

General Information
<p>Enter all information directly into the relevant Excel spreadsheet cells. Enter numbers on form in "number" (two-place decimal), not "currency" or other format unless otherwise stated. Omit dollar signs, commas, and any other non-essential symbols. (e.g., \$11.90 should be entered as 11.90) Prices must be in US Dollars. Enter "0" if there is no charge. Cells left blank will be interpreted as "no offer." A "No Offer" bid may disqualify the vendor from that category.</p>

Usage Summary -- Voice Service
<p>The following is an estimate of the total number of subscribers within participating states in the Western States Contracting Alliance. The number represents the total number of line subscribers accross all WSCA states and from all current suppliers. California's total number of lines were removed from this estimate as they have submitted a RFP for Cellular service last year.</p>

Estimated number of subscribers:	1,718,154
---	------------------

Quote all charges fees and discounts for the listed plan. **The list price is the publicly available/reference-able price on the proposal submission date** The monthly access fee must include the Base Requirements and include all basic features. Plans. **"Prepay" plans do not qualify as consumption-based plans, as the State cannot pay in advance for services not yet rendered.**

Vendors may provide additional services as options. These must be noted as "additional services" on a separate sheet. Please identify how these options will tie into "Basic" or "Advanced Plan" discounts. For SMS and Broadband that is inclusive of the wireless services (i.e., smart phones), state the additional charge (if any) for those features in the cell, then describe the additional charge on a seperate sheet for clarification. For example, adding broadband may reduce the monthly charge on the original plan but then add a fee for the broadband. For the original plan, under broadband please write "NA" and then under the combo plan list the monthly charge, the charge for broadband, then explain those two charges together make up the total monthly charge and state the units (unlimited, 1500 messages, 1000 mb, etc.). Broadband services that are a "standalone", and not "bundled" as part of a wireless service offering must be submitted on the

Vendors must define peak times and set identical peak times for all plans.

9 pm to 6 am Monday thru Friday and all day Saturday and Sunday

Limited Rights Legend

RFP No: 1907

Contractor: AT&T Mobility National Accounts LLC dba AT&T Mobility (“AT&T”).

Tab II. Cost Proposal

5.1 Vendors must provide detailed pricing for all costs associated with the responsibilities and related services. Clearly specify the nature of all expenses anticipated. Vendors must also state the discount percentage from their product line's price for other items. This discount percentage may be considered during the award of this contract. Percentage off balance of the line must be listed in the cost proposal. See Attachment H, Pricing Schedules.

AT&T Response:

Attached are AT&T's pricing schedules and accessories and equipment information detailed descriptions.

This page is intentionally left blank

Tab III. Attachment B2. Cost Proposal Certification of Compliance with Terms and Conditions of RFP

I have read, understand and agree to comply with the terms and conditions specified in this Request for Proposal.

YES _____

I agree to comply with the terms and conditions specified in this RFP.

NO _____

I do not agree to comply with the terms and conditions specified in this RFP.

In order for any exceptions and/or assumptions to be considered they **MUST** be documented in detail in the tables below. The State will not accept additional exceptions and/or assumptions if submitted after the proposal submission deadline. Vendors must be specific. Nonspecific exceptions or assumptions may not be considered. If the exception or assumption requires a change in the terms or wording of the contract, the scope of work, or any incorporated documents, vendors must provide the specific language that is being proposed in the tables below.

Business Connect Plans

Wirelessly Enable your Enterprise Data Network for Backup and Primary Connectivity

AT&T® extends your network to more places and delivers true diversity to your business continuity solutions.

Partner With the Leader in Wireless

AT&T has the best wireless coverage worldwide among U.S. carriers, offering the most wireless phones that work in the most countries.

The Power of Wireless WAN (WWAN) Connectivity

Now you have the flexibility to wirelessly enable your enterprise data network in locations where traditional wireline connections are not available or feasible in fixed or mobile environments. And, for backup connectivity, you can enjoy the added confidence of knowing that you have true diversity via the AT&T wireless data network.

The AT&T Network Has you Covered

The domestic digital voice and data network from AT&T covers more than 300 million people.

AT&T delivers the nation's fastest 3G service in more than 360 markets. AT&T has the largest national high-speed wireless data network, enabling WWAN connectivity in over 17,000 cities and towns. AT&T has the broadest international coverage of any U.S. wireless provider, delivering voice service in more than 220 countries and data service in more than 195 countries. AT&T also offers voice and data roaming coverage on 130 major cruise ships, as well as 3G services in more than 115 countries. In January 2010, AT&T deployed a new 3G technology called HSPA 7.2 on a number of cell sites throughout its footprint. The AT&T network offers coverage in more than 13,000 cities and along almost 40,000 miles of U.S. highways.

Flexible Network-to-Network Connections and Security Options

AT&T offers enterprise customers a number of options for extending host connectivity to mobile users or devices via Frame Relay or Network Initiated VPN.

The Right Wireless Data Plan for you

Select from a range of data service plans to fit the needs of your WWAN application, including:

- Telemetry – low-usage pricing options for lower-bandwidth applications

Business Connect

Monthly Service Charge	Included Data (MB)	Additional Data (per KB)	Canada Roaming (per KB)
\$8.99 ¹	1	\$0.005	\$0.015
\$11.99 ¹	2		
\$13.99 ¹	3		
\$15.99 ¹	4		
\$17.99 ¹	5		
\$20.99 ¹	10		
\$29.99 ^{2,5}	20	\$0.001	Not Available
\$39.99 ^{3,5}	50	\$0.00097	
\$49.99 ^{4,5}	250	\$0.0003	
\$59.99 ^{4,5}	1000		
\$99.99 ^{4,5}	5000		

- Capped – pricing option that provides low costs in low-usage months, predictable and competitive high-end cost protection in higher-usage months
- Backup/Primary – higher-usage pricing options with low overage

1. Data usage pooling is available at no additional charge. Restrictions apply. See Terms and Conditions below for details.
2. The total monthly charges for the Monthly Service Charge and additional domestic data usage charges are capped at a maximum of \$129.99/month. If a line hits the cap for three consecutive months, AT&T thereafter reserves the right to move such line, without notice, to the Business Connect \$99.99 5000 MB plan.
3. Data usage pooling is available for an additional \$4/month per line. Restrictions apply. See Terms and Conditions below for details.
4. Data usage pooling is available for an additional \$5/month per line. Restrictions apply. See Terms and Conditions below for details.
5. With a voice-capable WWAN data device, voice service is available at the default pay-per-use voice rates as set forth below. Activation of wireless voice plans in combination with these Business Connect plans is also permitted.

Business Connect plans are intended for use with machine-to-machine and/or Wireless Wide Area Network (WWAN) applications and not for support of individual remote or mobile workers using a laptop or PDA. For plans designed for laptop and PDA customers, see DataConnect rate plan brochure.

AT&T also imposes the following charges: a Regulatory Cost Recovery Fee of up to \$1.25 to help defray its costs incurred in complying with obligations and charges imposed by State and Federal telecom regulation, a gross receipts surcharge, and State and Federal Universal Service charges. The Regulatory Cost Recovery Fee is not a tax or a government-required charge.

ELIGIBILITY: Valid eligible business or government agreement for wireless service required. Business Connect plans are restricted to corporate responsibility end users ("Corporate Responsibility Users" or "CRUs"). Individual responsibility end users (a.k.a. "Sponsorship Employees") may not activate lines under Business Connect plans. Business customer and CRU service address(es) must be within an AT&T-owned wireless network coverage area. Fixed wireless deployments must be installed within an AT&T-owned wireless network coverage area. Ask your AT&T account representative for address verification. Business Connect plans only work with select equipment, features, billing services and service offerings. **VOICE CALLING:** Voice calling is restricted on the 1MB, 2MB, 3MB, 4MB, 5MB, and 10MB plans. For primary and backUp plans with a voice-capable device, voice calls are \$0.40 per minute on AT&T's wireless network and \$0.69 per minute for domestic roaming voice calls off AT&T's wireless network. See AT&T Nation® Rate Plan map for voice coverage area. If desired, subscribers may request voice blocking on any rate plan at no additional cost. **MESSAGING:** The default rate is \$0.20/message for Text/Instant Messages and \$0.30/message for Picture/Video Messages. Charges for international messages from the U.S. are \$0.20/message for Text Messages and \$0.50/message for Picture/Video Messages. Additional charges for premium content apply. **MISCELLANEOUS:** AT&T strongly encourages the use of compatible customer-provided and/or third-party security solutions, such as virtual private networks (VPNs). Additional eligibility, billing, usage and other restrictions and terms apply. See General Terms and Conditions and applicable Additional Terms that follow.

I. GENERAL TERMS AND CONDITIONS APPLICABLE TO AT&T'S BUSINESS CONNECT WIRELESS DATA SERVICES, INCLUDING BUT NOT LIMITED TO, FEATURES THAT MAY BE USED WITH SUCH WIRELESS DATA SERVICES AND WIRELESS CONTENT.

AT&T provides wireless data services, including but not limited to, features that may be used with wireless data services and wireless content ("Services"). The absolute capacity of the wireless data network is limited. Accordingly, service is only provided for circumscribed purposes and pricing for Data Services is device dependent, based on the transmit and receive capacity of each device. A pricing plan designated for one type of device may not be used with another device. These Services may be subject to credit approval and may only be available when combined with certain voice rate plans. An activation fee of \$18 may apply to each new line activated on a Business Connect plan of \$8.99, \$11.99, \$13.99, \$15.99, \$17.99 or \$20.99. An activation fee of \$36 may apply to each new line activated on a Business Connect plan of \$29.99 or higher. Compatible data-enabled wireless device required. **Usage/Billing:** Usage and monthly fees will be charged as specified in your plan. **DATA TRANSPORT IS BILLED IN FULL-KILOBYTE INCREMENTS, AND ACTUAL TRANSPORT IS ROUNDED UP TO THE NEXT FULL-KILOBYTE INCREMENT AT THE END OF EACH DATA SESSION FOR BILLING PURPOSES. AT&T CHARGES A FULL KILOBYTE OF DATA TRANSPORT FOR EVERY FRACTION OF THE LAST KILOBYTE OF DATA TRANSPORT USED ON EACH DATA SESSION.**

NETWORK OVERHEAD, SOFTWARE UPDATE REQUESTS, AND RESEND REQUESTS CAUSED BY NETWORK ERRORS CAN INCREASE MEASURED KILOBYTES. AIRTIME AND OTHER MEASURED USAGE ARE BILLED IN FULL-MINUTE INCREMENTS AND ROUNDED UP TO THE NEXT FULL-MINUTE INCREMENT AT THE END OF EACH CALL FOR BILLING PURPOSES. Data sent and received includes, but is not limited to downloads, email, overhead and software update checks. Unless designated for International or Canada use, prices and included use apply to EDGE/GPRS and BroadbandConnect access and use on AT&T's wireless network and its partner wireless networks within the United States and its territories (Puerto Rico and the U.S. Virgin Islands), excluding areas within the Gulf of Mexico. Usage on networks not owned by AT&T is limited as provided in your data plan. Charges will be based on the location of the site receiving and transmitting service and not the location of the subscriber. BroadbandConnect access requires a compatible, eligible 3G device. Overage is billed by the kilobyte. Service charges paid in advance for monthly or annual Services are nonrefundable. Some Services may require an additional monthly subscription fee and/or be subject to additional charges and restrictions. See applicable rate plan materials for complete pricing and terms. Prices do not include taxes, directory assistance, roaming, universal services fees or other exactions and are subject to change. In order to assess your usage during an applicable billing period, you may obtain approximate usage information by calling customer service or using one of our automated systems. **Voice:** If you have a voice-capable device, unless you request voice blocking, select a data plan that restricts voice access or select a qualified voice plan, the default rate for voice calls on AT&T's wireless network are \$0.40 per minute and \$0.69 per minute for domestic roaming voice calls off AT&T's wireless network (rates are subject to change without notice). Additional taxes and surcharges may apply. See AT&T Nation® map at store or att.com/wireless for default wireless voice coverage area. If you request voice blocking or your selected data plan restricts voice access, all voice calling capabilities (except for outgoing calls from the device to 911 or 611) will be blocked, including without limitation, calls from 911 or 611 to the device. If you have a wireless voice plan, wireless voice calls are billed as provided in your wireless voice rate plan. **Roaming:** Roaming charges for wireless data or voice service may be charged with some plans when outside AT&T's wireless network. Display on your device will not indicate whether you will incur roaming charges. Services originated or received while outside your plan's included coverage area are subject to roaming charges. Use of Services when roaming is dependent upon roaming carrier's support of applicable network technology and functionality. Check with roaming carriers individually for support and coverage details. Billing for domestic and international roaming usage may be delayed up to three billing cycles due to reporting between carriers. You may be required to (1) use a device programmed with AT&T's preferred roaming database; and (2) have a mailing address and live in the United States, Puerto Rico or the U.S. Virgin Islands. **International Roaming:** See att.com/wirelessinternational or dial 1-866-246-4852 for more information and for a list of currently available countries and carriers. Compatible internationalcapable device required. Certain countries and/or carriers within a roaming zone may be unavailable with certain plans or Services while roaming. Availability, quality of coverage and Services while roaming are not guaranteed. Rates apply to AT&T's wireless customers only. Certain tenure, billing and credit restrictions and additional charges may apply. Many devices including iPhone transmit and receive data messages without user intervention and can generate unexpected charges when taken out of the United States. **Cancellations/Early Termination Fee:** An Early Termination Fee of \$175 may be assessed against you in the event that you terminate your Wireless Service Agreement and/or selected plan before the expiration of its term. For Service activated on or after May 25, 2008, the Early

Termination Fee will be reduced by \$5 for each full month toward your minimum term that you complete. You may cancel your service, for any reason and without incurring the Early Termination Fee, within thirty (30) days of signing your Wireless Service Agreement, PROVIDED, however, that if you cancel service you will remain responsible for any service fees and charges incurred. If you cancel within three (3) days of signing your Wireless Service Agreement, you will be entitled to a refund of your activation fee, if any. If you exercise this option, you may be required to return devices and associated accessories purchased in connection with your Wireless Service Agreement. Service Availability and Access/Coverage: AT&T does not guarantee availability of wireless network. Services may be subject to certain equipment and compatibility/limitations including memory, storage, network availability, coverage, accessibility and data conversion limitations. Services (including without limitation, eligibility requirements, plans, pricing, features and/or service areas) are subject to change without notice. When outside coverage area, access will be limited to information and applications previously downloaded to or resident on your device. Coverage areas vary between AT&T BroadbandConnect, EDGE and GRPS. AT&T BroadbandConnect only available in select markets. See coverage map(s), available at store or from your sales representative, for details. AT&T BroadbandConnect download speeds only available on the AT&T BroadbandConnect network. Actual download speeds depend upon device characteristics, network, network availability and coverage levels, tasks, file characteristics, applications and other factors. Performance may be impacted by transmission limitations, terrain, in-building/in-vehicle use and capacity constraints. Information/Content: Certain information or content is provided by independently owned and operated content providers or service providers who are subject to change at any time without notice. AT&T IS NOT A PUBLISHER OF THIRD-PARTY INFORMATION OR CONTENT AND IS NOT RESPONSIBLE FOR ANY OPINIONS, ADVICE, STATEMENTS, OR OTHER INFORMATION, SERVICES OR GOODS PROVIDED BY THIRD PARTIES. Third-party content or service providers may impose additional charges. Policies regarding intellectual property, privacy and other policies may differ among AT&T's content or service providers and you are bound by such policies when you visit their respective sites or use their services. It is your responsibility to read the rules or service agreements of each content provider or service provider. Any information you involuntarily or voluntarily provide third parties is governed by their policies. The accuracy, appropriateness, content, completeness, timeliness, usefulness, security, safety, merchantability, fitness for a particular purpose, transmission or correct sequencing of any information or downloaded data is not guaranteed or warranted by AT&T or any content providers or other third party. Delays or omissions may occur. Neither AT&T nor its content providers, service providers or other third parties shall be liable to you for any loss or injury arising out of or caused, in whole or in part, by any information acquired through the Service. You acknowledge that every business or personal decision, to some degree or another, represents an assumption of risk, and that neither AT&T nor its content and service providers or suppliers, in providing access to information, underwrites, can underwrite, or assumes your risk in any manner whatsoever. Prohibited and Permissible Uses: Except as may otherwise be specifically permitted or prohibited for select data plans, data sessions may be conducted only for Wireless Wide Area Network (WWAN) applications (e.g. machine-to-machine connections). While most common uses for Wireless Wide Area Network (WWAN) applications are permitted by your data plan, there are certain uses that cause extreme network capacity issues and interference with the network and are therefore prohibited. Examples of prohibited uses include, without limitation, the following: (i) server devices or host computer applications; (ii) "auto-responders," "cancel-bots," or similar automated or manual routines which generate excessive amounts of net traffic, or which disrupt net user groups or

email use by others; (iii) "spam" or unsolicited commercial or bulk email (or activities that have the effect of facilitating unsolicited commercial email or unsolicited bulk email); (iv) any activity that adversely affects the ability of other people or systems to use either AT&T's wireless services or other parties' Internet-based resources, including "denial of service" (DoS) attacks against another network host or individual user; (v) accessing, or attempting to access without authority, the accounts of others, or to penetrate, or attempt to penetrate, security measures of AT&T's wireless network or another entity's network or systems; downloading movies using P2P file sharing services, redirecting television signals for viewing on Personal Computers, web broadcasting, and/ or for the operation of servers, is prohibited. Furthermore, plans (unless specifically designated for tethering usage) cannot be used for any applications that tether the device (through use of, including without limitation, connection kits, other phone/PDA-to-computer accessories, Bluetooth® or any other wireless technology) to Personal Computers (including without limitation, laptops), or other equipment for any purpose. Accordingly, AT&T reserves the right to (i) deny, disconnect, modify and/or terminate Service, without notice, to anyone it believes is using the Service in any manner prohibited or whose usage adversely impacts its wireless network or service levels or hinders access to its wireless network, including without limitation, after a significant period of inactivity or after sessions of excessive usage and (ii) otherwise protect its wireless network from harm, compromised capacity or degradation in performance, which may impact legitimate data flows. You may not send solicitations to AT&T's wireless subscribers without their consent. You may not use the Services other than as intended by AT&T and applicable law. Plans are for individual, non-commercial use only and are not for resale. AT&T may, but is not required to, monitor your compliance, or the compliance of other subscribers, with AT&T's terms, conditions, or policies. Security: AT&T DOES NOT GUARANTEE SECURITY. Data encryption is available with some, but not all, Services sold by AT&T. If you use your device to access company email or information, it is your responsibility to ensure your use complies with your company's internal IT and security procedures. Changes to the terms and conditions: These terms and conditions may be changed from time to time. AT&T will post the most current version of these terms and conditions at <http://www.wireless.att.com/businesscenter/business-programs/midlarge/wan.jsp> or other appropriate location. Please check these regularly to inform yourself about changes to the terms and conditions. Access Requirements: Additional hardware, software, subscription, credit or debit card, Internet access from your compatible PC and/or special network connection may be required and you are solely responsible for arranging for or obtaining all such requirements. Some solutions may require third-party products and/or services, which are subject to any applicable third-party terms and conditions and may require separate purchase from and/or agreement with the third-party provider. AT&T is not responsible for any consequential damages caused in any way by the preceding hardware, software or other items/requirements for which you are responsible. Miscellaneous: Not all plans or Services are available for purchase or use in all sales channels, in all areas or with all devices. AT&T is not responsible for loss or disclosure of any sensitive information you transmit. AT&T's wireless services are not equivalent to landline Internet. AT&T is not responsible for nonproprietary services or their effects on devices. If applicable, use of Desktop Toolbar requires compatible home computer products. AT&T RESERVES THE RIGHT TO TERMINATE YOUR SERVICES WITH OR WITHOUT CAUSE, INCLUDING WITHOUT LIMITATION, UPON EXPIRATION OR TERMINATION OF YOUR WIRELESS SERVICE AGREEMENT. Caller ID blocking is not available when using the Services, and your wireless number is transmitted to Internet sites you visit. You may receive unsolicited messages from third parties as a result of visiting Internet sites, and a per-message

charge may apply whether the message is read or unread, solicited or unsolicited. Additional Terms: See below for additional terms relating to specific Services and rate plans. In addition, all use of AT&T's wireless network and the Services is governed by AT&T's Acceptable Use Policy, which can be found at att.com/AcceptableUsePolicy, as determined solely by AT&T. AT&T can revise its Acceptable Use Policy at any time without notice by updating this posting. Use of the Services is subject to Terms and Conditions of your Wireless Service Agreement. See Wireless Service Agreement, att.com/wireless or AT&T Customer Service for additional conditions, restrictions, privacy policy and information. Intellectual Property: All trademarks, service marks and trade names used on or in connection with the Services are the property of their respective owners. You must respect the intellectual property rights of AT&T, our third-party content providers, and any other owner of intellectual property whose protected property may appear on any website and/or dialogue box controlled by AT&T or accessed through the AT&T's websites. Except for material in the public domain, all material displayed in association with the Service is copyrighted or trademarked. Except for personal, non-commercial use, trademarked and copyrighted material may not be copied, downloaded, redistributed or otherwise exploited, in whole or in part, without the permission of the owner.

