Description of Amendment:

a. This is to incorporate the following:

Section A - Answers to questions:

The following questions have been submitted by suppliers, this amendment is issued to incorporate clarifications and to share this information with all suppliers. The questions and answers are numbered and in bold type for clarity.

Question #1 – In regards to card payment, please clarify if the state will elect to use a single use card program (Virtual or Ghost cards)? This type of payment has to be manually processed for every single transaction. Supplier can only accept credit card payments made through the online Credit Card portal, so the customer would have to have a normal card that can be registered and used continuously for payment.

Answer #1 – The State does not participate in a single use card program. The end users will have a normal card that can be registered and used continuously for payment. Please note registered does not include the credit card number which will not be held on file.

b. All other terms and conditions remain unchanged.
