Date

690:10-7-3 (c) A speech-language pathology assistant shall practice under a minimum of 30% supervision weekly, of which 20% is direct and 10% is indirect for the first 90 workdays. After successful completion of the first 90 workdays, a minimum of 10% direct supervision is required with 20% indirect supervision. The supervising speech-language pathologist must be available by electronic means at all times when the speech-language pathology assistant is performing clinical activities. The supervision must be documented and on a supervision log signed by the supervisor and the assistant. Direct supervision must also document on the client/patient session note. Records of supervision are subject to inspection by the Board. After the first 90 days, the assistant and supervisor may choose to use the Weekly Supervision Log provided on our website or chose another form.