II. ADDITIONAL TERMS APPLICABLE TO BUSINESS CONNECT FOR SPECIFIC WIRELESS DATA SERVICES, TEXT, INSTANT MESSAGING AND PICTURE/VIDEO MESSAGING.

Messages are limited to 160 characters per message. Premium text and picture/video messages are charged at their stated rates. Standard rates apply to all incoming messages when in the U.S. Different, non-standard per message charges apply to international messages sent from the U.S. Text, Instant, Picture, and Video messages are charged when sent or received, whether read or unread, solicited or unsolicited. AT&T does not guarantee delivery of messages. Text, Instant, Picture, and Video messages, including downloaded content, not delivered within 7 days will be deleted. AT&T reserves the right to change this delivery period as needed without notification. You are charged for each part of messages that are delivered to you in multiple parts. Picture/Video Messaging, data plan, and Text Messaging may need to be provisioned on an account in order to use Picture/Video Messaging. Some elements of Picture/Video messages may not be accessible, viewable, or heard due to limitations on certain wireless phones, PCs, or e-mail. AT&T reserves the right to change the Picture/Video message size limit at any time without notification. Picture/Video Messaging pricing is for domestic messages only. When a single message is sent to multiple recipients, the sender is charged for one message for each recipient and each recipient is charged for the message received. Text message notifications may be sent to non-Picture/Video Messaging subscribers if they subscribe to Text Messaging. Fixed wireless deployments: INSTALLATION MUST BE WITHIN AN AT&T-OWNED WIRELESS NETWORK COVERAGE AREA AND USAGE OF THE SERVICES ON OTHER CARRIERS' WIRELESS NETWORKS ("OFFNET USAGE") IS PROHIBITED. If your fixed wireless deployment incurs any offnet usage, AT&T may at its option terminate your wireless

service or access to data Services, deny your continued use of other carriers' coverage, or change your plan to one imposing usage charges for offnet usage. AT&T will provide notice that it intends to take any of the above actions and you may terminate your agreement. Mobile wireless deployments: If your mobile wireless deployment Offnet Usage exceeds 10% of the kilobytes included with your plan during any two consecutive months, AT&T may at its option terminate your wireless service or access to data Services, deny your continued use of other carriers' coverage, or change your plan to one imposing usage charges for offnet usage. AT&T will provide notice that it intends to take any of the above actions and you may terminate your agreement. Business Connect plans (excluding \$29.99 plan): Consolidated billing is required. WIN Advantage® may also be required. AT&T will not provide Customer Care support on an individual subscriber basis, including without limitation, 611 calls from the device into the AT&T Customer Care support center. For Customer Care support, you must go through one designated contact, such as your telecom manager or system administrator, for all your CRUs under the plan. Pooling: Within a single Foundation Account (FAN), Customer's CRUs with pooling on an eligible Business Connect Plan ("Pooled Plan") aggregate or "pool" their included data usage ("Included Usage"), creating a "Pool." To pool together, each CRU in the Pool must subscribe to a Pooled Plan that has the same amount of Included Usage and the same Additional Kilobyte charge ("Similar Pooled Plan"). Every billing cycle, each CRU first uses his or her Included Usage. If a CRU does not use all his or her Included Usage it creates an underage in the amount of unused kilobytes ("Under Usage"). If a CRU uses more than his or her included usage it creates an overage with respect to kilobytes of data usage ("Over Usage"). The Pool's Under Usage kilobytes and Over Usage kilobytes are then aggregated respectively and compared. If the aggregate Under Usage kilobytes exceed the aggregate Over Usage kilobytes, then no CRU in the Pool pays Additional Kilobyte charges. If the aggregate Over Usage kilobytes exceeds the aggregate Under Usage kilobytes, then the ratio of Under Usage kilobytes to Over Usage kilobytes is applied to the data usage of each CRU in the Pool with Overage Usage, resulting in a monetary credit against the corresponding Additional Kilobyte charges. For example, if a Pool has 900 Under Usage kilobytes and 1,000 Over Usage kilobytes (90%), then each CRU with Over Usage will receive a credit equal to 90% of his or her Additional Kilobyte charges. CRUs changing price points or migrating to Pooled Plans during a bill cycle may result in one-time prorations or other minor impacts to the credit calculation. Customer may have more than one Pool within a FAN provided that Customer may only have one Pool for Similar pooled Plans within a FAN; however, an individual CRU can only be in one Pool at a time. AT&T reserves the right to limit the number of CRUs in a Pool due to business needs and system limitations. CRUs on Pooled Plans and CRUs participating in a legacy Telemetry connect plan pool created prior to February 17, 2006 ("Legacy Pool") cannot be in the same Pool but can be within the same FAN. End users on non-pooling AT&T plans may be included in the same FAN as CRUs on pooled plans; however, these non-pooling end users will not receive the pooling benefits or contribute Included Usage to a pool.

For more information, please call 866-9ATT-B2B (866-928-8222) or visit att.com/wirelessbusinesscenter.

Pooled DataConnect

Leave your desk behind.

Access work and personal email, sync up your calendar and contacts, view attachments, browse the Internet and stay connected with a wireless data plan from AT&T.

Share the value with Pooled DataConnect.

Share data access easily and economically among a group of your corporate responsibility employees to help maximize your mobile employees' productivity.

Data Rate Plan	Monthly Service Charge	Domestic Included Data Usage	Additional Data (per KB)
LaptopConnect Device			
Pooled DataConnect	\$44*	50 MB	\$0.00097

* A \$5 discount applies with eligible wireless voice plan. Eligible wireless voice plan must be activated and maintained on the same device. Ask your sales representative for details.

1,024 kilobytes (KB) = 1 megabyte (MB). For coverage information and maps, please see a sales representative or visit att.com/wirelesscoveragemap, att.com/broadbandconnect, and att.com/wifibusinesssolutions.

AT&T also imposes the following charges: a Regulatory Cost Recovery Fee of up to \$1.25 to help defray its costs incurred in complying with obligations and charges imposed by State and Federal telecom regulation, a gross receipts surcharge, and State and Federal Universal Service charges. The Regulatory Cost Recovery Fee is not a tax or a government required charge.

CANADA AND INTERNATIONAL ROAMING: Additional data for Canada roaming per KB is \$0.015; International roaming per KB is \$0.0195. **VOICE CALLING:** If you have a voice-capable device (unless you request voice blocking, select a data plan that restricts voice access or select a qualified voice plan), the default rates for voice calls on AT&T's wireless network are \$0.40 per minute and \$0.69 per minute for domestic roaming voice calls off AT&T's wireless network. See AT&T Nation map for default voice coverage area. **MESSAGING:** Unless otherwise specified in your wireless plan, the default rate is \$0.20/message for Text/Instant Messages and \$0.30/message for Picture/Video Messages. Charges for international messages from the U.S. are \$0.20/message for Text Messages and \$0.50/message for Picture/Video Messages. Additional charges for premium content apply. **MISCELLANEOUS:** Separate MEdia data plan not required for MEdia Net™ usage. Additional eligibility, billing, usage and other restrictions and terms apply.

For more information, contact your AT&T account representative, visit att.com or call **866-9ATT-B2B (866-928-8222)**.

Rethink Possible

DataConnect Enterprise Plans for Tablets

Choose the rate plan that is best for your business.

Take your Tablet with you across town or across the world with access to email, the Internet and business and social networking applications along the way. Select a DataConnect Enterprise Plan for your Tablet device and stay connected on AT&T's wireless network.

Unlimited Wi-Fi® usage on the national AT&T Wi-Fi network.*

Wi-Fi provides a fast, seamless connection at home, in the office and in thousands of hotspots. Using Wi-Fi is convenient and helps you save on your mobile data usage. Connect to a home or office Wi-Fi network by following a few simple steps on your device. Once you've connected successfully one time, your device will automatically connect you every time you're in range. Wi-Fi access is included with your DataConnect Enterprise Plans for Tablets. Ask an AT&T sales representative to help you choose the right plan.

* Wi-Fi coverage is not available in all areas. Requires qualifying data rate plan. Wi-Fi enabled device required. Other restrictions apply. See attwifi.com for details and locations.

DataConnect Enterprise Plans for Tablets	Monthly Service Charge ²	Included Domestic Data Access	Additional Domestic Data Usage Per GB	Included International Data Usage ¹ (in Select Countries)	Additional International Data Usage Per KB ³ (in Select Countries)	International Data Usage Per KB ⁴ (in Other Countries)
Domestic DataConnect Enterprise Plans for Tablets ³	\$40	2 GB	\$10/GB**	—	—	—
	\$60	5 GB	\$10/GB**	—	—	—
International DataConnect Enterprise Plan for Tablets ³	\$99.99	2 GB	\$10/GB**	100 MB	\$.005/KB	\$.0195/KB

¹ Data usage only for use within "roam zone" comprised of select carriers. See att.com/dataconnectglobal for details.

² In addition to the monthly cost of the rate plan and any selected features, AT&T imposes the following charges: (i) a Regulatory Cost Recovery Charge of up to \$1.25 to help defray its cost incurred in complying with obligations and charges imposed by state and federal telecom regulations, (ii) a gross receipts surcharge, (iii) state and federal universal service charges, and (iv) other government assessments on AT&T. These fees are not taxes or government-required charges.

³ Customers with DataConnect Enterprise Plans for Tablets can get access to AT&T Wi-Fi Basic service at no additional charge. Additional restrictions apply. Subject to applicable AT&T Wi-Fi Basic terms and conditions. See att.com/attwifitosaup for further details.

⁴ Rate outside the "roam zone" countries is \$0.010/KB except in Algeria, Azerbaijan, Belarus, Bosnia/Herzegovina, Brunei, Faroe Islands, Macedonia (former Yugoslavia), Maldives, Mongolia, Qatar, Saudi Arabia, Tunisia and Venezuela where the rate is \$0.0195/KB.

** AT&T may temporarily suspend a user's mobile broadband service without notice in the event the user exceeds the applicable limit set for overage charges during a billing cycle ("Overage Limit"). The Overage Limit is \$100 for Domestic DataConnect Enterprise Plans for Tablets and \$1,000 for the International DataConnect Enterprise Plan for Tablets. If a user's mobile broadband service is suspended during a billing cycle, customer must agree to pay any additional overage charges and authorize AT&T to resume the service to the user. Otherwise, the user's mobile broadband service will remain suspended until the user's next billing cycle. Due to unpredictable use patterns, there may be delays between the time your users reach or pass their allowable threshold and when you receive notification or their service is restricted. Under rare circumstances, you may not receive notification at all as system updates occur. In most circumstances, the amount of included data available as part of the AT&T DataConnect Enterprise Plans for Tablets subscription will be sufficient for most of your users.

In most circumstances, the amount of included data available as part of the AT&T DataConnect Enterprise Plans for Tablets subscription will be sufficient for most of your users. In order to manage the consumption of this data and help ensure optimum use of the device it is recommended that your users use available Wi-Fi connections when possible. The Domestic DataConnect Enterprise Plans for Tablets do not include international pay per use. When traveling outside of the U.S., you will need the International DataConnect Enterprise Plan for Tablets. Users with a current prepaid Tablet account must cancel it prior to activating DataConnect Enterprise Plans for Tablets. Any unused data remaining on the user's prepaid Tablet account will be lost. If not cancelled, the prepaid Tablet plan will continue to auto renew and be charged to the credit card on the account.

If desired, authorized company representatives have the ability to place a permanent exemption on a subscriber's account. Exemption means that the account owner of record will not receive email notifications that account is nearing usage limits and being suspended and these subscribers will not receive automatic suspension for excessive overage. This needs to be provisioned through AT&T Customer Care after the account is activated. For additional solutions to remove overage caps please contact your AT&T Account Team.

For more information, contact your **AT&T account representative.**

Rethink Possible 

IMPORTANT INFORMATION: Available only to customers with a qualified AT&T Enterprise Agreement and their respective CRUs. An activation fee of up to \$36 may apply to each new data line. Compatible device required. Plans are subject to the applicable Enterprise Agreement, including without limitation, the "Enterprise Customers: Additional Service and Equipment Related Terms" found at att.com/abs-addtl-terms and this brochure. All data allowances, including overages, must be used in the billing period in which the allowance is provided or they will be forfeited. **Equipment Return Policy for Tablets:** Tablet returns must occur within 14 days of purchase. Tablet returns are not subject to 10% restocking fee if returned unopened and user did not purchase AT&T DataConnect Enterprise Plans for Tablets. Otherwise, a 10% restocking fee applies, except where prohibited. See our complete return policy at: www.att.com/returnpolicy. **Coverage:** Coverage not available in all areas. See coverage map(s), available at store or from your sales representative, for details. **Offnet Usage:** If your use of the Data Services on other carriers' wireless networks ("offnet data usage") during any month exceeds your offnet data usage allowance, AT&T may at its option terminate your access to Data Services, deny your continued use of other carriers' coverage, or change your plan to one imposing usage charges for offnet data usage. Your offnet data usage allowance is equal to the lesser of 24 megabytes or 20% of the kilobytes included with your plan. You may be required to use a Device programmed with AT&T's preferred roaming database. Additional charges and other restrictions apply. Offer subject to change. © 2011 AT&T Intellectual Property. Data Rate Plans

Take it all on-the-go.

A plan just for you, any time ...

Our data plans just got personal.

DataPlus™ Personal and DataPro™ Personal plans.

Send an email, browse the web for the latest score or download a favorite song – all on-the-go.

DataConnect plans.

Take your laptop or netbook with you across town or across the country with access to email, the Internet and business and social networking applications along the way. Our stand-alone mobile hotspot devices allow you to carry your personal connection to the Internet with you. You can even share it with other users and devices.

Select a DataConnect plan and stay connected anywhere you get a signal on AT&T's wireless network.

Unlimited Wi-Fi® usage.

Virtually all AT&T smartphones come with Wi-Fi technology embedded inside. Wi-Fi provides a fast connection at home, in the office, and in thousands of hotspots. Using Wi-Fi is convenient and helps you save on your mobile data usage. Smartphone data plans include unlimited usage on AT&T's entire national Wi-Fi network.* Connect to a home or office Wi-Fi network by following a few simple steps on your device. Once you've connected successfully one time, your device will automatically connect you every time you're in range. Wi-Fi access is included with your DataPlus, DataPro or DataConnect plan. International Roaming not included.

Mobile Video.

Get streaming news, sports, stock quotes and much more – all on your compatible smartphone. Mobile Video is now included with all DataPlus and DataPro plans.**

Life moves.

We'll keep you connected.

Respond quickly on-the-go. AT&T offers a variety of wireless solutions to help you stay productive.

Smartphones with Mobile Hotspots.

Some smartphones allow you to create a mobile hotspot and share your connection with multiple users/devices. Stay connected to the people, places and information that are important to you so you never miss a thing. Requires compatible device and a DataPro 4 GB plan.

Get out of the office.

Stay ahead of your competition in and out of the office by syncing your corporate email, calendar and contacts to your smartphone.⁶ AT&T's enterprise-class wireless email solutions make it all possible.

Ask your IT organization which solutions your company supports. Then ask an AT&T sales representative to help you choose a compatible smartphone and the right plan for you.

Add messaging and save.

Get more messaging for less by adding 1000 or unlimited text, picture, video and instant messages.

Messaging Bundles [†]	Included Messages	Monthly Service Charge	Additional Messages (Per Message)
Messaging 1000	1000	\$10	\$0.10
Messaging Unlimited	UNLIMITED	\$20	INCLUDED

[†] Includes text, picture, video and instant messaging. International messages and premium content not included.

* Access includes AT&T Wi-Fi Basic. Wi-Fi enabled device required. Other restrictions apply. See attwifi.com for details and locations.

** Compatible smartphone and applicable data plan required. Service not available outside AT&T's mobile broadband coverage area. Additional charges for premium content apply.

The \$325 Early Termination Fee applies to all new and upgrade customers who purchase discounted equipment for activation on a Data Rate Plan.

