

**GREAT PEOPLE. GREAT SERVICE.  
GREAT RESULTS**

**Compass Group** brings fresh ideas and innovative concepts to higher education foodservice. We have quickly established ourselves as the leading college and university foodservice partner in the industry, and were twice named the Fastest Growing Brand by Nations Restaurant News.

While we reflect on a proud past, we keep a keen eye on what is yet to come, especially in the areas of culinary development and nutrition. We foster development in a setting where mobility, teamwork, and communication flourish.
