or reattempts.
- The shipment was improperly packaged.
- The recipient of a Hold at FedEx Location shipment cannot be located.

FedEx Express Terms and Conditions

International Shipments (U.S. Edition)

(Undeliverable Shipments, cont.)

Should a shipment be classified as undeliverable or unidentifiable, the following guidelines apply:

A. If a shipment is undeliverable for any reason, we may attempt to notify the sender to arrange for the return of the shipment if local customs regulations will allow. If the sender cannot be contacted within five business days, we may place the shipment in a general order warehouse or a customs-bonded warehouse or will dispose of the shipment. In any event, if a package cannot be delivered, cleared through customs or returned, the package may be transferred or disposed of by FedEx at its discretion and at any location. The shipper, if known, agrees to pay any costs incurred in returning, storing or disposing of an undeliverable shipment.

B. For shipments returned from international points to the U.S., return charges and fees will be assessed to the original shipper, along with the original charges and fees. Also included will be any other charges incurred by us, including, but not limited to, duties, taxes, ancillary clearance fees and storage fees, if applicable. For returned shipments containing dangerous goods, the shipper must supply a completed return air waybill and all other required documents.

C. Shipments that cannot be returned due to local regulatory constraints will either be placed in a general order warehouse or a customs-bonded warehouse or disposed of at our sole discretion and at any location. The shipper agrees to pay any costs incurred by FedEx in such placement or disposal.

Warranties

WE MAKE NO WARRANTIES, EXPRESS OR IMPLIED.

If you have questions or concerns regarding FedEx services, please send your correspondence to FedEx Customer Relations Department, 3875 Airways Blvd., Module H, Memphis, TN 38116.

These FedEx Express Terms and Conditions, which are a part of the FedEx Service Guide, are published periodically by FedEx Corporate Services, Inc., on behalf of Federal Express Corporation and its subsidiaries and affiliates for the exclusive use of their customers and employees. FedEx Ground Tariff

The FedEx Ground Tariff, contained in the FedEx Service Guide, supersedes all previous terms and conditions, tariffs, amendments, supplements, and other prior statements concerning the rates and conditions of FedEx Ground service to which this tariff applies. The contract of carriage as expressed in this tariff constitutes the entire agreement between the parties and supersedes all previous agreements and understandings, whether oral or written, between the parties or any agents, affiliates or subcontractors thereof (including FedEx Office and Print Services, Inc. and its agents, affiliates and employees ["FedEx Office"]) with respect to the subject matter hereof, and each party warrants that it has not relied and will not be relying upon any evaluation, representation or advice from the other party, its agents, affiliates or subcontractors (including any agents, affiliates or employees of FedEx Office) except representations expressly made in writing in this tariff.

FedEx reserves the right to unilaterally modify, amend or supplement the rates, features of service, services, terms and conditions, and tariff in the FedEx Service Guide applicable to all customers without notice. All modifications, amendments or supplements may be authorized only by an officer in the Legal Department of FedEx Corporation or successor positions, but no other agent or employee of FedEx nor any other agent or party is authorized to do so.

The FedEx Service Guide consists of the service information at fedex.com/serviceguide and the overview of services in the downloadable FedEx Service Guide (U.S. and U.S. export); U.S., U.S. export, U.S. import and U.S. retail rates; the FedEx Express Terms and Conditions; and this FedEx Ground Tariff. The service information at fedex.com/serviceguide (excluding rates, the FedEx Express Terms and Conditions, and the FedEx Ground Tariff) and the overview of services in the downloadable FedEx Service Guide are not part of the contract of carriage. To the extent that conflicts exist, if any, between the terms and conditions, other parts of the FedEx Service Guide, and the current versions, if any, of the FedEx Ground Tariff 200 and fedex.com, the downloadable version (PDF) of the FedEx Ground Tariff (including any amendments, supplements or both) as then in effect on the date of shipment shall control.

Note: Unless otherwise specified in this tariff, the rules listed in this tariff apply to packages originating in the U.S. for transportation via a FedEx Ground service, except that this tariff does not apply to packages tendered to FedEx Ground for shipment via the FedEx SmartPost service.

Scope of Tariff

A. Participating Carriers. FedEx Ground Package System, Inc. (FedEx Ground) with packages originating in the U.S.

B. Governing Publications. Except as otherwise provided, this tariff is governed by the following publications, supplements thereto or succeeding publications thereof: FedEx Zone Locator (U.S.) and the rate information in the FedEx Service Guide in effect at the time of shipment. These publications are available at fedex.com.

C. Scope of Operations

FedEx Ground Package System, Inc. (U.S.):

- To operate as a CONTRACT CARRIER, by motor vehicle, in interstate or foreign commerce, over irregular routes, transporting GENERAL COMMODITIES (except Classes A and B explosives, household goods and commodities in bulk) between points in the U.S. under continuing contract(s) with commercial shippers, receivers or brokers of such commodities.
- To operate as a COMMON CARRIER, by motor vehicle, in interstate or foreign commerce, over irregular routes, transporting GENERAL COMMODITIES (except Classes A and B explosives, household goods and commodities in bulk) in packages weighing 150 lbs. or less when transported in a motor vehicle in which no one package exceeds 150 lbs., between ground points in the U.S.
- To operate as a common and contract carrier, by motor vehicle, in intrastate commerce, over irregular routes, transporting GENERAL COMMODITIES (except Classes A and B explosives, household goods and commodities in bulk) between points in the U.S.

Definitions

"Account-Specific Rates" are the rates paid by FedEx account holders who have discounts applied to their account and who charge their shipping to their FedEx account.

"Business day" means Monday through Friday for FedEx Ground, and Tuesday through Saturday for FedEx Home Delivery, except for the following holidays:

| | |
|------------------|------------------|
| Memorial Day | Thanksgiving Day |
| Independence Day | Christmas Day |
| Labor Day | New Year's Day |

Observation of holidays is subject to change. Refer to the holiday list on fedex.com for details.

"Business delivery" means any delivery that is not a residential delivery.

"Commercial delivery" means any delivery that is not a residential delivery.

"Consolidator" means any person, corporation, partnership or other entity that is independent from FedEx and derives income from the consolidation of the packages of others for tender to us, including all FedEx Authorized ShipCenter locations and entities who have executed a Packaging and Pricing Agreement, Package Consolidator Agreement or Packaging Agreement with FedEx.

"FedEx," "FedEx Ground," "our," "us" and "we" refer to FedEx Ground Package System, Inc., and its officers, employees and agents (but does not include cartage agents).

"In good credit standing" means: (1) that payment on the FedEx account is current; (2) the account is not in "cash only" status; and, (3) for commercial or business accounts, the balance does not exceed the credit limit established by FedEx.

"Overcharge" means a charge based on an incorrect rate; an incorrect special handling fee; billing a service other than the service selected for the package; billing based on incorrect package or shipment weight; billing to the wrong account number; or any other billing, unrelated to a service failure, that results in an incorrect charge.

"Package" means any container and its contents, and includes any non-containerized article.

"Proof of delivery" means electronically captured delivery information, which may include date, time, location and signature information.

"Residential delivery" means a delivery made to a home or private residence, including locations where a business is operated from the home, and/or a delivery in which the shipper has designated the delivery address as residential. FedEx Ground also has FedEx Home Delivery service for residential packages.

"Retail Rates" apply to shipments originating in the U.S. that are paid for by cash, check, debit or credit card instead of being charged to a valid FedEx account.

"Return option" means FedEx Ground Package Returns Program (PRP), FedEx Ground Call Tag, FedEx Print Return Label and FedEx Email Return Label.

"Service failure" means FedEx Ground did not deliver your standard ground and multiweight ground package(s) by the end of the scheduled delivery day as published on fedex.com, except as otherwise described in this tariff.

"Ship date" or "shipment date" is the date the shipment is tendered to FedEx. For shipments tendered at a FedEx location after the last pickup time, the ship date is the next business day.

"Shipment" means one or more packages shipped together to the same recipient.

"Standard List Rates" are the rates paid by FedEx account holders who do not have discounts applied to their account and who charge their shipping to their FedEx account.

"Transportation charges" mean amounts assessed for movement of a shipment and does not include any other fees or charges that may be assessed under the FedEx Service Guide, such as (but not limited to) declared-value charges, special handling fees, customs duties and taxes, collect on delivery (C.O.D.) charges, and surcharges.

"Valid" as it relates to account numbers means a FedEx account number that has been issued by FedEx and that is in good credit standing.

"You" or "your" means the shipper/sender, recipient and their agents, servants, employees, and any other person or entity having or claiming an interest in a shipment.

Non-Waiver

Any failure by us to enforce or apply a term, condition or provision of this FedEx Ground Tariff does not constitute a waiver of that term, condition or provision and does not otherwise impair our right to enforce such term, condition or provision.

Account Numbers

FedEx account holders who pay for shipments originating in the U.S. with cash, check, debit or credit card instead of charging to a valid FedEx account will be charged FedEx Retail Rates instead of FedEx Standard List Rates or Account-Specific Rates.

Account numbers are issued by FedEx according to shipping location and are nontransferable. Account numbers are issued and used solely at the discretion of FedEx. FedEx may discontinue the use of accounts, in whole or in part, and terminate all or particular accounts and account numbers at any time, for any reason, at its sole discretion. Improper, illegal or any other misuse of your FedEx account may also, at the sole discretion of FedEx, result in loss of discounts or termination of the account. Improper, illegal or other misuse includes, but is not limited to, unauthorized consolidation

of shipments owned by different parties, or violations of the terms and conditions in this FedEx Service Guide. If your account has been compromised or stolen, the account may be closed and you may be issued a new account. However, you will be responsible for all valid charges on the closed account. Any materials, rights or privileges that you acquire by holding a FedEx account number may not be used for any purpose other than shipping with FedEx, and FedEx may seek damages against you for any improper, illegal or other misuse of your account. If your account is terminated, we reserve the right, at our sole discretion, to deny your application for new or additional FedEx account numbers at any time in the future. All charges will be billed and must be remitted in U.S. funds.

All requests for account numbers are subject to credit investigation and verification by our Credit Department and Customer Account Confirmation Department. FedEx utilizes business credit reporting agencies, audited financial statements, Standard & Poor's and Moody's bond ratings, and other sources as necessary, to determine eligibility for open credit terms. FedEx does not offer consumer credit privileges. Any individual shipping for personal use must prepay the shipment charges or establish a FedEx account for billing directly to a major credit card. Stored-value cards or gift cards cannot be used to open an account; however, such cards may be used for payment when tendering a package at staffed FedEx shipping locations, and in conjunction with our credit card acceptance policy. If your FedEx account is billed directly to a credit card, you agree to the following terms: (1) you authorize FedEx to initiate variable charges to the credit card to settle charges payable to FedEx; (2) you authorize FedEx to charge your card for any unpaid amounts on your account; (3) you authorize the card issuer to pay any amounts associated with your account without requiring a signed receipt; (4) you agree to keep your card information current (FedEx may receive updates on your card information from participating issuing banks and may update your account profile to avoid service disruptions); (5) you agree that FedEx shall have no liability for any insufficient funds or other charges incurred from attempts to charge and/or place holds on your card; and (6) your agreement to these terms and conditions is to be accepted as authorization to the card issuer to pay all amounts associated with your account.

The party to whom a FedEx account number is issued is liable for all charges to the account, including those resulting from unauthorized use. The account holder is responsible for the safekeeping of the account number. The account number should be released only to those authorized to ship on the account.

Failure to keep your FedEx account current may result in "termination" of your FedEx Ground service. If the account number to be billed is not valid, the shipment may be refused, delayed or returned until an alternative form of payment is secured. If a package is held, returned, or delivery is otherwise delayed because the account is not in good credit standing, you will not be entitled to a refund or credit of your transportation charges under the money-back guarantee policy.

You must use your FedEx account number to obtain any discount applicable to your account. Use of your account number constitutes your agreement that all packages shipped by us shall be subject to this tariff, as modified, amended or supplemented.

For FedEx Ground services, you may only request FedEx to bill accounts with a U.S. or Canadian billing address. Any request for FedEx to bill otherwise is null and void, and FedEx, at its sole discretion, reserves the right to bill the sender for those charges.

Services and rates for packages dropped off at FedEx Office Print and Ship Centers, FedEx World Service Center locations and FedEx Authorized ShipCenter locations using the shipper's FedEx Ground account number or bar code shall be as stated in the shipper's FedEx Ground Service Agreement or FedEx Ground Pricing Addendum, if any, and the incorporated documents. Not all delivery services are available at FedEx Office Print and Ship Centers and FedEx World Service Center locations.

FedEx may provide trade credit information on its account holders to credit bureaus.

Alcoholic Beverages

Only licensed entities holding a state and federal license or retailers holding a state license may ship alcohol with FedEx. Consumers may not ship alcohol. Shippers must enter into an approved FedEx Alcohol Shipping Agreement before shipping any alcohol with FedEx. For more information, go to fedex.com/us/wine or contact your FedEx account executive.

A. Licensee to Licensee. FedEx will accept alcohol shipments (beer, wine and spirits) when both the shipper and recipient are either licensed wholesalers, licensed dealers, licensed distributors, licensed manufacturers, licensed retailers or licensed importers, subject to additional requirements and all applicable laws and regulations. Contact your FedEx account executive for complete details.

B. Licensee to Consumer. FedEx will accept wine shipments from licensed entities directly to consumers, subject to additional requirements and all applicable laws and regulations. Contact your FedEx account executive for complete details. Shipments of beer or spirits to consumers are prohibited.

Billing

A. "Bill Sender" means charges will be billed to the sender. Payment on the account must be current. The sender may request an initial rebilling to another party, but all subsequent rebills will be only to the sender.

B. "Bill Recipient's FedEx Account Number" means charges will be billed to the recipient (except for certain additional charges that are billed to the sender, including, but not limited to, weekly pickup fees, alternate address pickup fees, on-call per-package pickup charges, address correction fees, and invalid or missing account number fees). "Bill Recipient" should not be confused with C.O.D. service. In order to choose this billing option, the recipient's FedEx account number must be inputted into the sender's electronic shipping system at the time the package is processed and payment on the account must be current. If the recipient is billed initially and refuses to make payment for the shipment, the charges may be rebilled to a third party. If not paid by the third party, any additional rebilling will be to the sender's account. (See section N, Billing Special Handling Fees.) The sender is liable for, and will be billed for, all charges and fees, plus all special handling fees in the event recipient or any third party does not pay. If due to the charges the recipient account exceeds credit limits with FedEx Ground, the sender will automatically be billed.

C. "Bill Third Party's FedEx Account Number" means charges will be billed to someone other than the sender or recipient (except for certain additional charges that are billed to the sender, including, but not limited to, weekly pickup fees, alternate address pickup fees, on-call per-package pickup charges, address correction fees, invalid or missing account number fees, and fees associated with C.O.D. or electronic C.O.D. [E.C.O.D.]). In order to choose this billing option, the FedEx account number of the third party must be inputted into the sender's electronic shipping system at the time the package is processed and payment on the account must be current. If the third party is billed initially and refuses to make payment for the shipment, the charges may be rebilled to another party, but subsequent requests will only be rebilled to the sender. (See section N, Billing Special Handling Fees.) If the party that is rebilled refuses to pay, the sender is liable for and will be billed for all charges and fees, plus all special handling fees. If due to the charges the third-party account exceeds credit limits with FedEx Ground, the sender will automatically be billed.

D. "Bill FedEx Ground COLLECT" means transportation charges will be billed to the recipient and certain additional charges will be billed to the sender. The transportation charges billed to the recipient include, but are not limited to, fuel surcharges and out-of-area surcharges. The certain additional charges billed to the sender include, but are not limited to, weekly pickup fees, alternate address pickup fees, on-call per-package pickup charges and address correction fees. In order to choose "Bill FedEx Ground COLLECT," the sender is responsible for shipping to consignees who are authorized COLLECT recipients. If the consignee is not authorized, the sender is liable for, and will be billed for, all charges and fees, plus all special handling fees in the event the recipient or any third party does not pay. If not paid by the third party, any additional rebilling will be to the sender's account (see section N, Billing Special Handling Fees). "Bill FedEx Ground COLLECT" should not be confused with C.O.D. service.

When shipping packages using the FedEx Ground COLLECT service option, the sender agrees to pay all additional charges and surcharges related to the shipment other than those billed to the recipient, as described above. The sender agrees to ship packages collect only to recipients authorized by FedEx Ground to receive collect shipments. The sender further agrees to pay all applicable transportation charges if a package is shipped to an unauthorized recipient or if an authorized recipient refuses to accept delivery of a collect shipment. An additional charge will be assessed on any package that is shipped collect to a recipient not authorized by FedEx Ground to receive collect packages.

E. For "Bill Recipient," "Bill Third Party" or "Bill FedEx Ground COLLECT" transactions, if the recipient or third party refuses to pay the charges, refuses delivery or cannot be contacted, the sender is responsible and will be billed for any and all charges. For "Bill Recipient," "Bill Third Party" or "Bill FedEx Ground COLLECT" transactions, FedEx Ground may verify the method of payment and reserves the right to not accept any "Bill Recipient," "Bill Third Party" or "Bill FedEx Ground COLLECT" shipment for which such verification cannot be established.

F. FedEx may consider payment type in determining pricing and discounts, and reserves the right to adjust discounts based on payment type.

G. The sender's shipment may be delayed if FedEx Ground determines that it is billed to a FedEx account number that is not in good credit standing. The service failure money-back guarantee will not apply (see the Money-Back Guarantee Policy section for details and limitations).

H. C.O.D. shipments may not be shipped "Collect" or "Bill Recipient." Shipping charges for C.O.D. shipments must be billed to either a sender's or third party's FedEx account number; they may not be paid by cash, check or credit card.

M. If you are interested in or have questions regarding any of our invoicing or payment methods, contact your FedEx account executive or call FedEx Revenue Services at 1.800.GoFedEx 1.800.463.3339 (say "billing"), or access our internet application Manage My Account at fedex.com.

N. Billing Special Handling Fees. A special handling fee will be applied in the following situations:

1. Invoicing where an incomplete, inaccurate, invalid or deleted account number appears in the EDI transmission of shipping information.
 - a. For "Bill Sender" transactions, if the account number on the shipping bar code is incomplete, inaccurate, invalid or deleted, and FedEx Ground is able to determine the correct number from FedEx Ground records, all charges and fees, plus the special handling fee, will be billed to the sender, and any appropriate earned discount will apply. If the correct account number cannot be determined

from FedEx Ground records, all charges and fees plus the special handling fee will be billed to the sender, and no discount will be allowed.

- b. For "Bill Third Party" or "Bill Recipient" transactions, if the third party or recipient account number in the electronic data interchange (EDI) transmission is incomplete, inaccurate, invalid or deleted, all charges and fees, plus the special handling fee, will be billed to the sender. If FedEx Ground can determine the sender's correct account number from FedEx Ground records, it will be used for billing, and any appropriate earned discount will apply. If billed to sender and sender's correct account number cannot be determined from FedEx Ground records, no discount will be allowed.
- c. The fee for an incomplete, inaccurate, invalid or deleted account number will be applied only once for each package with such an account number.
2. Payer Rebilling. A special handling fee will be charged to the sender for all requests to change a billing from the party billed or the bill-to party shown on the shipping transmission. If there are multiple requests, the fee may be applied for each invoice line item, which is rebilled. Requests for rebilling will be accepted up to 180 days from the invoice date, not counting the invoice date. Rebill requests will be accepted only for unpaid shipments.

Requests for rebilling of transportation charges must be received via one of the approved channels:

 - a. Submit your request through the Non-Pay option with Electronic Data Interchange (EDI) if you are a registered user; or
 - b. Use our internet application FedEx Billing Online at fedex.com if you are a registered user; or
 - c. Submit your request via email using the formatted spreadsheet and email address provided at fedex.com/us/account/inhome/other/eremit.html. Your request for a rebill of transportation charges must include the current invoice number, the FedEx tracking number, amount and the new FedEx account number that you want to rebill; or
 - d. Submit the request via our automated interactive voice response system at 1.800.GoFedEx 1.800.463.3339 (say "billing"). Your request for a rebill of transportation charges must include your FedEx account number, if any, the current invoice number, the FedEx tracking number and the new FedEx account number that you want to rebill.

0. Invoice Adjustments/Overcharges:

1. FedEx Ground reserves the right to audit shipments made via an electronic shipping device to verify service selection and package or shipment weight. If the service selected or weight entered is incorrect, FedEx Ground may make appropriate adjustments to the invoice at any time.
2. Default Billing. Senders are responsible for entry of accurate shipment information in any electronic shipping device. Because the number of packages and weight per package are critical to our ability to correctly invoice, any omission or incorrect entry or unavailable information will result in a billing based on our estimate of the number of packages transported and either the standard dimensional factor at the time of billing or a standard "default" weight-per-package estimate determined at our sole discretion.
3. You may request an invoice adjustment for reasons not related to a service failure in the following ways:
 - a. Use our internet application FedEx Billing Online at fedex.com if you are a registered user; or
 - b. Submit your request through the invoice adjustment feature at fedex.com; or
 - c. Submit the request in writing using the invoice adjustment form on the back of your invoice. If your request exceeds the space available on the form, you may submit your request via email using the formatted spreadsheet and email address provided at fedex.com/us/account/inhome/other/eremit.html; or
 - d. Submit the request via our telephone invoice adjustment system at 1.800.GoFedEx 1.800.463.3339 (say "billing"). If you choose to submit your request via the telephone invoice adjustment system, the request must state the reason you believe an adjustment or refund is warranted and must provide the following: the FedEx account number (if any); the FedEx tracking number; and the date of shipment.