****4G speeds delivered by HSPA+ with enhanced backhaul. Available in limited areas. Availability increasing with ongoing backhaul deployment. Requires 4G device and compatible data plan. Learn more at att.com/network.**

- 1 See Terms and Conditions for details on voice calling, prohibited/permissible uses, eligibility, billing, and other restrictions at www.att.com/wirelessterms. In addition to the monthly cost of the rate plan and any selected features, AT&T imposes the following charges: (i) a Regulatory Cost Recovery Charge of up to \$1.25 to help defray its cost incurred in complying with obligations and charges imposed by state and federal telecom regulations, (ii) a gross receipts surcharge, (iii) state and federal universal service charges, and (iv) other government assessments on AT&T. These fees are not taxes or government-required charges.
- 2 DataPlus Personal and DataPro Personal plans include access to personal email, such as Yahoo!®, AOL® and POP3/IMAP4 Internet Service Providers. BlackBerry Internet Service (BIS) is included on these plans if a BlackBerry device is selected.
- 3 Data Rate Plans include access to AT&T Wi-Fi Basic. Wi-Fi enabled device required. Other restrictions apply. See attwifi.com for details and locations. International Roaming not included.
- 4 Compatible smartphone and one of the following email solutions required: BlackBerry Enterprise or Microsoft Direct Push.
- 5 With respect to both Corporate Responsibility Users (CRUs) and Individual Responsibility Users (IRUs), the Service Discount described in your AT&T business agreement is NOT available on the DataPlus Personal \$15 and DataConnect \$35 plans. DataPlus Personal \$15 plan not available for Corporate Responsibility Users.
- 6 On DataPlus, DataPro or DataConnect plans with a monthly megabyte (MB) or gigabyte (GB) allowance, once you exceed your monthly allowance or any subsequent overage allowance during the billing period, you will be automatically be provided an overage data allowance and charged for each data overage allowance provided as specified in the applicable rate plan information/chart, except when overage is charged on a per MB basis. All data allowances, including overages, must be used in the billing period in which the allowance is provided or they will be forfeited. An Enterprise DataPro or DataConnect plan for LaptopConnect Devices or Stand-alone Mobile Hotspot Devices is required for corporate email, company intranet sites and business applications.
- 7 Tethering and/or Mobile Hotspots require a DataPro 4 GB plan and an AT&T approved Tethering or Mobile Hotspot device. Data used by devices connected to a tethering device or Mobile Hotspot is deducted from the data allowance included in your DataPro 4 GB plan, in addition to the data your device consumes. Mobile Hotspot performance may vary depending on the number of devices connected, proximity, and other factors. The number of devices you can connect to a Mobile Hotspot device depends on its capabilities. If you do not use a password, others will be able to use your Mobile Hotspot connection.
- 8 Plan is for compatible stand-alone Mobile Hotspot Devices only. Handsets with Mobile Hotspot capability do not qualify. 1 or 2 year contract required, when purchasing a discounted stand-alone Mobile Hotspot device. The number of devices you can connect to a Mobile Hotspot device depends on its capabilities. Performance may vary depending on the number of devices connected, proximity and other factors.
- 9 Plan for compatible stand-alone Mobile Hotspot Devices and 4G Laptop Connect Devices only. Handsets with Mobile Hotspot capability do not qualify. 1 or 2 year contract required when purchasing a discounted device. The number of devices you can connect to a Mobile Hotspot device depends on its capabilities. Mobile Hotspot performance may vary depending on the number of devices connected, proximity and other factors.

COVERAGE: Coverage not available in all areas. For coverage information and maps, please see a sales representative or visit att.com/wirelesscoveragemap or att.com/wirelessbroadbandconnect.

CANADA AND INTERNATIONAL ROAMING: Additional data for Canada roaming per KB is \$0.015; International Roaming per KB is \$0.0195.

MESSAGING: Unless otherwise specified in your wireless plan, the default rate is \$0.20/message for Text/Instant Messages and \$0.30/message for Picture/Video Messages. Charges for international messages from the U.S. are \$0.25/message for Text Messages and \$0.50/message for Picture/Video Messages. Charges for messages sent while roaming internationally are \$0.50/message for Text Messages and \$1.30/message for Picture/Video Messages. Additional charges for premium content apply.

1,024 kilobytes (KB) = 1 megabyte (MB).

Rethink Possible

International data solutions for business around the world.

Pick the plan that fits your specific needs.

AT&T takes your business global.

It's a global economy, and AT&T offers cost-effective ways for you and your employees to take advantage of the opportunities this presents. With the best coverage worldwide of any carrier, AT&T makes it easy to stay in touch when crossing oceans and international borders. Use the same devices and wireless numbers, so you're always ready to travel.

The global standard for voice and data roaming.

Because AT&T's wireless network is based on GSM,[™] the global wireless standard, you can stay connected easily to people and information worldwide with voice coverage in over 220 countries. Wireless data services are available in 195 countries. Now, GSM technology enables fast connections across the globe on high-speed data networks:

- **EDGE** data technology has been deployed in over 150 countries, and that number is steadily growing.
- **UMTS** offers broadband speed in over 115 countries (and growing), including Japan, South Korea, Hong Kong, Singapore, Great Britain and Taiwan.

International roaming – voice.

The easy and affordable way to call internationally.

With the broadest international coverage, AT&T travels abroad with you. More of our wireless devices work in more places around the world – over 220 countries – than any other carrier. Sign up with AT&T World TravelerSM and get our best wireless voice rates in more than 100 of those countries.

International roaming – data.

Email and Internet access across the globe.

It's becoming more and more important to have access to documents and data wherever you are doing business. AT&T provides wireless solutions for connecting

data devices to the Internet and email in 195 countries. This gives you and your employees more tools to do business, wherever your travels take you. We have plans designed for LaptopConnect devices, smartphones, BlackBerry[®] and Apple[®] iPhone[™].

International roaming in Japan and South Korea.

When roaming in Japan and South Korea, you'll need a device that operates on 3G technology at 2100 MHz. AT&T now sells 3G 2100 MHz wireless devices.

International long distance.

AT&T is the leading wireless carrier in international long distance.

Let your voice travel all over the world, even when you're at home. Stay in touch with business associates outside the U.S. from your smartphone. Sign up for World Connect[®] and get discounted wireless voice rates in over 220 countries.

Enterprise email.

Access your corporate email while you're away.

Business customers can take advantage of enterprise-class wireless email solutions to stay in touch.

Sync your corporate email, calendar and contacts to your smartphone so you can stay ahead of your competition – in and out of the office.

Ask your IT organization which solutions your company supports. Then have a sales representative show you the compatible smartphones and select the domestic DataPro Enterprise plan.

Need international Wi-Fi? With AT&T Wi-Fi Premier, you will have access to over 125,000 AT&T and roaming partner hotspots worldwide, including more than 20,000 in the U.S. For more information or to order service, go to www.attwifi.com.

Pick a plan and get going.

INTERNATIONAL DATA PLANS	MONTHLY SERVICE CHARGE ³	INCLUDED DOMESTIC DATA ACCESS	ADDITIONAL DOMESTIC DATA USAGE per MB	INCLUDED INTERNATIONAL DATA USAGE	ADDITIONAL INTERNATIONAL DATA USAGE per KB (in select countries) ²	INTERNATIONAL DATA USAGE per KB (in other countries)

¹ Does not include data usage within the U.S. Qualified domestic plan required.

² Data usage only for use within "roam zone" comprised of select carriers. See Terms inside for further details.

³ AT&T also imposes the following charges: a Regulatory Cost Recovery Charge of up to \$1.25 to help defray its costs incurred in complying with obligations and charges imposed by State and Federal telecom regulation; State and Federal Universal Service charges; and surcharges for government assessments on AT&T. These fees are not taxes or government-required charges.

⁴ Plans may also be used with eligible, AT&T-certified customer owned and maintained (COAM) 3G devices. If you have a messaging-capable device, the default rate is \$0.20/message for Text/Instant Messages and \$0.30/message for Picture/Video Messages. Charges for international messages from the U.S. are \$0.25/message for Text Messages and \$0.50/message for Picture/Video Messages. Charges for messages sent while roaming internationally are \$0.50/message for Text Messages and \$1.30/message for Picture/Video Messages. Additional charges for premium content apply. Not available with LaptopConnect devices.

⁵ DataConnect customers can get access to AT&T Wi-Fi Basic service at no additional charge. (Requires a LaptopConnect card or USB device, AT&T Communication Manager version 6.8 or higher, 802.11 b/g-enabled device and Windows® operating system.) Additional restrictions apply. Subject to applicable AT&T Wi-Fi Basic terms and conditions. See <https://secure.sbc.com/tosaup.adp> for further details.

⁶ Rate outside the "roam zone" countries is \$0.010/KB except in Algeria, Azerbaijan, Belarus, Bosnia/Herzegovina, Brunei, Faroe Islands, Kuwait, Macedonia (former Yugoslavia), Maldives, Mongolia, Qatar, Saudi Arabia, Tunisia, Turkey and Venezuela where the rate is \$0.0195/KB.

WIRELESS DATA SERVICE TERMS AND CONDITIONS

I. GENERAL TERMS AND CONDITIONS APPLICABLE TO AT&T'S WIRELESS DATA SERVICES, INCLUDING BUT NOT LIMITED TO, FEATURES THAT MAY BE USED WITH WIRELESS DATA SERVICES AND WIRELESS CONTENT.

General Requirements: AT&T provides wireless data services, including but not limited to, features that may be used with wireless data services and wireless content and applications ("Services"). The absolute capacity of the wireless data network is limited. Accordingly, service is only provided for prescribed purposes and pricing for Data Services is device dependent and based on the transmit and receive capacity of each device. A pricing plan designated for one type of device may not be used with another device. Some devices or plans may require you to subscribe to data plan. If AT&T determines that you are not subscribed to the required plan(s), AT&T reserves the right to switch you to the required plan or plans and bill you the appropriate monthly fee. The Services may be subject to credit approval. An activation fee of up to \$36 may apply to each new data line. Compatible data-enabled wireless device required.

Usage/Billing: Usage and monthly fees will be billed as specified in your rate plan brochure, customer service summary, or rate plan information online. DATA TRANSPORT IS CALCULATED IN FULL-KILOBYTE ("KB") INCREMENTS, AND ACTUAL TRANSPORT IS ROUNDED UP TO THE NEXT FULL KB INCREMENT AT THE END OF EACH DATA SESSION FOR BILLING PURPOSES. TRANSPORT IS BILLED EITHER BY THE KB OR MEGABYTE ("MB"). IF BILLED BY MB, THE FULL KBs CALCULATED FOR EACH DATA SESSION DURING THE BILLING PERIOD ARE TOTALED AND ROUNDED UP TO NEXT FULL MB INCREMENT TO DETERMINE BILLING. IF BILLED BY KB, THE FULL KBs CALCULATED FOR EACH DATA SESSION DURING THE BILLING PERIOD ARE TOTALED TO DETERMINE BILLING. NETWORK OVERHEAD, SOFTWARE UPDATE REQUESTS, AND RESEND REQUESTS CAUSED BY NETWORK ERRORS CAN INCREASE MEASURED KILOBYTES. AIRTIME AND OTHER MEASURED USAGE ARE BILLED IN FULL-MINUTE INCREMENTS AND ROUNDED UP TO THE NEXT FULL-MINUTE INCREMENT AT THE END OF EACH CALL FOR BILLING PURPOSES. Data sent and received includes, but is not limited to downloads, email, overhead and software update checks. Unless designated for International or Canada use, prices and included use apply to EDGE/GPRS and BroadbandConnect access and use on AT&T's wireless network and its affiliated partner wireless networks within the United States and its territories (Puerto Rico and the U.S. Virgin Islands), excluding areas within the Gulf of Mexico. Usage on networks not owned by AT&T is limited as provided in your data plan. Charges will be based on the location of the site receiving and transmitting service and not the location of the subscriber. BroadbandConnect access requires a compatible, eligible 3G device. Unless otherwise specified, overage is billed either by the KB or MB. Service charges paid in advance for monthly or annual Services are nonrefundable. Some Services may require an additional monthly subscription fee and/or be subject to additional charges and restrictions. See applicable rate plan materials for complete pricing and terms. Prices do not include taxes, directory assistance, roaming, universal services fees or other exactions and are subject to change. In order to assess your usage during an applicable billing period, you may obtain approximate usage information by calling customer service or using one of our automated systems.

Voice: A voice plan is required on all voice-capable Devices, unless specifically noted in the terms governing your agreement.

Roaming: Roaming charges for wireless data or voice service may be charged with some plans when outside AT&T's wireless network. Display on your device will not indicate whether you will incur roaming charges. Services originated or received while outside your plan's included coverage area are subject to roaming charges. Use of Services when roaming is dependent upon roaming carrier's support of applicable network technology and functionality. Check with roaming carriers individually for support and coverage details. Billing for domestic and international roaming usage may be delayed up to three billing cycles due to reporting between carriers. If your usage of the Services on other carriers' wireless networks ("offnet usage") during any month exceeds your offnet usage allowance, AT&T may at its option terminate your wireless service or access to data Services, deny your continued use of other carriers' coverage, or change your plan to one imposing usage charges for offnet usage. Your offnet usage allowance is equal to the lesser of 24 megabytes or 20% of the kilobytes included with your plan and for messaging plans the lesser of 3000 messages or 50% of the messages included with your plan. AT&T will provide notice that it intends to take any of the above actions and you may terminate your agreement. You may be required to (1) use a device programmed with AT&T's preferred roaming database; and (2) have a mailing address and live in the United States, Puerto Rico or the U.S. Virgin Islands.

International Roaming: See att.com/global or dial 1-866-246-4852 for more information and for a list of currently available countries and carriers. Compatible international-capable device required. Certain countries and/or carriers within a roaming zone may be unavailable with certain plans or Services while roaming. Availability, quality of coverage and Services while roaming are not guaranteed. Rates apply to AT&T's wireless customers only. Certain tenure, billing and credit restrictions and additional charges may apply. Many devices including iPhone transmit and receive data messages without user intervention and can generate unexpected charges when taken out of the United States.

Cancellations/Early Termination Fee: You may cancel service **within 30 days** from the activation date to avoid any applicable early termination fee (the "ETF"). If your Service Commitment includes the purchase of certain specified equipment on or after June 1, 2010, the ETF will be \$325 minus \$10 for each full month of your Service Commitment that you complete. (For a complete list of the specified equipment, check www.att.com/equipmentETF). Otherwise, your ETF will be \$150 minus \$4 for each full month of your Service Commitment that you complete. The ETF is not a penalty, but rather a charge to compensate us for your failure to satisfy the Service Commitment on which your rate plan is based. You will be responsible for all applicable usage fees, prorated access charges, taxes, surcharges or other charges through the termination date. AT&T will refund your activation fee, if any, if service is terminated within 3 days of activation.

Service Availability and Access/Coverage: AT&T does not guarantee availability of wireless network. Services may be subject to certain equipment and compatibility/limitations including memory, storage, network availability, coverage, accessibility and data conversion limitations. Services (including without limitation, eligibility requirements, plans, pricing, features and/or service areas) are subject to change without notice. When outside coverage area, access will be limited to information and applications previously downloaded to or resident on your device. Coverage areas vary between AT&T BroadbandConnect, EDGE and GPRS. AT&T BroadbandConnect only available in select markets. See coverage map(s), available at store or from your sales representative, for details. AT&T BroadbandConnect download speeds only available on the AT&T BroadbandConnect network. Actual download speeds depend upon device characteristics, network, network availability and coverage levels, tasks, file characteristics, applications and other factors. Performance may be impacted by transmission limitations, terrain, in-building/in-vehicle use and capacity constraints.

Information/Content/Applications: Certain information, applications, or other content is provided by independently owned and operated content providers or service providers who are subject to change at any time without notice. AT&T IS NOT A PUBLISHER OF THIRD-PARTY INFORMATION, APPLICATIONS, OR OTHER CONTENT AND IS NOT RESPONSIBLE FOR ANY OPINIONS, ADVICE, STATEMENTS, OR OTHER INFORMATION, SERVICES OR GOODS PROVIDED BY THIRD PARTIES. Third-party content or service providers may impose additional charges. Policies regarding intellectual property, privacy and other policies or terms of use may differ among AT&T's content or service providers and you are bound by such policies or terms when you visit their respective sites or use their services. It is your responsibility to read the rules or service agreements of each content provider or service provider. Any information you involuntarily or voluntarily provide third parties is governed by their policies or terms. The accuracy, appropriateness, content, completeness, timeliness, usefulness, security, safety, merchantability, fitness for a particular purpose, transmission or correct sequencing of any application, information or downloaded data is not guaranteed or warranted by AT&T or any content providers or other third party. Delays or omissions may occur. Neither AT&T nor its content providers, service providers or other third parties shall be liable to you for any loss or injury arising out of or caused, in whole or in part, by your use of any information, application or content, or any information, application, or other content acquired through the Service. You acknowledge that every business or personal decision, to some degree or another, represents an assumption of risk, and that neither AT&T nor its content and service providers or suppliers, in providing information, applications or other content or services, or access to information, applications, or other content underwrites, can underwrite, or assumes your risk in any manner whatsoever.

Prohibited and Permissible Uses: Except as may otherwise be specifically permitted or prohibited for select data plans, data sessions may be conducted only for the following purposes: (i) Internet browsing; (ii) email; and (iii) intranet access (including access to corporate intranets, email, and individual productivity applications like customer relationship management, sales force, and field service automation). While most common uses for Intranet browsing, email and intranet access are permitted by your data plan, there are certain uses that cause extreme network capacity issues and interference with the network and are therefore prohibited. Examples of prohibited uses include, without limitation, the following: (i) server devices or host computer applications, including, but not limited to, Web camera posts or broadcasts, automatic data feeds, automated machine-to-machine connections or peer-to-peer (P2P) file sharing; (ii) as a substitute or backup for private lines, landlines or full-time or dedicated data connections; (iii) "auto-responders," "cancel-bots," or similar automated or manual routines which generate excessive amounts of net traffic, or which disrupt net user groups or email use by others; (iv) "spam" or unsolicited commercial or bulk email (or activities that have the effect of facilitating unsolicited commercial email or unsolicited bulk email); (v) any activity that adversely affects the ability of other people or systems to use either AT&T's wireless services or other parties' Internet-based resources, including "denial of service" (DoS) attacks against another network host or individual user; (vi) accessing, or attempting to access without authority, the accounts of others, or to penetrate, or attempt to penetrate, security measures of AT&T's wireless network or another entity's network or systems; (vii) software or other devices that maintain continuous active Internet connections when a computer's connection would otherwise be idle or any "keep alive" functions, unless they adhere to AT&T's data retry requirements, which may be changed from time to time. This means, by way of example only, that checking email, surfing the Internet, downloading legally acquired songs, and/or visiting corporate intranets is permitted, but downloading movies using P2P file sharing services, redirecting television signals for viewing on Personal Computers, web broadcasting, and/or for the operation of servers, telemetry devices and/or Supervisory Control and Data Acquisition devices is prohibited. Furthermore, plans (unless specifically designated for tethering usage) cannot be used for any applications that tether the device (through use of, including without limitation, connection kits, other phone/smartphone to computer accessories, BLUETOOTH® or any other wireless technology) to Personal Computers (including without limitation, laptops), or other equipment for any purpose. Accordingly, AT&T reserves the right to (i) deny, disconnect, modify and/or terminate Service, without notice, to anyone it believes is using the Service in any manner prohibited or whose usage adversely impacts its wireless network or service levels or hinders access to its wireless network, including without limitation, after a significant period of inactivity or after sessions of excessive usage and (ii) otherwise protect its wireless network from harm, compromised capacity or degradation in performance, which may impact legitimate data flows. You may not send solicitations to AT&T's wireless subscribers without their consent. You may not use the Services other than as intended by AT&T and applicable law. Plans are for individual, non-commercial use only and are not for resale. AT&T may, but is not required to, monitor your compliance, or the compliance of other subscribers, with AT&T's terms, conditions, or policies.

Security: AT&T DOES NOT GUARANTEE SECURITY. Data encryption is available with some, but not all, Services sold by AT&T. If you use your device to access company email or information, it is your responsibility to ensure your use complies with your company's internal IT and security procedures.

Changes to the terms and conditions: These terms and conditions may be changed from time to time. AT&T will post the most current version of these terms and conditions at att.com/mediaterms or other appropriate location. Please check these regularly to inform yourself about changes to the terms and conditions.

Access Requirements: Additional hardware, software, subscription, credit or debit card, Internet access from your compatible PC and/or special network connection may be required and you are solely responsible for arranging for or obtaining all such requirements. Some solutions may require third party products and/or services, which are subject to any applicable third party terms and conditions and may require separate purchase from and/or agreement with the third party provider. AT&T is not responsible for any consequential damages caused in any way by the preceding hardware, software or other items/requirements for which you are responsible.

