

A hand-drawn floor plan of a building, oriented diagonally. The plan features a central corridor system with two main junctions marked by green squares. From these junctions, green arrows point towards various rooms and areas. The rooms are labeled with numbers in boxes: 0001 (UNDERGROUND PARKING), 0002 (DOCUMENT STORAGE), 0003 (ELEV. EQUIP.), 0004 (ELEV. LOBBY), 0005 (ELEV.), 0006 (ENG. OFFICE), 0007 (PROJECT RM.), 0008 (TELEPHONE TERMINAL), and 0009 (STAIR #1). The plan also shows structural elements like columns (circles with crosses) and walls (solid lines). A large area on the left is highlighted in yellow. The drawing is a technical sketch, likely for a security or evacuation route analysis.
