

Jay Woodward International Code Council

Jay is a Senior Staff Architect with ICC's Business and Product Development department. His primary responsibility is the development of new ICC publications and instructing seminars. Among the publications he has authored or co-authored are the *Significant Changes* books on the IBC, IMC and A117.1 standard, and the recent ICC book *Firestopping, Joint Systems and Dampers*. With over 30 years of experience in building design, construction, code enforcement and instruction, Jay's experience provides him with the ability to communicate effectively on issues of code application and design for code enforcement personnel as well as architects and designers. Jay has previously served as the secretariat for the ICC A117.1 standard committee, ICC's Energy Conservation Code and the *International Building Code's* Fire Safety Code Development committee. Jay has previously served as the secretariat for the ICC A117.1 standard committee, ICC's Energy Conservation Code and the *International Building Code's* Fire Safety Code Development committee.