Miscellaneous: Not all plans or Services are available for purchase or use in all sales channels, in all areas or with all devices. AT&T is not responsible for loss or disclosure of any sensitive information you transmit. AT&T's wireless services are not equivalent to landline Internet. AT&T is not responsible for nonproprietary services or their effects on devices. If applicable, use of Desktop Toolbar requires compatible home computer products. AT&T RESERVES THE RIGHT TO TERMINATE YOUR SERVICES WITH OR WITHOUT CAUSE, INCLUDING WITHOUT LIMITATION, UPON EXPIRATION OR TERMINATION OF YOUR WIRELESS SERVICE AGREEMENT. Caller ID blocking is not available when using the Services, and your wireless number is transmitted to Internet sites you visit. You may receive unsolicited messages from third parties as a result of visiting Internet sites, and a per-message charge may apply whether the message is read or unread, solicited or unsolicited.

Additional Terms: See below for additional terms relating to specific Services and rate plans. In addition, all use of AT&T's wireless network and the Services is governed by AT&T's Acceptable Use Policy, which can be found at att.com/acceptableusepolicy, as determined solely by AT&T. AT&T can revise its Acceptable Use Policy at any time without notice by updating this posting. Use of the Services is subject to Terms and Conditions of your Wireless Service Agreement. See Wireless Service Agreement, att.com/wireless or AT&T Customer Service for additional conditions, restrictions, privacy policy and information.

Intellectual Property: All trademarks, service marks and trade names used on or in connection with the Services are the property of their respective owners. You must respect the intellectual property rights of AT&T, our third-party content providers, and any other owner of intellectual property whose protected property may appear on any Web site and/or dialogue box controlled by AT&T or accessed through the AT&T's Web sites. Except for material in the public domain, all material displayed in association with the Service is copyrighted or trademarked. Except for personal, non-commercial use, trademarked and copyrighted material may not be copied, downloaded, redistributed, modified or otherwise exploited, in whole or in part, without the permission of the owner. The RIM and BlackBerry families of related marks, images and symbols are the exclusive properties and trademarks or registered trademarks of Research In Motion Limited – used by permission. AT&T, the AT&T logo and all other AT&T marks contained herein are trademarks of AT&T Intellectual Property and/or AT&T affiliated companies. All other marks contained herein are the property of their respective owners.

II. ADDITIONAL TERMS FOR SPECIFIC WIRELESS DATA SERVICES

Text, Instant Messaging and Picture/Video Messaging: Messages are limited to 160 characters per message. Premium text and picture/video messages are charged at their stated rates. Standard rates apply to all incoming messages when in the U.S. Different, non-standard per message charges apply to international messages sent from the U.S. Text, Instant, Picture, and Video messages are charged when sent or received, whether read or unread, solicited or unsolicited. AT&T does not guarantee delivery of messages. Text, Instant, Picture, and Video messages, including downloaded content, not delivered within 7 days will be deleted. AT&T reserves the right to change this delivery period as needed without notification. You are charged for each part of messages that are delivered to you in multiple parts. Picture/Video Messaging, data plan, and Text Messaging may need to be provisioned on an account in order to use Picture/Video Messaging. Some elements of Picture/Video messages may not be accessible, viewable, or heard due to limitations on certain wireless phones, PCs, or email. AT&T reserves the right to change the Picture/Video message size limit at any time without notification. Picture/Video Messaging pricing is for domestic messages only. When a single message is sent to multiple recipients, the sender is charged for one message for each recipient and each recipient is charged for the message received. Text message notifications may be sent to non-Picture/Video Messaging subscribers if they subscribe to Text Messaging.

Global Messaging 50 Package: Requires a compatible device and domestic messaging plan. Eligibility restrictions apply based on service tenure, payment history and/or credit. AT&T may block your ability to use the plan until eligibility criteria are met. The plan is only for messaging sent from countries/carriers included in AT&T's international roaming zone. Messaging sent outside AT&T's international roaming zone will incur standard pay-per-use international messaging roaming fees. Messaging to and from certain countries/carriers may be blocked and change without notice. Availability, quality of coverage and services while roaming are not guaranteed. The plan includes an allotted number of messages for a set monthly fee. You will incur an overage charge, if you send more than the allotted number of messages. Unused allotted messages are not carried over. If you enroll after the beginning date of your billing cycle, the monthly fee and the number of allotted messages included will be correspondingly reduced per day and will be less than the number of allotted messages in a full billing cycle in the first month of enrollment. The plan's number of allotted messages, monthly fee, overage rate, and countries/carriers are subject to change.

DirectBill Service: DirectBill enables you to bill third party content or services on your wireless bill. Use of the DirectBill service constitutes consent to these terms and conditions. There is no charge for creating an AT&T DirectBill account and DirectBill is available to you automatically as a subscriber. **Charges and Payment:** You will be charged monthly on your AT&T wireless bill for all transactions entered into during the previous billing period using the DirectBill service. If you authorize others to use your payment information, you are liable for charges they incur. You have full-time access to your transaction history by logging into att.com/db and selecting "Review My Account." You may contest charges and seek refunds for purchases with which you are not satisfied. AT&T reserves the right to restrict the use of the DirectBill service or terminate the account of anyone who seeks refunds on improper grounds or otherwise abuses the DirectBill service. **Prepaid/GoPhone customers:** Transactions will be debited from your account balance at the time of the transaction. If there are insufficient funds in your account at the time of the transaction, you will not be able to complete your purchase or receive the requested services.

Mobile Email: Requires email account with compatible Internet service provider and a downloaded or preloaded email application for the wireless device. Access and use of Mobile Email is billed by total volume of data sent and received (in kilobytes) in accordance with your MEdia Net service. Email attachments cannot be sent, downloaded, read, or forwarded on the mobile device. Only a paper clip icon appears indicating an attachment. You must view attachments from your PC. Upgrades to the application may be required in order to continue to use the service. Wireless data usage charges will apply for downloading the application and any upgrades.

Mobile Video (formerly CV): Not available in all areas and not available when off the AT&T-owned network. 3G phone and eligible wireless data plan required. Depending on selected data plan, eligible wireless voice plan may also be required. Unlimited Media Net package or eligible unlimited data plan required for Mobile Video. Mobile Video is charged at stated monthly subscription rates or at stated pay-per-view rates. Mobile Video provided by a monthly subscription rotates as appropriate for the service and is subject to withdrawal in the provider's sole discretion. Mobile Video provided on a pay-per-use basis can be viewed an unlimited number of times for 24 hours. Mobile Video is for individual use only and not for resale. No content may be captured or forwarded. Some Mobile Video content may be inappropriate for younger viewers. Parental guidance suggested. Use Parental Controls to restrict access to mature content. All screen images are simulated.

AT&T Wi-Fi Services: AT&T Wi-Fi service use with a Wi-Fi capable wireless device is subject to the Terms of Services & Acceptable Use Policy ("Terms") found at <https://secure.sbc.com/tosaup.adp>. Your use represents your agreement to those Terms, incorporated herein by reference. AT&T Wi-Fi Basic service is available at no additional charge to wireless customers with select Wi-Fi capable devices and a qualified data rate plan. Other restrictions may apply.

Data Global Add On: May only be used with eligible AT&T-certified devices. Domestic data usage not included. Qualified domestic wireless data plan required. Available countries, coverage and participating international carriers included in the "Select International Roam Zone" vary from our generally available Canada/international wireless data roam zones and may not be as extensive. The Select International Roam Zone is restricted to select international wireless carrier(s). See att.com/dataconnectglobal for a current list of participating carriers and eligible roam zones. With respect to the countries included in the Select International Roam Zone, you will be restricted from accessing Service through any non-participating Canada/international wireless carriers that may otherwise be included in our generally available Canada and international wireless data roam zones. Eligible wireless voice plan is required. If combined with a wireless voice plan that includes international voice roaming, your international wireless voice roaming in countries included in the Global Data Add-On's Select International Roam Zone will be limited to the participating Canada/international wireless carriers and you will be restricted from voice roaming through any non-participating Canada/international wireless carriers that may otherwise be included in our generally available Canada and international voice roam zones. Requires minimum one-year agreement and you must remain on an eligible Data Global Add-On, for a minimum one-year term.

DataConnect Global Plans: Available countries, coverage and participating international carriers included in the "Select International Roam Zone" vary from our generally available Canada/international wireless data roam zones and may not be as extensive. The Select International Roam Zone is restricted to select international wireless carrier(s). See att.com/dataconnectglobal for a current list of participating carriers and eligible roam zones. With respect to the countries included in the Select International Roam Zone, you will be restricted from accessing Service through any nonparticipating Canada/international wireless carriers that may otherwise be included in our generally available Canada and international wireless data roam zones. Requires minimum one-year agreement and you must remain on an eligible DataConnect Global plan for a minimum one-year term. Voice access is restricted and prohibited.

DataConnect North America Plan: Available countries, coverage and participating international wireless carriers included in the "Select Canada/Mexico Roam Zone" vary from our generally available Canada/international wireless data roam zones and may not be as extensive. Select Canada/Mexico Roam Zone is restricted to select wireless carrier(s) and coverage areas within Canada and Mexico. See att.com/dataconnectglobal for a current list of participating carriers and eligible roam zones. Under this plan, you will be restricted from accessing Service through any non-participating Canada/Mexico wireless carriers that may otherwise be included in our generally available Canada and international wireless data roam zones. Requires minimum one-year agreement and you must remain on eligible DataConnect North America plan for a minimum one-year term. Voice access is restricted and prohibited.

To find out how to get started, talk to a sales representative today, visit att.com/global or call **866-9ATT-B2B (866-928-8222)**.

AT&T Advantages

THE NATION'S FASTEST 3G NETWORK

THE BEST COVERAGE WORLDWIDE*

AT&T HAS THE LARGEST PORTFOLIO
of business-focused devices

*The most phones that work in the most countries.

Terms Applicable to AT&T Business Plans for iPhone: Coverage not available in all areas. See wireless.att.com/coverageviewer for coverage details. Purchase of an iPhone requires an AT&T Business Plan for iPhone. If it is determined that an iPhone is being used without an eligible data plan, AT&T reserves the right to add an eligible data plan to customer's account and bill customer the appropriate monthly fee. Up to a \$36 activation fee may apply. AT&T Business Plans for iPhone may not be used with other computing devices (including but not limited to iPads, personal computers, and PC Data Cards) either by SIM card transfer or any other means. Additionally, tethering is prohibited unless you have a plan that expressly allows it. iPhone is subject to additional third-party terms and conditions. All iPhone returns may be subject to a 10% restocking fee. Substantial charges may be incurred if iPhone is taken out of the U.S., even if no services are intentionally used. Receipt of Visual Voicemail messages when roaming internationally are charged at international data pay-per-use rates unless subscriber has a Data Global Add-On for iPhone, in which case receipt of Visual Voicemail messages decrement megabytes included in the Data Global Add-On for iPhone. Data roaming toggle set to OFF will block data roaming and receipt of Visual Voicemail messages outside the U.S., the U.S. Virgin Islands and Puerto Rico, with the exception of Guam or Northern Mariana Islands. **Additional Terms:** Additional terms, conditions and restrictions (incl. without limitation, international roaming terms) apply. For full details on messaging and data usage, see att.com/dataterms. Certain features will not be available in all areas at all times. **Data Plan for iPhone:** Data Plan for iPhone may only be used for the following purposes: (i) internet browsing, (ii) personal email, and (iii) consumer applications. Access to corporate email or other applications and services on a corporate intranet is prohibited. **Enterprise Data Plan for iPhone:** Enterprise Data Plan for iPhone is required when using iPhone to access corporate email, company intranet sites, and/or other business solutions/applications. **AT&T Wi-Fi Services:** AT&T Wi-Fi service use with a Wi-Fi capable wireless device is subject to the Terms of Service & Acceptable Use Policy ("Terms") found at att.com/attwifitosaup. Your use represents your agreement to those Terms, incorporated herein by reference. AT&T Wi-Fi Basic service is available at no additional charge to wireless customers with select Wi-Fi capable devices and a qualified data rate plan. Other restrictions may apply. Subscriber must live and have a mailing address within AT&T's owned network coverage area. If your Service Commitment includes the purchase of certain specified Equipment on or after June 1, 2010, the Early Termination Fee will be \$325 minus \$10 for each full month of your Service Commitment that you complete. (For a complete list of the specified Equipment, check att.com/equipmentETF). Otherwise, your Early Termination Fee will be \$150 minus \$4 for each full month of your Service Commitment that you complete. The Early Termination Fee is not a penalty, but rather a charge to compensate us for your failure to satisfy the Service Commitment on which your rate plan is based. If phone is returned within 3 days, activation fee will be refunded. If phone is returned within 30 days in like-new condition with all components, Early Termination Fee will be waived. All other charges apply. Some dealers impose additional fees. ©2010 AT&T Intellectual Property. All rights reserved. AT&T and the AT&T logo are trademarks of AT&T Intellectual Property. Subsidiaries and affiliates of AT&T Inc. provide products and services under the AT&T brand. AT&T Business plans for Apple® iPhone™

On the nation's fastest 3G network

Introducing Apple iPhone 3GS

New Features

Speed

Load Web pages, launch apps, open attachments and take pictures faster than ever before. iPhone 3GS makes your entire iPhone experience more responsive.*

Video Camera

iPhone 3GS now lets you shoot and edit video, then share it via email, Picture/Video Messaging, MobileMe or YouTube. And still pictures get better with a 3-megapixel camera, built-in autofocus and a tap-to-focus feature.

Voice Control

With Voice Control, you can use your voice to call someone in your Contacts list, dial a number, or play a song.

Business Features

Microsoft® Exchange ActiveSync® Support

Delivers secure push email and over-the-air Contacts and calendar. Create and receive meeting invitations right from the device, and dial phone numbers from meeting notes.

Built-in Attachment Support

View Microsoft® Word®, Excel®, and PowerPoint®, PDF, JPEG and iWork® email attachments.

Cisco IPsec VPN

Provides access to corporate services with highest level of IP-based encryption for transmission of sensitive information.

Securing Data

Local and Remote wipe, enforced security and password policies, and encryption capabilities help IT administrators securely manage confidential company information.

Device Configuration

Create and distribute encrypted configuration profiles for the remote configuration and installation of your company's passcode policies, device restrictions, VPN, email and wireless network settings.

Business Applications

With the App Store, iPhone becomes a must-have mobile device for businesses. You can manage your sales pipeline, tap into your accounting system, or even attend a Web conference. With support for system in-house applications, there are more ways than ever to expand what's possible with iPhone. Using the iPhone SDK, any business can easily create applications customized to its needs.

*Up to 2x faster compared with iPhone 3G.

Data Plans for iPhone¹

(U.S. Coverage Packages with Access to AT&T Wi-Fi Hot Spots*)

	Monthly Service	Domestic Data Access (Included)	Domestic Data Usage (Additional)
DataPlus ²	\$15 ³	200MB	\$15/200MB
DataPro ²	\$25	2GB	\$10/GB
DataPro with Tethering ²	\$45	2GB	\$10/GB
DataPro Enterprise ²	\$40	2GB	\$10/GB
DataPro Enterprise with Tethering ²	\$60	2GB	\$10/GB

Messaging Plans

UNLIMITED	\$20 per month
1500 Messages	\$15 per month, 5¢ per additional message
200 Messages	\$5 per month, 10¢ per additional message
Pay Per Use	20¢ per Text Message, 30¢ per Picture/Video Message

¹AT&T also imposes a monthly Regulatory Cost Recovery Charge of up to \$1.25 to help defray costs incurred in complying with State and Federal telecom regulations; State and Federal Universal Service Charges; and surcharges for customer-based and revenue-based state and local assessments on AT&T. These are not taxes or government required charges. There are no equipment discounts available with the purchase of an iPhone. Visual Voicemail can be password protected to help secure your voicemail messages, contacts and related content. All plans require a 2-year AT&T service agreement for Individual Responsibility Users or 2-year line term commitment for Corporate Responsibility Users. Credit approval required. Prices are billed monthly and are valid for use in the U.S. only. Messaging plans may be canceled at any time. Charges for international messages sent from the U.S. are 25¢ for Text Messages and 50¢ for Picture/Video Messages. Charges for usage while roaming internationally: 50¢ for each Text Message sent, and \$1.30 for each Picture/Video Message sent. Web Browsing \$2 /MB applies to new customers or customers who change voice plans or cancel data plans on or after 7/31/09, otherwise 1¢/KB. Additional charges for premium messages and content apply. Additional subscription and download charges may apply.

²If you exceed your initial data allowance, you will automatically be provided: (a) another 1G for DataPro and DataPro Enterprise (including Tethering Plans) and be charged an additional \$10 for each additional 1G provided or (b) another 200MB for DataPlus and be charged an additional \$15 for each additional 200MB provided. All data allowances, including overages, must be used in the billing period in which the allowance is provided or they will be forfeited. ³With respect to both Corporate Responsibility Users (CRUs) and Individual Responsibility Users (IRUs), the Service Discount described in your AT&T business agreement is NOT available on the Data Plan for iPhone \$15 plan. COVERAGE: For coverage information and maps, please see a sales representative or visit att.com/wirelesscoverage or att.com/wirelessbroadbandconnect. * Wi-Fi available at U.S. company-operated Starbucks locations equipped with a Hot Spot. Starbucks and the Starbucks logo are trademarks of Starbucks U.S. Brand, LLC.

- 256 MB Flash memory
- Dimensions: 4.29" L x 2.36" W x 0.56" D
- Weight: 4.3 oz
- Bluetooth® v2.1 capable
- microSD™ card memory slot expandable to 16-32 GB. Hot swappable.

* Requires AT&T Navigator service plan.

** Requires a data plan with tethering, which are not unlimited data plans, and charges are automatically incurred if the data limits are exceeded. Data from either the included or overage allotment will not be carried over to the next billing period. Other restrictions apply. See att.com/dataterms for details.

IMPORTANT INFORMATION: Limited time offer. Coverage not available in all areas. Some restrictions apply. See contract & rate plan brochure for details. Subscriber must live & have a mailing address within AT&T's owned wireless network coverage area. Up to \$36 activation fee applies. Equipment price & availability may vary by market & may not be available from independent retailers. Some features may require a minimum version of BlackBerry device software, BlackBerry Enterprise Server or BlackBerry Desktop Software. Early Termination Fee: None if cancelled in the first 30 days, but up to \$35 restocking fee may apply to returns; thereafter up to \$325. Some agents impose additional fees. Unlimited Voice Services: Unlimited voice services are provided primarily for live dialogue between two individuals. No additional discounts are available with unlimited plan. Offnet Usage: If your minutes of use (including unlimited services) on other carriers' networks ("offnet usage") during any two consecutive months or your data use during any month exceeds your offnet usage allowance, AT&T may at its option terminate your service, deny your continued use of other carriers' coverage, or change your plan to one imposing usage charges for offnet usage. Your offnet usage allowance is equal to the lesser of 750 minutes or 40% of the Anytime minutes included with your plan (data offnet usage allowance is the lesser of 24 MB or 20% of the KB included with your plan). Data Plan: An eligible data plan is required. International: Special credit & tenure restrictions & additional charges may apply. Calling to & from certain countries may be blocked & change without notice. See wireless.att.com/learn/international/ for updated countries, rates, charges & full terms & conditions. International Dialing: Airtime or roaming charges are in addition to long distance charges. International Roaming: Requires compatible device. Availability, quality of coverage & services while roaming are not guaranteed. Business Pooled Nation Plans

Team savings.