A partial payment against an invoice is not considered a request for invoice adjustment or notice of a refund request.

4. Requests for invoice adjustment due to an overcharge must be received within 180 days after the date of shipment. For adjustments due to a service failure, see the Money-Back Guarantee Policy section.

FedEx Ground Tariff

(Billing, cont.)

If you choose to send the invoice adjustment request separately from the remittance statement, please send to:

FedEx
Revenue Services
3965 Airways Blvd., Module G
Memphis, TN 38116

For additional information or assistance regarding billing issues, please contact a FedEx account executive.

5. FedEx is not obligated to refund any overcharge or pay any other obligation owed when your FedEx account is, or has been in the past, more than 60 days past due.
6. If your account is more than 60 days past due, FedEx may, at its sole discretion, apply any overcharge amounts or other overpayments it agrees are owed to you against the oldest invoices.
- P. **Additional Taxes.** If a federal value-added, consumption or similar tax is applicable to your shipment, FedEx Ground reserves the right to add that amount to your shipment charges.
- Q. The sender is responsible for all reasonable costs incurred by FedEx Ground in attempting to obtain payment on any transaction. Such costs include, but are not limited to, attorneys' fees, collection agency fees, and interest and court costs.
- R. At our sole discretion, FedEx may transfer and assign ownership of, and any rights to collect, any and all charges due and payable to us.
- S. **Missing or Invalid Account Number.** An account number is invalid if it is not the correct account number for the bill-to party, or it is the account number for a recipient or third party who fails to pay the shipping charges. An additional charge will be assessed for each missing or invalid account number.

Claims

A. Filing of Claims:

1. All claims in connection with request for FedEx Ground C.O.D. service and all claims for loss of or damage to property tendered to FedEx Ground for transportation in interstate or intrastate commerce (U.S.) must be filed in writing; must include or refer to the Customer Shipping Record, if applicable, tracking ID, and date or other facts sufficient to identify the package involved; and must be accompanied by documents that prove the value of the property and/or extent of the loss or damage.

Documentation Requirements. Such documents may include original purchase invoices, estimates or invoices for repair (repairs are not authorized under this provision and should not be made until FedEx Ground has inspected the damaged package or expressly waived its right to inspect the damaged package), expense statements, appraisal, final confirmation screen if online order with proof of purchase, or other certified documents; must assert our liability for the alleged loss or damage; and must make claim for the payment of a specified or determinable amount of money. A request for proof of delivery does not constitute the filing of a claim.

Notification. *In the case of a claim for concealed loss or damage that is not discovered at the time of delivery, the sender or recipient must notify FedEx Ground as promptly as possible after the discovery of the damage, and in any event no later than 60 days after the date of delivery. Notification should be made by calling 1.800.GoFedEx 1.800.463.3339 (say "claims") and the claimant shall be issued a Damaged Call Tag. At the time the Damaged Call Tag is issued, the call center agent will provide a confirmation number. This number should be recorded on the claim form along with the original tracking ID where indicated. Notification does not constitute filing of a claim as required in section C below.*

Except as provided in the paragraph above, receipt of the shipment by the recipient without written notice of damage on the delivery record is *prima facie* evidence that the shipment was delivered in good condition. As a condition to FedEx Ground considering a claim, all the original shipping cartons, packing (inner and outer) and contents must be made available for FedEx Ground inspections. Package and contents must be retained by the claimant until the claim is resolved.

2. You can file a claim in the following ways:
 - a. Submit claims online at fedex.com/us/claimsonline (excluding FedEx Ground C.O.D. claims) for U.S. shipments, U.S. export shipments to Canada and U.S.-inbound shipments from Canada.
 - b. Send written claims, including the completed claim form and supporting documentation, via the U.S. Postal Service or fax to:

FedEx Cargo Claims Department
P.O. Box 256
Pittsburgh, PA 15230
Fax: 1.877.229.4766

If you fax your completed claim form and supporting documentation, FedEx will send you a confirmation letter by return fax.

- c. Call customer service at 1.800.GoFedEx 1.800.463.3339 (say "claims") to obtain a case number for your claim, then complete a print copy of the claim form. You may have to submit supporting documentation using FedEx Claims Online or the mailing address or fax number listed above.
3. FedEx Ground will not voluntarily pay a claim for an uncertain amount, such as "\$100 more or less." FedEx Ground is not obligated to act on any claim until all transportation charges are paid. The claim amount may not be deducted from these charges or any outstanding balance.
4. Bad order reports, appraisal reports of damage, notations of exceptions on delivery records or other documents, inspection reports issued by FedEx Ground inspectors or inspection agencies, requests for proof of delivery, and tracer or inspection requests standing alone are not sufficient to comply with these claim filing requirements.
5. FedEx Ground shipment-status information is not intended or permitted to be used by the shipper to file claims. (See Shipment-Status Information in the Proof of Delivery section.)
6. **FAILURE TO COMPLY WITH ANY OF THE ABOVE CONDITIONS WILL RESULT IN THE DENIAL OF A CLAIM.**
7. FedEx Ground reserves the option to pick up salvage on damaged claims when the claim is paid in full.

B. Acknowledgment of Claims. FedEx Ground will, upon receipt in writing of a proper claim filed in the manner and form described in these regulations and accompanied by the documents described, acknowledge the receipt of such claim in writing within 30 days after the date of receipt by FedEx Ground unless FedEx Ground shall have paid or declined such claim in writing within 30 days of the receipt thereof. FedEx Ground will create either in writing or electronically a separate file for each claim received, assign each claim a successive claim file number, and note the claim number assigned on all documents filed in support of the claim and all records and correspondence relating to the claim, including the written acknowledgment of receipt and, if in its possession, the pickup and delivery records covering the package involved. FedEx Ground will record the date a claim is received on the face of the claim document. The date of receipt will also be noted on our written acknowledgment of receipt.

C. Time Limit for Filing Claims. Claims in connection with requests for FedEx Ground C.O.D. service and claims for loss, damage or delay must be filed in writing with FedEx Ground within nine months from the date of delivery, or, in the event that FedEx Ground failed to make delivery, within nine months after the package was tendered to FedEx Ground for shipment. Suits against FedEx Ground must be instituted within two years and one day from the date FedEx Ground gives written notice that FedEx Ground has disallowed any part of the claim specified in the notice. If claims are not filed or suits are not instituted in accordance with the foregoing provisions, FedEx Ground will not be liable and such claims will not be paid. A Claim Reporting Form can be requested from a FedEx account representative or by calling 1.800.GoFedEx 1.800.463.3339 (say "claims").

D. Investigation of Claims:

1. Each claim must be supported by the original Customer Shipping Record (if applicable), evidence that applicable transportation charges have been paid, and documents that prove the value of the property, and/or extent of the loss or damage. Such documents may include original purchase invoices, estimates or invoices for repair, expense statements, appraisals, or other certified documents. The documents must be verifiable to our satisfaction. Where the property involved in a claim has not been invoiced to the recipient, or where an invoice does not show price or value, or where the property involved has not been sold, or where the property has been transferred at bookkeeping values only, FedEx Ground will, before voluntarily paying a claim thereon, require the claimant to establish the destination value of the quantity shipped, transported or involved, and to certify the correctness of the valuations in writing.
2. When a claim for loss of an entire package or an entire shipment cannot otherwise be authenticated upon investigation, FedEx Ground will obtain from the recipient of the shipment involved a certified statement in writing that the property for which the claim is filed has not been received from any other source.
3. In the event that the shipper and the recipient have refused a package, the property shall thereupon pass to FedEx Ground. FedEx Ground will not honor a claim for an abandoned package.

FedEx Ground Tariff

(Claims, cont.)

E. Disposition of Claims. FedEx Ground will, after receiving a written claim for loss or damage to the property transported, either pay actual or declared value for the property, whichever is lower; or decline, or make a firm compromise settlement offer in writing to the sender (unless special arrangements have been made) within 120 days after receipt of claim by FedEx Ground. If a claim cannot be processed and disposed of within 120 days after the receipt thereof, FedEx Ground will advise in writing of the status of the claim and the reason for the delay in making final disposition. Acceptance of payment of a claim shall extinguish any right to recover in connection with that shipment.

F. Damaged Property:

1. **FedEx Ground Discovered Damage.** Whenever property is damaged by FedEx Ground in the course of transportation and discovered by FedEx Ground prior to delivery, FedEx Ground will either (1) return the damaged property to the shipper or (2) remove any damaged property and ship the balance of undamaged merchandise. If determined to be liable and if damaged property is returned to the shipper, FedEx Ground may, at the shipper's request, pay the full actual or declared value of the property, whichever is lower, and title of the property shall thereupon pass to FedEx Ground. If the shipper makes such a request, the shipper must hold the damaged property until FedEx Ground has completed the processing of the shipper's claim. FedEx Ground shall not be liable for any special, incidental or consequential damages.
2. **Concealed Loss or Damage.** Whenever property is delivered by FedEx Ground and damage or loss is subsequently discovered by the recipient, inspection may be made by FedEx Ground as promptly as practicable after receipt of request from the recipient or shipper. The shipper or recipient must notify FedEx Ground as promptly as possible after discovery of the damage, and in any event no later than 60 days after the date of delivery. FedEx Ground reserves the right to inspect a damaged shipment on customer premises as well as the right to retrieve the damaged shipment for inspection at a local FedEx facility. All of the original shipping cartons, packing and contents must be available for our inspection and retained until the claim is concluded. Inspection will include examination of the damaged property, the shipping container and its packing, and any other action necessary to establish all the facts. If a shortage is involved, the inspector will compare the contents of package with the invoice, weigh the shipping container and contents, or conduct any other type of investigation necessary to establish that a loss has occurred. In either case, the inspection will be limited to a factual report. The shipper and recipient must cooperate with FedEx Ground to assist in the inspection. A written record of our findings will be made and a copy given to the shipper for claim support upon request. Any inspection report issued will be incorporated into the claim file.

The terms and conditions of the FedEx Ground Tariff applicable to the original shipment (including, but not limited to, any declared value or limitation of liability) will govern the disposition of all claims in connection with said shipment, including any claim relative to the retrieval, inspection, call tag or return of said shipment.

3. In the event FedEx Ground does not make an inspection, the recipient must make the inspection and record all information pertinent to the cause. The recipient's inspection, in such case, may be considered as the FedEx Ground inspection and will not jeopardize any recovery due the shipper based on the facts contained in the report.

G. Spotted Trailers. The shipper agrees to load any trailers spotted at its facilities within 48 hours after being spotted with 225 or more packages per trailer. The shipper agrees not to file claims on any package shortages for spotted trailers. Upon written request from the shipper, FedEx Ground agrees to notify the shipper of any package shortages within 120 hours after the shipper's packages are transmitted to FedEx Ground. Notification to the shipper shall include date of pickup and the number of packages short of the total provided by the shipper on a computer-generated manifest. The shipper agrees not to file claims in connection with any package shortages reported by FedEx Ground to the shipper.

Collect on Delivery (C.O.D.) Service

A. FedEx Ground C.O.D. Service:

1. FedEx Ground offers collect-on-delivery service for packages within the U.S. and from the U.S. to Canada (E.C.O.D. remittance is only available for packages within the U.S.). To request FedEx Ground C.O.D. service, the shipper must prepare and attach to each C.O.D. package a C.O.D. label showing the amount to be collected and a C.O.D. barcode label to designate the type of collection. THE C.O.D. AMOUNT IS NOT THE SAME AS, AND SHOULD NOT BE CONFUSED

WITH, DECLARED VALUE. If the shipper does not also declare the value of the package, our liability for loss or damage shall be limited to the loss or damage actually sustained by the shipper or \$100, whichever is lower (see the Declared Value and Limits of Liability section for details).

2. FedEx Ground will collect for each C.O.D. package the amount shown on the C.O.D. label attached to the package, not to exceed \$25,000 per package. If collection cannot be made, FedEx Ground will return the C.O.D. package to the shipper. The shipper must attach a C.O.D. barcode label to each C.O.D. package to designate the type of collection:

A "Regular" C.O.D. barcode label is used when the shipper does not designate the type of payment to be collected. FedEx Ground will accept money orders or checks (including cashier's checks, official checks, certified checks, company checks and personal checks) as payment. Cash is not an acceptable form of payment if the "Regular" C.O.D. barcode label is used.

A "Guaranteed Funds" C.O.D. barcode label is used when the shipper designates a money order, cashier's check, official check or certified check to be collected.

A "Currency" C.O.D. barcode label is used when the shipper designates only currency to be collected. FedEx Ground will not accept currency in excess of \$750 in payment for the C.O.D. amount associated with any one package delivered in the U.S. Additional per-package charges for "Currency" C.O.D.-labeled packages delivered in the U.S. will apply. The additional per-package charges for "Currency" C.O.D.-labeled packages do not apply to shipments from the U.S. to Canada.

3. The original transportation of packages, collection of the payment and delivery of the payment instrument or remittance of the payment are considered a single shipment and the terms and conditions in the Declared Value and Limits of Liability section are applicable to the entirety of a C.O.D. shipment.
4. Our liability for loss, damage, delay, misdelivery, misinformation, nondelivery, failure to collect the C.O.D. amount, failure to collect the specified form of payment, collection of an instrument in the wrong amount, or failure or delay in delivering the payment instrument is limited to the declared value, subject in every event to the maximum declared-value limits and other limitations referenced above and in the Declared Value and Limits of Liability section.
5. All checks (including cashier's checks, official checks and certified checks) and money orders tendered in payment of C.O.D. packages will be accepted by FedEx Ground at the shipper's risk, including, but not limited to, the risk of nonpayment and forgery, and FedEx Ground shall not be liable upon any such instrument.
6. An additional charge will be assessed for each request for C.O.D. service to be performed, whether or not FedEx Ground is able to collect as requested. If the recipient cannot be located or fails or refuses to pay the C.O.D. amount via the requested instrument, the shipment will be returned to the shipper, and no refund or credit of either the transportation charges or the C.O.D. charges will be given.
7. Shipper represents and warrants it has legal right, interest, or appropriate legal title, to the C.O.D. funds subject to be collected and is authorized by the appropriate parties to receive such funds.
8. Performance of the C.O.D. service will not constitute FedEx Ground as the shipper's agent for any purpose, including, but not limited to, completion of the sale of the goods by the shipper to the recipient.
9. FedEx Ground C.O.D. shipments are not eligible for Hold at FedEx Location.
10. Additional restrictions may apply to C.O.D. deliveries to remote rural areas in Canada, including additional limitations on the maximum C.O.D. amount. Please contact FedEx Customer Service at 1.800.GoFedEx 1.800.463.3339 for more information.

B. Collect on Delivery Remittance:

1. Remittance of C.O.D. Collections. FedEx Ground will remit the C.O.D. collection to the shipper within 10 business days from date of collection. The C.O.D. amount will be collected and remitted in the currency of the destination country. Our sole obligation shall be to timely remit the C.O.D. collection through the U.S. Postal Service, and FedEx Ground shall not otherwise be liable for any loss or delay caused by the remittance of the C.O.D. collection.

C. Electronic C.O.D. Remittance (E.C.O.D.) E.C.O.D. service requires the approval of FedEx Ground for enrollment. (This service is not available for U.S.-to-Canada shipments.) If the shipper is approved by FedEx Ground for enrollment, the following shall apply:

1. FedEx Ground E.C.O.D. provides C.O.D. payments for approved shippers by electronic funds transfer (EFT) within 24 or 48 hours after the funds are deposited into the FedEx Ground Bank account as described below. Shipper must choose either the 24- or 48-hour transfer option at time of enrollment.

(Collect on Delivery [C.O.D.] Service, cont.)

2. All checks received by FedEx Ground on behalf of the shipper shall be restrictively endorsed by FedEx Ground in substantially the following language and deposited into our terminal bank accounts ("FedEx Ground Bank"):

FOR DEPOSIT ONLY
FEDEX GROUND
AS AGENT FOR THE WITHIN NAMED PAYEE
LACK OF ENDORSEMENT GUARANTEED
3. C.O.D. checks shall be deposited into the FedEx Ground Bank account before the bank's close of business on the first business day following the delivery date. Upon deposit to FedEx Ground Bank, FedEx Ground shall cause the proceeds of all C.O.D. checks to be electronically transferred from FedEx Ground Bank to the shipper's bank as shown on a voided check supplied to FedEx Ground during the enrollment process.
4. Shipper must notify FedEx Ground of any changes to shipper's bank, account, or routing instructions required for EFT. Once notice is received by the FedEx Ground C.O.D. department, changes to EFT instructions may take up to 10 business days to take effect.
5. If any check collected on behalf of the shipper is timely deposited by FedEx Ground but thereafter is dishonored and returned to our bank as non-negotiable, the risk of nonpayment shall lie with the shipper, and the shipper shall reimburse FedEx Ground for the face amount of such check and any bank charges associated with the return of the check (non-sufficient funds charges ["NSF charges"]) by permitting FedEx Ground to reduce subsequent electronic funds remittances by a like amount, provided that such returned check is promptly forwarded to the shipper by FedEx Ground to the shipper's address. In the event that E.C.O.D. remittances have not been sufficient to allow FedEx Ground to recover check amounts and associated NSF charges within 30 days, the shipper agrees to permit FedEx Ground to electronically deduct these fees from the shipper's named financial institution. FedEx Ground will return any NSF C.O.D. checks to shipper via FedEx 2Day service.
6. All collections in the form of cash shall be deposited into the FedEx Ground Bank account before the bank's close of business on the first business day following the delivery date.
7. If a bank does not allow a third-party endorsement of money orders or cashier's checks, the money order or cashier's check will be mailed back to the shipper, and the amount initially transferred electronically will be deducted from the shipper's subsequent E.C.O.D. remittances. In the event that E.C.O.D. remittances have not been sufficient to allow FedEx Ground to recover the amount initially transferred from subsequent E.C.O.D. remittances within 30 days, the shipper agrees to permit FedEx Ground to electronically deduct the amounts initially transferred from the shipper's named financial institution. Shipper agrees to permit FedEx Ground to also reduce the next electronic funds transfer for the shipping charges included in the money order or cashier's check.
8. On or before the end of each business day during participation in the E.C.O.D. program and thereafter so long as any funds belonging to the shipper remain in the possession or control of FedEx Ground, FedEx Ground will transmit the details of all deposits at the shipper's designated bank and/or FedEx Ground's bank and/or checks returned for insufficient funds to the shipper. Such reporting shall be provided to the shipper by either facsimile transmission or email as selected by the shipper during the enrollment process.
9. In addition to the charge assessed for each C.O.D. package tendered to FedEx Ground by the shipper, an additional weekly service charge will be assessed for the E.C.O.D. service.
10. At its sole discretion, FedEx reserves the right to revoke a shipper's E.C.O.D. enrollment without notice.
2. Under the deposit plan, no interest will be paid by FedEx Ground, nor will additional charges be rendered for their services. Net balances will be refunded at the request of the shipper.
- D. When credit privileges are extended, FedEx reserves the right to establish and enforce a credit limit on your account. At our sole discretion, we may review and amend a credit limit on your account.
- E. The invoice date begins the credit term cycle, and payment is due within 15 days from the invoice date. Failure to keep your FedEx account current will result in "termination" of your ground service.
- F. IF THE ACCOUNT NUMBER TO BE BILLED IS NOT IN GOOD CREDIT STANDING, THE PACKAGE MAY BE HELD OR STOPPED IN TRANSIT UNTIL YOU MAKE ALTERNATIVE PAYMENT ARRANGEMENTS. THE MONEY-BACK GUARANTEE POLICY WILL NOT APPLY IN SUCH CIRCUMSTANCES.
- G. The shipper, and any other party who is liable for payment, is responsible for all reasonable costs incurred by FedEx Ground in obtaining or attempting to obtain payment for services rendered by FedEx Ground. Such costs include, but are not limited to, attorneys' fees, collection agency fees, interest and court costs.
- H. Credit privileges will not be restored until you have paid all past-due balances in full and all costs, fees and expenses incurred by FedEx Ground in collecting or attempting to collect such balances. FedEx Ground may require establishment of electronic funds transfer as a prerequisite to credit restoration. FedEx Ground may decline to restore credit privileges even if all costs, fees and expenses are paid.
- I. Customers requesting the reinstatement of their FedEx Ground service must contact the Recovery Collections department at 1.800.506.7580.
- J. At our sole discretion, FedEx Ground may apply payments made on your account to any unpaid invoice issued on your account.

