OK Contract SW0837/PS6297– Pavement Marking Waterborne Paint and Markers

Dear Mr. Lapierre,

Thank you for the opportunity to serve the State of Oklahoma on contract SW0837 since October 6, 2021. Since the price adjustment went into effect in 2022, we have seen cost increases from our key suppliers for multiple key ingredients. We are requesting that you consider sharing in these adjustments for both hiding pigment and acrylic resin.

Since our last renewal, we have seen a \$0.035 per pound increase in acrylic resin and there is 5 pounds per gallon making this increase \$0.175 per gallon. We have also seen an increase of \$0.10 per pound for TiO2 hiding pigment and there is one pound per gallon making this increase \$0.10 per gallon. These raw material increases total \$0.275 per gallon of paint. We have attached a copy of each vendors raw material cost increase for your documentation.

Please see the table below outlining these cost increases and attached substantiation for each increase.