AT&T Business Pooled Nation plans give your business the flexibility to use all your wireless minutes in whatever way works best each month, for each wireless user. Anytime Minutes are added to a common pool each month, and plan members using the same GSM™ network simply share from that pool. Light users and heavy users will balance each other out. It is a smart way to control costs. And the normal service discount on your company's business agreement will apply to the pooled plans as well.*

Monthly Service Charge	Total Included Minutes	Additional Minutes	Night And Weekend Minutes	Mobile To Mobile Minutes	Nationwide Long Distance	Roaming	A-List™
\$44.99	450	\$0.25	UNLIMITED	UNLIMITED	INCLUDED	INCLUDED	INCLUDED
\$64.99	900	\$0.25					
\$84.99	1350	\$0.25					
\$104.99	2000	\$0.25					
\$154.99	4000	\$0.25					

When your entire pool of minutes has been retired, additional minutes inside the AT&T Business Pooled Nation plan National Service Area are \$0.25 each. Call-forwarded minutes are charged at the additional airtime per-minute rate of the rate plan. Night and Weekend Minutes and Mobile to Mobile Minutes cannot be pooled. See Explanation of Rates and Charges in this brochure for further details.

AT&T imposes the following charges: a Regulatory Cost Recovery Fee of up to \$1.25 to help defray its cost incurred in complying with obligations and charges imposed by State and Federal telecom regulations, a gross receipts surcharge, and State and Federal Universal Service Charges. These fees are not taxes or government-required charges. Taxes and other fees also apply.

Included features:

- Nationwide Long Distance
- Voicemail
- Call Forwarding
- Call Waiting
- 3-Way Calling
- Web browsing \$2/MB†
- Caller ID
- Detailed Billing
- AT&T 411 INFO (\$1.99 per call)
- Text/Instant Messages (\$0.20 per message)
- Picture/Video Messages (\$0.30 per message)

* Additional restrictions apply. Ask your sales representative for details.

† Applies to new customers or customers who change voice plans or cancel data plans on or after 7/31/09, otherwise 1¢/KB. For full details on Messaging & Data Plans, go to att.com/dataterms.

Business Pooled Nation Plans

Coverage Map

- AT&T Coverage Area**
 - Anytime, Mobile to Mobile and Night & Weekend Minutes apply
- No Service Area**

Your phone's display does not indicate the rate you will be charged. Please review your coverage map for areas included in and out of plan. Map depicts an approximation of outdoor coverage. Map may include areas served by unaffiliated carriers and may depict their licensed area rather than an approximation of the coverage there. Actual coverage area may differ substantially from map graphics, and coverage may be affected by such things as terrain, weather, foliage, buildings and other construction, signal strength, customer equipment and other factors. AT&T does not guarantee coverage. Charges will be based on the location of the site receiving and transmitting the call, not the location of the subscriber. Future coverage, if depicted above, is based on current planning assumptions but is subject to change and may not be relied upon.

Rethink Possible

IMPORTANT INFORMATION

Service is subject to the applicable agreement, coverage maps, corresponding plan, features and promotional brochures and, as applicable, the individual service agreement provided with service. See your AT&T account representative for complete details on the offers described in this brochure. **Credit approval required.** Subscriber must live and have a mailing address within AT&T's owned network coverage area. **Cancellations/Early Termination Fee:** You may cancel service **within 30 days** from the activation date to avoid any applicable early termination fee (the "ETF"). If your Service Commitment includes the purchase of certain specified equipment on or after June 1, 2010, the ETF will be \$325 minus \$10 for each full month of your Service Commitment that you complete. (For a complete list of the specified equipment, check www.att.com/equipmentETF). Otherwise, your ETF will be \$150 minus \$4 for each full month of your Service Commitment that you complete. The ETF is not a penalty, but rather a charge to compensate us for your failure to satisfy the Service Commitment on which your rate plan is based. You will be responsible for all applicable usage fees, prorated access charges, taxes, surcharges or other charges through the termination date. AT&T will refund your activation fee, if any, if service is terminated within 3 days of activation. **Minute Increment Billing and Usage:** Airtime and other measured usage are billed in full-minute increments, and actual airtime and usage are rounded up to the next full increment at the end of each call for billing purposes. AT&T charges a full-minute increment of usage for every fraction of the last minute used on each wireless call. Minutes will be depleted according to usage in the following order: Night and Weekend Minutes, Mobile to Mobile Minutes and Anytime Minutes. Calls placed on networks served by other carriers may take longer to be processed, and billing for these calls may be delayed. Those minutes will be applied against your Anytime monthly minutes in the month in which the calls appear on your bill. Unanswered outgoing calls of 30 seconds or longer incur airtime. You may obtain usage information by calling customer service or using one of our automated systems. **Unlimited Voice Services:** Unlimited voice services are provided primarily for live dialogue between two individuals. If your use of unlimited voice services for conference calling or call forwarding exceeds 750 minutes per month, AT&T may, at its option, terminate your service or change your plan to one with no unlimited usage components. Unlimited voice services may not be used for monitoring services, data transmissions, transmission of broadcasts, transmission of recorded material, or other connections which do not consist of uninterrupted live dialogue between two individuals. If AT&T finds that you are using an unlimited voice service offering for other than live dialogue, AT&T may, at its option, terminate your service or change your plan to one with no unlimited usage components. AT&T will provide notice that it intends to take any of the above actions, and you may terminate the agreement. **Offnet Usage:** If your voice or messaging service usage (including unlimited services) during any two consecutive months or data service usage (including unlimited services) during any month on other carrier networks ("off-net usage") exceeds your off-net usage allowance, AT&T may, at its option, terminate your service, deny your continued use of other carriers' coverage, or change your plan to one imposing usage charges for off-net usage. Your off-net usage allowance is equal to the lesser of 750 minutes or 40% of the Anytime Minutes, the lesser of 24 MB or 20% of the MB included with your plan or the lesser of 3000 messages or 50% of the messages included with your plan. AT&T will provide notice that it intends to take any of the above actions, and you may terminate the agreement. **A-List:** Offer available only to companies with a qualified business agreement and their Corporate Responsibility Users ("CRUs"). A-List is available only with qualified plans (Nation Plans \$59.99 a month or higher, Business Pooled Nation plans \$44.99 a month or higher, BusinessTalk plans at \$80 or higher, and select business-only plans). CRUs can place/receive calls to/from up to 10 wireline or wireless telephone numbers without being charged for airtime minutes. All qualifying lines on a group account share the same 10 A-List numbers. Only standard domestic wireline or wireless numbers may be added and A-List is only for domestic calls. Directory assistance, 900 numbers, customer's own wireless or voicemail access numbers, numbers for call routing services and call forwarding services from multiple phones, and machine-to-machine numbers are not eligible. Depending on the PBX system, a private telephone system often serving businesses, AT&T may not be able to determine if your selected PBX A-List number is calling/receiving calls from your wireless account and airtime charges may apply. Forwarded calls will be billed based on the originating number, not the call forwarding number, and airtime charges may apply. Only voice calling is eligible. A-List number selections may only be managed online via Premier Online Care. Selected telephone numbers may not become active until 72 hours after being added. AT&T reserves the right to block any A-List number and to reduce the amount of telephone numbers that can be used for A-List without notice. **Business Pooled Nation:** Available only to customers with a qualified wireless business or government agreement ("Business Agreement") and their respective Corporate Responsibility Users ("CRUs"). Customer's CRUs may activate service on the Business Pooled Nation Plans described in this brochure ("Pooled Plans"). Customer's CRUs on a Pooled Plan aggregate or "pool" their Anytime Minutes in a single account (a "Pool"). Every billing cycle, each CRU first uses his or her Anytime Minutes. If a CRU does not use all his or her Anytime Minutes it creates an underage in the amount of unused Anytime Minutes ("Under Minutes"). If a CRU uses more than his or her Anytime Minutes it creates an overage with respect to Anytime Minutes ("Over Minutes"). The Pool's Under Minutes and Over Minutes are then aggregated respectively and compared. If the aggregate Under Minutes exceeds the aggregate Over Minutes, then no CRU in the Pool pays Additional Minute charges. If the aggregate Over Minutes exceeds the aggregate Under Minutes, then the ratio of Under Minutes to Over Minutes is applied to the Anytime Minutes of each CRU in the Pool with Over Minutes, resulting in a monetary credit against the corresponding Additional Minute charges. For example, if a Pool has 900 Under Minutes and 1000 Over Minutes (90%), then each CRU with Over Minutes will receive a credit equal to 90% of his or her Additional Minute charges. CRUs changing price points or migrating to Pooled Plans during a bill cycle may result in one-time prorations or other minor impacts to the credit calculation. Customer may have more than one Pool; however an individual CRU can only be in one Pool at a time. AT&T reserves the right to limit the number of CRUs in a Pool due to business needs and system limitations. CRUs on Pooled Plans and end users on prior versions of AT&T's wireless pooled plans, including but not limited to Business National Pooled Plans and Business Local Pooled Plans, cannot be in the same Pool. End users on non-pooling wireless plans from AT&T may be included in the same account as CRUs on the Pooled Plans; however these non-pooling end users will not receive the pooling benefits or contribute Anytime Minutes to the Pool. Mobile-to-Mobile Minutes, Night & Weekend Minutes and/or any other promotional minutes are not included in a Pool. Consolidated invoicing required. Minutes will be depleted according to usage in the following order: Night and Weekend Minutes, Mobile to Mobile Minutes and Anytime Minutes. **Minute Increment Billing and Usage:** Airtime and other measured usage are billed in full-minute increments, and actual airtime and usage are rounded up to the next full increment at the end of each call for billing purposes. AT&T charges a full-minute increment of usage for every fraction of the last minute used on each wireless call. Calls placed on networks served by other carriers may take longer to be processed, and billing for these calls may be delayed. Those minutes will be applied against your Anytime monthly minutes in the month in which the calls appear on your bill. Unanswered calls of 30 seconds or longer incur airtime. **Pricing/Taxes/No Proration:** Final month's charges are not prorated. Prices are subject to change. Prices do not include taxes. **Activation Fees:** \$36 Activation Fee for each new line. AT&T does not guarantee availability of the network. **Nights and Weekends:** Nights are 9:00 p.m. to 6:00 a.m. Mon.-Fri.; weekends are 9:00 p.m. Fri. to 6:00 a.m. Mon. (based on time of day at switch providing your service). Included long distance calls can be made from the 50 United States, Puerto Rico and U.S. Virgin Islands to the 50 United States, Puerto Rico, U.S. Virgin Islands, Guam and Northern Mariana Islands. Roaming charges do not apply when roaming within the service area of land-based networks of the 50 United States, Puerto Rico and U.S. Virgin Islands (if you go to Guam and Northern Mariana Islands, you are roaming). International long distance rates vary. Additional charges apply to services used outside the U.S. and its territories. **Caller ID Blocking:** Your billing name may be displayed along with your wireless number on outbound calls to other wireless and landline phones with Caller ID capability. Contact customer service for information on blocking the display of your name and number. You may be charged for both an incoming and an outgoing call when incoming calls are routed to voicemail, even if no message is left. In the event that the conditions of the Plan as described above are violated, AT&T may move subscriber to another calling plan or terminate customer's service. Additional Terms and Conditions apply. See Wireless Service Agreement for additional conditions and restrictions. **Mobile to Mobile Minutes:** Mobile to Mobile Minutes may be used when directly dialing or receiving calls from any other AT&T wireless phone number from within your calling area. Calls to AT&T voicemail and return calls from voicemail not included. **Data Plans:** An eligible data plan is required for certain devices, including iPhones and other designated smartphones. Eligible data plans cover data usage in the U.S. and do not cover international data usage and charges. If it is determined that you are using an iPhone or other designated smartphone without an eligible data plan, AT&T reserves the right to add an eligible data plan to your account and bill you the appropriate monthly fee. **Terms Applicable to Features:** Certain features will not be available in all areas at all times. See applicable brochure or visit att.com/wireless for terms applicable to features including Voicemail, Text/Instant Messaging, Directory Assistance, Mobile to Mobile Calling and Media Net. Regular per-minute airtime rates and other charges apply for calls when included features are used. **Web browsing** \$2/MB applies to new customers or customers who change voice plans or cancel data plans on or after 7/31/09, otherwise \$.01/KB. For full details on Messaging & Data Plans, go to att.com/dataterms. **Apple iPhone:** Apple is a trademark of Apple Inc., registered in the U.S. and other countries. iPhone is a trademark of Apple Inc.

As a customer with a qualified business agreement, you can activate service today. Contact a sales representative or authorized dealer for details.

1. General. Pursuant to the terms and conditions of the Agreement and this Attachment, AT&T will provide iPhones and Service for iPhones (collectively, the "iPhone Solution") to Customer and its qualified Corporate Responsibility Users ("CRUs") and Individual Responsibility Users ("IRUs") (CRUs and IRUs are, at times, referred to together herein as "End Users"). Customer's IRUs with the iPhone Solution for Original iPhone (as defined below) cannot participate in AT&T's Split Liability Billing Program.

2. Contribution Toward Program Requirements and Commitments. Customer's End Users with the iPhone Solution and the Service Revenue generated by such End Users (a) will be included for purposes of determining whether Customer meets the program eligibility requirements set forth in the Agreement and (b) will contribute to Customer's MAC or monthly volume of Qualified Charges, as applicable.

3. Plans. The iPhone Solution requires subscription to qualified Voice Service and Wireless Data Service. Plan requirements depend on whether the End User has an iPhone that is compatible with (a) the AT&T GSM/GPRS/EDGE network only ("Original iPhone"), or (a) both the AT&T GSM/GPRS/EDGE network and the AT&T 3G (HSDPA/UMTS) network ("3G iPhone"). Certain legacy Voice Service Plans (including, without limitation, TDMA and analog Plans) are not available for use with iPhones.

3.1 Plan Requirements for Original iPhone.

3.1.1 CRUs. CRUs must have (a) an eligible Voice Service Plan with a minimum Monthly Service Charge of \$39.99 (or an AT&T FamilyTalk Add-a-Line Plan, a Shared Business Solutions Add-a-Line Plan, or other business-only Voice Service Plan for which they qualify), and (b) an Original iPhone-eligible Enterprise Data Plan for iPhone.

3.1.2 IRUs. IRUs must have (a) an eligible Voice Service Plan with a minimum Monthly Service Charge of \$39.99 (or an AT&T FamilyTalk Add-a-Line Plan), and (b) an Original iPhone-eligible Data Plan for iPhone.

3.2 Plan Requirements for 3G iPhone. End Users must have (a) an eligible Voice Service Plan with a minimum Monthly Service Charge of \$39.99 (or an AT&T FamilyTalk Add-a-Line Plan, a Shared Business Solutions Add-a-Line Plan, or other business-only Voice Service Plan for which they qualify), and (b) a 3G iPhone-eligible Wireless Data Service Plan. Use of 3G iPhone to access corporate email, company intranet sites, and/or other business applications requires a 3G iPhone-eligible Enterprise Data Plan for iPhone, a 3G iPhone-eligible International Business Data Global Plan, or such other Wireless Data Service Plan as AT&T may, from time to time, designate for such use.

4. Additional iPhone Terms and Conditions. The iPhone Solution utilizes third party software and, accordingly, is subject to certain additional iPhone Terms and Conditions (including Apple and other third party terms and conditions). With respect to Customer's CRUs with the iPhone Solution, Customer acknowledges and agrees to such iPhone Terms and Conditions found in the iPhone box and at <http://www.apple.com/legal/sla/docs/iphone.pdf>, as may be modified from time to time.

5. CRU Terms. To the extent the Agreement requires each of Customer's CRUs to have a two, one or zero-year CRU Term, Customer is hereby advised that the iPhone Solution is available only with a two-year CRU Term.

6. Discounts.

6.1 Service Discount.

6.1.1 Original iPhone.

6.1.1.1 CRUs. Except as otherwise provided in the Agreement regarding Voice Service Plans that do not qualify for the Service Discount, AT&T will provide the Service Discount and any applicable CRU-related credit or waived fee described in the Agreement with respect to CRUs activated on the Plans referenced in §3.1.1 above.

6.1.1.2 IRUs. Notwithstanding anything to the contrary in the Agreement, AT&T will not provide the Service Discount, or any credit or waived fee described in the Agreement, to IRUs activated on the Plans referenced in §3.1.2 above.

6.1.2 3G iPhone. Except as otherwise provided in the Agreement regarding Voice Service Plans that do not qualify for the Service Discount, AT&T will provide the Service Discount and any applicable credit or waived fee described in the Agreement with respect to End Users activated on the Plans referenced in §3.2 above.

6.2 Equipment Discount. Notwithstanding anything to the contrary in the Agreement, Customer and its End Users will not receive the Equipment Discount, or any other discount or promotion described in the Agreement, on iPhones or Apple-branded accessories.

7. Restrictions. The iPhone Solution is not compatible with any Wireless Data Service Plans not referenced in §3 above and may not be compatible with certain additional features (e.g., OfficeReach™ and Unified Messaging), which will be disabled or removed at time of iPhone activation. The iPhone Solution includes Visual Voicemail, which requires End Users to establish a new voice mail box. All current voice mail messages will be erased at the time of iPhone activation, so End Users are advised to listen to any existing voicemails before completing the activation process.

8. Policies and Processes. Customer and its End Users must follow the policies and processes established by AT&T to purchase or upgrade iPhones and to activate, migrate, terminate or otherwise modify the iPhone Solution, as such policies and processes may be modified from time to time. Such policies and processes may include, without limitation, (a) purchasing and activating iPhones only in AT&T retail locations and through Premier, and (b) completing the activation through iTunes. iPhone returns are subject to a 10% re-stocking fee.

Business Nation Flat Rate Plan

Nationwide reach plus the simplicity of a single flat per-minute rate.

AT&T Business Nation Flat Rate lets you pay by the minute with a flat per-minute rate on calls made or received anywhere on AT&T's wireless network. And, you can take advantage of our national network with no roaming charges.

BUSINESS NATION FLAT RATE PLAN	
Monthly Service Charge ¹	\$12.99
Airtime Rate ²	\$0.15/minute

1 AT&T also imposes: a Regulatory Cost Recovery Fee of up to \$1.25 to help defray costs incurred in complying with obligations and charges imposed by State and Federal telecom regulations; State and Federal Universal Service charges; and surcharges for government assessments on AT&T. These fees are not taxes or government-required charges.

2 Available for use in your applicable Service Area. No roaming or long distance charges nationwide.

Features included with every plan:

- Voicemail
- Call Forwarding
- 3-Way Calling
- Caller ID
- Call Waiting

All these features included automatically or available upon request. Usage charges may apply.

Features available for purchase:

- Push to Talk \$5/month
- Text/Instant Messaging \$0.20/message
- Multimedia Messaging \$0.30/message

Usage charges may apply.

- AT&T Coverage Area**
 - Anytime, Mobile to Mobile and Night & Weekend Minutes apply
- No Service Area**

AT&T GSM handset required.

Your phone's display does not indicate the rate you will be charged. Please review your coverage map for areas included in and out of plan. Map depicts an approximation of outdoor coverage. Map may include areas served by unaffiliated carriers and may depict their licensed area rather than an approximation of the coverage there. Actual coverage area may differ substantially from map graphics, and coverage may be affected by such things as terrain, weather, foliage, buildings and other construction, signal strength, customer equipment and other factors. AT&T does not guarantee coverage. Charges will be based on the location of the site receiving and transmitting the call, not the location of the subscriber. Future Coverage, if depicted above, is based on current planning assumptions but is subject to change and may not be relied upon.

