

Statewide Contract Addendum

This addendum is added to and is to be considered part of the subject contract.

Contract Issuance Date: August 7, 2014

Statewide Contract #: SW797

Contract Title: Transit Buses

Addendum Date: 1/31/2018

Addendum #: 15

The following optional item has been added to Creative Bus Sales, Contract # 0-3857.

Creative Bus Sales adds an additional option to their Category E (Rear Lift Full Size Conversion Van) product.

We currently have a simple bus body option (Glaval Commute) but now we have a lowered floor conversion on the chassis with a bus body

We have a lowered floor conversion on the chassis with a bus body (Arboc Spirit of Independence). This option gives transit agencies the benefit of ADA compliant wheel chair transportation without the necessity of a traditional wheel chair lift. ADA compliance is accomplished with a significant chassis modification that lowers the floor and a ramp that allows wheel chair passengers to roll into the bus through the same door as ambulatory passengers.

The Category E specifications and option content will remain the same but the option will include an Arboc bus body (with additional seats vs. the Transit van) and the chassis will be modified to a low floor chassis with a wheel chair ramp for ADA compliance. The floor plan and literature for this option are attached.

The Option price on Category E for the "Lowered floor chassis with Arboc Bus Body" is **\$43,968.**

Spirit of Independence

Patent Pending

Introducing the newest member of the ARBOC line of buses, the **Spirit of Independence**. Built on the fuel-efficient Ford Transit chassis, this bus offers a low cost of ownership while maintaining the safety and dependability that is expected from ARBOC. The 96" wide body allows for easy maneuverability inside the vehicle for both ambulatory and wheelchair passengers. With an available passenger capacity of up to 15 ambulatory or 5 wheelchairs, the **Spirit of Independence** is perfect for use as a hotel shuttle, executive shuttle, in non-emergency medical transport or in the assisted living market. Occupants will appreciate the flat floor interior and superior headroom, as well as the visibility offered by the large passenger windows. Make the all-new **Spirit of Independence** a part of your fleet today!