Declared Value and Limits of Liability (Not Insurance Coverage)

- A. FedEx Ground liability with regard to any package is limited to the sum of \$100 unless a higher value is declared at time of tender and a greater charge paid as provided in the FedEx Service Guide.
- B. The declared value of any package represents our maximum liability in connection with a package, including, but not limited to, any loss, damage, delay, misdelivery, nondelivery, misinformation, any failure to provide information, or misdelivery of information. Exposure to and risk of any loss in excess of the declared value is either assumed by the shipper or transferred by the shipper to an insurance carrier through the purchase of an insurance policy. The shipper should contact an insurance agent or broker if insurance coverage is desired. FEDEX GROUND DOES NOT PROVIDE INSURANCE COVERAGE OF ANY KIND.
- C. In cases where the shipper declares or agrees in writing that the property being shipped is released to a value exceeding \$100 per package or article not enclosed in a package, an additional charge for each \$100 or fraction thereof of total valuation will be assessed to which the base rate applies, up to a maximum declared value of \$50,000 per package.
- D. Packages containing all or part of the following items are limited to a maximum declared value of \$1,000:
 1. Artwork, including any work created or developed by the application of skill, taste or creative talent for sale, display or collection. This includes, but is not limited to, items (and their parts) such as paintings, drawings, vases, tapestries, limited-edition prints, fine art, statuary, sculpture and collector's items.
 2. Film, photographic images (including photographic negatives), photographic chromes and photographic slides.
 3. Any commodity that by its inherent nature is particularly susceptible to damage or the market value of which is particularly variable or difficult to ascertain.
 4. Antiques, or any commodity that exhibits the style or fashion of a past era and whose history, age or rarity contributes to its value. These items include, but are not limited to, furniture, tableware and glassware.
 5. Collector's items such as coins, stamps, sports cards, souvenirs and memorabilia.
 6. Glassware, including, but not limited to, signs, mirrors, ceramics, porcelains, china, crystal, glass, framed glass and any other commodity with similarly fragile qualities.
 7. Plasma screens.
 8. Jewelry, including, but not limited to, costume jewelry, watches and their parts, mount gems or stones (precious or semiprecious), industrial diamonds, and jewelry made of precious metal.

Credit Terms

- A. FedEx Ground does not provide individual consumer credit privileges.
- B. FedEx Ground will extend credit to shippers who, in the sole judgment of FedEx Ground, are creditworthy.
- C. As a condition of extending credit privileges, FedEx Ground reserves the right to require business customers to provide current financial information, agree to bank draft arrangements for payment on account, provide a security deposit or provide a bank letter of credit.
 1. Deposit Plan. After depositing an amount equivalent to four weeks' transportation charges as estimated by FedEx Ground, payments are required within 15 days of invoice date. The deposit amount is subject to change to reflect revised estimates of the shipper's charges.

9. Furs, including, but not limited to, fur clothing, fur-trimmed clothing and fur pelts.
 10. Precious metals, including, but not limited to, gold and silver bullion or dust, precipitates or platinum (except as an integral part of electronic machinery).
 11. Stocks, bonds, cash letters or cash equivalents, including, but not limited to, food stamps, postage stamps (not collectible), traveler's checks, lottery tickets, money orders, gift cards and gift certificates, prepaid calling cards (excluding those that require a code for activation), bond coupons, and bearer bonds.
 12. Guitars and other musical instruments that are more than 20 years old, and customized or personalized musical instruments.
 13. Packages returned through the FedEx Ground Package Returns Program (PRP). See the Return Options section.
 14. Scale models (including, but not limited to, architectural models and dollhouses) and prototypes.
- E.** ANY EFFORT TO DECLARE A VALUE IN EXCESS OF THE MAXIMUMS ALLOWED IN THE FEDEX SERVICE GUIDE IS NULL AND VOID. OUR ACCEPTANCE FOR CARRIAGE OF ANY PACKAGE BEARING A DECLARED VALUE IN EXCESS OF THE ALLOWED MAXIMUMS DOES NOT CONSTITUTE A WAIVER OF ANY PROVISION OF THE FEDEX SERVICE GUIDE AS TO SUCH PACKAGE.
- F.** REGARDLESS OF THE DECLARED VALUE OF A PACKAGE, OUR LIABILITY FOR LOSS, DAMAGE, DELAY, MISDELIVERY, NONDELIVERY, MISINFORMATION, ANY FAILURE TO PROVIDE INFORMATION, OR MISDELIVERY OF INFORMATION, WILL NOT EXCEED ITS REPAIR COST, ITS DEPRECIATED VALUE OR ITS REPLACEMENT COST, WHICHEVER IS LESS.
- G.** See the Liabilities Not Assumed section for other limitations and exclusions on our liability.
- H.** In the event that FedEx Office procures, accepts tender of, performs, or otherwise undertakes the transportation, delivery or release of a package by FedEx Ground, whether directly or indirectly, FedEx Office shall have the benefit of every right, defense, limitation and liberty of whatsoever nature contained in this tariff or otherwise available to FedEx Ground as if such provision were expressly for its benefit.

Delivery Signature Options

FedEx offers three Delivery Signature Options for shippers:

- A. Indirect Signature Required.** FedEx will obtain a signature in one of three ways:
1. From someone at the delivery address; or
 2. From a neighbor, building manager or other person at a neighboring address; or
 3. The recipient can sign a FedEx door tag or utilize FedEx Delivery Manager to authorize release of the package without anyone present.
- B. Direct Signature Required.** FedEx will obtain a signature from someone at the delivery address. If no one is at the address, FedEx will reattempt delivery.
- C. Adult Signature Required.** FedEx will obtain a signature from someone at least 21 years old (government-issued photo identification required) at the delivery address. If no eligible recipient is at the address, FedEx will reattempt delivery.
- D.** Shipments to residential addresses may be released without obtaining a signature. If you require a signature for a residential shipment, select one of the Delivery Signature Options.
- E. FedEx International Ground.** For FedEx International Ground shipments from the U.S. to residential addresses in Canada, FedEx may release the package without a signature. For FedEx International Ground shipments from the U.S. to nonresidential addresses in Canada, FedEx will attempt to obtain a signature.
- F.** Indirect Signature Required is not available for shipments to nonresidential addresses.
- G.** FedEx Ground may accept requests for address corrections from a shipper or a recipient for shipments involving the Direct Signature Required or Indirect Signature Required options, alcohol shipments, and shipments where no signature is required.
- H.** FedEx will assess the delivery signature charge if the shipper requests the Delivery Signature Option, even if a signature is not obtained, the option requested is not available or FedEx is unable to provide a copy of the signature obtained at delivery.
- I.** Also see the Billing, Money-Back Guarantee, Liabilities Not Assumed, Pickup and Delivery, and Proof of Delivery sections.

Dimensional Weight (Volumetric Weight)

Transportation charges may be assessed based on dimensional weight, which is a volumetric standard. Dimensional-weight pricing is applicable on a per-package basis. If the dimensional weight exceeds the actual weight, charges based on the dimensional weight will be assessed. Customers who fail to apply the dimensional-weight calculation to a package may be assessed dimensional-weight charges from FedEx. See the Dimensional Weight description in the Fees and Other Shipping Information section of the FedEx Service Guide for additional details.

FedEx Home Delivery

- A.** A package is defined as a FedEx Home Delivery package if its bar code includes one of the designated FedEx Home Delivery service codes.
- B.** Service days for FedEx Home Delivery packages are defined as Tuesday through Saturday for normal deliveries. Saturday is not a service day for all areas. Contact a FedEx account executive for additional information.
- C.** FedEx Home Delivery shippers must transmit an electronic manifest that contains all package information directly to FedEx Ground in an approved electronic format. The electronic transmission must include package weight, destination ZIP code, and recipient name and address. The package label must meet FedEx Home Delivery specifications, including the "H" on the bar-code label.
- D.** FedEx Home Delivery packages may not weigh more than 70 lbs. FedEx Home Delivery packages may not contain hazardous materials, except for materials classified as "Other Restricted Materials — Domestic" (ORM-D) or Limited Quantity, and may not be shipped under the FedEx Ground COLLECT service program.
- E.** FedEx Home Delivery packages may not be shipped in conjunction with FedEx Ground C.O.D. services (including C.O.D., Electronic C.O.D. and Currency C.O.D.).
- F.** All FedEx Home Delivery packages will be considered residential, even if the packages are addressed to a business, and will be subject to the FedEx Home Delivery residential surcharge as published in the FedEx Service Guide in effect at the time of shipment.
- G.** Any FedEx Home Delivery package will be eligible for the FedEx Home Delivery Money-Back Guarantee and will not be eligible for the FedEx Ground Money-Back Guarantee. FedEx Home Delivery packages must meet all the terms and conditions of the FedEx Home Delivery service to qualify for the FedEx Money-Back Guarantee.
- H.** Any package shipped as a FedEx Home Delivery package that fails to comply with the terms and conditions of this service may be refused by FedEx Ground, or if initially accepted by FedEx Ground, may later be returned to the shipper. Noncompliance with the terms and conditions of FedEx Home Delivery may also result in additional charges upon written notice to the shipper.

Firearms

- A.** FedEx Ground will transport and deliver firearms (excluding handguns) as defined by the United States Gun Control Act of 1968, between areas served in the U.S., but only between:
1. Licensed importers; licensed manufacturers; licensed dealers; licensed collectors; law enforcement agencies of the U.S. or any department or agency thereof; and law enforcement agencies of any state or any department, agency or political subdivisions thereof; or
 2. Where not prohibited by local, state and federal law, from individuals to licensed importers, licensed manufacturers or licensed dealers (and return of same).
- B.** If your shipment contains firearms, select the Direct Signature Required or Adult Signature Required Delivery Signature Option, depending on the requirements of your shipment. See the Delivery Signature Options section for details. Firearms shipments are not eligible for signature release, driver release or indirect delivery.
- C.** FedEx Ground cannot ship or deliver firearms C.O.D.
- D.** Upon presenting the package for shipment, the person tendering the shipment to FedEx Ground is required to notify FedEx Ground that the package contains a firearm. The outside of the package must not be marked, labeled or otherwise identify that the package contains a firearm.
- E.** The shipper and recipient must be of legal age as identified by applicable law.
- F.** The shipper and recipient are required to comply with all applicable government regulations and laws, including those pertaining to labeling. The Bureau of Alcohol, Tobacco, Firearms and Explosives can provide assistance.
- G.** FedEx Ground will transport small-arms ammunition when packed and labeled in compliance with local, state and federal law, and the Hazardous Materials section of this Service Guide. Ammunition is an explosive and must be shipped separately as hazardous materials. You agree not to ship loaded firearms or firearms with ammunition in the same package.
- H.** FedEx Ground will not accept for transport handguns, assembled or disassembled.

Fuel Surcharge

FedEx reserves the right to assess fuel and other surcharges on shipments without notice. The amount and duration of any such surcharges will be determined at our sole discretion. By tendering your shipment to FedEx, the shipper agrees to pay the surcharges, as determined by FedEx. The fuel surcharge rate, if applicable, is available at [fedex.com](https://www.fedex.com).

Hazardous Materials

Packages containing hazardous materials, including materials classified as "Other Regulated Materials – Domestic" (ORM-D) or Limited Quantity, cannot be shipped via FedEx international services, or to, from or within Hawaii or Alaska (consumer-commodity ORM-D and Limited Quantity can be shipped to Canada if properly labeled). Hazardous material shippers must be properly qualified through a FedEx sales representative before tendering hazardous material packages via FedEx Ground.

A. All packages containing hazardous materials must be properly classified, described, packaged, marked, labeled and in proper condition for transportation according to applicable regulations and FedEx Ground requirements. FedEx Ground accepts only certain hazardous materials as listed in the current version of the FedEx Ground Hazardous Materials Table, which is available at fedex.com/hazardousmaterials (select the Resources page) and incorporated herein by reference. Contact a FedEx account executive, see fedex.com/hazardousmaterials or call 1.800.GoFedEx 1.800.463.3339 and say "hazardous materials" for more information.

B. FedEx Ground does not accept hazardous waste. This includes, but is not limited to, used hypodermic needles or syringes transported for sterilization, recycling, disposal or for any other purpose, or other medical waste. FedEx Ground also does not accept hazardous substances in reportable quantities.

C. FedEx Ground does not accept infectious or non-infectious human or animal cells, tissue, bodily fluids, blood, blood products, plasma, or any other material derived from human or animal blood whether in liquid or solid form; biohazards; regulated or non-regulated diagnostic cultures, specimens or samples, whether infectious or non-infectious; used health care products as defined in Title 49 of the Code of Federal Regulations; and any materials regulated as UN 2814, UN 2900, UN 3373 and UN 3291.

D. FedEx Ground does not accept inhalation hazards.

E. Hazardous materials, except ORM-D and Limited Quantity materials, cannot be banded, strapped or taped to form a bundle. Packaging restrictions and service restrictions apply. Unless other U.S. Department of Transportation (DOT) restrictions apply, FedEx Ground does not accept hazardous materials over 70 lbs. (32 kg). FedEx Ground does not accept pails or drums over 8 gallons (32 liters). All pails or drums must be in performance-oriented packaging (POP). FedEx Ground will accept authorized pails or drums as single packaging. Hazardous materials may not be shipped in any FedEx packaging.

F. Hazardous material shipments, including shipments containing ORM-D materials, Limited Quantity materials or dry ice, are not accepted at FedEx Express Drop Box locations, FedEx Office Print and Ship Center locations, FedEx World Service Center locations, FedEx Express station or ramp locations, FedEx Authorized ShipCenter locations, and unstaffed FedEx locations.

G. Batteries, including lithium batteries, may be regulated when shipped for highway transport. Shippers should refer to the most current U.S. Department of Transportation regulations to ensure compliance with marking, labeling and packaging requirements as they pertain to the transportation of batteries. Additional restrictions may apply to the transportation of lithium batteries between the contiguous U.S. and Alaska and Hawaii. For details, go to fedex.com and enter keyword "lithium batteries." FedEx Ground does not accept damaged or defective batteries.

H. Packages containing hazardous materials are not eligible for FedEx Ground return options, except for packages shipped by preapproved shippers using the FedEx Ground Package Returns Program.

I. All damaged or leaking hazardous material packages may be properly repackaged, prepared in accordance with applicable DOT regulations and returned to the shipper. The undamaged portion of a damaged hazardous materials shipment will be returned to the shipper for recycling, reprocessing or disposal. If the shipper refuses to accept the returned shipment, or if the shipment cannot be returned to the shipper, as determined at our sole discretion, the shipper is responsible for and will reimburse FedEx Ground for all costs and fees of any type connected with the legal disposal of the shipment and all costs and fees of any type connected with cleanup of any spill or leakage.

J. No service guarantees (e.g., no FedEx Money-Back Guarantee) will apply to packages not properly prepared in accordance with DOT regulations and FedEx Ground requirements.

K. Hazardous material packages found in the FedEx Ground system not properly prepared in accordance with DOT regulations and FedEx Ground requirements will be held for customer pickup. If the shipper refuses to pick up or make other arrangements for delivery acceptable to FedEx Ground, the shipper will reimburse FedEx Ground for all costs and fees of any type connected with the legal disposal of the shipment. The shipper agrees to indemnify FedEx Ground for any and all costs, fees and expenses FedEx Ground incurs as a result of the shipper's failure to comply with FedEx Hazardous Materials shipping requirements.

L. In the event the shipper loads any FedEx Ground vehicle, the shipper agrees to segregate hazardous materials in accordance with regulations.

M. The shipper may be held accountable for all costs associated with any damaged or leaking hazardous material package that is not properly prepared in accordance with all DOT regulations and FedEx Ground requirements. Cost may include response, cleanup and disposal.

N. Materials classified as ORM-D or Limited Quantity are the only hazardous materials that can be shipped via FedEx Home Delivery.

O. Packages containing hazardous materials are not eligible for signature release, driver release or indirect delivery.

P. Charge for Handling Hazardous Materials. In addition to the other rates and charges named in this tariff, a charge will be assessed on each package of hazardous materials.

Q. The shipper is required to transmit hazardous material shipping information using a FedEx electronic shipping solution, a FedEx-recognized hazardous materials vendor software application, a FedEx Compatible Solutions Program application or a custom solution that has the ability to transmit hazardous material shipping information electronically.

Inspection of Shipments

FedEx Ground reserves the right, but is not required, to open and inspect any package tendered to it for transport.

Liabilities Not Assumed

FEDEX GROUND WILL NOT BE LIABLE FOR ANY DAMAGES IN EXCESS OF THE DECLARED VALUE OF A SHIPMENT, WHETHER OR NOT FEDEX GROUND KNEW OR SHOULD HAVE KNOWN THAT SUCH DAMAGES MIGHT BE INCURRED.

In no event shall FedEx Ground, including, without limitation, agents, contractors, employees and affiliates, be liable for any special, incidental or consequential damages, including, without limitation, loss of profits or income, whether or not FedEx Ground had knowledge that such damages might be incurred.

FedEx Ground will not be liable for, nor shall any adjustment, refund or credit of any kind be made, as a result of any loss, damage, delay, misdelivery, nondelivery, misinformation or any failure to provide information, except such as may result from our sole negligence. FedEx Ground will not be liable for, nor shall any adjustment, refund or credit of any kind be given as a result of, any loss, damage, delay, misdelivery, nondelivery, misinformation or failure to provide information caused by or resulting in whole or in part from:

1. The act, default or omission of any person or entity, other than FedEx, including those of any local, state or federal government agencies.
2. The nature of the shipment, including any defect, characteristic or inherent vice of the shipment.
3. The shipper's violation of any of the terms and conditions contained in this tariff, as amended from time to time, including, but not limited to, the improper and insufficient packing, securing, marking and labeling of shipments, or use of an account number not in good credit standing.
4. Perils of the air, public enemies, criminal acts of any person(s) or entities, including, but not limited to, acts of terrorism, public authorities acting with actual or apparent authority, authority of law, local disputes, civil commotions, hazards incident to a state of war, local, national or international weather conditions (as determined solely by FedEx Ground), local, national or international disruptions in ground transportation networks (as determined solely by FedEx Ground), strikes or anticipated strikes (of any entity, including, but not limited to, other carriers, vendors or suppliers), labor disruptions or shortages caused by pandemic conditions or other public health event or circumstances, natural disasters (earthquakes, floods and hurricanes are examples of natural disasters), conditions that present a danger to FedEx Ground personnel, and disruption or failure of communication and information systems (including, but not limited to, FedEx Ground systems).
5. Damage or loss of articles packaged and sealed by the sender or by person(s) acting at the sender's direction, provided the seal is unbroken at the time of delivery, the package retains its basic integrity, and the recipient accepts the shipment without noting the damage on the delivery record.
6. Erasure of data from or the loss or irretrievability of data stored on magnetic tapes, files or other storage media, or erasure or damage of photographic images or soundtracks from exposed film.

FedEx Ground Tariff

(Liabilities Not Assumed, cont.)

7. The loss of any personal or financial information including, but not limited to, social security numbers, dates of birth, driver's license numbers, credit card numbers and financial account information.
8. Our inability to provide a copy of the delivery record or a copy of the signature obtained at delivery.
9. Failing to meet our delivery commitment for any shipments with an incomplete or incorrect address. (See the Undeliverable Shipments section.)
10. Failing to deliver or not attempting to deliver a package on the scheduled delivery day or time, if the shipper or recipient requested a later delivery or informed FedEx that the recipient location is closed or unavailable to accept delivery on the originally scheduled delivery day or time.
11. Failing to obtain the signature option requested for shipments using FedEx Delivery Signature Options.
12. Shipments released without obtaining a signature at residential addresses. (See the Delivery Signature Options and Pickup and Delivery sections.)
13. Shipments released without obtaining a signature at nonresidential addresses when release has been authorized by the shipper or recipient. (See the Delivery Signature Options section.)
14. Our failure to honor package-orientation graphics (e.g., "up" arrows, "this end up" markings), "fragile" labels or other special directions concerning packages.
15. Damages indicated by any shockwatch, tiltmeter or temperature instruments.
16. Your failure to ship goods in packaging approved by us prior to shipment where such prior approval is recommended or required.
17. The shipment of fluorescent tubes, neon lighting, neon signs, X-ray tubes, laser tubes, light bulbs, quartz crystal, quartz lamps, glass tubes such as those used for specimens, and glass containers such as those used in laboratory test environments.
18. Your use of an incomplete, inaccurate, or invalid FedEx account number or your failure to provide a valid FedEx account number in good credit standing in the billing instructions on shipping documentation.
19. Our failure to notify you of any delay, loss or damage in connection with your shipment or any inaccuracy in such notice.
20. Performance of any services will not constitute FedEx Ground as the shipper's or anyone's agent for any purpose.
21. Damage to briefcases, luggage, garment bags, aluminum cases, plastic cases or other items when not enclosed in outer packaging, or other general shipping containers caused by adhesive labels, soiling or marking incidental to transportation.
22. Any package where FedEx Ground package scan records do not reflect acceptance of the package by FedEx Ground from the shipper.
23. The shipper's failure to delete all shipments entered into a FedEx self-invoicing system, internet shipping device or any other electronic shipping method used to ship a package, when the shipment is not tendered to FedEx. If you fail to do so and seek a refund, credit or invoice adjustment, you must comply with the notice provisions in Invoice Adjustments/Overcharges in the Billing section. FedEx is not liable for any refund, credit or adjustment unless you comply with those notice provisions.
24. Shipments of any plants and plant materials, ostrich or emu eggs, or live fish.
25. The shipment of any alcoholic beverages or firearms if you fail to comply with the applicable terms and conditions.
26. Damage to computers, or any components thereof, or any electronic equipment when shipped in any packaging other than:
 - a. The manufacturer's original packaging, which is undamaged and has retained a good, rigid condition.
 - b. Packaging that is in accordance with the FedEx packaging guidelines available online at fedex.com/packaging.
 - c. FedEx laptop packaging, for shipments of laptop computers.
 - d. FedEx small electronic device packaging, for shipments of cell phones, handheld computers, MP3 players and similar items.
 - e. FedEx tablet packaging, for shipments of tablet computers.
27. Our provision of packaging, advice, assistance or guidance on the appropriate packaging of shipments unless such advice, assistance or guidance has been approved in writing by FedEx Packaging Design and Development and the writing expressly accepts liability in the event of a damaged shipment.
28. FedEx Ground does not provide protective services for transportation of perishable commodities or of commodities requiring protection from heat or cold. Such commodities will be accepted for transportation solely at the shipper's risk for loss of value or damage occasioned by exposure to heat or cold. The shipper agrees to not file damage claims for perishable items.
29. FedEx will not be liable for the failure to provide any services or service options where our records do not reflect that the services or service options were selected by the shipper.
30. Our compliance or noncompliance with verbal or written delivery instructions from the sender, recipient or persons claiming to represent the shipper or recipient, including requests made by the recipient for delivery options using FedEx Delivery Manager.
31. Our compliance or noncompliance with any request to intercept a shipment in transit, or to prevent delivery.
32. The failure to properly designate a delivery address as a Residential Delivery or Commercial Delivery, including delivery addresses that were processed through any address verification function or program.
33. The shipper's failure to provide accurate delivery address information.
34. Any shipment containing a prohibited item. (See the Prohibited Items section.)
35. Loss or damage to alcohol shipments unless an approved packaging type is used or FedEx Packaging Design and Development has preapproved your packaging prior to shipment. See the Alcoholic Beverages section for further information.
36. Our inability or failure to complete a delivery, or a delay to any delivery, due to acts or omissions of customs or other regulatory agencies.
37. Delays in delivery caused by adherence to FedEx policies regarding the payment of duties and taxes or other charges.
38. Our failure or inability to attempt to contact the sender or recipient concerning an incomplete or inaccurate address; incorrect, incomplete, inaccurate or missing documentation; payment of duties and taxes necessary to release a shipment; or an incomplete or incorrect customs broker's address.
39. Hazardous-materials shipments that the shipper did not properly declare, including proper documentation, markings, labels and packaging. FedEx Ground will not pay a claim on undeclared or hidden hazardous materials and the FedEx Money-Back Guarantee does not apply.