EXPLANATION OF RATES & CHARGES:

Available only to business customers with a qualified wireless business agreement from AT&T ("Business Agreement") and their respective Corporate Responsibility Users ("CRUs"). Not available to Individual Responsibility Users. Not available for purchase in all areas, and not available for purchase outside the United States. Business Nation Flat Rate Plans are only available to CRUs whose principal residence or principal business office is within an AT&T-owned network coverage area that has been fully integrated and has the system capacity to support Business Nation Flat Rate Plans. Please see your AT&T representative for address verification, eligibility, and further details. **Cancellation Fees:** None if cancelled in the first 30 days, but up to \$35 restocking fee may apply to equipment returns. Thereafter, an early cancellation fee of \$175 applies if service is terminated before the end of the applicable 1 or 2 year CRU Term and will be reduced by \$5 for each full month toward the term that is completed. All other charges apply. Some dealers impose additional fees. **Minute Increment Billing and Usage:** Airtime and other measured usage are billed in full-minute increments, and actual airtime and usage are rounded up to the next full increment at the end of each call for billing purposes. AT&T charges a full-minute increment of usage for every fraction of the last minute used on each wireless call. Calls placed on networks served by other carriers may take longer to be processed, and billing for these calls may be delayed. Unanswered outgoing calls of 30 seconds or longer incur airtime. You may obtain usage information by calling customer service or using one of our automated systems. **Pricing/Taxes/No Proration:** Final month's charges are not prorated. Prices are subject to change. Prices do not include taxes. **Activation Fees:** \$36 Activation Fee may apply for each new line. Included long distance calls can be made from the 50 United States, Puerto Rico, and U.S. Virgin Islands to the 50 United States, Puerto Rico, U.S. Virgin Islands, Guam, and Northern Mariana Islands. Roaming charges do not apply when roaming within the service area of land-based networks of the 50 United States, Puerto Rico, and U.S. Virgin Islands. International long distance rates vary. Additional charges apply to services used outside the land borders of the U.S., Puerto Rico, and U.S. Virgin Islands. **Unlimited Voice Services:** Unlimited voice services are provided primarily for live dialogue between two individuals. If your use of unlimited voice services for conference calling or call forwarding exceeds 750 minutes per month, AT&T may, at its option, terminate your service or change your plan to one with no unlimited usage components. Unlimited voice services may not be used for monitoring services, data transmissions, transmission of broadcasts, transmission of recorded material, or other connections which do not consist of uninterrupted live dialogue between two individuals. If AT&T finds that you are using an unlimited voice service offering for other than live dialogue, AT&T may, at its option, terminate your service or change your plan to one with no unlimited usage components. AT&T will provide notice that it intends to take any of the above actions, and you may terminate the agreement. **Offnet Usage:** If your voice or messaging service usage (including unlimited services) during any two consecutive months or data service usage (including unlimited services) during any month on other carrier networks ("offnet usage") exceeds your offnet usage allowance, AT&T may, at its option, terminate your service, deny your continued use of other carriers' coverage, or change your plan to one imposing usage charges for offnet usage. Your offnet usage allowance is equal to the lesser of 750 minutes or 40% of the Anytime Minutes, the lesser of 24 MB or 20% of the MB included with your plan, or the lesser of 3000 messages or 50% of the messages included with your plan. AT&T will provide notice that it intends to take any of the above actions, and you may terminate the agreement. **Caller ID Blocking:** Your billing name may be displayed along with your wireless number on outbound calls to other wireless and landline phones with Caller ID capability. Contact customer service for information on blocking the display of your name and number. **Basic & Enhanced Voicemail:** Unless you subscribe to an Unlimited Voice Plan or are an upstate New York customer subscribing to enhanced voicemail, airtime charges apply to calls to your voicemail service, including calls where the caller does not leave a message because the call has been completed, calls to listen to, send, reply to, or forward messages, or to perform other activities with your voicemail service, including calls forwarded from other phones to your voicemail service. You are solely responsible for establishing and maintaining security passwords to protect against unauthorized use of your voicemail service. AT&T reserves the right to change the number of voicemails you can store, the length you can store those messages, and other voicemail features. AT&T may deactivate your voicemail service if you do not initialize it within a reasonable period after activation. AT&T will reactivate the service upon your request. See att.com/global for information about using voicemail internationally. **Push to Talk:** AT&T Push to Talk handset required. Your phone's display does not indicate the rate you will be charged. Please review your coverage map for areas included in and out of plan. Map depicts an approximation of outdoor coverage. Map may include areas served by unaffiliated carriers and may depict their licensed area rather than an approximation of the coverage there. Actual coverage area may differ substantially from map graphics, and coverage may be affected by such things as terrain, weather, foliage, buildings and other construction, signal strength, customer equipment and other factors. AT&T does not guarantee coverage. Charges will be based on the location of the site receiving and transmitting the call, not the location of the subscriber. Future coverage, if depicted above, is based on current planning assumptions but is subject to change and may not be relied upon. Push to Talk-capable phone is required. In addition to unlimited Push to Talk rate plans, usage-sensitive Push to Talk plans are available. Usage-sensitive Push to Talk plans are billed in full-minute increments. AT&T charges a full minute for every fraction of the last minute used. Chargeable time may include approximately thirty seconds of additional usage after the last person in a Push to Talk conversation has released the talk button. Push to Talk usage is incurred for unanswered calls if you are active on the Push to Talk system. You may remain logged into the Push to Talk system if you roam out of coverage area. Push to Talk service is available only between AT&T Push to Talk subscribers. Messages left for Push to Talk subscribers who do not have an active voicemail account are discarded without notice. Other conditions and restrictions apply. See contract and rate plan brochure for details. **Messaging Plans:** Quick messaging device owners must subscribe to an eligible messaging plan or combination of eligible messaging and data plans. If it is determined that you are using a Quick Messaging Device without an eligible messaging plan or combination of eligible messaging and data plans, AT&T reserves the right to add an eligible messaging or data plan to your account and bill you the appropriate monthly fee. **Data Plans:** An eligible data plan is required for certain devices, including iPhones and other designated smartphones. Eligible data plans cover data usage in the U.S. and do not cover international data usage and charges. If it is determined that you are using an iPhone or other designated smartphone without an eligible data plan, AT&T reserves the right to add an eligible data plan to your account and bill you the appropriate monthly fee. **Apple iPhone:** Apple is a trademark of Apple Inc., registered in the U.S. and other countries. iPhone is a trademark of Apple Inc.

As a customer with a qualified business agreement, you can activate service today. Contact your AT&T representative or authorized dealer for details or call **866-9ATT-B2B (866-928-8222)**.

Business Pooled Nation Plans

Team savings.

AT&T Business Pooled Nation plans give your business the flexibility to use all your wireless minutes in whatever way works best each month, for each wireless user. Anytime Minutes are added to a common pool each month, and plan members using the same GSM™ network simply share from that pool. Light users and heavy users will balance each other out. It is a smart way to control costs. And the normal service discount on your company's business agreement will apply to the pooled plans as well.*

Monthly Service Charge	Total Included Minutes	Additional Minutes	Night And Weekend Minutes	Mobile To Mobile Minutes	Nationwide Long Distance	Roaming	A-List™
\$44.99	450	\$0.25	UNLIMITED	UNLIMITED	INCLUDED	INCLUDED	INCLUDED
\$64.99	900	\$0.25					
\$84.99	1350	\$0.25					
\$104.99	2000	\$0.25					
\$154.99	4000	\$0.25					

When your entire pool of minutes has been retired, additional minutes inside the AT&T Business Pooled Nation plan National Service Area are \$0.25 each. Call-forwarded minutes are charged at the additional airtime per-minute rate of the rate plan. Night and Weekend Minutes and Mobile to Mobile Minutes cannot be pooled. See Explanation of Rates and Charges in this brochure for further details.

AT&T imposes the following charges: a Regulatory Cost Recovery Fee of up to \$1.25 to help defray its cost incurred in complying with obligations and charges imposed by State and Federal telecom regulations, a gross receipts surcharge, and State and Federal Universal Service Charges. These fees are not taxes or government-required charges. Taxes and other fees also apply.

Included features:

- Nationwide Long Distance
- Voicemail
- Call Forwarding
- Call Waiting
- 3-Way Calling
- Web browsing \$2/MB†
- Caller ID
- Detailed Billing
- AT&T 411 INFO (\$1.99 per call)
- Text/Instant Messages (\$0.20 per message)
- Picture/Video Messages (\$0.30 per message)

* Additional restrictions apply. Ask your sales representative for details.

† Applies to new customers or customers who change voice plans or cancel data plans on or after 7/31/09, otherwise 1¢/KB. For full details on Messaging & Data Plans, go to att.com/dataterms.

Rethink Possible

IMPORTANT INFORMATION

Service is subject to the applicable agreement, coverage maps, corresponding plan, features and promotional brochures and, as applicable, the individual service agreement provided with service. See your AT&T account representative for complete details on the offers described in this brochure. **Credit approval required.** Subscriber must live and have a mailing address within AT&T's owned network coverage area. **Cancellations/Early Termination Fee:** You may cancel service **within 30 days** from the activation date to avoid any applicable early termination fee (the "ETF"). If your Service Commitment includes the purchase of certain specified equipment on or after June 1, 2010, the ETF will be \$325 minus \$10 for each full month of your Service Commitment that you complete. (For a complete list of the specified equipment, check www.att.com/equipmentETF). Otherwise, your ETF will be \$150 minus \$4 for each full month of your Service Commitment that you complete. The ETF is not a penalty, but rather a charge to compensate us for your failure to satisfy the Service Commitment on which your rate plan is based. You will be responsible for all applicable usage fees, prorated access charges, taxes, surcharges or other charges through the termination date. AT&T will refund your activation fee, if any, if service is terminated within 3 days of activation. **Minute Increment Billing and Usage:** Airtime and other measured usage are billed in full-minute increments, and actual airtime and usage are rounded up to the next full increment at the end of each call for billing purposes. AT&T charges a full-minute increment of usage for every fraction of the last minute used on each wireless call. Minutes will be depleted according to usage in the following order: Night and Weekend Minutes, Mobile to Mobile Minutes and Anytime Minutes. Calls placed on networks served by other carriers may take longer to be processed, and billing for these calls may be delayed. Those minutes will be applied against your Anytime monthly minutes in the month in which the calls appear on your bill. Unanswered outgoing calls of 30 seconds or longer incur airtime. You may obtain usage information by calling customer service or using one of our automated systems. **Unlimited Voice Services:** Unlimited voice services are provided primarily for live dialogue between two individuals. If your use of unlimited voice services for conference calling or call forwarding exceeds 750 minutes per month, AT&T may, at its option, terminate your service or change your plan to one with no unlimited usage components. Unlimited voice services may not be used for monitoring services, data transmissions, transmission of broadcasts, transmission of recorded material, or other connections which do not consist of uninterrupted live dialogue between two individuals. If AT&T finds that you are using an unlimited voice service offering for other than live dialogue, AT&T may, at its option, terminate your service or change your plan to one with no unlimited usage components. AT&T will provide notice that it intends to take any of the above actions, and you may terminate the agreement. **Offnet Usage:** If your voice or messaging service usage (including unlimited services) during any two consecutive months or data service usage (including unlimited services) during any month on other carrier networks ("off-net usage") exceeds your off-net usage allowance, AT&T may, at its option, terminate your service, deny your continued use of other carriers' coverage, or change your plan to one imposing usage charges for off-net usage. Your off-net usage allowance is equal to the lesser of 750 minutes or 40% of the Anytime Minutes, the lesser of 24 MB or 20% of the MB included with your plan or the lesser of 3000 messages or 50% of the messages included with your plan. AT&T will provide notice that it intends to take any of the above actions, and you may terminate the agreement. **A-List:** Offer available only to companies with a qualified business agreement and their Corporate Responsibility Users ("CRUs"). A-List is available only with qualified plans (Nation Plans \$59.99 a month or higher, Business Pooled Nation plans \$44.99 a month or higher, BusinessTalk plans at \$80 or higher, and select business-only plans). CRUs can place/receive calls to/from up to 10 wireline or wireless telephone numbers without being charged for airtime minutes. All qualifying lines on a group account share the same 10 A-List numbers. Only standard domestic wireline or wireless numbers may be added and A-List is only for domestic calls. Directory assistance, 900 numbers, customer's own wireless or voicemail access numbers, numbers for call routing services and call forwarding services from multiple phones, and machine-to-machine numbers are not eligible. Depending on the PBX system, a private telephone system often serving businesses, AT&T may not be able to determine if your selected PBX A-List number is calling/receiving calls from your wireless account and airtime charges may apply. Forwarded calls will be billed based on the originating number, not the call forwarding number, and airtime charges may apply. Only voice calling is eligible. A-List number selections may only be managed online via Premier Online Care. Selected telephone numbers may not become active until 72 hours after being added. AT&T reserves the right to block any A-List number and to reduce the amount of telephone numbers that can be used for A-List without notice. **Business Pooled Nation:** Available only to customers with a qualified wireless business or government agreement ("Business Agreement") and their respective Corporate Responsibility Users ("CRUs"). Customer's CRUs may activate service on the Business Pooled Nation Plans described in this brochure ("Pooled Plans"). Customer's CRUs on a Pooled Plan aggregate or "pool" their Anytime Minutes in a single account (a "Pool"). Every billing cycle, each CRU first uses his or her Anytime Minutes. If a CRU does not use all his or her Anytime Minutes it creates an underage in the amount of unused Anytime Minutes ("Under Minutes"). If a CRU uses more than his or her Anytime Minutes it creates an overage with respect to Anytime Minutes ("Over Minutes"). The Pool's Under Minutes and Over Minutes are then aggregated respectively and compared. If the aggregate Under Minutes exceeds the aggregate Over Minutes, then no CRU in the Pool pays Additional Minute charges. If the aggregate Over Minutes exceeds the aggregate Under Minutes, then the ratio of Under Minutes to Over Minutes is applied to the Anytime Minutes of each CRU in the Pool with Over Minutes, resulting in a monetary credit against the corresponding Additional Minute charges. For example, if a Pool has 900 Under Minutes and 1000 Over Minutes (90%), then each CRU with Over Minutes will receive a credit equal to 90% of his or her Additional Minute charges. CRUs changing price points or migrating to Pooled Plans during a bill cycle may result in one-time prorations or other minor impacts to the credit calculation. Customer may have more than one Pool; however an individual CRU can only be in one Pool at a time. AT&T reserves the right to limit the number of CRUs in a Pool due to business needs and system limitations. CRUs on Pooled Plans and end users on prior versions of AT&T's wireless pooled plans, including but not limited to Business National Pooled Plans and Business Local Pooled Plans, cannot be in the same Pool. End users on non-pooling wireless plans from AT&T may be included in the same account as CRUs on the Pooled Plans; however these non-pooling end users will not receive the pooling benefits or contribute Anytime Minutes to the Pool. Mobile-to-Mobile Minutes, Night & Weekend Minutes and/or any other promotional minutes are not included in a Pool. Consolidated invoicing required. Minutes will be depleted according to usage in the following order: Night and Weekend Minutes, Mobile to Mobile Minutes and Anytime Minutes. **Minute Increment Billing and Usage:** Airtime and other measured usage are billed in full-minute increments, and actual airtime and usage are rounded up to the next full increment at the end of each call for billing purposes. AT&T charges a full-minute increment of usage for every fraction of the last minute used on each wireless call. Calls placed on networks served by other carriers may take longer to be processed, and billing for these calls may be delayed. Those minutes will be applied against your Anytime monthly minutes in the month in which the calls appear on your bill. Unanswered calls of 30 seconds or longer incur airtime. **Pricing/Taxes/No Proration:** Final month's charges are not prorated. Prices are subject to change. Prices do not include taxes. **Activation Fees:** \$36 Activation Fee for each new line. AT&T does not guarantee availability of the network. **Nights and Weekends:** Nights are 9:00 p.m. to 6:00 a.m. Mon.-Fri.; weekends are 9:00 p.m. Fri. to 6:00 a.m. Mon. (based on time of day at switch providing your service). Included long distance calls can be made from the 50 United States, Puerto Rico and U.S. Virgin Islands to the 50 United States, Puerto Rico, U.S. Virgin Islands, Guam and Northern Mariana Islands. Roaming charges do not apply when roaming within the service area of land-based networks of the 50 United States, Puerto Rico and U.S. Virgin Islands (if you go to Guam and Northern Mariana Islands, you are roaming). International long distance rates vary. Additional charges apply to services used outside the U.S. and its territories. **Caller ID Blocking:** Your billing name may be displayed along with your wireless number on outbound calls to other wireless and landline phones with Caller ID capability. Contact customer service for information on blocking the display of your name and number. You may be charged for both an incoming and an outgoing call when incoming calls are routed to voicemail, even if no message is left. In the event that the conditions of the Plan as described above are violated, AT&T may move subscriber to another calling plan or terminate customer's service. Additional Terms and Conditions apply. See Wireless Service Agreement for additional conditions and restrictions. **Mobile to Mobile Minutes:** Mobile to Mobile Minutes may be used when directly dialing or receiving calls from any other AT&T wireless phone number from within your calling area. Calls to AT&T voicemail and return calls from voicemail not included. **Data Plans:** An eligible data plan is required for certain devices, including iPhones and other designated smartphones. Eligible data plans cover data usage in the U.S. and do not cover international data usage and charges. If it is determined that you are using an iPhone or other designated smartphone without an eligible data plan, AT&T reserves the right to add an eligible data plan to your account and bill you the appropriate monthly fee. **Terms Applicable to Features:** Certain features will not be available in all areas at all times. See applicable brochure or visit att.com/wireless for terms applicable to features including Voicemail, Text/Instant Messaging, Directory Assistance, Mobile to Mobile Calling and Media Net. Regular per-minute airtime rates and other charges apply for calls when included features are used. **Web browsing** \$2/MB applies to new customers or customers who change voice plans or cancel data plans on or after 7/31/09, otherwise \$.01/KB. For full details on Messaging & Data Plans, go to att.com/dataterms. **Apple iPhone:** Apple is a trademark of Apple Inc., registered in the U.S. and other countries. iPhone is a trademark of Apple Inc.

As a customer with a qualified business agreement, you can activate service today. Contact a sales representative or authorized dealer for details.

1. General. Pursuant to the terms and conditions of the Agreement and this Attachment, AT&T will provide iPhones and Service for iPhones (collectively, the "iPhone Solution") to Customer and its qualified Corporate Responsibility Users ("CRUs") and Individual Responsibility Users ("IRUs") (CRUs and IRUs are, at times, referred to together herein as "End Users"). Customer's IRUs with the iPhone Solution for Original iPhone (as defined below) cannot participate in AT&T's Split Liability Billing Program.

2. Contribution Toward Program Requirements and Commitments. Customer's End Users with the iPhone Solution and the Service Revenue generated by such End Users (a) will be included for purposes of determining whether Customer meets the program eligibility requirements set forth in the Agreement and (b) will contribute to Customer's MAC or monthly volume of Qualified Charges, as applicable.

