**N.67. PRE-AWARD AUDIT:**

**N.67.1.** The vehicles are not considered delivered to the purchasing agency until the required FTA documents are completed by an ODOT staff member. A Pre-Award Audit shall be conducted to determine if the bid proposal specifications. The bidder shall submit documents, which include certification of the manufacturer's compliance with the Federal Transit Administration (FTA) Pre-Award Buy America Audit Requirements. The document submitted shall include the following information for each major component used on vehicle bid:

**N.67.1.1.** Name and address of each supplier.

**N.67.1.2.** Cost of each major component and subcomponent. In order to protect proprietary information, the document may reflect the percentage of total cost each item represents instead of the actual cost.

**N.67.1.3.** Country of origin of each major component and subcomponent.

**N.67.1.4.** Name and address of company where final assembly occurs.

**N.67.1.5.** Cost of final assembly

**N.67.1.6.** Signature of authorized representative of vehicle manufacturer.

**N.68. POST- DELIVERY AUDIT**

**N.68.1.** A Post Delivery Audit of the vehicle(s) shall be conducted at the purchaser's facility, to determine that the completed vehicle(s) meets specifications. Once this process has been satisfactorily completed, the vehicle(s) shall be considered acceptable.

**N.69. ACCESSIBILITY REQUIREMENTS**

**N.69.1.** When submitting a bid for an accessible vehicle for the disabled, the vendor shall provide a list of the vehicle related equipment illustrating the component cost and related installation charges. The purpose of this list is to reflect an accurate cost for those vehicle related items, which are required to make the vehicle accessible to the disabled.

**N.70. ACCEPTANCE OF VEHICLES**

**N.70.1.** Upon delivery at the designed location specified within this document the final acceptance will occur after the vehicles have been inspected, road tested and all FTA required post audit delivery requirements have been met.

**N.70.2.** All vehicles shall be insured by the bidder until the post audit delivery has been conducted at minimum.

**N.70.3.** The Offeror shall submit for review by the agency a completely filled-in Vehicle Technical Information form to confirm his proposed vehicle and components are in compliance with the requirements. A separate form is to be completed for each length and/or fuel type of bus proposed. Brochures/Manufacture specification sheet will not be accepted for the following items.