Limitations on Legal Actions

Any civil claim for overcharges must be brought within 18 months after the claim accrues. Any civil claim for, including, but not limited to, any loss, damage, delay, misdelivery, nondelivery, misinformation, any failure to provide information, or misdelivery of information relating to the shipment, must be brought within two years and one day from the date FedEx Ground gives written notice that FedEx Ground has disallowed any part of the claim specified in the notice.

Any right you might have to damages, refunds, credits recovery of reliance interests, disgorgement, restitution, injunctive relief, declaratory relief or any other legal or equitable relief whatsoever against FedEx Ground under any cause of action arising from the transportation of any package pursuant to the FedEx Service Guide shall be extinguished unless you first comply with all applicable notice periods and requirements in this tariff including, but not limited to, the periods and requirements for providing notice under the Billing, Claims and Money-Back Guarantee Policy sections. You and FedEx Ground understand that timely and complete compliance with such notice periods and requirements is a contractual condition precedent to your right to any relief whatsoever, and you must plead compliance with those conditions precedent on the face of any complaint that you file against FedEx Ground. You and FedEx Ground agree that FedEx Ground cannot be considered to have breached any obligation to you unless or until FedEx Ground wrongfully denies a claim submitted to FedEx Ground pursuant to the notice periods and requirements contained in this tariff. Finally, you and FedEx Ground agree that you will comply with applicable notice periods and requirements even if you believe that such compliance will not result in relief from FedEx Ground or if you lack knowledge regarding whether such compliance will result in relief from FedEx Ground.

You agree that you will not sue FedEx Ground as a class plaintiff or class representative, join as a class member, or participate as an adverse party in any way in a class-action lawsuit against FedEx Ground. Nothing in this paragraph, however, limits your rights to bring a lawsuit as an individual plaintiff.

To the extent that any court finds that state rather than federal law applies to any provision of this contract, the controlling law is the substantive law of the state in which you tendered your shipment to FedEx Ground.

The performance of any services does not make FedEx Ground an agent of the shipper or any third party for any purpose.

Money-Back Guarantee Policy

We offer a money-back guarantee for our services. This guarantee can be suspended, modified or revoked at our sole discretion without prior notice to you.

A. Money-Back Guarantee. The money-back guarantee is your exclusive remedy in the event of a service failure for the recovery of all or any portion of the FedEx charges for a shipment. If the money-back guarantee is suspended, there is no remedy or recovery of charges for a service failure. There are no delivery commitments for shipments on which the money-back guarantee is suspended.

1. **FedEx Ground Money-Back Guarantee.** At our option, we will, upon request, either refund or credit your transportation charges in the event of a service failure in the event of a service failure (which means if FedEx does not deliver the shipper's standard ground and multiweight ground package[s] by the end of the scheduled delivery day as published on fedex.com).
2. **FedEx Home Delivery Money-Back Guarantee.** At our option, we will, upon request, either refund or credit your transportation charges and residential surcharge in the event of a service failure (which means if FedEx does not deliver the shipper's residential package[s] by the end of the scheduled delivery day as published on fedex.com). For shipments designated as FedEx Date Certain Home Delivery, FedEx Evening Home Delivery or FedEx Appointment Home Delivery, see the FedEx Home Delivery Money-Back Guarantee for Convenient Delivery Options section below.
3. **FedEx Home Delivery Money-Back Guarantee for Convenient Delivery Options.** At our option, we will, upon request, either refund or credit your transportation charges, residential surcharge and the applicable convenient delivery option charge in the event of a service failure (which means if FedEx does not provide the FedEx Home Delivery convenient delivery option service requested for the shipper's package[s], as described below).
 - a. **FedEx Date Certain Home Delivery Money-Back Guarantee.** The FedEx Date Certain Home Delivery Money-Back Guarantee applies if the shipment is not delivered on the valid date requested. To be considered valid, the requested date must be no earlier than the scheduled delivery as published on fedex.com; cannot be a Sunday, a Monday or a FedEx holiday; and must be within 14 days from the pickup date. If the delivery date requested is invalid, the FedEx Date Certain Home Delivery Money-Back Guarantee will not apply.
 - b. **FedEx Evening Home Delivery Money-Back Guarantee.** The FedEx Evening Home Delivery Money-Back Guarantee applies if the shipment is not delivered between 5 and 8 p.m. on or before the scheduled delivery date as published on fedex.com.
 - c. **FedEx Appointment Home Delivery Money-Back Guarantee.** The FedEx Appointment Home Delivery Money-Back Guarantee applies if the shipment is not delivered within one hour before or after the time, and on the date, requested by the recipient and agreed to by FedEx.
- B. Limitations.** The following limitations apply:
 1. A credit or refund under the money-back guarantee will be applied only against charges for the shipment giving rise to the credit.
 2. At the sole discretion of FedEx, the money-back guarantee may not be honored when the request is made by, or the information utilized to determine the status of the package is determined by, a third party other than the payer of the charges.
 3. The FedEx Ground Money-Back Guarantee applies to deliveries within the U.S. For shipments destined to Canada, the FedEx Money-Back Guarantee only applies to transportation charges related to brokerage-inclusive service.
 4. If FedEx Ground utilizes the U.S. Postal Service or an interline cartage agent for delivery to remote rural areas, the money-back guarantee only applies to the portion of transportation provided directly by FedEx Ground.
 5. Packages tendered to FedEx Ground for delivery on the day after Thanksgiving will be scheduled for delivery on that day if the recipient business is open, but in any event, the delivery commitment will be extended to the next business day for application of the money-back guarantee.
 6. Packages tendered for delivery on holidays that are business days for FedEx Ground (for example, Good Friday and Presidents Day) will be scheduled for delivery on that day if the recipient business is open. However, if the recipient business is known by FedEx Ground to be closed due to the holiday, the packages will be scheduled for delivery on the next business day the recipient is open, but the money-back guarantee will not apply.
 7. To be eligible for the FedEx Home Delivery Money-Back Guarantee for Convenient Delivery Options, the shipper must have fulfilled the following conditions:
 - a. Prepare and attach to each package a 128 bar-code label showing the delivery option requested. The shipper must also provide FedEx Ground with the required electronic information for the service level selected.
 - b. Convenient delivery options are offered at the shipment level. To qualify as a shipment, one or more packages must have the following:
 - The same shipper number
 - The same origin location
 - The same ship date
 - The same recipient address
 - The same convenient delivery option selected
 8. If a delivery later than the original scheduled delivery day or time is requested by the shipper or recipient before the first delivery attempt is made, the delivery commitment for application of the money-back guarantee policy will be adjusted to account for the requested delivery date and/or time.
 9. If the shipper or recipient informed FedEx that the recipient location is closed on a certain day or at a certain time, or unavailable to accept delivery, the delivery commitment for application of the money-back guarantee policy will be the next business day.
- C. Exceptions.** FedEx will not be obligated to refund or credit your transportation charges, residential surcharge or convenient delivery option charge if:
 1. We provide you with proof of timely delivery, consisting of the date and time of delivery and, if applicable, the name of the person who signed for the shipment, or service-exception information reflecting that the failure to deliver timely resulted from circumstances described under the Liabilities Not Assumed section.
 2. The service failure resulted, in whole or in part, from any of the circumstances described under the Liabilities Not Assumed section.
 3. The shipper did not properly label the package in accordance with the FedEx Service Guide, including, without limitation, affixing the correct business name and contact name (for FedEx Ground packages) or recipient name (for FedEx Home Delivery packages) and deliverable address (number, street, city, state, and a five-digit ZIP code) and correctly placing the customer-specific FedEx Ground or FedEx Home Delivery bar-code label on the package. For FedEx Home Delivery packages, the shipper must print the letter "H" (Home) on the address label in accordance with the FedEx Home Delivery label specifications.
 4. The shipper did not timely and accurately transmit all electronic package-level data required, including, but not limited to, any electronic package-level data necessary for package sorting by FedEx Ground, to the extent required by the Shipper's Agreement with FedEx Ground. For FedEx Appointment Home Delivery shipments, a valid telephone number for the recipient must be included in the data-entry information when the shipment is processed.
 5. The package was not picked up by a FedEx Ground driver at the shipper's location or an alternate address location, at a FedEx Office Print and Ship Center, at a FedEx World Service Center, or at a FedEx Authorized ShipCenter prior to that location's regular scheduled pickup time. If a package is accepted by FedEx Ground after a location's regular scheduled pickup time, an additional transit day may be added to the scheduled delivery date.
 6. The package was tendered for transportation during the 14 calendar days before Christmas.
 7. The shipment contained special instructions, including, but not limited to, FedEx Ground Call Tag service and FedEx Delivery Signature Options.
 8. There was an unexpected large release of packages from your shipping location.
 9. A charge for additional handling or address correction applied; see Rates in the FedEx Service Guide for details.
 10. FedEx received a request to redirect the shipment from a delivery address to a Hold at FedEx Location address.
 11. The package was unauthorized (see the Package Restrictions [Size and Weight] section).
 12. The shipment was undeliverable or returned.
- D. Refund or Credit Requests.** To qualify for a refund or credit due to a service failure, you must notify us of the service failure and request a refund or credit in compliance with the conditions listed below. If you do not comply with these conditions, you are not entitled to receive a refund or credit and cannot recover compensation for a service failure in any lawsuit.
 1. You may request a refund or credit due to a service failure in the following ways:
 - a. Use our internet application FedEx Billing Online at fedex.com if you are a registered user; or

FedEx Ground Tariff

(Money-Back Guarantee Policy, cont.)

- b. Submit your request through the invoice adjustment feature at fedex.com; or
 - c. Submit the request via our telephone invoice adjustment system at 1.800.GoFedEx 1.800.463.3339 (say "billing").
- Note:* Requests for a refund of FedEx Delivery Manager delivery-option fees must be made by the recipient online at fedex.com/billingadjustment. See FedEx Delivery Manager Terms in the fedex.com Terms of Use.
2. Your notification of a service failure must include your FedEx tracking number and invoice number, if applicable.
 3. All requests for a refund or credit must be received via one of the approved channels within 15 calendar days of the invoice date or within 15 calendar days from the ship date if you are paying by credit card or in advance by cash, check or money order.
 4. A partial payment against an invoice is not considered a request for invoice adjustment or notice of a refund request. A notification of the reason for an unpaid charge with your payment is not considered a request for an invoice adjustment or notice of a refund request if the reason relates to a service failure.

Package Consolidators (Including FedEx Authorized ShipCenter Locations)

Consolidators are responsible for complying with all applicable requirements including, but not limited to, requirements for shipping hazardous materials and complying with customs and other legal requirements applicable to packages tendered for international transportation.

If you tender packages to a consolidator instead of to us directly, the following limitations apply:

- A. Consolidators are not agents of FedEx, and we are not responsible for any errors or omissions made by them.
- B. Inquiries or claims regarding shipments tendered to a consolidator must be directed to the consolidator. We cannot assist the shipper, recipient or third party in these situations, nor do we have any liability for lost, damaged or delayed shipments. The consolidator is the shipper in such cases.
- C. Consolidators may submit claims for refunds or credits for shipping charges under the money-back guarantee policy. Neither the customer who tendered the package to the consolidator nor the recipient is eligible for refunds or credits under the money-back guarantee policy.
- D. In order for a consolidator to receive packaging from FedEx, the consolidator must first enter into a Packaging and Pricing Agreement or a FedEx Authorized ShipCenter Agreement with FedEx.
- E. Consolidators set their own rates for shipping. They may charge FedEx Retail Rates for FedEx shipping services.
- F. Inquiries regarding shipments paid for at a FedEx Authorized ShipCenter (FASC) must be directed to the FASC.
- G. FASCs are not required to have the FedEx Ground Declared Value Shipment Form at their location. Dropoff customers should bring their own FedEx Ground Declared Value Shipment Form to the FASC with declared value dropoff packages.
- H. FedEx Ground assumes no liability, other than to the FASC, for lost, damaged or delayed shipments paid for at an FASC, as the FASC is the shipper of these packages. The FASC's barcode must appear as the shipper's bar code for all shipments paid for at an FASC. FASCs are independently owned and operated businesses. See the FASC representative for information regarding rates and services and the terms and conditions of carriage. FASCs are not agents of FedEx.

Package Restrictions (Size and Weight)

A. FedEx Ground will accept for transport packages that weigh up to the maximum package weight published in the FedEx Service Guide in effect at the time of shipment and that measure up to 165 inches in combined length and girth. FedEx reserves the right to assess additional handling, oversize package and unauthorized package surcharges on any package whose dimensions are altered during transit, causing it to meet the parameters for these charges.

MEASUREMENT OF LENGTH AND GIRTH:

- a. Regular-Shaped Packages: The length and girth of a package is length plus (two times the height) plus (two times the width). If the dimension includes a fraction, a fraction of one-half or greater will be rounded up to the next whole number; less than one-half will be rounded down to the next whole number.
- b. Irregular-Shaped Packages and Regular-Shaped Articles With Hollow or Open Spaces: To measure combined length and girth, assume the package

or article to be enclosed in a six-sided, rectangular container, and then determine the combined length and girth as for regular-shaped packages.

B. Charge for Unauthorized Packages.

1. In addition to the other rates and charges named in this tariff, a charge will be assessed for the following conditions:
 - Any package measuring more than 108 inches in length.¹
 - Any package measuring more than 165 inches in length and girth combined.¹
 - Any package weighing more than 150 lbs.¹
2. A charge will be assessed for any package weighing more than 70 lbs. destined to the Yukon, Northwest Territories, Nunavut and Labrador. This charge applies to postal codes A0K, A0P–A0R, A2V and X0A–Y9Z.

¹These packages are unauthorized and may be refused or returned to the shipper. However, at FedEx Ground's sole discretion, they may be accepted and delivered.

Packaging and Marking

A. All packages must be prepared and packed by the sender for safe transportation with ordinary care in handling. Recipient address labels should be placed on both sides of each package with an additional label enclosed inside. Any articles susceptible to damage as a result of conditions that may be encountered in air ground transportation, such as changes in temperature, must be adequately protected by proper packaging. Each shipment must be legibly and durably marked with the name, address and ZIP code of both the shipper and recipient. The ZIP code is crucial to the efficient movement of the package through the FedEx Ground system.

New corrugated boxes in good, rigid condition large enough to allow cushioning of contents on the top, bottom and sides should be used. For guidelines on packaging specific commodities go to fedex.com/packaging. Items that cannot be packed into cartons (auto tail pipes, mufflers, tires, rims, and so on) must have all sharp edges and protrusions wrapped, and the address label must be secured using the tie-on tag or the tire/crate label provided by FedEx (or you may secure it by wrapping pressure-sensitive tape completely around the object). Briefcases, luggage, garment bags, aluminum cases, plastic cases, computer cartons or similar types of items whose outer finish might be damaged by adhesive labels, soiling, marking or other types of surface damage that is normal with ordinary care in handling should be placed in a protective container for shipment. Casters, wheels or rollers must be removed or packaged.

Expanded polystyrene foam coolers must be shipped inside a sturdy outer container unless tested and approved for acceptance by FedEx Packaging Design and Development. Information on how to submit your packaging for testing is available at fedex.com/packaging.

B. If a shipment is refused by the recipient, leaks, or is damaged, the shipment will be returned to the sender, if possible. If the sender refuses to accept the returned shipment or it cannot be returned because of leakage or damage due to faulty packaging, the shipper is responsible for and will reimburse FedEx Ground for all costs and fees of any type connected with the legal disposal of the shipment and all costs and fees of any type connected with cleanup of any spill or leakage.

C. **Fragile Articles/Orientation.** Packaging for all fragile articles (including, but not limited to, electronic and electrical devices, scientific testing equipment, fragile glass, crystal, porcelain, or china) should be preapproved by FedEx Packaging Design and Development prior to shipping.

D. **Package Inspection and Testing.** FedEx Ground reserves the right to request a shipper to submit a representative sampling of the packaging for inspection and testing. If the shipper fails to comply with our request to inspect and test the packaging, or the sampling fails FedEx testing, FedEx Ground will not be liable for any damages due to improper packaging.

E. FedEx Ground may issue written notice to you if you repeatedly fail to adhere to FedEx Ground's packaging requirements due to your pattern or practice of insufficient packaging. Claims for damage or loss associated with an identified pattern or practice of insufficient packaging will be denied. Any such claim filed related to your shipments will not be paid, regardless of which party files the claim, unless the claimant can establish that the loss or damage did not result from a failure to use proper packaging. FedEx Ground will continue to deny such claims until we determine that you have ceased the pattern or practice of failing to adhere to the packaging requirements. Nothing in this paragraph is intended to limit FedEx Ground's right to deny a claim where the shipment in dispute is found to have improper packaging.

F. **Preshipment Inspection and Testing for Oversize Packages.** At the sole discretion of FedEx Ground, FedEx Ground may require a shipper of packages classified as Oversize, as defined in the Rates section of the FedEx Service Guide, to submit a

FedEx Ground Tariff

(Packaging and Marking, cont.)

representative sampling of the oversize packaging for inspection and testing. If the shipper fails to comply with our request to inspect and test oversize packaging or the sampling fails FedEx testing, FedEx Ground will not be liable for any damage to shipper's oversize packages.

For general packaging assistance, including packing, sealing and labeling tips and information on how to submit your packaging for testing or evaluation, go to fedex.com/packaging.

Pharmaceuticals

You are responsible for complying with all applicable local, state and federal laws, regulations, ordinances and rules governing the shipment of pharmaceuticals. Packages containing pharmaceuticals must not have labels, markings or other written notice that a pharmaceutical is contained within. Select the Direct Signature Required Delivery Signature Option if you require FedEx to obtain a signature from someone at the delivery address, or the Adult Signature Required Delivery Signature Option if you require an adult signature for delivery. See the Delivery Signature Options section for details.

Pickup and Delivery

A. Pickup Service:

1. FedEx Ground may provide on-call pickup service for a per-package pickup fee for customers that do not have a FedEx Ground regular scheduled pickup. This fee may be higher if the pickup is made the same day it is requested or if the request is made through FedEx Customer Service.
2. FedEx Ground may provide pickup service for a weekly pickup fee to regular scheduled pickup customers.
3. An alternate address pickup fee may apply to pickup service at shipping locations other than the location associated with the FedEx Ground account number. The alternate address pickup fee only applies to account numbers assessed the weekly pickup fee.
4. Charges for pickup service shall apply in addition to the rates set forth in the FedEx Service Guide in effect at the time of shipment. Upon payment of the applicable pickup service charge, FedEx Ground will call at the shipper's premises once each business day, if required, to pick up packages for delivery to all points served by FedEx Ground.
5. A return pickup surcharge applies for FedEx Print Return Label and FedEx Email Return Label shipments.
6. The shipper agrees to declare all applicable additional charges on the Customer Shipping Record or Declared Value Shipment Form, if applicable. FedEx Ground reserves the right to assess additional charges on those packages that the shipper does not properly rate and to re-rate packages the shipper fails to rate properly.