3. Plans. The iPhone Solution requires subscription to qualified Voice Service and Wireless Data Service. Plan requirements depend on whether the End User has an iPhone that is compatible with (a) the AT&T GSM/GPRS/EDGE network only ("Original iPhone"), or (a) both the AT&T GSM/GPRS/EDGE network and the AT&T 3G (HSDPA/UMTS) network ("3G iPhone"). Certain legacy Voice Service Plans (including, without limitation, TDMA and analog Plans) are not available for use with iPhones.

3.1 Plan Requirements for Original iPhone.

3.1.1 CRUs. CRUs must have (a) an eligible Voice Service Plan with a minimum Monthly Service Charge of \$39.99 (or an AT&T FamilyTalk Add-a-Line Plan, a Shared Business Solutions Add-a-Line Plan, or other business-only Voice Service Plan for which they qualify), and (b) an Original iPhone-eligible Enterprise Data Plan for iPhone.

3.1.2 IRUs. IRUs must have (a) an eligible Voice Service Plan with a minimum Monthly Service Charge of \$39.99 (or an AT&T FamilyTalk Add-a-Line Plan), and (b) an Original iPhone-eligible Data Plan for iPhone.

3.2 Plan Requirements for 3G iPhone. End Users must have (a) an eligible Voice Service Plan with a minimum Monthly Service Charge of \$39.99 (or an AT&T FamilyTalk Add-a-Line Plan, a Shared Business Solutions Add-a-Line Plan, or other business-only Voice Service Plan for which they qualify), and (b) a 3G iPhone-eligible Wireless Data Service Plan. Use of 3G iPhone to access corporate email, company intranet sites, and/or other business applications requires a 3G iPhone-eligible Enterprise Data Plan for iPhone, a 3G iPhone-eligible International Business Data Global Plan, or such other Wireless Data Service Plan as AT&T may, from time to time, designate for such use.

4. Additional iPhone Terms and Conditions. The iPhone Solution utilizes third party software and, accordingly, is subject to certain additional iPhone Terms and Conditions (including Apple and other third party terms and conditions). With respect to Customer's CRUs with the iPhone Solution, Customer acknowledges and agrees to such iPhone Terms and Conditions found in the iPhone box and at <http://www.apple.com/legal/sla/docs/iphone.pdf>, as may be modified from time to time.

5. CRU Terms. To the extent the Agreement requires each of Customer's CRUs to have a two, one or zero-year CRU Term, Customer is hereby advised that the iPhone Solution is available only with a two-year CRU Term.

6. Discounts.

6.1 Service Discount.

6.1.1 Original iPhone.

6.1.1.1 CRUs. Except as otherwise provided in the Agreement regarding Voice Service Plans that do not qualify for the Service Discount, AT&T will provide the Service Discount and any applicable CRU-related credit or waived fee described in the Agreement with respect to CRUs activated on the Plans referenced in §3.1.1 above.

6.1.1.2 IRUs. Notwithstanding anything to the contrary in the Agreement, AT&T will not provide the Service Discount, or any credit or waived fee described in the Agreement, to IRUs activated on the Plans referenced in §3.1.2 above.

6.1.2 3G iPhone. Except as otherwise provided in the Agreement regarding Voice Service Plans that do not qualify for the Service Discount, AT&T will provide the Service Discount and any applicable credit or waived fee described in the Agreement with respect to End Users activated on the Plans referenced in §3.2 above.

6.2 Equipment Discount. Notwithstanding anything to the contrary in the Agreement, Customer and its End Users will not receive the Equipment Discount, or any other discount or promotion described in the Agreement, on iPhones or Apple-branded accessories.

7. Restrictions. The iPhone Solution is not compatible with any Wireless Data Service Plans not referenced in §3 above and may not be compatible with certain additional features (e.g., OfficeReach™ and Unified Messaging), which will be disabled or removed at time of iPhone activation. The iPhone Solution includes Visual Voicemail, which requires End Users to establish a new voice mail box. All current voice mail messages will be erased at the time of iPhone activation, so End Users are advised to listen to any existing voicemails before completing the activation process.

8. Policies and Processes. Customer and its End Users must follow the policies and processes established by AT&T to purchase or upgrade iPhones and to activate, migrate, terminate or otherwise modify the iPhone Solution, as such policies and processes may be modified from time to time. Such policies and processes may include, without limitation, (a) purchasing and activating iPhones only in AT&T retail locations and through Premier, and (b) completing the activation through iTunes. iPhone returns are subject to a 10% re-stocking fee.

Business Nation Flat Rate Plan

Nationwide reach plus the simplicity of a single flat per-minute rate.

AT&T Business Nation Flat Rate lets you pay by the minute with a flat per-minute rate on calls made or received anywhere on AT&T's wireless network. And, you can take advantage of our national network with no roaming charges.

BUSINESS NATION FLAT RATE PLAN	
Monthly Service Charge ¹	\$12.99
Airtime Rate ²	\$0.15/minute

1 AT&T also imposes: a Regulatory Cost Recovery Fee of up to \$1.25 to help defray costs incurred in complying with obligations and charges imposed by State and Federal telecom regulations; State and Federal Universal Service charges; and surcharges for government assessments on AT&T. These fees are not taxes or government-required charges.

2 Available for use in your applicable Service Area. No roaming or long distance charges nationwide.

Features included with every plan:

- Voicemail
- Call Forwarding
- 3-Way Calling
- Caller ID
- Call Waiting

All these features included automatically or available upon request. Usage charges may apply.

Features available for purchase:

- Push to Talk \$5/month
- Text/Instant Messaging \$0.20/message
- Multimedia Messaging \$0.30/message

Usage charges may apply.

AT&T Coverage Area

- Anytime, Mobile to Mobile and Night & Weekend Minutes apply

No Service Area

AT&T GSM handset required.

Your phone's display does not indicate the rate you will be charged. Please review your coverage map for areas included in and out of plan. Map depicts an approximation of outdoor coverage. Map may include areas served by unaffiliated carriers and may depict their licensed area rather than an approximation of the coverage there. Actual coverage area may differ substantially from map graphics, and coverage may be affected by such things as terrain, weather, foliage, buildings and other construction, signal strength, customer equipment and other factors. AT&T does not guarantee coverage. Charges will be based on the location of the site receiving and transmitting the call, not the location of the subscriber. Future Coverage, if depicted above, is based on current planning assumptions but is subject to change and may not be relied upon.

EXPLANATION OF RATES & CHARGES:

Available only to business customers with a qualified wireless business agreement from AT&T ("Business Agreement") and their respective Corporate Responsibility Users ("CRUs"). Not available to Individual Responsibility Users. Not available for purchase in all areas, and not available for purchase outside the United States. Business Nation Flat Rate Plans are only available to CRUs whose principal residence or principal business office is within an A&T-owned network coverage area that has been fully integrated and has the system capacity to support Business Nation Flat Rate Plans. Please see your AT&T representative for address verification, eligibility, and further details. **Cancellation Fees:** None if cancelled in the first 30 days, but up to \$35 restocking fee may apply to equipment returns. Thereafter, an early cancellation fee of \$175 applies if service is terminated before the end of the applicable 1 or 2 year CRU Term and will be reduced by \$5 for each full month toward the term that is completed. All other charges apply. Some dealers impose additional fees. **Minute Increment Billing and Usage:** Airtime and other measured usage are billed in full-minute increments, and actual airtime and usage are rounded up to the next full increment at the end of each call for billing purposes. AT&T charges a full-minute increment of usage for every fraction of the last minute used on each wireless call. Calls placed on networks served by other carriers may take longer to be processed, and billing for these calls may be delayed. Unanswered outgoing calls of 30 seconds or longer incur airtime. You may obtain usage information by calling customer service or using one of our automated systems. **Pricing/Taxes/No Proration:** Final month's charges are not prorated. Prices are subject to change. Prices do not include taxes. **Activation Fees:** \$36 Activation Fee may apply for each new line. Included long distance calls can be made from the 50 United States, Puerto Rico, and U.S. Virgin Islands to the 50 United States, Puerto Rico, U.S. Virgin Islands, Guam, and Northern Mariana Islands. Roaming charges do not apply when roaming within the service area of land-based networks of the 50 United States, Puerto Rico, and U.S. Virgin Islands. International long distance rates vary. Additional charges apply to services used outside the land borders of the U.S., Puerto Rico, and U.S. Virgin Islands. **Unlimited Voice Services:** Unlimited voice services are provided primarily for live dialogue between two individuals. If your use of unlimited voice services for conference calling or call forwarding exceeds 750 minutes per month, AT&T may, at its option, terminate your service or change your plan to one with no unlimited usage components. Unlimited voice services may not be used for monitoring services, data transmissions, transmission of broadcasts, transmission of recorded material, or other connections which do not consist of uninterrupted live dialogue between two individuals. If AT&T finds that you are using an unlimited voice service offering for other than live dialogue, AT&T may, at its option, terminate your service or change your plan to one with no unlimited usage components. AT&T will provide notice that it intends to take any of the above actions, and you may terminate the agreement. **Offnet Usage:** If your voice or messaging service usage (including unlimited services) during any two consecutive months or data service usage (including unlimited services) during any month on other carrier networks ("offnet usage") exceeds your offnet usage allowance, AT&T may, at its option, terminate your service, deny your continued use of other carriers' coverage, or change your plan to one imposing usage charges for offnet usage. Your offnet usage allowance is equal to the lesser of 750 minutes or 40% of the Anytime Minutes, the lesser of 24 MB or 20% of the MB included with your plan, or the lesser of 3000 messages or 50% of the messages included with your plan. AT&T will provide notice that it intends to take any of the above actions, and you may terminate the agreement. **Caller ID Blocking:** Your billing name may be displayed along with your wireless number on outbound calls to other wireless and landline phones with Caller ID capability. Contact customer service for information on blocking the display of your name and number. **Basic & Enhanced Voicemail:** Unless you subscribe to an Unlimited Voice Plan or are an upstate New York customer subscribing to enhanced voicemail, airtime charges apply to calls to your voicemail service, including calls where the caller does not leave a message because the call has been completed, calls to listen to, send, reply to, or forward messages, or to perform other activities with your voicemail service, including calls forwarded from other phones to your voicemail service. You are solely responsible for establishing and maintaining security passwords to protect against unauthorized use of your voicemail service. AT&T reserves the right to change the number of voicemails you can store, the length you can store those messages, and other voicemail features. AT&T may deactivate your voicemail service if you do not initialize it within a reasonable period after activation. AT&T will reactivate the service upon your request. See att.com/global for information about using voicemail internationally. **Push to Talk:** AT&T Push to Talk handset required. Your phone's display does not indicate the rate you will be charged. Please review your coverage map for areas included in and out of plan. Map depicts an approximation of outdoor coverage. Map may include areas served by unaffiliated carriers and may depict their licensed area rather than an approximation of the coverage there. Actual coverage area may differ substantially from map graphics, and coverage may be affected by such things as terrain, weather, foliage, buildings and other construction, signal strength, customer equipment and other factors. AT&T does not guarantee coverage. Charges will be based on the location of the site receiving and transmitting the call, not the location of the subscriber. Future coverage, if depicted above, is based on current planning assumptions but is subject to change and may not be relied upon. Push to Talk-capable phone is required. In addition to unlimited Push to Talk rate plans, usage-sensitive Push to Talk plans are available. Usage-sensitive Push to Talk plans are billed in full-minute increments. AT&T charges a full minute for every fraction of the last minute used. Chargeable time may include approximately thirty seconds of additional usage after the last person in a Push to Talk conversation has released the talk button. Push to Talk usage is incurred for unanswered calls if you are active on the Push to Talk system. You may remain logged into the Push to Talk system if you roam out of coverage area. Push to Talk service is available only between AT&T Push to Talk subscribers. Messages left for Push to Talk subscribers who do not have an active voicemail account are discarded without notice. Other conditions and restrictions apply. See contract and rate plan brochure for details. **Messaging Plans:** Quick messaging device owners must subscribe to an eligible messaging plan or combination of eligible messaging and data plans. If it is determined that you are using a Quick Messaging Device without an eligible messaging plan or combination of eligible messaging and data plans, AT&T reserves the right to add an eligible messaging or data plan to your account and bill you the appropriate monthly fee. **Data Plans:** An eligible data plan is required for certain devices, including iPhones and other designated smartphones. Eligible data plans cover data usage in the U.S. and do not cover international data usage and charges. If it is determined that you are using an iPhone or other designated smartphone without an eligible data plan, AT&T reserves the right to add an eligible data plan to your account and bill you the appropriate monthly fee. **Apple iPhone:** Apple is a trademark of Apple Inc., registered in the U.S. and other countries. iPhone is a trademark of Apple Inc.

Help is just a phone call away – 24/7. We provide
assistance with towing, dead batteries, lock-outs,
fuel delivery and flat tires.

AT&T World Connect® \$3.99/mo

Low international long distance rates apply to calls
from the U.S. to more than 220 countries.

Terms Applicable to Features: Certain features will not be available in all areas at all times. **AT&T Navigator:** Cancel within 30 days or be automatically subscribed at monthly rate shown. To cancel, you can visit the My Accounts portal on your handset or call AT&T customer support. Standard data and messaging charges apply when using AT&T Navigator. **Smart Limits:** See Smart Solutions brochure or visit att.com/wirelessmartlimits/terms for terms. **Mobile Insurance:** The Mobile Insurance program is underwritten by Continental Casualty Company, a CNA company (CNA), and administered by Asurion Protection Services, LLC (Asurion Protection Services Insurance Agency, LLC CA Lic#0D63161), a licensed agent of CNA. May not be available in all states. Claims may be fulfilled with new or remanufactured replacement equipment. Dependent on phone model, each replacement is subject to a non-refundable \$50 or \$125 deductible. See a Mobile Insurance brochure for complete Terms and Conditions of coverage, available at any of our participating AT&T retail locations or att.com/mobileinsurance. Eligibility varies by device. Terms and Conditions are subject to change. **Roadside Assistance:** Costs \$2.99/month per enrolled phone and is automatically billed to your account. You may cancel at any time. Roadside Assistance service is provided for wireless customers of AT&T by Asurion Roadside Assistance Services, LLC, a licensed motor club. Refer to the Roadside Assistance Welcome Kit for complete Terms and Conditions. **AT&T World Connect:** See international coverage map at stores for details. Restrictions apply. Rates and available countries subject to change. Airtime or roaming charges are in addition to long distance charges. For more information, see AT&T World Brochure. **U-verse Mobile:** Pay-per-month download and watch are available for select shows and requires select Smartphones, Wi-Fi connection and monthly subscription fee. Standard data charges may apply. Unless required by your device, plans may be canceled at any time. **Data Plans:** Streaming Video and Music Applications require a data plan. Additional subscription and download charges may apply.

- ✓ **Best selection** of Smartphones

AT&T covers 97% of all Americans

Check coverage in your area at wireless.att.com/coverage-viewer.

Mobile Broadband not available in all areas. Your phone's display does not indicate the rate you will be charged. Please review your coverage map for areas included in and out of plan. Map depicts an approximation of outdoor coverage. Map may include areas served by unaffiliated carriers and may depict their licensed area rather than an approximation of the coverage there. Actual coverage area may differ substantially from map graphics, and coverage may be affected by such things as terrain, weather, foliage, buildings and other construction, signal strength, customer equipment and other factors. AT&T does not guarantee coverage. Charges will be based on the location of the site receiving and transmitting the call, not the location of the subscriber. 3G phone required in some areas.

For full terms and conditions of service, please see a sales representative or visit www.att.com/wirelessterms.

All prices are billed monthly and are valid for use in the U.S. New one- or two-year service agreement may be required. \$36 Activation Fee for each new line. Prices are subject to change. Prices do not include taxes. In addition to the monthly cost of the rate plan and any selected features, AT&T imposes the following charges: (1) a Regulatory Cost Recovery Charge of up to \$1.25 to help defray its cost incurred in complying with obligations and charges imposed by State and Federal telecom regulations; (2) a gross receipts surcharge; (3) State and Federal Universal Service Charges; and (4) other government assessments on AT&T. These fees are not taxes or government-required charges. Rollover Minutes start accumulating with your second bill cycle. Additional software, hardware and/or subscription may be required for certain features. No service discounts are eligible on Unlimited Calling plans. Additional charges and device restrictions apply for access to corporate email/intranet sites and business applications. **A-List:** Available only with select rate plans. Numbers must be entered online at MyWireless Account at att.com/Mywireless. You can only select domestic landline or wireless numbers as your A-List numbers. Certain of these numbers, such as pay-per-call, directory assistance, voicemail access, call routing numbers, and your own wireless number, may not be selected for A-List. For a list of prohibited numbers and additional terms, see att.com/planterms. Mobile to Any Mobile Calling available on Nation 450 or 900 minute plans when you purchase Unlimited Messaging for \$20. © 2011 AT&T Intellectual Property. All rights reserved. AT&T, the AT&T logo and all other marks contained herein are trademarks of AT&T Intellectual Property and/or AT&T affiliated companies. \$4.99/mo

Terms Applicable to Features: Certain features will not be available in all areas at all times. **Roadside Assistance:** Costs \$2.99/month per enrolled phone and is automatically billed to your account. You may cancel at any time. Roadside Assistance service is provided for wireless customers of AT&T by Asurion Roadside Assistance Services, LLC, a licensed motor club. Refer to the Roadside Assistance Welcome Kit for complete terms and conditions. **AT&T Navigator:** Cancel within 30 days or be automatically subscribed at monthly rate shown. To cancel, you can visit the My Accounts portal on your handset or call AT&T customer support. Standard data and messaging charges apply when using AT&T Navigator. **Voice Dial:** See Smart Solutions brochure for details. **Push to Talk:** See Push to Talk brochure for coverage and full details. Pay-Per-Use charge is 15¢/min. **Wireless Phone Insurance:** The Wireless Phone Insurance program is underwritten by Continental Casualty Company, a CNA company (CNA), and administered by Asurion Protection Services, LLC (Asurion Protection Services Insurance Agency, LLC CA Lic#OD63161), a licensed agent of CNA. May not be available in all states. Claims may be fulfilled with new or remanufactured replacement equipment. Dependent on phone model, each replacement is subject to a non-refundable \$50 or \$125 deductible. See a Wireless Phone Insurance brochure for complete terms and conditions of coverage, available at any of our participating AT&T retail locations or att.com/wirelessphoneinsurance. Eligibility varies by device. Terms and Conditions are subject to change. **Video Share:** Requires 3G coverage and compatible phone. See att.com/videoshare for more info. Overage rates on the \$4.99 package are 30¢/min.; on the \$9.99 plan are 25¢/min. Pay-Per-Use charge is 35¢/min. First 30 days free offer available to new subscribers. Free offer not available on Apple iPhone.

Phones can be used to purchase goods, services and subscriptions from AT&T or others. Consider our Data Plans, Smart Limits and Parental Controls.

Check coverage in your area at wireless.att.com/coverageviewer.

Wireless Coverage Area

Your phone's display does not indicate the rate you will be charged. Please review your coverage map for areas included in and out of plan. Map depicts an approximation of outdoor coverage. Map may include areas served by unaffiliated carriers and may depict their licensed area rather than an approximation of the coverage there. Actual coverage area may differ substantially from map graphics, and coverage may be affected by such things as terrain, weather, foliage, buildings and other construction, signal strength, customer equipment and other factors. AT&T does not guarantee coverage. Charges will be based on the location of the site receiving and transmitting the call, not the location of the subscriber. Future coverage, if depicted above, is based on current planning assumptions but is subject to change and may not be relied upon.

