

Oklahoma SW0140 – Radar/Lidar Equipment

Oklahoma has historically utilized the NASPO ValuePoint award for police radar and lidar equipment. The State of Washington has released the new Request for Proposal (RFP) for this equipment. This is notification to our suppliers of the intent to participate and information on how to submit a response. This is a national contract that Washington is hosting. All 50 states have the potential to utilize the award from this offering.

Below is information on how to respond.

This Request for Proposal ("RFP") is being issued by the State of Washington ("Lead State") in collaboration with NASPO ValuePoint cooperative purchasing program. The purpose of this RFP is to seek qualified suppliers for Police Radar/Lidar Speed Enforcement for all Participating Entities.

The RFP is available on Washington's Electronic Business Solutions platform. To access the posting (and submit a bid), bidders will need to register an account on the lead state's vendor platform, [WEBS \(wa.gov\)](#). Once logged in, interested parties can search for the Solicitation using the Customer Reference Number 24823, or find it alphabetically in the Posted Solicitations database under the title "POLICE RADAR/LIDAR SPEED ENFORCEMENT & ACCIDENT SCENE RECONSTRUCTION".