B. Delivery. FedEx Ground does not offer a restricted-delivery service and may deliver to someone other than the person or entity named as the recipient. We also may make an indirect delivery. Indirect delivery is a completed delivery to an address or location other than the address on the label and includes shipments delivered via Indirect Signature Required service. FedEx Ground may release the package with no signature at a residential address if none of the FedEx Delivery Signature Options are selected. FedEx will attempt to obtain a signature for shipments to nonresidential addresses, except that when such shipments are tendered to a postal service, an interline cartage agent or a freight forwarder, FedEx Ground may release such shipments with no signature if none of the FedEx Delivery Signature Options are selected. Where a signature is required, FedEx will make up to three attempts at delivery. A notice that delivery has been attempted will be left at the recipient's address after the first and second attempts. (See the Delivery Signature Options section.)

At our sole discretion, shipments having a declared value of US\$500 or greater may not be released without a signature even where the release is otherwise authorized.

FedEx Ground may, at its sole discretion, utilize a postal service, an interline cartage agent or a freight forwarder for deliveries to remote rural areas, which may result in additional transit days and/or service restrictions. Our tender of a shipment to a postal service, an interline cartage agent or a freight forwarder constitutes delivery of the shipment by us for all purposes. Please contact FedEx Customer Service at 1.800.GoFedEx 1.800.463.3339 for more information.

Shipments to hotels, hospitals, government offices or installations, university campuses, or other facilities that utilize a mailroom or other central receiving area will be delivered to the central receiving area, unless otherwise authorized and approved by FedEx Ground.

In order to facilitate delivery or release of a shipment, FedEx Ground may, at its sole

discretion, contact the recipient to obtain delivery instructions, or to notify them that a delivery is scheduled, that a delivery has been completed or that a shipment is available for pickup at a Hold at FedEx Location facility. FedEx may also accept requests for delivery options from a recipient using FedEx Delivery Manager.

At its discretion, FedEx may not deliver or attempt delivery on the scheduled delivery day if the shipper or recipient requested a later delivery or informed FedEx that the recipient is closed or unavailable to accept delivery on the scheduled delivery day. In this situation, charges will be assessed based on the service initially selected by the shipper. The shipper or payor is responsible for communicating with the recipient regarding requested later delivery times and is responsible for knowing the days and times that the recipient location can accept FedEx deliveries.

We reserve the right to assess a Residential Delivery surcharge on any shipment delivered to a home or private residence, including locations where a business is operated from a home, or on any shipment in which the shipper has designated the delivery address as a residence, including shipments where the delivery location has been designated as Residential Delivery in error.

C. Redirect to Hold at FedEx Location:

1. The shipper or recipient may request to redirect a package to a FedEx Office location within the FedEx Ground/FedEx Home Delivery terminal delivery area of the original address.
2. Shipments that are requested to be redirected to Hold at FedEx Location are not eligible for the FedEx money-back guarantee.

Plants and Plant Materials

Shipping of plants and plant materials is discouraged by FedEx Ground. FedEx Ground assumes no liabilities if such materials are damaged in transit or if damages result from delay of shipment. If you choose to ship plants or plant materials, including seedlings, plant plugs and cut flowers, they must be shipped in accordance with applicable local, state and federal laws. Packages containing these items may be inspected by government agencies, which may result in a delay in delivery or seizure by government inspectors. FedEx Ground is not liable or responsible for damage, refunds or credits resulting from such delays or seizures. (See the Liabilities Not Assumed and Money-Back Guarantee Policy sections.)

Prohibited Items

You are prohibited from tendering the following items for shipment, and you agree not to do so:

1. Money, cash, coins, currency, paper money and negotiable instruments equivalent to cash, such as endorsed stocks, bonds and cash letters.
2. All live animals. (Edible seafood, such as live lobsters, crabs or other types of fish and shellfish for human consumption, is acceptable, provided the shipper is in compliance with all local, state, and federal laws.)
3. Animal carcasses. (Animal heads and other parts for taxidermy may be accepted but must be properly packaged. This restriction does not apply to properly packaged meat or poultry products intended for human consumption.)
4. Human corpses, human organs or body parts, human and animal embryos, or cremated or disinterred human remains.
5. Shipments that require us to obtain a local, state or federal license for their transportation.
6. Shipments that may cause damage or delay to equipment, personnel or other shipments.
7. Items resembling a bomb, hand grenade or other explosive device, except as provided in the Hazardous Materials section. This includes, but is not limited to, inert products such as novelty items, training aids and works of art.
8. Lottery tickets and gambling devices where prohibited by law.
9. Hazardous waste. This includes, but is not limited to, used hypodermic needles or syringes transported for sterilization, recycling, disposal or for any other purpose, or other medical waste. FedEx Ground also does not accept hazardous substances in reportable quantities.
10. Infectious or non-infectious human or animal cells, tissue, bodily fluids, blood, blood products, plasma, or any other material derived from human or animal blood whether in liquid or solid form; biohazards; regulated or non-regulated diagnostic cultures, specimens or samples, whether infectious or non-infectious; used health care products as defined in Title 49 of the Code of Federal Regulations; and any materials regulated as UN 2814, UN 2900, UN 3373 and UN 3291.
11. Inhalation hazards.

FedEx Ground Tariff

(Prohibited Items, cont.)

12. Packages that are wet, leaking or emit an odor of any kind.
13. Live insects.
14. Shipments or commodities that are prohibited by applicable local, state or federal law.
15. Tobacco and tobacco products, including but not limited to cigarettes, cigars, loose tobacco, smokeless tobacco, hookah or shisha.
16. Marijuana, as defined by U.S. federal law, 21 U.S.C. 802(16), including marijuana intended for recreational or medicinal use, and synthetic cannabinoids.
17. Common fireworks.
18. Containers of liquids with a volume exceeding 8 gallons (32 liters) or 70 lbs. in weight.
19. Restriction for Service to Alaska and Hawaii. The following goods are prohibited: those of unusual value, hazardous materials (including ORM-D and Limited Quantity materials), household goods, commodities in bulk, commodities requiring special equipment or handling and those commodities injurious or contaminating to other lading, nondomesticated animal products, dangerous goods, foods, furs, hazardous substances or any materials regulated by the DOT or by the International Civil Aviation Organization (ICAO), jewelry, live animals, perishables, plants and seeds.
20. Handguns.
21. Waste or garbage for disposal.

Notwithstanding any other provision of the FedEx Service Guide, we are not liable for delay of, loss of or damage to a shipment of any prohibited item. The shipper agrees to indemnify FedEx Ground for any and all costs, fees and expenses FedEx Ground incurs as a result of the shipper's violation of any local, state or federal laws or regulations or from tendering any prohibited item for shipment.

Proof of Delivery

A. Verification of Delivery. Shippers may obtain proof of package delivery, including delivery date, online at fedex.com or by calling FedEx Customer Service at 1.800.GoFedEx 1.800.463.3339. There is no additional charge for this service.

B. Shipment-Status Information. FedEx Ground may provide selected shippers a daily or weekly list generated from our shipment-status information. This list is provided so that shippers will have a quick, abbreviated record of packages shipped and received. Shipment-status files contain preliminary and incomplete delivery data. It is not intended or permitted to be used to file claims or to determine whether any individual shipment fails to meet FedEx Ground service commitments.

Rate Quotations

Rates and service quotations by FedEx Ground employees and agents are estimates and will be based upon information the shipper provides, but final rates and service may vary based upon the shipment actually tendered and the application of this tariff. Rates quoted will vary depending on whether (1) the shipper is a FedEx account holder and (2) the shipper has discounts applied to his or her account.

- Shippers will be quoted FedEx Standard List Rates if they have a valid FedEx account, do not have discounts applied to their account and if they charge their shipping to their account.
- Shippers will be quoted Account-Specific Rates if they have a valid FedEx account, have discounts applied to their account and if they charge their shipping to their account.
- Shippers will be quoted FedEx Retail Rates for shipments originating in the U.S. that are paid for by cash, check, debit or credit card instead of being charged to a valid FedEx account.

For the most current information regarding areas served and delivery commitments, check online at fedex.com or contact FedEx Customer Service at 1.800.GoFedEx 1.800.463.3339.

Refusal or Rejection of Shipments

FedEx Ground reserves the right to refuse to transport any package that it, at its sole discretion, determines to be dangerous, hazardous or likely to soil, taint or otherwise damage other shippers' property or FedEx Ground equipment, personnel or contractors, or is improperly or insecurely packaged or wrapped, or is economically or operationally impracticable to transport. Packages must be packaged and wrapped so as to pass the procedures described in the Packaging and Marking section covering testing of the packaged products weighing under 150 lbs. (68 kg).

Return Options

A. FedEx Ground return options are subject to all other terms and conditions provided in the FedEx Ground claims regulations, and as a whole, the tariff. The contents of a return shipment are subject to the same restrictions and prohibited-item limitations as the original shipment.

B. Written authorization from FedEx Ground is required to participate in the Package Returns Program (PRP). The maximum liability assumed by FedEx Ground for packages returned through PRP, FedEx Print Return Label or FedEx Email Return Label is limited to \$100 unless a higher value is declared, up to a maximum of \$1,000, at time of tender and a greater charge paid (see the Declared Value and Limits of Liability section). The shipper may declare a value up to \$50,000 for packages returned through the FedEx Ground Call Tag. The declared value of the FedEx Ground Call Tag may not exceed the value of the declared value on the original shipment. The shipper may not declare a value for a package returned to FedEx Ground through a damage call tag. FedEx Ground shall not be liable for any damage to a shipment or claim arising out of the use of a return option unless the package was lost during shipment or there was visible damage noted by the driver at time of delivery. FedEx Ground shall not be liable for any concealed damage for items returned by using PRP, FedEx Print Return Label or FedEx Email Return Label. Receipt of a shipment without written notice of damage on the delivery record is *prima facie* evidence that the shipment was delivered in good condition. The FedEx Ground liability for any loss or damage arising out of an authorized return shipment shall never exceed the actual amount of damage or the declared amount, whichever is lower. All other terms and conditions related to FedEx Ground claims regulations and, as a whole, the tariff, shall apply for packages shipped through the use of a FedEx Ground return option.

C. FOR FEDEX RETURNS, NOTWITHSTANDING ANY PAYMENT INSTRUCTIONS THAT ARE GIVEN TO FEDEX, THE PARTY THAT INITIATES A RETURN SHIPMENT TRANSACTION WITH FEDEX IS ULTIMATELY LIABLE FOR, WILL BE BILLED FOR, AND AGREES TO PAY, ALL CHARGES AND PICKUP FEES, INCLUDING ANY SPECIAL HANDLING FEES, REGARDLESS OF ANY PAYMENT INSTRUCTIONS TO THE CONTRARY, IF THE SENDER OR THIRD PARTY FAILS OR REFUSES TO PAY.

Tobacco and Tobacco Products

Tobacco and tobacco products are prohibited. Please see the Prohibited Items section.

Undeliverable Shipments

An undeliverable shipment is one that cannot be delivered for reasons that include, but are not limited to, any of the following:

- The recipient refuses to pay for a bill-recipient shipment.
- The recipient of a Hold at FedEx Location shipment cannot be located.
- The recipient refuses to accept the shipment.
- The recipient's delivery address cannot be located.
- The shipment was addressed to an area not served by FedEx.
- The shipment's contents or packaging are damaged to the point that rewrapping is not possible.
- The shipment would likely cause damage or delay to other shipments or property or injury to personnel.
- The shipment contains prohibited items.
- The recipient's place of business is closed.
- No appropriate person was available to accept the shipment at a delivery location on the initial delivery attempt or reattempts.
- The shipment was improperly packaged.

A. Undeliverable shipments may be returned via FedEx Ground service at the payer's expense. Shipments will be returned via FedEx Ground service at no additional charge if the shipment is undeliverable because of damage to the shipment caused by FedEx. However, if the shipment is undeliverable for any other reason, FedEx Ground reserves the right to assess return transportation charges and fees to the original payer, along with the original transportation charges and fees.

B. Our money-back guarantee policy does not apply to undeliverable or returned shipments.

C. If a shipment cannot be delivered or returned or if the shipper or recipient cannot be contacted, the shipment may be transferred or disposed of by FedEx at its sole discretion, with or without notice, and the shipper, if known, agrees to pay any costs incurred in the disposal.

FedEx Ground Tariff

Warranties

FEDEX GROUND MAKES NO WARRANTIES, EXPRESS OR IMPLIED, AND EXPRESSLY DISCLAIMS ANY AND ALL WARRANTIES.

International Service Conditions

In addition to the preceding terms and conditions, the additional terms and conditions below apply exclusively to international shipments to Canada.

A. Billing:

1. Invoicing. Duties, taxes, clearance entry (brokerage) fees and ancillary clearance service fees may be assessed on the contents of shipments destined for Canada. These are payable by the importer of record (normally the consignee, unless otherwise indicated) in the first instance. For FedEx International Ground brokerage-inclusive shipments, duties and taxes may be billed to the shipper, recipient or third party. If a clearance entry fee applies, the payer of duties and taxes will be billed for the clearance entry fee.¹ Charges to the shipper's account in currencies other than U.S. dollars will be converted to U.S. dollars, using a weekly *Wall Street Journal* conversion rate corresponding to the pickup date of the shipment or, for FedEx International Ground Distribution, the date FedEx Ground takes possession of the shipment. A service fee may apply. The clearance entry fee is subject to all applicable Canadian taxes.

Regardless of any payment instructions to the contrary, the shipper is ultimately liable for all charges and fees relating to a shipment, including, but not limited to, any duties or taxes that FedEx Ground has advanced. Shippers are responsible for accurately completing all sections of the required export documentation and for the entry of accurate shipment information (including, but not limited to, commodity descriptions and values for duty) on the Commercial Invoice and in any electronic device or software program.

2. Responsibility for Payment. The shipper is responsible for all charges, including transportation charges, duties and clearance entry (brokerage) fees, ancillary clearance service fees, governmental penalties and fines, taxes, FedEx Ground attorney fees and legal costs related to this shipment, and charges related to broker unassigned shipments, or broker select shipments where the broker information provided is incorrect. The shipper will also be responsible for any cost FedEx Ground may incur in returning shipments to the shipper or warehousing them, pending disposition.

B. Customs Clearance. Brokerage-inclusive service is the automatic default for FedEx International Ground shipping on FedEx electronic shipping solutions. In some instances, at the option of FedEx Ground, FedEx Ground may accept instructions from the importer of record to use a designated customs broker other than the broker arranged by FedEx Ground or the broker designated by the shipper. In this case, the shipment will no longer be considered a brokerage-inclusive shipment.

When FedEx Ground arranges clearance services, a clearance entry fee will be added as an ancillary clearance service fee to the duty-and-tax invoice¹ to cover processes required to check the Commercial Invoice submitted with the shipment and to complete entry preparation procedures required by either U.S. Customs and Border Protection or the Canada Border Services Agency, including calculation of applicable duties and taxes for each type of commodity included in the shipment.

1. U.S. Export Shipments. You are responsible for and warrant your compliance with all applicable laws, rules and regulations, including, but not limited to, the export laws and government regulations of any country to, from, through or over which your shipment may be carried. You agree to furnish such information and complete and attach to the shipment such documents as necessary to comply with such laws, rules and regulations.

In addition, you specifically warrant that you will not tender any shipments to us if you are listed on the Denied Persons List maintained by the U.S. Department of Commerce. You also warrant that you will not attempt to ship to persons or entities listed as Specially Designated Nationals or Blocked Persons by the U.S. Treasury Department and that you will not ship items requiring a State Department license. FedEx Ground will not carry shipments that violate any U.S. export laws. We assume no liability to you or any other person for any loss or expense — including, but not limited to, fines and penalties — if you fail to comply with any export laws, rules or regulations.

Shipments crossing international borders must be cleared through customs in the destination country before being delivered to the consignee. You are responsible for providing FedEx with the importer of record's customs broker.

This can be done by entering broker information on the Commercial Invoice or by selecting the broker select option and entering broker information in the automation device. If the importer of record is self-clearing the shipment through customs, you must specifically indicate that on the shipment documentation or clearance fees may apply.

The shipper agrees to provide all required documentation for the customs clearance and certifies that all statements and information on said documentation, including documentation submitted electronically, are true and correct. The shipper authorizes FedEx Ground to forward all information of any nature regarding shipments to any and all governmental or regulatory agencies that request or require such information. The shipper understands that making false declarations or statements may result in civil and criminal penalties, including forfeiture and sale.

If the shipper does not complete all documents required for carriage, or if the documents submitted are not appropriate for the services or destinations specified, the shipper hereby authorizes FedEx Ground, where permitted by law, to complete, correct or replace the documents for the shipper at the shipper's expense. However, FedEx Ground is not obligated to do so.

If a substitute form of Commercial Invoice is needed to complete delivery of the shipment, and FedEx Ground completes such a document, the terms of this tariff will continue to govern.

When shipments are held by customs or other agencies because of incorrect or missing documentation, FedEx Ground may attempt to notify the consignee or shipper, as determined by local law. If the consignee or shipper fails to supply the required information or documentation, the shipment may be determined to be undeliverable. FedEx Ground assumes no responsibility for the inability to complete a delivery due to incorrect or missing documentation. Shipments held by customs or other agencies because of incorrect or missing documentation will require additional transit time.

2. U.S. Import Shipments. Shipments originating outside the U.S. for delivery in the U.S. are subject to local tariffs and the service conditions of FedEx Ground. These service conditions include terms regarding the importation and customs clearance of shipments into the U.S. from Canada.

U.S. Customs regulations require the Social Security Number (SSN) of an individual and the Internal Revenue Service Employer Identification Number (EIN) of the U.S. consignee for certain shipments being imported into the U.S. This information must be included on the Commercial Invoice for all U.S. import shipments. The EIN or SSN must be on file with the U.S. Customs Service. Any changes to a company address, or the EIN or SSN, should be provided to FedEx Ground for system updating. Shipments that arrive in the U.S. that do not have the correct EIN or SSN may be detained until that information can be obtained from the consignee or determined otherwise. This requirement applies to shipments imported to the U.S. requiring a formal entry.

C. Duties and Taxes. In order to expedite customs clearance, FedEx Ground may elect to disburse duties and taxes on the importer's behalf. A FedEx Ground agent or employee may contact the importer to confirm arrangements for reimbursement of amounts to be disbursed. For brokerage-inclusive shipments, duties and taxes may generally be billed to the shipper, consignee or third party as designated on the Commercial Invoice or entered in an automation device.

If a consignee from whom reimbursement is requested refuses to pay assessed duties and taxes, FedEx Ground may bill the shipper. If the shipper refuses to make satisfactory arrangements for reimbursement, the shipment may be placed into a general order or customs-bonded warehouse. The shipper remains liable for all amounts advanced by FedEx Ground.

D. Inspection of Shipments. FedEx Ground, or its agents or brokers, may open and inspect any or all packages in a shipment at any time. This action may be initiated by FedEx Ground or at the request of government authorities.

E. Postal Codes and Telephone Numbers. The consignee's postal code, telephone number and contact name are critical information and should be included on both the Commercial Invoice and address label.

F. Prohibited Items. You are prohibited from tendering the following items for shipment to Canada, and you agree not to do so. This list is not all-inclusive and is subject to modification without notice. FedEx Ground reserves the right to open and inspect any package tendered for delivery. FedEx Ground will refuse and may return any shipment that is considered unsafe, unlawful, or violates the terms and conditions of the FedEx Ground Tariff.

¹Effective Feb. 27, 2016. Prior to Feb. 27, 2016, the payer of transportation charges is billed for the clearance entry fee, which is added as a surcharge to the transportation invoice.

(International Service Conditions, cont.)

1. Alcoholic beverages.
 2. Ammunition of any kind.
 3. All live animals, dead animals and animals that have been mounted.
 4. Money, cash, coins, currency, paper money and negotiable instruments equivalent to cash, such as endorsed stocks, bonds and cash letters.
 5. Dangerous goods.
 6. Firearms, weaponry and their parts (and replicas thereof).
 7. Explosives, fireworks, flares, matches.
 8. Items resembling a bomb, hand grenade or other explosive device, except as provided in the Hazardous Materials section. This includes, but is not limited to, inert products such as novelty items, training aids and works of art.
 9. Furs.
 10. Hazardous materials (shipments classified as "Other Regulated Materials — Domestic" [ORM-D] or Limited Quantity are allowed if they contain consumer commodities only and are properly labeled).
 11. Hazardous waste. This includes, but is not limited to, used hypodermic needles or syringes transported for sterilization, recycling, disposal or for any other purpose, or other medical waste. FedEx Ground also does not accept hazardous substances in reportable quantities.
 12. Infectious or non-infectious human or animal cells, tissue, bodily fluids, blood, blood products, plasma, or any other material derived from human or animal blood whether in liquid or solid form; biohazards; regulated or non-regulated diagnostic cultures, specimens or samples, whether infectious or non-infectious; used health care products as defined in Title 49 of the Code of Federal Regulations; and any materials regulated as UN 2814, UN 2900, UN 3373 and UN 3291.