PLAN TERMS

Terms Applicable to AT&T NationSM GSM Plans: Credit approval required. Subscriber must live and have a mailing address within AT&T's owned network coverage area. An early termination fee of \$175 applies if service is terminated before the end of the contract term, and will be reduced by \$5 for each full month toward your minimum term that you complete. If phone is returned within 3 days, activation fee will be refunded. If phone is returned within 30 days in like-new condition with all components, early termination fee will be waived. All other charges apply. Some dealers impose additional fees. **Minute Increment Billing and Usage:** Airtime and other measured usage are billed in full-minute increments, and actual airtime and usage are rounded up to the next full increment at the end of each call for billing purposes. AT&T charges a full-minute increment of usage for every fraction of the last minute used on each wireless call. Minutes will be depleted according to usage in the following order: Night & Weekend Minutes, Mobile to Mobile Minutes, Anytime Minutes and Rollover Minutes, except the minutes that are part of both an unlimited package and a limited package will not deplete the limited minutes. Calls placed on networks served by other carriers may take longer to be processed, and billing for these calls may be delayed. Those minutes will be applied against your Anytime monthly minutes in the month in which the calls appear on your bill. Unanswered outgoing calls of 30 seconds or longer incur airtime. You may obtain usage information by calling customer service or using one of our automated systems. **Pricing/Taxes/No Proration:** Final month's charges are not prorated. Prices are subject to change. Prices do not include taxes. **Activation Fees:** \$36 Activation Fee for each new line. **Nights and Weekends:** Nights are 9:00 p.m. to 6:00 a.m. Weekends are 9:00 p.m. Friday to 6:00 a.m. Monday (based on time of day at the cell site or switch providing your service). Included long distance calls can be made from the 50 United States, Puerto Rico and U.S. Virgin Islands to the 50 United States, Puerto Rico, U.S. Virgin Islands, Guam and Northern Mariana Islands. Roaming charges do not apply when roaming within the service area of land-based networks of the 50 United States, Puerto Rico and U.S. Virgin Islands. International long distance rates vary. Additional charges apply to services used outside the land borders of the U.S., Puerto Rico and U.S. Virgin Islands. **Unlimited Voice Services:** Unlimited voice services are provided primarily for live dialogue between two individuals. If your use of unlimited voice services for conference calling or call forwarding exceeds 750 minutes per month, AT&T may, at its option, terminate your service or change your plan to one with no unlimited usage components. Unlimited voice services may not be used for monitoring services, data transmissions, transmission of broadcasts, transmission of recorded material, or other connections which do not consist of uninterrupted live dialogue between two individuals. If AT&T finds that you are using an unlimited voice service offering for other than live dialogue, AT&T may, at its option, terminate your service or change your plan to one with no unlimited usage components. AT&T will provide notice that it intends to take any of the above actions, and you may terminate the agreement. **Off-net Usage:** If your voice or messaging service usage (including unlimited services) during any two consecutive months or data service usage (including unlimited services) during any month on other carrier networks ("off-net usage") exceeds your off-net usage allowance, AT&T may, at its option, terminate your service, deny your continued use of other carriers' coverage, or change your plan to one imposing usage charges for off-net usage. Your off-net usage allowance is equal to the lesser of 750 minutes or 40% of the Anytime Minutes, the lesser of 24 MB or 20% of the MB included with your plan, or the lesser of 3000 messages or 50% of the messages included with your plan. AT&T will provide notice that it intends to take any of the above actions, and you may terminate the agreement. **Caller ID Blocking:** Your billing name may be displayed along with your wireless number on outbound calls to other wireless and landline phones with Caller ID capability. Contact customer service for information on blocking the display of your name and number. You may be charged for both an incoming and an outgoing call when incoming calls are routed to voicemail, even if no message is left. See Wireless Service Agreement for additional conditions and restrictions. **Rollover Minutes:** Rollover Minutes accumulate and expire through 12 rolling bill periods. Bill Period 1 (activation) unused Anytime Minutes will not carry over. Bill Period 2 unused Anytime Minutes will begin to carry over. Rollover Minutes accumulated starting with Bill Period 2 will expire each bill period as they reach a 12-bill-period age. Rollover Minutes will also expire immediately upon default or if customer changes to a non-Rollover plan. If you change plans (including the formation of a FamilyTalk plan), or if an existing subscriber joins your existing FamilyTalk plan, any accumulated Rollover Minutes in excess of your new plan or the primary FamilyTalk line's included Anytime Minutes will expire. Rollover Minutes are not redeemable for cash or credit and are not transferable. **Mobile to Mobile Minutes:** Mobile to Mobile Minutes may be used when directly dialing or receiving calls from any other AT&T wireless phone number from within your calling area. Calls to AT&T voicemail and return calls from voicemail not included. **Data Plans:** An eligible data plan is required for certain devices, including iPhones and other designated Smartphones. Eligible data plans cover data usage in the U.S. and do not cover international data usage and charges. If it is determined that you are using an iPhone or other designated Smartphone without an eligible data plan, AT&T reserves the right to add an eligible data plan to your account and bill you the appropriate monthly fee. **Apple iPhone:** © 2010 Apple Inc. All rights reserved. Apple is a trademark of Apple Inc., registered in the U.S. and other countries. iPhone is a trademark of Apple Inc.

Terms Applicable to Features: Certain features will not be available in all areas at all times. **AT&T Navigator:** Cancel within 30 days or be automatically subscribed at monthly rate shown. To cancel, you can visit the My Accounts portal on your handset or call AT&T customer support. Standard data and messaging charges apply when using AT&T Navigator. **Smart Limits:** See Smart Solutions brochure or visit att.com/wirelessmartlimits/terms for terms. **Mobile Insurance:** The Mobile Insurance program is underwritten by Continental Casualty Company, a CNA company (CNA), and administered by Asurion Protection Services, LLC (Asurion Protection Services Insurance Agency, LLC CA Lic#0D63161), a licensed agent of CNA. May not be available in all states. Claims may be fulfilled with new or remanufactured replacement equipment. Dependent on phone model, each replacement is subject to a non-refundable \$50 or \$125 deductible. See a Mobile Insurance brochure for complete Terms and Conditions of coverage, available at any of our participating AT&T retail locations or att.com/mobileinsurance. Eligibility varies by device. Terms and Conditions are subject to change. **Roadside Assistance:** Costs \$2.99/month per enrolled phone and is automatically billed to your account. You may cancel at any time. Roadside Assistance service is provided for wireless customers of AT&T by Asurion Roadside Assistance Services, LLC, a licensed motor club. Refer to the Roadside Assistance Welcome Kit for complete Terms and Conditions. **AT&T World Connect:** See international coverage map at stores for details. Restrictions apply. Rates and available countries subject to change. Airtime or roaming charges are in addition to long distance charges. For more information, see AT&T World Brochure. **U-verse Mobile:** Pay-per-month download and watch are available for select shows and requires select Smartphones, Wi-Fi connection and monthly subscription fee. Standard data charges may apply. Unless required by your device, plans may be canceled at any time. **Data Plans:** Streaming Video and Music Applications require a data plan. Additional subscription and download charges may apply.

AT&T covers 97% of all Americans

Check coverage in your area at wireless.att.com/coverage-viewer.

Mobile Broadband not available in all areas. Your phone's display does not indicate the rate you will be charged. Please review your coverage map for areas included in and out of plan. Map depicts an approximation of outdoor coverage. Map may include areas served by unaffiliated carriers and may depict their licensed area rather than an approximation of the coverage there. Actual coverage area may differ substantially from map graphics, and coverage may be affected by such things as terrain, weather, foliage, buildings and other construction, signal strength, customer equipment and other factors. AT&T does not guarantee coverage. Charges will be based on the location of the site receiving and transmitting the call, not the location of the subscriber. 3G phone required in some areas.

For full terms and conditions of service, please see a sales representative or visit www.att.com/wirelessterms.

All prices are billed monthly and are valid for use in the U.S. New one- or two-year service agreement may be required. \$36 Activation Fee for each new line. Prices are subject to change. Prices do not include taxes. In addition to the monthly cost of the rate plan and any selected features, AT&T imposes the following charges: (1) a Regulatory Cost Recovery Charge of up to \$1.25 to help defray its cost incurred in complying with obligations and charges imposed by State and Federal telecom regulations; (2) a gross receipts surcharge; (3) State and Federal Universal Service Charges; and (4) other government assessments on AT&T. These fees are not taxes or government-required charges. Rollover Minutes start accumulating with your second bill cycle. Additional software, hardware and/or subscription may be required for certain features. No service discounts are eligible on Unlimited Calling plans. Additional charges and device restrictions apply for access to corporate email/intranet sites and business applications. **A-List:** Available only with select rate plans. Numbers must be entered online at MyWireless Account at att.com/Mywireless. You can only select domestic landline or wireless numbers as your A-List numbers. Certain of these numbers, such as pay-per-call, directory assistance, voicemail access, call routing numbers, and your own wireless number, may not be selected for A-List. For a list of prohibited numbers and additional terms, see att.com/planterms. Mobile to Any Mobile Calling available on Nation 450 or 900 minute plans when you purchase Unlimited Messaging for \$20. © 2011 AT&T Intellectual Property. All rights reserved. AT&T, the AT&T logo and all other marks contained herein are trademarks of AT&T Intellectual Property and/or AT&T affiliated companies. \$5/mo

VoiceDial with VoiceClip

Use your voice for hands-free calling and messaging. Call or send a message to your contacts just by saying their name. Combine VoiceDial with a Bluetooth® headset for the ultimate no-hands experience.

\$4.99/mo

Terms Applicable to Features: Certain features will not be available in all areas at all times. **Roadside Assistance:** Costs \$2.99/month per enrolled phone and is automatically billed to your account. You may cancel at any time. Roadside Assistance service is provided for wireless customers of AT&T by Asurion Roadside Assistance Services, LLC, a licensed motor club. Refer to the Roadside Assistance Welcome Kit for complete terms and conditions. **AT&T Navigator:** Cancel within 30 days or be automatically subscribed at monthly rate shown. To cancel, you can visit the My Accounts portal on your handset or call AT&T customer support. Standard data and messaging charges apply when using AT&T Navigator. **Voice Dial:** See Smart Solutions brochure for details. **Push to Talk:** See Push to Talk brochure for coverage and full details. Pay-Per-Use charge is 15¢/min. **Wireless Phone Insurance:** The Wireless Phone Insurance program is underwritten by Continental Casualty Company, a CNA company (CNA), and administered by Asurion Protection Services, LLC (Asurion Protection Services Insurance Agency, LLC CA Lic#OD63161), a licensed agent of CNA. May not be available in all states. Claims may be fulfilled with new or remanufactured replacement equipment. Dependent on phone model, each replacement is subject to a non-refundable \$50 or \$125 deductible. See a Wireless Phone Insurance brochure for complete terms and conditions of coverage, available at any of our participating AT&T retail locations or att.com/wirelessphoneinsurance. Eligibility varies by device. Terms and Conditions are subject to change. **Video Share:** Requires 3G coverage and compatible phone. See att.com/videoshare for more info. Overage rates on the \$4.99 package are 30¢/min.; on the \$9.99 plan are 25¢/min. Pay-Per-Use charge is 35¢/min. First 30 days free offer available to new subscribers. Free offer not available on Apple iPhone.

Phones can be used to purchase goods, services and subscriptions from AT&T or others. Consider our Data Plans, Smart Limits and Parental Controls.

Check coverage in your area at wireless.att.com/coverageviewer.

 Wireless Coverage Area

Your phone's display does not indicate the rate you will be charged. Please review your coverage map for areas included in and out of plan. Map depicts an approximation of outdoor coverage. Map may include areas served by unaffiliated carriers and may depict their licensed area rather than an approximation of the coverage there. Actual coverage area may differ substantially from map graphics, and coverage may be affected by such things as terrain, weather, foliage, buildings and other construction, signal strength, customer equipment and other factors. AT&T does not guarantee coverage. Charges will be based on the location of the site receiving and transmitting the call, not the location of the subscriber. Future coverage, if depicted above, is based on current planning assumptions but is subject to change and may not be relied upon.

PLAN TERMS

Terms Applicable to AT&T NationSM GSM Plans: Credit approval required. Subscriber must live and have a mailing address within AT&T's owned network coverage area. An early termination fee of \$175 applies if service is terminated before the end of the contract term, and will be reduced by \$5 for each full month toward your minimum term that you complete. If phone is returned within 3 days, activation fee will be refunded. If phone is returned within 30 days in like-new condition with all components, early termination fee will be waived. All other charges apply. Some dealers impose additional fees. **Minute Increment Billing and Usage:** Airtime and other measured usage are billed in full-minute increments, and actual airtime and usage are rounded up to the next full increment at the end of each call for billing purposes. AT&T charges a full-minute increment of usage for every fraction of the last minute used on each wireless call. Minutes will be depleted according to usage in the following order: Night & Weekend Minutes, Mobile to Mobile Minutes, Anytime Minutes and Rollover Minutes, except the minutes that are part of both an unlimited package and a limited package will not deplete the limited minutes. Calls placed on networks served by other carriers may take longer to be processed, and billing for these calls may be delayed. Those minutes will be applied against your Anytime monthly minutes in the month in which the calls appear on your bill. Unanswered outgoing calls of 30 seconds or longer incur airtime. You may obtain usage information by calling customer service or using one of our automated systems. **Pricing/Taxes/No Proration:** Final month's charges are not prorated. Prices are subject to change. Prices do not include taxes. **Activation Fees:** \$36 Activation Fee for each new line. **Nights and Weekends:** Nights are 9:00 p.m. to 6:00 a.m. Weekends are 9:00 p.m. Friday to 6:00 a.m. Monday (based on time of day at the cell site or switch providing your service). Included long distance calls can be made from the 50 United States, Puerto Rico and U.S. Virgin Islands to the 50 United States, Puerto Rico, U.S. Virgin Islands, Guam and Northern Mariana Islands. Roaming charges do not apply when roaming within the service area of land-based networks of the 50 United States, Puerto Rico and U.S. Virgin Islands. International long distance rates vary. Additional charges apply to services used outside the land borders of the U.S., Puerto Rico and U.S. Virgin Islands. **Unlimited Voice Services:** Unlimited voice services are provided primarily for live dialogue between two individuals. If your use of unlimited voice services for conference calling or call forwarding exceeds 750 minutes per month, AT&T may, at its option, terminate your service or change your plan to one with no unlimited usage components. Unlimited voice services may not be used for monitoring services, data transmissions, transmission of broadcasts, transmission of recorded material, or other connections which do not consist of uninterrupted live dialogue between two individuals. If AT&T finds that you are using an unlimited voice service offering for other than live dialogue, AT&T may, at its option, terminate your service or change your plan to one with no unlimited usage components. AT&T will provide notice that it intends to take any of the above actions, and you may terminate the agreement. **Off-net Usage:** If your voice or messaging service usage (including unlimited services) during any two consecutive months or data service usage (including unlimited services) during any month on other carrier networks ("off-net usage") exceeds your off-net usage allowance, AT&T may, at its option, terminate your service, deny your continued use of other carriers' coverage, or change your plan to one imposing usage charges for off-net usage. Your off-net usage allowance is equal to the lesser of 750 minutes or 40% of the Anytime Minutes, the lesser of 24 MB or 20% of the MB included with your plan, or the lesser of 3000 messages or 50% of the messages included with your plan. AT&T will provide notice that it intends to take any of the above actions, and you may terminate the agreement. **Caller ID Blocking:** Your billing name may be displayed along with your wireless number on outbound calls to other wireless and landline phones with Caller ID capability. Contact customer service for information on blocking the display of your name and number. You may be charged for both an incoming and an outgoing call when incoming calls are routed to voicemail, even if no message is left. See Wireless Service Agreement for additional conditions and restrictions. **Rollover Minutes:** Rollover Minutes accumulate and expire through 12 rolling bill periods. Bill Period 1 (activation) unused Anytime Minutes will not carry over. Bill Period 2 unused Anytime Minutes will begin to carry over. Rollover Minutes accumulated starting with Bill Period 2 will expire each bill period as they reach a 12-bill-period age. Rollover Minutes will also expire immediately upon default or if customer changes to a non-Rollover plan. If you change plans (including the formation of a FamilyTalk plan), or if an existing subscriber joins your existing FamilyTalk plan, any accumulated Rollover Minutes in excess of your new plan or the primary FamilyTalk line's included Anytime Minutes will expire. Rollover Minutes are not redeemable for cash or credit and are not transferable. **Mobile to Mobile Minutes:** Mobile to Mobile Minutes may be used when directly dialing or receiving calls from any other AT&T wireless phone number from within your calling area. Calls to AT&T voicemail and return calls from voicemail not included. **Data Plans:** An eligible data plan is required for certain devices, including iPhones and other designated Smartphones. Eligible data plans cover data usage in the U.S. and do not cover international data usage and charges. If it is determined that you are using an iPhone or other designated Smartphone without an eligible data plan, AT&T reserves the right to add an eligible data plan to your account and bill you the appropriate monthly fee. **Apple iPhone:** © 2010 Apple Inc. All rights reserved. Apple is a trademark of Apple Inc., registered in the U.S. and other countries. iPhone is a trademark of Apple Inc.

© 2010 AT&T Intellectual Property. All rights reserved. AT&T, the AT&T logo and all other marks contained herein are trademarks of AT&T Intellectual Property and/or AT&T affiliated companies. All other marks contained herein are the property of their respective owners.

“Wireless Voice Service, Wireless
Broadband Service, Accessories
and Equipment”**

Wireless Voice Service

Date **Proposal Opening Date: April 4, 2011
Proposal Opening Time: 2:00 PM**

at&t

Offeror **AT&T Mobility National Accounts LLC, dba AT&T Mobility
1025 Lenox Park Blvd NE 5D46
Atlanta, GA 30319**

Limited Rights Legend

RFP No: 1907

Contractor: AT&T Mobility National Accounts LLC dba AT&T Mobility (“AT&T”).

Tab II. Cost Proposal

5.1 Vendors must provide detailed pricing for all costs associated with the responsibilities and related services. Clearly specify the nature of all expenses anticipated. Vendors must also state the discount percentage from their product line's price for other items. This discount percentage may be considered during the award of this contract. Percentage off balance of the line must be listed in the cost proposal. See Attachment H, Pricing Schedules.

AT&T Response:

Attached are AT&T's pricing schedules and voice rate plan detailed descriptions

Tab III. Attachment B2. Cost Proposal Certification of Compliance with Terms and Conditions of RFP

I have read, understand and agree to comply with the terms and conditions specified in this Request for Proposal.

YES _____

I agree to comply with the terms and conditions specified in this RFP.

NO _____

I do not agree to comply with the terms and conditions specified in this RFP.

In order for any exceptions and/or assumptions to be considered they **MUST** be documented in detail in the tables below. The State will not accept additional exceptions and/or assumptions if submitted after the proposal submission deadline. Vendors must be specific. Nonspecific exceptions or assumptions may not be considered. If the exception or assumption requires a change in the terms or wording of the contract, the scope of work, or any incorporated documents, vendors must provide the specific language that is being proposed in the tables below.

Company Name

Signature

Print Name

Date

Vendors MUST use the following format. Attach additional sheets if necessary.
