Summary:

Coastal Cloud provides IT consulting services through implementing solutions built on the Salesforce platform to state and local government clients. We are a **Salesforce Navigator Expert in Public Sector**, the highest possible certification for Salesforce implementation partners which serve Public Sector clients. We have a dedicated Public Sector team with decades of state government experience, deep technology and solution development skills, and implementation and delivery best practices. Our team has extensive experience providing public sector solutions to local and state government entities in communities and states across the country. We have partnered with multiple agencies, along with public-private partners, to deliver efficient and effective solutions for disaster management, disaster recovery, grant and loan management, wildlife tracking, vaccine management, economic and workforce development and much more.