 17. Pornographic and/or obscene material.
 18. Tobacco and tobacco products, including but not limited to cigarettes, cigars, loose tobacco, smokeless tobacco, hookah or shisha.
 19. Personal items declared as personal effects or unaccompanied baggage. (Personal items not declared as personal effects are acceptable; duties and taxes may apply.)
 20. Lottery tickets and gambling devices where prohibited by law.
 21. Shipments being processed under:
 - a. Duty drawback claims unless advance arrangements are made
 - b. Temporary Import Bonds
 - c. U.S. State Department licenses
 - d. Carnets
 - e. U.S. Drug Enforcement Administration export permit
 - f. Letters of credit
 - g. Certificate of Registration
 - h. Shipments moving into or out of United States Foreign Trade Zones or bonded warehouses.
 22. Shipments that may cause damage to, or delay of, equipment, personnel or other shipments.
 23. Shipments that require FedEx Ground to obtain any special license or permit for transportation, importation or exportation.
 24. Shipments whose carriage, importation or exportation is prohibited by any law, statute or regulation.
 25. Packages that are wet, leaking or emit an odor of any kind.
 26. Improperly packaged shipments.
 27. Waste or garbage for disposal.
 28. Live insects.
 29. Any commodity that requires Electronic Export Information (formerly known as the Shipper's Export Declaration, or SED).
- G. Return and Import Shipping Options.** Shipments returned from Canada using the FedEx Global Returns service option, or shipments initiated via the Create Import Shipment feature on fedex.com, are governed by the FedEx Service Guide, Canadian edition. Consult fedex.com/globalreturns for details on return shipments.

FOR SHIPMENTS INITIATED VIA THE CREATE IMPORT SHIPMENT FEATURE ON FEDEX.COM, NOTWITHSTANDING ANY PAYMENT INSTRUCTIONS THAT ARE GIVEN TO FEDEX, THE PARTY THAT INITIATES THE IMPORT SHIPMENT TRANSACTION WITH FEDEX IS ULTIMATELY LIABLE FOR, WILL BE BILLED FOR, AND AGREES TO PAY, ALL CHARGES AND FEES, INCLUDING ANY SPECIAL HANDLING FEES AND ANY DUTIES OR TAXES WHICH WE HAVE ADVANCED, REGARDLESS OF ANY PAYMENT INSTRUCTIONS TO THE CONTRARY, IF THE SENDER OR THIRD PARTY FAILS OR REFUSES TO PAY.

H. Rural Surcharges. Canada packages destined to the Yukon, Northwest Territories, Nunavut and Labrador are restricted to a maximum 70-lb. weight limit and will incur an additional charge. The additional charge is in addition to applicable transportation charges.

I. Shipper Warranty. The shipper warrants that each article in each shipment will possess the required paperwork to export, will be properly described on the Commercial Invoice, will be acceptable for transport by FedEx Ground, and will be properly marked, addressed and packaged to ensure safe transportation with ordinary care in handling.

J. Undeliverable Shipments. The shipper may elect to have a shipment returned if the shipment is refused by the consignee or for any other reason cannot be delivered. If a shipment is returned to the shipper, the shipper is responsible for payment of both the original transportation charges and the return charges. All duties and taxes, assessed in the destination country as well as the origin country upon return, are also the responsibility of the shipper. All return charges are payable immediately upon request.

A shipper may elect to "abandon" the shipment in the destination country. If a shipment is abandoned, FedEx Ground, at its discretion, reserves the right to dispose of the merchandise. The shipper will be responsible for any charges associated with disposal.

SERVICES 2016-2021**

Lead by the State of Utah

THIS PARTICIPATING ADDENDUM (this “Addendum”) is entered into effective as of the date of the last signature (the “Effective Date”), by and between the State of Oklahoma by and through the Office of Management and Enterprise Services (the “State of Oklahoma” or Participating State/Entity”) and FEDEX (“Contractor” or “Vendor”). The Contract period of the Addendum shall be from January 10, 2017 to November 27, 2017 with four (4) one year options to renew upon mutual agreement but shall not exceed November 27, 2021. The State of Oklahoma and Contractor are sometimes collectively referred to herein as the “Parties.” Capitalized terms used but not defined herein have the meanings ascribed to such terms in that certain Master Agreement Award among the State of Utah (“Lead State”), Contractor and those states entering into a Participating Addendum thereto (the “Master Agreement”).

WHEREAS, the Master Agreement is further identified as Contract No. MA454. This Participating Addendum will be coterminous with the Master Agreement and any extensions of the Master Agreement, unless terminated pursuant to the terms of this addendum and NASPO ValuePoint Master Agreement Terms and Conditions, Section 28 Cancellation.

WHEREAS, the Master Agreement contemplates that all authorized entities in any state are welcome to use the Master Agreement through NASPO ValuePoint Cooperative Procurement Program with such state’s chief procurement official and provides that any such state reserves the right to add state-specific terms and conditions and modify the scope of the contract in such state’s Participating Addendum as allowed by the Master Agreement; and

WHEREAS, this Addendum is the State of Oklahoma’s Participating Addendum contemplated by the Master Agreement;

WHEREAS, small package delivery and express delivery services are included in this contract portfolio;

D. Destination

The term ("Destination") means delivered to the receiving dock or other point specified in the applicable Contract Document.

E. Indemnified Parties

The term ("indemnified Parties") means the State of Oklahoma any Oklahoma Purchasing Entity and/or their officers, agents, employees, representatives, contractors, assignees and/or designees.

II. Limitation of Authority

Contractor shall have no authority to act for or on behalf of Purchasing Entities or the State of Oklahoma, except as expressly provided for in this Participating Addendum; no other authority, power or use is granted or implied. Contractor may not incur any debts, obligations, expenses or liabilities of any kind on behalf of Purchasing Entities or the State of Oklahoma.

III. Administrative Fees and Contract Usage Report

For Oklahoma-based Purchasing Entities, Contractor agrees to submit a Contract Usage Report to the State of Oklahoma on a quarterly basis. "Contract Usage Report" shall include the following: (i) the applicable state contract number; (ii) report amount(s); (iii) reporting period covered; and (iv) the applicable state agency name(s). Contract Usage Reports shall also include usage of the Participating Addendum by any other governmental entities (i.e. county, city, etc.). Continuous failure to submit Contract Usage Reports as required herein may result in termination of the Participating Addendum.

All Contract Usage Reports shall meet the following criteria:

For Oklahoma-based Purchasing Entities, the State of Oklahoma assesses an administrative fee in the sum of one percent (1%) on all net sales transacted by any Purchasing Entity under the Participating Addendum (the "Oklahoma Admin Fee"). The administrative fee is not to be considered an add-on fee to the Oklahoma-based Purchasing Entities, but is to be included within the cost and discount percentage provided under this Participating Addendum.

Contractor shall submit the Oklahoma Admin Fee on a quarterly basis. Failure to remit the Oklahoma Admin Fee quarterly may result in cancellation of the Participating Addendum. Oklahoma Admin Fee shall not be reflected as a separate line item in Contractor's billing to participating state agencies and authorized users.

Payment of the Oklahoma Admin Fee shall be made via company check payable to OMES within forty-five (45) calendar days from the completion of the applicable quarterly reporting period set forth above.

Contractor agrees to notify OMES-Central Purchasing Procurement via the email address set forth below twenty-four (24) hours in advance of Contractor's submitting payment of the Oklahoma Admin Fee.

To ensure payment is properly accounted for, Contractor shall identify payment in the applicable Contract Usage Report as an "Administrative Fee" and shall include the

IV. Pricing

A. Pursuant to 68 O.S. § 1404, 68 O.S. § 1352, and 68 O.S. § 1356, Purchasing Entities under the Contract that are Oklahoma state agencies are exempt from the assessment of State sales, use, and excise taxes. Further, such Purchasing Entities and Purchasing Entities that are political subdivisions of the State of Oklahoma are exempt from Federal Excise Taxes pursuant to Title 26 of the United States Code. Purchasing Entities will provide Contractor with a tax exemption certificate upon request. Any taxes of any nature whatsoever payable by the Contractor shall not be reimbursed by the Purchasing Entity.

B. Pursuant to Okla. Stat. tit. 74, § 85.40, Oklahoma Purchasing Entities shall not pay Contractor any travel expenses in addition to the total price of the products and/or services purchased; therefore, Contractor shall not invoice Oklahoma-based Purchasing Entities for any travel expenses in addition to the total price of the products and/or services purchased hereunder.

C. The price to the Purchasing Entity under the Participating Addendum shall include and Contractor shall prepay all shipping, packaging, delivery and handling fees. All

If the Purchasing Entity requests expedited or special delivery, Purchasing Entity may be responsible for any charges for expedited or special delivery.

V. Invoices and Payment

Payment terms will be Net 45.

VI. Termination for Non-appropriation

With respect to all Oklahoma-based transactions and all Oklahoma-based Purchasing Entities, Participating State may terminate any order if funds sufficient to pay its obligations under the Participating Addendum are not appropriated by the applicable state legislature, federal government or other appropriate government entity or received from an intended third party funding source. In the event of such insufficiency, Participating State shall provide ten (10) calendar days' written notice of intent to terminate. Notwithstanding the foregoing, if a Purchasing Entity issues an order and has accepted the products and/or services under such order, the Purchasing Entity shall be obligated to pay for such products and/or services. In the event of termination of an order as provided in the foregoing, Participating State shall not be considered to be in default or breach under the Participating Addendum nor under the Master Agreement, nor shall it be liable for any further payments ordinarily due under, with respect to, related to, or arising out of such order, nor shall it be liable for any damages or any other amounts which are caused by or associated with such termination.

Contractor may terminate the Contract in the event (A.) it has provided the State with written notice of material breach and (B.) the State fails to cure such material breach within thirty (30) days of receipt of written notice. The State may terminate the Contract in whole or in part in the event (A.) it has provided Contractor with written notice of material breach, and (B.) Contractor fails to cure such material breach within thirty (30) days of receipt of written notice. Similarly, a Purchasing Entity may terminate its obligations, in whole or in part, to Contractor if it has provided Contractor with written notice of material breach and Contractor fails to cure such material breach within thirty (30) days of receipt of written notice.

The State may terminate the Contract in whole or in part immediately without a thirty (30) day written notice to Contractor, only if Contractor's material breach is reasonably determined (A.) to be an impediment to the function of the State and detrimental to the State, (B.) when conditions preclude the thirty (30) day notice, or (C.) or when the State determines that an administrative error occurred prior to Contract performance.

If the Contract or certain obligations under the Contract are terminated, the Purchasing Entity shall be liable only for payment for Products or Services delivered and accepted prior to the date of such termination. Such termination shall be an exclusive remedy but shall be in addition to any other rights and remedies provided for by law. In no event shall a Purchasing Entity be liable to the Contractor for compensation for any Products neither requested nor accepted by the Purchasing Entity or for any Services neither requested by the Purchasing Entity nor satisfactorily performed by the Contractor. In no event shall the State's exercise of its right to terminate the Contract for cause relieve the Contractor of any liability to the State or a Purchasing Entity for claims arising under the Contract.

A. As a condition of this Contract with the State, Contractor shall procure at its own expense, and provide proof of, insurance coverage with the applicable liability limits set forth below. Such proof of coverage shall be provided to the State. Contractor may not commence performance hereunder until such proof has been provided. Additionally, Contractor shall promptly provide proof to the State of any renewals, additions, or changes to such insurance coverage. Contractor's obligation to maintain insurance coverage under the Contract is a continuing obligation through the term of the Contract and each purchase order issued to Contractor in connection with the Contract. The minimum acceptable insurance limits of liability are as follows:

1. Workers' Compensation and Employer's Liability Insurance in accordance with and to the extent required by applicable law;
2. Commercial General Liability Insurance covering the risks of personal injury, bodily injury (including death) and property damage, including coverage for contractual liability, with a limit of liability of not less than \$1,000,000 per occurrence and \$2,000, 000 in the aggregate;
3. Automobile Liability Insurance with limits of liability of not less than \$1,000,000 per occurrence and in the aggregate, with coverage, if applicable, for all owned vehicles, all non-owned vehicles, and all hired vehicles;
4. Professional Errors and Omissions Insurance which shall include Consultant's Computer Errors and Omissions Coverage with limits not less than \$1,000,000 per claim and in the aggregate; and
5. Additional coverage required by the State in writing in connection with a particular acquisition.

B. Contractor shall be entirely responsible during the existence of the Contract for the liability and payment of taxes payable by or assessed to Contractor or its employees, agents and subcontractors of whatever kind, in connection with the Contract. Contractor further agrees to comply with all state and federal laws applicable to any such persons, including laws regarding wages, taxes, insurance, and Workers' Compensation. Neither a Purchasing Entity nor the State shall be liable to the Contractor, its employees, agents, or others for the payment of taxes or the provision of unemployment insurance and/or Workers' Compensation or any benefit available to a State or Purchasing Entity employee.

C. Contractor agrees to indemnify and hold harmless Purchasing Entities, the State, and its employees, agents, representatives, contractors, and/or assignees from any and all liability, actions, claims, demands, or suits, and all related costs and expenses and attorneys' fees relating to tax liability, unemployment insurance and/or Workers' Compensation in connection with its performance under the Contract. In connection with indemnification of Purchasing Entity, when a State agency is a named defendant in any lawsuit, the defense of the State agency shall be coordinated by the Attorney General of Oklahoma, or the Attorney General of Oklahoma may authorize the Contractor to control the defense and any related settlement negotiations; provided, however, Contractor shall not agree to any settlement or claims against the State without advance written concurrence from the State Attorney General. If the Attorney General of Oklahoma does not authorize sole control of the defense and settlement negotiations to Contractor, Contractor shall be granted authorization to equally participate in any proceeding related to this section but Contractor shall remain responsible to indemnify the State.

VII. Choice of Law

Any claim, dispute, or litigation relating to the execution, interpretation, performance, or enforcement of this Participating Addendum or any Contract Document shall be governed by the laws of the State of Oklahoma without regard to application of choice of law principles.

VII. Choice of Venue

Venue for any action, claim, dispute, or litigation relating in any way to the execution, interpretation, performance, or enforcement of this Participating Addendum, or any of the Contract Documents, shall be in Oklahoma County, Oklahoma. If a claim is brought in a federal forum, it must be brought and adjudicated solely and exclusively in the United States District Court for the Western District of Oklahoma. Further, notwithstanding any provision in the Master Agreement or this Participating Addendum, the State does not waive the doctrine of sovereign immunity and immunity from suit to the extent authorized by the Constitution and laws of the State of Oklahoma nor any other right or defense available to the State.

IX. Conflict of Interest

In addition to any requirement of law or through a professional code of ethics or conduct, the Contractor, its employees, agents and subcontractors are required to disclose any outside activity or interest that conflicts or may conflict with the best interest of the State. Further, as long as the Contractor has an obligation under this Participating Addendum, any plan, preparation or engagement in any such activity or interest shall not occur without prior written approval of the State.

X. Force Majeure

Either party shall be temporarily excused from performance to the extent delayed as a result of unforeseen causes beyond its reasonable control including fire or other casualty, act of God, strike or labor dispute, war or other violence, or any law, order or requirement of any governmental agency or authority provided the party experiencing the force majeure event has prudently and promptly acted to take any and all steps within the party's control to ensure continued performance and to shorten duration of the event. In the event that a party's performance of its obligations is materially hindered as a result of a force majeure event, such party shall promptly notify the other party of its best reasonable assessment of the nature and duration of the force majeure event and steps it is taking, and plans to take, to mitigate the effects of the force majeure event. The party shall use commercially reasonable best efforts to continue performance to the extent possible during such event and resume full performance as soon as reasonably practicable. Subject to the conditions set forth above, such non-performance shall not be deemed a default. However, a Purchasing Entity may terminate a purchase order if Contractor cannot cause delivery of Products or Services in a timely manner to meet the business needs of the Purchasing Entity.

To the extent of any term or condition in the Participating Addendum conflicts with an applicable Oklahoma and/or United States law or regulation, such Contract term or condition is void and unenforceable. By executing any Contract Document which contains a conflicting term or condition, Purchasing Entity makes no representation or warranty regarding the enforceability of such term or condition and Purchasing Entity does not waive the applicable Oklahoma and/or United States law or regulation which conflicts with the Contract term or condition.

XII. Audits and Records Clause

A. As used in this clause, "records" includes books, documents, accounting procedures and practices, and other data, regardless of type and regardless of whether such items are in written form, in the form of computer data, or in any other form. Contractor agrees any pertinent federal or State agency or governing entity of a Purchasing Entity shall have the right to examine and audit all records relevant to the execution and performance of the Contract except costs of Contractor that comprise pricing under the Contract, unless otherwise agreed.

B. The Contractor is required to retain records relative to the Contract for the duration of the Contract and for a period of seven (7) years following completion or termination of an Acquisition. If a claim, audit, litigation or other action involving such records is started before the end of the seven-year period, the records are required to be maintained for two (20) years from the date that all issues arising out of the action are resolved, or until the end of the seven (7) year retention period, whichever is later.

XIII. Compliance with Applicable Laws

A. As long as Contractor has an obligation under the terms of the Contract and in connection with performance of its obligations, the Contractor shall comply with all applicable federal, State, and local laws, rules, regulations, ordinances, and orders, as amended, including but not limited to the following:

Contractor further agrees not to publish or use such advertising, sales promotion, or publicity matter or release any informational pamphlets, notices, press releases, research reports, or similar public notices without obtaining the prior written approval of the State.

Open Records Act

- XVI.** Contractor acknowledges that Purchasing Entities are subject to the Oklahoma Open Records Act. Contractor also acknowledges that such Purchasing Entity will comply with the Oklahoma Open Records Act and with all pinions of the Oklahoma Attorney General concerning this Act. Except for a provision of the Contract specifically designated as confidential in writing executed by both parties or a provision protected from disclosure in the Open Records Act, no Contract provision is confidential information and, therefore, any provision is subject to disclosure under the Open Records Act.

Confidentiality

- XVII.** A. The Contractor shall maintain strict security of all State data and records entrusted to it or to which the Contractor gains access, in accordance with and subject to applicable federal and State laws, rules, regulations, and policies and shall use any such data and records only as needed by Contractor for performance of its obligations under the Contract. The Contractor further agrees to evidence such confidentiality obligation in a separate writing if required under such applicable federal or State laws, rules and regulations. If Contractor utilizes a subcontractor, Contractor shall obtain specific written assurance, and provide a copy to the State, that the subcontractor shall maintain this same level of security of all data and records entrusted to or accessed by the subcontractor and agree to the same obligations as

B. No State data or records shall be provided or the contents thereof disclosed to a third party unless specifically authorized in advance to do so in writing by the State Purchasing Director, the individual with administrative control over a Purchasing Entity or in compliance with a valid court order. The Contractor shall immediately forward to the State and the State Purchasing Director any request by a third party for data or records in the possession of the Contractor or any subcontractor or to which the Contractor or subcontractor has access and Contractor shall fully cooperate with all efforts to protect the security and confidentiality of such data or records in response to a third party request.

Assignment and Permitted Subcontractors

XVIII. A. Contractor's obligations under this Participating Addendum may not be assigned or transferred to any other person or entity without the prior written consent of the State which be withheld at the State's sole discretion. Should Contractor assign its rights to payment, in whole or in part, under this Participating Addendum, Contractor shall provide the State of Oklahoma with written notice of the assignment. Such written notice shall contain details sufficient for the Participating Entity to perform its payment obligations without any delay caused by the assignment.

B. If the Contractor is permitted to utilize subcontracts in support of this Participating Addendum, the Contractor shall remain solely responsible for its obligations under the terms of this Participating Addendum and for its actions and omissions and those of its agents, employees and subcontractors. Any proposed subcontractor shall be identified by entity name, and by employee name if required by the particular Acquisition, in the applicable proposal and shall include the nature of the services to be performed. Prior to a contractor being utilized by the Contractor, the Contractor shall obtain written approval of the State of such subcontractor and each employee, as applicable to a

As part of the approval request, the Contractor shall provide a copy of a written agreement executed by the Contractor and subcontractor setting forth that such contractor is bound by and agrees to perform, as applicable, the same covenants and be subject to the same conditions, and make identical certifications to the same facts and criteria, as the Contractor under the terms of all applicable Contract Documents. Contractor agrees that maintaining such agreement with any subcontractor and obtaining prior approval by the State of any subcontractor and associated employees shall be a continuing obligation. The State of Oklahoma further reserves the right to revoke approval of a subcontractor or an employee thereof in instances of poor performance, misconduct or for other similar reasons.

C. All payments under this Participating Addendum shall be made directly to the Contractor, except as provided in Section A above regarding the Contractor's assignment of payment no payment shall be made to the Contractor for performance by unapproved or disapproved employees of the Contractor or a subcontractor.

Mutual Responsibilities of the Parties

- XIX.** A. Neither the State nor the Contractor grants the other the right to use any trademarks, trade names, other designations in any promotion or publication without the express written consent by the other party.
- B. This Participating Addendum is a non-exclusive contract, and each party is free to enter into similar agreements with others.
- C. The Purchasing Entity and Contractor each grant the other only the licenses and rights specified in this Participating Addendum and all other rights and interests are expressly reserved.

MASTER AGREEMENT
[Contractor Name FEDEX]
Master Agreement No. MA454
(hereinafter "Contractor")

And

[State of Oklahoma/Office of Management and Enterprise Services]
(hereinafter "Participating State/Entity")

As applicable, performance under all license, subscription, service agreements and other similar Contract Documents entered into between Contractor and any Purchasing Entity under the terms of the Contract shall survive expiration or termination of the contract. Additionally, rights and obligations under this Participating Addendum which by their nature should survive including, but not limited to, payment obligations invoiced prior to expiration or termination; confidentiality obligations and indemnification remain in effect after expiration or termination of the contract.

E. Entire Agreement

The Contract Documents taken together as a whole constitute the entire agreement between a Purchasing Entity and Contractor. No statement, promise, condition, understanding, inducement or representation, oral or written, expressed or implied, which is not contained in a Contract Document shall be binding or valid.

Attachment A

NASPO ValuePoint Master Agreement Terms and Conditions

1. Master Agreement Order of Precedence

a. Any Order placed under this Master Agreement shall consist of the following documents:

- (1) A Participating Entity's Participating Addendum ("PA");
- (2) NASPO ValuePoint Master Agreement Terms & Conditions;
- (3) A Purchase Order issued against the Master Agreement;
- (4) The Scope of Work;
- (5) The Solicitation; and
- (6) Contractor's response to the Solicitation, as revised (if permitted) and accepted by the Lead State.

b. These documents shall be read to be consistent and complementary. Any conflict among these documents shall be resolved by giving priority to these documents in the order listed above. Contractor terms and conditions that apply to this Master Agreement are only those that are expressly accepted by the Lead State and must be in writing and attached to this Master Agreement as an Exhibit or Attachment.

2. Definitions

Acceptance means a written notice from a Purchasing Entity to Contractor advising Contractor that the Product has passed its Acceptance Testing. Acceptance of a Product for which acceptance testing is not required shall occur following the completion of delivery, installation, if required, and a reasonable time for inspection of the Product, unless the Purchasing Entity provides a written notice of rejection to Contractor.

Acceptance Testing means the process for ascertaining that the Product meets the standards set forth in the section titled Standard of Performance and Acceptance, prior to Acceptance by the Purchasing Entity.

Contractor means the person or entity delivering Products or performing services under the terms and conditions set forth in this Master Agreement.

Embedded Software means one or more software applications which permanently

reside on a computing device.

Intellectual Property means any and all patents, copyrights, service marks, trademarks, trade secrets, trade names, patentable inventions, or other similar proprietary rights, in tangible or intangible form, and all rights, title, and interest therein.

Lead State means the State centrally administering any resulting Master Agreement(s).

Master Agreement means the underlying agreement executed by and between the Lead State, acting on behalf of the NASPO ValuePoint program, and the Contractor, as now or hereafter amended.

NASPO ValuePoint is the NASPO Cooperative Purchasing Organization LLC, doing business as NASPO ValuePoint, a 501(c)(3) limited liability company that is a subsidiary organization of the National Association of State Procurement Officials (NASPO), the sole member of NASPO ValuePoint. NASPO ValuePoint facilitates administration of the NASPO cooperative group contracting consortium of state chief procurement officials for the benefit of state departments, institutions, agencies, and political subdivisions and other eligible entities (i.e., colleges, school districts, counties, cities, some nonprofit organizations, etc.) for all states and the District of Columbia. NASPO ValuePoint is identified in the Master Agreement as the recipient of reports and may perform contract administration functions relating to collecting and receiving reports as well as other contract administration functions as assigned by the Lead State.

Order or Purchase Order means any purchase order, sales order, contract or other document used by a Purchasing Entity to order the Products.

Participating Addendum means a bilateral agreement executed by a Contractor and a Participating Entity incorporating this Master Agreement and any other additional Participating Entity specific language or other requirements, e.g. ordering procedures specific to the Participating Entity, other terms and conditions.

Participating Entity means a state, or other legal entity, properly authorized to enter into a Participating Addendum.

Participating State means a state, the District of Columbia, or one of the territories of the United States that is listed in the Request for Proposal as intending to participate. Upon execution of the Participating Addendum, a Participating State becomes a Participating Entity; however, a Participating State listed in the Request for Proposals is not required to later participate in the Master Agreement

Product means any equipment, software (including embedded software), documentation, service or other deliverable supplied or created by the Contractor pursuant to this Master Agreement. The term Products, supplies and services, and products and services are used interchangeably in these terms and conditions.

Purchasing Entity means a state, city, county, district, other political subdivision of a State, and a nonprofit organization under the laws of some states if authorized by a Participating Addendum, who issues a Purchase Order against the Master Agreement and becomes financially committed to the purchase.

NASPO ValuePoint Program Provisions

3. Term of the Master Agreement

The initial term of this Master Agreement is for 5 years. This Master Agreement may be extended as permitted by the Lead States laws.

4. Amendments

The terms of this Master Agreement shall not be waived, altered, modified, supplemented or amended in any manner whatsoever without prior written approval of the Lead State.

5. Participants and Scope

a. Contractor may not deliver Products under this Master Agreement until a Participating Addendum acceptable to the Participating Entity and Contractor is executed. The NASPO ValuePoint Master Agreement Terms and Conditions are applicable to any Order by a Participating Entity (and other Purchasing Entities covered by their Participating Addendum), except to the extent altered, modified, supplemented or amended by a Participating Addendum. By way of illustration and not limitation, this authority may apply to unique delivery and invoicing requirements, confidentiality requirements, defaults on Orders, governing law and venue relating to Orders by a Participating Entity, indemnification, and insurance requirements. Statutory or constitutional requirements relating to availability of funds may require specific language in some Participating Addenda in order to comply with applicable law. The expectation is that these alterations, modifications, supplements, or amendments will be addressed in the Participating Addendum or, with the consent of the Purchasing Entity and Contractor, may be included in the ordering document (e.g. purchase order or contract) used by the Purchasing Entity to place the Order.

b. Use of specific NASPO ValuePoint cooperative Master Agreements by state agencies, political subdivisions and other Participating Entities (including cooperatives) authorized by individual state's statutes to use state contracts are subject to the approval of the respective State Chief Procurement Official. Issues of interpretation and eligibility for participation are solely within the authority of the respective State Chief Procurement Official.

c. Obligations under this Master Agreement are limited to those Participating Entities who have signed a Participating Addendum and Purchasing Entities within the scope of those Participating Addenda. Financial obligations of Participating Entities who are states are limited to the orders placed by the departments or other state agencies and

institutions having available funds. Participating Entities who are states incur no financial obligations on behalf of other Purchasing Entities. Contractor shall email a fully executed PDF copy of each Participating Addendum to PA@naspovaluepoint.org to support documentation of participation and posting in appropriate data bases.

d. NASPO Cooperative Purchasing Organization LLC, doing business as NASPO ValuePoint, is not a party to the Master Agreement. It is a nonprofit cooperative purchasing organization assisting states in administering the NASPO cooperative purchasing program for state government departments, institutions, agencies and political subdivisions (e.g., colleges, school districts, counties, cities, etc.) for all 50 states, the District of Columbia and the territories of the United States.

e. Participating Addenda shall not be construed to amend the following provisions in this Master Agreement between the Lead State and Contractor that prescribe NASPO ValuePoint Program requirements: Term of the Master Agreement; Amendments; Participants and Scope; Administrative Fee; NASPO ValuePoint Summary and Detailed Usage Reports; NASPO ValuePoint Cooperative Program Marketing and Performance Review; NASPO ValuePoint eMarket Center; Right to Publish; Price and Rate Guarantee Period; and Individual Customers. Any such language shall be void and of no effect.

f. Participating Entities who are not states may under some circumstances sign their own Participating Addendum, subject to the approval of participation by the Chief Procurement Official of the state where the Participating Entity is located. Coordinate requests for such participation through NASPO ValuePoint. Any permission to participate through execution of a Participating Addendum is not a determination that procurement authority exists in the Participating Entity; they must ensure that they have the requisite procurement authority to execute a Participating Addendum.

g. **Resale.** "Resale" means any payment in exchange for transfer of tangible goods, software, or assignment of the right to services. Subject to any specific conditions included in the solicitation or Contractor's proposal as accepted by the Lead State, or as explicitly permitted in a Participating Addendum, Purchasing Entities may not resell Products (the definition of which includes services that are deliverables).

6. Administrative Fees

a. The Contractor shall pay to NASPO ValuePoint, or its assignee, a NASPO ValuePoint Administrative Fee of one percent (1.0%) no later than sixty (60) days following the end of each calendar quarter. The NASPO ValuePoint Administrative Fee shall be submitted quarterly and is based on all sales of products and services under the Master Agreement (less any charges for taxes or shipping). The NASPO ValuePoint Administrative Fee is not negotiable. This fee is to be included as part of the pricing submitted with proposal.

b. Additionally, some states may require an additional fee be paid directly to the state only on purchases made by Purchasing Entities within that state. For all such requests,

the fee level, payment method and schedule for such reports and payments will be incorporated into the Participating Addendum that is made a part of the Master Agreement. The Contractor may adjust the Master Agreement pricing accordingly for purchases made by Purchasing Entities within the jurisdiction of the state. All such agreements shall not affect the NASPO ValuePoint Administrative Fee percentage or the prices paid by the Purchasing Entities outside the jurisdiction of the state requesting the additional fee. The NASPO ValuePoint Administrative Fee in subsection 6a shall be based on the gross amount of all sales (less any charges for taxes or shipping) at the adjusted prices (if any) in Participating Addenda.

7. NASPO ValuePoint Summary and Detailed Usage Reports

In addition to other reports that may be required by this solicitation, the Contractor shall provide the following NASPO ValuePoint reports.

a. Summary Sales Data. The Contractor shall submit quarterly sales reports directly to NASPO ValuePoint using the NASPO ValuePoint Quarterly Sales/Administrative Fee Reporting Tool found at <http://www.naspo.org/WNCPO/Calculator.aspx>. Any/all sales made under this Master Agreement shall be reported as cumulative totals by state. Even if Contractor experiences zero sales during a calendar quarter, a report is still required. Reports shall be due no later than thirty (30) days following the end of the calendar quarter (as specified in the reporting tool).

b. Detailed Sales Data. Contractor shall also report detailed sales data by: (1) state; (2) entity/customer type, e.g. local government, higher education, K12, non-profit; (3) Purchasing Entity name; (4) Purchasing Entity bill-to and ship-to locations; (4) Purchasing Entity and Contractor Purchase Order identifier/number(s); (5) Purchase Order Type (e.g. sales order, credit, return, upgrade, determined by industry practices); (6) Purchase Order date; (7) Ship Date; (8) and line item description, including product number if used. The report shall be submitted in any form required by the solicitation. Reports are due on a quarterly basis and must be received by the Lead State and NASPO ValuePoint Cooperative Development Team no later than thirty (30) days after the end of the reporting period. Reports shall be delivered to the Lead State and to the NASPO ValuePoint Cooperative Development Team electronically through a designated portal, email, CD-ROM, flash drive or other method as determined by the Lead State and NASPO ValuePoint. Detailed sales data reports shall include sales information for all sales under Participating Addenda executed under this Master Agreement. The format for the detailed sales data report is shown in Attachment G.

c. Reportable sales for the summary sales data report and detailed sales data report includes sales to employees for personal use where authorized by the solicitation and the Participating Addendum. Report data for employees should be limited to ONLY the state and entity they are participating under the authority of (state and agency, city, county, school district, etc.) and the amount of sales. No personal identification numbers, e.g. names, addresses, **social security numbers or any other numerical identifier**, may be submitted with any report.

d. Contractor shall provide the NASPO ValuePoint Cooperative Development Coordinator with an executive summary each quarter that includes, at a minimum, a list of states with an active Participating Addendum, states that Contractor is in negotiations with and any Participating Addendum roll out or implementation activities and issues. NASPO ValuePoint Cooperative Development Coordinator and Contractor will determine the format and content of the executive summary. The executive summary is due thirty (30) days after the conclusion of each calendar quarter.

e. Timely submission of these reports is a material requirement of the Master Agreement. The recipient of the reports shall have exclusive ownership of the media containing the reports. The Lead State and NASPO ValuePoint shall have a perpetual, irrevocable, non-exclusive, royalty free, transferable right to display, modify, copy, and otherwise use reports, data and information provided under this section.

8. NASPO ValuePoint Cooperative Program Marketing and Performance Review

a. Contractor agrees to work cooperatively with NASPO ValuePoint personnel. Contractor agrees to present plans to NASPO ValuePoint for the education of Contractor's contract administrator(s) and sales/marketing workforce regarding the Master Agreement contract, including the competitive nature of NASPO ValuePoint procurements, the Master agreement and participating addendum process, and the manner in which qualifying entities can participate in the Master Agreement.

b. Contractor agrees to participate in an annual contract performance review at a location selected by the Lead State and NASPO ValuePoint, which may include a discussion of marketing action plans, target strategies, marketing materials, as well as Contractor reporting and timeliness of payment of administration fees.

9. NASPO ValuePoint eMarket Center

a. In July 2011, NASPO ValuePoint entered into a multi-year agreement with SciQuest, Inc. whereby SciQuest will provide certain electronic catalog hosting and management services to enable eligible NASPO ValuePoint's customers to access a central online website to view and/or shop the goods and services available from existing NASPO ValuePoint Cooperative Contracts. The central online website is referred to as the NASPO ValuePoint eMarket Center.

b. The Contractor will have visibility in the eMarket Center through Ordering Instructions. These Ordering Instructions are available at no cost to the Contractor and provide customers information regarding the Contractors website and ordering information. The Contractor is required at a minimum to participate in the eMarket Center through Ordering Instructions.

c. At a minimum, the Contractor agrees to the following timeline: NASPO ValuePoint eMarket Center Site Admin shall provide a written request to the Contractor to begin Ordering Instruction process. The Contractor shall have thirty (30) days from receipt of written request to work with NASPO ValuePoint to provide any unique information and

ordering instructions that the Contractor would like the customer to have.

d. The eMarketCenter has the capability to host a catalog or integrate with a punchout site. While not required, if Contractor later desires to explore the functionality, contact NASPO ValuePoint for the system requirements and implementation terms and conditions.

10. Right to Publish

Throughout the duration of this Master Agreement, Contractor must secure from the Lead State prior approval for the release of information that pertains to the potential work or activities covered by the Master Agreement. This limitation does not preclude publication about the award of the Master Agreement or marketing activities consistent with any proposed and accepted marketing plan. The Contractor shall not make any representations of NASPO ValuePoint's opinion or position as to the quality or effectiveness of the services that are the subject of this Master Agreement without prior written consent. Failure to adhere to this requirement may result in termination of the Master Agreement for cause.

11. Price and Rate Guarantee Period

All prices and rates must be guaranteed for the initial term of the Master Agreement. Following the initial Master Agreement period, any request for price or rate adjustment must be for an equal guarantee period, and must be made at least one year prior to the effective date. Requests for price or rate adjustment must include sufficient documentation supporting the request. Any adjustment or amendment to the Master Agreement shall not be effective unless approved by the Lead State. No retroactive adjustments to prices or rates will be allowed.

12. Individual Customers

Except to the extent modified by a Participating Addendum, each Purchasing Entity shall follow the terms and conditions of the Master Agreement and applicable Participating Addendum and will have the same rights and responsibilities for their purchases as the Lead State has in the Master Agreement, including but not limited to, any indemnity or right to recover any costs as such right is defined in the Master Agreement and applicable Participating Addendum for their purchases. Each Purchasing Entity will be responsible for its own charges, fees, and liabilities. The Contractor will apply the charges and invoice each Purchasing Entity individually.

Administration of Orders

13. Ordering

a. Master Agreement order and purchase order numbers shall be clearly shown on all acknowledgments, shipping labels, packing slips, invoices, and on all correspondence.

b. Purchasing Entities may define project-specific requirements and informally compete the requirement among companies having a Master Agreement on an "as needed" basis. This procedure may also be used when requirements are aggregated or other firm commitments may be made to achieve reductions in pricing. This procedure may

be modified in Participating Addenda and adapted to the Purchasing Entity's rules and policies. The Purchasing Entity may in its sole discretion determine which Master Agreement Contractors should be solicited for a quote. The Purchasing Entity may select the quote that it considers most advantageous, cost and other factors considered.

c. Each Purchasing Entity will identify and utilize its own appropriate purchasing procedure and documentation. Contractor is expected to become familiar with the Purchasing Entities' rules, policies, and procedures regarding the ordering of supplies and/or services contemplated by this Master Agreement.

d. Contractor shall not begin work without a valid Purchase Order or other appropriate commitment document under the law of the Purchasing Entity.

e. Orders may be placed consistent with the terms of this Master Agreement during the term of the Master Agreement.

f. All Orders pursuant to this Master Agreement, at a minimum, shall include:

- (1) The services or supplies being delivered;
- (2) The place and requested time of delivery;
- (3) A billing address;
- (4) The name, phone number, and address of the Purchasing Entity representative;
- (5) The price per hour or other pricing elements consistent with this Master Agreement and the contractor's proposal;
- (6) A ceiling amount of the order for services being ordered; and
- (7) The Master Agreement identifier.

g. All communications concerning administration of Orders placed shall be furnished solely to the authorized purchasing agent within the Purchasing Entity's purchasing office, or to such other individual identified in writing in the Order.

h. Orders must be placed pursuant to this Master Agreement prior to the termination date thereof, but may have a delivery date or performance period up to 120 days past the then-current termination date of this Master Agreement. Contractor is reminded that financial obligations of Purchasing Entities payable after the current applicable fiscal year are contingent upon agency funds for that purpose being appropriated, budgeted, and otherwise made available.

i. Notwithstanding the expiration, cancellation or termination of this Master Agreement, Contractor agrees to perform in accordance with the terms of any Orders then outstanding at the time of such expiration or termination. Contractor shall not honor any Orders placed after the expiration, cancellation or termination of this Master Agreement, or otherwise inconsistent with its terms. Orders from any separate indefinite quantity, task orders, or other form of indefinite delivery order arrangement priced against this Master Agreement may not be placed after the expiration or termination of this Master Agreement, notwithstanding the term of any such indefinite delivery order agreement.

14. Shipping and Delivery.

a. The prices are the delivered price to any Purchasing Entity. All deliveries shall be F.O.B. destination, freight pre-paid, with all transportation and handling charges paid by the Contractor. Responsibility and liability for loss or damage shall remain the Contractor's until final inspection and acceptance when responsibility shall pass to the Purchasing Entity except as to latent defects, fraud and Contractor's warranty obligations. The minimum shipment amount, if any, will be found in the special terms and conditions. Any order for less than the specified amount is to be shipped with the freight prepaid and added as a separate item on the invoice. Any portion of an Order to be shipped without transportation charges that is back ordered shall be shipped without charge.

b. All deliveries will be "Inside Deliveries" as designated by a representative of the Purchasing Entity placing the Order. Inside Delivery refers to a delivery to other than a loading dock, front lobby, or reception area. Specific delivery instructions will be noted on the order form or Purchase Order. Any damage to the building interior, scratched walls, damage to the freight elevator, etc., will be the responsibility of the Contractor. If damage does occur, it is the responsibility of the Contractor to immediately notify the Purchasing Entity placing the Order.

c. All products must be delivered in the manufacturer's standard package. Costs shall include all packing and/or crating charges. Cases shall be of durable construction, good condition, properly labeled and suitable in every respect for storage and handling of contents. Each shipping carton shall be marked with the commodity, brand, quantity, item code number and the Purchasing Entity's Purchase Order number.

15. Laws and Regulations

Any and all Products offered and furnished shall comply fully with all applicable Federal and State laws and regulations.

16. Inspection and Acceptance.

a. Where the Master Agreement or an Order does not otherwise specify a process for inspection and Acceptance, this section governs. This section is not intended to limit rights and remedies under the applicable commercial code.

b. All Products are subject to inspection at reasonable times and places before Acceptance. Contractor shall provide right of access to the Lead State or to any other authorized agent or official of the Lead State or other Participating or Purchasing Entity, at reasonable times, in order to monitor and evaluate performance, compliance, and/or quality assurance requirements under this Master Agreement. Products that do not meet specifications may be rejected. Failure to reject upon receipt, however, does not relieve the contractor of liability for material (nonconformity that substantial impairs

value) latent or hidden defects subsequently revealed when goods are put to use. Acceptance of such goods may be revoked in accordance with the provisions of the applicable commercial code, and the Contractor is liable for any resulting expense incurred by the Purchasing Entity related to the preparation and shipping of Product rejected and returned, or for which Acceptance is revoked.

c. If any services do not conform to contract requirements, the Purchasing Entity may require the Contractor to perform the services again in conformity with contract requirements, at no increase in Order amount. When defects cannot be corrected by re-performance, the Purchasing Entity may require the Contractor to take necessary action to ensure that future performance conforms to contract requirements; and reduce the contract price to reflect the reduced value of services performed.

d. The warranty period shall begin upon Acceptance.

e. Acceptance Testing may be explicitly set out in a Master Agreement to ensure conformance to an explicit standard of performance. Acceptance Testing means the process set forth in the Master Agreement for ascertaining that the Product meets the standard of performance prior to Acceptance by the Purchasing Entity. If Acceptance Testing is prescribed, this subsection applies to applicable Products purchased under this Master Agreement, including any additional, replacement, or substitute Product(s) and any Product(s) which are modified by or with the written approval of Contractor after Acceptance by the Purchasing Entity. The Acceptance Testing period shall be thirty (30) calendar days or other time period identified in this Master Agreement or the Participating Addendum, starting from the day after the Product is delivered or, if installed, the day after the Product is installed and Contractor certifies that the Product is ready for Acceptance Testing. If the Product does not meet the standard of performance during the initial period of Acceptance Testing, Purchasing Entity may, at its discretion, continue Acceptance Testing on a day-to-day basis until the standard of performance is met. Upon rejection, the Contractor will have fifteen (15) calendar days to cure the standard of performance issue(s). If after the cure period, the Product still has not met the standard of performance, the Purchasing Entity may, at its option: (a) declare Contractor to be in breach and terminate the Order; (b) demand replacement Product from Contractor at no additional cost to Purchasing Entity; or, (c) continue the cure period for an additional time period agreed upon by the Purchasing Entity and the Contractor. Contractor shall pay all costs related to the preparation and shipping of Product returned pursuant to the section. No Product shall be deemed Accepted and no charges shall be paid until the standard of performance is met. The warranty period shall begin upon Acceptance.

17. Payment

Payment after Acceptance is normally made within 30 days following the date the entire order is delivered or the date a correct invoice is received, whichever is later. After 45 days the Contractor may assess overdue account charges up to a maximum rate of one percent per month on the outstanding balance, unless a different late payment amount

is specified in a Participating Addendum, Order, or otherwise prescribed by applicable law. Payments will be remitted by mail. Payments may be made via a State or political subdivision "Purchasing Card" with no additional charge.

18. Warranty

Warranty provisions govern where specified elsewhere in the documents that constitute the Master Agreement; otherwise this section governs. The Contractor warrants for a period of one year from the date of Acceptance that: (a) the Product performs according to all specific claims that the Contractor made in its response to the solicitation, (b) the Product is suitable for the ordinary purposes for which such Product is used, (c) the Product is suitable for any special purposes identified in the solicitation or for which the Purchasing Entity has relied on the Contractor's skill or judgment, (d) the Product is designed and manufactured in a commercially reasonable manner, and (e) the Product is free of defects. Upon breach of the warranty, the Contractor will repair or replace (at no charge to the Purchasing Entity) the Product whose nonconformance is discovered and made known to the Contractor. If the repaired and/or replaced Product proves to be inadequate, or fails of its essential purpose, the Contractor will refund the full amount of any payments that have been made. The rights and remedies of the parties under this warranty are in addition to any other rights and remedies of the parties provided by law or equity, including, without limitation, actual damages, and, as applicable and awarded under the law, to a prevailing party, reasonable attorneys' fees and costs.

19. Title of Product

Upon Acceptance by the Purchasing Entity, Contractor shall convey to Purchasing Entity title to the Product free and clear of all liens, encumbrances, or other security interests. Transfer of title to the Product shall include an irrevocable and perpetual license to use any Embedded Software in the Product. If Purchasing Entity subsequently transfers title of the Product to another entity, Purchasing Entity shall have the right to transfer the license to use the Embedded Software with the transfer of Product title. A subsequent transfer of this software license shall be at no additional cost or charge to either Purchasing Entity or Purchasing Entity's transferee.

20. License of Pre-Existing Intellectual Property

Contractor grants to the Purchasing Entity a nonexclusive, perpetual, royalty-free, irrevocable, license to use, publish, translate, reproduce, transfer with any sale of tangible media or Product, perform, display, and dispose of the Intellectual Property, and its derivatives, used or delivered under this Master Agreement, but not created under it ("Pre-existing Intellectual Property"). The Contractor shall be responsible for ensuring that this license is consistent with any third party rights in the Pre-existing Intellectual Property.

General Provisions

21. Insurance

a. Unless otherwise agreed in a Participating Addendum, Contractor shall, during the term of this Master Agreement, maintain in full force and effect, the insurance described in this section. Contractor shall acquire such insurance from an insurance carrier or carriers licensed to conduct business in each Participating Entity's state and having a rating of A-, Class VII or better, in the most recently published edition of A.M. Best's Insurance Reports. Failure to buy and maintain the required insurance may result in this Master Agreement's termination or, at a Participating Entity's option, result in termination of its Participating Addendum.

b. Coverage shall be written on an occurrence basis. The minimum acceptable limits shall be as indicated below:

(1) Commercial General Liability covering premises operations, independent contractors, products and completed operations, blanket contractual liability, personal injury (including death), advertising liability, and property damage, with a limit of not less than \$1 million per occurrence/\$3 million general aggregate;

(2) Contractor must comply with any applicable State Workers Compensation or Employers Liability Insurance requirements.

c. Contractor shall pay premiums on all insurance policies. Contractor shall provide notice to a Participating Entity who is a state within five (5) business days after Contractor is first aware of expiration, cancellation or nonrenewal of such policy or is first aware that cancellation is threatened or expiration, nonrenewal or expiration otherwise may occur.

d. Prior to commencement of performance, Contractor shall provide to the Lead State a written endorsement to the Contractor's general liability insurance policy or other documentary evidence acceptable to the Lead State that (1) names the Participating States identified in the Request for Proposal as additional insureds, (2) provides for written notice of cancellation shall be delivered in accordance with the policy provisions, and (3) provides that the Contractor's liability insurance policy shall be primary, with any liability insurance of any Participating State as secondary and noncontributory. Unless otherwise agreed in any Participating Addendum, other state Participating Entities' rights and Contractor's obligations are the same as those specified in the first sentence of this subsection except the endorsement is provided to the applicable state.

e. Contractor shall furnish to the Lead State copies of certificates of all required insurance in a form sufficient to show required coverage within thirty (30) calendar days of the execution of this Master Agreement and prior to performing any work. Copies of renewal certificates of all required insurance shall be furnished within thirty (30) days after any renewal date to the applicable state Participating Entity. Failure to provide

evidence of coverage may, at the sole option of the Lead State, or any Participating Entity, result in this Master Agreement's termination or the termination of any Participating Addendum.

f. Coverage and limits shall not limit Contractor's liability and obligations under this Master Agreement, any Participating Addendum, or any Purchase Order.

22. Records Administration and Audit.

a. The Contractor shall maintain books, records, documents, and other evidence pertaining to this Master Agreement and Orders placed by Purchasing Entities under it to the extent and in such detail as shall adequately reflect performance and administration of payments and fees. Contractor shall permit the Lead State, a Participating Entity, a Purchasing Entity, the federal government (including its grant awarding entities and the U.S. Comptroller General), and any other duly authorized agent of a governmental agency, to audit, inspect, examine, copy and/or transcribe Contractor's books, documents, papers and records directly pertinent to this Master Agreement or orders placed by a Purchasing Entity under it for the purpose of making audits, examinations, excerpts, and transcriptions. This right shall survive for a period of six (6) years following termination of this Agreement or final payment for any order placed by a Purchasing Entity against this Agreement, whichever is later, or such longer period as is required by the Purchasing Entity's state statutes, to assure compliance with the terms hereof or to evaluate performance hereunder.

b. Without limiting any other remedy available to any governmental entity, the Contractor shall reimburse the applicable Lead State, Participating Entity, or Purchasing Entity for any overpayments inconsistent with the terms of the Master Agreement or Orders or underpayment of fees found as a result of the examination of the Contractor's records.

c. The rights and obligations herein exist in addition to any quality assurance obligation in the Master Agreement requiring the Contractor to self-audit contract obligations and that permits the Lead State to review compliance with those obligations.

23. Confidentiality, Non-Disclosure, and Injunctive Relief

a. Confidentiality. Contractor acknowledges that it and its employees or agents may, in the course of providing a Product under this Master Agreement, be exposed to or acquire information that is confidential to Purchasing Entity or Purchasing Entity's clients. Any and all information of any form that is marked as confidential or would by its nature be deemed confidential obtained by Contractor or its employees or agents in the performance of this Master Agreement, including, but not necessarily limited to (1) any Purchasing Entity's records, (2) personnel records, and (3) information concerning individuals, is confidential information of Purchasing Entity ("Confidential Information"). Any reports or other documents or items (including software) that result from the use of the Confidential Information by Contractor shall be treated in the same manner as the

Confidential Information. Confidential Information does not include information that (1) is or becomes (other than by disclosure by Contractor) publicly known; (2) is furnished by Purchasing Entity to others without restrictions similar to those imposed by this Master Agreement; (3) is rightfully in Contractor's possession without the obligation of nondisclosure prior to the time of its disclosure under this Master Agreement; (4) is obtained from a source other than Purchasing Entity without the obligation of confidentiality, (5) is disclosed with the written consent of Purchasing Entity or; (6) is independently developed by employees, agents or subcontractors of Contractor who can be shown to have had no access to the Confidential Information.

b. Non-Disclosure. Contractor shall hold Confidential Information in confidence, using at least the industry standard of confidentiality, and shall not copy, reproduce, sell, assign, license, market, transfer or otherwise dispose of, give, or disclose Confidential Information to third parties or use Confidential Information for any purposes whatsoever other than what is necessary to the performance of Orders placed under this Master Agreement. Contractor shall advise each of its employees and agents of their obligations to keep Confidential Information confidential. Contractor shall use commercially reasonable efforts to assist Purchasing Entity in identifying and preventing any unauthorized use or disclosure of any Confidential Information. Without limiting the generality of the foregoing, Contractor shall advise Purchasing Entity, applicable Participating Entity, and the Lead State immediately if Contractor learns or has reason to believe that any person who has had access to Confidential Information has violated or intends to violate the terms of this Master Agreement, and Contractor shall at its expense cooperate with Purchasing Entity in seeking injunctive or other equitable relief in the name of Purchasing Entity or Contractor against any such person. Except as directed by Purchasing Entity, Contractor will not at any time during or after the term of this Master Agreement disclose, directly or indirectly, any Confidential Information to any person, except in accordance with this Master Agreement, and that upon termination of this Master Agreement or at Purchasing Entity's request, Contractor shall turn over to Purchasing Entity all documents, papers, and other matter in Contractor's possession that embody Confidential Information. Notwithstanding the foregoing, Contractor may keep one copy of such Confidential Information necessary for quality assurance, audits and evidence of the performance of this Master Agreement.

c. Injunctive Relief. Contractor acknowledges that breach of this section, including disclosure of any Confidential Information, will cause irreparable injury to Purchasing Entity that is inadequately compensable in damages. Accordingly, Purchasing Entity may seek and obtain injunctive relief against the breach or threatened breach of the foregoing undertakings, in addition to any other legal remedies that may be available. Contractor acknowledges and agrees that the covenants contained herein are necessary for the protection of the legitimate business interests of Purchasing Entity and are reasonable in scope and content.

d. Purchasing Entity Law. These provisions shall be applicable only to extent they are not in conflict with the applicable public disclosure laws of any Purchasing Entity.

24. Public Information.

This Master Agreement and all related documents are subject to disclosure pursuant to the Purchasing Entity's public information laws.

25. Assignment/Subcontracts

a. Contractor shall not assign, sell, transfer, subcontract or sublet rights, or delegate responsibilities under this Master Agreement, in whole or in part, without the prior written approval of the Lead State.

b. The Lead State reserves the right to assign any rights or duties, including written assignment of contract administration duties to NASPO Cooperative Purchasing Organization LLC, doing business as NASPO ValuePoint.

26. Changes in Contractor Representation

The Contractor must notify the Lead State of changes in the Contractor's key administrative personnel managing the Master Agreement in writing within 10 calendar days of the change. The Lead State reserves the right to approve changes in key personnel, as identified in the Contractor's proposal. The Contractor agrees to propose replacement key personnel having substantially equal or better education, training, and experience as was possessed by the key person proposed and evaluated in the Contractor's proposal.

27. Independent Contractor

The Contractor shall be an independent contractor. Contractor shall have no authorization, express or implied, to bind the Lead State, Participating States, other Participating Entities, or Purchasing Entities to any agreements, settlements, liability or understanding whatsoever, and agrees not to hold itself out as agent except as expressly set forth herein or as expressly agreed in any Participating Addendum.

28. Cancellation

Unless otherwise stated, this Master Agreement may be canceled by either party upon 60 days written notice prior to the effective date of the cancellation. Further, any Participating Entity may cancel its participation upon 30 days written notice, unless otherwise limited or stated in the Participating Addendum. Cancellation may be in whole or in part. Any cancellation under this provision shall not affect the rights and obligations attending orders outstanding at the time of cancellation, including any right of a Purchasing Entity to indemnification by the Contractor, rights of payment for Products delivered and accepted, rights attending any warranty or default in performance in association with any Order, and requirements for records administration and audit. Cancellation of the Master Agreement due to Contractor default may be immediate.

29. Force Majeure

Neither party to this Master Agreement shall be held responsible for delay or default

caused by fire, riot, unusually severe weather, other acts of God, or war which are beyond that party's reasonable control. The Lead State may terminate this Master Agreement after determining such delay or default will reasonably prevent successful performance of the Master Agreement.

30. Defaults and Remedies

a. The occurrence of any of the following events shall be an event of default under this Master Agreement:

- (1) Nonperformance of contractual requirements; or
- (2) A material breach of any term or condition of this Master Agreement; or
- (3) Any certification, representation or warranty by Contractor in response to the solicitation or in this Master Agreement that proves to be untrue or materially misleading; or
- (4) Institution of proceedings under any bankruptcy, insolvency, reorganization or similar law, by or against Contractor, or the appointment of a receiver or similar officer for Contractor or any of its property, which is not vacated or fully stayed within thirty (30) calendar days after the institution or occurrence thereof; or
- (5) Any default specified in another section of this Master Agreement.

b. Upon the occurrence of an event of default, the Lead State shall issue a written notice of default, identifying the nature of the default, and providing a period of 15 calendar days in which Contractor shall have an opportunity to cure the default. The Lead State shall not be required to provide advance written notice or a cure period and may immediately terminate this Master Agreement in whole or in part if the Lead State, in its sole discretion, determines that it is reasonably necessary to preserve public safety or prevent immediate public crisis. Time allowed for cure shall not diminish or eliminate Contractor's liability for damages, including liquidated damages to the extent provided for under this Master Agreement.

c. If Contractor is afforded an opportunity to cure and fails to cure the default within the period specified in the written notice of default, Contractor shall be in breach of its obligations under this Master Agreement and the Lead State shall have the right to exercise any or all of the following remedies:

- (1) Exercise any remedy provided by law; and
- (2) Terminate this Master Agreement and any related Contracts or portions thereof; and
- (3) Impose liquidated damages as provided in this Master Agreement; and
- (4) Suspend Contractor from being able to respond to future bid solicitations; and
- (5) Suspend Contractor's performance; and
- (6) Withhold payment until the default is remedied.

d. Unless other specified in the Participating Addendum, in the event of a default under a Participating Addendum, a Participating Entity shall provide a written notice of default

as described in this section and have all of the rights and remedies under this paragraph regarding its participation in the Master Agreement, in addition to those set forth in its Participating Addendum. Unless otherwise specified in a Purchase Order, a Purchasing Entity shall provide written notice of default as described in this section and have all of the rights and remedies under this paragraph and any applicable Participating Addendum with respect to an Order placed by the Purchasing Entity. Nothing in these Master Agreement Terms and Conditions shall be construed to limit the rights and remedies available to a Purchasing Entity under the applicable commercial code.

31. Waiver of Breach

Failure of the Lead State, Participating Entity, or Purchasing Entity to declare a default or enforce any rights and remedies shall not operate as a waiver under this Master Agreement or Participating Addendum. Any waiver by the Lead State, Participating Entity, or Purchasing Entity must be in writing. Waiver by the Lead State or Participating Entity of any default, right or remedy under this Master Agreement or Participating Addendum, or by Purchasing Entity with respect to any Purchase Order, or breach of any terms or requirements of this Master Agreement, a Participating Addendum, or Purchase Order shall not be construed or operate as a waiver of any subsequent default or breach of such term or requirement, or of any other term or requirement under this Master Agreement, Participating Addendum, or Purchase Order.

32. Debarment

The Contractor certifies that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction (contract) by any governmental department or agency. This certification represents a recurring certification made at the time any Order is placed under this Master Agreement. If the Contractor cannot certify this statement, attach a written explanation for review by the Lead State.

33. Indemnification

Section 8, ATTACHMENT B: STANDARD TERMS AND CONDITIONS FOR SERVICES STATE OF UTAH (COOPERATIVE CONTRACT) governs indemnification of the State of Utah on its Eligible Users by the Contractor. This section governs indemnification of other entities.

a. The Contractor shall defend, indemnify and hold harmless NASPO, NASPO Cooperative Purchasing Organization LLC (doing business as NASPO ValuePoint), Participating Entities, and Purchasing Entities, along with their officers, agents, and employees as well as any person or entity for which they may be liable, from and against third-party claims, damages or causes of action including reasonable attorneys' fees and related costs for any death, injury, or damage to tangible property arising from act(s), error(s), or omission(s) of the Contractor, its employees or subcontractors or volunteers, at any tier, relating to the performance under the Master Agreement.

b. Indemnification – Intellectual Property. The Contractor shall defend, indemnify and

hold harmless NASPO, NASPO Cooperative Purchasing Organization LLC (doing business as NASPO ValuePoint), Participating Entities, Purchasing Entities, along with their officers, agents, and employees as well as any person or entity for which they may be liable ("Indemnified Party"), from and against claims, damages or causes of action including reasonable attorneys' fees and related costs arising out of the claim that the Product or its use, infringes Intellectual Property rights ("Intellectual Property Claim") of another person or entity.

(1) The Contractor's obligations under this section shall not extend to any combination of the Product with any other product, system or method, unless the Product, system or method is:

(a) provided by the Contractor or the Contractor's subsidiaries or affiliates;

(b) specified by the Contractor to work with the Product; or

(c) reasonably required, in order to use the Product in its intended manner, and the infringement could not have been avoided by substituting another reasonably available product, system or method capable of performing the same function; or

(d) It would be reasonably expected to use the Product in combination with such product, system or method.

(2) The Indemnified Party shall notify the Contractor within a reasonable time after receiving notice of an Intellectual Property Claim. Even if the Indemnified Party fails to provide reasonable notice, the Contractor shall not be relieved from its obligations unless the Contractor can demonstrate that it was prejudiced in defending the Intellectual Property Claim resulting in increased expenses or loss to the Contractor. If the Contractor promptly and reasonably investigates and defends any Intellectual Property Claim, it shall have control over the defense and settlement of it. However, the Indemnified Party must consent in writing for any money damages or obligations for which it may be responsible. The Indemnified Party shall furnish, at the Contractor's reasonable request and expense, information and assistance necessary for such defense. If the Contractor fails to vigorously pursue the defense or settlement of the Intellectual Property Claim, the Indemnified Party may assume the defense or settlement of it and the Contractor shall be liable for all costs and expenses, including reasonable attorneys' fees and related costs, incurred by the Indemnified Party in the pursuit of the Intellectual Property Claim. Unless otherwise agreed in writing, this section is not subject to any limitations of liability in this Master Agreement or in any other document executed in conjunction with this Master Agreement.

34. No Waiver of Sovereign Immunity

In no event shall this Master Agreement, any Participating Addendum or any contract or any Purchase Order issued thereunder, or any act of the Lead State, a Participating Entity, or a Purchasing Entity be a waiver of any form of defense or immunity, whether

sovereign immunity, governmental immunity, immunity based on the Eleventh Amendment to the Constitution of the United States or otherwise, from any claim or from the jurisdiction of any court.

This section applies to a claim brought against the Participating Entities who are states only to the extent Congress has appropriately abrogated the state's sovereign immunity and is not consent by the state to be sued in federal court. This section is also not a waiver by the state of any form of immunity, including but not limited to sovereign immunity and immunity based on the Eleventh Amendment to the Constitution of the United States.

35. Governing Law and Venue

a. The procurement, evaluation, and award of the Master Agreement shall be governed by and construed in accordance with the laws of the Lead State sponsoring and administering the procurement. The construction and effect of the Master Agreement after award shall be governed by the law of the state serving as Lead State. The construction and effect of any Participating Addendum or Order against the Master Agreement shall be governed by and construed in accordance with the laws of the Participating Entity's or Purchasing Entity's State.

b. Unless otherwise specified in the RFP, the venue for any protest, claim, dispute or action relating to the procurement, evaluation, and award is in the Lead State. Venue for any claim, dispute or action concerning the terms of the Master Agreement shall be in the state serving as Lead State. Venue for any claim, dispute, or action concerning any Order placed against the Master Agreement or the effect of a Participating Addendum shall be in the Purchasing Entity's State.

c. If a claim is brought in a federal forum, then it must be brought and adjudicated solely and exclusively within the United States District Court for (in decreasing order of priority): the Lead State for claims relating to the procurement, evaluation, award, or contract performance or administration if the Lead State is a party; a Participating State if a named party; the state where the Participating Entity or Purchasing Entity is located if either is a named party.

37. Contract Provisions for Orders Utilizing Federal Funds.

Pursuant to Appendix II to 2 Code of Federal Regulations (CFR) Part 200, Contract Provisions for Non-Federal Entity Contracts Under Federal Awards, Orders funded with federal funds may have additional contractual requirements or certifications that must be satisfied at the time the Order is placed or upon delivery. These federal requirements may be proposed by Participating Entities in Participating Addenda and Purchasing Entities for incorporation in Orders placed under this Master Agreement.

38. Leasing or Alternative Financing Methods.

The procurement and other applicable laws of some Purchasing Entities may permit the use of leasing or alternative financing methods for the acquisition of Products under this Master Agreement. Where the terms and conditions are not otherwise prescribed in an applicable Participating Addendum, the terms and conditions for leasing or alternative

financing methods are subject to negotiation between the Contractor and Purchasing Entity
